JUNIOR ZOOKEEPING

AGES 4-6 What is it like to work at a zoo? Learn to design and create exhibits, make diets, identify scat, train animals, meet zoo staff and find out how zoos and their guests are helping to protect animals in the wild.

MONKEY BUSINESS

AGES 4-6 Monkey around with the baboons and vervet monkeys in our Gorongosa National Park Exhibit. Study the behaviors of the patas monkeys, gibbons, lemurs and tamarins. Learn about the enrichment we provide for these brilliant mammals. We will provide enrichment for you too through crafts, games and zookeeper chats.

SENSORY SAFARI

Though some day trips will be based around food, campers should bring their own lunch. Campers can attend a specific day that best piques their interest or attend all week long!

MOVE IT MONDAYS: Attend a local attraction based around moving your body! Trips may include visits to a trampoline park, pool, obstacle course or ice rink. Come prepared to move!

TASTY TUESDAYS: Like to cook, bake or watch cooking shows? Campers will go to a local shop, then try their own hand at making it themselves. Will you win Cupcake Wars or be the next Master Chef? Where are the best places to get treats locally?

WILD WEDNESDAYS: Explore attractions created by Mother Nature, hike Stack Rock, explore Bogus, plunge into Lucky Peak or geocache in downtown Boise. Have a blast in outdoor Idaho!

THINKING THURSDAYS: School's out but your brain isn't! Join us for fun activities that use your brain. Escape rooms, planetariums, STEM challenges, history tours, scavenger hunts and more mind-blowing trips.

FIT & FOODIE FRIDAYS: Join us for fitness-based activities that will get your heart rate up, combined with a quest to discover Boise's best cuisine. Who has the best pizza, ice cream, pie or burgers? Come prepared to run, jump, bowl, swim, skate, paddleboard or hike off the food you eat!

SWIMMING (AGES 2-18)

SWIM LESSONS

SWIM LESSONS

Youth Outdoor Pool Swimming Lessons

Classes are available at all outdoor pools through Boise Parks and Recreation's Aquatic Lesson Program. Each 2-week session consists of 6-8, 25-minute classes. Days may vary due to holidays and swim meets. Class sizes are limited, and registration is on a first-come, first-served basis. Preschool classes are available for ages 2-4 years and must be accompanied by an adult in the water. For all other classes, students must be at least four years of age. Please use the descriptions below to place your child in the class that best matches their current skill level. If you are not sure which lesson is best, please first read through the descriptions below. If you still have questions, call Fort Boise Community Center at 208-608-7680.

TIPS FOR BOOKING SWIM LESSONS:

- Please read the descriptions of each class below carefully before booking, so that you can find the best match for your child.
- If you plan to book more than one session, we recommend not booking more than two of the same level. Choose one level up on the third session, unless your child is enrolled in the pre-school class, which requires an adult. Example: Book session # 1 for Adventurers, session # 2 for Adventurers and session #3 for Explorers. These are progressive classes.
- Know your child; will they need a break between sessions?
- If registration is full for your swimmer's age group, be sure and add them to the waitlist for an opportunity to enroll in your requested session. If a waitlist spot becomes available, you will be contacted prior to the start of the session.

PRE-SCHOOL (1:10 RATIO)

AGES 2-4 + ADULT Adult/child classes introduce children to basic skills, while becoming comfortable and emphasizing fun in the water. Children must be always accompanied by a guardian in the water at all times.

ADVENTURES (1:6 RATIO)

AGES 4-10 Children starting this class should be comfortable getting their head wet and going under water. Skills learned will include front float/glide independently, back float with assistance, proper kicking and alternating arm movements.

EXPLORERS (1:6 RATIO)

AGES 4-10 Children are taught underwater exploration, rhythmic breathing and begin to swim short distances on their front and back.

PROPELLERS(1:8 RATIO)

AGES 6-17 Children refine their front crawl and concentrate on proper breathing techniques. Children learn to swim the back crawl. Breaststroke and diving are introduced.

SWIMMERS (1:10 RATIO)

AGES 6-17 Children continue to work with the front and back crawl and refine breaststroke by swimming longer distances. Diving technique is refined; elementary backstroke, scissor kick and dolphin kick are introduced.

SWIMMERS/COMPETITORS (1:10 RATIO)

AGES 6-17 Combined swimmers & competitors class focuses on increasing endurance and refining techniques with all strokes.

COMPETITORS

AGES 7-17 Children work on increased endurance for all strokes and learn proper turns for each stroke. Butterfly and sidestroke are introduced along with diving from a standing position.

Adaptive Swim Lessons – Borah Pool Only

AGES 5+ (No Age Exceptions) Adaptive swimming lessons are offered to participants with disabilities who would like to develop swimming skills and water safety awareness. Lessons will be under close supervision by the teachers but will not be 1:1. Previous swimming or water experience is not required. **All lessons will take place at Borah Pool**; an aquatic lift is available.

SPECIAL HOURS

Adult & Child Preschool Open Swim

Take advantage of a special time for preschoolers to enjoy swimming in the wading pool during morning hours. This session is available at regular admission prices and open to children **ages 6 and under** when accompanied by an adult. **SWIM LESSON REGISTRATION DOES NOT INCLUDE FREE ADMISSION TO THIS ACTIVITY.**

NATATORIUM & IVYWILD POOLS:

Monday-Friday, 10AM-12PM, June 10-August 2

Increased concerns with water-borne illnesses and child safety have made it necessary for adults to become more vigilant in supervising children, taking children to the restroom more often and keeping children out of the pool for two weeks following stomach illnesses. We have stepped up enforcement of direct adult supervision (defined as always within reach of an adult's arms) of children under three years of age and/or children who are not potty-trained. Children meeting these conditions are also required to always be in an adult's arms when in our main pools.

PICKLEBALL LADDER LEAGUE

Ladder leagues are organized leagues where players with similar skills compete against each other in a competitive, structured weekly format. Think of a pickleball “ladder” as a graphical representation of a player’s ranking (by skill and performance) over a period of time. The rungs on the ladder represent a player’s current position (ranking) on the ladder relative to the other players. The top rung will be the individual currently ranked the highest (the best winning percentage) and the bottom rung will be lowest-ranked individual or team. The ultimate goal is to climb the ladder to the highest rung. Please see the online registration site for a complete description.

LESSONS Pickleball

Students may sign up for more than one session, bring your own paddle. Paddles may be available for use at the site.

PICKLEBALL LESSONS – Beginner

PICKLEBALL LESSONS – Intermediate

PROGRAMS & SERVICES

Boise Parks and Recreation's AdVenture Program provides a wide range of programs for youth and adults with disabilities. We also offer inclusion services in which modifications may be provided so that an individual with a disability can fully participate in Boise Parks and Recreation's programs. Services such as sign language interpreters, additional staff, adaptive equipment, etc. may be provided with a minimum of three or more weeks advanced notice of the program start date with no cost to the participant. Please let us know upon registration if you will be bringing your own aide as fees for aides may be waived or may vary depending on the activity. Mariposa Park Pollinator Garden Exploration, June 20; 6-7PM

COST: FREE

Mariposa Park is well on its way to becoming a haven for our local pollinators. This one-hour tour will focus on the native plants, pollinators and pollinator-friendly gardening principles. Go to <https://bit.ly/mariposa-tour> to sign up.

OPPORTUNITIES

Pollinator Posse, Tuesday Mornings; 9-11AM

Pollinators are essential in producing healthy food and maintaining vibrant, thriving ecosystems. Unfortunately, many pollinator populations ranging from bumblebees to butterflies have experienced steep declines in recent decades. To help turn the tide, Boise Parks and Recreation is working hard to provide high quality, pollinator habitat by planting, monitoring and maintaining dedicated pollinator areas in Boise parks. We are looking for pollinator champions to join our Pollinator Posse. Beginning March 26, we'll hold weekly work parties on Tuesday mornings, from 9-11AM. Participants will help prune, add ground cover to planting beds, remove weeds, plant new pollinator plants as needed, and monitor for pollinator use.

Julia Davis Park Rose Garden, Friday Mornings; 8-11AM

Since 1935, the rose garden has attracted gardeners of varying expertise who share one thing in common – a passion for roses. The rose garden has always been a labor of love by and for the people of Boise, and you can help continue that tradition by volunteering to care for the garden. Beginning April 5, weekly work sessions will be held Friday mornings, from 8-11AM. No knowledge of plant care is required. Our professional staff will provide direction and training for anyone interested in lending a hand.

SERVICE PROJECTS

City of Boise Parks

Looking for a great way to engage in the community? Consider tackling a service project in a Boise park. Service projects are generally one-time projects that range from 3-5 hours. Common projects include park spruce-ups, tree mulching, site amenity painting and repair, trash pick-up, weed removal and tree wrapping.

VOLUNTEER

City Nature Challenge, April 26 – 29

Calling all nature enthusiasts! Join the effort to document the fascinating diversity of plants, animals, fungi and more in our parks and open spaces by participating in the 2024 City Nature Challenge. Between April 26-29, participants in approximately 400 communities across the globe will document local biodiversity using the free iNaturalist app. In Boise, volunteers are encouraged to visit their favorite park, trail or open space to collect data.

Dragonfly Monitoring, May 15

Dragonflies are incredible acrobats, amazing predators and provide an important link between aquatic and terrestrial habitats. Help document dragonflies in Boise parks by participating our Dragonfly Pond Watch Program. Volunteers adopt a pond to monitor dragonfly activity from May-September. Data collected will help scientists better understand the diversity, abundance and migration patterns of dragonflies throughout Boise. Training and monitoring materials will be provided. Training is scheduled for Tuesday, May 15, from 10AM-12PM at the Boise Depot Meeting Station.

VOLUNTEERS

Picnic in the Park

Volunteers are needed for Picnic in the Park, offering free lunches to youth aged 1-18 in select city parks. Lunches are served at Cassia, Ivywild, Sunset, and Winstead Parks from 12:00 - 12:30 p.m., Monday - Friday, June 3rd through August 9th (except 6/19, 7/4, 7/5). Volunteers should be available from 11:30 a.m. to 1:00 p.m. Volunteers will need a vehicle. Two volunteers per site for safety. Online orientation required. Contact Marie Hattaway at (208) 608-7688 or mhattaway@cityofboise.org to sign up or for more information. Ages 15+.

COMMUNITY SCIENCE PROGRAMS

Bee Watch, April 24

Bee Watch is a community-based science project that engages volunteers in collecting data about bees and other pollinators across a diverse range of habitat. In Boise, this includes parks, open spaces and pollinator gardens. Although bees are the most important and efficient pollinators, our current understanding of the types of bees that utilize different habitats is limited. This project provides an opportunity for volunteers to contribute to global efforts to establish baseline information on population diversity and status of bees and other pollinators. Participants will conduct pollinator surveys at predetermined sites across Boise. Training is scheduled for April 24 from 5:30-7PM at the Jim Hall Foothills Learning Center.

Parks, Monarchs & Milkweeds, June 1

Due to a marked decrease in population, the monarch butterfly has garnered nationwide support with conservation efforts aimed at preserving habitat. This Boise Parks and Recreation citizen-science program engages volunteers in monitoring monarch activity in Boise parks. Beginning with a training on June 1, volunteers can adopt a milkweed patch to monitor for the season and submit data reports on what they observe.

FIELD GUIDE

To Boise's Birds

Birds are found in nearly every city setting, from urban micro parks to the sprawling foothills that border our northeastern edge. Birds visit backyard feeders, perch in low shrubs and on tall structures, swim in our river, lakes and ponds, nest in our trees and soar overhead. A variety of Boise's habitats attract and support hundreds of species, and we invite you to explore some of the area's most common birds. The Field Guide to Boise's Birds is available for free online. Printed versions can be purchased at the Boise Parks and Recreation Administration Office for \$8 plus tax.
