GREENBELT MILE MARKER

Boise River Greenbelt markers are 1/2 mile apart and are numbered consecutively from the base '0' markers at the 8th street pedestrian bridge on both sides of the river. These markers are progressive in number and distance, heading away from zero markers both upstream and downstream; this creates four (4) distinct color coded grids:

- 3 mi. Southwest
- 3 mi. Southeast
- 3 mi. Northwest
- 3 mi. Northeast
