

- PLANTING NOTES:**
- All work shall be done in accordance to Boise Park System specifications, plans and details, and local City codes and other governing agency's regulations.
 - Specifications take precedence over drawings and details and should be adhered to in all construction.
 - All planting locations shall be marked and approved by Boise Park System prior to beginning of work.
 - Contractor shall verify location of all underground utilities within 10' clear proximity to planting areas, and shall take precautions to avoid damage to such.
 - Contractor assumes full responsibility for all damage caused by failure to do so.
 - Contractor shall report to Boise Park System all conditions which might and/or prevent the proper execution of this work, prior to beginning work.
 - Contractor shall provide plant materials only as approved by Boise Park System, and in accordance to specifications.
 - Contractor shall verify utility at grade and 10' depth, marking a tree well around tree stumps as per specifications and details.
