CARRY-OUT

Application for Trash and Recycling Carry-out Service

Need an extra hand getting your trash and recycling out for collection? Do you have a long or steep driveway making it difficult to get the trash and recycling carts out to the curb? Whatever your needs or situation, Carry-out Trash and Recycling Service may be the solution for you.

www.curbitboise.org

When extenuating circumstances make it difficult to get your carts to the curb, Allied Waste can collect your trash and recycling from a designated location on your property.

CARRY-OUT SERVICE:

Carry-out Service is trash and recycling collection from a mutually agreed upon location away from the curb. The trash collection staff is permitted to enter onto the customer's property with the collection vehicle and/or on foot to retrieve/return trash and recycling containers. Carts must be visible from the street and/or drive-way and accessible without crossing lawns or landscape, or entering through fences, gates, doorways, structures, etc. Pets must be restrained to allow safe access to/from the collection location.

PREMIUM CARRY-OUT SERVICE:

Premium Carry-out includes additional services such as using special collection equipment to access the customer's property, stopping to open private driveway gates, accessing a collection location on unpaved or poorly maintained drives, or collection from private driveways greater than 100 feet in distance from a public road.

FEES:

Customers pay an additional fee for Carry-out Service or Premium Carry-out Service. Call **384-3901** to find out which service best fits your needs and the costs associated with that service.

For individuals with qualifying disabilities under the Americans with Disabilities Act (ADA), Carry-out Service is offered at no additional cost. Contact Utility Billing at **384-3735** (TDD/TTY 800-377-3529) for the Disability Service application.
