Conditional Use Permit (CUP) Application
Submittal Requirements

☐ 1. Completed Application

☐ 2. Detailed Letter of Explanation summarizing the project and the philosophy of the project. If the project includes shared or off-site parking or a parking reduction, supplemental materials shall be provided.

☐ 3. Statement of Legal Interest (download form). Form must be completed by the legal owner of record.

☐ 4. Detailed Site Plan which includes:
   a. Scale (not smaller than 1” = 30’ unless approved)
   b. All structures labeled as to existing and/or proposed uses
   c. North arrow
   d. Property boundary/property lines and all required setbacks with dimensions
   e. Name of applicant, plan preparer, project name and project address on title block
   f. Special features such as pedestrian paths, berms, retaining walls, fencing and lighting
   g. Parking and loading areas with stalls, drive aisles and door widths dimensioned
   h. Locations and widths of right-of-way, easements, canals, ditches and subdivision lines
   i. Proposed locations and types of lighting
   j. Trash storage areas and exterior mechanical equipment, together with proposed screening
   k. Drainage features with proposed on-site retention
   l. Hillside developments: existing and proposed grades
   m. Fire Department access roadway clearly delineated
   n. Dimensions of usable outdoor and indoor play areas
   o. Existing/proposed utility service
   p. Sign locations
5. **Detailed Landscape Plan** which includes:
   a. Scale (the same scale as the site plan)
   b. Type, size and location of all existing and proposed plant materials and other ground covers. The size of plants and at planting and maturity should be included.
   c. Existing vegetation labeled to remain or to be removed with landscaping on adjacent properties by area(s) to be considered. If removing trees, a detailed tree mitigation plan is required.
   d. Method of irrigation
   e. Cross-sections through areas of special features, berms, retaining walls, etc.
   f. Footprints of all structures

6. **Building Elevations** drawn to scale. Color photographs may be substituted for rendered elevation drawings when an existing structure is to undergo minor exterior alterations, and the photos depict the design materials/ colors of the new construction.

7. **Floor Plans** drawn to scale with sizes and types of interior spaces indicated. Show the use and dimensions of each room. If remodeling is proposed, show existing and proposed conditions.

8. **Fire Flow Information.** Contact Veolia at 208-362-7354 regarding adjacent hydrants and volume of water available. Submit [Fire Flow Request Form](#) (allow for 5-7 business days).

9. **Site Photos**, colored and labeled, of the site and surrounding area showing building context.

10. **Neighborhood Meeting Information**, view [best practices](#).
   a. Pre-Application Form
   b. Neighborhood Radius Notice Letter
   c. List of notified owners, residents and neighborhood association, if applicable
   d. Sign-in Sheet from neighborhood meeting

Additional Documents Required if Applicable

11. **For Childcare Facilities:** Also include the following in your site plan:
   a. Child pick-up area. If the childcare is located on an arterial or collector street an on-site pick-up area designated to prevent vehicles from backing onto the roadway must be provided. A diagram illustrating how this will be accomplished is required. Backing onto an alley is permissible.
   b. Dimensions of usable outdoor “play area”, 100 square feet per child.
c. Dimensions of usable indoors “play area”, 35 square feet per child.

d. Fences: type of material and height, including gates. Indicate if existing or proposed.

☐ 12. **Public Street - Traffic Impact Study (TIS)**, include a copy of the study. This may be required by the Ada County Highway District (ACHD) or the Idaho Transportation Department (ITD), if the proposed development contains more than 100 dwelling units (includes hotels and motels as well as private dwelling units), more than 30,000 square feet of commercial use, or more than 50,000 square feet of industrial or institutional use, or has associated it with special circumstances deemed by ACHD and/or ITD to warrant an impact study.

☐ 13. **Private Street – Traffic Impact Study (TIS)**, include a copy of the study. A TIS prepared by a traffic engineer will be required by Public Works and Planning & Development Services for the interior roadway and parking system. This requirement may be waived when it can be shown by the applicant that no section of on-site roadway will exceed 240 vehicle trips per day.
