As of January 1, 2006, the Idaho State Statute 54-5209 requires that:

No building inspector or such other authority of any county, municipality or district charged with the duty of issuing building permits or other permits for construction of any type shall issue any type of permit without first requesting presentment of an Idaho contractor's registration number; provided however, a permit may be issued to a person otherwise exempt from the provisions of this chapter provided such permit shall conspicuously contain the phrase 'no contractor registration provided' on the face of such permit.

To comply with this state statute, Planning and Development Services requires a registration number be supplied with this permit application. A permit application is incomplete without this information, and cannot be processed until a registration number is provided, or the permit applicant declares themselves to be exempt per the exemptions listed in Idaho State 54-5205.

Agreements

Who is performing the work on this permit?:

☐ Property Owner or Other Exempt
☐ Registered Contractor
☐ To Be Determined

By checking the box below, I agree that I have read and understand the requirements above:

☐

If this permit application is associated with an active permit but you do not know the Permit Number (BLD00-00000), please use our Search page to look up active permits by address or parcel.

Associated Records

Is there an active permit associated with this Pool application?: - Providing an associated permit number will link the two permits together for ease of tracking, fee payment, and project management.

☐ Yes  ☐ No

Associated Permit Number: - If you do not know the Permit Number (in the form of BLD00-00000 or GRD00-00000), please search for the number prior to submitting. Please enter only 1 (one). Additional numbers can be added into the Scope of Work.

Property Information

Property in Historic District:

☐ Yes  ☐ No

Property In Hillside:

☐ Yes  ☐ No

Property In Wildland Urban Interface (WUI):

☐ Yes  ☐ No

Property In Design Review Zone:

☐ Yes  ☐ No

Property In Floodplain:

☐ Yes  ☐ No
Building and Fire Information

Type of Permit:
- Pool □ Spa □ Pool/Spa

Type of Work:
- Addition □ Alteration □ New □ Repair

Type of Use:
- Commercial □ Daycare □ Education □ Hotel
- Industrial □ Medical Office/Hospital □ Motel
- Multiple Family Dwelling □ Office
- Public/Government □ Religious

Occupancy Group:
- A–3: Indoor pool, no spectator seating
- A–4: Indoor pool, spectator seating
- A–5: Outdoor pool, participation and viewing

Occupant Load:

Is this an Indoor or Outdoor pool?: Fire Alarm and Fire Sprinkler information on the existing building are required when adding an indoor pool.
- Indoor □ Outdoor

Fire Alarm System Present:
- Yes □ No

Building is Fully Sprinklered:
- Full □ No □ Partial

Location of Sprinklers:

Sprinklers are used for Allowable Area Increase:
- Yes □ No

Sprinklers are used for Story Increase:
- Yes □ No

Sprinklers are used for Fire-Resistive Substitution:
- Yes □ No

Other Sprinkler Use:

Type of filter system:

Type of pool disinfection system:

Method of backwash wastewater disposal:
- On-site infiltration bed or trench
- Sanitary sewer system connection

Will pool support building be submitted concurrently with this permit?: Accessory structures over 120 sq. ft. require a separate building permit for review and construction.
- Yes □ No

Total Pool Deck Area (within barrier enclosure): Sq.Ft.
- Include any solid surface material area, such as patios, pavers and concrete areas.

Total Building Area: Sq.Ft.

Type of Construction:
- IA □ IB □ IFR □ IIA □ IIB □ IIIA □ IIB
- IVHT □ VA □ VB

Preliminary Plan Review Has Been Conducted:
- Yes □ No

Plans Examiner Name:
Erosion & Sediment Control

Project will disturb 2 cubic yards of soil or more: Any projects that disturb 2 cubic yards of soil or more will require an Erosion & Sediment Control review, permit, and associated fees.  □ Yes  □ No

Erosion and Sediment Control Project Type:
- Single Family Home/Duplex
- Multifamily/Apartment
- New Commercial Building
- Subdivision Site Development (Grading w/ Utilities)
- Demolition
- Staging/Stockpiling
- Major Tenant Improvement (>1000 Sq. Ft.)
- Minor Tenant Improvement (200–1000 Sq. Ft.)
- Parking Lot/Pathway/Site Work
- Utility Trenching
- Other

Approximate Acres Disturbed: - Acres

Planning

Design Review Number:  

Historic Preservation Number:  

Conditional Use Number:  

Zoning Certificate Number:  

Other Case Number:
Certificate of Value

Total Project Value: - Used to calculate fees for the Structural permit. Project Value is the total value of all construction work for which the permit is issued (including overhead and profit), as well as finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire extinguishing systems and other permanent equipment.

Electrical Value: - Total value of all work performed (including overhead and profit) on the job, including the electrical contract and change orders.

Mechanical Value: - Total value of all work performed (including overhead and profit) on the job, including the mechanical contract and change orders.

Plumbing Value: - Total value of all work performed (including overhead and profit) on the job, including the plumbing contract and change orders.

Fire Sprinkler Value: - This is the total value of any fire sprinkler system installations on this project.

Fire Alarm System Value: - This is the total value of any alarm system installations on this project.

Will the owner be supplying any equipment?:
- Yes
- No

Will the owner be supplying any Electrical equipment?:
- Yes
- No

Will the owner be supplying any Mechanical equipment?:
- Yes
- No

Will the owner be supplying any Plumbing equipment?:
- Yes
- No

Fire Sprinkler Work:
- Modification to existing system
- New system in existing building
- New system in new building

Fire Alarm Work:
- Addition
- New System
- Remodel

I certify that the Values and Scope of Work given is the most accurate available at this time:
-
Additional Notes:

An Erosion and Sediment Control permit will be issued with this building application. An Erosion and Sediment Control Plan and Narrative prepared and signed by a certified Plan Designer must be incorporated into this plan submittal.

If there are other related trade permits, including Plumbing, Mechanical or Electrical, they must be permitted separately and pass all required inspections.

Permit applications and plans for any modifications to the fire sprinkler and fire alarm systems shall be submitted separately.

The Building Final Inspection should always be the last inspection requested for final approval.

Note: Applicable support buildings or structures over 120 Sq. Ft. associated with a commercial swimming pool shall be submitted separately under Planning and Development Services application #502 for New Commercial Buildings/Commercial Additions.

Required Documents:

- [Commercial Pool and Spa Submittal Checklist]

By signing below:

1. The undersigned is the owner of the indicated property or acting as the owner's authorized representative.
2. The undersigned declares that the above provided information is true and accurate, and acknowledges that failure to provide true and accurate information may result in rejection of this application, possible revocation of the permit where wrongfully issued and subject the undersigned to any applicable penalties.
