Project Information

Project Name (if applicable):

Scope of Work:

Project Details

As of January 1, 2006, the [Idaho State Statute 54-5209](#) requires that:

No building inspector or such other authority of any county, municipality or district charged with the duty of issuing building permits or other permits for construction of any type shall issue any type of permit without first requesting presentment of an Idaho contractor's registration number; provided however, a permit may be issued to a person otherwise exempt from the provisions of this chapter provided such permit shall conspicuously contain the phrase 'no contractor registration provided' on the face of such permit.

To comply with this state statute, Planning and Development Services requires a registration number be supplied with this permit application. A permit application is incomplete without this information, and cannot be processed until a registration number is provided, or the permit applicant declares themselves to be exempt per the exemptions listed in Idaho State 54-5205.

Agreements

Who is performing the work on this permit?:

- Property Owner or Other Exempt Registered Contractor
 To Be Determined

Please select from the options below:

- 3rd Party City of Boise

By checking the box below, I agree that I have read and understand the requirements above:

Will you perform a Blower Door Test or Visual Inspection for air sealing?:

- Blower Door Test Visual Inspection Test

I am not providing a Contractor Registration Number because I am exempt per Idaho State Code 54-5205:

Associated Records

Is there an existing permit associated with this project?: - This could be a Retaining Wall Building permit, a Grading permit, or another associated permit for earlier work.

- Yes No

Associated Permit Number: - Providing an associated permit number will link the two permits together for ease of tracking, fee payment, and project management. If you do not know the Permit Number, please search for the number prior to submitting. Please enter only 1 (one). Additional numbers can be added into the Scope of Work.

Property Information

Property in Historic District:

- Yes No

Property In Hillside:

- Yes No

Property In Wildland Urban Interface (WUI):

- Yes No

Property In Design Review Zone:

- Yes No

Property In Floodplain:

- Yes No

General Information

Energy Code Compliance: -

Total UA Alternative Approach - A copy of the REScheck compliance report is attached to the plans. (This includes both the cover sheet and the inspection checklist.)

Prescriptive Component Approach

Energy Rating Index (ERI). - Approved rating software tools defined in the ANSI/RESNET/ICC 301 standard will generate a report with proposed rating score and inspection checklist, required to be submitted. Maximum ERI Score - 61.

Other Simulated Performance software analysis completed and signed

Type of Residence: - A **Duplex** is a building with two residential units on a single parcel. A **Townhouse** is a single family dwelling which is connected to one or more neighboring dwellings, but separated by a dividing parcel line along the shared wall.

- Single Family Single Family with ADU Duplex
 Townhouse

Total Number of Buildings:

Type of Permit:

- New Structure

Type of Work:

- New

Number of Stories Above Grade: - Above grade (not including basement)

2nd Story Area: - Sq.Ft.

Total Building Area: - Sq.Ft. - Excluding Garage Area.

Location of Sprinklers:

Are you using a green building construction method :

- Yes No

Green Building Construction Version/Comments: - This field is used to enter the version of the green building construction method used or to explain when the type = Other.

Plans for multiple connected residences (townhomes) submitted in this application:

- Yes No

Street Number of this Building: - For multiple townhouses submitted on a single application, each townhouse will be identified by it's street number, in order to ensure that plans and documents are attached to the correct permit.

Type of Use:

- Single Family Dwelling

Building Height: - Ft.

1st Story Area: - Sq.Ft.

3rd Story Area: - Sq.Ft.

Building is Fully Sprinklered:

- Full No Partial

Fire Flow: - GPM - Fire Flow information is provided by [Veolia Water](#). Visit their website to obtain data and the required form.

Residual Pressure: - PSI - Fire Flow information is provided by [Veolia Water](#). Visit their website to obtain data and the required form.

Dwelling Units

This section deals with Dwelling Units - independent units with their own kitchen and bathroom facilities. These units can be attached to an existing home or garage, or built as detached structures. Adding or removing a unit through a duplex conversion, or constructing a guest cottage, mother-in-law quarters, basement apartment, or other independent residence on the property will affect the number of dwelling units.

This residence is a detached Accessory Dwelling Unit (ADU): - Accessory Dwelling Units (ADUs) are a second, smaller dwelling that can be built on a property already occupied by a single-family home. They can be a detached structure or be attached to the existing home or garage. ADUs must meet specific requirements under Planning and Building codes within the City of Boise. Attached ADUs should be submitted on the 406 - Residential Alterations and Additions application. For additional information, visit the Planning Division's [Accessory Dwelling Units page](#).
 Yes No

Total Number of Dwelling Units: - This is the total number of dwelling units in this building (max 2).

Additional Features

Indicate whether this project includes any of the items below. If providing square footage, you only need to provide the applicable area as needed.

Basement:
 Yes No

Square Footage of Finished Basement: - Sq.Ft.

Square Footage of Unfinished Basement: - Sq.Ft.

Garage:
 Yes No

Square Footage of Attached Garage: - Sq.Ft.

Square Footage of Detached Garage: - Sq.Ft.

Carport:
 Yes No

Carport Area - Attached: - Sq.Ft.

Carport Area - Detached: - Sq.Ft.

Covered Patio and/or Porch:
 Yes No

Square Footage of Covered Patio and/or Porch: - Sq.Ft.

Detached Accessory Building: - Accessory buildings on this permit cannot include Accessory Dwelling Units (ADUs). If you wish to construct an ADU in addition to this manufactured building, please submit a secondary 402-New Residential application for a detached ADU or a 406-Residential Alterations & Additions application for an attached ADU.
 Yes No

Square Footage of Accessory Building: - Sq.Ft.

Erosion & Sediment Control

Erosion and Sediment Control Project Type:

- Single Family Home/Duplex Multifamily/Apartment
- New Commercial Building
- Subdivision Site Development (Grading w/ Utilities)
- Demolition Staging/Stockpiling
- Major Tenant Improvement (>1000 Sq. Ft.)
- Minor Tenant Improvement (200-1000 Sq. Ft.)
- Parking Lot/Pathway/Site Work Utility Trenching
- Grading Residential Addition Pool Other

Does the project have significant soil disturbance on the parcel, greater than 2500 sq. ft.: - Acres - Does the project have significant soil disturbance on the parcel, greater than 2500 sq. ft. (0.057 acres) surface area disturbance and/or new building greater than 500 sq. ft in a basement or ground floor. If Yes, please complete this section. If No, an ESC permit is not required, and no further information required. For more information about Erosion & Sediment Control, visit our [web site](#).

ESC Responsible Person (RP) Name: - All ESC permits require that a certified City of Boise ESC Responsible Person who will be on-site to be listed, if that person is known at this time, please list name here.

Certified RP License # (CON): - All ESC permits require that a certified City of Boise ESC Responsible Person who will be on-site to be listed, if that person is known at this time, please list their license number here. If not yet known, enter To Be Determined.

Related ESC Permit (if applicable): - If an ESC permit is currently issued for the same significant soil disturbance related to this permit application, please list that ESC permit number. For commercial, multi-family, and subdivision development project requiring multiple Building permits, if an ESC plan/SWPPP has been approved for the project under the related ESC permit listed you do not need to resubmit the ESC plan/SWPPP. Please note each separate building will requires its own ESC permit and Responsible Person listed.

Related ESC Permit (if applicable): - If an ESC permit is currently issued for the same significant soil disturbance related to this permit application, please list that ESC permit number. For commercial, multi-family, and subdivision development project requiring multiple Building permits, if an ESC plan/SWPPP has been approved for the project under the related ESC permit listed you do not need to resubmit the ESC plan/SWPPP. Please note each separate building will requires its own ESC permit and Responsible Person listed.

Related ESC Permit (if applicable): - If an ESC permit is currently issued for the same significant soil disturbance related to this permit application, please list that ESC permit number. For commercial, multi-family, and subdivision development project requiring multiple Building permits, if an ESC plan/SWPPP has been approved for the project under the related ESC permit listed you do not need to resubmit the ESC plan/SWPPP. Please note each separate building will requires its own ESC permit and Responsible Person listed.

The City of Boise is collecting data on anticipated housing costs for new development. Please Continue past this section if you do not wish to provide data on sale or rental costs.

This data is voluntary and not required for submittal of this application.

Housing Costs

Will this unit be sold or rented:

- Rented Sold

Number of Bedrooms in this unit:

- Studio 1 Bedroom 2 Bedroom 3 Bedroom
- 4 Bedroom 5 Bedroom 6 Bedroom 7+ Bedroom

Planned Sale Cost:

Planned Monthly Rent:

Will the second unit be sold or rented:

- Rented Sold

Number of Bedrooms in the second unit:

- Studio 1 Bedroom 2 Bedroom 3 Bedroom
- 4 Bedroom 5 Bedroom 6 Bedroom 7+ Bedroom

Planned Sale Cost of the second unit:

Planned Monthly Rent for the second unit:

If this application is for a Townhouse development, and you are submitting multiple buildings on this single application, please complete an entry in the table below for Each Additional Building.

If this application is for a Single Family Dwelling or Duplex, please use the Continue button to move to the next page.

Planning

Please provide a (PLN) Planning Project Number if you have one.:

Design Review Number:

Historic Preservation Number:

Conditional Use Number:

Zoning Certificate:

Other Case Number:

Is compliance with an affordability or sustainability incentive a condition of a Planning Application Approval?:

Yes No

I am using an Affordability Requirement Incentive:

Yes No

I will be using a Sustainability Requirement Incentive:

Yes No

1.Clean Energy Compliance: All Dwelling Units will use only electric or geothermal energy to meet heating, hot water, and appliance energy needs:

Yes No

Energy Electrical:

Geothermal Energy:

2.Energy Conservation: All dwelling units will be 15% more energy efficient than required by the City of Boise's adopted energy code:

Yes No

Please select 1 of the Electrical Conservation Compliance Options:

Green Building Code Idaho Power Tier 2 or 3

Model building energy performance with accepted building design modeling software Most recently published IECC

3.Water Conservation: WaterSense water efficient plumbing fixtures will be installed throughout all dwelling units:

Yes No

I will be installing 100% Water Sense Fixtures:

Impact Fees

For more information on Impact Fees, you can visit the City of Boise [Impact Fees Site](#)

New Assisted Living Units:

Impact Fee Exemptions

Filing a Request for the City Impact Fee Exemption: - Would you like to file a request for the City Impact Fee exemption? If yes, complete the section below and include any supporting documents. If no, city impact fees will be applied.

Yes No

Rebuilding the same amount of floor space of a structure destroyed by fire or other catastrophe, provided the structure is rebuilt and ready for occupancy within two (2) years of destruction.:

Remodeling or repairing a structure which does not increase the number of square footage or residential units.:

Replacing a residential unit, including a manufactured home, with another residential unit on the same lot, provided the number of residential units does not increase:

Placing a temporary construction trailer or office on a lot.:

Constructing an addition on a residential structure which does not increase the number of residential units.:

Adding uses that are typically accessory to residential uses, such as tennis courts or clubhouses, unless it can be clearly demonstrated that the use creates a significant impact on the infrastructure capacity of the Parks and Recreation, Fire, and Police Departments.:

Certificate of Value

Total Project Value: - Used to calculate fees for the Structural permit. Project Value is the total value of all construction work for which the permit is issued (including overhead and profit), as well as finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire extinguishing systems and other permanent equipment.

Required Documentation and Drawings

- Applicants must submit a completed [New Residential Submittal Checklist](#) or [Hillside New Residential Submittal Checklist](#) with their application.
- Staff will perform a review for completeness prior to accepting the application.

Additional Required Permits

- Trade permits for mechanical, plumbing and electrical work are obtained separately.
- Any fencing over 7' in height requires a building permit.
