What are the Goals of Mobile Crisis Response? 

The goals of Mobile Crisis Response are to provide community-based services to stabilize people experiencing psychiatric emergencies in the least restrictive environment, and to decrease the likelihood of arrest for a person living with a mental health condition who is in crisis.

HOW WILL WE ADAPT TO A SHIFT IN SHELTER?

- What we expect to happen
 - Unsheltered audience is unlikely to shift
 - We will remain in our current service area
- What will we do if our expectations are different from reality?
- We will adapt!
