If a post-accident test is needed between 7:00pm - 7:00am CST, calls will be routed to the after-hours support team. If issues are experienced connecting, call 800-733-1676, option 2.
• Once the above information is obtained, the after-hours support team will contact the Afterhours Coordinator (AFC) with the information.
• Call backs not received within 15 minutes, please call back and inform the after-hours support team you have yet to receive a call from the AFC.
• The AFC will contact the caller and verify information. The AFC will also confirm if the donor/employee is able to go to a testing facility or if an onsite collection is required.
  o If the donor is able to go to a collection site, the AFC will attempt to locate a facility in the area that is able to conduct all required services. If the AFC is unable to locate a facility in the area, the AFC will default to an onsite collector.
  o If the donor is not able to go to a collection site, the AFC will coordinate an onsite collection.
• Once the collection site or onsite collector is identified, the AFC will contact the caller with the clinic information or on-site collector name and ETA.
