Phillippi Park Dog Off-Leash Hours Feedback

Q5 Please provide any additional comments:

Answered: 126 Skipped: 82

#	RESPONSES	DATE
1	There is no dog park nearby. The closest dog park is the Morris Hill dog park. This would be great for nearby residents.	7/28/2022 1:27 PM
2	Dogs are constantly rude and the neighborhood already has plenty of barking problems. Last year I was bitten 3 sperate times by our neighbors' dogs. If i get bit at your dog park, i will sue. I have called the Humane Society plenty of times to get people to take care of their dogs. 3rd generation Idahoan who has been in this neighborhood for many years and this will force us to go to another park across town. This is the only neighborhood park on this side of town, we need to keep it a neighborhood friendly park. There are plenty of dog dogs already, ones that have more room than phillipi, more space than phillipi. If people want dogs they need to be responsible for them and the current neighbors are not.	7/27/2022 11:37 AM
3	This is long past due. There are not any off leash dog parks anywhere near our area. Not just our area, Boise in general needs to update the off leash rules in many parks. Dog parks don't get it done for me. I have to do specific training that requires seclusion from other dogs and more space than my yard has to offer. Dogs in Boise are very prominent and we need a place to exercise and train them without feeling as if we're are going to get in \$80 ticket for doing so. I got a ticket for having my dog off leash at this park when there was absolutely no one there. Please help increase the number of places we can take our dogs so they can stretch there legs. It's very important to a lot of people in Boise.	7/27/2022 11:28 AM
4	only in winter time	7/26/2022 9:50 AM
5	I think that off leash dog parks are best kept separate from a park or if a park is large enough to accommodate a off leash dog park this would work well.	7/26/2022 9:37 AM
6	This is so necessary and wanted by the neighborhood dog owners. We've never had a problem in the past, thank you for this proposal.	7/26/2022 7:19 AM
7	In walking my two dogs in the surrounding neighborhood, I have encountered off leash aggressive dogs on several occasions. In fact, earlier this year I actually had to use spray designed for attackers unfortunately. In my experience, I have observed for those dogs running off leash, somehow it's not a priority for their owners to scoop up and dispose of the waste (example: military reserve trails). I frequent the park path both early in the morning 6-7 AM and occasional evenings. It would be disappointing that full access within park would no longer be safe or sanitary for my family to use. There are several dog owners that already assume the park is off leash and let their multiple dogs roam free resulting in examples of their dogs running up to mine unaccompanied and territorial. I am assuming the proposal would include fencing for the safety of children playing on nearby equipment, however, am very much opposed to the proposed off leash area due to the examples above.	7/26/2022 5:57 AM
8	Off leash hours should be off Prime time. 6-8 or 9 AM I like the Winstead Park model.	7/25/2022 1:46 PM
9	would be awesome with out time ordinances	7/25/2022 9:19 AM
10	I absolutely support this!!! My dogs would love a place to run around! Please make it fenced in!	7/24/2022 6:52 PM
11	This would be a wonderful addition to the surrounding community.	7/21/2022 8:49 AM
12	Look at all of the parks where there are off leash areas. The grass is dead and the area is not well kept.	7/20/2022 9:04 AM
13	I am in support of both morning and evening hours, especially given the heat wave Boise citizens have faced. Evening hours would ensure those working during the day have the opportunity to exercise their four-legged family members in more comfortable conditions. Thank you for considering my comments.	7/20/2022 6:01 AM
14	Not sure if my previous response was recorded. I am STRONGLY in favor of this proposal.	7/19/2022 8:25 PM

Phillippi Park Dog Off-Leash Hours Feedback

15	We currently travel to Manitou park in southeast Boise to allow our dogs to have social interaction with other dogs and owners. The off leash hours at Manitou are the same as those proposed at Phillipi Park and I've seen this work quite well for patrons of the park.	7/19/2022 6:31 PM
16	I think this is a great option. There are already many dogs off leash in this park, so having official hours would be a good thing. One major concern is the amount of dog poop in this park, maybe there could be better enforcement about cleaning up after your dog if these hours are adopted.	7/19/2022 12:13 PM
17	At this time I oppose the EVENING off-leash proposal because that area and the pathway are used for families and individuals during that time. Will dogs stay off the pathway that is used for a walking path throughout the evening? I propose that the area is turned into a dog park, with a fence around it. I 100% support a dog park and I know that is much needed for my neighborhood. If that area does not work for a dog park, I would propose the front end that is along Targee be the off leash area or become a dog park. A DOG PARK is the safest option for the neighborhood.	7/18/2022 9:03 PM
18	Great idea. Also: please install a dog water fountain there.	7/18/2022 2:32 PM
19	I live about 110 ft from the proposed area. Lots of the dog owners with aggressive dogs. The owners don't pick up their dog dropping.	7/18/2022 11:05 AM
20	Overall, I do not think this will work out. I walk the park twice a day with an infant and a dog. Is the dog park going to be fenced off? If not, dogs will just go to the covered area with the tables especially when an event is happening, and people are cooking food. the dogs will also go to where the kids play and poop in that area... Will someone be there to enforce 'pick up after dog' every day at these times? and to keep pets from going out of bounds and away from play area and other parts of park where off leash pets are not permitted? I do not want dogs coming up to my baby stroller or to harass my dog that is on leash and wants nothing to do with any other dogs. If the dog area is not completely fenced in there will be complaints. people already unleash their pets under the newly installed signs saying dogs on leash and pick up after them. They will just let them off leash as soon as they get out of the car or get to the park and not be responsible for them. The dog expansion has to be fenced in and patrolled at all times if this has any semblance of working. There are specific dog parks within 10-minute drive already of this park. Farfetched but what happens when that one person wants to walk their cat offleash in the dog park? will there be lawsuits? will there be a cat only section... then a pet bird section then a pet... you get my drift here. I do not think this will work out without much further planning/enforcing especially with dog parks already in the area. Thank you.	7/18/2022 10:47 AM
21	I live on Phillippi Park and I sincerely enjoy watching all of the leashed dogs as they walk the park with their owners. Phillippi Park is used by people from all over the Boise area and I think it is wonderful. However, the area proposed is unfenced. If the proposed area, or even part of the proposed area, were fenced for the dogs wanting to play off-leash, I would be more likely to support the idea. Dogs off-leash are not controllable by their owners and pose a potential hazard to all persons not wanting to participate in doggy time. A fenced area would contain the animals to play within that space and allow non-dog-owners, even the ones that like dogs such as myself, to enjoy the park without interference from any dog, whether they are friendly or not so friendly. I don't know if there is a statistic for this, but my feeling is owners that don't pay close attention to their off-leash dogs would have a higher probability of not seeing a "doggy mess" and therefore creating more poop piles in our Park which has already seen a big increase since I moved here 5 years ago.	7/17/2022 12:53 PM
22	It's never busy over there and many of us who have lived here forever take our dogs there off leash and no one has ever complained and I've never seen any issues and I'm there every day. Providing an actual time for people to go use the space without worrying about being fined is a great idea that harms no one. Please don't create a fence or make it an official dog park. That will cause the area to no longer be enjoyable for the neighborhood residents.	7/16/2022 2:39 PM
23	In my experience, people use off Leash areas to let untrained dogs wild more than trained ones. The park seems to be frequented by small children and their families earlier in the day. So if the off leash time could be in the evenings that. Would be alright I guess. Then kids would be at less risk	7/16/2022 9:59 AM
24	People already don't respect or abide by the rules now. If more liberties are given then people will continue to exceed the boundaries. No one picks up after their pets mess and they let them run rampant. I strongly oppose this measure.	7/16/2022 9:28 AM

Phillippi Park Dog Off-Leash Hours Feedback

25	Many, many people already use this for an off leash area. My kids regularly play here and we often encounter poop. Making off leash hours sends the message that off leash is okay at other times too. Too many dogs are not trained properly and jump on my kids or come too close. I'd prefer any extra money to go toward more police presence in this park. The basketball court area and parking lot are especially sketchy. The overall safety of the park has declined in recent years.	7/15/2022 6:19 PM
26	A dog park in this neighborhood is absolutely needed.	7/15/2022 2:13 PM
27	I have been chased by dog that was off leash while in this park. Not safe and absolutely terrifying—I felt like I couldn't enjoy this outdoor space. Dog owners need to keep their dogs on leash and controlled. I have a dog of my own and respect that not everyone is a dog person, not everyone likes dogs coming up to them, and it's not safe for the dog too, if something doesn't go right with another dog.	7/15/2022 6:30 AM
28	I would support this if the area was fenced in. Otherwise there is considerable risk when people, who think their dogs are friendly but aren't, bring them in such close proximity to a playground, picnic, volleyball, and basketball area.	7/14/2022 10:14 PM
29	I think there is a need for an off leash area, but it would be better located at the opposite end of the park, by the tennis court and parking lot. The proposed site is too close to the picnic area and the playground where there are lots of family activities and a greater chance of conflict between dogs and children.	7/14/2022 4:50 PM
30	I walk this park twice a day and no one seems to abide by the leash policy presently. I have been attacked numerous times by an off leash dog at this park.	7/14/2022 6:27 AM
31	If the area is fenced in yes!	7/13/2022 7:54 PM
32	I use this park all the time. I have a 1 year old son and two dogs. Adding a dog area would be amazing!	7/13/2022 1:42 PM
33	An elderly neighbor has previously been injured by an off leash dog which resulted in two broken bones and the owner of the dog was not held accountable for the person's injuries. If hours are going to be increased what kind of enforcement will be provided? There have been many instances where dogs are left unsupervised in the park and an increase of unattended dogs is to be the result the proposed off leash hours increase.	7/13/2022 11:13 AM
34	I think this is a fantastic idea. Many others parks in the city's parks & rec system already have this established. We would definitely make use of the off leash hours for our dogs. Thank you!	7/13/2022 9:38 AM
35	the people that bring their dogs there are courteous and they should be allowed to bring their dogs their for enjoyment.	7/13/2022 9:13 AM
36	Would love to see more dogs in this park.	7/12/2022 4:32 PM
37	I would love to see this park better utilized by creating space for dogs and dog owners.	7/12/2022 4:24 PM
38	Phillippi Park is a family community park, not a dog park. Many of us have walked the park for years. Many people have morning and evening barbecues with family. Children love playing in the playground. They love running and biking in the park. People enjoy the basketball area. It is used a lot. Having a dog run is too close to residents that live around the park. It is like having a dog run in their front lawn or back lawn. A lot of people do walk their dogs and some have them on a leash, some do not. Some pick up the poop; some do not. You need to find another dog park and dog run, but not in our neighborhood Phillippi Park. Thank you for considering my comments and concerns. I am resending this survey as I did not know if the first one went through. I did not receive a notice that it went through.	7/12/2022 2:37 PM
39	I love this neighborhood and the volume of dog lovers it represents. This would be a wonderful asset for those who live in this area. I am willing to pick up others dog poo so that folks do not get unhappy with having a dog park. Currently I need to drive them to either the Latah park or another park. At some point would the Boise consider a fenced do area like Latah? Do not like the Dog Island park, when I went out to my car there was a huge crack in the windshield that was not present prior.	7/12/2022 10:06 AM
40	If the off-leash hours were morning only, none of the hardworking families in the area would be able to take advantage. It would make more sense to allow evening off-leash hours. I would also recommend putting an additional trash can in the area. The other trash cans are farther away around the playground/shelter and I have noticed there already is a high number of dog	7/12/2022 9:43 AM

Phillippi Park Dog Off-Leash Hours Feedback

poop left due to no close trash can (some people don't carry it to the trash cans, sadly). This would improve the area a lot!

41	I enjoy this park as is but adding the extra hours for off-leash dogs would be a great bonus! I own a dog and this would be beneficial if other dogs were around so they could play :)	7/11/2022 9:18 PM
42	Phillippi Park is a family neighborhood park. Many of us have walked it for years. Many people use it for family barbecues in morning and evening. Children need the space to run and play. Phillippi Park is not a dog park. A lot of people do walk their dogs and most do use the leash. However, some do not. Some do not pick up the poop. A dog run would be like having a dog run in close neighbors front and back lawns--too close. You need to find another place for a dog park and for dogs to run loose, not at Phillippi Park. I think I probably speak for a lot of people who enjoy having the park, and keeping it pleasant and clean, and safe. Thank you for hearing my concerns.	7/11/2022 8:35 PM
43	Great idea!	7/11/2022 8:14 PM
44	Unless the proposed area is fenced off, I am concerned about the risk of dog bites increasing. I am sad to hear about this proposal because I love walking my (leashed) dogs through the park. I don't want unleashed dogs to bother my dogs or myself when we are trying to enjoy the park. The proposed area is right near the picnic area, too, which could make things chaotic for people trying to eat.	7/11/2022 6:39 PM
45	This would be a great option for neighborhood dogs to exercise in that area of the park. There is definately adequate area for them to run and play.	7/11/2022 5:49 PM
46	We have space for a dog park. If you want to be off leash, build one. I have been around too many dogs in this park that are aggressive. I certainly do not want any children to have to be around aggressive animals when this park is a nice place to relax.	7/11/2022 4:09 PM
47	I very much support having off leash hours. Nowhere else in the area to let dogs run!!	7/11/2022 3:32 PM
48	No one ever even enforces the leash laws anyways! I don't want these people to get even more bold to let their dogs loose near my LEASHED dog so they can harass us when we walk. Instead of trying to make it easier for people to not comply with current rules, just enforce!!!!	7/11/2022 2:55 PM
49	Who's going to clean up the poop? Who's going to be charged for paying for someone to clean up the poop? Tax payers who don't have dogs? Who choose to not have dogs? No. I'm certainly not going to. They can walk their dogs and clean up after themselves just like everyone else. We're already short on space in Boise and especially in this Park, and you want to give us less usable space? This is a great little neighborhood park, let's keep it that way.	7/11/2022 9:42 AM
50	I walk my dog around this park daily and having an area where I could throw a ball for him to run and play would be greatly appreciated. I would make sure to clean up after him also. I do that now and even clean up after people who can't seem to pick up their own cans and trash. Thank you	7/11/2022 5:25 AM
51	Reason: people don't maintain control of their dogs. Someone is going to get attacked. People don't clean up after their dogs either.	7/10/2022 10:18 PM
52	I am ashamed to hear that a dog cannot run free in a park. Im also against the idea of a proposed area as the animal should be able to use all of the park under owner supervision. I have lived in front of this park for many years and its good to see people playing with there dog's. Thank you for your time	7/10/2022 8:47 PM
53	This is a great idea, dogs should have a spot to run around! Thank you for asking!	7/10/2022 8:00 PM
54	This is a great idea!!	7/10/2022 7:12 PM
55	There are many dog park around with off leash hours. Having one portion of the day for that at this park is fine.	7/10/2022 11:02 AM
56	I believe off leash would be great, considering the amount dog owners in the area that seem to care about the park and clean up after their pets already. Hopefully they continue to do so with off-leash.	7/10/2022 10:01 AM
57	The evening hours in my opinion start too early in the day.	7/10/2022 9:11 AM
58	Finally!	7/10/2022 7:46 AM

Phillippi Park Dog Off-Leash Hours Feedback

59	I believe dogs should be able to be off leash at the front corner on Phillippi & Target next to the parking lot as well.	7/9/2022 10:50 PM
60	unless you are going to fence the proposed area off, the whole park will become off leash and that adds an unwanted element with taking young children there of always being wary of approaching dogs.	7/9/2022 7:13 PM
61	Opposing only due to the proposal being a non-enclosed area. We frequently ride our bikes or walk on the path around the park (adults and children) and always around the area in question. We often encounter others doing the same. We are also dog owners that have not had a need to take them to the park. It is hazardous to have a dog off-leash that is not enclosed. One of those reasons is the amount of loud and disturbing noise from the incredibly close proximity to the airport that would hinder calling a dog back or spook others. We support an enclosed dog off-leash area being used here as long as enclosed and also support it being available all day. It is true the grassy part of the park in question is often unused however the path is not unused.	7/9/2022 6:43 PM
62	Way to go!	7/9/2022 5:27 PM
63	Hope it gets approved	7/9/2022 5:25 PM
64	A fenced in area would also be nice	7/9/2022 5:16 PM
65	I would support fencing in and making that area a true dog park	7/9/2022 4:56 PM
66	Excellent idea, please do it.	7/9/2022 4:28 PM
67	This would be great for our heeler/border collie mix, who LOVES to run and chase her ball long distances! Thanks for the consideration!	7/9/2022 4:20 PM
68	I think this is a wonderful idea, thank you!	7/9/2022 3:37 PM
69	Would you be adding fencing ? And why not make it all day ?	7/9/2022 3:10 PM
70	It would be nice to include the large area that runs parallel to Targee St. so that folks have space to spread out.	7/9/2022 2:14 PM
71	I have lived in this neighborhood for 5 years and I have never seen any issues with dogs off leash, even during busy hours. All dog owners with their dogs off leash are responsible, respectable and aware of how their dogs interact with other animals and humans while off leash. With such limited yard space in the area, it has been an important part of the neighborhood to allow dogs to get their energy out.	7/9/2022 2:13 PM
72	Great idea!	7/9/2022 2:05 PM
73	I think this would be a great trial program for the neighborhood!	7/9/2022 1:57 PM
74	This is a kids park, let's keep it that way.	7/9/2022 1:27 PM
75	This is a great idea for dog lovers of our community!	7/9/2022 1:24 PM
76	A lot of retired and limited mobility folks visit the park during the morning through early afternoon. I think it would better serve them to have the off leash hours in the 4pm to sunset time slot. Also the proposed area does not have any trash cans to dispose of leavings. This area of the park tends to have a lot more dog doo than the rest. Would be nice to have a few more bins installed to go along with the off leash area.	7/9/2022 12:49 PM
77	The only concern I have is enough trash bins for people to dispose of their dogs waste, or at least having signage directing people to the closest bin.	7/9/2022 12:28 PM
78	This would be fantastic for the park. Many people including myself walk their dogs every day at this park and the open area would be great for this usage.	7/9/2022 10:53 AM
79	As long as folks are respectful of noise (as there are many houses in the area) and pick up the dog poop their dog(s) leaves behind, I support this. It would also help to have bags at each of the poop pick-up stations and maybe a couple more trash bins along the proposed off-leash area.	7/9/2022 10:49 AM
80	This would be great for my dog!	7/9/2022 10:47 AM
81	Thank you!	7/9/2022 10:24 AM

Phillippi Park Dog Off-Leash Hours Feedback

82	We have lived next to this park for years. Our house was built even before it was a park. We have seen it being developed and changed over the years. It is a beautiful little park and used well almost every day. Phillippi Patio Homes backs right up to the park. With the proposed off leash dog park, we would have to put up with barking dogs for 3-4 hours in the a.m. and again in the p.m. We already have other neighbors around us with barking dogs, we don't need anymore. Who is going to clean up after the dogs? Is the area going to be fenced? You are going to destroy some good area of the park that is used for not only the neighborhood, but others who like to come and enjoy our little park. Group gatherings, weddings, afterschool programs, daycare summer camp, etc. all use that area. The list goes on. Just recently they installed signs at all entrances to the park that says, "Dogs on leash and clean up after them" If you want dogs off leash, why would you put up signs that say otherwise? There are people who still let their dogs run loose and don't clean up after them. More people love our little park and enjoy taking their dogs for walks on a leash. They even clean up after them. Please don't let the few destroy our little bit of heaven.	7/9/2022 10:10 AM
83	Please please my dogs deserve to have a space to run. We live in town homes and have a small back yard. I know many locals in the area will be thrilled. I always pick up my dogs poop and other peoples dogs poop if I see it.	7/9/2022 10:04 AM
84	As a dog owner myself I enjoy walking in a leashed park. We always avoid off leash areas, and circumstances that may put me or my dogs at risk of other irresponsible pet owners.	7/9/2022 9:18 AM
85	I have 3 dogs and I take them to Manitou Park which is a little bit of a drive every morning after work. This would make walking them so much easier and give me more time to sleep. Manitou Park is beautiful even though there are off-dog leash laws there. Thank you for this opportunity.	7/9/2022 8:59 AM
86	I believe it would be very beneficial to have a place closer to us. There are so many people and so many people with dogs. There is such a limited choice of "good" places for us to let our dogs run. Follow that with the recent changes that have happened at eagle island park. Which was a wonderful place for dogs to be off leash and run before it was taken away because of irresponsible dog owners and the the individuals complaining. The question will be will people behave themselves. There are plenty of places to walk your dog on leash. Not so many for responsible off leash.	7/9/2022 8:26 AM
87	My dog and I visit this park several times a week. We have only had a problem once when an off-lease dog attacked my dog causing several bloody wounds. In addition, my shoulder was damaged keeping my dog (on a lease) from the attacker. This is a bad idea. There are dog parks already established for off-lease. Often when we walk around the park around sunrise, there are cars parked with people sleeping in or on the park's curb on the South end of Eagleson Rd. I suggest you do something about that, rather than adding off-lease. By the way, if off-lease is adopted, I'll not walk anywhere near the park again!	7/9/2022 7:58 AM
88	I would prefer the area on the NE section of the park as the designated off-leash area because it is further away from the congested area of the shelter and playground. Many functions at the shelter area spill out into the proposed off leash area. The late afternoon and evening hours are the time of heaviest use at or near the shelter. The NE section is a less used area of the park and would not conflict with the shelter use.	7/9/2022 7:50 AM
89	I think it would be potentially dangerous for people that use the park for other reasons.	7/8/2022 10:41 PM
90	Providing an area that is available for dogs to be off leash would provide the opportunity for dog owners and people in our community to meet. Creating an environment for our community to come together could strengthen the voice of our neighborhood in future decisions made around our community.	7/8/2022 10:39 PM
91	People do not control or pick up after their dogs	7/8/2022 8:59 PM
92	This is right next to my backyard! No thank you. Please leash your dog and enjoy the walking path around our park.	7/8/2022 8:45 PM
93	The area you have designated is directly adjacent to my backyard. We already have 3 dogs (one on each side of me) that bark at everyone and thing that walk past our fences. This will only increase that annoyance. Those of us that have lived here for many years can attest to the fact that many dog owners don't clean up after their dogs.	7/8/2022 8:39 PM
94	To many people already have their dogs off leash and no control of the dog. Park has to many small children using both in morning and evening to be safe with unleashed dogs. There are	7/8/2022 8:12 PM

Phillippi Park Dog Off-Leash Hours Feedback

	plenty of dogs parks people can go if they want their dog off leash.	
95	I'd be more inclined to support if a fenced off area is provided. I don't believe all dogs are safe off a leash no matter what the owner of said dog believes.	7/8/2022 7:46 PM
96	Oppose any off leash dog use at Phillippi Park related to no fenced area and high family/ kids and leashed dogs usage. Feel off leash hours without fence and/ or enforcement will be abused and ruin the park use experience for others	7/8/2022 7:45 PM
97	My support is based on having a designated area with a fence to block the area. My support is also based on not increasing the already bloated city bloated to pay for a fence.	7/8/2022 7:30 PM
98	We would be very happy to see this happen!	7/8/2022 7:21 PM
99	We have a number of elderly people who use the park and the outer sidewalk to strengthen, regain balance. The use walkers, canes and unassisted. How do you propose keeping those walking safe? Will you be adding an enclosed fence. I would be i. Favor if fences. Also concerned about high use of pavilion and the impact of those holding the events.	7/8/2022 7:20 PM
100	We really need a safe place for dogs to be able to run and chase a ball or a Frisbee. Please.	7/8/2022 7:15 PM
101	Cooper and Dash would love to have some off leash time at Phillippe. Please make it happen! I'll even help pick up droppings.	7/8/2022 7:09 PM
102	People walk daily on the paths and many people who already let their dogs off leash do not pick up the poop. I walk my dogs on leash daily around the park and do not want to hassle with a dog off leash that I have to hope will not approach my dog or be aggressive with it. Boise has plenty of dog parks, if people want to off leash their dogs they can go to those parks	7/8/2022 7:04 PM
103	Add a fence and make it an actual dog park	7/8/2022 5:21 PM
104	We like to bicycle around the perimeter of the park. We are too old and slow to outrun a rampaging canine.	7/8/2022 5:16 PM
105	It should just be off leash all hours in that section. There are always off leash dogs at this park anyway and having a designated section would make it easier for both dog owners and the people in the other parts of the park that are not dog people.	7/8/2022 5:10 PM
106	Great idea as we have great dog owners and I like socialized dogs and their owners to enjoy the parks we pay for. Thank you for your efforts to provide what exercise we all want and need. Paul Streufert	7/8/2022 5:04 PM
107	This is the most blatant actionable inaction ever proposed. No one leashes there dogs as is and never sees consequence save for the occasional outlier of the vocal minority. This is just parks and rec washing their hands of having to deal with it by "allowing" leashless hours. The proposed area is not cordoned off in any way and will not prevent the innumerable dog owners' pets from running rampant across the entirety of the park. As a dog owner and frequent patron of the park this would undoubtedly prevent me from going due to fear that the other dogs will have free range and no discipline stopping them from negatively engaging my leashed animal, as it already happens, but now those owners would feel emboldened by leashless hours. There is a dog park not 2 miles from here. They can go there and be off leash if it is so important. This is embarrassing. There are bigger issues to discuss.	7/8/2022 4:58 PM
108	We cannot walk as it is without the current dogs at the park hurting you and scaring you, making us trip. I've seen an old lady with a walker fall down scared while the dogs in this neighborhood are at the park, on a leash. This park does not have friendly dogs. When they are there, they think they own the park and are never in control of their dogs.	7/8/2022 4:54 PM
109	Will be stoked to see this come to fruition. Would also like to see info on how the north boundary would be marked. I see the survey closes 7/28, if it passes when would this potentially start?	7/8/2022 4:43 PM
110	I am opposed because we have case dog bite people, also that park most all time has the party, birthday play basketball ect and is not comfortable the dog off -leash. Now some of them release dogs and one day the dog jump in my body, In many cases they don't clean up so for that reason I am opposed thank you.	7/8/2022 4:42 PM
111	This is definitely needed!!! This area is lacking a dog park nearby and there are so many dogs that already go to this park, my dog would be stoked! Please make this happen	7/8/2022 4:02 PM

Phillippi Park Dog Off-Leash Hours Feedback

112	I walk my dog on a daily basis at different times of the day and have encountered off-leash dogs. My dog is a senior dog and has been attacked 3 different times by off-leash dogs whose owners claim they are usually friendly dogs. Also many owners don't clean up after their dogs and I can only imagine this will make it worse. There are other locations where dog owners can take them if they want off-leash.	7/8/2022 4:02 PM
113	I am thrilled to have a dog park in our neighborhood! As soon as my dog recovers from his torn acl we will check it out. That area where you propose the dog park is not used much anyway so I think it's a great idea!	7/8/2022 3:59 PM
114	Mornings only would be better	7/8/2022 3:50 PM
115	Without knowing the actual hours, it is difficult to support this proposal. Ideally, we should have a fenced in area for the Dogs as not all dogs are fully trained and not all humans are able to off leash dogs around them.	7/8/2022 3:49 PM
116	I use this park on a daily basis for walking and using the Pickleball court. Off leash dogs are a big problem at Phillipi Park everyday. I have personally been accosted by both off leash and leashed dogs. Allowing these animals to use the area of the park you picture will cause more attacks on human users and other dogs. There are many walkers in this park who walk small dogs and would be in danger of attack by larger dogs who are unrestrained and aggressive to people and their smaller dogs. Another issue that is currently a problem in this park is people not cleaning up after their dogs deficate on the grass. Ask your grass cutting crew how much dog feces is left lying on the grass when they cut it. This is a nice peaceful and safe space in this neighborhood for families to use for recreation. No good will come from allowing dogs off leash in this park.	7/8/2022 3:29 PM
117	It is becoming increasingly difficult in the city of Boise to find places where one does not encounter dog "land mines" , aggressive dogs, noisy dogs, dogs off-leash when they should be on-leash, dogs in places where, by ordinance, they should not be...etc. Please provide places where the rest of us don't have to deal with all of these issues.	7/8/2022 2:59 PM
118	I think that the large section of field that's on the north end next to Targee would be a better area for that. It's nowhere near the playground so less chance for dogs to run off it's just an open field people don't use that section to walk but the south section is used for walking and people who walk dogs on leash so the opened north and would be less chance for unleashing off leash dogs to interfere with each other	7/8/2022 1:57 PM
119	I walk my young children and dog in that park daily and this is the only park in walking distance from my home. I would not feel safe taking them to that park if off leash dogs are allowed as I have no way of knowing if everyone there has a well trained dog. Additionally, even well trained dogs can become aggressive when other dogs or unknown people are around them unexpectedly. I work until 4pm daily as well so avoiding the park during off-leash hours is just not feasible. My dog is also very protective and reactive to other dogs, she is extremely well trained and is on a leash at all times to keep her and other dogs safe but if an unleashed dog were to run up to her it would put me, my children, and my dog in danger - for this reason I only walk her in places that have lease laws in place. Having an off leash dog area in the open grass that is currently in the park would also limit the area for my children and others to safely play sports like soccer and football without being chased by dogs, having to watch out for dog poop, or having the balls chased by dogs. I understand that cleaning up after your dog would be an expectation as it already is, but if this were to be an off leash park more dogs would be there more often, making it more likely that messes will be left. I would not be opposed to having a fenced dog park put in a different area, away from the main walking path.	7/8/2022 1:16 PM
120	This would be a very appreciated addition to a wonderful neighborhood park!	7/8/2022 1:11 PM
121	Area identified makes perfect sense as it is away from all other park activities that typically take place during those hours.	7/8/2022 12:43 PM
122	Current dog owners in the neighborhood are not showing responsibility and control for their dogs as it is. Also, those hours are unacceptable especially during the summertime. The park is pretty crowded during the summertime and we need more space, not less. If people want off leash for their dogs, they need something enclosed, like their own backyard.	7/8/2022 11:28 AM
123	We have walked in Phillippi Park from the beginning of the park and have never encountered a problem with dogs.	7/8/2022 10:50 AM
124	We would 100% utilize this off leash dog area to work with our very well trained dog. It is a	7/8/2022 9:30 AM

Phillippi Park Dog Off-Leash Hours Feedback

park we frequent often and live nearby. That area is perfect for off leash.

125	I live very close to this park and enjoy training my labrador retriever who is a bird dog at this park. Training my dog is very difficult when keeping him on the leash. I have an electronic collar and controller that I can control my dog with up to a quarter mile. My dog is exceptionally well trained compared to most and would greatly benefit from off leash showers at Phillippi Park.	7/8/2022 9:25 AM
126	The Boise area has a fast growing population and a limited options for off leash dog use. I am within walking distance of Phillippi Park. I have a well behaved, high energy dog, and I would love to opportunity to run my dog without having to add to the traffic/air pollution problem by driving my dog to an off leash area.	7/7/2022 8:19 AM
