OFF-LEASH TIPS

Please remember the following when using designated off-leash areas:

- Gates, where present, must be closed upon entering and exiting.
- Never leave your dogs unattended or allow them out of sight, and never leave the area without your dogs.
- Always carry leash; leash dogs when entering/leaving park.
- You are legally responsible for your dog's behavior and any injuries or damages they cause.
- Lots of people are afraid of dogs – even friendly ones. Never assume people want to meet your dog.
- Many dogs – even the most obedient – can become aroused visually, or by a scent or noise, and may chase or scare wildlife away from nesting, feeding, and resting sites. Be courteous to wildlife; have your leash ready.
- Use caution: Wildlife may bite or transmit disease to your dog, or your dog may ingest poisonous plants.
- Dogs that are in heat or not neutered should be kept away from other dogs.
- For safety reasons, please remove pinch, spike or choke collars and halters before entering off-leash areas.
- Some dogs are not used to being around children and may react negatively. If there are children in the area, please keep your dog under your immediate control.
- Give your dog lots of drinking water before and after exercise (you too!); check ears and between toes for pesky seeds or thorns.

Dogs can run off-leash in designated areas of the Boise Foothills, as long as they do not disturb wildlife or cause a safety concern with other trail users.

TRAIL RULES TO REMEMBER

- Several trails are designated as "Controlled Off-Leash." This means dogs must be within 30 feet of the owner and stay on the trail.
- Dogs must not approach or harass people, other pets or wildlife.
- Bring along waste bags or "mutt mitts" and be prepared to clean up after your dog.
- Share the trails by managing your dog!
