GOAL!

Hockey Learn to Play

An annual membership from USA HOCKEY is required for all participants. Go to USAHockey.com to purchase your annual USA HOCKEY Membership before enrolling.

Idaho IceWorld will provide hockey rental equipment for a one-time equipment rental fee of \$35. This rental fee will be charged per child, one time for the duration of their participation in the Hockey Learn to Play program. This fee will be assessed at the time the equipment is picked up or assigned. Helmet and stick must be provided by skater.

The focus and goal of the Hockey Learn to Play curriculum is to teach beginner hockey players the fundamentals of skating. It is important for these developing players to become comfortable on the ice, learn the basic hockey stance, stride, knee bend, use of edges and how to hold a stick before moving into a 6U or 8U full hockey curriculum. Players need to be able to participate in class independently from adult. Scholarships are available.

PERFORMING ARTS/DANCE

PROGRAM Performing Arts

Through weekly dance classes we will work on the amazing physical benefits of dance and the role dance classes take in the development of young people. Depending on the age of our dancers, we will work on spatial awareness, lining up, taking turns, encouraging each other, learning our names, learning right from left, listening skills, following directions, shapes, creative thinking, respecting each other and problem solving.

RECITAL FEES

Our annual dance recital is tentatively scheduled for May 13. A costume fee of \$9.54 and a recital fee of \$9 is added to your registration for the spring session. Participation in the recital is not mandatory. Fees are used to offset the cost of costuming and auditorium reservation, allowing the recital to be free for viewers to attend! Not all classes are in recital.

BALLET, JAZZ & CHEER COMBO

AGES 3.5-5 This is the perfect class for those who just want to have fun moving and performing with music, but aren't sure how. Students will begin learning the basics of ballet, jazz and cheer. Participants should come ready to move and have a great time. No special shoes or clothing required.

RECITAL FEES

Our annual dance recital is tentatively scheduled for May 13. A costume fee of \$9.54 and a recital fee of \$9 is added to your registration for the spring session. Participation in the recital is not mandatory. Fees are used to offset the cost of costuming and auditorium reservation, allowing the recital to be free for viewers to attend!

Horticulture Series

Unless noted otherwise, all classes will be held virtually. Please provide a valid email address.

FRUIT TREE PRUNING

Knowing how and when to prune for fruit is much different than pruning an ornamental tree. If you have a fruit tree, this is the class for you!

LAURA MOORE CUNNINGHAM CITY ARBORETUM TOUR – In Person

Come tour the nursery and see where the city grows its trees. We will look at basic nursery production, discuss species identification and learn about characteristics of small trees. Next we'll walk to the Kristin Armstrong Municipal Park and look at mature specimens. We will walk on uneven surfaces which may be potentially dusty or muddy depending on the spring weather. Please wear appropriate footwear. Class is free, but registration is required.

ORGANIC GARDENING

You'll learn the basics of organic gardening and leave knowing how to grow a successful organic garden, and how you can enjoy the health and personal benefits of cultivating your own food. Topics will include garden planning, plant selection and care, water, and weed and pest management.

ROSES

Caring for roses is a year 'round job. Class will cover pruning techniques and how to treat some of the most common pests in roses, including Bacterial Cane Blight.

TREASURES OF THE BOISE FRONT: Wildflowers & More

Did you know that the Boise Front is special for its diversity of rare, unusual and even

Organic Gardening

recently-discovered wildflowers? We will go on a photographic journey to explore the floristic treasures of the Boise Front, from Bonneville Point to Mores Mountain to Spring Valley, growing in a diversity of unique habitats.

TREE BIOLOGY

Get the dirt on soil and plant interactions. Learn the basics of caring for the soil, as well as basic plant structures. You'll walk away with a growing understanding on how to manage soil and proper tree care for healthier, longer living trees.

TREE PROBLEMS

Learn about insects and diseases that affect our trees and the most common problems people create by incorrect cultural practices. Learn to identify the problems and get suggestions on how to correct them.

TREE PRUNING

This class addresses much more than just cutting off branches. Incorrect pruning can cause serious problems for your trees. Learn the correct way to make a pruning cut, the tree's response to the cuts and how to prune for the long-term health and beauty of your trees.

TREE SELECTION AND PLANTING

Planting incorrectly is one of the most common reasons for tree failure. Unfortunately, sometime the problem isn't evident for 10 or more years. Once you've chosen the perfect tree for your area, learn the correct way to plant (or what to look for when someone else plants) to ensure the tree's long-term success.

EDUCATION

Idaho Master Naturalists

The City of Trees Idaho Master Naturalist chapter is seeking participants for its 2023 class. The Idaho Master Naturalist program is an adult environmental education and volunteer program that engages participants

in the stewardship of Idaho's natural world. Certify as an Idaho Master Naturalist by completing 40 hours of education and 40 hours of volunteer service with the City of Trees chapter. Classes take place 9AM-12PM on the second and fourth Wednesday each month, from March-October. There is a \$100 participation fee.

Idaho Master Naturalist Program

VOLUNTEER

Pollinator Posse, Tuesday Mornings; 9 – 11 AM

Pollinator populations across the globe have declined drastically, with some species declining up to 90%. Boise Parks and Recreation is providing pollinator habitat by planting, monitoring and maintaining dedicated pollinator areas in Boise parks. Our Pollinator Posse is a group of champions who hold weekly work parties to help plant new pollinator plants, prune, remove weeds and monitor for pollinator use. Weekly work parties begin in late March.

Tree Stewards, Thursday Mornings; 9-11 AM

Boise Parks and Recreation is seeking participants for its 2023 Tree Steward program. The program gives residents an opportunity to learn about and care for our community's trees through a combination of training and hands-on experience. Volunteers complete an orientation in March of 2023, where trained

VOLUNTEER

and certified tree care professionals teach how to identify trees, how trees grow, proper planting techniques, pruning basics and how to diagnose common tree problems. Participants will then help care for park trees on Thursday mornings through October. Participants completing 30 hours of service during the year become certified Tree Stewards.

Julia Davis Park Rose Garden, Friday Mornings, 8 – 11 a.m.

Since 1935, the Julia Davis Rose Garden has attracted gardeners who share a passion for roses. It is a labor of love by and for the people of Boise, and you can help continue that tradition by volunteering. Beginning April 2, weekly work sessions will be held Fridays from 8-11AM. No green thumb is required. Our professional staff will provide direction and training for anyone interested in lending a hand.

VOLUNTEER FOR WILDLIFE CONSERVATION

Zoo Boise

At Zoo Boise, our mission is to connect our community with the conservation of wildlife worldwide. This winter, we will be recruiting passionate, conservation-minded individuals to become volunteers and provide a fun and educational experience for our zoo guests in the spring and summer of 2023. Volunteer opportunities include:

- Raising funds for conservation at our public animal encounters
- Sharing the value of volunteering with a family member
- Greeting guests and hosting education stations throughout the zoo
- Volunteering at our exciting annual events including Easter Eggstravaganza and Boo at the Zoo
- Captaining our Conservation Cruise, which takes guests on a journey to “Africa”
