- 8 Park Entrance Plaza
- 9 Completed Loop Trail
- 10 New Trees
- 11 Existing Skatepark
- 12 Existing Baseball Fields
- 13 Existing Playground

CHARLES F. MCDEVITT YOUTH SPORTS COMPLEX

MASTER PLAN

1 Basketball Court

Diversifying the selection of traditional sports at the park by the addition of a basketball court.

Materials:

- Concrete court
- Durable metal hoops

2 Nature Playground

Playground focused on natural elements and imagination based play.

Materials:

- Natural wood
- Boulders
- Rope
- Recycled materials

3 Skatepark Features

Non-traditional skatepark features that will compliment the existing skatepark and provide diverse options for creative skating.

Materials:

- Concrete
- Steel

4 Bicycle Pump Track

All-season pump track for a variety of skill levels and ages.

Materials:

- Asphalt
- Dirt

5 Bicycle Trails with minor features

Bicycle trails traversing contoured slopes through native plantings.

Materials:

- Gravel
- Reclaimed concrete
- Dirt

6 Native Planting Beds

Native Idaho plant selections providing a vernacular landscape while being low-maintenance and water conscious.

Materials:

- Native Idaho flower and grass palette

7 Fenced Dog Park

Addition of an all season, fenced in dog park to allow for year-round options for dog owners.

Materials:

- Mixture of grass and gravel surface
- Wooden split rail fence with welded wire mesh

8 Park Entry Walk

Wide, inviting entry walk into park, complete with native planting beds, shade trees and seating.

Materials:

- Concrete
- Planting areas
