PERFORMING ARTS/DANCE

PROGRAM

Performing Arts

Through weekly dance classes, we will work on the amazing physical benefits of dance and the role dance takes in the development of young people. Depending on the dancer's age, we will work on spatial awareness, taking turns, learning right from left, following directions, creative thinking, respecting each other, problem solving and more. We will use dance to learn, grow and get ready for the next big step in your dancer's life.

WINTER DANCE CARNIVAL

This year's Winter Dance Carnival is on December 21. The relaxed, family-friendly environment gives young dancers a chance to show off what they've been working on this fall. There will be fun activities/games to try, and every half hour we will present a short 15-minute 'mini' recital. Think school carnival meets dance recital! A \$7 dollar recital fee has been added to our October-December session to help offset our costs and keep this event free for families and friends to attend. More information will come in early November.

BALLET – Musical

AGES 3.5-5 This fun introduction to dance and ballet is great for boys and girls alike! Through basic steps, terminology, creative movement, storytelling dances and ballet, we will encourage creativity, coordination and self-esteem.

MOVE IT!

AGES 3.5-5 Learn basic dance steps, terminology and explore creative movement styles through imaginative music and games in a fun environment. Dancers will learn to enhance physical development, interact with others, follow directions and improve self-esteem.

TAP – Beginner/Intermediate

AGES 5-7 What could be better than having fun while making music with your feet? Tap helps develop strong legs, balance and quick feet. Students will have a tremendous amount of fun learning the basics in a fun, positive environment. Tap shoes are needed. For information on where to purchase, please contact Clay Lee, 208-608-7684.

PICKLEBALL LADDER LEAGUES

AGES 16+ Ladder leagues are organized leagues in which players with similar skills compete against each other in a competitive, structured and weekly format. Think of a pickleball “ladder” as a graphical representation of a player’s ranking (by skill and performance) over a period of time. The rungs on the ladder represent a player’s current position (ranking) on the ladder relative to the other players – with the top rung of the ladder being the individual currently ranked the highest (the best winning percentage) and the bottom rung being the lowest-ranked individual or team. The ultimate goal is to climb the ladder to the highest rung. Please see the online registration site for a complete description.

ADAPTIVE RECREATION

THIS PROGRAM IS DESIGNED FOR INDIVIDUALS WITH DISABILITIES, HOWEVER, EVERYONE IS WELCOME.

PROGRAMS & SERVICES

Boise Parks and Recreation's AdVenture Program provides a wide range of programs for youth and adults with disabilities. We also offer inclusion services in which modifications may be provided so that an individual with a disability can fully participate in Boise Parks and Recreation's programs. Services such as sign language interpreters, additional staff, adaptive equipment, etc. may be provided with a minimum of three or more weeks advanced notice of the program start date with no cost to the participant. To inquire about inclusion services, please contact Emily Kovarik at 208-608-7687 (TTY: 1-800-377-3529) or ekovarik@cityofboise.org. Reasonable modifications are based on individuals' needs and abilities.

PARTICIPANT PERSONAL NEEDS

The adaptive recreation staff and volunteers provide leadership for the program but are unable to provide assistance with self-care needs (feeding, toileting assistance, etc.). Care providers should accompany participants who need personal care. Participants who have behavioral issues may be asked to participate with an aide in attendance. Please let us know upon registration if you will be bringing your own aide as fees for aides may be waived or may vary depending on the activity. Participants should enjoy meeting new people, be able to function in a group setting and need to be able to adjust to new routines and environments. Please call 208-608-7680 to learn more.

AGES

Many of our programs welcome people under the specified age range. However, an adult may need to sign up with them. Please call 208-608-7680 to learn more.

FINANCIAL ASSISTANCE

Boise Parks and Recreation offers financial scholarships to qualified youth, seniors and adults with disabilities. To find out if you qualify to receive a scholarship, which will help pay for a class or activity, apply in advance at Fort Boise Community Center or cityofboise.org/Adaptive-Recreation.

DONATIONS WELCOME

We rely on donations so that we can offer scholarships to adults with disabilities who have financial difficulties. Please send tax-deductible donations to the AdVenture Heritage Fund, Boise Parks and Recreation, 700 Robbins Road, Boise, Idaho 83702. Thank you, your support is greatly appreciated!

VOLUNTEER ★

FIELD GUIDE

To Boise's Birds

Birds are found in nearly every city setting, from urban micro parks to the sprawling foothills that border our northeastern edge. Birds visit backyard feeders, perch in low shrubs and on tall structures, swim in our river, lakes and ponds, nest in our trees and soar overhead. A variety of Boise's habitats attract and support hundreds of species, and we invite you to explore some of the area's most common birds.

The Field Guide to Boise's Birds is available for free online. Printed versions can be purchased at the Boise Parks and Recreation Administration Office for \$8 plus tax.

Have a love of the outdoors and wondering what to do with your spare time? Boise Parks and Recreation's volunteer program will get you out communing with nature and meeting people with similar interests.

Participants certify as an Idaho Master Naturalist by completing 40 hours of education and 40 hours of volunteer service with the City of Trees chapter. Classes take place twice a month on Wednesday mornings, 9AM-12PM, from March – October, and there is a \$100 participant fee.

VOLUNTEER

2025 TREE STEWARDS, Thursday Mornings; 9-11AM

Do you have a love for trees or simply want to learn more about them? Boise Parks and Recreation is seeking participants for its 2023 Tree Steward program. The program provides opportunities for residents to learn about and care for our community's trees through a combination of training and hands-on experience. In late March/early April 2024, volunteers will complete an orientation with trained and certified tree care professionals. Participants will learn how to identify trees, how trees grow, proper planting techniques, pruning basics, and how to diagnose common tree problems. They will help care for park trees on Thursday mornings through October. Participants who complete 30 hours of service during the year become certified Tree Stewards.

TREE WRAPPING, Tuesdays; 10AM-12PM

The Boise River riparian corridor provides critical habitat for a wide range of species including Bald eagles. Black cottonwoods and willows are critical components of this habitat and unfortunately are also a favorite food and construction resource for the American beaver. Beginning this fall/early winter, we could use your help protecting trees from beaver damage by wrapping them with wire and replacing old wire. Volunteers may also assist with noxious and invasive species control as well as other riparian stewardship projects. We will tackle a different section of the river corridor each week.

SERVICE PROJECTS

Service projects can be scheduled throughout the season. These are typically one-time efforts that range from 3-4 hours, depending on location and group size. Common projects include park spruce-ups, tree mulching, amenity painting and repair, trash pick-up and tree wrapping.
