Subject: Request for Recycling Container Installation

Dear [Property Management Company Name],

I am writing to bring to your attention an important matter that concerns our community's environmental impact and sustainability efforts. I am requesting the installation of a recycling container within our property premises.

Here are a few key points to consider regarding this request:

1. **Cost Savings:** Per the City of Boise rates ([link here](#)), recycling containers cost approximately 40% less than trash dumpsters of the same size. Implementing a recycling program could potentially result in cost savings for our community in waste disposal expenses.
2. **City Support:** The City of Boise provides valuable resources such as signage and educational materials to promote proper recycling practices among residents. These materials can aid in ensuring that recycling is used effectively and correctly within our community.
3. **Space Availability:** I have observed that there is sufficient space available within our current waste enclosure or nearby where a recycling container could be safely placed without causing any inconvenience or obstruction.

Promoting recycling not only benefits our community but also contributes positively to our environment by reducing landfill waste and conserving valuable resources. I believe that by introducing a recycling program, we can collectively make a meaningful impact and meet our city's climate action goals.

I kindly request that the property management company consider initiating discussions with the appropriate authorities to implement a recycling program for our community. If needed, I am willing to assist in any way possible to facilitate this process.

The City of Boise Curb It team is available to provide on-site assistance on locating the recycling container, and can provide a free waste evaluation to ensure the recycling program is successful at [property name]

Thank you for considering my request. I look forward to hearing from you regarding the steps being taken towards this initiative.

Sincerely,

[Your Name]
