### ANIMAL ABCs

**AGES 4-6** With crafts galore, zoo exploration, stories, imaginative play and animal meet & greets, we'll foster early literacy skills by turning each day into an alphabet quest.

### COLORFUL CRITTERS

**AGES 4-6** Vibrant adventures await as each day brings a splash of color inspired by our amazing animal friends. Campers will explore the zoo, engage in lively games and create colorful masterpieces, all while discovering the beauty of the animal kingdom.

### CREEPY CRAWLIES

**AGES 4-6** We have snakes that slither, sneaky stick insects and our not so sloooow tortoises. Learn about herpetology and entomology and how we care for our cold-blooded friends. Meet our animal ambassadors to further appreciate these necessary critters.

### DR. ZOOLITTLE

**AGES 4-6** Future veterinarians start the week by creating their own vet kits, complete with stethoscopes, badges and ID cards. Set up a mini animal hospital where campers can diagnose "injured" stuffed animals, prescribe treatments and learn about the importance of animal care.

### FUR-FEATHERS-SCALES

**AGES 4-6** Discover what makes furry, feathered and scaly creatures unique. Campers will waddle like penguins, roar like lions and slither like snakes while learning about how animals live, eat and play. With games, colorful crafts, stories, and animal ambassadors, this camp is perfect for curious kiddos!

### JUNIOR ZOOKEEPING

**AGES 4-6** What is it like to work at a zoo? Learn to design and create exhibits, make diets, identify scat, train animals, meet zoo staff and find out how zoos and their guests are helping to protect animals in the wild.

#### JUNIOR NATURALIST CAMP

**AGES 10-14** Take a tour of the natural world in our local parks through hands-on training focused on ecosystems and environmental impacts. We'll visit three locations in the city, doing sustainability projects at each location that really make a difference. Drop off and pickup at Kathryn Albertson Park each day.

#### NATURE WRITERS

**AGES 9-12** Creative writing makes science come alive through this partnership with The Cabin at the Foothills Learning Center. Together with an FLC naturalist and Cabin teaching-writer, you'll observe our native environment and translate what you learn to wildly original poetry and stories. Campers will spend time both indoors and outdoors and should dress for the weather. Wear sturdy, closed-toed shoes and pack a water bottle, snack and lunch.

#### "REC 'EM"

This course will have a strong emphasis on safety, peer learning and having fun.

#### SAILING CAMP – Racing/Advanced

**AGES 12-17** Racing Camp is for graduates of the Intermediate Sailing Course, have comparable certificate of course completion, or demonstrate comparable sailing experience. Sailors attending race camp will continue to expand their skills on the water in addition to learning basic racing tactics including starts, mark rounding, right-of-way rules and boat speed techniques. Short course racing, distance racing, and games will allow each student to advance skills with healthy competition and fun as a top priority. Different boat types will be examined and discussed as well as post-graduation sailboat racing options in Idaho.

Though some day trips will be based around food, campers should bring their own lunch. Campers can attend a specific day that best piques their interest or attend all week long!

**MOVE IT MONDAYS:** Attend a local attraction based around moving your body! Trips may include visits to a trampoline park, pool, obstacle course or ice rink. Come prepared to move!

**TASTY TUESDAYS:** Like to cook, bake or watch cooking shows? Campers will go to a local shop, then try their own hand at making it themselves. Will you win Cupcake Wars or be the next Master Chef? Where are the best places to get treats locally?

**WILD WEDNESDAYS:** Explore attractions created by Mother Nature, hike Stack Rock, explore Bogus, plunge into Lucky Peak or geocache in downtown Boise. Have a blast in outdoor Idaho!

**THINKING THURSDAYS:** School's out but your brain isn't! Join us for fun activities that use your brain. Escape rooms, planetariums, STEM challenges, history tours, scavenger hunts and more mind-blowing trips.

## SUMMER CAMPS CONT'D

### OUTDOOR

#### BOGUS BASIN MOUNTAIN DISCOVERY TEEN CAMP

**AGES 12-14** Teens will explore their local mountain recreation area through epic hikes, hands-on activities and instructor-guided experiences. Dive into nature, develop a deeper connection with the great outdoors and make lasting memories and friendships at Bogus Basin. Activities include scavenger hunts, basic survival shelter builds, land navigation, capture the flag and more. Daily transportation to and from the mountain is provided. Teens should dress for the weather and bring a backpack, snack, lunch and water bottle. Camp repeats activities each week.

#### JUNIOR BEEKEEPING CAMP

**AGES 10-14** Campers will learn everything from the basics of pollination to how honeybees live. Once we have the basics down, we'll suit up to work directly with the bees, learning how to handle, harvest, and process honey from our hives.

#### JUNIOR NATURALIST CAMP

**AGES 10-14** Take a tour of the natural world in our local parks through hands-on training focused on ecosystems and environmental impacts. We'll visit three locations in the city, doing sustainability projects at each location that really make a difference. Drop off and pickup at Kathryn Albertson Park each day.

#### SAILING CAMP – Beginner

**AGES 12-17** No sailing experience is required for the beginning sailing classes.

#### SAILING GIRLS ONLY – Beginner

**AGES 12-17** Come learn to sail with just the girls! No sailing experience necessary.

#### SAILING CAMP – Intermediate

**AGES 12-17** Open to participants who have completed the Beginner Level course, have a comparable certificate of course completion, or demonstrate comparable sailing experience. We will build upon skills already learned to further develop understanding of sail controls, helming, sail trim, boating safety, racing rules, strategy and other US Sailing skills. This course will have a strong emphasis on safety, peer learning and having fun.

#### SAILING CAMP – Racing/ Advanced

**AGES 12-17** Racing Camp is for graduates of the Intermediate Sailing Course, have comparable certificate of course completion, or demonstrate comparable sailing experience. Sailors will continue to expand their skills on the water in addition to learning basic racing tactics including starts, mark rounding, right-of-way rules and boat speed techniques. Short course racing, distance racing, and games will allow each student to advance skills with healthy competition and fun as a top priority. Different boat types will be examined and discussed as well as post-graduation sailboat racing options in Idaho.

### YOUTH SAILING PROGRAM

Participants will learn to sail using classroom, land-based, and on-the-water instruction from certified US Sailing Instructors. Campers will learn sailing terminology and elements, water safety, tacking, gybing, and upwind/downwind sailing techniques. Participants **MUST** be able to swim 25 yards in open water while wearing a life jacket. A swim check will be conducted on the first day; participants unable to complete the 25-yard swim test will not be allowed to continue the program.

**Transportation to and from Spring Shores Marina is not included – participants will need to provide their own transportation for the week.**

Come ready to participate each day by dressing for the weather, bringing or wearing swimsuit, snack, lunch (cooler available), water bottle, sunscreen and closed-toed shoes that can get wet. (Aqua socks are a great option - for safety NO flip-flops or open-toed sandals allowed). Hat, sunglasses, towel and change of clothes each day are highly recommended! A participant letter with details on what to expect each day will be emailed the week prior to start of camp. Camp brought to you through partnerships with Idaho Parks and Recreation, Ada County Parks & Waterways, Southern Idaho Sailing Outreach, and Boise Parks and Recreation. For more information or questions, please contact Clay Lee, 208-608-7684 or [clee@cityofboise.org](mailto:clee@cityofboise.org)

## SWIMMING (AGES 2-18)

### SWIM LESSONS

#### SWIM LESSONS

### Youth Outdoor Pool Swimming Lessons

Classes are available at all outdoor pools through Boise Parks and Recreation's Aquatic Lesson Program. Each 2-week session consists of 7-8, 25-minute classes. Days may vary due to holidays and swim meets. Class sizes are limited, and registration is on a first-come, first-served basis. Preschool classes are available for ages 2-4 years and must be accompanied by an adult in the water. For all other classes, students must be at least four years of age. Please use the descriptions below to place your child in the class that best matches their current skill level. If you are not sure which lesson is best, please first read through the descriptions below. If you still have questions, call Fort Boise Community Center at 208-608-7680.

#### TIPS FOR BOOKING SWIM LESSONS:

- Please read the descriptions of each class below carefully before booking, so that you can find the best match for your child.
- If you plan to book more than one session, we recommend not booking more than two of the same level. Choose one level up on the third session, unless your child is enrolled in the pre-school class, which requires an adult. Example: Book session # 1 for Adventurers, session # 2 for Adventurers and session #3 for Explorers. These are progressive classes.
- Know your child; will they need a break between sessions?
- If registration is full for your swimmer's age group, be sure and add them to the waitlist for an opportunity to enroll in your requested session. If a waitlist spot becomes available, you will be contacted prior to the start of the session.

#### PRE-SCHOOL

**AGES 2-4 + ADULT** Adult/child classes introduce children to basic skills, while becoming comfortable and emphasizing fun in the water. Children must be always accompanied by an adult on deck and in the water.

#### ADVENTURES

**AGES 4-10** Children starting this class should be comfortable getting their head wet and going under water. Skills learned in this class include front float/glide independently, back float with assistance, proper kicking and alternating arm movements.

#### EXPLORERS

**AGES 4-10** Children are taught underwater exploration, rhythmic breathing and begin to swim short distances on their front and back.

#### PROPELLERS

**AGES 6-17** Children refine their front crawl and concentrate on proper breathing techniques. Children learn to swim the back crawl. Breaststroke and diving are introduced.

#### SWIMMERS

**AGES 6-17** Children continue to work with the front and back crawl and refine breaststroke by swimming longer distances. Diving technique is refined; elementary backstroke, scissor kick and dolphin kick are introduced.

#### SWIMMERS/COMPETITORS

**AGES 6-17** Combined swimmers & competitors class focuses on increasing endurance and refining techniques with all strokes.

#### COMPETITORS

**AGES 7-17** Children work on increased endurance for all strokes and learn proper turns for each stroke. Butterfly and sidestroke are introduced along with diving from a standing position.

#### ADAPTIVE SWIM LESSONS (Borah Pool Only)

**AGES 5+ (No Age Exceptions)** Adaptive swimming lessons are offered to participants with disabilities who would like to develop swimming skills and water safety awareness. Lessons will be under close supervision by the teachers but will not be 1:1. Previous swimming or water experience is not necessary. All lessons will take place at Borah Pool; an aquatic lift is available.

### SPECIAL HOURS

## Adult & Child Preschool Open Swim

Take advantage of a special time for preschoolers to enjoy swimming in the wading pool during morning hours. This session is available at regular admission prices and open to children **ages 6 and under** when accompanied by an adult. **SWIM LESSON REGISTRATION DOES NOT INCLUDE FREE ADMISSION TO THIS ACTIVITY.**

### NATATORIUM & IVYWILD POOLS:

Monday-Friday, 10AM-12PM, June 9-August 1

Increased concerns with water-borne illnesses and child safety have made it necessary for adults to become more vigilant in supervising children, taking children to the restroom more often and keeping children out of the pool for two weeks following stomach illnesses. We have stepped up enforcement of direct adult supervision (defined as always within reach of an adult's arms) of children under three years of age and/or children who are not potty-trained. Children meeting these conditions are also required to always be in an adult's arms when in our main pools.

LESSONS  
Pickleball

Students may sign up for more than one session, bring your own paddle. Paddles may be available for use at the site.

**PICKLEBALL BOOTCAMP – Adult/Child Beginner**

**AGES 11-14 + ADULT** Adults and children will start the class apart as they learn the basics. Bootcamp will end with adult/child playing together as a team.

**PICKLEBALL BOOTCAMPS**

**BEGINNER/ADVANCED BEGINNER:** Learn the basics of pickleball if you are a beginner or enhance your skills to become a higher-level player if you have already taken a course. Class ends with match play.

**INTERMEDIATE:** Bootcamp will focus on balance, positioning, timing and court strategy. You must have previously taken an advanced beginner course to enroll in this class. Class ends with match play.

**PICKLEBALL LADDER LEAGUES**

**AGES 16+** Ladder leagues are where players with similar skills compete against each other in a competitive, structured format. Think of a pickleball “ladder” as a graphical representation of a player’s ranking (by skill and performance) over a period of time. The rungs on the ladder represent a player’s current position (ranking) on the ladder relative to the other players. The top rung will be the individual currently ranked the highest and the bottom rung will be lowest-ranked individual or team. The goal is to climb the ladder to the highest rung.

**PICKLEBALL LESSONS**

**BEGINNER:** New to pickleball or never played and want a better understanding of the basics? Basic rules including scoring and strokes are introduced.

**INTERMEDIATE:** Players practice dinks, volleys, smashes, serving, ground strokes and foot work. (Must have taken a beginner pickleball lesson).

**NEW PICKLEBALL – Mixed Double Ladder Nights**

Teams (1 male/1 female) will play for 2 hours in a fast-paced ladder format. All teams randomly choose where to start for the night, if your team wins you move up a court, if your team loses, you move down a court. Games are played to 11 points. This is a fun way to play with your friends while getting lots of games in! Each date (within listed date range) requires its own registration.

**NEW PICKLEBALL – Open Court Play by Ability**

Are you looking to play with a group of individuals at the same rating as you? Join us for level-specific open play to help you improve your game and get fun, competitive games in. Come and leave at any point within the duration of time listed. Each date (within listed date range) requires its own registration.

and Recreation is working hard to provide pollinator habitat by planting, monitoring, and maintaining dedicated pollinator areas in Boise Parks. To help us care for these areas, we are looking for some pollinator champions to join our Pollinator Posse. Beginning March 25th, we'll hold weekly work parties on Tuesday mornings from 9-11AM. Participants will help prune, add ground cover to planting beds, remove weeds, plant new pollinator plants as needed and monitor for pollinator use.

**Julia Davis Park Rose Garden, Friday Mornings; 8-11AM**

Since 1935, the Julia Davis Rose Garden has attracted gardeners of varying expertise who share one thing in common – a passion for roses. The rose garden has always been a labor of love by and for the people of Boise, and you can help continue that tradition by volunteering to care for the garden. Beginning April 4, weekly work sessions will be held Friday mornings, from 8-11AM. No knowledge of plant care is required. Our professional staff will provide direction and training for anyone interested in lending a hand.

# VOLUNTEER

## SERVICE PROJECTS

Looking for a great way to engage in the community? Consider tackling a service project in a Boise park. Service projects are generally one-time projects that range from 3-5 hours. Common projects include park spruce-ups, tree mulching, site amenity painting and repair, trash pick-up, weed removal and tree wrapping.

## VOLUNTEER WITH ADAPTIVE RECREATION

If you are age 18 and older, the AdVenture program could use your help! Volunteering is a great way to give back to the community and someone who needs a hand. Please contact Seth Hoffman at 208-608-7582 (TTY: 1-800-377-3529) or [shoffman@cityofboise.org](mailto:shoffman@cityofboise.org) to learn more about safety restrictions and upcoming volunteer opportunities.

## COMMUNITY SCIENCE OPPORTUNITIES

### CITY NATURE CHALLENGE, April 25 – 28

Join the effort to document the fascinating diversity of plants, animals, fungi, and more in our parks and open spaces by participating in the 2025 City Nature Challenge. Between April 25 and 28, participants in approximately 400 communities across the globe will document local biodiversity using the free iNaturalist app. In Boise, volunteers are encouraged to visit their favorite park, trail or open space to collect data.

### DRAGONFLY MONITORING, May 15

Dragonflies provide an important link between aquatic and terrestrial habitats. Help document dragonflies in Boise parks by participating our Dragonfly Pond Watch Program. Volunteers adopt a pond to monitor for dragonfly activity from May-September. Data collected will help scientists better understand the diversity, abundance, and migration patterns of dragonflies throughout Boise. Training and monitoring materials will be provided. Training is scheduled for Thursday, May 15, from 10AM-12PM at the Jim Hall Foothills Learning Center.

### BEE WATCH, April 24

Bee Watch is a community-based science project that engages volunteers in collecting data about bees and other pollinators across a diverse range of habitat in Boise including parks, open spaces and pollinator gardens. Although bees are the most important and efficient pollinators, our current understanding of the types of bees that utilize different habitats is limited. This

project provides an opportunity for volunteers to contribute to global efforts to establish baseline information on population diversity and status of bees and other pollinators. Participants will conduct pollinator surveys at predetermined sites across Boise. Training is scheduled for April 24 from 5:30-7PM at the Jim Hall Foothills Learning Center.

### FIELD GUIDE

## To Boise's Birds

Birds are found in nearly every city setting, from urban micro parks to the sprawling foothills that border our northeastern edge. Birds visit backyard feeders, perch in low shrubs and on tall structures, swim in our river, lakes and ponds, nest in our trees and soar overhead. A variety of Boise's habitats attract and support hundreds of species, and we invite you to explore some of the area's most common birds. The Field Guide to Boise's Birds is available for free online. Printed versions can be purchased at the Boise Parks and Recreation Administration Office for \$8 plus tax.
