Players need to be able to participate in class independently from parent. Scholarships are available for low income-qualifying households.

# ZOO BOISE

## CRITTER COLLEGE

**AGES 5-7** Discover a world of adventure and learning in a new education program for kinders and first graders. This 3-hour drop-off mini-camp is perfect for starting the week with wild educational activities! Please bring a snack and water bottle for a 15-minute break during class. Each month, children will explore a new theme:

### ZOOLOGICA 101: WHO'S WHO AT THE ZOO?

Step into the world of zoology as we learn how scientists group animals by their amazing traits. Become a junior zoologist as we explore the differences between mammals, birds, reptiles, amphibians and more!

### CRITTERS IN LOVE: ANIMAL VALENTINES:

A lighthearted look at “love” in the animal kingdom. We will explore how critters show care, friendship and teamwork! From penguins giving pebbles, to gibbons singing duets, to bonds with their keepers. We will make creative crafts to share a little wild Valentine’s cheer.

### ANIMAL DEFENSES 101: PROTECT YOURSELF!

Discover the clever ways animals stay safe in the wild, from spikes and shells to stinky sprays and speedy escapes! We'll explore our zoo animals and play games to test out our own “animal defense” skills.

### CRITTER CUISINE 101: WHAT'S ON THE MENU?:

Learn what different animals eat and how their bodies are built for their favorite foods! From crunchy leaves to juicy meat, we'll explore zoo animals' menus and incorporate imaginative play to become junior chefs of the wild. Designed for young animal lovers and future conservationists.

## PRESCHOOL ZOO

**AGES 3 + ADULT** This series features a different animal each week. Activities are designed to be multi-sensory and may include mini zoo tours, movement activities, listening to stories, crafts, touching artifacts and meeting live animals. All children must be accompanied by an enrolled, paying adult ready to take part in the activities. Maximum of 2 children per enrolled adult. For everyone's safety and enjoyment, unregistered children (including siblings) may not attend. All children must be at least 3 years old. Both must register individually; price for program covers all classes in that series. Program is scheduled before the zoo is open to the general public; regular Zoo Boise admission is not included in program registration.

## STROLLER SAFARI

**AGES 0-3 + ADULT** Bring your walking shoes and camera on this guided experience through Zoo Boise to bond with your little one as you both learn about the wonders of wildlife. Activities may include mini zoo tours, movement activities, listening to stories, crafts, touching artifacts, and activities that build skills that can be used for a lifetime. Each week will uncover new wonders and provide great tips for nature exploration! Zoo admission not included outside of program hours.

# ZOO BOISE

Critter College

## ADAPTIVE EVENING AT THE ZOO

**ALL AGES + ADULT** Join us for an after-hours zoo experience designed for individuals with disabilities and their families and friends! Stations are focused on varying degrees of sensory input and will include self-guided animal artifact exploration, guided zoo exploration time (please note, some animals have an early bedtime), up close animal encounters and art activities. Registration/payment required for each guest; support professionals should bring a form of ID to receive free admission.

## CRITTER COLLEGE

**AGES 5-7** Discover a world of adventure and learning in a new education program for our kinders and first graders. This 3-hour drop-off mini-camp is perfect for starting the week with wild educational activities! Designed for young animal lovers and future conservationists. Kids only! Please bring a small snack and water bottle for a 15-minute break during class. Each month, children will explore a new theme:

**ZOOLOGICA 101: Who's Who at the Zoo?**: Step into the world of zoology as we learn how scientists group animals by their amazing traits.

Become a junior zoologist as we explore the differences between mammals, birds, reptiles, amphibians and more! From feathers to fur and scales to shells, we'll discover how to tell who's who at the zoo.

**CRITTERS IN LOVE: Animal Valentines:** A lighthearted look at "love" in the animal kingdom. We will explore how critters show care, friendship and teamwork! From penguins giving pebbles to gibbons singing duets and animals bonding with their keepers. We will make creative crafts to share a little wild Valentine's cheer.

**ANIMAL DEFENSES 101: Protect Yourself!**: Discover the clever ways animals stay safe in the wild, from spikes and shells to stinky sprays and speedy escapes! We'll explore our zoo animals and play games to test out our own "animal defense" skills.

**CRITTER CUISINE 101: What's on the Menu?**: Learn what different animals eat and how their bodies are built for their favorite foods! From crunchy leaves to juicy meat, we'll explore zoo animals' menus and incorporate imaginative play to become junior chefs of the wild.

# TREE CARE CLASSES (18+)

## CLASSES

### Tree Care Series

CEU's are available for all classes except the nursery tour and How to Hire an Arborist.

### FRUIT TREE PRUNING

Knowing how and when to prune for fruit is much different than pruning an ornamental tree. If you have a fruit tree, this is the class for you!

### HOW TO HIRE AN ARBORIST

Hiring an arborist can be difficult if you do not know the right questions to ask. Learn key terms that will help you navigate arborist qualifications, ask the right questions and understand estimates.

### LAURA MOORE CUNNINGHAM

### CITY ARBORETUM TOUR

Come tour the nursery and see where the city grows its trees. We will look at basic nursery production, discuss species identification and learn about characteristics of small trees. We'll walk to Kristin Armstrong Municipal Park and look at mature specimens. We will walk on uneven surfaces which may be dusty or muddy depending on the spring weather. Please wear appropriate footwear.

### TREE BIOLOGY

Get the dirt on soil and plant interactions. Learn the basics of caring for the soil as well as basic plant structures. You'll walk away with a growing understanding on how to manage soil and proper tree care for healthier, longer living trees.

How to Hire an Arborist

### TREE PROBLEMS

Learn about insects and diseases that affect our trees and the most common problems people create by incorrect practices. Learn to identify problems and get suggestions on how to correct them.

### TREE PRUNING

This class addresses more than just cutting off branches. Incorrect pruning can cause serious problems for your trees. Learn the correct way to make a pruning cut, the tree's response to the cuts and how to prune for the long-term health and beauty of your trees.

### TREE SELECTION & PLANTING

Planting incorrectly is one of the most common reasons for tree failure. Unfortunately, sometimes the problem isn't evident for 10 or more years. Once you've chosen the perfect tree for your area, learn the correct way to plant (or what to look for when someone else plants) to ensure the tree's long-term success.

## ADAPTIVE RECREATION

THIS PROGRAM IS DESIGNED FOR INDIVIDUALS WITH DISABILITIES, HOWEVER, EVERYONE IS WELCOME.

### PROGRAMS & SERVICES

Boise Parks and Recreation's AdVenture Program provides a wide range of programs for youth and adults with disabilities. We also offer inclusion services in which modifications may be provided so that an individual with a disability can fully participate in Boise Parks and Recreation's programs. Services such as sign language interpreters, adaptive equipment, etc. may be provided with a minimum of two or more weeks advanced notice of the program start date with no cost to the participant. To inquire about inclusion services, please contact Emily Kovarik at 208-608-7687 (TTY: 1-800-377-3529) or [ekovarik@cityofboise.org](mailto:ekovarik@cityofboise.org). Reasonable modifications are based on individuals' needs and abilities.

### PARTICIPANT PERSONAL NEEDS

The adaptive recreation staff and volunteers provide leadership for the program but are unable to provide assistance with self-care needs (feeding, toileting assistance, etc.). Care providers should accompany participants who need personal care. Participants who have behavioral issues may be asked to participate with an aide in attendance. Please let us know upon registration if you will be bringing your own aide as fees for aides may be waived or may vary depending on the activity. Participants should enjoy meeting new people, be able to function in a group setting and need to be able to adjust to new routines and environments. Please call 208-608-7680 to learn more.

### AGES

Many of our programs welcome people under the specified age range. However, an adult may need to sign up with them. Please call 208-608-7680 to learn more.

### FINANCIAL ASSISTANCE

Boise Parks and Recreation offers financial scholarships to qualified youth, seniors and adults with disabilities. To find out if you qualify to receive a scholarship, which will help pay for a class or activity, apply in advance at Fort Boise Community Center or [cityofboise.org/Adaptive-Recreation](http://cityofboise.org/Adaptive-Recreation).

### DONATIONS WELCOME

We rely on donations so that we can offer scholarships to adults with disabilities who have financial difficulties. Please send tax-deductible donations to the AdVenture Heritage Fund, Boise Parks and Recreation, 700 Robbins Road, Boise, Idaho 83702. Thank you, your support is greatly appreciated!

### VOLUNTEER

If you are age 18 and older, the AdVenture program could use your help! Please consider volunteering, it is a great way to give back to the community and someone who needs a hand. Please contact Seth Hoffman at 208-608-7582 or by e-mail at [shoffman@cityofboise.org](mailto:shoffman@cityofboise.org) to learn more about upcoming volunteer opportunities.

### ADAPTIVE RECREATION

#### Customized Activities for Groups

AdVenture offers a variety of adaptive recreation opportunities for groups including art, dance, disc golf, music, adaptive bike rides, outdoor adventures and more. We use the expertise and resources of the AdVenture program to customize recreation programs that meet your group's specific need and goals. For more information, please call 208-608-7687 or email [ekovarik@cityofboise.org](mailto:ekovarik@cityofboise.org)

#### FIELD GUIDE

#### To Boise's Birds

Birds are found in nearly every city setting, from urban micro parks to the sprawling foothills that border our northeastern edge. Birds visit backyard feeders, perch in low shrubs and on tall structures, swim in our river, lakes and ponds, nest in our trees and soar overhead. A variety of Boise's habitats attract and support hundreds of species, and we invite you to explore some of the area's most common birds.

The Field Guide to Boise's Birds is available for free online. Printed versions can be purchased at the Boise Parks and Recreation Administration Office for \$8 plus tax.

Have a love of the outdoors and wondering what to do with your spare time? Boise Parks and Recreation has volunteer programs that are sure to get you out communing with nature and meeting people with similar interests. Throughout the year, volunteers are out in force to help care for our local parks and open spaces, and we would like to invite you to be part of the effort.

#### EDUCATION

#### IDAHO MASTER NATURALISTS

The City of Trees Idaho Master Naturalist chapter is now seeking participants for its 2026 class. The Idaho Master Naturalist program is an adult environmental education and volunteer program that engages participants in the stewardship of Idaho's natural world. Certify as an Idaho Master Naturalist by completing 40 hours of education and 40 hours of volunteer service with the City of Trees chapter. Classes generally take place 9AM-12PM on the second and fourth Wednesday each month, from March – October, and have a \$100 participation fee.

#### VOLUNTEER OPPORTUNITIES

#### COTTONWOOD CREW, Tuesday Mornings, November – March, 9-11AM

The Boise River riparian corridor provides critical habitat for a wide range of species including Bald Eagles. Black cottonwoods and

willows are critical components of this habitat and unfortunately are also a favorite food and construction resource for the American Beaver. Boise Parks and Recreation manages approximately 25 miles of riparian habitat and could use your help in protecting trees from beaver damage by wrapping them with welded wire.

## POLLINATOR POSSE, Tuesday Mornings; 9-11AM

Due to multiple factors, pollinator populations across the globe have declined drastically, with some species declining up to 90%. To help, Boise Parks and Recreation is working to provide high quality pollinator habitat by planting, monitoring and maintaining dedicated pollinator areas in Boise Parks. To help us care for these areas, we work with a great group of pollinator champions who are part of our Pollinator Posse, and we would like to invite you to be part of the team! Beginning in late March, weekly garden parties are on Tuesday mornings from 9-11AM. Participants plant new pollinator plants, prune and thin out existing plants, add ground cover to planting beds, remove weeds and monitor for pollinator use.

## 2026 TREE STEWARDS, Thursday Mornings; 9-11AM

Do you have a love for trees or simply want to learn more about them? Boise Parks and

Recreation is currently seeking participants for its 2026 Tree Steward program. The Tree Steward program provides an opportunity for citizens to learn about and care for our community's trees through a combination of training and hands-on experience. Participants will receive an orientation, where trained and certified tree care professionals inform participants on how to identify trees, how trees grow, proper planting techniques, pruning basics and how to diagnose common tree problems. Participants then help care for park trees on Thursday mornings through October. Participants that complete 30 hours of service during the year become certified Tree Stewards.

## JULIA DAVIS PARK ROSE GARDEN, Friday Mornings, 8-11AM

The rose garden has always been a labor of love by and for the people of Boise, and you can help continue that tradition by volunteering to care for this beautiful garden. Since 1935, the Julia Davis Rose Garden has attracted

gardeners of varying expertise who share one thing in common – a passion for roses. Beginning April 3, 2026, weekly work sessions will be held Friday mornings from 8-11AM. You don't need a green thumb to be a Julia Davis Rose Garden volunteer. Our professional staff will provide direction and training for anyone who is interested in lending a hand.

## CITY NATURE CHALLENGE, April 24 – 27

Calling all nature enthusiasts! Join the effort to document the wonderful diversity of wild things in our parks and open spaces by participating in the 2026 City Nature Challenge. Between April 24 and 27, participants in approximately 350 cities across the globe will document biodiversity in their communities using the free iNaturalist app. In Boise, volunteers are encouraged to visit their favorite park, trail or open space to collect data.
