INITIAL RESPONSE/CONTACT:

On 03/20/2024 I was on patrol, in uniform, displaying a badge and driving a marled patrol vehicle. I was on patrol in a partner car with BPD Ofc Berg. We were assisting on a search warrant service in Downtown Boise when dispatch broadcast a tone alert for a Man With a Gun call. After finishing with assisting on the search warrant call, we responded code 3 (lights and sirens) to assist with the man with a gun call alleged to have occurred at St Alphonsus Hospital located at 1055 N Curtis Rd in Boise, ID. Over time dispatch had updated that some officers were reportedly shot at the hospital and that a suspect in their custody, later identified as Skylar Meade, had escaped custody with an unknown shooter by fleeing in a vehicle. Multiple BPD units responded to the location and made initial contact prior to my arrival to the scene. Units later notified over the air that shots had been fired.

Upon our arrival, Ofc Berg and I joined Ofc J Lee and Ofc Breuninger in clearing part of the 1st, 2nd and 3rd floors of the hospital to ensure that there were no further victims of gunfire or suspects still on scene. We did not locate any victims or suspects during our search.

Ofc Berg and I then took a perimeter position in our patrol unit on the Northwest portion of the St Alphonsus parking lot to provide scene security. Later information was related to us via dispatch that a possible ping of Meade's phone was returning in South Ada County. Ofc Berg and I were then released from out post to join K9 Ofc C Johnson to assist in area checking the ping location near Hubbard Rd and S Cloverdale Ave (Ping radius approximately 1700 meters. We were later updated that a tighter ping radius (Ping radius approximately 41 meters) was located near [redacted] E Columbia Rd. An area check of that location located no suspects or vehicles matching the description that had been given of the suspect vehicle (possibly a gray Honda with 2C plates).

After finishing our area checks with no further updates we returned to the police station. This ended our actions regarding this call.

See related reports for further information.

This report is a summary of my actions on this call. For exact details of this call, please see my attached OBV.

Narrative

INITIAL RESPONSE/CONTACT:
I am currently in the Field Training Officer Program; Officer Sandoval is my Field Training Officer.

On 03/20/2024, at approximately 0217 hours, I responded code three (lights and sirens) to a report of a man with a gun at St. Alphonsus hospital located at 1055 N Curtis Rd.

INVESTIGATION:
While en route to the call, officers advised that shots had been fired and that the subject was holding a pistol in the ambulance port. I arrived on scene and took a position with Officer Sandoval and Officer Gould holding the entrance to the emergency room. A react to was formed and we moved inside the hospital and joined Sergeant Miles and a second react team. We received information that the subject was possibly barricaded in room four of the emergency room. Officer Lee retrieved two shields from patrol units and handed me one. I took a position with officers and provided coverage with the shield. We then received information that the subject fled the scene with an inmate, Skylar Meade. I then moved to clear the triage with officers checking to ensure there were no subjects at large in the hospital.

Officer Sandoval formed a search team along with Officers Gould, Williams, and myself. We were accompanied by a security officer for St. Alphonsus hospital and cleared a portion of the first floor of the hospital. After clearing our assigned area, we stood by and held the outside of the emergency room.

CONCLUSION:
Route with original report.

"I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing be true and correct"

Narrative

I was assigned to follow up a tip from [redacted]. [redacted] reported she observed Boise Police officers at [redacted] N 5th Street at approximately 0200. [redacted] lives next door at [redacted] N 5th Street. Cassandra reported after the uniform Boise Police officers left she witnessed several vehicles arrive at the house and several men walking around the house and one of the men holding a rifle. This was at 0230 approximately.

I then researched calls at this location and determined that Boise Police officers had served a search warrant at [redacted] N 5th Street at approximately 0200 on March 20th.

Narrative

INITIAL RESPONSE/CONTACT:

On 3/20/2024 at approximately 0218 hours, I was dispatched to a "Man With A Gun" call at Saint Alphonsus (1055 N Curtis Rd. Boise, ID). While en route, active intelligence came in that correction officers had been shot in the ER Bay, and there was a man with a gun in the ER Bay. Upon arrival, I immediately observed that the sliding glass door of the ambulance entrance to the emergency room was shattered. I entered the ER through the ambulance entrance and was immediately met by other officers staged inside the emergency room. I assisted officers in clearing the ER and the hospital's first floor as we looked for the suspects. Once the ER and first floor were secured, I assisted by providing security escorts for the ER staff as they transported gunshot victims from the triage area to the imaging centers.

While in the ER, I interviewed two correction officers who were guarding another inmate on the ER floor at the time of the incident. Thomas Edwards and Jacob McGauley provided me with the name of one of the suspects (Skylar Meade). Thomas stated Skylar was transported from maximum security to the ER to seek medical treatment. Thomas and Jacob provided me and Officer Coils with the description of Skylar that was relayed to other officers on the radio. Thomas stated when shots were fired, Jacob and he did what they could to establish some level of security until other officers arrived.

This concludes my involvement in the incident.

Narrative

FOLLOW UP:

On 3/20/24 at approx 1020 hours, I was standing at the outer perimeter at St. Al's emergency room, 1055 N Curtis. I was approached by a male, [redacted], who advised he saw the Blue Alert and saw the suspect vehicle. He told me that about 20 minutes prior, just after the Blue Alert came out, he was at the Bluebird Car Wash on Fairview and Cole, 7547 W Fairview Ave. While there, he saw a silver Honda Civic 4 door hatchback with no license plate. There was a bald white male in it. He felt this was the vehicle and suspect from the Blue Alert. I passed this info on at the scene and was also advised to document it.

Narrative

INITIAL RESPONSE/CONTACT:

On 03/20/2024 at approximately 0217 hours, I responded Code 3 to 1055 N Curtis Rd. Boise, ID (St. Alphonsus ER) for a report of a man with a gun. During this time, I was working as AFC for Valley night shift as 3250. While en route to St. Al's, it was reported an officer or security guard had been shot by an unknown suspect. It was also reported the suspect was currently in the ER or ER Bay with a gun. As I was arriving on scene in the area of St. Al's, it was reported the suspect was actively pointing a gun at the ambulance bay.

Based on the information I had heard and understood while responding to the location, I believed there was at least one unknown suspect with a gun inside St. Al's ER near the ER Bay door. I also understood there was at least one innocent who had been shot and was down inside or around the ER.

As I turned into St. Al's from N Curtis Rd. onto W Curtisian Ave. I observed several officers who were arriving at the same time, parking near the roundabout and deploying from there. I was not able to enter the roundabout therefore, I drove over the curb to drive around cars already parked and drove straight to the east side of the ER doors through the ER Bay. As I parked, I observed several officers running up to the area of the ER Bay doors. Once parked, I obtained by department issued rifle and began setting up to enter the ER Bay doors believing there was an active shooter currently inside the ER. As I was running up to the ER Bay door, I heard an unknown officer yell several times there was a male inside the ER with a gun. Seconds later I heard gunshots and saw the glass break on the ER Bay doors. After the gunshots myself and other officers attempted to address the threat inside the ER and attempted to enter the ER Bay doors. I observed blood on the ground inside the ER but did not observed the subject who had the gun upon arrival. The doors would not open and officer's finished breaking out the glass in door. I crawled through the broken ER Bay door to gain access into the ER.

Once inside the ER Bay doors, myself and other officers did a tactical pause and quickly made a plan to enter the ER. I entered the ER and went right, the direction I believed the shooter had fled. On the ground inside the ER, there was a large amount of blood on the ground which led to blood drops entering into the ER trauma room inside the ER. Myself and other officers attempted to get into the ER trauma doors, they were locked. About this same time, an unknown person to me believed to be associated with IDOC, stated the male subject who was just shot in the ER was a IDOC security guard and was inside the trauma room.

Medical staff inside the trauma room opened the doors to the trauma room and I entered. I observed three males actively being worked on by medical staff who stated the three males were associated with IDOC. After clearing the trauma room, I worked with officers on scene to continue to clear the ER in search for a suspect(s) still inside the hospital. There was a St. Al's security guard in a nearby ER room

who had a radio in his hand. The security guard told me there was a suspect in Pod 4 of the hospital. Not knowing where this location was, I directed the security guard to come with myself and other officers so he could direct law enforcement in the correct direction. Shortly after clearing the ER for a possible suspect(s), I helped coordinate securing the ER to include entrances and exits. I also obtained a doctor's keycard for access to locked doors within the hospital believing law enforcement would continue to look for the suspect inside the hospital. I assigned Officer Coils as team lead for on contact team and provided him the doctors keycard.

After the ER was determined to be Code 4, I had Officer Pollard start setting up crime scene tape and worked with other officers on scene to secure the scene. I was later directed to the command post and assisted there until I was released by Lt. Smith.

Narrative

INITIAL RESPONSE/CONTACT:

On 03/20/2024 at approximately 0230 hours, I was dispatched to a reported man with a gun located at St. Alphonsus hospital. Initial notes from dispatch indicated there was a subject armed with a handgun inside St. Al's ER bay. There was reported to be at least two wounded individuals from the Idaho Department of Corrections (IDOC) and it was mentioned that an inmate had escaped their custody. This inmate who escaped custody was later identified as Skylar Meade.

I arrived on scene and began gathering information from IDOC supervisor, Timothy Richardson. Richardson told me the following summary: three IDOC employees were at St. Al's hospital, escorting IDOC inmate Skylar Meade due to medical issues reported by Meade. Richardson indicated that Meade was transported due to reportedly swallowing razor blades and other substances, which caused injury to him. This prompted IDOC to transport him to St. Al's hospital. Richardson noted the three staff they had on site were C. Wilske, E. Jackson, and D. Lopez. All three were currently being treated for injuries at St. Al's regarding this attack.

Richardson proceeded to tell me that Skylar Meade is a higher ranking member in the Aryan Knights (AK) prison gang. Richardson indicated that he was potentially #2 in line, only behind the highest ranking member, Harlan Hale. Due to Meade's history, his in solitary in the prison and is held separate from other individuals. Richardson noted there has been no visitors or contact with others in or out of the prison, due to Meade's solitary status. Richardson did note that recently, Meade has been caught with contraband in his cell to include working cell phones and smart watches. When asked how these items are getting to Meade, Richardson indicated that due to Meade's solitary status, it was likely their own staff members that were passing along the contraband.

Richardson told me that Meade's brother, [redacted] is also in solitary at the same IDOC Prison. The two have not been in contact with one another. Richardson indicated they had received information as of late that [redacted] has been asking how his brother is, as if this was a planned and coordinated effort. Richardson also received information that someone had reported the transport to potentially be followed as they left the prison and got close to St. Al's. It is unknown how this information was obtained. Richardson was receiving this information as he was on the phone with other IDOC personnel who were supplying the information. Richardson confirmed Meade's information to be: Meade, Skylar; [redacted]

Narrative

AIRPORT CHEVRON:

On March 20th, 2023, at approximately 1400 hours Ofc. Stokes and I were assigned follow up at the "Airport Chevron" located at 2828 W. Airport Way. Ofc. Stokes and I were tasked by Det. Canfield to respond to this location and search video footage for a possible suspect in this case, Nicholas Umphenour.

Notably, Ofc. Stokes and I have reviewed an image of Nicholas Umphenour while at the Airport Chevron in order to better identify the subject in the video. This image was provided by Det. Canfield. Ofc. Stokes and I responded to the Airport Chevron contacted an employee, [redacted] at the gas station and requested assistance with locating pertinent video content.

[redacted] and his brother, [redacted] began searching through the video. Ofc. Stokes and I watched as we reviewed video on March 17th, 2024 at approximately 13:43 hours. The video begins and a male subject wearing a white T-shirt with a bovine skull, blue jeans, and brown shoes/boots enters the video. The male walks from the south of the gas station, adjacent to it's east wall, and proceeds towards E. Wright Street. During my review of the video, I was able to positively identify the male by comparison to the photograph to be Nicholas Umphenour.

Umphenour walks to E. Wright Street, crosses the roadway, and walks to S. Vista Avenue. There, Umphenour walks northbound adjacent to Vista Avenue, proceeds up the overpass, before disappearing from view at approximately 1345 hours and 45 seconds.

It should be noted that the time mentioned in this supplemental was gained from the security camera footage timestamp, located in the upper left-hand corner of each video clips. These video clips were uploaded to Axon Evidence by [redacted], utilizing the Axon Evidence Community Request function. See video for further detail.

CONCLUSION:

ROUTE WITH ORIGINAL REPORT.

Narrative

CRIME SCENE ST. AL'S MEDICAL CENTER :

I am currently assigned to the Special Victims Unit (SVU). On 03/20/2024 at approximately 0400 hours, Lt. Ransom messaged the SVU Detective team and requested assistance with an officer involved shooting call at St. Al's Medical Center located at 1055 N Curtis in Boise.

Lt. Ransom advised, two IDOC officers had been ambushed and shot after taking a prisoner, Skylar Meade, to the hospital for medical needs. Skylar fled the scene with the unknown shooter and accomplice, in a silver Honda Civic. Boise Patrol Officers responded to the hospital after the shooting was reported. Upon police arrival, shots were fired with another IDOC officer being injured.

The Critical Incident Task Force (CITF), with Ada County Sheriff's Office being the lead investigators, took the officer involved shooting case. Boise Police Detectives investigated the aggravated battery against the IDOC officers and the escape of Skylar.

I was tasked with responding to St. Al's and assisting with crime scene management. During my time at the hospital, I was asked by Det. Ellis to speak to one of the injured IDOC officers, Officer Lopez, about locating his Apple iPad. Lopez told me he didn't have his iPad at the hospital but instead had it in his multi-colored backpack at his work. Lopez provided his pass code as being his [redacted] and provided verbal consent to have his iPad taken into police custody for it to be forensically looked at. I left my phone number with Lopez and advised him to call me, should he wish to revoke his consent. I recorded that conversation and added it to Axon evidence.com. Det. Ellis was notified of the location and pass code for Lopez's iPad.

SVU Sgt. T. Del Rio later requested I coordinate with obtaining two cigarette butts and one swisher plastic cigarette tip found in close proximity to where the suspect vehicle had been lying in wait for Skylar to leave the hospital. The Boise Crime Lab personnel photographed and collected those items and then provided them to CSO Boynton. Boynton took those three items immediately to the ISP crime lab in Meridian, Idaho for DNA testing. I was later advised by Lt. Ransom the DNA found on the swisher plastic cigarette tip belonged to Nicholas Umphenour.

Lead Follow Up:

On 03/20/2024 at about 1015 hours I responded to 5230 W Franklin Rd., the Fred Meyer, to speak with store personnel about a possible sighting of Skylar Meade. I reviewed video footage with store manager, [redacted], with a male matching the body type and build of Meade entering the store at about 0820 hours on 03/20/2024. However, upon viewing the subject's face I was able to ascertain it was not Meade, as Meade has facial tattoos and the individual at Fred Meyer did not.

Narrative

INITIAL RESPONSE/CONTACT:
On 3-20-24 I responded to the shooting at St Als. I went inside the ER bay and learned shortly after that the shooter was not inside the hospital. A caller reported of potentially seeing the vehicle north on Cole near Mtn View. I responded to the area and was unable to locate the vehicle. A short time later a potential phone was pinged near Hubbard and Stewart in south Ada County. I responded to that area for an extensive area search and did not locate the vehicle.

CONCLUSION:
Route with report.

Narrative

INITIAL RESPONSE/CONTACT

On March 20, 2024 at approximately 0800 hours I self-assigned to a earlier report of a man with a gun at 1055 N Curtis Rd (Saint Alphonsus Regional Medical Center), Boise, ID 83704. The incident occurred earlier in the morning and I attached to assist with follow up. I am an investigator with the Boise Police Department (BPD) assigned to the Criminal Intelligence Unit. Part of our unit's primary duties include assisting units/personnel with investigative activities, researching criminal trends and threats to the community of Boise, and apprehending suspects in our jurisdiction.

I ensured that an associated gray 2020 Honda Civic with Idaho license plate [redacted] was active in NCIC as stolen. I then verified that Caldwell PD, Nampa PD, Meridian PD, Twin Falls PD, and federal agencies had alerts placed for the vehicle in their respective automated license plate reader systems.

ADDITIONAL ASSIGNED DUTIES/INVESTIGATION

BPD SGT Kendall requested that I contact Kingsport, TN police department based on information that BPD Detective Wirshing obtained on 3/20/24.

On 211110MAR24 I called LT Martin Taylor with the Kingsport, TN police department and provided the most recent BPD press release and BOLO for Meade and Umpenour. The email read as follows:

Skylar Meade escaped custody yesterday with the assistance of Nicholas Umphenour, shooting two guards in the process. They are tentatively linked to a homicide and a missing elderly man in North Idaho from last night.

They are possibly driving a **silver 2019 Chrysler Pacifica** with Idaho license plate (specialized: [redacted] It was reported stolen in the middle of last night. The Honda Civic in the attached BOLO was just recovered.

[redacted] has custody of [redacted] kids. [redacted] is the brother of Skylar. [redacted] stated that a member of Skylar's family told them to watch [redacted] (Skylar's brother) kids as Skylar might want to get them. Skylar has shown an interest in their welfare over the past four month in conversations, stating he wants to see his nieces and nephews again. [redacted] and [redacted] both reside in your jurisdiction.

I have no current information on our suspects' whereabouts. Information is provided for awareness purposes and is second-hand from [redacted] A related CAD complaint from your system is 240320-0234.

End email.

Tip PE1:

- [redacted], employee at Summitview Middle School (called Caldwell PD, who contacted me, 201048MAR24).
- Intersection of Fargo Rd & Lower Pleasant Ridge Rd, Wilder
- Approached stop sign, saw a newer gray Honda Civic (tinted windows, brighter rims (not blacked out)) almost blow through the stop sign, skidded, quick California stop, accelerated fast and almost swerved and crashed
- Vehicle headed West on Lower Pleasant Ridge Rd towards Rivers Ede RV Park
- WMA adult driving wearing bright colored (construction orange or neon green)
- ACTION: I called Canyon County Dispatch and requested a deputy conduct an area check for the vehicle as of 201110MAR24

Tip PE2:

- I was advised that [redacted] had some general information about Aryan Knights (AK) in the Treasure Valley.
- [redacted]
- [redacted] is an AK dropout who is known to associate with AKs on that property. The property has several trailers (mobile home) behind a single-family residence.
- Officer Bjornson contacted related LE agencies who conducted an area check. The associated vehicles with this case are not there.
- Officer Holland checked on [redacted] status (dropout info), [redacted] is currently in Canyon County jail

Tip PE3:

- [redacted], left a tip at 201814MAR24 via BPD's media line. ACTION: called 201825MAR24 and learned the following:
- [redacted] is [redacted] would not provide her last name or number because she did not want contact from LE. [redacted] works the night shift at [redacted]
- [redacted] told [redacted] about two weeks ago she was in the break room on the 4th floor [redacted] when a WMA (about 28 YOA) came in and started flirting with her. He asked if she had white brothers or sisters and if she was a good Aryan woman. She said his name was [redacted] and he works as [redacted]. [redacted] remembered the conversation and shared it with us due to a possible Aryan connection.

Tip PE4:

- [redacted], left a tip at 201940MAR24 via BPD's media line. ACTION: called at 211110MAR24 and learned the following:
- [redacted] saw that Umpenour had a Facebook account that is associated with [redacted] She said that he had posted in the classifieds in the past. No new information.

Narrative

INITIAL RESPONSE/CONTACT: On 20 March at approximately 1200 hours, I initiated a photo request at N. Liberty St and W. Morris Hill Rd.

CSO PHOTOS:

Note: All photos were downloaded to evidence.com.

At approximately 1200 hours on 20 March, I was contacted by Officer Stokes (Ada 934) who wanted me to photograph and seize several beverage cans along N. Liberty St between W. Emerald St and the front parking lot of Idaho Department of Juvenile Corrections.

Upon arriving on scene, I met Officer Stokes in the front parking lot of the Idaho Department of Corrections who showed me an empty Modelo can (Item 1ED) laying on the ground at the entrance of the parking lot. I took several overview photos, which were downloaded to evidence.com. Using two DNA q-tips, I swabbed the tip of the can. I seized the can and DNA q-tips (Item 4ED). I later submitted both items at Property as evidence.

Officer Stokes then showed me an empty Rockstar Punch can (Item 2ED) laying in the grass next to N. Liberty St and in front of St. Alphonsus clinic, 717 N. Liberty St. I took several overview photos, which were downloaded to evidence.com. Using two DNA q-tips, I swabbed the tip of the can. I seized the can and DNA q-tips (Item 5ED). I later submitted both items at Property as evidence.

Officer Stokes showed me a Bud Light can (Item 3ED) laying on the side of N. Liberty St closer to W. Emerald St. I took several overview photos, which were downloaded to evidence.com. Using two DNA q-tips, I swabbed the tip of the can. I seized the can and DNA q-tips (Item 6ED). I later submitted both items at Property as evidence.

Using black carbon powder, I attempted to identify areas of friction ridge detail on all seized cans (Item 1ED-3ED), which met in negative results.

I submitted all seized items at Property as evidence.

Narrative

INITIAL RESPONSE/CONTACT:

On 3/20/2024 I was working as a detective assigned to the Special Victims Unit when asked to assist detectives working on this incident when I arrived at work. I met with Det D. Ellis at the St Alphonsus ED main entrance and obtained two cell phones from her. The phones were in two separate evidence envelopes, labelled with the names of injured Idaho Department of Corrections Officers C. Wilske and D. Lopez. Det Ellis had already noted the details relating to the phones and the owners on the envelopes, and I later added the department information on them and sealed them with evidence tape. Det Ellis also provided me with two signed permission to search forms for the phones from Wilske and Lopez.

I took these two phones and permission to search forms to the Intermountain West Regional Computer Forensics Laboratory (IWRCFL) where I turned them over to Det R. Durbin. Det Durbin provided me with receipts and the original permission to search forms, which I submitted to Boise Police Records to add to this report.

After transporting and delivering those forms I took no further action.

CONCLUSION:

Occupation: **LOSS PREVENTION MANAGER** Res Phone: ( ) - SSN: [redacted] Relationship:

Bus or School: **JACKSON'S FOOD STORE** Cell Phone: [redacted] OLN/St: [redacted] Injury Type:

Bus Phone: ( ) - How Ident.:

Narrative

Jackson's Convenience Store:

After having observed evidence of Nicholas Umphenour walking northbound on S. Vista Avenue, Ofc. Stokes and I responded to the Del Taco restaurant at 3205 S. Vista Avenue and the Jackson's food store at 3200 S. Vista Avenue. See Officer Stokes' supplement for video footage at the Del Taco restaurant.

I contacted the Regional Loss Prevention Manager for Jackson's Food Stores ands requested video footage related to this investigation. Video was requested and uploaded to Axon Evidence by way of a "community request". This is a function of the Axon evidence software which allows digital upload of media.

I provided a time frame to [redacted] and he was able to locate the described subject's arrival to the area and departure. The footage recorded from Jackson's, at the time of this report, is three camera angles. These angles are: Facing southwest from the southeast corner of Jacksons (South Parking), facing southeast from the northeast corner of the building (East Parking), and facing north from the north side of the building (Fuel Islands). I have obtained a video "clip" of these camera angles and have added the names South Parking, East Parking, and Fuel Islands into the description field of each respective video on Axon Evidence for ease of review and understanding in this supplement.

Below, I have included a summary timeline of events captured on these Jackson's Food store cameras. The time utilized in this chronology is based upon the timestamp included on the bottom right-hand corner of the video that was generated by the camera.

MARCH 17th, 2024:

13:48:00 (South Parking)

Umphenour can be seen entering the view of the camera as he is proceeding northbound on S. Vista Avenue. He crosses S. Vista Avenue just south of the entry into the Ramada Inn parking lot. Umphenour walks into the parking lot of the Ramada Inn by way of their driveway and proceeds East out of the camera view. Umphenour is on the phone during this initial approach to the Ramada Inn.

13:49:03 (South Parking)

Umphenour, still on the phone, reenters the view of the camera and proceeds along the south wall of the Jackson's food

store to its southwest corner. He is mostly obscured by trees but remains within the camera view until he proceeds northbound, out of view at approximately 13:53:50 hours.

13:54:12 (Fuel Islands)

Umphenour enters the view of the camera, standing on the sidewalk near the crosswalk. Umphenour faces west, and shortly after leaves the camera's view at approximately 13:54:33 hours.

14:33:32 (South Parking)

A gray Honda Civic, appearing to match the body style, color, year, and wheels of that used in the initial incident documented in this report, enters into the Ramada Inn parking lot from Northbound Vista Avenue. The vehicle proceeds to the east and out of the camera's view at approximately 14:33:51.

14:33:52 (East Parking)

What appears to be the same Honda Civic drives eastbound into the parking lot on the North side of the Ramada Inn, just East of the entrance doors. The Civic parks facing southbound, "nosed into" the parking spot adjacent to the Hotel. The vehicle remains there until approximately 14:34:59 hours.

14:34:59 (East Parking)

The Civic backs out of its parking space slightly, before returning into the same parking stall. The vehicle remains at this location.

14:36:42 (East Parking)

The Civic remains parked in the same parking space and a female can be seen exiting the driver's door. I later identified this female as Tia Garcia by comparison to her Idaho ID card. Garcia exits the Civic and opens the trunk of the vehicle. She opens the trunk and almost immediately closes it. She then returns to the driver's side of the vehicle, where she remains for a moment before walking westbound away from the car. Garcia can then be seen approaching the east side of the Jackson's Food Store before exiting the camera's view at 14:38:02 hours.

14:40:09 (Fuel Islands)

Umphenour can be seen exiting the crosswalk at Vista Avenue and traveling eastbound on the sidewalk. Umphenour walks eastbound, on the sidewalk adjacent to Sunrise Rim Road, until he is out of the camera's view at 14:40:34 hours.

14:41:41 (East Parking)

Umphenour enters the camera view, walking southbound towards the area of the parked Civic. He is obscured from view by the America's Best Cost Plus Inn at approximately 14:41:46 hours. Umphenour re-appears into view at approximately 14:42:23 hours near the parked Civic.

14:42:29 (East Parking)

Garcia appears in the camera's view and now is carrying a white "grocery" style bag. She is walking southbound towards Umphenour. Umphenour and Garcia approach one another and embrace each other in a hug for several moments. After they conclude their embrace, they proceed to the Civic. Garcia enters the driver's side of the vehicle while Umphenour enters the passenger seat.

14:45:05 (East Parking)

The Civic backs out from it's parking spot and proceeds towards the north side of the Jackson's food store. The Civic exits view at 14:45:31 hours.

14:45:49 (Fuel Islands)

The Civic proceeds into the fuel area of the Jackson's Food Store Gas station. The Civic enters from the north east corner of the parking lot, drives a semi-circle around the gas pumps before stopping at gas pump #3. Once stopped, Umphenour exits the passenger side of the vehicle and proceeds to the gas pump.

14:46:55 (Fuel Island)

Umphenour returns to the passenger side of the vehicle, accesses the passenger compartment, and returns to the gas pump. Garcia exits the driver's side of the vehicle and again embraces Umphenour. There, it appears he completes a transaction and begins to fuel the vehicle.

14:48:02 (Fuel Island)

Garcia accesses the rear passenger side compartment while Umphenour continues to pump gasoline. Umphenour accesses the driver's compartment and the trunk of the vehicle opens. Garcia procures items from the rear passenger side of the vehicle and places them in the trunk. Umphenour retrieves an item presumed to be a lug wrench, and begins tightening the lugs of all 4 tires of the Civic.

14:51:01 (Fuel Island)

Garcia enters into the front passenger seat of the vehicle, with the door remaining open. Umphenour completes tightening lug nuts on the vehicle and returns the presumed lug wrench to the trunk. At 14:51:43, Umphenour enters the driver's seat of the vehicle and Garcia shuts the front passenger door of the Civic while seated in the front passenger seat.

14:52:31 (Fuel Island)

The Civic drives away from gas pump #3 before entering onto Sunrise Rim Road. The Civic stops at the intersection of S. Vista Avenue and Sunrise Rim Road before the video concludes.

CONCLUSION:

I have requested additional footage of the interior of the Jackson's Food Store to be uploaded [redacted] via Axon Community

Narrative

******PHOTOS AND VIDEOS ASSOCIATED WITH THIS SUPPLEMENTAL REPORT HAVE BEEN UPLOADED TO EVIDENCE.COM AND AXON CAPTURE.******

BACKGROUND INFORMATION:
I am currently assigned to the Boise Police Department's Neighborhood Contact Officer Unit. On 3/20/2024, Officer Burch and I were assigned to assist with this investigation, and were given multiple leads to investigate.

FOLLOW UP INVESTIGATION - [redacted]
I was assigned by our supervisor, Sgt. J. Martinez, to speak with [redacted] The information provided to me was that a female was walking her dog and saw beer cans thrown out of a gray Honda four-door vehicle. That vehicle then proceeded into the back lot of St. Alphonsus hospital. I was provided with the reporting party's ([redacted] phone number.

I spoke to [redacted] on the phone, and later in person. While speaking to [redacted] in person, she walked Officer Burch and I through where she was and what she saw in regards to the tip she initially provided about this investigation. The following is a summary of the information she provided to me. For further information, see the related on body video (OBV) footage from my OBV that was recording during these interactions.

[redacted] told me that she was walking her dog on Liberty St. between 815-830 on the night prior to this incident. It was not yet completely dark outside. [redacted] was walking on the sidewalk on the east side of Liberty St., near the Ada County Juvenile Detention facility. As she was doing so, she noticed a vehicle speeding north on Liberty St. [redacted] described the vehicle as a silver or gray Honda four door car passing her heading towards Emerald St. As it passed, she noticed that the passenger window was partially rolled down, and she could hear 2 voices coming from the car. The voices were yelling. Initially, [redacted] told me it was one voice, then later said she believed it to be 2 separate voices. She could not understand what they were screaming about. She could also not see into the vehicle and get a description of any occupants.

[redacted] then noticed that a drink can was thrown out of the vehicle and landed somewhat near her by a fence on the east side of the road. [redacted] did not touch or move the can. The vehicle proceeded north bound on Liberty St., when she heard the sound of another can being thrown and hitting the ground. She pointed this can out to us on scene, and it was by a tree on the west side of the road. The vehicle then proceeded to the traffic signal at Liberty and Emerald, then through that intersection when the light changed.

[redacted] said when the vehicle went north through the intersection, it appeared as if it either slowed or sopped in front of an ambulance or the ambulance station. She then lost sight of it. [redacted] indicated that she remained near the Ada County Detention Center on Liberty St. during this time. [redacted] recalled she thought the vehicle had a rear license plate affixed to it, but was not entirely sure. She also mentioned there being a pink light or glow to the plate of some sort.

While on scene with her, Boise Police Community Service Officer E. DeForest arrived to our location at my request in order to collect evidence. I noticed that there was an opened aluminum drink can on the ground by a fence on the east side of the road as [redacted] had shown and described to me. There was also a can by the tree on the east side of the road, and another can on the road by the curb approximately 50 feet to the north of the can by the tree. [redacted] said she did not touch or move any of these cans. She also took photos of these cans on the morning I spoke with her and prior to our arrival to the scene. [redacted] text messaged me those photos she took, and I have since uploaded those photos into Axon Capture.

CSO DeForest documented the scene by taking photographs of the locations of the cans and the cans themselves. He collected those cans as evidentiary items at my request. See his supplemental report for

further information.

FOLLOW UP INVESTIGATION - ADA COUNTY PARAMEDIC STATION:
After concluding speaking to [redacted] Officer Burch and I drove up the street to the Ada County Paramedic Station on the north side of Emerald at 877 N. Liberty St., Boise, Idaho. I noticed that they did have what appeared to be a security camera affixed to the building that may face Liberty St. Officer Burch and I spoke with the on duty Battalion Chief at that location. The Battalion Chief provided us with the contact information for Stacy Winn, the Office Administrator for Ada County Paramedics. The Battalion Chief said that Stacy would be able to assist with the review of any security camera footage from that paramedic station on Liberty St.

Speaking to Stacy on the phone, I provided her with a timeline of approximately 8pm-9pm from the night prior to this incident in seeking footage of the suspect's vehicle. Stacy said she had already been contacted by detectives in regards to this incident, but they were seeking footage closer to the actual time of the incident. She said she would review the station security camera footage and contact me with what she discovered.

I later spoke with Stacy on the phone,and she stated she believed she saw a vehicle matching the suspect's vehicle description on the station's security cameras between 8pm and 830pm on the night prior. I sent her an Axon Community Request email link in order to obtain that security camera footage from her. I later confirmed that Stacy sent that footage to the link I sent to her through Axon. I have reviewed that footage. It should be noted that there are no time stamps visible on the footage Stacy sent to the link I provided. I later confirmed with Stacy that the video footage she provided started at 8PM and ended at 825PM. She suspected that the vehicle matching the description of the suspect's vehicle appears on video at the 810PM time approximately.

In that footage, I was only able to see 2 vehicles that closely resembled the suspect's vehicle coming north on Liberty towards Emerald as described earlier to me by [redacted] Those vehicles, both gray in color sedans, turned east onto Emerald from Liberty. They did not proceed through the intersection going north as previously described by [redacted] The make and model of these vehicles is not known from viewing this footage.

FOLLOW UP INVESTIGATION - [redacted] N. LIBERTY ST.:
While conducting these follow up investigations, I was given contact information from Boise Police Officer A. Crist for an individual that lives on Liberty St. that he knew to have security cameras affixed to their residence. That person's name is [redacted] and he lives at [redacted] N. Liberty St. This address is just a couple blocks to the south of the Ada County Juvenile Detention Center and sits on the west side of Liberty St. Officer Burch and I went to this residence, and did observe at least 2 security cameras on the front of the residence. We knocked on the front door of the residence, but there was no answer. I called [redacted] phone number and left a voice mail for him to contact me.

[redacted] called me back later that day, and I spoke to him about his cameras and our reasoning for wanting him to check them for any pertinent footage for this investigation. Later that day, [redacted] told me that he did not observe any vehicles matching the description of the suspect's vehicle on his 3 security cameras between 8pm-9pm the night prior. He did, however, see a vehicle on his cameras going southbound on Liberty St. at approximately 2:15:50AM on the morning of the incident. He also mentioned 2 other vehicles, a truck and a SUV, appearing on his cameras between 2AM and 230AM that morning. He said he could hear sirens in the background of his cameras at 2:17AM. He said he could not tell what kind of car it was. [redacted] text messaged me photos he took from his security cameras of this vehicle. I have viewed these photos and have since uploaded them to Axon Capture. The vehicle appears to be a sedan, but it is difficult to determine any more detail beyond that from the photos.

[redacted] has since uploaded the video clips to the Axon Community Request link I emailed to him. [redacted] uploaded 3 videos in the request I sent to him. I have reviewed each of these 3 videos, which are all less than 10 seconds long. The videos do show an unknown sedan driving south bound on Liberty St. at approximately 2:50:50AM (time stamped on only one camera) on 3/20/2024.

FOLLOW UP INVESTIGATION - DEL TACO AT 3205 S. VISTA AVE.:
Officer Burch and I were also tasked to follow up on a possible sighting of one of the suspects in this investigation at the Airport Chevron gas station on Sunday, 3/17/2024 at approximately 130pm. Sgt. Martinez provided me with a photo of this suspect, and the name associated with the photo was Nicholas Umphenour, DOB [redacted] In the photo provided, Umphenour had a thick dark colored beard and a tattoo on the front of his neck. The suspect was supposed to be wearing a white shirt and a hat according to Sgt. Martinez. Officer Burch and I responded to that location on 3/20/2024 and spoke to several employees.

The employees were able to show us security camera footage of a white male adult matching the description, both his clothing and physical description, walking through the Airport Chevron parking lot and on to Vista Ave. going north over the overpass. The suspect was wearing a white shirt with an animal skull on it, a black hat, jeans, and had a backpack with him. The male also had a dark colored beard. Officer Burch worked with the Airport Chevron employees to obtain that camera footage. See Officer Burch's supplemental report. I took several photos with my department issued cell phone of this male walking through the Airport Chevron property from the camera footage. Photos have been uploaded to Axon Capture.

After leaving the Airport Chevron, Officer Burch and I followed the path that the male from the camera footage at the Chevron took to go north over the freeway overpass on Vista. There is a Del Taco Restaurant at 3205 S. Vista Ave., which is just on the north side of the overpass for Interstate 84. Officer Burch and I spoke to employees at the Del Taco, who told us that the General Manager of the store, who was not there at the time, was the only person that had access to the restaurant's security camera

footage. I left my work cell phone number so that the General Manager could call me when they came available. I did provide a general description of the suspect and his movements of possibly walking over the overpass towards the Del Taco on Sunday, 3/17/2024.

On the morning of 3/21/2024, I received a voice mail message from [redacted] identified herself to me as the manager at Del Taco, and she had reviewed footage from the store and believed she had relevant camera footage for this investigation. I spoke to [redacted] that morning, and she said she could see a male adult walking over the overpass towards Del Taco, then across the street, then back to Del Taco. She said she did not see what direction this person went after that. [redacted] works the overnight shift at Del Taco, and she provided me the website, user name, and password to the store's security system so that she could go home. [redacted] provided me with her identifying information and told me I could look through the footage and retrieve what was needed for the investigation.

On 3/21/2024, I accessed Del Taco's security camera system on [redacted] The following is a timeline of events of the male subject's movements I observed from the Del Taco security camera footage. The times mentioned are what is time stamped on the camera footage.

-148PM (Drive Thru Camera): The subject suspected to be Nicholas Umphenour is seen walking north bound on the sidewalk on the west side of Vista Ave. This subject is wearing what appears to be the same clothing as the subject observed on video at the Airport Chevron. The subject then runs across Vista Ave. and into the parking lot of the Ramada hotel and out of the camera's view.

-148PM (Parking Lot Camera): Subject comes into view on the east side of Vista walking north in front of the Ramada hotel. Subject walks into the Ramada parking lot, then north towards the south side of the Jacksons convenience store. Subject remains there until 153PM. Subject then walks back out towards Vista Ave. and walks north towards the intersection of Vista and Sunrise Rim/Elder. Subject crosses the street and walks onto the Del Taco property and out of the camera's view at approximately 155PM.

-159PM (Parking Lot Camera): Subject reappears on the parking lot camera and approaches a white male adult in the parking lot. They appear to have some sort of exchange by a white pickup truck parked in the parking lot. Their interaction lasts approximately 30 seconds, and they appear to make some sort of exchange of something that is not identifiable on camera. There is no visible rear license plate on camera for this white pickup truck. The truck appears to be a white in color extended cab pickup truck with a tool box in the truck bed. The subject then walks out of the camera's view to the west at 2PM. The truck then drives out of the camera's view.

-216PM (Parking Lot Camera): The subject then reappears on camera, walking from the north to the south along the east side of Del taco, then enters the restaurant.

-216PM (Lobby Camera): The subject enters the Del Taco lobby and orders food from the front counter.

* Has Video * Has PPI *			

This subject is wearing the same clothing and matches the same physical description as the male observed on video at the Airport Chevron. Since I had already seen a photo of Nicholas Umphenour, I was very confident based upon my observations of this subject and Umphenour's photo that this subject was Nicholas Umphenour. It should be noted that Umphenour's t-shirt he is wearing has the words "YELLOWSTONE" on it in yellow lettering, as well as an animal skull. Umphenour appears to pay for a meal by using a financial transaction card that was possibly blue in color. Once his order is complete, he remains in the Del Taco until 237PM when he exits the lobby door and walks north and off camera.

-237PM (Parking lot Camera): Umphenour exits the Del Taco, walks north and out of sight temporarily. There are no cameras that capture the north side/patio area of the Del Taco and I did not observe him at the camera at the order window on the east side of the business.

-At 238PM, Umphenour reappears on the north side of the Del Taco walking towards Vista Ave. He crosses the street and walks east on the south side of Sunrise Rim Rd. and off camera on the northeast side of the Jacksons convenience store. Who I suspect is Umphenour briefly reappears at 241PM walking south along the east side of the Jacksons, then off camera again.

-At approximately 242PM, a subject wearing a white shirt that I suspect to be Umphenour is seen on this same camera in the parking lot on the north side of the Ramada hotel. He appears to meet and have an interaction with an individual wearing a white top. That individual is not identifiable from this camera view.

-At 244PM, those subjects walk towards the Ramada hotel and towards an unknown dark colored vehicle. They appear to be last seen on this camera at 244PM.

-At 245PM, a dark colored sedan backs out of a parking space near where those subjects were last seen on camera. A gray in color 4 door sedan then drives between the America's Best Hotel and Jacksons and pulls up to a gas pump at the Jacksons gas pumps. The pump the vehicle pulled up to is at the fuel island closest to the convenience store. The rear license plate of this vehicle is unreadable from this camera view.

-At the pump at 246, a subject matching Umphenour's previously mentioned description exits the passenger side of the vehicle and stands on the driver's side by the gas pump, then is seen at various locations on the exterior of the vehicle. The other individual wearing a white top gets out of the driver's seat and they both appear to be opening various compartments of the vehicle.

-At 251PM, the individual I suspect to be Umphenour enters the driver's seat and the other individual enters the vehicle on the passenger side. At 252PM, the vehicle drives out of the Jacksons fuel island area, onto Sunrise Rim Rd., then north onto Vista and out of the camera's view.

Upon reviewing this video footage from the Del Taco camera system, I used Del taco's camera system

Narrative

On the listed date and time, Officer J Lee and I were operating as a two man, "Tac Unit," and responded to a man with a gun at St. Alphonsus Regional Medical Center. Dispatch advised that an officer was shot and brought into the location and that there was a man in the emergency room armed with a handgun. We responded lights and siren to the scene and exited our patrol vehicle. Dispatch updated the man with the gun was right by the ambulance entrance of the emergency room. I went over to the corner of the building and began to approach the sliding emergency room doors in the ambulance bay with Lieutenant Wittmuss. Other officers went out wider into the ambulance bay and had a view inside the doors. I heard Officer Pollard advise he had eyes on a male that had a handgun. A few seconds later I heard two gun shots coming from the area where Officer Pollard, Officer Lee and Officer W Anderson were located. They advised the male went westbound through the emergency room after the two rounds were fired. I made entry with other officers into the emergency room and we began to clear the emergency room. I stayed in the emergency room clearing it until officers viewed the security footage and they updated that the suspect had fled the scene in a vehicle after shooting two Correctional Officers and leaving with the prisoner they were transporting.

I was then assigned to assist in clearing the hospital to ensure the suspect had left and that there were no other outstanding suspects or any other victims. I was then assigned to stay with hospital administration to help them communicate with incident command as needed.

I was later advised to clear the scene.

Narrative

On 03/20/24 at approx. 0217 hrs. I and my partner, Ofc. Reando, copied a Dispatch transmission of a Man with a Gun at St. Alphonsus Emergency Department at 1055 N. Curtis Rd. Boise, Ada County, ID 83706.

Dispatch updates indicated that it was likely an Active Shooter call. Updates advised that an officer was shot, that a man with the gun was at the ER bay/ambulance bay pointing the gun, that a prisoner got a guard's gun and shot, and was in front of the ER. At the same time as this last radio transmission, I copied a transmission that officers were arriving at the ambulance bay, and shortly thereafter gave radio traffic of "shots fired."

We responded Code 3 (emergency lights/sirens activated) and upon our arrival to the hospital, linked with Ofc. Sandoval who was organizing contact teams to search the hospital for the outstanding shooter. We cleared part of the front ER entrance, first floor, second floor, and third floor, with no contact with any suspects. While clearing the hospital, the hospital intercom indicated that the hospital was on a lockdown.

After clearing the hospital, we responded to the Command Post where Lt. Wittmuss instructed Ofc. Sandoval to organize security teams on the perimeter of the hospital. Ofc. Reando and I took a position on the perimeter of the hospital without any additional contact.

We were then updated that a possible target phone number was pinging to the area of E. Hubbard Rd. and S. Cloverdale Rd. We responded to this area with other officers and Ada County Sheriff's Deputies to search for an involved vehicle - a gray or black Honda sedan. After an extensive area search, we were unable to locate this vehicle or any resembling same.

My departmentally-issued Body-Worn Camera was activated during this investigation - the footage was later uploaded to Evidence.com.

Narrative

The following is a summary of the events that occurred on 03/20/23, at approximately 0216 hours.

While operating as marked Boise Patrol Unit 3915, I was operating as a Field Training Officer with my trainee Ofc Scanlan. We responded to a report of shots fired with an "officer" down. Dispatch initially advised that there was a man with a gun near the ER bay doors who had shot a corrections officer. We were advised that shots had been fired by police and that the suspect had fled into the ER doors. We drove Code 3 from the jail and upon arrival we took up a position at the S2 entrance holding a southern perimeter as Intel had been put out that the suspect was mobile and inside of the hospital. We later moved and assisted with clearing the emergency department. After that we conducted a safety sweep of the first floor outside of the ER. We then held an external position until it was verified by camera footage that the suspect and escaped prisoner fled in a vehicle. I had no other involvement with this incident.

Narrative

On 03/20/2024 while working as a uniformed Police Officer in the City of Boise, I responded to a “man with a gun” call for service located at St. Alphonsus Regional Medical Center located at 1055 North Curtis Road Boise, Idaho. This call resulted in a code 3 lights and sirens response by Officers.

Dispatch notes advised, “ER bay Officer is shot, man with gun is in the ER Bay at the time, 6’0 dark beard light skin, no eyes, male in the ER bay pointing gun, at least one down, possibly secondary security guard shot.

Prior to my arrival on scene, I heard radio transmission that shots had been fired and the suspect was currently inside the Hospital. Upon my arrival I deploy my department issued patrol rifle and deployed on the East emergency room entrance with Officer K. Sandoval and Officer Scanlan as an initial react team had already made entry into the hospital at the ambulance bay doors.

Myself and several Officers entered through the main Emergency Room entrance, believing the suspect was currently inside the Hospital, and established a search team. Myself, Officer K. Sandoval, Officer Williams, and Officer Scanlan began searching the first floor while other Officers reviewed security footage of the incident. Once the floor was deemed safe, Officers learned the suspect had likely fled the area prior to Law Enforcement arrival.

After securing the scene, I assisted Officer Henson in keeping a crime scene log of the inner perimeter until relieved by Officer Ramsey at approximately 0736.

This was the extent of my involvement in this incident.

Narrative

At the date and time stated, I was working uniform patrol for the Boise Police Department and operating in the capacity as a Field Training Officer with Officer Kennedy when we responded to a code 3 (lights and siren) man with a gun call, at the St. Alphonsus Hospital located at 1055 N. Cutis Road, Boise.

Information in the call which appeared to be provided from multiple callers stated: "emergency room bay officer is shot man with gun is in the emergency room bay, 6'0 dark beard light skin, no eyes on, male adult in the emergency room bay pointing gun at- unknown last seen wearing, at least one officer down at this time, possibly secondary security guard shot, security guard shot is being treated, male adult pointing gun at ambulance bay, prisoner being treated got guards gun and shot, now in front or emergency room."

Officer's then arrived on scene, and I then heard an officer advise over the radio that shots were fired. Information also provided over the radio was that the suspect traveled west bound into the hospital from the emergency bay doors.

I arrived on scene and immediately observed that the glass sliding rear door to the emergency room was shattered, with glass on the floor. I entered through this door, and was met by multiple officers that was inside of the emergency room. I assisted multiple officers (which included officers from Garden City, Boise Police Department and Deputies from Ada County Sheriff's Office) in clearing the emergency room and first floor looking for the suspect. Due to the information that I had received at this time, I believed that the suspect was still inside of the emergency room, and armed. Once the emergency room and first floor was cleared, Officers waited while we obtained intelligence from officers that were watching security footage of the incident. After this footage was observed, information was relayed over the radio that after Correctional Officer's exited the emergency room rear doors with a prisoner, the suspect open fired on the Correctional Officers. The suspect and prisoner then fled in a dark gray colored vehicle that appeared to be a Honda Civic. The suspect was not observed entering the hospital.

Myself and Officer Kennedy, along with other officer/deputies escorted medical staff through the hospital until a search team was confident that the suspect did not enter the hospital.

This concludes my involvement in this case.

Narrative

On Wednesday, March 20th, 2024, at approximately 02:18 hours, I was dispatched to 1055 N Curtis Road (St. Alphonsus Hospital) for a man with a gun. The call notes from dispatch advised that an officer was shot in the ER bay and that a man with a gun was also in the ER bay.

Upon arrival, Ofc. Williams and I started making our way to the ER ambulance bay entrance when I heard two gunshots ring out. I continued towards the ER bay entrance, and realizing it was flooded with other BPD officers, prompted my partner (Ofc. Williams) that we should utilize the civilian entrance to St. Alphonsus Hospital's Emergency room.

Ofc. Williams and I, along with Sgt. Miles, Ofc. Rogers, and an Ada County Sheriff's Deputy and Meridian Sgt., entered the emergency room through the civilian entrance. After entering the emergency room lobby, we pushed further into the ER and held our position as we coordinated with the other team at the ER ambulance bay entrance. Intel indicated that a possible subject with a gun was barricaded in POD 4.

Ofc. Rogers and I were then assigned to gather intel with St. Alphonsus Security inside their security camera footage

office.

While inside the office, we gathered that three Prison Guards with the Idaho Department of Corrections (IDOC) had transported a subject, later identified as Mr. Skylar Meade, to St. Alphonsus for a self-inflicted stab wound. Mr. Meade arrived via ambulance with two IDOC Prison Guards while a third prison guard followed and arrived in a white transport van. The IDOC detail arrived at the ER ambulance bay at roughly 21:48 hours.

At approximately 22:00 hours, the suspect vehicle, later identified as a dark gray 2020 Honda Civic, arrived at St. Alphonsus Hospital and parked on the top level of the parking garage just southeast of the ambulance bay.

At approximately 02:13 hours, the three IDOC Prison Guards can be seen exiting the ER ambulance bay with Mr. Meade. Additionally, the suspect vehicle had moved from the parking garage to the parking lot of the St. Alphonsus Cancer Center which was northeast of the ambulance bay and a short distance from where the IDOC transport van was parked. At approximately 02:14 hours, the driver of the suspect vehicle exits the vehicle and stands by waiting for Mr. Meade to make it to the door of the IDOC transport vehicle. Then, at 02:15 hours, the unknown subject walks up to the two IDOC Prison Guards walking Mr. Meade to the transport van and ambushes them. After shooting at the IDOC Prison Guards, Mr. Meade and the unknown male subject run back to the 2020 Honda Civic and flee. The vehicle exited the parking lot of the cancer center and headed westbound on W Curtisian Ave to N Liberty Street where it was last seen traveling southbound towards W Emerald Street.

The 3 IDOC Prison Guards fled into the Emergency Room ambulance bay entrance where they stood by and held security with guns drawn. The one IDOC Prison Guard was then fired upon from outside by officers that responded to the scene before fleeing deeper into the Emergency Room.

My department issued BWC was active while on scene.

Narrative

SUPPLEMENTAL REPORT:

On 03/20/2024 at approximately 0216 hours, I responded to a man with a gun call at St. Alphonsus Hospital which was located at 1055 N. Curtis Road.

Prior to arrival, Dispatch advised that the armed suspect was barricaded inside the ER ward and pointing a gun outside toward the ambulance bay. A multi-agency deployment responded to the scene. Upon arrival, I ran toward several Officers who were positioned on the ER bay doors. Further, I heard one gunshot but did not observe who discharged the firearm.

At that time, Officers received intelligence that the suspect was possibly mobile in the hospital. Myself and other Officers relocated through an east door to flank the suspect and to protect innocents. While moving through the hospital, staff advised the suspect was held up in room 4. Officers staged on the room.

Myself and Officer Vassallo then responded to the security room to view site security cameras. Basic vehicle description, DOT, and the captured incident was provided to IC. After some period of time, Detective Shofner responded and relieved me from my duties.

I then responded to the ER bay and Sergeant Milles placed me on scene control for interior crime scene. Shortly thereafter I was relieved by Officer Chamberlain.

Narrative

On 03/20/2024 at approximately 0215 hours, I was working with Trainee Henson as a field training officer. We were both in full police uniform and driving a marked police patrol vehicle. We responded to an emergency radio call of a shooting that had just occurred at Saint Alphonsus hospital at 1055 N Curits Rd in the city of Boise.

Upon our arrival, several officers were already on scene. I organized with other Officers and made entry into the Emergency Room Department through the Ambulance entrance. I assisted with clearing the emergency room of any potential threats. Once information was developed that Suspect Skylar Meade was no longer at scene, I tried to locate any possible information that could be a clue to his whereabouts. [redacted], I located a possible phone number of [redacted]. LT Wittmuss authorized me to begin an exigent cell phone ping through Ada County Dispatch to try to ascertain any information about the suspect's whereabouts.

I then began assisting with setting up the crime scene and crime scene tape. Officer Henson and I located several shell casing involved and I directed him to preliminary mark their locations with paper so they were easily located by investigators. Officer Henson was then directed to begin a crime scene log for the inner crime scene.

I left the scene to be an Escort Officer for an involved Officer.

My involvement was captured on my On Body Video Camera.

The concludes my involvement in this case.

Narrative

On 3/20/2024, I was working patrol in the City of Boise. I was operating in two-man patrol vehicle as 32T4 with Officer Vassallo. At approximately 0217 hours we were dispatched code 3 lights and sirens to a man with gun at St. Alphonsus Hospital, located at 1055 N. Curtis Rd. Dispatch notes indicated that an officer was shot in the ER bay. Further notes indicated that a male subject was holding a gun in the ER.

When I arrived on scene there were multiple police officers at the ER entrance, in the ambulance bay. I exited my vehicle and ran up to the scene. While going up to the scene, I heard two-gun shots. I did not see who was shooting. I joined the officers in the ambulance bay. Information supplied by the officers that the subject had fled into the ER. I gather other officers to go cover the East (S2) entrance of the ER and entered the hospital.

While inside the hospital, I assisted with clearing the ER. It was learned later that the suspect may have fled the scene in a vehicle. After clearing the ER, I was tasked with checking other areas of the hospital for possible injured staff and to make sure there was not a continued threat at the hospital. After clearing a portion of the hospital, I was tasked with securing the scene until relieved of my duty.

This concludes my involvement with the case. Route with original report.

Narrative

On 03/20/2024 at approximately 0216 hours FTO Officer Ramsey and I heard on the radio shots fired call came out over dispatch at 1055 N Curtis Rd (Saint Alphonsus Regional Medical Center).

Upon arrival I deployed to the North of Saint Al's Emergency entrance where I met with multiple other Officers. The recent information we had was there was an armed subject with a gun inside of the Emergency room. After other Officers broke the glass to make entry we contacted a nurse inside. The nurse relayed information saying the last known area where he was might be in room 4 or section 4 of the ER.

We moved as a unit clearing the ER checking every room working our way in sections. After clearing the ER we got more information from another group of Officers that the suspect already fled the scene from security footage. I exited the ER with Officer Ramsey and we looked up information on the suspect to relay it to the team.

Once we had no more information to gather, I started to help contain the crime scene with Yellow Caution Tape. I created an inner perimeter then another outer perimeter. Once I had the perimeters set I started a log sheet for anyone who entered or exited the area. While waiting I also took it upon myself to put small pieces of paper with numbers on them for the shell casings I located. I placed the paper near the shell casings just so no one would step on them or disturb the scene. There was two AR rounds and six 9mm rounds located. It is unknown if there are any additional rounds as these were just the ones obvious in walking paths.

I was relieved at approximately 0830 hours by a day shift Officer who took over the log. This is a summary of the event which is captured on my body worn Axon camera.

Narrative

INITIAL RESPONSE/CONTACT:

I was assigned to assist other detectives looking for video showing the path of the suspects vehicle from St. Als. I was advised by Det Canfield th suspect vehicle was seen turning south onto Liberty St within the St Als complex toward Emerald St.

I started by checking with the Juvenile Detention facility on Liberty south of Emerald. The suspects vehicle did not drive south on Liberty from Emerald as it was not seen on video.

I then checked with the Ada County Paramedics station on the NW corner or Liberty and Norwood. I contacted Stacey Winn who provided video to Evidence.com showing the suspect vehicle turn from SB Liberty onto WB Norwood and drive out of frame.

Det Sonnenberg picked up the vehicle on video at the intersection of Cole and Emerald turning NB onto Cole. I canvassed the area north of Fairview toward Mountain View drive and was advised by Lt Linn a witness may have seen the vehicle at Mountain View and Cole Rd.

I contacted [redacted] by phone. [redacted] said she was out delivering papers and was SB on Cole toward Ustick from Mountain View. She said a vehicle matching the description of the suspects vehicle passed her NB toward Mountain View. The car had its head lights off and no tail lights. [redacted] said the vehicle got into the lane to turn WB on Mountain view where she last saw it.

I did not locate any other video north of Fairview toward Mountain View Dr.

On 3/21/24 I was asked to look for video on State St. WB from Glenwood on the north side of the road. Other detectives were also looking for video. I made contact with Key Bank in the Home Depot complex as they had cameras facing State St. I was advised the branch is closing and the cameras do not catch anything out to State St.

I did not locate any other video of the vehicle.

Narrative

INITIAL RESPONSE/CONTACT:

On 3/20/24 I assisted Detective M. Canfield in collecting the cell phone belonging to IDOC CO D. Lopez who was admitted to Saint Alphonsus. The cell phone was at the RCFL office in downtown Boise, Idaho. The phone was being returned to Officer Lopez after the forensic data extraction was complete.

I met with Detective R. Durbin of the RCFL who gave me the cell phone to return to Officer Lopez along with some paperwork. From there I went en route to Saint Al's. At the hospital I met with a security guard who escorted me up to the floor and room where Officer Lopez was being cared for. I previously created a new property invoice for the phone using the original item number in order to document its return. I had Officer Lopez sign the bottom of the invoice acknowledging he received the phone. I removed the cell phone from its original packaging and handed it over to Officer Lopez. Once he received the phone I departed the hospital en route back to MSP.

Upon my return to MSP I placed the original packaging along with the invoice and paperwork from the RCFL into a locker inside of the secured CID Evidence room for Det. Canfield. No further.

Narrative

INITIAL RESPONSE/CONTACT:

On 3/22/24 I assisted Detective D. Ellis in returning the cell phone belonging to IDOC CO C. Wilske who was released from Saint Alphonsus and wanted to collect his phone. The cell phone was at MSP in locker #30 and permission to release the phone was given by Det. Ellis.

I met with C. Wilske at MSP and had him sign the bottom of the new invoice created for the release acknowledging he received the phone. I returned the phone to him in the original packaging as the phone inside was contaminated with bio (his blood). I did photograph the evidence envelope with the completed chain of custody for reference and digital media is uploaded to Evidence.com. The property invoice was submitted for signature and submission to Records. No further.

Narrative

INITIAL RESPONSE/CONTACT:

On 03/20/2024 at approximately 0219 hrs. I responded to an emergency, man with a gun call at the St. Alphonsus Emergency Room, 1055 N. Curtis Rd. While in route to the hospital information from dispatch advised there was an officer shot in the ER. Additional information advised there was a second security officer shot and the man with the gun was pointing a gun at the ER entry bay.

Just before arriving on scene, police officers who had just arrived at the ER announced over the radio additional shoots had been fired.

OFFICERS ACTIONS AND OBSERVATIONS:

When I arrived on scene, I ran to the ER entry bay doors and met up with the officers already on scene.

Updated information from dispatch advised the suspect was seen in Pod 4 of the ER. The officers and I searched and cleared the entire ER area. After a time, information from officers who had access to the hospital security cameras reported the shooting suspect and a prisoner who had been transported by IDOC to the ER left the ER prior to police arrival.

After the ER was cleared and secured, I was appointed and volunteered to be Officer Anderson's escort officer. I took possession and cleared Officer Anderson's patrol rifle. Lt. Wittmuss asked me to secure Officer Anderson's pistol and transport him to the police station to be interviewed by the Critical Incident Task Force.

I escorted Officer Anderson to the police station. After we arrived at the police station, Officer Anderson asked if Detective Roath could take my position as the escort officer. I contacted Det. Roath and he responded to the police station and took over my position. Prior to leaving the station I obtained Officer Anderson's duty pistol and patrol rifle from the trunk of Anderson's patrol car and brought them to the interview room where Officer Anderson and Det. Roath were located.

CONCLUSION:

After assisting Officer Anderson, I conformed with incident command over seeing the incidents investigation that my assistance was no longer needed, and I cleared without incident.

No further information.

Narrative

On 03-21-24 I was assisting with the track down of the escape suspect and his accomplice. I was assigned to review the tips that were coming through dispatch and assign them out as needed. One of the tips (line #145) that came through was from a lady by the name of [redacted] informed me that she made a post about this situation on Facebook. Shortly after doing so, [redacted] contacted her by phone and told her that it was [redacted] (Nicolas Umphenour) who police were looking for. [redacted] stated that [redacted] lives in [redacted] and hasn't had contact with Nicholas for about two years, but had some information that might be helpful to police.

[redacted] went on to tell me that [redacted] talked about a cabin in Elk City, Idaho that she thought Nicholas might try to hide out in. She confirmed to [redacted] that Nicholas joined the Aryan Knights group while in prison. [redacted] also told her that they have multiple relatives in Wiepe, Idaho that would be willing to help hide Nicholas.

After gathering some of this information from [redacted] I asked her if [redacted] would be cooperative with Law Enforcement in helping track down [redacted]. [redacted] said that she believes [redacted] would be helpful and then went on to say that [redacted] has already spoke with police. Once I heard [redacted] had already spoke with police, I began asking around and discovered that Det. Wirshing is the one who had spoke with [redacted] Det. Wirshing had received all of the information that [redacted] gave which was the same information mentioned above that she told [redacted] about.

As of this supplement being written, the suspects in this case have been found and are now back in custody.

No further action taken by this officer.

Narrative

INITIAL RESPONSE/CONTACT:
On 03/20/2024, at approximately 0357 hours, I was notified by Special Victim's Unit Lt Ransom that two Idaho Department of Corrections officers had been shot by a suspect that then helped a prisoner escape at St. Alphonsus Hospital. In addition, responding Boise Police officers were then involved in an officer involved shooting reference the incident.

I was the on call sergeant for the Special Victim's Unit (SVU) during the time of the notification. Lt. Ransom requested any available SVU detectives to assist with the incident. Detective Ellis, Detective Matheus, and myself advised we would respond to assist. We were directed to report to the crime scene at the hospital for assignment.

I was tasked with managing the overall crime scene at the hospital with scene processing and evidence collection. Boise Police Crime Lab was there to process the scene and collect evidence, along with Critical Incident Task Force McCray (from the Ada County Sheriff's Office). Detective Ellis and Detective Matheus assisted with various evidence collection tasks. See those supplements for further.

While on scene, I was requested to collect the hospital video surveillance from the security office and transport it to Detective Canfield at the Boise Police Station (by Detective Shofner). I collected a thumb drive from the security office, with the thumb drive password ([redacted]) and contact information of the security supervisor, [redacted], if anything further was needed. I turned over possession of that thumb drive to Detective Canfield.

A short time later, I was requested to get additional video footage of the incident by Critical Incident Task Force Hansen (from the Meridian Police Department). I contacted [redacted] and obtained a second thumb drive (with the same password). I transported that to the Boise Police Station and turned over possession of the second thumb drive to Detective Hansen.

Detective Ellis advised me she was tasked with collecting cell phones of the subjects related to the incident to have then downloaded/extracted for evidence.

During the evidence processing and collection time, I gave Lt. Ransom and Sgt Kendall various updates of items located, one of which was two cigarette butts and one "Swisher Sweets style cigar tip and butt" in the area of the parking lot where the suspect "get away vehicle" was seen parked in the video surveillance footage. Lt Ransom requested the cigar tip be collected and transported to the Idaho State Lab for DNA testing. I requested Detective Matheus assist with this. She and Crime Scene Officer (CSO) Boyington collected the cigar tip and CSO Boyington transported it to the lab for testing. *Note: The next morning the SVU unit was updated by Lt. Ransom as to what assistance was needed for the day, as well as the cigar tip DNA returned as a match to the identified suspect, Nicholas Umphenour.*

Narrative

On March 20th, 2024, at approximately 0216 hours, I responded to a man with a gun call at 1055 N. Curtis Rd. (St. Alphonsus hospital) Boise, Idaho, 83706. Dispatch advised there was a man armed with a gun in the ambulance bay of the emergency department. I ran to my vehicle and proceeded that way from the Boise Police station.

Information from dispatch was updated that an officer was shot from an unknown agency. My police vehicle radio scans channels and I heard on channel 6 (Garden city car to car) that it sounds like an active shooter at St. Al's. Dispatch provided one more update before officers arrived on scene. They advised the man with the gun was inside the doorway of the emergency room. I heard other officers had arrived and were approaching the ambulance bay.

As I pulled into the hospital parking lot, I heard gunfire. I quickly exited my vehicle and ran towards the doors of the ambulance bay. There I saw several officers, facing the shattered glass doors. I observed Lt. Wittmuss kicking the glass doors trying to make entry into the emergency room. I looked inside the emergency room and didn't see anyone. At this time, I believed there was an active shooter inside the emergency room. I along with other officers ran to the front of the emergency room where citizens enter to be triaged. We made entry and contacted security who opened the door for us to the triage area.

I advised Officer Rogers and Vassallo to go with security and look at video surveillance to see where the suspect went. After the emergency room was clear of any suspects, it was determined there was no suspect inside the emergency room. Lt. Wittmuss advised me that this was an officer involved shooting and Officer Anderson was involved. I told Officer Grover to take Officer Anderson to his vehicle and he is to be sequestered.

I exited the emergency room and assisted with operations at the command post which was in the southeast parking lot of the hospital. Information provided from reviewing video surveillance was that a IDOC prisoner had escaped. At this time, we had the identity of the prisoner and a photo of the vehicle he fled in. I had dispatch broadcast this suspect vehicle to other agencies for officer safety. The vehicle was a silver or gray 4 door sedan. I later received a phone call from a Twin Falls County Deputy. Deputy Broatt advised me that the Ada County dispatch had broadcasted the description of the suspect vehicle. He had received information from a Twin Falls city officer who had just taken a stolen vehicle report matching the suspect vehicle. This city officer had told him the victim was nervous and the details seemed suspicious. He gave me the license plate of [redacted] and a report number of 2400-1281. I gave this information to BPD Detective Wirshing.

I stayed on scene until relieved by Sgt Del Rio. Add to main report.

Narrative

PROBABLE CAUSE FOR Skylar Meade (Escape) & Nicholas Umphenour (Aggravated Battery X 2, Aggravated Assault, Aiding & Abetting):

On March 19, 2024, at approximately 2148 hours, Skylar MEADE, a prisoner of Idaho Department of Corrections (IDOC), was transported to St. Alphonsus Regional Medical Center by three IDOC officers for medical care. The hospital staff examined MEADE and eventually determined the complaint he made was unfounded. The hospital staff informed MEADE they wanted to do further medical testing, and MEADE refused all services. He insisted that he be immediately transported back to IDOC.

On March 20, 2024, at approximately 0210 hours, MEADE was discharged from St. Alphonsus Emergency Department. Upon exiting the Emergency Room area Nicholas UMPHENHOUR (DOB: [redacted] fired a handgun at the IDOC officers, striking Officer LOPEZ two times and Officer JACKSON two times. Officer WILSKIE,

although not struck, was in the line of fire and witnessed the muzzle flashes from the suspect's firearm. It should be noted, only Officer LOPEZ was armed at the time of the attack.

MEADE and UMPHENHOUR then fled the scene in a vehicle, later identified by CCTV security cameras at St. Alphonsus, as a possible Honda Civic (suspect vehicle).

The vehicle matched the description of a reported stolen 2020 Honda Civic out of Twin Falls, Idaho that had been reported stolen by Tia GARCIA. Boise Police Detective Roath and your affiant interviewed GARCIA who admitted to knowing MEADE and did not deny that her vehicle was involved when shown surveillance images of her vehicle from St. Alphonsus.

Narrative

NARRATIVE:

On 3/20/2024 I was on duty working as the Lieutenant in charge of police operations at the Boise Airport. At approximately 10:16 in the morning I received a call from Detective Lieutenant Josiah Ransom. He advised me that he was working on the investigation into the shooting of the two IDOC officers and the escape of Skylar Meade that had occurred earlier in the morning at St. Alphonsus. Ransom advised me he had received information that a white male adult by the name of Nicholas Umphenour was potentially an involved party in the crime and had reportedly flown into the Boise Airport on Sunday, March 17th at approximately 1330. Ransom inquired about whether I was able to confirm this information. I advised him that the airlines typically share information like that with the local airport FSD-LE and I would make an inquiry with him. Ransom asked if I was able to review any video surveillance in the airport for the time period Nicholas was reported to be present here. I advised him I would make contact with an Airport Operations Supervisor and make a request for them to find any video evidence of his presence. Immediately following our conversation, Ransom sent me two photographs of Nicholas.

I made contact the airport FSD-LE, [redacted] and told him about the investigation and asked him if he could make contact with the airlines or his other contacts and obtain information which would corroborate Nicholas' travel on the 17th. I then made contact with Airport Operations Supervisor [redacted] I told he and another Airport Operations employee, [redacted] that a

potential person of interest in the shooting may have traveled through the airport on an arriving flight on March 17th. I requested that they view the photograph Ransom had sent me and begin reviewing video. I then left. At approximately 11:09 [redacted] notified me that he and [redacted] had located video of Nicholas arriving on United Flight 1125 from Denver. They were able to track his movements via video from several cameras while he walked through the airport and into the parking garage. They were not able to capture any video of Nicholas leaving the parking garage either on foot or in a vehicle. I requested they flag the specific videos they had located. I then contacted the Boise Airport Deputy Director, [redacted] and made a verbal request to obtain a copy of the videos of Nicholas for our investigation. He provided me with verbal authorization. He also provided email authorization later in the day.

I made contact with Boise Airport IT employee [redacted] and requested he create two CD's containing the videos that had been flagged by Airport Operations. I confirmed they were the videos containing images of Nicholas and [redacted] burned two CD's for me while I waited. As I was waiting, [redacted] contacted me and advised he had discovered that Nicholas had boarded United Flight 1392 in Orlando and flew to Denver shortly before boarding United Flight 1125 and flying to Boise on March 17th. [redacted] requested I provide one of the CD's I retrieved from [redacted] to FBI Agent Dan Ramirez as he was actively working on the investigation. I contacted Ransom and advised him of the information I had. I then transported the CD's to the EOC in the Boise Police Department and provided one CD to Detective Matt Canfield and one to Agent Ramirez.

This concluded my involvement.

Narrative

INITIAL RESPONSE/CONTACT:
On 3/20/24 I was assigned to the Criminal Intelligence Unit, when I was contacted and requested to assist with this investigation. I provided general intelligence and assistance for this investigation.

I was specifically asked to assist with finding video surveillance of one of the suspects, Nicholas Umphenour, at the Boise Walmart on 3/18/24.

I also specifically assisted with coordinating cell phone information relating to this investigation.

3/18/24 WALMART SURVEILLANCE:
On 3/20/24 I was advised that the suspect, Nicholas Umphenour, went to the Walmart at 8300 W Overland Rd around 1800 hours on 3/18/24. I contacted [redacted] with Walmart loss prevention, and requested he assist me with finding video surveillance. I provided [redacted] a photo of Umphenour, as well as a photo of the vehicle he was believed to be driving (Gray Honda Civic - [redacted]). [redacted] found that Umphenour entered Walmart at 1806 hours. Umphenour arrived in the Gray Honda Civic and entered the store alone. Umphenour selected a canister of spray lubricant and a black hooded sweatshirt, then went to the self checkout register. Umphenour scanned and paid for the lubricant, but did not pay for the sweatshirt. The sweatshirt was a black zip up, Wrangler brand. Umphenour then exited the store without paying for the hoody, and left the Walmart parking lot in the Gray Honda Civic at approximately 1830 hours.

CELL PHONES:
Through the course of this investigation, I learned that Idaho Department of Corrections Officers have seized multiple cell phones from Skylar Meade and some of his associates while they were incarcerated in prison. These cell phones had somehow been smuggled into the prison. On 3/21/24 I spoke with IDOC Investigator, Brian Adams, who told me these phones had been turned over to FBI Special Agent Ryan O'Neal. I spoke with SA O'Neal in attempt to get copies of the cell phone extractions from the seized phones. SA O'Neal said he had attempted to extract the phones but was unsuccessful. He said I could speak with BPD/FBI Task Force Officer, Det. Durbin to make another attempt at extracting the phones. I contacted Det. Durbin on 3/21/24 and made this request, which Det. Durbin said he would work on.

DISPOSITION OF PROPERTY/EVIDENCE/WEAPONS:
- Walmart video surveillance and the Walmart loss prevention report have been uploaded to Evidence.com.
- I have also uploaded photos of the sweatshirt Umphenour stole, as well as the spray lubricant he purchased.

Narrative

INITIAL RESPONSE/CONTACT:

On 03/20/2024 at approximately 0312 hours I was notified by Det. Canfield that there had been an incident at St. Alphonsus Regional Medical Center involving three Idaho Department of Corrections (IDOC) Officers getting shot at by an unknown suspect, of a prisoner escape and a critical incident involving a Boise Police Officer. I was initially assigned to review hospital video and assist with interviewing witnesses.

ST. ALPHONSUS REGIONAL MEDICAL CENTER SURVEILLANCE VIDEO:

Boise Police Officers Vassallo and Rogers were already reviewing video in the St. Alphonsus Security Office when I arrived. They were being assisted by St. Alphonsus Security Officers [redacted] and [redacted] I reviewed the video and created the following approximate timeline of events based on the date/timestamp on the videos related to the incident.

Date: 03/19/2024

2148 hours - Skyler Meade arrives at the St. Alphonsus Regional Medical Center in a gurney. He is

5. Date Occurred	6. Time Occured	7. Route To	8. Division
03/20/2024	02:16	County Prosecutor	PERSONS

accompanied by three IDOC officers.
2200 hours - A vehicle that appears to be a gray Honda Civic enters the St. Alphonsus parking lot from N. Curtis Rd. The vehicle backed into a parking spot on the surface level of the parking structure on the east side of the Emergency Room entrance and was facing the hospital.
2209 hours - The Honda moves to the Saint Alphonsus Cancer Institute parking lot, north of the Emergency Room ambulance bay and is positioned facing a white IDOC prisoner transport van that is parked in the ambulance bay.

Date: 3/20/2024

0213 hours - Three IDOC officers escort Meade out of the Emergency Room and toward the transport van.
0215 hours - An unknown person exits the Honda, approaches the IDOC officers and begins firing at the officers (the view of the shooting is obscured by the transport van). Meade and the suspect run to the Honda and leave the parking lot toward N. Liberty St. The Honda turns south on N. Liberty St. and is last seen driving toward W. Emerald St.

I requested that security staff make a copy of the video. I asked Sgt. Del Rio for assistance in collecting the video when it was ready to be picked up.

[redacted] **RN INTERVIEW**:

I interviewed [redacted] RN about what she had observed. In summary, [redacted] stated she did not interact with Meade while he was a patient and was in the break room when she learned the shooting in the ambulance bay had taken place. [redacted] did observe the IDOC Officer getting shot in the emergency room. Following the shooting, [redacted] took cover in Pod 4 behind a secured door. She later assisted in taking one of the IDOC Officers to get a CT scan.

[redacted] **INTERVIEW**:

I interviewed St. Alphonsus staff [redacted] about what she had observed. In summary, [redacted] stated that she was aware that Meade was in Room 12 while he was being treated as a patient but stated that she did not have any interactions with him. [redacted] stated she had come into the ER to assist in moving another patient from when she heard a radio announcement about the emergency. Once the IDOC officers were inside the Emergency Room, [redacted] assisted in getting one of the officers into the trauma bay and assisted in rendering aid. I asked [redacted] if any of the IDOC officers made any statements about what had occurred. [redacted] stated they did not but were asking question about how the other officers were doing.

[redacted] **RN INTERVIEW**:

03/20/2024	02:16	County Prosecutor	PERSONS

I interviewed [redacted] RN about what she had observed. In summary, [redacted] stated that she assisted in rendering aid to Meade while he was in a patient in the emergency room. [redacted] described Meade's demeanor as rude, manipulative, antsy, talking fast and jumping between ideas quickly. I asked her to describe what she meant by these details. [redacted] explained that Meade did not want her to draw his blood and made statements such as, "I just need to go back to the prison" and "I don't want to be here." Meade kept looking at the clock and saying he wanted to go back to the prison. Meade became angry when she wanted to draw his blood and asked, "Do I have to do this?" and questioned if he had any rights. [redacted] added that Meade did not lay in bed like most patients typically do and that he was moving around a lot.

[redacted] stated she attempted to avoid conversation with Meade but recalled him bringing up Machine Gun Kelly and talking to her about her shoes. Meade also brought up that his brother was in prison and saw him being transported to the hospital with a bloody shirt. I asked [redacted] if she could describe Meade's emotion when he made this statement about his brother. She described his emotions as appearing neutral.

[redacted] stated that even though Meade had been in the hospital for several hours, she estimated that she had been in the same room with him for less than 45-minutes. She again stated that Meade was constantly concerned about the time and wanting to go back to the prison.

After Meade was discharged, [redacted] observed one of the IDOC officers pulling another officer back into the hospital. [redacted] later assisted in rendering aid to IDOC Ofc. Daniel Lopez.

TIA GARCIA'S PHONES:

On 03/20/2024, Tia Garcia reported her 2020 Dark Gray Honda Civic as stolen shortly after the time of the shooting. The vehicle matched the appearance of the Honda seen in the surveillance video. Det. Roath and I drove to the Twin Falls Police Station to interview Tia who was on parole and being detained in a Twin Falls Police interview room. We were advised that Tia had two phones in her possession when she was detained, a Samsung Galaxy and a black iPhone. Due to Tia having a fourth amendment waiver due to her parole status, Probation and Parole had Twin Falls Police Department Security Engineer Mike Plane download the contents of the phone. Once the files were downloaded, Plane uploaded them to Evidence.com.

TIA GARCIA INTERVIEW:

On 3/20/2024 at approximately 0908 hours, I joined Det. Roath during his initial interview with Tia Garcia. During the interview, Tia gave the following phone numbers for the phones that were found in her possession: Samsung Galaxy [redacted] and iPhone [redacted] See Det. Roath's supplement for

further details regarding the interview.

CONFIDENTIAL INFORMANT INTERVIEW:

A confidential informant was located and spoke with Det. Roath and I. See Det. Roath's supplement for further details regarding the interview.

[redacted] **INTERVIEW:**

On 3/20/2024, I interviewed Tia' roommate [redacted] at the halfway house they were both currently living in. In summary, [redacted] stated she has lived in the house since August of 2023 and that has known Tia's mom [redacted] since she was a kid. [redacted] stated she typically stays in her room and keeps to herself and did not see Tia interacting with anyone or anything else suspicious recently. [redacted] added that she notified Tia's brother [redacted] that Tia might be going to jail. When I asked for more details, [redacted] stated that she texted [redacted] with that information that morning. [redacted] stated she is not close with Tia and that she didn't have any other relevant information to provide.

PHOTO LINEUP:

Det. Roath asked for my assistance in coordinating a photo lineup that contained an image of Nicholas Umphenour for Tia's roommate [redacted] to view. I had Twin Falls Sheriff's Jail Deputy J. Day and Sgt. R. Guzman respond to our location to administer the lineup. Deputy Day was not familiar with the details of the case we were investigating or of Umphenour's potential involvement. I stepped out of the residence while the photo lineup was being administered.

Once Dep. Day advised that the photo lineup had been administered, I returned inside the residence and asked [redacted] if she had any questions. She stated she did not. I saw that [redacted] had selected photo number 4 as being the subject involved in the incident. At this point, I did not know what photo number was assigned to Umphenour or if [redacted] had selected Umphenour from the lineup or someone else. I asked [redacted] how certain she was that she selected the correct individual. She said she was about 50% sure and referenced the neck tattoo on the male as being similar to the one she saw on the male with Tia.

After speaking with [redacted] I spoke with Dep. Day outside the residence and reviewed the line up and completed admonition form. I noted that Umphenhour was photo number 6 in the lineup. Dep. Day stated that [redacted] stopped on Umphenhour's photo both times she viewed the lineup and verbally questioned if that was the male she had seen.

Dep. Day stated he would complete a supplement of his involvement under the Twin Falls Police Department's report number.

Narrative

INITIAL RESPONSE/CONTACT:
See photos at evidence.com.

On 3/24/2024, I responded to St. Alphonsus located at 1055 N. Curtis Rd. by request of Sgt. Norman to collect a bullet from Elijah Jackson.

I went to room 3451 and met with Elijah Jackson who was lying on a bed. Elijah stated Dr. [redacted] would be removing the bullet from his arm at 0900 hours. I photographed the exterior of the room and overviews of Elijah Jackson and his right arm.

Dr. [redacted] arrived to the room, and I observed her remove the bullet from Elijah's right arm. I collected the bullet directly from Dr. [redacted] in a small plastic cup. I photographed the bullet and the incision on Elijah's arm. In the room on the counter was Elijah's badge and clothing he was wearing at the time of the incident in a hospital bag. Elijah told me the bag had been there since he was admitted to the room.

I collected the ID, clothing, and bullet. I transported the items to Ada County Property and photographed them. I photographed multiple spots of a reddish brown substance (RBS) which was on the white tank top as well as a hole. The tank top had been cut in half from the collar to the bottom. I photographed the black shirt which had a "Correctional peace officer Idaho" badge on the left shoulder as well as multiple spots of RBS on the side of the shirt near a hole. The shirt was also cut in half from the collar to the bottom. The shirt was short sleeved.

I booked all items in as evidence.

DISPOSITION OF PROPERTY/EVIDENCE/WEAPONS:
KS1: 1 projectile bullet
KS2: Elijah Jackson's Idaho Department of Corrections Badge
KS3: white tank top, Elijah Jackson
KS4: Black shirt, Elijah Jackson + original bag

Narrative

The below text is a summary of the events surrounding this investigation

On 03/25/2024 Detective M. Canfield asked that I retrieve a search warrant from the Twin Falls County Sheriff's Office located at 425 Shoshone St. N. Twin Falls, Idaho. Upon arriving at the Twin Falls County Sheriff's Office I met and spoke with Deputy Prosecutor, Kiel Whitmore who provided me with the documents relating to the search warrant. I subsequently served the search warrant at the Twin Falls County Jail located at 504 Gooding St. N. Twin Falls, Idaho. I met and spoke with Deputy S. Lynd who provided me with two cellular devices belonging to Tia Garcia, who was currently incarcerated. These phones were identified as the following:

AH1: Black Apple iPhone with black case.
AH2: Samsung s/n GPSAS134DCGB with black case.

I provided Deputy S. Lynd with the search warrant, as well as a property invoice. I proceeded to then return to the Boise Police Department located at 333 N. Mark Stall Pl. Boise, Idaho and place both cellular devices into the Criminal Investigation Division's secure property room, locker ten. I later provided Detective M. Canfield with the remaining documents as well as the key to locker ten. No further information of evidential value was obtained at this time.

Narrative

TIA J GARCIA'S PHONES - TWIN FALLS COUNTY JAIL:

On 3/21/2024, I learned that Tia J Garcia had been arrested on a probation/parole violation and she was incarcerated at the Twin Falls County Jail. At the time of her arrest, Tia was in possession of two black colored cell phones. Tia's supervising officer, Ofc N Liles, confirmed that these were the same two phones that had
previously been extracted in relation to this investigation on 3/20/2024 and then returned to Tia (see Detective C Roath and Detective J Shofner's supplements). The phone was placed within Tia's property at the jail

On 3/25/2024, I obtained a search warrant through the Twin Falls County (Honorable Benjamin Harmer) to seize the two phones (Items #AH1 and AH2) as evidence from the Twin Falls County Jail. On 3/25/2024, Detective A Hartje and Lieutenant A Linn traveled to Twin Falls and executed the warrant at the Twin Falls County Jail (see Det Hartje's supplement).

Narrative

I am currently assigned as a Detective with the Boise Police Department Special Victims Unit (SVU). The Special Victims Unit primarily investigates crimes against children and sexual assaults. On Wednesday, 03/20/2024, I assisted M. Canfield and J. Shofner with an ongoing investigation.

I was requested by my on duty supervisor, J. Ransom, to assist in viewing the forensic extractions of two (2) cell phones collected by Twin Falls Police Department from Tia Garcia.

I was contacted by M. Plane of the Twin Falls Police Department, and advised he was in possession of an iPhone and Samsung cell phone belonging to Tia Garcia. M. Plane stated he was in the process of forensically extracting both cell phones, and will provide the results to me for review.

M. Plane uploaded the extraction of the iPhone device first, to evidence.com, and provided me with authorization to access and download the file. I utilized a Boise Police Department computer located at 333 N. Mark Stall Place, in the City of Boise, Ada County to download and review the file. The extraction was opened with the [redacted] viewer program.

Within the extraction of the iPhone device, I found the following items of interest:

1. On 03/19/2024 at 16:11:22, a text message sent from the phone number [redacted] (which was later identified as belonging to Nicholas Umphenour), stated the following:

"Hey two things, for any reason something happens and I'm seen, if you get up tomorrow and I leave a message to report it stolen, u fucking do it. Don't call me, don't hesitate, don't wait, do it!!!"

2. On 03/20/2024 02:28:37, Tia Garcia received an incoming voice call from Nicholas Umphenour who used a mobile application called "Signal". This call was unanswered.

3. On 03/20/2024 02:29:15, Tia Garcia received an incoming voice call from Nicholas Umphenour, this call was answered and the duration of the call was 00:00:16.

I did not find any other items of interest in the iPhone extraction.

A short while after receiving the iPhone extraction, I was advised by M. Plane the Samsung extraction file was uploaded to evidence.com, and ready of download. I downloaded the extraction file utilizing my Boise Police Department computer, and opened with the [redacted] Viewer Program, and found the following item of interest:

1. On 03/20/2024 02:38:04, Tia Garcia made an out going phone call to phone number [redacted] (which was later identified as the phone number to the Twin Falls Sheriff's Office). The duration of the

call was 00:04:32.

I did not find any other items of interest in the Samsung extraction.

The extraction files were saved onto a USB flash drive, and the flash drive was booked into evidence and placed into the Boise Police CID Evidence room.

I advised M. Canfield of my findings, and attached screenshots of the corresponding items of interest in the two forensic extraction files to this report.

I took no further investigative action.

Conclusion:

Narrative

INITIAL RESPONSE/CONTACT:

On 03-20-24 at approximately 0300 hours, I was contacted by the Boise Police Department Violent Crime's Unit Sgt Kendall, reference a critical incident that had occurred at St. Alphonsus Emergency Room involving BPD officers. My initial assignment was to be an escort officer for BPD officer Wayne Anderson. I met with Officer Anderson at the Boise Police department where the first contact process was conducted. Refer to ACSO Det's Buie and Pacheco's report for further regarding this process and evidence collection.

At approximately 0630 hours, Det. Shofner and I were assigned to respond to Twin Falls, ID to conduct multiple interviews. One of which included an adult female, Tia Garcia, who had reported her gray colored 2020 Honda Civic, bearing Idaho license plate, [redacted] stolen from Twin Falls, ID. This make and model of this reported stolen vehicle matched the description of the vehicle captured on St. Alphonsus video surveillance of the suspect's vehicle used in the escape of Skylar Meade and the attack on IDOC Correctional staff. We were informed that Tia Garcia (Registered owner), who was on Felony Parole, had been detained and transported to the police station by Twin Falls Police for questioning regarding her reported stolen vehicle mentioned above. Therefore, Det. Shofner and I responded to the Twin Falls Police Department and met with Twin Falls County Det. Dalrymple and Idaho State Police Sgt Boone.

We were briefed that Tia Garcia had dated a [redacted] who happened to be a cell mate of Skylar Meade while incarcerated. This was something we were unaware of at the time in which Tia had

reported her car stolen. Tia had informed Twin Falls Police that she had reported her 2020 gray colored Honda Civic bearing Idaho license plate of, [redacted] stolen at approximately 0245 hours on 03-20-24.

INVOLVED PERSONS/RELATIONSHIP(S):

TIA GARCIA- REPORTED VEHICLE STOLEN IN TWIN FALLS, ID 0258 HOURS, SHORTLY AFTER ESCAPE

[redacted] WITNESS. WAS INITIALLY REQUESTED BY SKYLAR, TO PICK NICKOLAS "MOOSE" UP FROM AIRPORT

SUSPECT INTERVIEW: TIA GARCIA

On 03-20-24 at approximately 0900 hours, Det. Shofner and I entered an interview room at the Twin Falls Police Department and made contact with Tia Garcia. After our introductions, I asked if she needed to go to the restroom and she denied. I asked her if she knew why we were there talking with her and she began explaining how she had reported her car stolen. Of note, Tia spoke very softly when she would answer questions. On several occasions throughout this interview, Tia would not respond at all and would put her head down on the table.

I began explaining to her that I was going to read the Miranda Rights to her. Tia immediately asked if she was being arrested and I explained that she was not at this time, and added that she was being detained and not free to leave at this point. Therefore, I read Tia her Miranda rights to her and at the conclusion of reading those rights to her, I asked her if she understood those rights and she quietly responded by saying, "Yeah." I added that if she had any questions pertaining to these rights to feel free to ask me in order to clarify anything she may need.

At this point, I told Tia that I had some questions for her and wanted to begin by confirming who she was. Tia confirmed her full name and date of birth to me. Tia also confirmed that she was currently on parole and that she had two kids that reside with her mother. Tia also confirmed that she resided in a halfway home located at [redacted] Tia continued by also confirming her phone number as being, [redacted] I informed her that she had two cell phones in her possession and she responded by telling me, "One of them, really not my phone," and that, "I use it sometimes but it's really not my phone." Tia informed me that her cell phone belonging to [redacted] was a black colored Samsung

Galaxy phone. The black Iphone that Tia explained wasn't her cell phone but uses it occasionally, has a phone number of, [redacted] When asked about who the Iphone cell phone belonged too, Tia initially said that it belonged to a "friend" who was in "county" that she would occasionally use to speak to him on. When I asked her who the "friend" was that this phone belonged too, Tia said, "Nah, it's my mom's phone." I followed up by asking Tia who her mother was and she informed me that her mother's name was, [redacted] I explained to Tia that due to her having a 4th Amendment Waiver, that her Parole officer was going to digitally down load her cell phones.

I informed Tia that I was going to ask her questions regarding her vehicle and was hopeful that she would be honest with me. I continued by asking her about her past regarding any jail/prison time she had served before. Tia informed me that she had served 5 years in prison for drug charges. Tia and I spoke about her previous drug charges and her addictions due to a recent "relapse." However, Tia did not want to disclose what narcotics she has used.

At this point, I asked her about Skylar Meade and how she knew him. Tia informed me that she had "known him for a long time," and that he was a "few years older than me." Tia referred to Skylar as a "friend" of hers. I asked if she knew where he was currently at and she responded by asking me, "He is in prison isn't he?" I told her that I didn't know and was just asking about his whereabouts.

I began asking questions regarding her vehicle she had reported stolen earlier this morning. Tia informed me that she has a "curfew" as apart of her Parole, and was home by that time of 1900 hours, with her vehicle. This was the last time she had seen her vehicle. Tia confirmed that she last seen her vehicle when she arrived at home, located at [redacted] at 1900 hours and added that she parked the vehicle at the Salvation Army "down the road." Due to no available parking in front of or behind her residence, she had to park her vehicle at the Salvation Army which is approximately one block away from her residence.

Tia informed me that she noticed her vehicle was gone when she went outside to smoke a cigarette at approximately 0245 hours. Tia told me that she was going to retrieve a cigarette lighter from her car when she noticed it missing and ultimately reported it stolen with the Twin Falls Police Department (**Case# 24001281**). *Refer to the Twin Falls Police Department's stolen vehicle report for further.* Tia didn't want to wake any of her roommates up for a lighter so she ultimately went to retrieve one from her vehicle. Initially, Tia thought her car was impounded due to being parked at the Salvation Army. When I asked if people are allowed to park there, Tia chuckled when she told me that she didn't believe she was suppose to.

I followed up by asking Tia if she had any idea as to where her car could be and she responded by saying, "eh huh," as in answering no. Tia expressed how nice her vehicle was and added that this was the first car she had since she got out of prison. This led to me asking her if she was employed. Tia informed that she was recently working at the Sugar factory in town and added that she is not currently

employed at this time.

Of note, Tia appeared to be sleeping when I made contact with her and continued to yawn and talk very quietly in her responses throughout this interview.

I informed Tia that shortly after she reported her car stolen, Skylar escaped from prison. Tia appeared to be confused at that comment. I further added that her vehicle was used in Skylar's escape and when I informed her that I don't believe she was involved in the escape, Tia responded by saying, "There's no way I could be, I have an ankle monitor." I added that I didn't think she was there during the escape but wanted to know who had access to her vehicle since the incident was caught on camera. Tia reluctantly asked, "So should I be asking for a lawyer now since my car was there?" I informed her that I can't tell her what to say or do and continued by explaining to her that I didn't believe she was at the incident when Skylar escaped. I further informed her that was why I was there to talk to her.

I had previously learned that Tia had two sets of car keys for the same vehicle that she reported stolen. When asked, Tia confirmed that there were two sets of cars keys and added that one set is "put up." I asked her where those two sets of keys were at and Tia told me that one set was with her brother, [redacted] (29yoa), and the other set was with her. I began asking her if we would find a set of those car keys at her residence when her Probation and Parole Officer searches her residence and she stated, "Yeah." I explained to her that it was important for her to show her cooperation in this process so we could eliminate her as being involved in this case. When asked if her brother would have taken her car, she denied by telling me that, "He doesn't drive it." When I asked Tia why a set of her car keys were at her brothers residence, Tia told me that it was because she didn't want both sets of keys at the same location. I explained to Tia that her vehicle must have been hot wired or something to that affect in order for her vehicle to be stolen.

When I further questioned Tia about the set of keys at her brother's residence, she informed me that her brother would just tell us that he had some of her stuff and would not mention the keys to us.

At this point, I began observing Tia become more and more uncomfortable with the questions regarding her reported stolen vehicle. Due to my training and experience, her body language and lower tone of voice became more suspicious to me that implicated she had some involvement in accommodating someone involved in this case, with the use of her vehicle to be used in this incident. I continued by telling Tia that I wanted to minimize her involvement to only providing her vehicle for this escape attempt as opposed to being involved further to include, having a role in shooting Correctional Officers at the scene of the escape. I added that officers were shot at the scene and were currently undergoing surgery.

I told Tia that I was aware that she had ties to Skylar and wanted to know her involvement. Tia acted

confused and asked me what I was talking about. When I told her that I wanted to know if she had any involvement in the escape, Tia lightly chuckled and said, "No, I haven't even talked to Skylar in a while." When asked when the last time she had spoken to Skylar was, Tia told me it has been a "few months," and estimated it being sometime in December. When I followed up by asking her how she spoke with Skylar in prison and if it was via phone calls, letters, or visiting him, Tia responded by telling me that she didn't visit him.

Tia became more and more quiet when I began asking her what we would find during the search of both of her cell phones in regard to any phone calls or text messages that would be related to this case. Tia wouldn't answer these questions. I followed up by asking her who had her car and Tia quietly stated, something to the affect, "I think I need a lawyer." When I asked her to clarify what she said and if she said she wanted a lawyer, Tia responded by telling me, "I mean you're pretty much telling me." As I was telling Tia that she had answers to this case, Tia interrupted and told me that I was only trying to "minimize" her involvement as opposed to "eliminating" her involvement. Tia immediately followed up by telling me, "I have two kids." I requested that she think about those two kids during this time and she told me that is, "What I'm doing." I asked Tia how she was going to help her kids if she wasn't around and she followed up by asking me, "How am I going to help my kids when I'm dead?" I insisted that she talk to me and she informed me, "I don't know nothing." It became apparent that Tia was lying to me at this point and I informed her that she wasn't a great liar and that it wasn't meant to insult her. I added that it appeared to me that she actually cared about the situation because she was contemplating whether to do the right thing, but telling the truth.

I continued to explain to Tia that it wasn't difficult to track her vehicle back to her due to the license plates. Tia began to shut down and wouldn't speak or talk to me for several minutes as I continued to request she tell me about her involvement in hopes that no one will end up dead during this situation. I continued by efforts in asking Tia how this happened, if she was paid for her part in this and was met with silence. At this point, I asked if she was hungry or needed a bathroom break and she denied. I continued my efforts in trying to gain any information of her involvement and about the case in general, in hopes of stopping anyone else from getting hurt. However, Tia continued to be non responsive to those questions.

At this point, I asked Tia if she was intoxicated or high and she denied by nodding her left to right. I asked if she understood English and requested a verbal response at which point she stated, "Yeah." I followed up by asking if the other cell phone she had actually belonged to her mother, [redacted] and Tia didn't respond. When I said her name to elicit a response, Tia again stated, "I don't know anything." I followed up by telling her that three officers had been shot and asked if she was just going to ride this out and see where the cards fell. Tia stated, "It's my best chance." I told her that we knew she was involved at this point and requested her to own her part in this.

Just prior to taking a break, I reiterated to Tia that we were wanting her role in this and added that I

wanted to hear the information from her before we found it on her cell phones. Tia remained quiet and was looking downward when I followed up by asking her what she was afraid of. Again, Tia remained quiet. I asked Tia what the pass code was on her mother's cell phone and she responded by saying, "I don't know." In turn, I asked her how she used that phone if she didn't know the pass code on it and she stated, "I can't answer anymore questions." A break was taken moments later. Of note, Tia rarely made eye contact with me throughout this interview.

During the break, I met with Tia's Parole Officer, Nakia Liles, who was at the police station at this point. I was able to confirm that the last known address for Tia's mother was located in [redacted] as well. Shortly after, Detective Shofner and I met back up with Tia.

Once back in the interview room with Tia, I asked her if anything came across her mind that she wanted to talk about. Tia remained quiet as I informed her that I spoke with her Parole Officer and learned that she had a good rapport with her. I continued my efforts in gaining information from Tia and informed her that I needed to find both sets of car keys to her vehicle. I further explained that her residence will be searched as well as her brother's. Tia changed her story by telling me that her "stuff" that involved her keys, were not at her brothers house and added that it was at a "storage" place else where. I informed Tia that I didn't want to involve her brother if he didn't have the keys or anything to do with this case. Tia responded by telling me, "Leave my brother out of it, my keys aren't over there." I informed her that she was the one that told me that her brother had a second set of cars keys and asked her if there was even a second set of keys. Tia continued by telling me that she didn't know anything and I corrected her by telling her that she knew a lot more information than she was trying to lead us to believe. I continued by telling her that I believed her car wasn't stolen and that she had given it to somebody to use during this incident. I continued to minimize her believed role in this matter by explaining to her that I didn't have any evidence to show that she was the one who shot and hurt anyone during this incident. When I mentioned again that we are going to need to search [redacted] residence for a set of her car keys, Tia immediately responded by telling me that "there is no key at his house, so leave him alone." I asked Tia if she was lying to me now or lying to me then about the keys. When I asked Tia to confirm if there was one or two sets of keys to her vehicle, she didn't answer. Tia was insistent that I leave her brother alone and that he had nothing to do with this nor did he have a key. When I told her that she was the one that brought him into this by initially telling me that he had a set of her car keys and that I couldn't just leave him alone, Tia told me that, "You guys just might as well arrest me." Again, I asked Tia where the car keys were and she refused to answer.

I further informed Tia that it appeared that she was much more involved than expected and explained that we would ultimately discover communications that would further tie her to this case. Tia responded by saying, "You already know the answers to everything I know." I thanked her for acknowledging that and Tia added that, "This is going nowhere." I explained to Tia that she was in control of what she tells me or not. Tia informed me that, "There is nothing I can help you with." When I asked her if she knew who had her car, Tia responded by saying, "I can't give you any...." I followed up by telling her that she

won't answer that question and Tia stated, "So lets just go, arrest me and let's go because I can't help you with anything." When I informed her that she wasn't the one I wanted to arrest, Tia added that, "I can't tell you where they are," and, "I don't know anything." I followed up by asking Tia what she was afraid of and she went back to not talking with me. Therefore, another break was taken. Tia was offered another bathroom break. Tia took this opportunity to use the restroom at this point. Tia was escorted to a nearby restroom where she went in alone. Moments later, she was escorted back to the interview room.

- *Of note, both of Tia's cell phones had been given to Twin Falls Police Security Engineer, Mike Plane, to be digitally downloaded. Refer to the generated Cellebrite report for further. This report had been downloaded onto evidence.com by Mike Plane.*

WITNESS INTERVIEW: [redacted]

During this break with Tia, Twin Falls County Detective Dalrymple informed me that she had contacted an adult female, who wished to remain anonymous, who she felt may have some information to the case due to her affiliation with Skylar Meade. I was informed that the subject was currently in an interview room at the police station willing to speak with Detectives. Therefore, Detective Shofner and I met with an adult female, later identified as [redacted] regarding her knowledge of the situation at approximately 1035 hours. This brief interview took place in a separate room near the front lobby of the Twin Falls Police Department and was not audio recorded per her request of remaining anonymous out of fear for her own life and unborn child.

I explained to [redacted] that keeping her completely anonymous would be difficult but I would relay this request to the prosecutor's office. [redacted] understood and appeared to be fairly calm during our interview, even though she informed us that if Skylar knew she was talking to the police about this incident, that he would "kill me."

[redacted] informed me that she was "in love with Skylar" and has been for several years. [redacted] continued to explain that she and Skylar were involved in an intimate relationship with one another approximately two years prior to his recent incarceration. [redacted] also added that Skylar is upset with her due to her recent pregnancy and being with someone else intimately.

In regards to what information [redacted] had pertaining to this incident, see below:

[redacted] informed me that she had frequently spoken with Skylar and his brother, [redacted] while both in their prison cells, and on different cell phones. [redacted] continued by telling me that Skylar had called her approximately two weeks ago and asked if she could get to Boise on Sunday, 03-17-24 at 1330 hours, to pick up a friend of his from the airport. According to [redacted] Skylar plead with her on several occasions

to use her vehicle to pick up his friend, "Moose," from the Boise airport on the 17th. When [redacted] informed him that her vehicle wouldn't make it to Boise from Twin Falls due to car trouble, Skylar began telling her to "steal" a car to do it. [redacted] explained how she was becoming more uncomfortable with this idea and ultimately declined to do this but offered up a "friend" of her's by the name of [redacted] to pick "Moose" up from the airport. [redacted] informed Skylar that [redacted] lived in Boise and added that it would be more accommodating.

[redacted] explained that she did not know who "Moose" was and added that she had never met him before either. [redacted] had learned of this name from Skylar. In regard to [redacted] [redacted] also explained that this subject was only an acquaintance and added that she only knew of him on the "signal" application on her cell phone.

[redacted] showed me the only text message thread between her and "Moose" in the few days leading up to the date of the incident. In this text thread, "Moose" utilized phone number, [redacted] for their communication. A photograph of this text thread between the two was taken and downloaded onto evidence.com. [redacted] explained that she never had a phone conversation with "Moose" and that the communication was a three way one that involved, [redacted] Skylar, and "Moose." Most of the communication was directly relayed to her from Skylar. In the text thread with "Moose," it shows a picture of an adult male, matching the description of Nicholas David Umpehnour, which had several neck tattoos and a beard. This picture was sent to [redacted] by "Moose," so she would know who to look for at the airport if she picked him up on that Sunday (03-17-24).

The brief text thread between "Moose" and [redacted] went as follows:

"Moose": A picture of himself, later identified as, Nicholas David Umphenhour

[redacted] "Nice(: yeah for sure I'll let u know when I hear something

"Moose": Ok thank you

[redacted] "Ya no problem"

Saturday 06:16 pm ([redacted] believed this was on the day prior to the incident, 03-16-24.)

"Moose": What up tho

[redacted] "Hey. Sorry I just texted him again bc I haven't heard from him" ([redacted] described that this text meant that she had text messaged [redacted] to pick him up and at this point, she had already informed Skylar that she was not able to pick "Moose" up at the airport.)

Sunday, 03-17-24:

Skylar @ 1321 hours: "Haha I love you more a lot of times I don't have this"

[redacted] @ 1338: "Well damn lol"

Skylar @ 1350: Sent a 22 second audio message

[redacted] @ 1352: "[redacted] the one that has my daughter just yanked my visitation until a judge schedules it"

Skylar: Sent a 14 second audio

[redacted] @ 1353: "Yeah but lawyers are extremely expensive...and I don't kno one that would take my case pro bono"

[redacted] informed me that the original plan that Skylar wanted her to do was to pick up "Moose" from the Boise airport on 03-17-24 at 1330 hours, and then transport "Moose" back to Twin Falls for a short amount of time, for unknown reasons, and then back to Boise. When I asked [redacted] what she believed was the reason for "Moose" coming into town was, [redacted] responded by saying, "I think Skylar is most definitely with "Moose."

By this time, [redacted] had already read on several social media websites that Skylar Meade had escaped from prison. After having this knowledge and comparing it to Skylar's request to pick "Moose" up at the airport just prior to the escape, [redacted] believed that the intent for "Moose" to go to Twin Falls was to pick up a vehicle. [redacted] informed me that Skylar had requested multiple times for her to let "Moose" borrow her car as well. However, [redacted] denied that request.

I asked [redacted] about Tia Garcia and if she had any ties to Skylar or "Moose." [redacted] informed me that Tia had met Skylar through an ex boyfriend of hers named, [redacted] We had previous knowledge that Tia had an ex boyfriend named, [redacted] who happened to be cell mates with Skylar in recent past. [redacted] added that she knew Tia fairly well due to her and Tia also being cell mates at one point too. [redacted] had no knowledge as to what role, if any, that Tia had in this incident. However, Tia was described as being someone who only cared about herself and does "crazy shit" when she is "high."

When asked what Skylar's plan is since we were both aware that he had escaped prison was, [redacted] felt confident that Skylar and "Moose" were together and that this must be their "end game." When asked what she meant by that, [redacted] explained how Skylar doesn't care about anyone else's life, described as being "self serving," and that Skylar would most likely not go back to prison. It was her

belief that Skylar was the type to do something that could ultimately result in his death before he went back to prison.

Towards the end of this interview, [redacted] informed me that she believed Skylar's mother lived somewhere in Tennessee if we needed to contact her. I thanked [redacted] for cooperating in this investigation. [redacted] is currently on Felony Probation and felt that this information would have been discovered eventually and needed to inform police of the information she had. Moments later, this interview concluded.

FOLLOW UP WITH TIA GARCIA:

After my interview with [redacted] I was informed that the digital download of both of Tia's cell phones had been completed. Therefore, that information was relayed to the command post and to the Lead Detective Canfield, regarding this information. Detective Ni was ultimately tasked with reviewing that data.

Just prior to making contact with Tia once again, I met with Tia's Parole Officer, Ofc Liles, regarding the search of her residence. Therefore, arrangements were made to transport Tia back to her residence to conduct a search after I attempted to speak with her once again.

Once I made contact with Tia again, I explained to Tia about the Parole Officer's plan to search her residence. I continued by explaining to her that her lack of cooperation wasn't helping explain her involvement in this case. I even explained to her that we were able to obtain her ankle monitor GPS data that showed everywhere she was at, to include being with "Moose." When I mentioned the name "Moose," Tia provided no verbal or non verbal responses when I mentioned that name. I continued to minimize her involvement but informed her that there was no question at this point, that she was involved in this incident. I followed up by asking her how she got wrapped up in this case and explained that it appeared that she wasn't the first choice to pick "Moose" up either. While Tia continued looking at the floor, she responded by stating, "Those guys wouldn't think twice about.....doing what they do." I agreed with Tia and wanted to re read her Miranda rights to her so she fully understood them. Again, at the conclusion of reading those rights to her, I asked if she understood them and again, she nodded her head up and down and said, "Yeah."

I again reiterated that I only wanted her to explain her role in this incident. I continued by asking her what the motivation for her role was in this incident and if she owed any debt or was threatened. Tia didn't respond to these questions. As I continued to explain to her that I wanted to get her side of the story that involved her specific role in this, Tia responded in a lower toned voice, "People still consider that ratting." It became even more apparent that Tia was struggling with telling me specific information regarding her involvement in this case. Tia continued to listen and stare at the floor for several minutes while I

03/20/2024	02:16	County Prosecutor	PERSONS

continued to explain the importance of her cooperating in this investigation. I continued by explaining to her that it was imperative that we get as much information as soon as possible so no one else gets hurt.

I asked Tia if she believed they (Meaning Moose and Skylar) actually cared about her and she stated, "I know they don't care about that," and added, "But they care if I say anything ya know?" Tia added, "They know where my kids live," and began forming tears in her eyes as she started to wipe away tears with the sleeve of her sweatshirt. When I followed up by asking her if she had met "Moose" before or if she was just asked to pick him up. Tia didn't answer these questions either. I followed up by asking if "Moose" was even involved. Again, Tia continued to look at the floor and not respond to my question. I asked Tia if her vehicle was actually stolen and was met with the same result of her not answering my previous questions. However, I continued by telling her again, that I only wanted to know her part in this and she responded by saying, "My part isn't going to help you find anything." Even though Tia wasn't answering my questions, I continued to ask questions such as, When did they take your car? Were you forced to give up your car? Tia refused to answer these questions and made a statement about how she would rather "Do time" then worry about what was going to happen to her kids. I further explained to her that I was not planning on arresting her today.

As we continued to talk, Tia began crying again and stated in a muffled and lower tone of voice, something to the affect of, "I don't know," and "I can't..." I asked her if she knew if the shootings were going to take place and she nodded her head left to right as if indicating No, and stated, "I can't." I handed her some Kleenex as I explained to her that it was her decision as to how she wanted her story to come out and that she was choosing not to cooperate. Despite my continued efforts in gaining more information from Tia, she refused to cooperate further. Tia expressed her concerns about other "AK" members in the community and reiterated that she couldn't talk about it. Therefore, I told Tia that regardless, I was going to continue to treat her with respect as we prepared her for transport to her residence to search it. Tia was offered food, water, and a bathroom break once again.

Prior to transporting Tia back to her residence, I re contacted her and confirmed that she did file a stolen vehicle report with the Twin Falls Police Department of a 2020 gray Honda Civic bearing Idaho license plate of, [redacted] Tia also confirmed that the report was written in her hand writing as well. When asked how many miles she had on that vehicle she informed me "fifty something."

Towards the end of this interview, Tia continued to form even more tears. I asked Tia if this was the first time she had met "Moose" or if she knew him for a while and she responded by saying, "Yeah." Moments later, this interview concluded.

I had obtained a photograph of the vehicle used in the escape and went back into the interview room and showed Tia a picture of that vehicle. This photograph was captured by St. Alphonsus's video footage fleeing the scene. I asked her if this was her vehicle and she informed me that, "It looks like my car." It was at this point, I explained to Tia that we were going to transport her back to her residence for the

search.

SEARCH OF TIA GARCIA'S RESIDENCE: [redacted]

At approximately 1406 hours, Det. Shofner and I followed Parole Officer Liles to the above address. Ofc Liles and her partner, Probation and Parole's district manager, Collin Widmier, transported Tia to this residence. Once there, Ofc Liles and Widmier conducted a search of Tia's bedroom while Det. Shofner and I remained in the common area with Tia.

While there, I asked Tia if she conspired to commit murder and/or escape and she denied by saying, "No."

During the search, Ofc Liles located a Chicago Bulls sweatshirt and a pair of sweat pants that matched the same clothing Tia had worn during her visit to the Walmart in Twin Falls. Tia's ankle monitor GPS data showed Tia arriving to the local Walmart at 0757 hours. Twin Falls police were able to conduct a canvass of video surveillance footage in the area that Tia's monitor showed her being at or near. In their canvass, Walmart footage collected from Monday, 03-18-24 at 0757 hours, showed Tia entering the Walmart and wearing this same sweatshirt. This confirmed that Tia's ankle monitor GPS system was consistent. I took photographs of the sweatshirt and pants found during the search and compared those items to the image of Tia entering the Walmart on the above date and time, and it matched. Those images have been downloaded onto evidence.com.

Of note, Tia's car keys were not located at this scene. No other evidence pertaining to this case was found.

INTERVIEW OF ROOMMATES OF TIA GARCIA:

While on scene, I learned that Tia had resided at this residence for approximately 5 months and had 5 other roommates as well. Those roommates included the following: [redacted] (3 months as a resident), [redacted] (1 year resident), [redacted] (8 months), [redacted] (House manager-1 year resident), and [redacted]. [redacted] was not present during this time, therefore, Det. Shofner and I interviewed the four residents that were there.

- Det Shofner interviewed [redacted] while I interviewed the remaining three. Refer to Det. Shofner's report for further regarding this interview.

At approximately 1600 hours, I began by interviewing [redacted] and [redacted] and I utilized

a dining table to conduct this brief interview at.

[redacted] had informed me that [redacted] had recently seen Tia with an adult white male with a beard, in Tia's vehicle recently. [redacted] added that [redacted] had reported seeing Tia get out of the driver's seat while this male exited the passenger side door and got into the driver's seat and ultimately drove off. Therefore, I asked [redacted] if she had seen Tia with anyone recently.

[redacted] confirmed the above information and added that before the male sat in the driver's seat of Tia's vehicle approximately two houses down in their back alley way, that Tia and this unknown male subject shared a kiss before he ultimately drover off and left Tia there. [redacted] estimated the time in which she observed this was approximately 1700 hours and believed this occurred with in that past few days. According to [redacted] she had never seen this guy before.

- After my brief interview of [redacted] Det Shofner arranged a photo lineup to be viewed by [redacted] of a possible subject that she may have seen with Tia on the day mentioned above. Refer to Det. Shofner's report for further regarding the photo lineup.

After speaking with [redacted] I spoke with [redacted] According to [redacted] she had never seen Tia with any male before. Therefore, this interview concluded.

After speaking with [redacted] I asked [redacted] if she had seen Tia with any male before and she confirmed that she had. [redacted] recalled seeing Tia with an unknown male that she stated she could not identify due to not seeing his face. [redacted] believed she seen Tia with an unknown male on Friday (03-15-24) at approximately 0100 hours, in an SUV or a Van, in the back alley of their residence. According to [redacted] Tia had been seeing an unknown subject who would drive this vehicle to their back alley and Tia would meet up with him and remain outside in that vehicle all night long.

Prior to ending our contact at this residence, I thanked all parties for their cooperation and requested they contact me if they recall anything relevant to the situation.

INTERVIEW: [redacted] ([redacted] OF TIA GARCIA)

Moments later, Det. Shofner and I left the residence and traveled back to the Twin Falls Police Department to conduct another interview. We had learned from TFSO Detective Dalrymple, that they had detained and transported a [redacted] to their station due to his [redacted] with Tia Garcia. It was discovered that in Tia's down load of her cell phones, that she had text messages with a subject named "[redacted] with a phone number of [redacted] Among those shared messages with one another, a message that stated something to the affect that there was still time for her or him, to

"change their mind." Therefore, Twin Falls Police responded to his residence located at [redacted] to detain him for questioning.

At approximately 1700 hours, Det Shofner and I made contact with [redacted] in an interview room at the police department. During our introductions, [redacted] stood up and greeted us with a handshake. I asked [redacted] if he knew why he was here today and he responded by telling me, "No." I requested [redacted] to be honest with me during this interview and he agreed to do so. I explained that it appeared that he was involved in this case we are working in some way. I continued by explaining to him that we have text messages between him and Tia as well. I then followed up by asking him if he knew who Tia was and he said, "Yeah, yeah, yeah." I explained that it appeared as if Tia had several texts and phone calls to him, to include immediately after she was released today (*Tia was transported to a separate living facility after the search of her bedroom by P&P and was ultimately released).* [redacted] appeared to be focused on what I was saying as I continued to explain what was taking place.

I told [redacted] that Tia had been contacting him at approximately 0250 hours this morning. Initially, [redacted] said he was at "the house" but then quickly changed to saying he was with her "that night." [redacted] estimated being with Tia this morning at approximately 0230-0300 hours. When asked how she was doing, he said she was "fine" but appeared "worried." When I followed up and asked him what she was worried about, [redacted] told me that he didn't know and Tia never told him why she was feeling that way. According to [redacted] Tia appeared "fine."

[redacted] confirmed that he saw her at the "half way house," Tia's residence, during the time mentioned above. [redacted] also confirmed that he drove his van to her residence and parked in the back alley of her residence. When asked if he saw Tia's vehicle there, [redacted] confirmed that he had seen her vehicle and stated that he saw Tia's vehicle in the front of her house this morning. [redacted] was adamant that he had seen Tia's car parked in front of her house during the time frame mentioned above. I followed up by telling [redacted] that Tia had reported her vehicle stolen at approximately 0230 hours this morning and [redacted] paused for a moment before telling me that he didn't know anything about that. When asked if Tia mentioned anything to him this morning about her car being stolen, he denied.

At this point, it was decided that I would read [redacted] his Miranda Rights due to him being in this environment. [redacted] understood as I continued to explain to him that he was not under arrest at this time either. At the conclusion of reading him his rights, I asked him if he understood those rights and he confirmed that he did by stating, Yes sir."

I asked [redacted] if he knew who Skylar was and he stated, "I don't know who Skylar is boss." When asked if he had ever heard of him before, he stated, "Never." When asked if he heard about his escaping prison this morning, he appeared confused and again told me he had no knowledge of that or who Skylar was. [redacted] continued by telling me that his connection with Tia was that they had been "fucking" for the past several weeks and that was it. [redacted] added that what she does out of his site is none of his business,

therefore, he doesn't keep track of her until she calls him for a hook up. After they have sex, they both go their separate ways. [redacted] referred to Tia as a "booty call" where he would "hit it and quit it." [redacted] continued by telling me that there are times that she would call him to bring her some food due to her curfew being early as well.

I further explained to [redacted] that we had already down loaded her cell phones and discovered some additional information. I continued by asking him if he ever heard of "Moose," was affiliated with the "AK," or if he was currently an active Sureno member, and he adamantly denied all of this. [redacted] didn't have his phone with him due to leaving it with his children at his residence when police came and transported him to the police station. [redacted] informed me that his children were 11 and 9 years old and that they could call their aunt if they needed anything during this time.

I informed [redacted] about a text message he had sent Tia that stated something to the affect of, "There's still a chance for you to get out of this" or "You sure you still want to do this?" [redacted] began laughing as he explained to me that they were recently in an argument due to Tia being "hard to read" and him wanting to further their relationship further as opposed to just being a hook up. [redacted] explained that this specific comment was to let him know that he still had a chance to "get out of this" if he wanted, meaning their relationship.

I redirected back to him having any knowledge to this escape and if he had seen any media reference this and he adamantly denied seeing any news today. When informed that some officers were shot during the process, [redacted] responded with a surprised look on his face and stated, "Holy shit." [redacted] added that he had "no idea" Tia was involved with "shit like that." When asked if he would pass a polygraph reference his knowledge to this prison escape, [redacted] was adamant that he would pass the polygraph and told me that, "I've got nothing to hide" and, "could pass that with flying colors." When asked if there would be any evidence that we would find linking him to this case, he responded by telling me that there would be, "None."

Towards the end of this interview, the last time he had spoken with Tia was this morning when he described above. In regards to having ties or affiliation with the Aryan Knights, [redacted] adamantly denied by telling me that he, "couldn't trust them as far as he could throw them." [redacted] understood as to why we needed to speak with him and shortly after, this interview concluded.

TIA GARCIA ANKLE BRACELET GPS MONITOR TIMELINE:

Tia Garcia's Parole Officer, Officer Liles and Twin Falls County Det. Dalrymple were able to retrieve Tia's ankle monitor GPS coordinates which provided the below detailed time line of Tia's location between the dates of 03-17-24 and 03-20-24. See below:

0700: Tia is picked up by police and transported to the Twin Falls Police Department for questioning.

DISPOSITION OF PROPERTY/EVIDENCE/WEAPONS:

- My interview of Tia Garcia was both audio and video recorded. The audio version will be downloaded onto evidence.com. The video will be downloaded into evidence.com by Twin Falls Police.
- My interview of [redacted] was not audio recorded, per her request. [redacted] requested that she remain anonymous out of fear of Skylar having her "killed" for talking with the police. This concern is very severe for [redacted] is pregnant and openly admits to caring about Skylar Meade but added that he would "kill" her himself, if he knew she was talking with the police.
- A copy of the Twin Falls stolen vehicle report was obtained and will be scanned into ITS. Refer to that report for further.
- Both of Tia's cell phones, black Iphone ([redacted] and black Samsung Galaxy ([redacted] were digitally downloaded (4th Amendment waiver by P&P Ofc Liles) by Twin Falls Police Security Engineer, Mike Plane. Those cellular downloads from both cell phone were downloaded into evidence.com by Mike Plane.
- Image of the text thread between "Moose" and [redacted] has been downloaded onto evidence.com
- Images of the most recent text thread between [redacted] and Skylar "Bouty-MF-Bout It" have bee downloaded onto evidence.com.
- Image of "[redacted] that [redacted] identified as being the person that she asked to pick up "Moose" at the airport, has been downloaded onto evidence.com.
- The image of the gray colored vehicle used in the escape that I used to show Tia Garcia, was downloaded onto evidence.com
- Images of clothing located during search of Tia's bedroom that matched the same clothing worn when she entered the Walmart on 03-18-24 at 0757 hours, has been downloaded onto evidence.com

Narrative

PROBABLE CAUSE - TIA J GARCIA

****Already charged through Ada County Prosecutor's Office****

On March 19, 2024, at approximately 2148 hours, Skyler W Meade (DOB: [redacted] a prisoner of Idaho Department of Corrections (IDOC), was transported to St Alphonsus Regional Medical Center by three IDOC officers for medical care. The hospital staff examined Meade and eventually determined the complaint he made was unfounded. The hospital staff informed Meade that they wanted to do further medical testing, and Meade refused all services. He insisted that he be immediately transported back to IDOC.

On March 20, 2024, at approximately 0210 hours, Meade, was discharged from St. Alphonsus Emergency Department. IDOC Officers, Ofc Lopez, Ofc Jackson, and Ofc Wilskie escorted Mead outside to the Emergency Department's parking lot. While attempting to load Meade into the IDOC transport van, the group was approached by a male later identified as Nicholas Umphenour (DOB: [redacted] Nicholas fired a weapon at the IDOC officers, striking Officer Lopez and Officer Jackson. Officer Wilskie, although not struck, was in the line of fire and witnessed the muzzle flashes from the suspect's firearm. Ofc Wilskie described the shooter to be a white male with a dark beard. Umphenour is a white male, and as of 3/17/2024, he had a dark beard. A total of six 9mm cartridge cases were found at the scene of the shooting. A cigar tip was also recovered at the scene of the shooting. Per the Idaho State Police Forensic Services, a search of the state DNA Index System identified a high stringency match between the DNA profile obtained from the cigar tip and a known sample, which was said to have been collected from Umphenour.

After the shooting, St Alphonsus Hospital's video surveillance captured Meade and Umphenour fleeing the scene in the same vehicle that Umphenour had arrived in. This vehicle was identified as possibly being a dark colored, newer model Honda Civic.

The vehicle matched the description of a recently reported stolen gray colored 2020 Honda Civic (Idaho – [redacted] out of Twin Falls, Idaho. This vehicle was reported stolen by a female named Tia Garcia (DOB: [redacted] Per the Twin Falls Police Department's stolen vehicle report (24001281), Garcia reported the vehicle as stolen on 3/20/2024 at approximately 0258 hours. Boise Police Detectives C Roath and J Shofner interviewed Garcia, who admitted to knowing Meade and did not deny that her vehicle was involved when shown images from St Alphonsus Hospital's surveillance footage. A search of Garcia's cell phone revealed a suspicious text message between Garcia and the phone number [redacted] This phone number was later identified to be associated with Umphenour. On 3/19/2020, less than 24 hours before the shooting/escape, Umphenour's phone number sent Tia the following text, "Hey two things, for any reason something happens and I'm seen, if you get up tomorrow and I leave a message to report it stolen, u fucking do it. Don't call me, don't hesitate, don't wait, do it!!!"

An informant with the Twin Falls County Sheriff's Office advised that Meade requested their help with picking up Umphenour (aka "MOOSE") from the Boise Airport on 3/17/2024. The informant was unable to provide Umphenour a ride. However, with the use of video surveillance and flight records from the Boise Airport, it was confirmed that Umphenour did in fact fly into the Boise Airport on 3/17/2024.

On 3/17/2024, shortly after arriving in Boise, video surveillance captures Garcia and Umphenour within the parking lot of the Jacksons Food Store located at 3200 S Vista Ave Boise. Garcia picks Umphenour up in what appears to be her gray colored Honda Civic. This appears to be the same vehicle that Garcia later reported as stolen. Umphenour is captured on video surveillance driving the vehicle from the Jacksons Food Store with Garcia seated in the front passenger seat. Video footage from the same date captures Umphenour and Garcia within the Ramada at 3300 S Vista Ave. Umphenour ultimately checks into a room at the Ramada on the same date. While checking into the hotel, Umphenour used his Idaho driver's license (Idaho – [redacted]) to identify himself, and he provided [redacted] as his phone number. The Twin Falls County informant also advised that Umphenour is known to use this phone number. Per the Idaho Department of Corrections, Umphenour also used this same phone number to communicate with inmates through JPAY, a prison messaging system.

A cell phone tower dump places Umphenour's device at St. Alphonsus Regional Medical Center at 1055 N Curtis Rd., Boise, Idaho on 3/19/2024 at approximately 2200 hours through 3/20/2024 at approximately 0215 hours. This matches the video surveillance captured by St. Alphonsus Hospital. According to the time stamps on the surveillance video, the suspect vehicle, which appears to be Garcia's gray colored Honda Civic, arrived at St. Alphonsus on 3/19/2024 at approximately 2200 hours and flees the parking lot on 3/20/2024 at approximately 0215 hours. After the shooting occurs, Meade and Umphenour return to the Honda. The Honda is captured on video surveillance fleeing the St Alphonsus Hospital's parking lot. Based on the location data provide by Umphenour's device and video footage obtained from local businesses in Boise and Garden City, it appears that Umphenour and Meade fled by traveling north through Boise and Garden City, west into Eagle, and then north on Highway 55. Starting at approximately 0230 hours, Umphenour's device remained stationary in the area of Highway 55 and W Floating Feather Rd. A phone, believed to be Umphenour, was later recovered by law enforcement at this location.

Garcia's Honda Civic was recovered on 3/21/2024 near Leland Rd in rural Nez Perce County, Idaho. At the time of its recovery, the Honda was unoccupied and locked. Investigators with the Idaho State Police took possession of the Honda, and it is currently located on Idaho State Police property in Lewiston, Idaho. On 3/21/2024, at approximately 1407 hours, Meade and Umphenour were apprehended by police in Twin Falls, Idaho. They are currently in-custody at the Ada County Jail in Boise, Idaho.

Although Garcia did not admit to assisting with Meade's escape, the video footage shows that Garcia and Umphenour are clearly known to one another. It appears that Garcia was the individual tasked with picking Umphenour up from the Boise Airport. The text messages sent from Umphenour's phone to Garcia's phone on 3/19/2024 shows that there was a plan set in place for Garcia to report the vehicle as stolen. Just as the text message suggested, Garcia did report her vehicle as stolen less than

Narrative

INITIAL RESPONSE/CONTACT:

On 3/21/2024 at approximately 1611 hours I submitted the following Probable Cause statement to the Ada County Prosecutor's Office for Skylar Meade for the felony charge of Escape (Idaho Code § 18-2505):

On March 19, 2024, at approximately 2148 hours, Skyler MEADE, a prisoner of Idaho Department of Corrections (IDOC), was transported to St. Alphonsus Regional Medical Center by three IDOC officers for medical care. The hospital staff examined MEADE and eventually determined the complaint he made was unfounded. The hospital staff informed MEADE they wanted to do further medical testing, and MEADE refused all services. He insisted that he be immediately transported back to IDOC.

On March 20, 2024, at approximately 0210 hours, MEADE, was discharged from St. Alphonsus Emergency Department. Upon exiting the Emergency Room area Nicholas UMPHENHOUR (DOB: [redacted] fired a weapon at the IDOC officers, striking Officer Daniel LOPEZ and Officer Elijah JACKSON. Officer Christopher WILSKIE, although not struct, was in the line of fire and witnessed the muzzle flashes from the suspect's firearm.

MEADE then ran with UMPHENHOUR to the vehicle UMPHENHOUR drove to the hospital in, later identified by CCTV security cameras at St. Alphonsus, as a possible Honda Civic. UMPHENHOUR entered the driver's side of the vehicle and MEADE entered the passenger side of the vehicle. The vehicle fled the scene. MEADE was secured in belly chains and leg irons at the time of his escape.

Evidence showed that this was a coordinated escape between UMPHENHOUR and MEADE.

UPHENHOUR and MEADE were taken into custody on 3/21/2024 in or around Twin Falls, Idaho.

CONCLUSION:

Route to Ada County Prosecutor's Office

Narrative

On March 20th, 2024, at approximately 0400 hours I was operating in my role as a Special Victim's Unit Detective in my on-call capacity when I was contacted by Lt. Ransom. Ransom requested that several SVU detectives respond to Saint Alphonsus Hospital to assist the Violent Crimes Unit in a shooting investigation that had taken place.

When I arrived on the scene, I was tasked by VCU Detective Wirshing to collect three cell phones. Detective Wirshing informed me that 3 officers from the Idaho Department of Corrections had been involved in the shooting. Wirshing wanted all three of their cell phones in police custody. He also requested that I interview these officers to ascertain if they would consent to have a forensic extraction completed of their cell phones.

I spoke with Officer Wilske in room 27 of the Emergency Department. Officer Wilske consented to Detectives looking through his phone as he understood that we needed to clear him as a suspect in aiding the escape of inmate Meade. Wilske provided the pattern passcode to his cell phone and signed the Boise consent form. Wilske believed that his cell phone had been on him during the shooting and believed that it was in his pants pocket.

I next spoke with Officer Lopez in room 29 of the Emergency Department. Lopez also agreed to consent to the forensic extraction of his cell phone. He understood that this was a vital part of the investigation and wished to clear himself quickly. He also provided the passcode to his cell phone and believed his cell phone was in his pants pocket. Lopez signed the Boise consent form.

I then spoke with Officer Jackson in a different part of the hospital as he had just come out of surgery. Jackson also understood that clearing him quickly was important and he made a comment about something to the effect of, "It would look pretty guilty if I didn't let you look through my phone." I explained that it was completely up to him as we could apply for a search warrant if he chose not to give us access. Jackson said that that was not necessary, and he verbally consented to the search of his cell phone. (I had no additional consent forms for Jackson to sign at this time.)

I explained to Lopez, Jackson, and Wilske that at any point they could revoke consent to their phone. I provided them my direct cell phone number in the event this happened.

Once Boise Police Crime Lab had completed using the FARO as well as overall pictures of the scene, I was able to retrieve Officer Lopez's and Officer Wilske's cell phones out of property bags near the trauma bay. I do not know who placed all their clothing in medical bags, however, I was able to identify the bags of each individual officer and collect the two cell phones. I would place these items in individual evidence bags and turn them along with the consent forms over to Detective Zimmer. Zimmer assisted me by delivering these items to the the FBI's Regional Computer Forensics Lab.

In speaking with Officer Jackson, he believed his cell phone was still at the prison. He stated that his phone had been in his jacket that was on the back of a chair in J Block Control. Officer Jackson believes that another officer grabbed his jacket by mistake and took his phone. I would later be able to coordinate with Idaho State Police

Detective Christensen in obtaining this phone. Detective Christensen advised me that the phone had been taken home by Officer McCabe by accident. Detective Christensen also provided me with an iPad. He informed that in his conversation with the Warden of the prison, they found the iPad in Lopez's backpack. This item is not allowed at the prison, and they were unsure why it was in his backpack. I collected these items from Detective Christensen.

I requested Detective Matheus who was still at Saint Alphonsus Hospital to speak with Lopez regarding the iPad. Lopez informed Matheus that he was not sure if had taken his iPad to work but if it was it was most likely in his backpack. He again provided consent to search his iPad and stated the password was the same as his cell phone. The iPad due to its age is unable to be extracted by forensics. I would conduct a manual search of the iPad and located nothing suspicious. It also appeared that the iPad had not been updated in several months.

This same day I would respond back to Saint Alphonsus and return the iPad to Lopez. I turned Lopez's cell phone over to Detective Durbin at the RCFL.

On 3/21/24 I was contacted via text message by Wilske [redacted] regarding his cell phone, keys, and wallet. I advised him that his phone was still in the process of being downloaded but if he wanted it back I would bring it to him. Wilske said he wasn't worried about his phone and I could keep it until it was done downloading but he did need his wallet and keys.

I reached out to Ada County Detective McCray as I knew he collected those items as part of the CITF investigation. McCray advised he would reach out to Wilske and coordinate returning those items.

I did not have any part of returning the cell phones to their owners.

This was the end of my involvement in this case.

Narrative

INITIAL RESPONSE/CONTACT:
I am assigned to the Criminal Intelligence Unit, but am also currently assisting the ORC Unit (Organized Retail Crime) with retail cases and fugitive investigations. I was asked to assist with this investigation by obtaining video surveillance from multiple retail stores within Boise. These are stores that were identified as locations Nicholas Umphenour visited between the days of 3/17/24 - 3/19/24. See below for timeline and details.

TIMELINE OF EVENTS:

3/17/24: CABELAS (8109 W FRANKLIN RD, BOISE):

- Umphenour placed a pick-up order on 3/14/24 at Cabelas for ammunition. The ammo he purchased was .30 caliber rifle ammo. Umphenour arrived at Cabelas sometime on 3/17/24. The time he arrived was believed to be around 1500-1530 hours, however, Cabelas did not document the time Umphenour picked up the order. Cabelas said Umphenour did not enter the store, and instead used the drive up parking spaces, where Cabelas employees deliver the order to the customer in their vehicle in the parking lot. Umphenour signed for the order sometime on 3/17/24. Umphenour paid with a Visa card ending in [redacted]
- *Cabelas said they do not currently have video surveillance of the parking lot. I reviewed the video with them on 3/29/24 and did not see a camera angle covering the parking lot. They were having problems with their camera system and said they would continue attempting to obtain video. If I get video at a later date, I will update this report with a new supplement.*
- *See Evidence.com for document Umphenour signed acknowledging the pickup.*

3/18/24 at 1806 hours: WALMART (8300 W OVERLAND RD, BOISE):

- Umphenour entered Walmart at 1806 hours. Umphenour arrived in the Gray Honda Civic and entered the store alone. Umphenour selected a canister of spray lubricant and a black hooded sweatshirt, then went to the self checkout register. Umphenour scanned and paid cash for the lubricant, but did not pay for the sweatshirt. The sweatshirt was a black zip up, Wrangler brand. Umphenour then exited the store without paying for the hoody, and left the Walmart parking lot in the Gray Honda Civic at approximately 1830 hours.
- *See Evidence.com for video surveillance and the receipt for this transaction. I also uploaded photos of the sweatshirt and spray lubricant.*

3/19/24 at 0525 hours: SINCLAIR GAS STATION (1601 S VISTA AVE, BOISE):

- Umphenour arrived at the Sinclair gas station, driving the Grey Honda Civic. He filled his car with gas, and paid $18.00 in cash.
- *See Evidence.com for video surveillance and a receipt of the transaction.*

Narrative

SUSPECT INTERVIEW: SKYLAR MEADE

On 03-21-24, I had learned that both Skylar Meade and Nicholas Umphenour had been arrested in Twin Falls, ID immediately following a pursuit. Arrangements were quickly made for Sgt Kendall, Det. Canfield and I, to responded to Twin Falls Police Department to conduct an interview of Skylar. Further arrangements consisted of ISP Detective Christiansen and I to conduct the interview of Skylar and Nicholas once we arrived.

At approximately 1640 hours, Det. Christiansen and I made contact with Skylar in an interview room at the Twin Falls Police Department. After our introductions, Det. Christiansen informed Skylar that we wanted to talk with him for a few minutes and Skylar immediately told him that he didn't want to talk to anyone. I followed up by asking him if he had any questions and he said, "No." While speaking with Skylar, I noticed that he was bleeding from his left wrist and asked him if he was alright or if he was injured anywhere else. I also asked if that injury was from today when he was taken into custody and he denied by telling me that the injury was from "a few days ago." I followed up by asking him if he had been shot at any point and he denied by saying, "No." Skylar denied having any other injuries and stated that he was "fine."

When I asked him to confirm that his name was Skylar Meade, he responded by saying, "Sure." When asked to confirm that he had nothing else to say, Skylar responded by saying, "No, not really." When I asked him what we could do to help him, Skylar asked, "Is my boy alive or what?" When asked Which one? Skylar turned his head away from me and said, "Nah, I don't know, never mind." Skylar followed up by asking, "Did you guys kill anyone or what?" When we told him that we couldn't answer that question at this time, Skylar informed us that he just wanted to get some sleep because he was, "tired." I followed up by asking him if he wanted to talk about the prison break, Skylar said, "No."

Skylar denied seeing any media release regarding this incident and asked what was being said on media. I informed him that his prison escape was caught on camera and he responded, "Oh, I gotcha." I followed up by asking him if the shooting of the officers at the scene was intended on killing those officers and he responded by saying, "I'd imagine not." When again asked specifically, if the intent was to kill any of the officers and he responded by saying, "Absolutely not." Skylar informed me that we had a lot of people to talk to he "imagined," and that we would get the answers we were looking for.

All of the information above was obtained prior to Miranda being read. Approximately ten minutes into our contact with Skylar, I read him his Miranda Rights. At the conclusion of reading him those rights, I asked him if he understood those rights and Skylar asked if anyone had told me that he was "invoking my rights." I informed him that I just got into town and met with him as soon as possible. My understanding was that Skylar had been secured in this interview room for approximately one hour prior to my arrival.

When I asked him if he had mentioned the two people he had killed up North, Skylar quickly interrupted by telling me that, "I didn't, you mentioned it." I continued by telling him that his prison escape had now made national news and continued to talk to him about that plan. Skylar denied having any knowledge about the two deceased subjects up North and that he didn't want to answer any questions about that. Skylar followed up by stating, "I threw the gun out the window and gave up, ya know." I followed up by asking him where he got the gun at and he looked at me as if I already knew he wasn't going to answer that question. Skylar didn't answer the question. When I asked him if he was going to give me anything about his side of the story, Skylar said, "No." Skylar apologized for not wanting to waste our time. When I asked him if there was anything that he needed from us, Skylar informed me that there was and stated that, "You dodged it." When asked what he was talking about, Skylar asked, "Is my boy alive?" In turn, I asked him who his "boy" was and Skylar again, turned away and stated, "Ya, I'm good." I informed him that "Moose," was alive and in custody. I added that I was going to be talking to him soon.

At the end of this interview, I asked if Skylar needed a restroom break and he denied but followed up by stating, "You guys will talk to everybody and formulate your guy's story, but for the most part, I don't got nothing to say about nothin." As we were walking out of the room, Skylar asked me who we were going to talk to next. I informed Skylar that we had already given him enough information at this point and he agreed by stating, "I understand." Moments later, this interview concluded.

ADDITIONAL INFORMATION:

After our interview with Skylar, we were informed of the identities of the two male subjects who had been murdered in Northern Idaho.

SUSPECT INTERVIEW: NICHOLAS UMPHENOUR

On this same date, 03-21-24, at approximately 1735 hours, Det. Christiansen and I responded to the Twin Falls County Sheriff's Office to conduct an interview of Nicholas Umphenour (aka Moose). Det. Christiansen and I were escorted back to where Nicholas was located, which was a soft interview room that wasn't secured. Nicholas was in an orange jump suit and wearing both leg irons and belly chains. I had initially called Nicholas, "Moose," upon arrival to illicit a response. Nicholas looked at me with a confused look on his face when I then asked staff if we could relocate to a more secured interview room.

After relocating to a different interview room, Det. Christiansen and I introduced ourselves. I asked Nicholas if he needed a restroom break and he denied. I explained to Nicholas that I had some questions that I wanted to ask him and informed him that we had already spoken to several people. I

added that it didn't take long to identify him due to interviews and video surveillance footage. When asked if he had seen, or heard, this case on national media, he nodded his head up and down as in telling us that he had.

I continued to talk with Nicholas by asking him if he had ever done any prison time and he confirmed that he had done seven years, all of which were served in Idaho. Nicholas also confirmed that he was currently living in Florida as well. At this point, I informed Nicholas that I was going to read him his Miranda Rights. Therefore, I read him those rights and at the conclusion of reading him those rights, I asked him if he understood them and he responded by saying, "Yes."

At this point, I explained that I had never seen or met him before and he informed me that he had gotten out of prison approximately two months ago. Nicholas informed me of the charges he had been convicted of. Det. Christiansen asked what his address in Florida was and Nicholas refused to tell us and responded by telling us that "You guys already know it." Nicholas put his head down immediately after and I followed up by explaining to him that it was only a question. Nicholas responded by saying, "I know." Nicholas would frequently look up at me and then would look down as if to avoid eye contact. Nicholas confirmed his identity to me which included the spelling of his name and date of birth. When asked what he preferred to be called by, he informed me, "Nick." Nick also confirmed that he was originally from Idaho and had obtained his "GED."

I asked Nick if he was hurt in any way and he looked up at me and shook his head left to right. When asked if he was under the influence or high on anything, Nick nodded his head up and down to imply that he was. Nick informed me that he had recently used "Meth." I informed him that the reason I was asking these types of questions was to make sure he was aware of what was going on and that he knew where he was at. Again, Nick looked up at me and nodded his head up and down. Nick began to cry when I asked him if the "Meth" was mixed with any Fentanyl and he informed me that he didn't know if Fentanyl was in the "Meth" or not. Nick added that the feeling of being under the influence was "gone," and when asked if he was sober, he nodded his head up and down.

As I observed Nick's tears fall from his face and onto his lap, I began explaining to him that I couldn't make sense as to why he would leave Florida to come to Idaho just to help someone escape prison and end up right back in custody. I added that it wasn't about if he did this but more as to why this occurred. When I asked Nick what happened and if he owed some form of debt to someone that made him have to do something like this, Nick didn't verbally answer but shook his head left to right during these questions. As I tried to talk to him about why this happened, Nick looked up at me with tears in his eyes and stated, "Because I'm a piece of shit." When I informed him that I wasn't calling him that, Nick said, "I am." I reiterated to him that it was obvious that he cared about something because of his tears and followed up by trying to obtain information as to why this took place and what was in it for him. Nick wasn't answering the question so I moved on to asking him if his intent was to scare, hurt, or kill those officers he shot at and he responded, while crying, "I wasn't trying to kill them or hurt em."

When I asked Nick if he knew those officers that he shot at, Nick nodded his head up and down to inform me that he did know who they were. I followed up by asking him if he knew them from when he was in custody here in Idaho and again, he nodded his head up and down while he continued to look at the floor and shed more tears. As I informed him that it appeared that he had shot a couple of them and that they were in surgery and may live, he continued to look at the floor and more tears were shed from Nick.

I followed up by asking Nick what the plan was. Nick informed me that he "didn't expect any of this." When I asked him what he expected was going to happen, Nick stated, "I got issues," and that, "I'm a piece of shit, that's all it is." When I informed him that using "Meth" can make people do things they normally wouldn't do, Nick informed me that, "It's not the meth." When I asked him if he had any mental illnesses, Nick informed me that he had "head issues" and had been diagnosed with several mental illnesses in the past and that he had been prescribed "every medication there is." Nick continued by telling me that when he was a child, he had been diagnosed with [redacted] and "all kinds of shit." However, Nick has refused to take any medications related to these diagnosis. According to Nick, he hasn't seen any doctors since the age of 18. Nick informed me that he suffers from "Depression," and denied hearing any voices in his head.

As we continued to discuss this topic, Nick interrupted and informed me that he wasn't going to answer any questions. I continued by asking him why he wouldn't answer questions when it was obvious that he cared about what was taking place. I continued by telling him that I was trying to make this make sense in that he came to Idaho from Florida, helped Skylar escape from prison, shot 2-3 officers that he said he knew, and then fled up North and killed two people. As I explained this to him, he continued to look at the floor and didn't respond.

I changed the topic to asking him if there was any family of his in town that may need to be protected in some way due to any potential retaliation of what he had done and he responded by asking, "Does my mom know I'm alive? "Or my woman?" I informed him that I haven't spoken to his mother and asked him what woman he was talking about. Having knowledge that Nick and Tia were seen together prior to this incident taking place, I was confused as to which person he was inquiring about. Nick informed me that he only had one woman in his life. Det. Christiansen asked Nick what his mother's name was and Nick told him that it was, [redacted] who resided in [redacted]. Initially, Nick was reluctant to offer this information until we told him that we were going to contact her, at his request, to let her know that he was alive. Therefore, Nick provided [redacted] phone number of, [redacted] Nick also requested that we contact his "woman," [redacted] out of California, with a phone number of, [redacted] for the same reasons. Nick informed us that neither party knew what was going on because he "kept them in the dark." Nick continued, while shedding some tears, by telling me that he "Didn't give a fuck about anything that happened," and was concerned about how he had "finally found someone he cared about," in [redacted]

Nick continued to shed tears as he informed us how he could never "pull my shit together" and figure out what he wanted in life. I followed up by asking him how he wanted this to look and he informed me that "I don't care," and that he was, "done." I followed up by asking Nick what he wanted me to tell his mother when I spoke with her and he told me to, "tell her I love her," "I'm sorry," and added that he had just spoken to her when he "got out of the van." Nick continued by telling us that, "I never told them that I was giving up," and that, "they were expecting me to get shot." Nick added, "I just couldn't pick up the gun and pull the trigger no more." Nick wanted them both to know that he was "alive" and that they were "both expecting me to be dead." Nick clarified that both [redacted] and [redacted] had heard the news about this specific incident and knew that he was wanted by the police when he called and spoke with his mother during the police pursuit.

As Nick was explaining to me that both his mother and [redacted] were "good people," I again asked him why he would come up here from Florida and do this. Nick immediately stated, "Because I don't have the ability to say no." When I informed him that he made a conscious decision to stop pulling the trigger, Nick told me that, "I didn't have any violence left in me." I informed him that he still made a decision to not shoot at police during his arrest and to peacefully surrender. In reference to not shooting at police during his apprehension, Nick stated that he didn't know why he didn't shoot at police during that time. I followed up by telling him that it was because he cared at some level. Nick added that, "It doesn't make me a good person." As I continued by asking him how he wanted to be portrayed in all of this, Nick stated, "It doesn't matter, I'm looking at life anyways." When asked why, Nick asked, "Why wouldn't I?" I continued by asking him if it was because he shot at people and killed two people? Nick didn't answer the question before I continued with another question and asked if he knew how many shots he fired at the original scene was. As Nick continued to be slouched down in his chair, looking at the ground, with tears still falling from his eyes, I told him that it appeared that he shot six times at that scene. Nick began nodding his head up and down while still looking at the ground. When I asked him if that sounded accurate, Nick continued to nod his head up and down as if agreeing with me.

At this point, I began inquiring about what happened up North when Det. Christiansen began inquiring about the several families that were now involved in this and if he could help bring those families some form of closure. Nick informed us that, "I don't care about anyone I don't know." When Det. Christiansen informed him that he did know who Gerald was, Nick asked, "Who is that? and "I don't know who you are talking about?" Both Det. Christiansen and I informed him that he did know who he was and added that he was roommates with him at one point as well. Det. Christiansen continued by asking Nick why this happened with Gerald when Nick responded, "I'm done here." When I informed him that he has a long road ahead of him, Nick told me, "I know, but I'm done talking." When Det. Christiansen began asking questions about the other victim involved up North, Nick hung his head and informed us that he wanted his lawyer.

At this point, I informed Nick that at any point he changed his mind and wanted to talk with us, he could. Nick understood and I offered him a restroom break, which he denied. When I inquired about contacting

his mother, per his request, and if she would be available during this time, Nick recalled that he actually didn't speak with his mother before he was arrested and added that he had spoken with [redacted] during the pursuit instead. Nick added that he told [redacted] "I got caught, and they are on me," and hung up the phone. Moments later, this interview concluded and both Detective Christiansen and I exited the room.

ADDITIONAL INFORMATION:

After our interview with Nick, Det. Canfield and Det Christiansen contacted [redacted] and [redacted] via telephone. Refer to their reports for further.

DISPOSITION OF PROPERTY/EVIDENCE/WEAPONS:

- My interview with Skylar Meade was both audio and video recorded. My audio version has been down loaded onto evidence.com. Twin Falls Police will be down loading the video version onto evidence.com as well.

- My interview with Nicholas Umphenour was also audio and video recorded. My audio version has been downloaded onto evidence.com. Twin Falls County Sheriff's Office provided a thumb drive of the video of this interview. That thumb drive will be booked into C.I.D. evidence under Item #1CR.

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/02/2024 at 15:16 p.m. I called and spoke to [redacted] who informed me she is employed by Saint Alphonsus as a registered nurse, assigned to the emergency department. [redacted] continued by saying her scheduled shift for the date of the incident was 19:00 p.m. on 03/19/2024 until 07:00 a.m. 03/20/2024. [redacted] continued by saying she was present when Meade arrived and was under the impression he had been transported due to the fact he had ingested unknown medication and razor blades. [redacted] informed me upon arriving Meade was in some form of restraints, which were ultimately transferred to a hospital bed while he received medical treatment.

[redacted] described Meade as being an "asshole" and "smug" while medical staff attempted to provide him medical treatment. [redacted] continued by saying while receiving medical treatment Meade informed them that he hadn't swallowed razor blades and made several comments similar to "I need to go". [redacted] informed me she had been made aware of Meade's blood results indicated he had ingested several prescription medications to include Ibuprofen. During this period of time, Meade began to decline medical treatment and was ultimately discharged.

[redacted] continued by saying a short period of time later, she observed an Idaho Department of Corrections correctional officer laying near the northern emergency department entrance doors. These entrance doors are located within the ambulance bay and frequently used for emergency services, law enforcement, etc. to enter and exit Saint Alphonsus. I asked [redacted] if the correctional officer made any comment towards medical staff, at which time she informed me they had made a comment similar to "I've been shot". During this period of time [redacted] described another correctional officer who had remained within Saint Alphonsus inform medical staff there was an armed individual shooting at them.

[redacted] described herself, [redacted] and [redacted] approaching the correctional officer who had been shot and subsequently transporting them into the

trauma bay. Upon entering into the trauma bay, [redacted] informed me she along with additional medical staff began providing medical treatment to the correctional officer. While providing medical treatment, [redacted] described hearing rounds impacting the exterior of the building and additional gunfire. [redacted] continued by saying on or around a minute later a second correctional officer entered into the trauma bay and also began receiving medical treatment. [redacted] informed me a short period of time later a third correctional officer entered into the trauma bay and informed them they had been shot. [redacted] elaborated by saying she later learned the third correctional officer had been shot by law enforcement. [redacted] continued by saying ultimately the third correctional officer was transported to a separate trauma bay. No further information of evidential value was obtained at this time.

Narrative

INITIAL RESPONSE/CONTACT: On 3/20/24 at 3:00am I was called out to assist with this investigation. I responded to the initial command post located on the southeast corner of the St Alphonsus (St Als) parking lot of Cole and Emerald. Myself and Detective Canfield met with BPD patrol Sgt Miles to get an understanding of the incident. Miles gave us a quick brief as he understood at that time.

I walked to the outside crime scene area of the emergency room bay area. I did not enter the scene and stood outside the taped perimeter to observe. I then entered the emergency room via the front entrance doors and viewed the inside crime scene out side of the trapped area. I began interviewing hospital staff (see below tab of interviews)

I responded to the command post at ACSO and received an assignment to conduct a brief interview of the IDOC guards who had been injured in this incident. (see below tab of IDOC guard interviews)

I responded to the Emergency Operations Command (EOC) at the Boise Police department for additional briefing and assignments. I was subpoenaed into court on an unrelated jury trial so I left the incident for court. Once I was released from court I responded back to the EOC for updates and further assignments.

The following morning 3/21/24 I responded to the briefing. I was given assignments that had already been assigned to the FBI. I started taking priority leads from Sgt Martinez.

HOSPITAL STAFF INTERVIEWS:

ACSO Detective Dagle assisted with these first interviews. The interviews were audio recorded by Dagle.

[redacted]
The IDOC patient was in a room close by the front desk. The guards were walking the prisoner out. She heard co-workers ask "what's going on outside?" She saw what she thought was a scuffle and called for security. She saw the tall guard dragging someone inside trying to get in glass doors. She called 911 and a DR. opened the doors to let them in. The guard was on the phone and had a pistol peaking around the wall out to the bay. He was dressed in all black and possibly had a vest on.
She heard a loud pop and glass flying. The guard told the person on the phone he was shot in the face. They took him to a room. They had three guards in the emergency rooms being treated. She saw the police outside who told her to get down. The police broke the doors to get in. The police were told it was a guard that was shot. Someone said the shooter was in pod 4 and asked her where it was. She went into trauma room.

[redacted] is the charge nurse working at this time. She said the prisoner in 12 was discharged. She did not see him leave and heard a commotion. A guard came in who had been shot. They took him to the ER. She heard gun shots and one more patent came in. She heard more gunshots and officers showed up. [redacted] said she called 911. She said the guards were wearing their standard uniforms of tan pants and black shirts.
Since [redacted] was the charge nurse I asked her for the name of staff that was in the area of the incident.

[redacted]
Is an ED tech. The prisoner who was in room 12, left with 3 guards. He went into the room to clean and heard gun shots. He saw one guard fall to the ground and one guard with a gun drag one to the door pounding on the glass to get in. He opened the door and the guard drug the other one in saying someone was shooting in the parking lot. [redacted] did not see the tall guard get shot. He thought the guards had tan pants and vests on.

[redacted]
She was in room 15 and heard a commotion. A guard came in and said there was a shooting. 4-5 people were huddled behind a wall and she got behind a desk. She assisted with getting injured IDOC guards into the trauma bay. A third guard came into trauma room with a gun and was bleeding from the head. [redacted] took his gun from him so they could treat him. She heard several shots and someone yelled "barricade the doors."

The prisoner being treated was in room 12 and was a "kooky" guy who said he swallowed razors and pills. They found no razors in his stomach so he changed his story. [redacted] said he was "antsy" and "odd" and kept wanting to leave. Dr [redacted] wanted to do more testing on him and he refused the tests. He eventually signed out against medical advice (AMA). The guard told her someone shot at them. She did

03/20/2024	02:16	County Prosecutor	PERSONS

not see him make any calls out of the room.

[redacted] was in room 16 and heard yelling and that all where needed in the ER. Two had been shot and were in the trauma bay. He saw a 3rd guy come in bleeding from his head who said he had been shot. [redacted] recognized him as a guard who had a gun in his right hand. He took the gun from him and rendered it safe by removing the magazine and live round from the chamber so he could be treated. [redacted] put the gun on the counter and advised responding officers.

Doctor [redacted]
DR [redacted] said the prisoner was in room 12 and was discharged. The patient did not want further treatment and signed out. He heard shooting and someone dragging a guard in saying "we had been shot." He took them onto the trauma bay and another guard came in who had been shot in the face. While in the trauma bay, he heard 3 shots. DR [redacted] treated all three guards.

Doctor [redacted]
DR [redacted] had a P1 trauma come in on a male who cut him self and swallowed razors. An X ray showed he had no razors in his stomach. His story did not make sense and went back and forth. He did not want any further tests or treatment and wanted to leave against medical advice. He was insistent he wanted to leave the hospital. He was discharged and left. 2 IDOC guards had been shot and were taken to the trauma bay. Another tall skinny guard came in who had been shot in the head. The IDOC guards were wearing black vests, black shirts and tan pants. While being treated, the guards asked if "he got away" and "i think they were waiting for us."

IDOC GUARD INTERVIEWS:
The interviews with the guards were treated more like a safety brief to get preliminary information on what happened. The intention was to get some basic information and conduct a more thorough interview after they had been released from the hospital. See ACSO and FBI reports for more detailed interviews.

ACSO Detective Dagle was part of these interviews and made audio recordings.

Elijah Jackson
Jackson works in Max at IDOC. He was an un armed guard for the prisoner transport to the hospital. Jackson was in ICU and not feeling well as he had been shot in the stomach and arm. I asked him if he was comfortable talking with us about the prisoner escaping and criminal aspect of the incident. He said he could speak with us.
Jackson responded to an incident in the cell in Max. Mead had some blood on him and claimed to have swallowed razors. He road in the ambulance with him and he changed his story several times about swallowing razors or medications. Mead was bragging about having cell phones and one had been

03/20/2024	02:16	County Prosecutor	PERSONS

removed from him about a month ago. At the hospital, Mead wanted to leave and signed discharged papers. He was very chatty and wanted to get back to the prison to see his brother. He denied further care. He was retrained in belly chains and leg restraints. They (Wilskie and Lopez) walked him out to the van. He saw a guy walking in the lot and described him as 5'9 to 5'10 tall, curly brown hair and possibly Hispanic. He may have had a ball cap and sweatshirt, Jackson was not positive. They were pulling the step to get into the van. Jackson was by the front passenger side of the van opening the door. He saw a muzzle flash and was hit in both sides and the arm. Jackson and Wilskie were the "hands on" guards who were not armed. Lopez was armed and was also shot, Wilskie drug Lopez into the ER. Jackson did not see what happened after that.

Christopher Wilskie

I asked Wilskie if he was comfortable talking to us, he said he was. Detective Dagle conducted most of this interview.

Wilskie said Mead took meds and swallowed razors. He was "AK" and acting "odd" so they took a third guard. He and Jackson rode in the ambulance. While in the ER Mead made odd comments and told Wilskie "all I have to say is good luck." He said he was sorry about what happened while he was is Orifino. Mead was frustrated with how long it was taking and refused further medical care. He was retrained in belly chains and ankle chains and walked to the van. While walking out, Mead stopped and looked around and said "there it is." While at the passenger side, they were reaching for the stool to step in, several shots were fired by someone. Jackson was hit and fell. He thought Jackson was dead. Wilskie grabbed Lopez's gun and drug him into the ER. He and another IDOC guard who was already there took a position to secure the doors once inside the ER. Jackosn later walked in. He did not see any lights or hear sirens. He had his phone in his left hand and gun in his right hand guarding the door. They had not checked out with dispatch. He was on the right side of the hallway facing in the doors. There was yelling behind him, he did not hear anything from outside. Wilskie called his LT and told them what had happened. He was hit in the face and asked the nurse if he was shot. He went into the trauma bay.
Wilskie was not sure what the suspect looked like but said he was a white male with a small dark beard, ball cap and red or maroon sweatshirt. He did not see Mead after the shots.

Daniel Lopez

I started to gather his personal information and asked for an address for him. Lopez said if he went home he needed to know if he would be safe and if we had any leads on where these guys were. I asked him to run me thru what happened and let him know we would more than likely be doing follow up interviews with him.

They had a call in "B" block of a guy who had blood on him and was vomiting. He said he had swallowed razors. There were two razors in the cell and Lopez was the armed guard who followed the ambulance

in the van. When they got to the ER, they found out Mead had no razors in him and no internal bleeding. Mead demanded the entire time to be released. They called the commander and they agreed to let him be discharged. Mead was waist and ankle retrained. Lopez was the armed officer to follow them walking out. Lopez went to the rear of the van and unlocked the door. Jackson was by the passenger side.

Lopez was in the front of the van now and felt the first impact of the shot. It felt close and sounded and felt like a shot gun. The second shot was in his shoulder. He fell down and drew his weapon. He did not know where the offender went. Wilskie grabbed his gun and dragged him to the ER. Lopez called "patrol" as he was being drug in.

Lopez said he felt something was wrong since he has a reputation for being nice and Mead said he was upset with him because he said Lopez abused him during an abstraction. He was angry with Lopez. Mead told Lopez he had a cell phone in his cell and they all have cell phones. Mead told Lopez they can pay to find their information. They pay $50 and can find out where they live, their car, and family. Mead told him he has $9,000 on his books and that Mead's brother is housed in the same "B" block unit.

Lopez was against the waist restraints due to Meads high risk and felt he should have been retrained from the rear the entire ride. Lopez did not see the shooter or a car. Lopez felt bad because he did not scan the area and just wanted to get out of there. He saw something about Mead stalling with trying to get in the van without the stool to step in. Lopez felt like this was a set up. He did not shoot a round.

I asked Lopez if there was something we did not ask him. He said it happened very fast and Wilskie drug him in. Lopez was having some emotions on how to deal with what happened. Lopez said he had a guy threaten him and his family and there was nothing he could do because if he did something about it, then he (the guy) would do something to him.

LEADS:

Lead #149
Boise County Sheriff Deputy Pat Lee called in a lead that was reported to him. His report S24-1362 will be sent in and attached. A male came into the bar at Terrace lakes and had a beer. Another group of males were talking about this incident and the male at the bar interjected himself into their conversation correcting them a correctional officer was shot. The group of males later saw the news story and believed the male at the bar was one of the suspects. Deputy Lee collected the beer can the male was drinking and is going to collect video. Lee said he would try to track down the patrons and see if they would do a photo line up. See his report.

Narrative

I am currently assigned as a Detective with the Boise Police Department Special Victims Unit. On 03/20/24, at approximately 0600 hours, I responded to the Boise Police Department EOC to assist with this operation and investigation. I was assigned to review any leads that were called into Ada County Dispatch and determine whether they needed to be followed up on.

Ada County Dispatch created an "Advised" call for service in which all of the leads were documented. I reviewed the leads in real time and had Boise PD SST generate a lead sheet for any leads that were determined to require follow up. NCO Sgt Martinez also reviewed leads with me and assisted in assigning the leads to NCOs, BPD Patrol, Meridian PD Patrol, or ACSO Patrol.

A majority of the leads were very vague in nature, with the calling parties reporting possible sightings throughout the Treasure Valley.

After BPD provided a press release, a tip came in from a subject identified as [redacted] in Lewiston, ID. [redacted] reported possibly seeing the suspect at "the old Walmart" in Lewiston and was associated with an older white Ford Expedition. I contacted Lewiston PD Detective Thomas and requested assistance in checking the area. Detective Thomas coordinated several Lewiston PD units and flooded the area, but reported they were unable to locate anyone matching the description provided.

I received an additional tip from the Lewiston area at approximately 1100 hours. [redacted] reported possibly seeing Meade in the Lewiston area, but no further information was provided. I again contacted Detective Thomas and requested assistance in following up with [redacted] Detective Thomas contacted [redacted] but stated he did not provide much useful information that could be followed up on.

At approximately 1700 hours, I was contacted by Officer Cooper, who said he had just spoken to [redacted] about a possible sighting at the Commercial Tire on S. Cole Road. I advised Officer Cooper I would follow up with [redacted] the following day, but learned that Meade and Umphenour had been confirmed to be in the Northern Idaho at the time of [redacted] possible sighting.

This concludes my involvement in this investigation.

CONCLUSION:

Route with the original report.

"I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing be true and correct"

Narrative

This supplement is written in reference to the previous supplement submitted by me in reference to the review of the iPhone extraction:

In the previous supplement, the date time stamp of **03/19/2024 16:11:22** in reference to the text message received on Tia's iPhone from the phone number [redacted] (which was later identified as belonging to Nicholas Umphenour) is incorrect.

The correct date time stamp of the message noted in my supplement is **03/19/2024 17:45:25**.

This supplement is submitted to correct the above information.

Narrative

INITIAL RESPONSE/CONTACT:

On 3/20/2024 I was assigned and followed up n tips regarding the whereabouts of the suspects listed in this report. I was specifically assigned TIP#26 and #37. I followed up on these tips the same date they were assigned.

TIP#26

I contacted the calling party, [redacted]. [redacted] stated he is retired law enforcement and currently a private investigator. [redacted] stated he had looked in [redacted] and discovered S Meade lived in Filer Idaho prior to going to prison and possibly still had family living at [redacted].

I let [redacted] know our detectives and crime analysis had access to the same system and multiple agencies were currently working on the same information. [redacted] advised he is currently living in McCall and offered any assistance in locating the suspects if needed.

TIP#37

I contacted calling party [redacted] by phone. She advised her 2 sons, 13yr old [redacted] and 11yr old [redacted] road their bikes to the Maverick gas station at Cloverdale and Ustick and saw S- Meade buying a fountain drink and a Red Bull. Both boys told their mother they believed the subject to be Meade because of all the tattoos the subject had.

I spoke with both boys on speaker phone with their mom. The boys advised they were in the Maverick around 1130 am this date. They said the male they believe to be S Meade was about 6'2, medium build with a large Dodgers tattoo on the back of his neck. They again confirmed the subject bought a fountain drink and a Red Bull at self checkout and then left the store out of the west doors.

I responded to the Maverick at Cloverdale and Ustick. I spoke to the store clerks and store manager, showed them the suspect, and asked if they had seen him in the store this date. I gave them the estimated time, the items purchased, and the register he reportedly used. None of the three cashiers remembered seeing the suspect or person described by the 2 boys. The manager reviewed video footage and stated she did not see anyone in the store matching the boys description or the suspect description.

CONCLUSION:

This concluded my follow up on the assigned tips regarding this case.

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/02/2024 at 16:09 p.m. I called and spoke to [redacted] who informed me she is employed by Saint Alphonsus as a registered nurse, assigned to the emergency department. [redacted] continued by saying her scheduled shift for the date of the incident was 19:00 p.m. on 03/19/2024 until 07:00 a.m. 03/20/2024. [redacted] began by informing me she had no interaction with Meade, while he was receiving medical treatment.

[redacted] continued by saying during her shift, she was assigned a nursing student who she identified as [redacted]. [redacted] described walking with [redacted] in the vicinity of room thirteen or fourteen after Meade had been discharged. [redacted] said over the radio she heard someone indicate Meade was returning to the emergency department and a short period of time later observed she observed an Idaho Department of Corrections correctional officer laying near the northern emergency department entrance doors. I asked [redacted] a clarifying question, whether the correctional officer was inside the emergency department when she observed them, which she confirmed. [redacted] continued by saying the correctional officer informed them they had been shot, at which time [redacted] placed [redacted] into either room thirteen or fourteen and instructed her to remain there, while accompanied by [redacted]

[redacted] explained to me she had little to no memory regarding her movement from room thirteen or fourteen to the charge desk but did recall an unknown individual repeatedly exclaim to get down. Additionally, [redacted] said while the unknown individual repeatedly exclaimed to get down, she also heard gunfire erupt. [redacted] continued by saying she along with several coworkers proceeded to approach and drag the correctional officer into the trauma bay at which time she began to provide them medical treatment. A short period of time later, a second correctional entered into the trauma bay at which time [redacted] informed me she ceased providing medical treatment to the first correctional officer and began providing medical treatment to the second correctional officer.

While providing medical treatment to the second correctional officer, [redacted] described hearing

gunfire and elaborated by saying she heard at least two gunshots. [redacted] explained to me she later learned that the entrance doors located within the ambulance bay and frequently used for emergency services, law enforcement, etc. to enter and exit Saint Alphonsus were malfunctioning and repeatedly opening and closing. [redacted] indicated at the time this was occurring she and her coworkers within the trauma believe the opening and closing of the doors to be gunfire. [redacted] continued by saying while medical treatment was being provided to the first and second correctional officer, she and her coworkers had a discussion regarding barricading the doors. Ultimately, the doors were barricaded with items contained within the trauma bay.

[redacted] described hearing over the radio that a third officer had been shot and a short period of time later an unknown individual knocked on the door. [redacted] informed me a coworker partially opened the door at which time they determined the unknown individual to be a third correctional officer. The door was briefly un barricaded and the third correctional officer entered into the trauma bay and said something similar to "I think I've been shot in the head". [redacted] described the third correctional officer as still being in possession of their firearm, which was ultimately removed from them. [redacted] continued by saying ultimately law enforcement entered into the trauma bay through the use of a recess bay. A short period of time later [redacted] described the three correctional officers being transported from the emergency department to receive additional medical treatment.

[redacted] wanted it to be know that she was previously employed by the Idaho Department of Corrections, as a registered nurse for a period of six years. [redacted] said during this six-year period she testified during a trial for an Aryan Knight member who was ultimately convicted. [redacted] didn't believe this incident was some form of retaliation but wanted law enforcement to be aware of her prior history. No further information of evidential value was obtained at this time.

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/03/2024 at 15:02 p.m. I called and spoke to [redacted] who informed me she is employed by Saint Alphonsus as a registered nurse, assigned to the emergency department. [redacted] continued by saying her scheduled shift for the date of the incident was 19:00 p.m. on 03/19/2024 until 07:00 a.m. 03/20/2024. [redacted] began by informing me she had no interaction with Meade, while he was receiving medical treatment. However, [redacted] described passing Meade's room on several occasions during which she had an uneasy feeling. [redacted] continued by saying she was aware there was a second Idaho Department of Corrections inmate within the emergency department, while Meade was present.

[redacted] informed me she, another nurse and a nursing student had been within the triage area of the emergency department, which is adjacent to the emergency department main entrance. [redacted] described walking with the nurse and nursing student, in the vicinity of room. fourteen after Meade had been discharged. [redacted] said over the radio she heard someone indicate the inmate is coming to the emergency department. [redacted] described observing observed an Idaho Department of Corrections correctional officer laying near the northern emergency department entrance doors. [redacted] described the correctional officer as saying something similar to I've been shot and observed another correctional officer positioned near the northern emergency department entrance doors. [redacted] informed me the correctional officer positioned near the northern emergency department entrance doors said something similar to he's got a gun.

[redacted] described the nurse who had accompanied her as beginning to move towards the correctional officer who had indicated they had been shot, as she entered into an adjacent bathroom with the nursing student. Upon entering into the adjacent bathroom, [redacted] said she proceeded to lock the door and a short period of time later she heard what she believed to be three gunshots from within the emergency department. [redacted] continued by saying she proceeded to call emergency services and notify

ACUTE RESCUE AND TRANSPORT VAN - VIDEO CAMERA:

On 4/3/2024, I returned the Rosco Dual-Vision XC4 video camera (Item# AR-1) to Acute Rescue and Transport. The owner, [redacted] took possession of the camera and provided his signature on the Property Invoice. This is the video camera that was seized by GCPD Detective A Rosen as evidence from the transport van parked within the ambulance bays at St Alphonsus Hospital. [redacted] was informed that the SD Card (Item# AR-1.a) could not be returned, as it is considered evidence.

Narrative

INITIAL RESPONSE / C.I.T.F. FIRST CONTACT:

On 03-19-2024 at approxiamtely 0300 hours, I (Detective Krueger) was called by Detective Canfield and requested to respond and assist with this incident. I went to the command post located at the St. Alphonsus Medical Center southeast parking area. I met with Detective Sgt. Kendall who assigned me to assist with the CITF portion of this investigation specifically 'First Contact.'

I went to the Boise PD Station located at 333 N Mark Stall Pl and coordinated with ACSO Detectives Pacheco and Buie to assist with 'First Contact.' There were 5 Officers that were going to be contacted. Four of the Officers were from Boise PD and the 5th Deputy was from ACSO. I led the first contact with ACSO Deputy Colton McKone. McKone was located in the soft interview room of the Boise PD lobby. He was escorted by ACSO Deputy J Gould.

Detective Buie took photos of Deputy McKone as he was dressed during the incident. I confirmed that Deputy McKone was wearing his OBV camera during the incident and it was activated. Deputy Buie collected McKone's OBV camera and later transported the camera to the ACSO station to be uploaded. I spoke to Deputy McKone regarding the status of his duty weapons. McKone advised that he did not discharge any of his department issued weapons during the incident. McKone said he carries 2 spare magazines for his pistol on his LBV, each of those magazines was loaded with 17 cartridges per magazine. He also carries 1 magazine for his department issued rifle on his LBV that was fully loaded with 20 cartridges. His pistol was loaded with a full 21 round magazine and 1 additional cartridge in the chamber of his pistol for a total of 22 live cartridges.

Deputy McKone also said he was equipped with his department issued rifle during the incident. McKone's rifle was located in Deputy Gould's marked Ada County vehicle (truck) in the parking lot of the station. McKone advised that his rifle was currently loaded with a 30 round magazine. He loads 28 cartridges in the magazine and there was a live cartridge chambered (27+1).

We collected all of his magazines, his duty weapon, and his rifle and conducted a round count in a conference room out of McKone's view. McKone's magazines and weapons were loaded as indicated and there were no rounds unaccounted for. All of the rounds were reloaded into their respective magazines and returned to Deputy McKone. His department issued weapons were also reloaded and returned to him. We concluded our contact with Deputy McKone and he left the Boise PD Station with Deputy Gould to have an possible knee injury from this incident evaluated.

The remaining 'First Contact' subjects were Boise PD employees and those contacts were lead by ACSO Detectives Buie and Pacheco. We contacted Officers Lee, Pollard, Lt. Wittmuss, and Officer Anderson respectively. I was present for the contacts and the verification of their round counts. For details of

Narrative

On 3.20.2024 I arrived to work for my normal work shift at approximately 0730 and was briefed on the events described in this report. I was tasked with conducting an area search for the suspect vehicle in the event it had possibly been abandoned. I initiated my area search around the area of Boise Town Square Mall, hotels in that area, then hotel/motel parking lots near the Boise Airport. I then returned to BPD and was tasked with canvassing the area of Cole Road north of Fairview for potential video of the suspect vehicle. I located a residence on Mountain View, west of Cole Road, that had a video doorbell facing the roadway, but no video had been captured overnight. I located two other residences, Ustick east of Cole, which also had video doorbells but, similarly, neither had captured any video.

This was the extent of my involvement in this case. I did not locate or obtain any evidence, the suspect vehicle, or any information pertaining to this case.

Narrative

AREA SEARCH:

On 3/20, I was working my normal assignment as a detective in the Financial Crimes Unit. I was then tasked with searching the area for the vehicle used by the suspects in this incident. I spent several hours searching side streets, parking lots, and alleys around the hospital to see if the suspects left the vehicle in the area. I did not locate the vehicle.

I later shifted my search to the neighborhoods around Ustick / Cole Rd, after I overheard information on the radio that indicated that the suspect vehicle was last seen on video surveillance in that area. I did not locate the vehicle in that area either.

This was my only involvement with this case.

Narrative

INITIAL RESPONSE/CONTACT:
I am assigned to the Criminal Intelligence Unit, but am also currently assisting the ORC Unit (Organized Retail Crime) with retail cases and fugitive investigations. This supplement is additional information to my original supplement reports for this investigation. I obtained additional video surveillance pertinent to this investigation.

3/17/24: CABELAS (8109 W FRANKLIN RD, BOISE) ***FOLLOW UP*:**

- Cabelas does not currently have a loss prevention employee and their current employees do not know how to work the video surveillance system.
- The manager I spoke with said he would attempt to speak with their prior loss prevention employee and make another attempt to get video.
- I followed up with Cabelas employees on 4/2/24 to see if they were able to locate video surveillance. I left a voice mail and as of this date I have still not heard back from them.
- Ultimately its unknown if Cabelas even has video footage, and if they do, they are unable to access it. I attempted to access it myself while in their store and was unsuccessful.

3/19/24 at 0526 - 0537 hours: ALBERTSON'S (5100 Overland Rd, BOISE):
On 4/2/24 I sent [redacted] (Albertson's loss prevention) a subpoena from the Ada County Prosecutors Office for video surveillance from the parking lot of Albertson's located at 5100 W Overland Rd, Boise.

- This is a shared parking lot with the Sinclair gas station, where Umphenour filled his car with gas on 3/19/24 at approximately 0525 hours. (See my other supplement report for more details on that video surveillance).
- I reviewed the video surveillance and can see what appears to be a grey Honda Civic enter the east side of the Albertson's parking lot at 0526 hours.
- The vehicle remains parked in this are of the lot until 0537 hours. When the vehicle leaves the parking lot it goes southbound on Vista Ave.
- Due to the distance and video quality, the identity of the driver and the license plate cannot be seen from this distance.

DISPOSITION OF PROPERTY/EVIDENCE/WEAPONS:

- See Evidence.com for Albertson's video surveillance.

CONCLUSION:
Route with original report.

"I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing be true and correct"

Narrative

INITIAL CONTACT/RESPONSE:

In furtherance of this investigation, it was requested that I attempt to obtain additional camera footage that might capture Garcia's movements within the Jackson's food stores. I contacted Jackson's food stores loss prevention employee [redacted] provided several camera angles that capture the interior of the Jackson's food store located at 3200 S. Vista Avenue. These camera angles were uploaded to Axon Evidence on March 21st at approximately 1800 hours. I have reviewed these angles and found that they all record the interior of the convenience store, and several angles are overlapping. In this particular instance, I will describe a brief summary of Garcia's movements and the most ideal view should be determined at a later time to determine what angles will be best evidence for this case. It should also be noted, as previously described, that the camera system utilizes a time stamp that is shared between all cameras. Below is a summary of Garcia's movements within the store on 03/17/2024.

SUMMARY OF EVENTS:

14:38:21

Garcia enters through the front doors of the Jackson's food store. She proceeds through the store and looks at merchandise items. She selects several items until approximately 14:40:12 hours.

14:40:12

Garcia approaches the cash register nearest to the door and provides several items to a clerk that is working behind the counter. The cashier scans these items before Garcia procures cash from a black wallet/clutch purse. These funds are given to the cashier, who returns her change.

14:42:04

Garcia exits the Jackson's food store front doors.

CONTINUED INVESTIGATION:

I was tasked by Det. Canfield with attempting to locate transactions associated with an FTC. The number of this FTC is [redacted] Additionally, I was provided the specific dollar amounts of those transactions that were completed or believed to be completed. I provided these transaction amounts and the FTC number to a Jackson's food store loss

prevention employee, [redacted] provided several videos and a copy of a receipt from a transaction via an Axon Evidence Community Link.

I reviewed these evidentiary items, beginning with the receipt. This receipt indicated that the transaction was completed at the “Overland Chevron” on 03/19/2024 at approximately 1949 hours. See uploaded document for further information. It should be noted that I am able to identify that this is the Chevron located at 7110 W. Overland Road by the surrounding businesses and landscape in the area.

I additionally reviewed camera footage on the interior and exterior of this convenience store on 03/19/2024, summarized below:

19:47:35

A gray Honda Civic, appearing to match the body style, color, year, and wheels of that used in the initial incident documented in this report enters into the parking lot of the Chevron. The vehicle comes to a stop in a parking stall and the driver remains in the seat for a moment before exiting. The male then accesses the trunk of the vehicle and procures a white bag that appears to be the size, shape and material of a grocery bag. That bag is replaced into the trunk before the driver enters into the store at approximately 19:48:51. It should be noted that in reviewing this footage I was able to identify the driver of the Civic as Umphenour as he entered into the Chevron convenience store.

19:48:51

Umphenour proceeds through the store and selects merchandise until approximately 19:49:28

19:49:28

Umphenour transfers selected merchandise items to the cashier. The cashier scans all sale items and Umphenour retrieves an FTC card from his back pocket. He utilizes the pay point at the Chevron store and, after completing the transaction he exits the store with his merchandise.

19:50:23

Umphenour exits the convenience store and returns to the Honda Civic. He enters into the driver’s seat and places the items he purchased within the cab of the vehicle. The vehicle remains idle in this parking lot until approximately 19:52:03.

19:52:03

The Civic exits the parking lot of the Chevron and proceeds to W. Overland Road. There, it enters into the roadway and travels westbound on Overland Road where it disappears from the Camera view.

CONCLUSION:

It should be noted that Franklin indicated that he had reached out to the ATM company for a timestamp. Upon gathering that information, he will be contacting me to provide additional information. See Axon evidence for complete video of above

Narrative

INITIAL RESPONSE/CONTACT:

On 03/20/2024 at approximately 0300 hours, I was contacted by Detective Canfield and asked to respond to St. Alphonsus Hospital to assist with large scale investigation. Preliminary reports to detectives stated that three Idaho Department of Corrections correctional officers had been ambushed and shot while transporting an inmate from the St. Alphonsus Hospital Emergency Department, back to the IDOC maximum security prison. As a result of the ambush, the inmate Skylar Meade escaped custody with the help of an unknown accomplice(s).

A command post was established in the hospital parking lot, where multiple investigators and supervisors were gathering. There was little additional information available at this time. Detective Canfield and I went to the Emergency Department to speak with victims and witnesses if possible. We briefly spoke with Christopher Wilskie and Daniel Lopez. Canfield documented these conversations in his report. At Lopez's request, I retrieved his phone from his property and located a phone number for him. I used my phone on speaker phone and assisted him, in calling [redacted], who he referred to as his "co-parent," to help him make arrangements for his child. Lopez expressed a major concern that the person who escaped from their custody knew who he was, knew his family and knew information about his child.

Canfield and I did a brief inspection of the crime scene and made assignments to other responding detectives. While at the command post, I was given information by BPD Sgt. Miles about a police report that had been made this morning in Twin Falls, Idaho. Miles had been contacted by Twin Falls Police reporting that a woman named Tia Garcia had reported her 2020 silver Honda stolen. She reported the car had been stolen at 1900 hours, but she did not make the report until 0245 hours. The license plate was [redacted] Twin Falls Police reported to Miles that Garcia's report was suspicious and her story did not make sense. It was ultimately learned that this stolen car and Garcia were involved in Skylar Meade's escape.

The command post was eventually established at the Boise Police Department where multiple agencies came to work together to conduct this investigation.

PHONE INTERVIEW ([redacted] Skylar Meade's mother):

Early in the investigation on 3/20/2024, I contacted [redacted] by phone. [redacted] had been identified as Skylar Meade's mother. I contacted her on the phone number [redacted] I had been

informed by IDOC that [redacted] had already been in contact with the warden of the prison. I do not know if [redacted] called him, or if he called [redacted] When I called her, I knew she was aware that Skylar had escaped from IDOC custody.

[redacted] told me she was in Tennessee and was living outside of Knoxville. She confirmed that she has moved multiple times back and forth from Idaho, over the last 28 years. She claims that she has been gone from Idaho for 3 years and has not recently been in Idaho. [redacted] claims that she had been reading information on the Idaho news after she had a message from "[redacted], in Idaho." [redacted] had told [redacted] that he was sorry about what he had read on the news. She claimed [redacted] is a friend of Skylar's. [redacted] tried to call [redacted] back, but he did not answer. I provided [redacted] information that was already available on the news.

I asked if she had heard from Skylar. She claimed she had not heard from him. I told him that we wanted to get Skylar into custody in a safe manner. I expressed that no one needed to be hurt any further. I told her that he is armed, scared and running. I asked [redacted] when she last spoke to Skylar. She claimed it had been a while, and knew her sons had gotten into trouble for having phones in the prison. She said "sons" because she has two sons in prison with the IDOC. She indicated that Skylar had called her from the contraband phone in the past. I asked her to tell me where he is going to go. She claimed that he will not come around her and will not involve her in any of this. She claimed he has family in Michigan and his father lives in Kentucky, but is not close to any of them. She believes he would go to someone he had met in the prison system, not family.

I again told [redacted] that we wanted to get Skylar into custody without anyone getting hurt. She asked me what she should say to him, if he were to contact her. I told her that she should tell him to turn himself in. I explained that he would need to be unarmed. I suggested that he call 911 anywhere in Idaho, explain who he is, and turn himself in. I asked [redacted] if she knew why Skylar would want to escape from prison custody. I offered several suggestions about him being in danger, or if anyone else was in danger. She does not think he got out, to harm someone. She suggested that prison staff had caused him some level of harm when they found the phone on him. [redacted] told me that Skylar had not tried to contact her and she does not know where he is. She claimed that he is not dating anyone, and had broken up with someone about a week ago. She claimed this person is named [redacted] and lives in [redacted]

I asked if she had any idea who would be helping Skylar outside of prison. She told me that an educated guess would be someone he knows from being in prison, and not family. She claimed Skylar is very close to his brother [redacted] who is also in IDOC. I gave her my cell phone number and asked her to give it to Skylar if he wants to turn himself in. I audio recorded this conversation and attached it using evidence.com.

After several hours, I called [redacted] a second time, in hopes that she had heard from Skylar. A female answered the phone and identified herself as [redacted] Skylar's [redacted] and [redacted] She told me that she does not think Skylar had contacted her mom. She then told me she is only 14 years old. I then spoke with [redacted] and asked her again if she had heard from Skylar. She told me she had not heard from him. I told her the situation was escalating and it was important for me to speak with him. At this time in the investigation, it was believed Skylar and his accomplice had likely been involved in at least one if not two murders. I did not tell [redacted] this. I strongly encouraged her to give Skylar my number, she again told me he had not called her.

PHONE INTERVIEW ([redacted]):

IDOC Parole and & Probation Officer Mayer, contacted the command post and provided information that "[redacted]" was a family member of Skylar's and had information she wanted to provide investigators who were looking for him. I called [redacted] and asked what she knew. She told me that she knows his mother lives in Knoxville and they communicate often. She claimed that her cousin [redacted], has children with [redacted] (Skylar's incarcerated brother). She had been given information from [redacted] had told family members that Skylar is coming to Tennessee to take her kids. These children had been adopted by [redacted] and were no longer in the custody of [redacted] She claims this is in Kingsport, Tennessee. [redacted] mother is [redacted] She claimed this was very current information and the family had just learned this.

[redacted] knows [redacted] is in regular contact with Skylar and gets money from him from prison. She does not know who Skylar who has talked to or who he would talk to.

PHONE INTERVIEW ([redacted], Nicholas Umphenour's [redacted]):

The command post received information from Orofino Police Department (Orofino, Idaho), that Umphenour's [redacted], had called the department wanting to provide information about [redacted] I called [redacted] and spoke with her. She told me that she had seen the news about her [redacted] shooting police officer and that he had been seen at around 3:30 this morning in Idaho County. She called the police to find out if he was in custody. She claimed that he has been in custody more than he has been out of custody since he was 15 years old. She wanted to see him taken back into custody peacefully. She claimed that her parents still live in the Orofino area and had already called them telling them to not help Nicholas. The family all believed Nicholas was in Florida and they were surprised he was in Idaho. She went on to tell me that Nicholas is from the Orofino area and has places he can hide. He has a [redacted] who may help him and lives in Weipe, Idaho. A man named [redacted] may also help him. Her parents [redacted] have a cabin in Elk City, Idaho. This home is accessible only by foot in the winter due to the amount of snow. Nicholas is familiar with this cabin and could potentially go there if he were trying to hide. [redacted], is Nicholas' [redacted] who works for IDOC and a probation and parole officer.

[redacted] stated that Nicholas does not believe the laws pertain to him. She does not have contact

with Nicholas and has not talked to him in two years. She believes [redacted], could help him. [redacted] is [redacted] ex wife, but they are all in St. Augustine, Florida. Two weeks ago Nicholas left for Florida to work for his brother [redacted] who owns a tree falling company. She does not have any current information as to where Nicholas may be or how to get in touch with him. I provided her with my direct contact information so she could contact me if something changes. She warned me that Nicholas does not think rules or laws apply to him.

• ([redacted] 2nd Interview):

As the investigation progressed, I called [redacted] again to try and learn more information about Nicholas. It was now strongly suspected that Nicholas and Skylar had killed a former friend of Nicholas' in Northern Idaho. I wanted to know what the relationship was between these men. The deceased man's name was Gerald Henderson. I asked what she knew about this man. She claimed that Nicholas has only been out of prison two times since he had been out of prison. She believed that her son had moved in with two men for about a month during one of the times he was out of prison. However, she learned this information from the internet, and was not aware of this at the time. [redacted] told me that she only had Nicholas for the first 18 months of his life, then his father got custody of him. They moved to Florida for 5 years, then came back to Idaho. When Nicholas was 14 or 15 years old, he came to live with [redacted] for three months. She was not able to handle Nicholas' violence, so she made him move back in with his father. She claims that she had nothing to do with raising him.

I told [redacted] that what had happened seemed strange. I explained that he had helped someone break out of prison, then they drove several hours to kill someone Nicholas knew, who was in his 70's. I asked if there were ever any kind of allegations made that he had any issues with Henderson. She did not know about any issues with Henderson. She did not know how he ended up living with Henderson, or who else lived there when he did. I asked if she knew of anyone who would know anything about this time in Nicholas' life. Most of the information [redacted] had about her son, were things she had learned from the internet.

Narrative

INITIAL RESPONSE/CONTACT:

On 04/03/2024, Det. Canfield requested my help with reviewing surveillance video that was obtained from an Acute Ambulance vehicle that was parked in the St. Alphonsus' Emergency Room Ambulance bay at the time of the incident. I obtained a working copy of the video on a flash drive from [redacted] with Intermountain West RCFL, as well as the camera and SD card from the ambulance.

ACUTE RESCUE AMBULANCE VIDEO:

I reviewed the videos provided by [redacted] The flash drive contained 94 video clips from four camera channels on the ambulance. Each channel contained video footage from a different angle. The clips varied in length, but most were about 1 minute long. The clips could be watched sequentially to view the entire time range included in the video. The time range of the video according to the timestamp was on 03/20/2024 from 02:11:00 hours to 02:40:56 hours.

The Channel 1 camera was a dash camera that recorded activity in front of the vehicle, the Channel 2 camera appeared to be on the dashboard facing the occupants inside the vehicle, the Channel 3 camera was a rear-facing camera and recorded activity behind the vehicle (this camera footage for this camera was reversed, meaning everything appeared to occur from the opposite direction, and was the only channel that recorded audio), and the Channel 4 camera contained 4 video angles, including on the sides of the van. The Channel 4 camera only appeared to be activated when the vehicle was in motion. The other three cameras were recording continuously during the period described above.

Below are my observations of the video:

02:11:00 - The ambulance pulls into St. Alphonsus from the N. Curtis Rd. entrance and parks in the ambulance bay. The Honda Civic, later determined to be occupied by Nicholas Umphenhour, can be seen parked in front of the St. Alphonsus Cancer Center building north of the ambulance bay.

02:12:15 - The driver of the ambulance opens the back hatch of the ambulance, removes a wheelchair and enters the hospital with the wheelchair (Channel 4).

02:13:40 - Skylar Meade is escorted out of the Emergency Room by three IDOC officers. Meade and the officers pass the van and are talking normally. The audio was not clear and I was unable to determine what was being said(Channel 4).

02:14:28 - There are two white IDOC transport vans parked in front of the ambulance. Meade is escorted to the van on the left side of the screen. The Honda Civic occupied by Umphenhour can be seen parked north of the van. The car door on the Honda Civic appears to open and a tall figure can be seen. The

figure can be seen approaching the transport van. It should be noted that the Channel 1 footage is blurry and it is difficult to make out much detail.

02:15:04 - An IDOC officer can be seen running to the driver's side of the van and falling face first on the ground. The officer disappears from the view of the camera. Two figures can be seen moving toward the Honda Civic. (Channel 1).

02:15:04 - Six loud bangs, consistent with the sound of gun shots can be heard. Following the bangs, someone could be heard yelling that they have been shot and are asking for help with moving out of the area several times. The voice then yells, "Why the fuck did he shoot me!" and asks again for help getting out of there (Channel 4).

02:15:18 - The headlights to the Honda Civic turn on and the car drives away (Channel 1).

02:15:33 - An IDOC officer with a beard can be seen pulling another officer who is on his back toward the emergency room entrance door. Both officers enter emergency room.

02:17:00 - A third IDOC officer can be seen walking toward the emergency room entrance door. The officer drops his duty belt on the ground between the ambulance and emergency room door. The officer can be heard saying something to the effect that he had been hit and wants them to open the door. The door opens and the male enters the emergency room.

02:20:20 - Boise Police Officers can be seen approaching the ambulance bay (Channel 1).

The videos contained the critical incident footage as well. I provided Ada County Det. Day with a copy of the footage. Refer to Ada County's Critical Incident report for details related to this portion of the investigation.

911 CALLS:

On 04/03/2024, Det. Canfield requested my assistance in reviewing the 911 calls about the incident. I obtained a copy of three audio 911 calls from Ada County Det. Day via a community request. Below are my observations of the audio:

St. Als Audio 1 - [redacted] - [redacted]

The caller advised dispatch that someone outside the emergency room just shot an officer. The caller stated she thought one officer was down and the other was trying to get him into the trauma bay. Dispatch asked the caller where the man with a gun was at. The caller stated she thought there another officer running around by himself, but didn't know anything about the suspect's location. She then stated

03/20/2024	02:16	County Prosecutor	PERSONS

she thought another "security guard might have gotten shot, or transport." Dispatch asked who got shot, a hospital security guard or another officer? Before the caller could answer the question, dispatch advised they were talking with responding officers. The dispatcher then asked for a description of the man with a gun. The caller can be heard asking if there was a description of the shooter. She then described him as being 6-foot, having a long beard, and being light skinned. The dispatcher asked where the shooter was at currently. The caller stated she did not know where he was at. The caller was asked if there was anyone else injured and she stated possibly a security guard or transport officer. The call ends abruptly after an officer can be heard over the radio advising shots had been fired.

St. Al's Audio 2 - [redacted] - [redacted]

Dispatch receives a second call. The caller advising she is calling from the St. Alphonsus Boise Emergency Department. The caller advised they were treating a prisoner and that the prisoner took one of the guard's guns and shot one of the guards. The caller stated that she thought the gunman was in the font of the emergency room outside. The caller stated she was currently hiding in a locked room and did not know where the gunman was located. The caller then advised dispatch that she heard additional gun shots. Dispatch advised the caller to stay where she was at. [redacted] stated that there was now a third person shot. The caller was asked if the suspect was an IDOC prisoner. [redacted] confirmed and was able to provide dispatch with the name of Skylar Meade. [redacted] began to whisper into the phone when answering questions. Dispatch asked for [redacted] location and whispers she is locked in a bathroom with another person in room 14. She answers several of dispatch's questions before disconnecting with dispatch.

St. Al's Audio 3 - [redacted] - [redacted]

The caller identified herself as being part of St. Alphonsus' command center and advised that they had a "Code Silver." Dispatch asked the caller if they had any additional information. The caller was unable to provide any additional information. Dispatch advised that police were on there way. The caller then said she was watching the hospital's surveillance cameras and could see two security guards with guns pointing toward the ambulance bay and that she could see police arriving at the location. The caller then disconnects with dispatch.

SUSPICIOUS CIRCUMSTANCE

On 3/24/2024, Boise Police Lt. Mengel was notified by IDOC personal of a suspicious circumstances where a Sureno gang member showed up at a [redacted] address related to IDOC Ofc. Daniel Lopez and asked for Lopez. Det. Canfield requested I identify the location in [redacted] where this took place and how the house was related to Lopez.. I learned the incident took place at [redacted] house at [redacted] [redacted] is Lopez's [redacted] and [redacted] was watching Lopez's son at the time this occurred. Nampa Police are aware of the situation and provided extra patrol by this residence.

INITIAL RESPONSE/CONTACT:

Lead #41

I was tasked with following up with PWK- [redacted]. I called and spoke to [redacted] on 03-20-2024, at approximately 1800 hours, and he related the following. [redacted] works at Popeye's Chicken located at 3671 Fairview near the intersection of Fairview and Eagle Road. A customer entered the restaurant on 03-20-2024, between 1500-1600 hours, ordered food and then made small talk with him. The customer asked [redacted] if he heard the blue alert that went out. The customer then proceeded to tell [redacted] that he was a 'homeboy' of the prisoner who escaped. The customer continued to brag that his 'homeboy' was very smart, had money, had phones, and would not be caught by police. The customer openly said that his 'homeboy' was a member of "AK" (Aryan Knights) gang. According to [redacted] the customer provided a first name for the food order that he placed but he was not sure of the name. [redacted] said the customer [redacted] said he has access to the camera system for Popeye's and he will tag the video footage in case it is needed at a later time. he also said the camera system maintains footage for 6 months. [redacted] said he was going to review the register receipts to see if he could find the name that the customer provided for the food order. [redacted] said the customer was not familiar to him and he has never seen him in the restaurant previously.

[redacted] was certain that the customer did not make any threats and did not provide any information that indicated he knew locations, or other people who may have assisted in the escape. [redacted] said the customer was proud of his friend for getting out of prison and the customer was proud to be his friend. The customer wore sunglasses the entire time he was in the restaurant and did not seem to be in any hurry or rush to leave. [redacted] said the customer arrived and left in a vehicle. [redacted] was only able to describe the vehicle as tan or light green due to the sun glaring off it. He did not know what make or model the vehicle was he could only say that he could possibly get more information if he reviewed the video footage further. [redacted] also said he could possibly get partial credit card information from the register receipt.

I recalled [redacted] on 03-27-2024, and there was no answer his phone voice mail beeped. I attempted to leave a message but it is not certain that the voice mail is working correctly.

I recalled [redacted] again on 04-04-2024, and there was no answer. His voice mail does not have a recorded or standard greeting and I again tried to leave a message for him to call me back but there is no

indication that the voice mail is working correctly.

Lead #90, Line #152

I was tasked with following up with PWK- [redacted] [redacted] I called and spoke to her on 03-21-2024, at approximately 1130 hours via my department issued cell phone and the conversation was not able to be recorded. She related the following: [redacted] said she wants to remain anonymous is this case because she fears any retaliation from the UMPHENOUR family. She is from [redacted] and grew up near the UMPHENOUR family. She immediately recognized the name and said they are not good people. She wanted to make sure that we were aware that SUS-NICHOLAS UMPHENOUR also used the aka of "Davey." [redacted] indicated that her family lived around the corner from the UMPHENOUR family and recognized them as huge troublemakers. Specifically when she spoke about NICHOLAS, she stressed that they were not friends and she has not been in any form of contact with NICHOLAS recently. [redacted] wanted to make law enforcement aware that NICHOLAS had a small fort in Weippe, ID, that is located on "Ford's Crick." She thought that information may be helpful in case we were trying to find places where NICHOLAS may go to hide. She did not have any other details or information relevant to the incident but mainly wanted us to know of his additional "AKA."

Lead #93, Line #155

I was tasked with following up with PWK- [redacted]. I called and spoke to her on 03-21-2024, at 1315 hours. She related the following: [redacted] stressed that she wanted to remain anonymous is this case because she feels that the people involved are dangerous and she does not want any retaliation against her or her family. [redacted] said she immediately recognized "Mouse" from the crime broadcast information that was being put out on the news, blue alert, and social media. She believed that there were 2 occasions in the past 2 weeks where that subject was in her store and she scanned his ID. She recalled his face and his neck tattoo. [redacted] said she addressed him by the name NICHOLAS and he corrected her and said that everyone calls him, "Mouse." She made note of that comment because she replied to him that a Mouse is her favorite animal. She was not able to recall the exact dates but said it was within the past 2-3 weeks. She remembered the transaction was re-loading money on a "cash card/cash app." The way [redacted] described the transaction she believes that we can work back the video surveillance and the register logs to find the exact dates times and the what type of transaction was done. [redacted] was finishing her break and needed to return to work but I requested that she have the video preserved so that we can follow up with her at a later time.

On 03-27-2024, at approximately 1126 hours, Detective Hartje and I went to the Walgreens and met with [redacted] She did not have any new information and put us in touch with the store supervisor [redacted] [redacted] was reluctant to provide us with video or transaction information. She said that unless we provided her with specific times and dates that she was unable to review footage and assist us. She recommended that we speak to Walgreens Corporate security.

On 03-27-2024, at approximately 1249 hours, I spoke to PWK- [redacted] (Walgreens Corporate) who offered to assist. [redacted] was provided with details of the incident and the time frame form [redacted] said he would coordinate [redacted] as well as with his team of analysts to gather the dates times and information that he could. [redacted] also told me the video footage was tagged and would not be deleted. On 03-29-2024, at approximately 1400 hours, I spoke to [redacted] and he updated me on his investigation. [redacted] narrowed down the times and dates from [redacted] He located video footage of a subject he believes matches the description of SUS-UMPHENOUR in his store from 03-05-2024 at 1117 hours. His team of analysts were also still in the process of matching the dates and times with the transactions that were done at the store. He said that once the report was completed he will be able to upload the video to Evidence.com and send me a copy of the findings. I generated a community request link for [redacted] and sent it to his email. I re-called [redacted] on 04-04-2024, and spoke with him regarding updated information about this case. [redacted] said he will upload the video footage he has to Evidence.com. He also indicated that he was able to locate 1 transaction to a cash app that he could provide details for. He was also going to send a link so that I could get additional transaction details from Cash App.

Lead continues.

Lead - email from [redacted]

On 03-21-2024, at approximately 1130 hours, I received an email from Ada County VW [redacted]. She relayed that PWK-[redacted] reached out to her and wanted to speak with me regarding this case. I am familiar with [redacted] because I was the lead investigator on DR #23-312170. In that incident, [redacted] was the victim of a stabbing by [redacted]. I called and spoke to [redacted] on 03-25-2024, at 1215 hours, and he related the following: [redacted] said he recognized the name of SUS-SKYLAR MEADE from previous contacts with [redacted] [redacted] remembered that there was a time when [redacted] was still incarcerated and [redacted] requested that [redacted] and [redacted] (Fiancee) put money in MEADE'S account. He wanted us to know that [redacted] and MEADE were associates. When [redacted] would get in trouble and have his J-Pay or Commissary accounts locked he would use MEADE'S account. [redacted] would ask [redacted] or [redacted] to put money on MEADE'S account for him to use. [redacted] did not have any other direct information about the incident or the planning that went into the incident.

[redacted] said his reason for calling was to make sure that he was safe and that [redacted] was safe. [redacted] related that he gave [redacted] the money and she put it on the account. He was worried that anyone related to [redacted] may be a threat to him or [redacted] He spent the rest of the conversation speaking about the details of his previous case. The conversation with [redacted] was recorded and

Lead #106 Sanctuary/IDOC Parent

Sanctuary

On 03-27-2024, at approximately 1025 hours, Detective Hartje and I went to [redacted]) to speak with PWK-[redacted]. He was in the lobby and we spoke in the manager's office. [redacted] related the following: Approximately 2 months ago he ran into someone who he believes was SUS-NICHOLAS UMPHENOUR. He recognized his tattoo in the center of his neck and his long dark beard. [redacted] said he was downtown at the Corpus Christi House having coffee and smoking a cigarette. He was approached by UMPHENOUR and they began a brief conversation. [redacted] said he used to have a very long beard and that may have been why the conversation started. [redacted] said the subject he spoke with told him that he was just released from prison. He said the conversation turned instantly to the lack of security for inmates when they leave the prison and go to the hospital. He said this topic was initiated by UMPHENOUR. UMPHENOUR spoke about how there are only 2 guards with an inmate at all of the medical facilities. [redacted] said the conversation included the topic of how many of the guards have guns and how many of them do not. [redacted] said the conversation eventually became uncomfortable and he went inside the building without finishing his cigarette.

[redacted] said he was never in prison and only spent a small amount of time in Ada County Jail. [redacted] said his appearance is often compared to looking like an "Old School Biker" and that may have been one of the reasons the conversation went the way it did. He said the conversation was never specific and no plans were shared with him at that time. [redacted] felt like he needed to come forward now and speak about the encounter because of the incident that took place. [redacted] said he did not know UMPHENOUR before and did not know him by name only by his photos that were released with this incident.

I provided [redacted] with my contact information and confirmed his address. [redacted] said his phone is currently turned off and the best way to reach him is via email. That address was uploaded to his ITS contact screen.

The interview with [redacted] was audio recorded and uploaded to Evidence.com.

IDOC Parent

On 03-26-2024, at approximately 1520 hours, I drove to PWK-[redacted] residence and spoke to him about suspicious circumstances that have been occurring on his property. [redacted] related that on the previous evening 03-25-2024, he returned to his residence and found the doors to his garage/shed ajar. He explained that due to the circumstances of the incident he and his wife were being extra cautious regarding anything that was unusual at their home. [redacted] recalled that it was very

windy the previous night and that could have caused the doors to get blown open. He said the door are typically closed but they are not locked. [redacted] also explained that he has security cameras that surround his property and the adjoining businesses that are located on either side of his home. He further explained that he owns the two businesses that border his property and that is why he covers those properties with his camera system.

[redacted] reviewed his camera footage and did not see anything suspicious or any subjects that he felt are suspicious in the area prior to finding the doors ajar. He appreciated the fact that there was an extra patrol put in place for BPD Officers and he has noticed the marked vehicles in the area since the request was made.

[redacted] said [redacted] has worked for IDOC for approximately 6 months. Since that time, he has not noticed any suspicious subjects or unusual people hanging around his home. [redacted] said neither he or his spouse have been contacted or threatened by anyone pertaining to this incident. He also showed me the location of motion activated lighting on his property and said the lighting is set so sensitive that it will activate if dogs or cats walk by. I provided [redacted] with a business card and contact information should anything change in the future.

PROPERTY

On 03-27-2024, at approxiamtely 1300 hours, I was tasked with locating the property item numbers for the driver's license, debit card, and IDOC ID in the name of DANIEL LOPEZ. The items were identified as SS-10, SS-22, and SS-5.D.2. I sent an email authorizing the release of those items to LOPEZ. I also called LOPEZ and provided him with the case number, address and phone number to contact ASCO Property and make an appointment to retrieve his property.

On 04-04-2024, at approximately 0845 hours. I reviewed an email from ACSO property requesting that LOPEZ also be able to pick up his Apple smart watch. That item was listed as SS5.A. on the property invoice. I confirmed with Detective Canfield that item is able to be released and sent an email to ACSO property authorizing it.

Narrative

INITIAL RESPONSE/CONTACT:

On 3-20-24 at approximately 0300 hrs, I received a notification regarding this incident. I subsequently responded to command post, which was in the parking lot of St. Alphonsus, and received information about the incident.

I was then tasked with collecting information about the people involved and to work on identifying the suspects related to this case.

I moved to the Ada County Sheriff's office where I gathered a team of multiple detectives from various agencies to begin collecting as much information on Meade as possible. I also called in the BPD Intel Unit to assist in gathering and collecting pertinent information.

Det. Thorndyke from GCPD began to collect as much information about Meade as he could. Three investigators from IDOC, Brian Adams, Jenn Adams, and McKenna Sato were providing information as well through their various IDOC sources.

Throughout the morning numerous names were developed of possible associates and addresses. We utilized officers from Ada County and Boise PD to check local addresses, while coordinating with the Idaho State Police to check addresses outside of the Treasure Valley.

We received information about a stolen vehicle from Twin Falls, and during the day confirmed this vehicle was the vehicle in question at St. Alphonsus. This led to more names being gathered and more addresses of possible associates.

Throughout the morning and into the early afternoon, a name of Umphenour was discovered. Umphenour had connections to Meade and Garcia, as well as connections to numerous other names collected throughout the morning. I knew there was some physical evidence, such as cigarette butts, left at St. Alphonsus in the area of where the suspect vehicle was parked. I called the Idaho State Lab and spoke with the DNA section about getting a rush on this DNA. The state lab agreed to rush the DNA, and I coordinated with Sgt. T. Del Rio to have the evidence taken to the state lab. I provided the name of Umphenour to the state lab for comparison purposes. I received a call from the state lab that evening around 2200 hrs, and they confirmed DNA from a piece of evidence submitted belonged to Umphenour. See their lab report for further.

Around 1045 hrs, Sgt. Weires, from ACSO, conducted some research on Umphenour and determined there were multiple family members of Umphenour's in the Orofino, Id area. I know the Chief of Orofino PD, so I called him around this time and briefed him on what I knew. Chief Frazier was familiar with the Umphenour last name and stated he would coordinate with Sheriff Goetz, of Clearwater County, to check

whatever addresses they could find. I spoke with Chief Frazier and Sheriff Goetz throughout the day, but they were unable to locate anything related to this incident.

I also coordinated with BPD's PIO to distribute photos and information related to this case throughout the day. Multiple Detectives and Officers were assigned to review and assign leads. See their reports and lead sheets for further.

In the late afternoon, enough evidence had been collected via cell phone information to get an arrest warrant for Umphenour. See other officer's reports for further.

Around 1900 hrs on 3-20-24, I closed the command post for the day, with instructions to return the following morning.

Around 2000 hrs, I received a text from Sheriff Goetz about contacting his dispatch reference a tip. I called and spoke with Kathy, Clearwater County Dispatcher, who advised me a resident of their area named [redacted] with an address of [redacted], had called in and said he had seen the Honda vehicle on Lolo Creek Road earlier in the day. It appeared the car was traveling towards Weippe. Clearwater County Deputies had been checking the road with negative results. I later passed this tip on to ISP for their investigation.

Around 2225 hrs, I received a call from Sheriff Goetz about a suspected homicide in Clearwater County. I was told the victim was Gerald "Don" Henderson. Throughout the night, Sheriff Goetz provided me about possible trail cameras in the area. Ultimately these trail cameras took a photo of a van stolen from Nez Perce County, in the area of the Henderson homicide. These photos were distributed to the team on 3-21-24.

Throughout the night and into the next morning, I coordinated with SA Ramirez regarding this information and the arrival of the FBI SWAT team.

On the morning of 3-21-24 at around 0700 hrs, the command post was opened and information was shared as to what occurred throughout the night. Information was shared about Umphenour being seen in Missoula, MT and the purchase of a phone in Montana. Ultimately, this phone led us to the Filer, Idaho, area where the stolen van was located. At this point, operations began to shift to FBI SWAT and ISP. These operations continued as the suspects were spotted and a pursuit ensued. The suspects were arrested.

I continued to help coordinate resources for both the Twin Falls area, northern Idaho, and Ada County needs until we closed the command post around 1700 hrs on 3-21-24.

My primary role was to act as the Incident Commander reference the command post and the sharing of

Narrative

INITIAL RESPONSE/CONTACT:

On 3/30/24 at approximately 1204 hours, I responded via landline to a citizen assist call regarding potential information that may be related to the escaped inmate case of Skylar Meade. The calling party lives and manages an RV Park in Orofino, Idaho. The CP wanted to pass along information about a subject named [redacted] who reserved a spot at the park a few days prior to the escape.

Per a CID supervisor, I took all pertinent information from the calling party and forwarded the information over to the Idaho Fusion Center via email.

CONCLUSION:

Route to CID for info

FOLLOW UP:

On 3/27/2024, Boise Police Detective M. Canfield requested that I conduct additional follow up for this investigation. He requested that I contact Del Taco again and request the receipt that accompanies Umphenour's purchase at the Del Taco restaurant on 3/17/2024. Detective Canfield provided me with a credit card number to provide to Del taco in order to locate this purchase. The card number is [redacted] Detective Canfield advised me that the purchase amount at Del Taco was for $10.15.

After speaking to the on site manager of the Del Taco, I was directed to speak to [redacted] with Del Taco. I briefly spoke to [redacted] on 3/28/2024 by phone. I explained my request to [redacted] and she indicated she would assist with this request. On 4/2/2024, I again spoke with [redacted] on the phone. [redacted] told me she is the Director of Administration for Del Taco, but does not work on site at that specific restaurant location. [redacted] told me that she has a document that shows the card number I provided to her making a purchase at Del Taco at 245PM on 3/17/2024 for $10.15. [redacted] stated she would email that information to me. [redacted] also said she can go to the actual restaurant location and attempt to get a receipt or the transaction information from the cash register itself.

On 4/3/2024, I spoke with [redacted] again on the phone. She stated that [redacted] (Del Taco manager - [redacted] "[redacted] [redacted]) is working on obtaining a copy of the transaction receipt. Also on this date, I received an email from [redacted] to my department email address. In reviewing this email, there is an attached document, which is a Microsoft Word document, which shows the information about a transaction which I had previously requested from [redacted] In that document, there is a transaction listed on 3/17/2024 at 14:14:45, with a VISA card, with card number [redacted] for $10.15. The full card number of [redacted] is listed in full in the Search Criteria tab at the top of the document. The Merchant Name is Del taco 1387. I printed this document and requested BPD Records Personnel scan this document into this report. See attached for complete details.

On 4/7/2024, [redacted] contacted me on my department issued cell phone and indicated she had the requested receipt that I requested for this investigation. She text messaged me a photo of the receipt

Narrative

INITIAL RESPONSE/CONTACT:
While working as a detective assigned to the Special Victim's Unit of the Boise Police Department on 3/20/2024 I was assigned to follow up on a lead from [redacted] who called into the non emergency number with Ada County Dispatch reporting that she had some information about the suspects involved in this case. The below narrative includes the information I gathered from the conversation.

NARRATIVE:
When I spoke with [redacted] via landline she stated that she had recently noticed that suspect Nick Umphenour was a member of the Facebook group Orofino Area Classifieds. With this information [redacted] was able to find Umphenour's Facebook page, or one seemingly related to him, which contained a profile image of a male matching the likeness and description of Umphenour, and who was posing in the photo with a female likely named [redacted] The official Facebook profile name was titled "Nicholas [redacted] Umphenour" with the subtitle "Nich N [redacted] [redacted] provided a screen shot image from the Facebook group "Orofino Area Classifieds" as well as an image for the "Nicholas [redacted] Umphenour" Facebook page as well as an image from a website titled "Family Tree Now" which contained the following informaiton:

Nicholas D Umphenour

INITIAL RESPONSE/CONTACT:

I was called in to the Boise Police Department in response to this incident and suspects being affiliated with the Aryan Knights (AK) prison gang. Due to my extensive investigative knowledge, debriefs, documentations and expert testimony regarding the Aryan Knights prison gang, I offered insight, ideology and active intelligence into the suspect's actions.

Narrative

As I assisted on the attack of IDOC staff at St Alphonsus Hospital, I followed up on a tip from [redacted] who called in stating he saw suspicious behavior from a vehicle matching the description of the suspect's vehicle in Buhl, Idaho. [redacted] is a residence in Buhl and [redacted] On 3/20/24, at approximately 0930 hrs. He observed a vehicle matching the suspect's vehicle driving west towards Hagerman at a high rate of speed through downtown Buhl. He described the vehicle as a grey mid-size sedan with an Idaho plate. Hulse reported that dust was being kicked up from the high rate of speed the vehicle was traveling. He described this behavior as highly unusual because all vehicles slow down when traveling through the city. He was not able to obtain a plate or describe any one inside the vehicle.

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/08/2024 at 17:11 p.m. I called and spoke to [redacted] who informed me she is employed by Saint Alphonsus as a registered nurse, assigned to the emergency department. [redacted] continued by saying her scheduled shift for the date of the incident was 15:00 p.m. on 03/19/2024 until 03:00 a.m. 03/20/2024. [redacted] informed me that due to the circumstances, she ultimately worked until 04:00 a.m. on 03/19/2024. [redacted] continued by saying she had no direct interaction with Meade, while he was receiving medical treatment. However, [redacted] described passing Meade's room on a single occasion at which time she believed he was waiting to be discharged. [redacted] indicated that during this period of time, she felt a "heavy energy" and at one point briefly made eye contact with Meade. After making eye contact with Meade, [redacted] said she turned away from him and ultimately departed the area intending on returning to pod four, which was her assigned area. [redacted] elaborated by saying pod four included several patients, some of who were in critical condition.

While providing medical treatment to her assigned patients, [redacted] said she became aware that a "guard" was laying on the floor within the emergency department near the northern emergency department entrance doors. [redacted] described the guard repeatedly informing medical staff that "I've been shot". [redacted] continued by saying she observed a streak of what she believed to be blood on the floor leading out towards the ambulance bay, which led her to believe they had been dragged inside the emergency department. [redacted] described several medical staff members approaching the guard, assisting them to their feet and proceeding to place them on a gurney. [redacted] informed me that she ultimately returned to her assigned area due to the fact several of her patients were in critical condition.

While providing medical treatment to the patients within her assigned area, [redacted] described hearing over the radio that more medical staff was needed within the trauma bay. [redacted] informed me this was due to the fact an additional guard had been injured. [redacted] continued by saying upon hearing this she made her way to the trauma bay, at which time she had a conversation with [redacted] [redacted]

[redacted] described [redacted] asking her to locate [redacted] [redacted] a nursing student who she believed to be within room fourteen, which she agreed to. [redacted] informed me that after she had located [redacted] within room fourteen and checked on her, she learned that a third guard had been injured. [redacted] continued by saying that due to this she returned to the trauma bay. Upon arriving at the trauma bay, [redacted] informed me she began providing medical treatment to the third guard who had been transported to the resuscitation bay. [redacted] described the injuries of the third guard as a "shrapnel" injury to the right eye and face. No further information of evidential value was obtained at this time.

Narrative

INTERVIEW: [redacted]

On 04-05-24 at approximately 0920 hours, Det. Shofner and I responded to a last known address for [redacted] located at [redacted] reference follow up. [redacted] had described reaching out to an acquaintance named, [redacted] via text message to his phone number of, [redacted] to possibly pick up "Moose," from the airport that day. However, [redacted] never got a response back from [redacted] in regards to her request.

Therefore, Det. Shofner and I responded to the above address to follow up with [redacted] However, no one was home at the time of our visit. Therefore, I called the above phone number and was met with a voice mail identifying the subject as [redacted] I left [redacted] a voice mail to contact me at his earliest convenience. The voice mail was left at approximately 0930 hours.

Immediately following my voice mail, I received a call back at 0931, from the above phone number and a male subject who verbally identified himself as [redacted] also confirmed his date of birth and that he has been called [redacted] among other nicknames in the past as well.

[redacted] informed me that he was driving to a job interview at the moment and could talk to me over the phone. I asked [redacted] if he had heard about the escape that had recently happened and he confirmed that he had. I informed him that his name was brought up in this investigation and he chuckled and asked, "Oh really?" When I informed him that he was asked to pick up a person named, Nicholas, at the airport, [redacted] immediately recalled receiving a text message from a female, "out of the blue," asking him to pick up one of her "guy friends" at the airport and drive him to Twin Falls for unknown reasons. [redacted] began trying to recall who had sent him those text messages asking him for this request. While trying to

recall who the female was that sent him those text messages, [redacted] recalled that "I flat out ignored her" and ultimately never responded back to her. [redacted] thought to himself "Hell no," was he going to pick up a guy friend of hers.

[redacted] was actively trying to recall who sent those texts to him and began recalling how she had just gotten out of prison and lived in Twin Falls. [redacted] was stating, That's crazy man," as he tried to recall her name. As [redacted] continued to try and think of the name of the female, I asked him if it was [redacted] and he immediately confirmed that was the name of the female that sent him the text messages.

According to [redacted] he never was informed of who he was supposed to pick up nor the reason for it. [redacted] never responded to her text messages and therefore, knew nothing about the request. When I informed him that the person who was picked up at the airport helped an inmate escape prison, shot correctional officers, and ultimately two subjects were murdered up North, [redacted] responded by saying, "Holy shit!" [redacted] added, "I'm glad I never followed up on that" and "that is fucking crazy." [redacted] followed up by stating, "I can't believe she was involved in that." I explained to [redacted] that we were able to discover those text messages between him and [redacted] and advised him that she wasn't believed to be involved at all. I further explained that during a conversation with [redacted] this morning (04-05-24 at approximately 0830 hours), that [redacted] requested that I tell him that she wasn't involved in this nor did she know what was going to take place. Therefore, [redacted] wanted [redacted] to know that at no time did she ever try to get him wrapped into something like this.

[redacted] adamantly denied knowing who Skylar Meade or Nicholas Umpenour "Moose" were other than what the media had posted about the escape. [redacted] was happy to hear that [redacted] wasn't involved in this case either. Moments later, this phone call concluded.

ADDITIONAL INFORMATION:

Both [redacted] and [redacted] contact information has been added to this report.

DISPOSITION OF PROPERTY/EVIDENCE/WEAPONS:

My telephone conversation with [redacted] was audio recorded and downloaded onto evidence.com

INIINITIAL RESPONSE/CONTACT:

Lead #93, Line #155

This supplemental report in documenting continuing investigation of Lead #93.

On 04-04-2024, at approximately 1809 hours, PWK-[redacted] [redacted] uploaded video images and a PDF capture of the possible transaction that was made by SUS- UMPHENOUR to Evidence.com. I reviewed the documents and noted that the transaction was made on 03-05-2024, at approximately 1119-1120 hours. The financial service is listed as Vanilla Direct Pay TF35. This is an online bill pay service that allows the user to load cash to an account that is then able to transfer money via barcode. Attached below is a screen shot of the transaction.

Receipt Selection | Receipt Headers | Receipt Details

Sale

Manager ID : [redacted]

Start Date : 03/05/2024 11:19AM
End Date : 03/05/2024 11:20AM

Terminal Number : 22
Transaction Number : 8192

store, then standing at the register during this transaction and ultimately leaving the store. Part of the store procedure is to scan an ID when cash is deposited to an application like Vanilla Direct Pay. The overhead view of the transaction shows the subject getting his ID scanned. At this time, it is unknown where, or if the scan of the identification is stored. It is likely that the scan of the ID remains with the transaction data in order to confirm the subject who made this transaction was in fact UMPHENOUR, or someone presenting UMPHENOUR'S ID.

I reviewed the video footage and saw the subject recorded entering the store making the transaction at the register and leaving the store resembles UMPHENOUR. The footage is not clear on some of the angles and the subject is wearing a hooded sweatshirt as well as a baseball style cap. [redacted] also related that there are exterior cameras at that Walgreens location but the outside cameras do not show where the subject went once he leaves the store or any vehicles associated with the subject. SUS-UMPHENOUR'S booking photos show that he has various tattoos on his hands. The overhead camera footage has times where the subject's hands are visible but the resolution of the footage makes it difficult to tell if the tattoos are a match with UMPHENOUR'S.

On 04-05-2024, at approximately 1100 hours, I received a reply from InComm. The email said they do not have the information for Vanilla Direct and they referred me to another website.

[redacted]

The directions from InComm said to click the link and submit legal process via their online portal.

Based on the video footage it is difficult to determine for certain, if the subject in the video is UMPHENOUR. However, the verbal statment by the clerk that she remembers reading the name on the identification, it being difficult to pronounce, the subject telling her he goes by the name "Moose", and her responding to him that her favorite animal is a moose; that statment is very specific and lends credibility to this being UMPHENOUR.

DISPOSITION OF PROPERTY/EVIDENCE/WEAPONS:
The videos and PDF document were uploaded to Evidence.com by [redacted] via the community link.

CONCLUSION:

Route to Detective Canfield.

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/03/2024 at 15:53 p.m. I called and spoke to [redacted], who informed me he is employed by Saint Alphonsus as a registered nurse, assigned to the emergency department. [redacted] continued by saying his scheduled shift for the date of the incident was 19:00 p.m. on 03/19/2024 until 07:00 a.m. 03/20/2024. [redacted] began by informing me that from his understanding Meade had been transported to the emergency department as priority one or two trauma patient due to the fact he had ingested razors. [redacted] continued by saying x-rays later showed there were no razors present.

[redacted] informed me that [redacted] [redacted] was assigned as Meade's primary registered nurse and elaborated by saying Meade was within room twelve. [redacted] continued by saying on 03/20/2024 between 01:00 a.m. and 01:30 a.m. he described Meade as becoming more agitated. [redacted] elaborated by saying additionally, Meade appeared to be speaking "aggressively" towards [redacted] but he was uncertain as to what was being said. [redacted] informed me he was within room twenty-two providing medical care to a patient when he heard yelling and ultimately exited the room. Upon exiting the room, he observed "Jackson" lying near the nurses station. [redacted] indicated it was later determined Jackson had suffered two penetrating injuries.

I asked [redacted] what occurred after he had observed Jackson lying on the floor, at which time he described himself as securing the rooms assigned to pod three by turning off the lights and closing the doors. [redacted] continued by saying after he had secured the rooms assigned to pod three, he entered into the trauma bay and began providing medical treatment to Jackson. [redacted] informed me he provided medical treatment to Jackson as several coworkers physically held the trauma bay doors closed to prevent anyone from entering. During this period of time [redacted] heard what he believed to be four gunshots from an unknown location. [redacted] said an additional Idaho Department of Corrections correctional officer was brought into the trauma bay at which point he relieved the coworkers who had physically been holding

the trauma bay doors closed, while place one of the correctional officers ballistic vests between him and the door.

[redacted] continued by saying while at the trauma bay doors a third correctional officer was brought into the trauma bay, through the recess bay. [redacted] described the third correctional officer as saying something similar to I've been shot in the head and still in possession of their firearm. [redacted] described his coworker, [redacted] as removing the firearm from the third correctional officer and proceeding to unload the magazine and remove the chambered round. [redacted] informed me he remained at the trauma bay doors until he felt pressure against them, as though someone was attempting to physically force the doors open. [redacted] continued by saying this pressure was ultimately determined to be law enforcement. Upon law enforcement entering into the trauma bay, [redacted] described being escorted to labs at which point he collected blood and returned to trauma bay. No further information of evidential value was obtained at this time.

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/10/2024 at 160:06 p.m. I called and spoke to [redacted] who informed me she is employed by Saint Alphonsus as a registered nurse, assigned to the emergency department. [redacted] continued by saying her scheduled shift for the date of the incident was 19:00 p.m. on 03/19/2024 until 07:00 a.m. 03/20/2024. [redacted] informed me that she had entered into Meade's room on several occasions and described him as "strange". When asked to elaborated, [redacted] described Meade as being overly talkative and amped and at one point referring to her as a "pretty little thing". [redacted] informed me after this comment was made, she left the room and had no further direct interaction with Meade.

[redacted] continued by saying she later saw Meade being discharged and transported out of the emergency department, through the northern emergency department entrance doors. During this period of time, [redacted] described being positioned near room thirteen within the emergency department. A short period of time later, after Meade had departed the emergency department, [redacted] described hearing a "scuffle". I asked [redacted] clarify what she meant when she described hearing a scuffle. [redacted] informed me that she heard several loud noises, which were possibly gunshots. [redacted] continued by saying while hearing these several loud noises she ducked down and others within the emergency department began to panic. [redacted] explained to me the following sequence of events were a "blur" but she was aware several coworkers had called emergency services. I asked [redacted] if she was able to identify those coworkers who called emergency services, at which time she identified them as [redacted] [redacted] and [redacted] [redacted]

At some point, [redacted] explained to me that she had heard over the radio someone had been shot. Upon being notified over the radio that someone had been shot, [redacted] described herself as making her way to the trauma bay and entering into it. [redacted] continued by saying there were two patients within the trauma bay which she believed coworkers had dragged into the trauma bay, prior to her arrival. [redacted]

Narrative

INITIAL RESPONSE/CONTACT:

On 3/20/24 at 0249 hrs I received a phone call from on duty BPD Watch Commander, Lt. Wittmuss. Wittmuss advised that he and several members of his team had been dispatched to St. Als ER for a report of an active shooter in the ER. He advised that upon arrival a team of officers moved to the ER ambulance bay doors to confront the shooter, they believed was just inside in the ER trauma area. He advised Officer Anderson observed a male holding a gun, believed to be the shooter, by Anderson. He advised Anderson had fired on the subject, and struck him in the head. Upon entering the ER the patrol team learned that the person Anderson had shot was actually an IDOC prison guard. At that point, information Lt. Wittmuss had, was that the injuries to the prison guard were critical (later found to be minor injuries).

Lt. Wittmuss then stated that he learned there was more to the incident, as he inquired as to why IDOC was in the ER, and how they were dispatched to an active shooter in the ER. Wittmuss advised that IDOC was there because they had transported a prisoner of IDOC max, for a medical emergency. As they were leaving the hospital, they were ambushed by an unknown assailant, and two prison guards had been shot. The prisoner had escaped IDOC custody. He had fled, got into a car and fled St. Als property. There was no suspect information or leads at that moment except for the identity of the escapee and they had fled in a dark colored sedan. I don't recall if Lt. Wittmuss had even obtained the name of the escapee at this point or not. When I later arrived at the crime scene I was advised that the escaped suspect was Skyler Mead.

Wittmuss advised that Officer W. Anderson was the involved officer that fired his weapon in the OIS portion of this case. He advised that Officers, Pollard, J. Lee, and himself had also been present and witnessed the shooting. He advised that the crimes scene was being secured, officers being prepared to be sequestered, and they had put out ATL on suspect vehicle, and officers were doing area search looking for the suspect vehicle. He also advised he was establishing a CP in front St. Als parking lot, in the southeast corner. I advised him I would contact CITF representatives for investigation of the OIS portion, and that BPD CID would be responding for CITF and for the Agg batt / escape investigation.

I then contacted my Lieutenant, Lieutenant Linn. I briefed him on what we had and some initial resources that would be needed. I advised him that Wittmuss had a command post established at St. Als in the South east corner of property.

Next I contacted the VCU on call detective, Det. Canfield. I advised him of situation. I asked him to start calling the other VCU detectives and have them respond to the command post for further assignment. I also asked him to contact the BPD crime lab and ask them to stage at our station until I had further information on where they were needed, and if the location was safe for their deployment.

I then contacted ACSO Det. Sgt. Weires. I briefed him of the situation at hand. I knew that ACSO was

next up to be lead on an OIS. I asked if he would be able to respond to take lead on the OIS portion of this case. He stated that he would do so. We then divided duties in notifying the other CITF agencies and briefing them and asking them to respond to St. Als.

While responding to St. Als, I was contacted by Det. Roath. He advised that Officer Anderson had contacted him and asked him to be his escort officer. Roath asked if he could do that duty or if he was needed else where. I knew we would have a large amount of detectives at our disposal from the entire county, so I assigned Roath to this duty, and advised him to contact me when finished, and I would give him further assignment.

ON SCENE OF ST AL'S COMMAND POST:

Upon arrival at St. Als, I met up with Sgt. Weires who had just arrived. We quickly formed a plan of how to investigate this crime. We decided that BPD would take lead on the escape and agg battery / shooting of prison guards. ACSO would take the lead role of the OIS portion of this incident. We decided that BPD and our lab would take the primary role of the processing of the crime scene, and that ACSO would have a representative at the crime scene also that would especially oversee the collection and documentation of the OIS portion of the scene. I had also decided that I would assign one BPD detective to assist on the OIS portion and liaison to the CITF, but BPD would have a limited role in the OIS, as resources were needed in the escape/manhunt portion of this case. Sgt. Weires suggested forming CITF command post at ACSO, since they were lead and it was close by to St. Als. I agreed this would be a good course of action.

Both Weires and I then responded to the St. Als command post to meet with many BPD and area law enforcement, command staff that had arrived on scene. BPD VCU detectives had arrived on scene prior to me. They were briefing among themselves, and giving assignments to start investigating the crime scene and interviewing hospital staff.

Captain Jones asked for agency supervisors to rally for a quick brief and investigative assignments. I was then asked to make assignments. I briefed the supervisor group briefly on the situation at hand and what had been decided among Sgt. Weires and I. I advised that BPD Violent Crimes would be taking lead in the overall investigation of this incident to include the crime scene. I advised that Sgt. Weires would be leading the CITF portion of this incident, and BPD would have a minimal role in that aspect. I then asked Lt. Ransom if he could supervise an intel and manhunt group to carry out the search for the escapee in coordination with the VCU investigative group. Lt. Ransom took control of that aspect, see his supp for details of that. Lt. Linn was the CID Lt to oversee the investigation. Lt. Ransom advised that he was going to take a group of various detectives from area agencies to ACSO's CITF command post and have a joint CP their to begin the looking for the suspects. We then separated from the St. Als command post.

CRIME SCENE ASSIGNMENTS IN ST ALS:

ACSO Sgt. Weires, Lt. Linn, and I then went to the ER ambulance bay to observe the scene. I observed that crime scene tape had been set up around the entire bay, and out into the parking lot in front of the cancer center. It was staffed and secured by at least three BPD officers that I observed. I saw that the doors going into the ER were broken and glass all over on the ground. The crime scene outside appeared to be adequate and adequately secured. We then proceeded around the front of St. Als and entered the ER through the main public entrance.

Prior to entering the secure part of the ER we met with Det. Jagosh. He briefed us on what BPD VCU detectives had been doing up to this point. Jagosh advised the following:

- Det. Shofner was assigned to working with St. Als security and obtaining all available video.
- Det. Wirshing and Jagosh were assigned to interviews of St. Als ER staff that had been direct witnesses, and to also interview the three guards, as it pertained to being victims of agg battery, agg assault, during, Mead's escape.
- I assigned Det. Canfield as the lead case detective.
- Det. Roath and Det. Krueger had already been assigned duties related to the CITF / OIS portion of this case. They would resume investigative roles into the escape later in the date. (see related supps)

Inside the ER Lt. Linn, Sgt. Weires, and myself were able to observe the general layout of the OIS portion of this case. I had been notified that BPD Sgt. Del Rio, Det. Mathews, and Det. Ellis, all from BPD SVU, would be avl for assisting at the crime scene. In speaking with Sgt. Weires he advised that one of his detectives, Det. McCray, would be assigned to work the crime scene at the hospital in conjunction with our overall crime scene efforts.

The following assignments were further made prior to me leaving the hospital:

- Sgt. Del Rio assigned as crime scene lead
- Det. McCray with ACSO (co- crime scene lead for inside the hospital where OIS portion of case happened)
- Det. Mathew - crime scene
- Det. D Ellis - crime scene
- BPD crime lab assigned for processing and measurements.
- BPD property and fraud detectives were assigned to video canvassing the likely escape route of the suspect vehicle.

ACSO CITF / Escape command post:

5. Date Occurred	6. Time Occured	7. Route To	8. Division
03/20/2024	02:16	County Prosecutor	PERSONS

I then responded to ACSO to the combined command post. I made a couple more investigative assignments to include: Lt. Catlin's ISP team was tasked getting timeline information from IDOC involving the medical issue with Mead, the transport, etc. After Det. Shofner and Det. Roath concluded there other duties, I tasked them with traveling to Twin Falls and interviewing the owner of the vehicle that we believe was used in the escape.

Det. Canfield had reached out to FBI CAST members shortly after the escape for assistance on possible cell tower / phone data. I received a call mid morning from Agent Heap of the Boise FBI office. He offered his help along with FBI analysts and extra agents. By then we had relocated the command post to BPD. I invited him to come to BPD to assist. Upon his arrival I asked that he work with Lt. Ransom's group on intel development for finding the suspects.

The remainder of my duties the rest of that day consisted of administrative / supervisory tasks in partnership with the several agencies assisting BPD. At this time the involved agencies included: **BPD, MPD, ACSO, ISP, GCPD, IDOC investigations and P & P, and FBI**. I coordinated with those agencies and asked that all involved submit reports to BPD in the coming weeks to document all investigative actions taken. See individual reports from each agency for their actions.

On 3/21/24 We had heard info that two homicides had occurred in northern Idaho, appeared very likely that our suspects were involved in those. Suspects were ultimately tracked back to the Twin Falls Idaho area. Both Mead and Umphenour were arrested in Twin Falls County. In the late afternoon of the 21st, I assigned Det. Roath and Det. Canfield to travel to Twin Falls to attempt to interview the suspects, before they were taken to Twin Falls County jail. I coordinated this with Lt. Catlin with ISP. He assigned Det. Christenson of ISP to assist in the interviews also.

I traveled to Twin falls PD to assist in a supervisory role. See Det. Roath and Canfield's reports, along with Det. Christenson's for details of interviews conducted. While there I spoke with Twin Falls PD and Twin Falls county detectives. They advised that the only charges they were likely going to pursue would be charges on another female related to the final pursuit before Mead and Umphenour were arrested. Among us we decided that all other evidence in this case that was obtained in the Twin Falls area, would be turned over to the custody of ISP. ISP could then process and make sure evidence relative to BPD or the northern Idaho L.E could go to the appropriate prosecutors and L.E, since ISP was involved in all the cases.

CITF follow up:

I later assigned Det. Jagosh and Det. Krueger to represent BPD in the interviews of the involved BPD officers. See their reports for details. I later coordinated with Sgt. Weires and Det. Day with ACSO on getting them BPD CITF related reports to include this supplement (for timeline assignment purposes).

Narrative

On the above date and time, I was notified by Sgt. Kendall of a officer involved shooting and inmate escape at St. Als hospital. I was informed that during an inmate escape that two IDOC guards were shot by an unknown person. When BPD officers were dispatched to the call, I learned they believed the they were responding to an active shooter in the ER of St. Als. During the deployment of these officers, they contacted a male matching a provided description and that he had a firearm. From this interaction, I was told that Ofc. Wayne Anderson fired a firearm at the subject, who was later determined to be an IDOC employee. During my initial phone briefing from Sgt. Kendall, I was told to respond to the south east corner of the hospital property.

I later arrived at the designated location and meet with other investigators for the CITF. During this time, I was tasked with taking lead of the overall investigation of the inmate escape. Due to the CITF and the inmate escape occurring in the ER, I went to the ambulance entrance of the ER to examine the scene. While in the ER, I tasked Sgt. T. Del Rio with crime scene of the ER and parking lots. With Sgt. Del Rio in control of the crime scene, I responded to the Ada Co. Sheriff's office where a command post had been established.

When the CITF investigation was stabilizing, it was determined that the criminal investigation into the inmate escape/shooting would be moved to Mark Stall Place in the EOC. It was at this time that the command post was moved and run from BPD. I, along with Lt. Ransom, and other BPD personnel, ran the command post while working with numerous law enforcement partners. This took place over a two day period until the identified suspects were apprehended in the Twin Falls, Idaho area.

This is a summary of my involvement during this investigation.

Narrative

Lead #133 – [redacted] **Phone Call**

Assignment:

On March 24th, at about 2045 hours, I saw call holding in que to contact [redacted] requesting that the "Lead Detective" contact her. I was familiar with this investigation and knew that Detectives were not currently on shift. I phoned Sgt. Kendall and after a brief conversation, phoned [redacted] and spoke with her.

Interview with [redacted]

I phoned [redacted] and during my conversation with her, she indicated that Nicholas wanted a meeting with the FBI Lead Detective, BPD Lead Detective and the Ada County Prosecutor along with his public defender. [redacted] added that she knew Nicholas, "Did not kill those two."

As we spoke, [redacted] stated that Nicholas wanted to talk and that he had "a lot of inside information." I asked [redacted] why she believed Nicholas traveled from Florida to Idaho. She said that Nicholas left on Sunday and was scheduled to return to Florida on Thursday. She added that Nicholas, "Was hit with this when he got there." She indicated that she did not believe that Nicholas knew what was going to happen when he arrived in Boise.

[redacted] told me that she knew Nicholas did not kill anyone and that from her information, she believed it was Skyler who did. She explained to me that she did not know Skyler and only learned his name after speaking with her brother, who lives in Garden Valley and Nicholas.

Conclusion:

I spoke with Sgt. Kendall after ending my call with [redacted] and advised him of the information [redacted] provided me.

I request this supplement be routed with the original.

Narrative

INITIAL RESPONSE/CONTACT:

On 03/20/24 at approximately 0220 hours I responded to St. Al's in Boise in regards to a man with a gun call for service. Initial information provided by dispatch indicated an Officer had been shot, and the unknown gunman was in the ER bays. A short time after arriving on scene it was discovered the gunman and an IDOC prisoner fled from the scene in a vehicle. Myself and several other Officers began conducting area checks for the suspect based on potential sightings, as well as cellular ping information that was being relayed by dispatch. I was unable to locate the suspects or vehicle from the searches I conducted.

This report serves as a summary of my involvement in this incident.

CONCLUSION: Route with report.

Narrative

On 03/20/24 I was asked to contact Det. Sonnenberg to assist in the above investigation. Det. Sonnenberg requested I review Fairmont Jr. high surveillance footage in hopes the suspects vehicle could be seen traveling on Cole road, on the east side of the school. While reviewing the footage I knew I was looking for a gray sedan due to the emails that had gone out to BPD personal depicting the suspected suspects vehicle.

While reviewing the footage I observed a vehicle, matching the suspects vehicle description, traveling northbound Cole at a high rate of speed at approximately 0219 (according to the time stamp on the footage). I captured a photo of the vehicle using my department issued cell phone and sent it to Det. Sonnenberg. See Axon Capture for photo that I have attached.

Narrative

On April 12, 2024, I received additional video evidence of a male, I have identified as Umphenour, while inside of a Jackson's food store from [redacted] that is currently available for review on Evidence.com. This video captures a transaction at the counter for what appears to be consumable items and a transaction at an ATM while the subject was at the 3200 S. Vista Avenue Jackson's food store. Below is a summary of these events on 03/19/2024, formatted chronologically.

19:20:11

Umphenour is waiting in line to complete a transaction. He approaches the westmost cash register and completes a transaction with the FTC reader at that workstation.

19:20:44

Umphenour exits the Jackson's food store after completing this transaction.

19:24:38

Umphenour returns inside of the Jackson's food store and begins to interface with the ATM machine adjacent to the door. During this period of time he appears to place an FTC inside of the machine.

19:25:40

Umphenour retrieves an unknown sum of money from the ATM, and appears to remove the previously placed FTC from the machine.

19:25:50

Umphenour exits the Jackson's food store.

Narrative

INITIAL RESPONSE/CONTACT:
I am assigned to the Criminal Intelligence Unit, but am also currently assisting the ORC Unit (Organized Retail Crime) with retail cases and fugitive investigations. This supplement is additional information to my original supplement reports for this investigation. I obtained additional video surveillance pertinent to this investigation.

CONTINUED INVESTIGATION:

3/17/24: CABELAS (8109 W FRANKLIN RD, BOISE) ***FOLLOW UP*:**

- On 4/8/24, I received video footage from Cabelas. Cabelas originally had technical difficulties obtaining video footage. They ultimately obtained footage, which showed Nicholas Umphenour and Tia Garcia entering the store at 1509 hours. Umphenour picked up an online order for .30 caliber rifle ammo. Both Umphenour and Garcia are shown in the video surveillance arriving and leaving in the gray Honda Civic. This video has been uploaded to Evidence.com.

3/18/24 and 3/19/24: WALMART (8300 W OVERLAND RD, BOISE) ***FOLLOW UP*:**

- Video footage from Walmart has been uploaded multiple times. We had technical difficulties with the video surveillance not showing the date/time stamp. This is the reason for the duplicate uploads of the same video. I also obtained hard copies of the video surveillance, which I booked into the Ada County Property room.
- I have also attached short video clips recorded and sent to my work cell phone, which show Nicholas Umphenour entering and exiting Walmart on both 3/18/24 and 3/19/24.
- On 3/18/24, Umphenour entered Walmart at 1808 hours, and exited at 1828 hours.
- On 3/19/24, Umphenour entered Walmart at 1505 hours, and exited at 1514 hours.
- The purchase receipt from 3/18/24 shows that Umphenour purchased a "pill planner". Umphenour actually purchased the spray lubricant, but he "tag switched" the barcode from the less expensive "pill planner". This is the same transaction where Umphenour stole a sweatshirt. Umphenour tag switched the items, presumably to pay a lower amount. This is a common tactic used by people who are involved in retail theft. This would explain the discrepancy in the receipt not matching the item the Umphenour actually purchased.

DISPOSITION OF PROPERTY/EVIDENCE/WEAPONS:

- See Evidence.com
- The hard copies of the video surveillance was booked into the Ada County Property room on 4/19/24.

CONCLUSION:
Route with original report.

Narrative

ON BODY REVIEW: TWIN FALLS PD OBV OF TIA'S STOLEN VEHICLE CALL

On 4-10-24 I received and downloaded the on body video from Twin Falls Police Department of Tia's stolen vehicle call. I also received Tia's dispatch call regarding her stolen vehicle as well. That call was also down loaded onto evidence.com.

I reviewed the two on body video calls from Twin Falls Police Department's contact with Tia regarding the stolen vehicle report as well as the dispatch call.

During my review, I observed that the time in which the on body video started was 0251 hours. I noticed that Tia remained consistent that she had parked her car near the Salvation Army just down the road from her residence. Tia also remained consistent that the last time she had seen her car was when she arrived home at 1900 hours. It wasn't until shortly before police arrival when she went out to her vehicle to grab a lighter to smoke a cigarette when she noticed her car was gone. Tia had asked dispatch if her car had been towed and they informed her that they had not received any information about any cars being impounded at that time. Tia also informed officers that she was up to date on her car payments as well.

Tia asked officers, "What happens now?" and the officers explained the process of entering her vehicle into NCIC as a stolen vehicle. When asked about car keys to the vehicle, Tia also informed them that there were two sets of keys and one of those sets were with her "brother." It was never clarified as to where the other set of keys were as she denied any keys being left in her vehicle. Tia also denied that her brother would have taken her car since he doesn't "drive." Tia also told officers that she was "pretty sure I locked it." When asked if she was "100%" certain that she had parked her vehicle where she indicated, Tia confirmed by saying, "Yeah."

Tia filled out a stolen vehicle report while on scene, and while doing so, she asked, "Am I going to have to go on the stand if somebody is charged for this? Tia continued by asking if it would show that she was helping with the "prosecution." Officers told her that is was possible she would need to do this. Tia followed up by asking if she would be "charged," if she didn't cooperate. Officers sounded slightly confused when they informed her "probably not," and followed up by asking if she wanted to find out who did this and she confirmed that she did. Tia slightly chuckled when she told officers that she "didn't like that part." Tia informed officers that it "looks bad" from her being on her side of the "fence," and added, "I shouldn't even be reporting this honestly." Officers followed up by asking if there was something else that she wasn't telling them in regards to her vehicle and she denied by saying, "No." Tia added that she grew up in a lifestyle that you don't report these things and ultimately need to "find it yourself." Officers assured that they were there to help her find her vehicle.

At this point, Tia hands the officers her completed hand written report of her stolen vehicle and stated, "My mom is going to kill me." Tia explained how she won't be able to help her mother with her own kids for the time being since her car was gone. When asked if she had any idea as to who could have taken her vehicle, Tia denied by saying, "No." Moments later, this contact concluded.

ADDITIONAL INFORMATION:

Tia was informed by police that if she falsely reported her vehicle stolen, that she could be charged with a felony and she stated that she understood. Tia was also informed that they weren't implying that she was lying about her car being stolen as well.

Of note, Tia appeared to be very calm throughout this contact. In my training and experience, I have found victims of stolen vehicles to be more upset than usual due to the inconvenience and the typical feeling of being violated by someone stealing such a large piece of property from them. Tia's behavior did not appear to me as being to concerned about her stolen vehicle but more concerned about having to testify against those that did steal her vehicle.

DISPOSITION OF PROPERTY/EVIDENCE/WEAPONS:

Again, two on body video's from Twin Falls Officers contact with Tia regarding the report of her stolen vehicle have been downloaded onto evidence.com. Also, Tia's dispatch call reporting her stolen vehicle was also downloaded onto evidence.com.

CONCLUSION:

Route with original report.

Narrative

INITIAL RESPONSE/CONTACT: On 4/12/24 I spoke with [redacted] over the phone. He is a physician's assistant who was on the far side of the ER by the registration desk. Someone told him there was a shooting. He continued to work and heard two faint pop sounds. He walked to the ER and saw two guards posted on either side of the door. He believed the shooting was outside so he went back to work. A team of officers came in and told him there was an active shooter and told him to go outside. He assisted a woman who locked her keys and baby inside of her car. He was later able to get his car keys and leave.
He did not look into the outside bay when he saw the guards posted. He did not hear anything said at that time.
[redacted] had no further information.

ADA COUNTY PARAMEDICS - AMBULANCE LOCATION DATA:

On 4/24/2024, Austin Vinsonhale, a CAD Administrator with the Ada County Sheriff's Office, provided me with an Excel file that contained location data pertaining to the Ada County Paramedic's ambulance that transported Skylar W Meade to St Alphonsus Hospital. The location data provided was for the entirety of the incident (Ada County Paramedics - Incident Number: 24-0011331).

The data was provided to FBI Special Agent N Ballance on 4/24/2024. I uploaded the Excel file to Evidence.com.

Narrative

JACKSONS FOOD STORE - 3200 S Vista Ave Boise, ID:

On 4/12/2024, Officer C Burch obtained video footage of Nathan Umphenour conducting a transaction at the ATM within the Jacksons Food Store located at 3200 S Vista Ave Boise. This transaction occurred on 3/19/2024 at approximately 1924 hours (refer to Ofc Burch's supplement for further). While reviewing the video footage, I observed Nathan also purchase a Smart Water, and he can be heard asking the teller for $20.00 worth of fuel at pump #2.

On 4/17/2024, [redacted] a loss prevention officer with Jacksons Food Store uploaded a copy of the receipt and surveillance footage to Evidence.com The footage captures Nicholas pumping fuel in what appears to be Tia Garcia's 2020 Honda Civic. I learned that during his time at the Jacksons Food Store, Nicholas used two different financial transaction cards. One card was used for the ATM transaction, and another was used when he purchased the fuel and water.

Based on information previously learned from FBI Special Agent M Douglass, I know that the card used during the ATM transactions was [redacted] The last four of the card used for the water and fuel purchase was [redacted]

Surveillance Footage:

3/19/2024:

1918 Hours: Nicholas is observed walking into the Jacksons Food Store from the fuel pumps, where the 2020 Honda Civic is parked.

1921 Hours: Nicholas is observed returning to the vehicle. Nicholas open the drivers door to the vehicle, but due to the visual obstruction caused by the fuel pump, I am unable to see what Nicholas does once he returns to the vehicle. Based on his purchase, it can be presumed that he adds fuel to the Honda Civic.

1924 Hours: Nicholas leaves the area of the Honda Civic and returns to the Jacksons Food Store. It's at this time that Nicholas makes a transaction at the ATM. Refer to Ofc C Burch's supplement for the specifics of this transaction.

1926 Hours: Nicholas returns to the vehicle and sits within the driver's seat.

1928 Hours: Nicholas pulls away from the fuel pumps.

Throughout the footage, Nicholas is wearing:

Narrative

IDAHO DEPARTMENT OF CORRECTIONS:

On 4/2/2024 and 4/11/2024, Brian Adams, an investigator with the Idaho Department of Corrections (IDOC) uploaded several IDOC documents and digital evidence related to the initial investigation and attempts to identify any potential suspects, witnesses, or leads to Evidence.com. The documents also included information related criminal gang members currently housed at IDOC, visitation logs, recent photographs of Skylar Meade and Nicholas Umphenour, Skylar and Nicholas' housing records, Skylar's IDOC financial records, and the photograph of "Moose" found within Skylar's prison cell. He also provided me with his investigative report, and investigative reports for [redacted] and [redacted]. Please refer to these reports for how the IDOC documents and digital evidence apply to the investigation.

Skylar's financial records were shared with FBI Special Agent, M Douglass.

On 4/19/2024, Brian also provided me with a supplemental report detailing the specifics of each document that he had provided on 4/2/2024 and 4/11/2024. He also provided me with a video surveillance timeline of when Skylar was transported from a cell to the ambulance. Both of these supplemental reports have been uploaded to ITS.

On 4/24/2024, Brian provided me with all of Nicholas's IDOC financial records. These records were shared with FBI Special Agent, M Douglass. These records were uploaded to Evidence.com.

Surveillance Footage:

Included within the upload was video surveillance footage that captures Skylar being removed from a prison cell and eventually being loaded into an ambulance. The actual footage does not contain a time stamp, but the file name of each video clip does. Based on the file names, it appears that Skylar is wheeled out of his prison cell on 3/19/2024 at approximately 2101 hours. After being wheeled throughout the prison and eventually loaded onto a gurney, Skylar is then loaded into an Ada County Paramedics ambulance on the same date at approximately 2124 hours. The ambulance leaves the property on the same date at approximately 2138 hours. As the ambulance leaves the property, it is being followed by the IDOC prisoner transport van.

The video footage shows Skylar wearing the white colored t-shirt, with what appears to be a long sleeve gray colored t-shirt underneath. He is wearing black colored shorts, and white colored Nike shoes. It also appears that Skylar has a necklace/chain hanging from his neck. Skylar's shirt, legs, and shoes appear to have a significant amount of blood on them.

Additional Surveillance Footage:

With the assistance of FBI Special Agent N Ballance, it was learned that Nicholas Umphenour's phone ([redacted] was in the area of Idaho State Correctional Complex (13399 S Pleasant Valley Rd Kuna, Idaho) on the listed dates and between the approximate times:

- 3/18/2024 between the approximate times of 1851 hours and 1923 hours.

- 3/19/2024 between the approximate times of 2015 hours and 2121 hours

On 4/11/2024, B Adams provided me with video footage that captures S Pleasant Valley Rd out in front of the prison entrance. I reviewed the previously mentioned dates and times. It should be noted that the actual footage does not contain a time stamp. However, the file name does include a start time stamp.

3/18/2024 at approximately 1851 hours (6 minutes and 37 seconds into the footage - start time stamped with 6:44:59 PM) a dark gray colored passenger car, that appears to be consistent with Tia Garcia's 2020 Honda Civic, is captured driving south on S Pleasant Valley Rd in front of the prison.

3/18/2024 at approximately 1855 hours (10 minutes and 20 seconds into the footage - start time stamped with 6:44:59 pm) a dark gray colored passenger car, that appears to be consistent with Tia Garcia's 2020 Honda Civic, is captured driving north on S Pleasant Valley Rd in front of the prison.

While reviewing the 3/19/2024 video footage, I never observed a vehicle that appeared to be Tia's 2020 Honda Civic drive past the front entrance to the prison. However, it should be noted that while reviewing the footage, I could see headlights in the distance that appear to be traveling on south on S Pleasant Valley Rd and never drive past the IDOC main entrance. The footage did capture Ada County Paramedics arriving at IDOC at approximately 2115 hours (1 hour and 31 minutes into the footage - start time 7:44:59 PM). It also captures the ambulance leaving the IDOC property at approximately 2137 hours (1 hour and 54 minutes into the footage - start time 7:44:59 PM).

CONCLUSION:

Narrative

VIDEO SURVEILLANCE:

Boise Airport - 3201 W Airport Way Boise:

On 3/20/2024, after Nicholas D Umphenhour had been identified as a possible suspect, it was learned that Nicholas had flown into Boise on 3/17/2024. On 3/20/2024, Lieutenant D Hunsaker provided me with a DVD that contained video footage of Nicholas' arrival at the airport.

I reviewed the footage and confirmed that it does capture Nicholas' arrival. The actual footage does not contain a timestamp, however, the file name does include a timestamp for each video. Based on the footage it appears that Nicholas arrives on 3/17/2024 at approximately 1326 hours. Nicholas is captured departing the plane and arriving within the actual concourse of the airport through gate B11. Upon his arrival, Nicholas is wearing the following described clothing:

- Black colored baseball style hat with a circular shaped sticker on top of the bill.
- Sunglasses resting on top of the hat.
- White colored short sleeve "Yellowstone" t-shirt. The front of the shirt has a black colored cow skull design and the word "Yellowstone" underneath it.
- Blue colored jeans.
- Brown colored boots.
- Green colored backpack containing a black colored water bottle.

Nicholas is captured leaving the actual terminal on the same date at approximately 1336 hours. He is last observed walking north across the "upper roadway" and toward the parking garage. Based on video footage obtained from a nearby Chevron (Ofc T Stokes), a nearby Del Taco (Ofc T Stokes), and a nearby Jacksons Food Store (Ofc C Burch), it appears that Nicholas left the airport property on foot. It should be noted that Nicholas appears to be manipulating or speaking on a cell phone while walking through and eventually leaving the Boise Airport.

The video surveillance was uploaded to Evidence.com on 4/9/2024. The DVD containing the video surveillance was booked into evidence at the CID Property Room under Item# MC3.

St Alphonsus Hospital - 1055 N Curtis Rd Boise:

On the date of the incident, 3/20/2024, Sergeant T Del Rio provided me with surveillance footage from St Alphonsus Hospital that had captured Skylar W Meade's escape, and the shooting of the IDOC officers within the parking lot. As the investigation evolved, I contacted [redacted] and requested additional footage that had captured the St Alphonsus Hospital campus from the time Skylar was transported to the hospital, up until Boise PD officers had arrived and render the scene safe. The first two sets of footage was initially reviewed by MPD Detective S Hansen (see supplement). On 4/1/2024, [redacted] provided me with a final copy of the footage that encompassed the incident from the time Skylar arrived, up until the scene was made safe by responding officers. While reviewing the footage, I learned that the cameras are motion activated. This explains the gaps in footage. I also learned that there was no audio captured on the surveillance footage.

The following timeline is captured on several different cameras. After each timeline entry, I have listed which camera(s) captured the documented footage. All times are approximate.

3/19/2024 at 9:29:58 PM through 3/20/2024 at 2:22:36 AM.

3/19/2024:

9:52:47 PM: Ada County Paramedics arrive at the hospital by way of the main entrance on N Curtis Rd. Upon their arrival, the emergency lights on the ambulance are activated and they are being following by the white IDOC prisoner transport van. (Rooftop PTZ)

9:53:19 PM: The IDOC prisoner transport van parks within the law enforcement parking located on the north side of the ED ambulance bay. The van is oriented to the west. The ambulance transporting Skylar pulls into the ED ambulance bay. (ED Ambulance Parking and ED Ambulance Parking East)

9:54:37 PM: The Ada County Paramedics, and the IDOC officers escort Skylar into the Emergency Department. Skylar is seated on a gurney at this time. (ED Ambulance Parking and ED Ambulance Parking East)

9:55:05 PM: Skylar is wheeled into the Emergency Department. Skylar is wearing a white colored t-shirt, black shorts with what appears to be a Nike swoosh, and white colored Nike shoes. There is a significant amount of blood on Skylar's t-shirt. Skylar's wrist restraints are visible as he is being wheeled into the hospital and eventually wheeled into the trauma room. Ofc Wilskie, Ofc Jackson, and Ofc Lopez join Skylar within the trauma room. (Ambulance Door Interior, and Main Nurse Station)

9:59:54 PM: A vehicle that appears to be Tia J Garcia's gray colored 2020 Honda Civic arrives at the hospital by way of the main entrance on N Curtis Rd. The Honda pulls into the parking lot located on the east side of the campus and ultimately backs into a parking stall. From the location of the parking stall, the driver would have visual on the ED ambulance bay, and the parking stalls where the IDOC prisoner transport van is located. No one ever exits the vehicle and the headlight and taillights are turned off. (Rooftop PTZ)

10:09:10 PM: The headlights and the taillights on the Honda Civic are turned on. The vehicle exits the parking lot and proceeds to travel north through the campus. The vehicle leaves the footage. (Rooftop PTZ)

10:10:14 PM: The Honda Civic is captured pulling into a small parking lot located on the north side of the campus. The vehicle backs into a parking stall. The headlights on the vehicle turn off. From the location of the parking stall, the driver would be able to see the ED ambulance bay, and the parking stalls where the IDOC prisoner transport van is located. (Door N2 Ambulance)

10:12:45 PM: The headlights on the Honda Civic are activated. (Door N2 Ambulance)

10:14:03 PM: The headlights on the Honda Civic are turned off. (Door N2 Ambulance)

10:15:51 PM: The headlights on the Honda Civic are activated. (Door N2 Ambulance)

10:16:14 PM: The Honda Civic pulls out of the parking lot and travels east through the campus. The vehicle leaves the footage. (Door N2 Ambulance)

10:17:06 PM: The Honda Civic continues traveling east through the campus and turns north on to N Curtis Rd from the main entrance. (Rooftop PTZ)

10:26:13 PM: The ambulance that had transported Skylar to the hospital leaves the ED ambulance bay. (ED Ambulance Parking)

10:40:36 PM: The Honda Civic is captured returning to the hospital. It is captured entering the campus via the main entrance on N Curtis Rd. The vehicle pulls into a small parking lot located on the north side of the campus. (Rooftop PTZ)

10:42:22 PM: The Honda Civic is captured leaving the parking lot and then traveling west through the campus. The vehicle leaves the footage. (Rooftop PTZ)

10:43:04 PM: The Honda Civic pulls into another parking lot located on the north side of the campus. The vehicle remains within the parking lot and repositions several times before exiting the parking lot and

traveling back east through the campus. (Door N2 Ambulance)

10:44:56 PM: The Honda Civic travels east through the campus and then south before eventually pulling into the parking lot located on the east side. The vehicle backs into a parking stall. From the location of the parking stall, the driver would be able to see the ED ambulance bay, and the parking stalls where the IDOC prisoner transport van is located. (Rooftop PTZ)

11:05:03 PM: The Honda Civic leaves the east parking lot, travels north through the campus, and proceeds to pull into a small parking lot located just on the north side of the IDOC prisoner transport van. The vehicle backs into a parking stall within this parking lot. The headlights and the taillights on the vehicle are turned off. (Rooftop PTZ and ED Ambulance Parking East)

11:11:05 PM: The Honda Civic leaves the parking lot and travels north into another parking lot. The vehicle circles this parking lot and ultimately returns to the small parking lot located just north of the IDOC prisoner transport van. While driving, the taillights on the vehicle are turned off, but the headlights are turned on. The vehicle parks within the parking lot and is oriented to the south. The vehicle is positioned in a way that would allow the driver to have visual of the ED ambulance bay and the IDOC prisoner transport van. The headlights on the vehicle remain on. (Door N2 Ambulance, Rooftop PTZ, Ambulance Parking East)

11:48:39 PM: The Honda Civic has not moved from the parking lot located just north of the IDOC prisoner transport van. A door on the driver's side of the vehicle opens, and a person steps out. The individual appears to be accessing the interior of the vehicle from the driver's side. (ED Ambulance Parking East and Rooftop PTZ)

11:49:53 PM: The individual returns to the vehicle through a driver side door. When the driver returns, the interior lights of the vehicle appear to be illuminated. Other than the driver, there does not appear to be any other occupants within the vehicle. (ED Ambulance Parking East and Rooftop PTZ)

3/20/2024:

12:17:16 AM: The vehicle repositions by reversing within the same parking lot. The new position would still allow the driver to have visual of the ED ambulance bay and the IDOC prisoner transport van. (ED Ambulance Parking East and Rooftop PTZ)

12:38:33 AM: The vehicle repositions within the same parking lot by moving closer to the IDOC prisoner transport van. The vehicle is still oriented to the south and is positioned in a way that would allow the driver to have visual of the ED ambulance bay and the IDOC prisoner transport van. The headlights on the vehicle turn off at approximately this time. (ED Ambulance Parking East and Rooftop PTZ)

1:31:15 AM: A Boise PD patrol vehicle arrives and parks directly behind the IDOC prisoner transport van. Two officers, and what appears to be an arrestee, exit the patrol vehicle and enter into the Emergency Department through ambulance bay doors. The Honda Civic is still parked within the parking lot located just to the north of the IDOC prisoner transport van. (ED Ambulance Parking East)

1:55:44 AM: The Boise PD patrol officers and the arrestee exit the ED and return to the patrol vehicle. The Honda Civic is still parked within the parking lot located just to the north of the IDOC prisoner transport van. (ED Ambulance Parking East)

2:11:45 AM: An Acute Rescue and Transport van pulls into the ED ambulance bays. The driver wheels a wheelchair into the hospital. This is the same transport van that is damaged during the shooting. The Honda Civic is still parked within the parking lot located just to the north of the IDOC prisoner transport van. (ED Ambulance Parking East)

2:13:19 AM: Skylar is escorted out of an Emergency Department hospital room, through the ED, and through the ED doors that lead into the ED ambulance bay. At the time he is being escorted by IDOC Ofc C Wilskie, Skylar is walking, but he is no longer wearing a shirt. Skylar is wearing loose fitting restraints around his legs and wrists restraints that are attached to a waist chain. Skylar is still wearing the white colored shoes with a black colored Nike swoosh on the sides. (Main Nurse Station and Ambulance Door Interior)

2:13:45 AM: Skylar is escorted out of the Emergency Department and into the ED ambulance bay. Ofc Wilskie appears to be holding Skylar's right arm as the two of them walk toward the parked IDOC prisoner transport van. Ofc Jackson and Ofc Lopez follow close behind. The Honda Civic is still parked within the parking lot located just to the north of the IDOC prisoner transport van (ED Ambulance Parking East and ED Ambulance Parking)

2:14:02 AM: Ofc Wilskie escorts Skylar to the passenger side of the van by walking around the front of the van. Ofc Jackson follows the two. At this point, Ofc Wilskie, Ofc Jackson, and Skylar are obstructed by the van. Ofc Lopez re-emerges as he walks around the back of the van and appears to be unlock the driver's door. (ED Ambulance Parking East)

2:14:24 AM: An individual, now believed to be Nicholas D Umphenour, exits the Honda Civic from the driver's door. As Nicholas steps out of the vehicle, Skylar, Ofc Wilskie, and Ofc Jackson are now on the passenger side of the van and obstructed from the camera's view. Ofc Lopez returns to the driver's side of the van, and is in the process of opening the driver's door. Due to the distance, Nicholas cannot be positively identified on the footage. The shooter appears to be a skinny adult male wearing dark clothing. (ED Ambulance Parking East)

2:14:48 AM: After opening the driver's door, Ofc Lopez joins Skylar, Ofc Wilskie, and Ofc Jackson on the

passenger side of the van. Nicholas slowly leaves the area of the Honda Civic and walks toward the officers and Skylar. (ED Ambulance Parking East)

2:15:00 AM: The officers and Skylar are located on the passenger side of the van. Nicholas is in close proximity to the group and can be seen moving behind them near the front of the van. Nicholas has his arms extended out in front of him in what I would describe as a "shooting stance." He appears to be pointing an object at the passenger side of the van. Nicholas' movements and the way he is holding the object is consistent with him holding and firing a handgun. As this is occurring, Ofc Lopez ducks and runs around the front of the van. As Ofc Lopez flees the immediate area and appears to be running away from Nicholas, Nicholas points the firearm in the direction of Ofc Lopez. As Nicholas is pointing the firearm at Ofc Lopez, the front driver side window of the Acute Rescue transport van, which is located in the line of fire, appears to shatter. As the window shatters, Ofc Lopez also falls to the ground. Nicholas then quickly diverts his attention back to the passenger side of the van and once again points the gun in the same direction. Ofc Wilskie flees from the area where Nicholas is pointing the firearm and runs around the rear of the van. As he is running, it appears that Ofc Wilskie is attempting to dodge something, presumably gunfire. (ED Ambulance Parking East and ED Ambulance Parking)

2:15:08 AM: Nicholas and Skylar run to the Honda Civic, which is still parked within the nearby parking lot. Skylar enters the vehicle through the passenger side, and Nicholas enters through the driver's door. The vehicle flees the parking lot to the west with headlights, but no taillights. (ED Ambulance Parking East)

2:15:27 AM: The Honda Civic is captured traveling west through the campus. The vehicle is traveling west within an eastbound lane. The headlights on the vehicle are on, but it appears that the taillights are still off. (NT1 Door N2 Ambulance)

2:15:30 AM: Ofc Wilskie, while holding a pistol in his right hand, drags Ofc Lopez on his back through the ambulance bays and into the Emergency Department. As Ofc Lopez is being dragged into the hospital, a trail of blood is being left behind on the concrete and the floor of the Emergency Department. Once inside, Ofc Lopez is placed on a hospital bed and moved to the trauma room. (ED Ambulance Parking East, ED Ambulance Parking, Ambulance Door Interior, and Main Nurse Station)

2:16:10 AM: The Honda Civic is captured traveling south towards W Emerald St, on the west side of the campus. As the vehicle is fleeing, the headlights are turned on, but it appears that the taillights are still turned off. (Life Flight Back Pad)

2:16:42 AM: Ofc Jackson emerges from the passenger side of IDOC prisoner transport van and slowly walks toward the Emergency Department doors. Prior to entering the hospital, Ofc Jackson removes, and drops his duty belt within the ambulance bay. Ofc Jackson appears to be in pain and is grasping the area of his abdomen. Once inside the hospital, Ofc Jackson walks into the trauma room. (ED Ambulance

Parking East, ED Ambulance Parking, Ambulance Door Interior, and Main Nurse Station)

2:20:40 AM: Several officers from the Boise Police Department arrive on scene. For further, please refer the CITF investigation being conducted by the Ada County Sheriff's Office.

Based on the footage, Skylar was being treated at St Alphonsus Hospital for just over 4 hours. During the majority of this time, a vehicle, believed to be Tia's 2020 Honda Civic is observed waiting within close proximity to the IDOC prisoner transport van and the ambulance bays. It's abundantly obvious that the driver/shooter, who is believed to be Nicholas, was lying in wait for Skylar to be escorted back outside to the IDOC prisoner transport van. It is not until the IDOC officers are attempting to load Skylar into the van that Nicholas exits the Honda Civic and ambushes the officers with gunfire. Immediately after shooting the officers, Nicholas and Skylar run to the Honda Civic and flee the area. Based on the video surveillance, Skylar's escape from custody and the shooting of the officers appears to have been planned then well executed.

All of the above mentioned surveillance footage was downloaded to Evidence.com on 4/9/2024. The thumb drive containing this footage was booked into evidence at the CID Property Room under Item# MC2. The two thumb drives obtained by Sgt T Del Rio on 3/20/2024 during the initial stages of the investigation were booked into evidence at the CID Property Room under Item# MC2.a. These two thumb drives only contain portions of the incident. The encrypted password for these thumb drives is Security# 24.

Officer K Sandoval and Offcier E Scanlan's OBV (On Body Video):

While reviewing the St Alphonsus Hospital surveillance footage, I observed a Boise Police patrol vehicle transport an arrestee to the hospital on 3/20/2024. The patrol vehicle arrived at approximately 0131 hours and remained there until approximately 0155 hours. The patrol vehicle was occupied by two officers, Ofc K Sandoval and Ofc E Scanlan. Upon arriving at the hospital, Ofc Scanlan parked the patrol vehicle directly behind the IDOC prisoner transport van that was parked just outside the Emergency Department. While the officers are at the hospital, the gray colored vehicle, that appears to be Tia's 2020 Honda Civic, is parked within the parking lot just to the north of the Emergency Department.

I reviewed both Ofc K Sandoval and Ofc E Scanlan's OBV when they arrived at and left the hospital. While escorting the arrestee to and from their patrol vehicle, Ofc Sandoval and Ofc Scanlan's OBV captures the Honda Civic waiting within the nearby parking lot. Due to the distance, the license plate on the vehicle cannot be seen, nor can any occupants.

The OBV footage was originally uploaded under DR 24-404132. However, it has also been added as evidence under this DR.

Narrative

SEARCH WARRANTS:

On 4/2/2024, I obtained a search warrant to forensically extract the data from the following phones:

- Tia J Garcia's black colored Apple iPhone (Item# AH1).
- Tia J Garcia's black colored Samsung (Item# AH2).
- The broken, black colored Apple iPhone found within the roadway at Highway 55 and Dry Creek Rd, Boise (Item# MC1).

On 4/3/2024, I executed the warrant by delivering the three phones to Detective R Durbin at IWRCFL. The IWRCFL Evidence Intake Receipt was uploaded to ITS.

On 4/10/2024, Det Durbin returned all three phones to me. Tia's Samsung (Item# AH2) was successfully extracted. Tia's Apple iPhone (Item# AH1) and the Apple iPhone found within Highway 55 (Item# MC1) could not be extracted, as the phones are not currently supported by the extraction software.

I booked Tia's Samsung and Apple iPhone into evidence at the CID Property Room. I also booked the Samsung's Digital Archive (Item# AH2.a) and the Digital Report (Item# AH2.b) into evidence at the CID Property Room. Det Durbin's Report of Examination and the IWRCFL Checkout Evidence Receipt were uploaded to ITS.

On 4/10/2024, before leaving Det Durbin's office, I re-submitted the Apple iPhone found within Highway 55 (Item# MC1) and requested that it be repaired. I uploaded the IWRCFL Evidence Intake Receipt to ITS.

On 4/11/2024, Detective T Ni was provided with a copy of Tia's Samsung extraction.

Narrative

ASSIGNMENT:

On 3/20/2024 at approximately 0300 hours, I was contacted at home by Sergeant J Kendall. I was told that an Idaho Department of Correction's (IDOC) inmate had escaped from St Alphonsus Hospital. During the escape, the IDOC officers escorting the inmate had been shot by an unknown accomplice. Both the escaped inmate and the accomplice had fled the area and their current location was unknown. I also learned that another IDOC officer had potentially been shot by a Boise Police officer that had responded to the incident. Sgt J Kendall tasked me with notifying the other detectives within the Violent Crimes Unit and then instructed me to respond to the command post at St Alphonsus Hospital.

ST ALPHONSUS HOSPITAL:

Upon my arrival at the hospital, I was briefed on the incident. I learned that the escapee had been identified as Skylar W Meade (DOB [redacted] I learned that Skylar is a high ranking Aryan Knight gang member at the prison. Ada County Paramedics had transported Skylar to Saint Alphonsus Hospital after he had reported self inflicted injuries to IDOC staff members. After being treated, Skylar was discharged and escorted out the Emergency Department doors by the three IDOC officers. While being escorted by the three IDOC officers, they were approached by an unknown male and shot. Skylar and the unknown male then fled the area. I learned that two of the three officers had been shot by the unknown male during the escape. One of the shot officers was being treated within the Emergency Department and the other was currently in surgery. The third IDOC officer, who appeared to have been shot by a responding BPD officer was receiving treatment within the Emergency Department. During the brief, I learned that

the shooting of the IDOC officers had been captured on video surveillance and a suspect vehicle was potentially identified as being a dark grey colored, newer model, Honda Civic. The license plate could not be identified on the video footage, and the vehicle was last seen fleeing south toward W Emerald St on the west side of the St Alphonsus Hospital campus. A description of the suspect vehicle was broadcasted to surrounding law enforcement agencies.

The Emergency Department's ambulance bay, and the parking area to the north was taped off with crime scene tape. A portion of the Emergency Department, specifically the area located on the north side of main nursing station was also taped off with crime scene tape. Detective C Wirshing and I briefly made contact with two of the three injured IDOC officers. During the interviews, medical staff were in and out of the rooms, as was IDOC Chief of Staff, C Starr.

IDOC officers:

Cpl Christopher R Wilske
Officer Daniel O Lopez
Officer Elijah D Jackson

VICTIM INTERVIEW - Christopher R Wilske:

At the time of our interview, Christopher was being treated within room #27. While speaking to him, I observed Christopher to have small lacerations and other superficial injuries to his face.

Christopher detailed that he, and two other IDOC officers had escorted Skylar to St Alphonsus Hospital after he had swallowed 5 razor blades and a "bunch" of KOP (keep on person) medications that did not belong to him. He told me that they were heart medications, blood medications, and fiber supplements. Skylar had been found in his cell unresponsive and the medical staff at the facility determined that he needed to be transported by an ambulance. He explained that Ada County Paramedics responded and Skylar was loaded into the ambulance. Christopher and Ofc E Jackson (Elijah) rode with Ada County Paramedics and Ofc D Lopez (Daniel) followed behind in the prison transport van. Christopher did tell me that they had sent three guards for the transport because this was very uncharacteristic of Skylar, and he was not aware of any other times when Skylar had purposely inflicted injury to himself.

When they arrived at the hospital, it was learned that Skylar did not have any razor blades "in his system." After starting lab work, Skylar decided that he no longer wanted to be at the hospital. Skylar requested to refuse treatment and he filled out a waiver. Skylar was then escorted out of the hospital. While loading him into the open passenger side door of the van, and standing between the railing and the van, Christopher noticed that Skylar was looking around. Skylar stated, "oh there it is" and when Christopher inquired, Skylar stated, "oh it's just a shackle down here." Skylar proceeded to position himself between the van and Christopher, which Christopher now believes that Skylar was using him as a

shield. Christopher then heard a gunshot. When Christopher looked over his right shoulder, he observed a "man" armed with a dark colored pistol firing rounds. Christopher said that Ofc Jackson and Ofc Lopez were struck by the gunfire. Christopher went to Ofc Lopez, who was located on the far side of the van from the shooter, grabbed his weapon and tried to locate the threat. Christopher ultimately dragged Ofc Lopez into the hospital, and at that moment, he believed Ofc Jackson had been murdered. Once Christopher was in the hospital with Ofc Lopez, he observed Ofc Jackson get up and come inside the hospital. Christopher explained that during the initial shooting, he was not struck by the gunfire and at no point during the incident did he fire a weapon.

After entering into the hospital, Christopher and another armed IDOC officer that was watching another prisoner, were watching the doors to make sure nobody could get inside. It was at this point that Christopher was shot in the face. He explained that when he was shot, he was on the phone with lieutenant, and he did not know where the shot came from. While on the phone with his lieutenant, Christopher was explaining what had just occurred.

Christopher told me that he did not see where Skylar and the gunman had retreated to, nor did he see the car that they fled in. Christopher did not hear Skylar or the shooter say anything during the shooting. However, earlier in the day, Skylar had told Christopher, "all I have to say for you is good luck." According to Christopher, Skylar was "drugged up" in the ambulance and he was saying some weird/random things. Christopher had confirmed that Skylar was restrained with leg restraints, and a waist chain with hand restraints attached to it at the time of the shooting.

I asked Christopher to provide me with a description of the shooter. The only feature about the shooter that Christopher recalled was "maybe" a dark colored beard. He thought that the shooter may be "white," but he would not "swear to it." He thought the shooter may have been wearing a dark colored cap and maybe a maroon colored jacket. However, Christopher was not certain.

I asked if Skylar had access to a phone while being treated at the hospital. Christopher said he never saw Skylar with a phone, and that he was being monitored at all times. However, he did acknowledge that Skylar has been found several times in that past weeks with cell phones. However, Christopher did not have any specifics on this.

The audio of this interview was uploaded to Evidence.com.

VICTIM INTERVIEW - Daniel O Lopez:

At the time of our interview, Daniel was being treated within room #29. While speaking to him, Daniel expressed great concern for his family. He was concerned that Skylar and the shooter were on the run.

Daniel confirmed that there was a total of three IDOC officers used for the escort, and this was because of who Skylar is, a high ranking member of STG. Daniel was the only officer armed with a firearm during the escort. While exiting the hospital with Skylar, Daniel went around the rear of the prison transport van to unlock the rear passenger door. He then went back around the rear and around the front of the van to unlock the front passenger door for Ofc Jackson. While accessing the front passenger door, Daniel heard what sounded like a 5.56 or a high caliber gunshot. He said that it sounded like the gunshots were close, and it sounded like they were coming from behind. He felt impact to his left quad and then his left shoulder. Daniel drew his firearm, but he never fired a round. Cpl Wilske proceeded to drag Daniel into the hospital. During the shooting, Daniel heard a total of 6 gunshots.

Daniel said that Skylar is "fucking dangerous" and a high ranking member of the Aryan Knights. According Daniel, Skylar has alliances with some "Surenos" at the prison, one of them being a male named "[redacted]." In the hospital, Skylar told Daniel that he was upset with him because of a previous cell extraction. Daniel was not part of the extraction, but Skylar thought that he had been. He recalled Skylar stating, "fuck that guy" in reference to Daniel. Daniel also confirmed that Skylar had been restrained with leg restraints, and hand restraints attached to a chain that was wrapped around his waist. Daniel said that during the escort, Skylar did not have access to a phone and he would have had no way to contact anyone outside of the prison. However, he has been known to have phones within the prison. Daniel confirmed that there were two officers in the room with Skylar at all times while at the hospital. Daniel said that if this was planned, it would have had happened before leaving the prison. Daniel stated that this would have been easy to do within the prison.

Daniel never saw the person that had shot him, nor did he see a vehicle associated with the shooter. He also did not hear Skylar or the shooter say anything during the incident. He only recalled hearing Ofc Jackson screaming in "agony."

The audio of this interview was uploaded to Evidence.com.

INVESTIGATION:

The following is a summary of the initial investigation and how Tia J Garcia and Nicholas D Umphenour were identified as suspects in Skylar W Meade's escape. For specific details about the investigation, refer to the listed investigator's supplements.

Shortly after completing the interviews with the involved IDOC officer, I learned that a deputy with the Twin Falls County Sheriff's Office had contacted Ada County Dispatch. The deputy reported that the Twin Falls Police Department had just investigated the report (24-1281) of a stolen gray colored 2020 Honda Civic (Idaho - [redacted] The reported stolen vehicle appeared to match the description of the suspect observed on St Alphonsus Hospital's video surveillance. In addition to the similar vehicle description, it was reported that the vehicle's owner/reporting party, Tia J Garcia, was nervous and the details of the

theft seemed suspicious (see Sgt Miles' and MPD Detective S Hanson's supplement for further). Although it was unknown if Tia's Honda was in fact the suspect vehicle, due to the circumstances behind the report, Detective C Roath and Detective J Shofner traveled to Twin Falls, Idaho to interview Tia (see below).

While Det Roath and Det Shofner were traveling to Twin Falls, ID, a command post for the investigation was established at the Boise Police Department. At the command post were investigators from law enforcement agencies across the Treasure Valley. These investigators assisted with gathering intelligence and screening tips from the community that would ultimately aid in locating/arresting Skylar, and identifying/arresting the suspect that had shot the IDOC officers during Skylar's escape. The following agencies assisted in the investigation:

Garden City Police Department: DR 24-520
Ada County Sheriff's Office: DR 24-2494
Meridian Police Department: DR 24-1796
Idaho State Police: M24-000053, D24-000016
Federal Bureau of Investigation: 26A-SU-3898484
Twin Falls Police Department: 24-1281
Twin Falls County Sheriff's Office: 24-407
Idaho Department of Corrections: DR 404133

During the initial phases of the investigation, several hours were spent trying to identify known associates of Skylar, and any that could have assisted with his escape and the shooting of the IDOC officer. With the assistance of Det Roath, Det Shofner and several agencies that had been assisting them within Twin Falls, it was learned that Tia's 2020 Honda Civic (Idaho - [redacted] was likely the vehicle used during Skylar's escape. During their investigation, Det Roath and Det Shofner interviewed Tia and an informer. It was learned that the informer had recently been in communication with Skylar. Skylar had messaged and called the informer from a cell phone from within the prison. The informer confirmed that Skylar had requested that [redacted] travel to Boise and pick up a male unknown to her from the Boise Airport. The informer only knew the male as "Moose." The informer was ultimately unable to pick up "Moose" from the airport, but did provide a picture of "Moose" that he had sent [redacted] via text message. Tia confirmed that she had reported her 2020 Honda Civic as stolen, and that the suspect vehicle captured within the St Alphonsus Hospital surveillance footage looked like her vehicle. Tia also admitted to being friends with Skylar and knowing a male with the nickname of "Moose." Tia never admitted to having knowledge about Meade's escape and the shooting, and denied being present in Boise when the incident had occurred. However, it was very apparent to Det Roath that Tia was not being honest, and that she knew more about the incident that she was willing to admit. Tia expressed concerns about there being "AK" members in the community and she told Det Roath that she could not speak about "it." During the interview, Tia referenced that "they" knew where her children lived, and expressed concerns about being killed.

With the assistance of IDOC SIU Investigators J Adams and M Sato, we were able to associate the name "Moose" with a former inmate named Nicholas D Umphenour. It was learned that Nicholas and Skylar were known to one another and that in February of this year, a search of Skylar's cell revealed a photograph of Nicholas. The back of the photograph was signed "Nicholas Umphenour #113905" and "Moose". A search of JPay, a web based serviced used by the public and inmates to communicate with one another, revealed that Nicholas had recently listed [redacted] as his phone number.

Tia is currently on felony supervision (Ofc N Liles - IDOC, District V Probation and Parole). At the time of her interview with Det Roath and Det Shofner, Tia was in possession of two cell phones, a black colored Samsung Galaxy ([redacted]) and a black colored Apple iPhone ([redacted] Both of Tia's phones were seized and forensically extracted at the Twin Falls Police Department. The extractions showed that Tia's Apple iPhone ([redacted] had recently been in communication with [redacted] the phone number now known to be associated with Nicholas. Detective T Ni examined the extraction and observed a message sent from the [redacted] phone number to Tia's phone. The message read, "*Hey two things, for any reason something happens and I'm seen, if you get up tomorrow and I leave a message to report it stolen, u fucking do it. Don't call me, don't hesitate, don't wait, do it!!!"* This message was received on Tia's phone on 3/19/2024 at 1745 hours, less than 12 hours before the shooting/escape, and Tia reporting the Honda Civic as stolen. In addition to this connection between Tia and Nicholas, Tia is required to wear an ankle monitor that records GPS coordinates. The ankle monitor showed that Tia had made a trip to Boise on 3/17/2024. While in Boise, Tia's location was consistent with her being in the general area of the Boise Airport at approximately 1433 hours. 3/17/2024 is the date that Nicholas was supposed to be picked up from the Boise Airport. After Tia's phones were forensically extracted, they were returned to her possession and she was released. At that time in the investigation, it was believed that returning the phones to Tia could potentially aid in locating Skylar.

Lieutenant D Hunsaker confirmed that Nicholas had in fact traveled to Boise on 3/17/2024. It was learned that on that date, Nicholas had flown from Orlando, FL to Denver, CO on United Flight 1392. Nicholas then flew from Denver to Boise on United Flight 1125. Lt Hunsaker obtained video footage of Nicholas arriving at the airport. Based on the footage, it appeared that Nicholas arrives at the Boise Airport on 3/17/2024 at approximately 1326 hours. With the assistance of Ofc C Burch, Ofc T Stokes, and ISP Detective A Weinstein, Nicholas is captured walking away from the Boise Airport and ultimately meeting up with Tia at the Jacksons Food Store located at 3200 S Vista Ave, and the adjacent Ramada hotel at 3300 S Vista Ave. It was learned that Nicholas, who as accompanied by Tia, then checked into the Ramada hotel on that date. During the check-in process, Nicholas provided his Idaho driver's license (Idaho - [redacted]) and his phone number, [redacted] During this time period, Tia and Nicholas are captured entering/exiting a gray colored Honda passenger car that appears to be Tia's gray colored 2020 Honda Civic. Within the video surveillance footage, Nicholas is wearing a dark colored hat, and has a dark beard. Nicholas' appearance at that time is consistent with IDOC Ofc Wilskie's general description of the shooter.

Due to the circumstances associated with the escape and immediate threat of death or serious bodily injury to persons that may encounter Skylar and his unknown accomplice at that time, FBI Special Agent N Ballance requested and received exigent location records for phones that were in the vicinity of St Alphonsus Hospital during the time of the shooting and escape. While reviewing the records, the [redacted] phone number, which was now known to be associated with Nicholas, was identified as being in the vicinity of the hospital at the time of the shooting and escape. FBI Special Agent Ballance requested and received exigent location records from Verizon Wireless associated with the [redacted] phone. Those records were evaluated by a member of the FBI's Cellular Analysis Survey Team ("CAST"), a group within the FBI with special training in evaluating call detail records to determine the general location of a cellular phone. The location of the [redacted] phone was consistent with arriving at the St Alphonsus Hospital prior to the shooting/escape, being at St Alphonsus Hospital at the time of the shooting/escape, and then fleeing St Alphonsus Hospital after the shooting/escape had occurred. This was corroborated by St Alphonsus Hospital's video footage that captured the suspect vehicle arriving at the hospital, the shooting of the IDOC officers, and the suspect vehicle fleeing with Skylar. The same records also provided a possible direction of travel away from the hospital. After the shooting had occurred, the location of the [redacted] phone was consistent with the device traveling north and west through Boise and Garden City, and then north on Highway 55. Portions of this travel was corroborated by video surveillance footage obtained by a team of investigators. This team included Detective S Sonnenberg, Detective B Jones, Detective J Cromwell, Detective D Burgard, and GCPD Detective A Rosen. On 3/20/2024 at approximately 0230 hours, the phone was still active on the Verizon Wireless network. However, the location records indicated that the phone had not moved from an area consistent with the device being in close proximity to the intersection of Highway 55 and Dry Creek Rd, Boise. Later that same date, ISP Det Weinstein recovered a damaged and inoperable black colored Apple iPhone within the Highway 55 and Dry Creek Rd intersection. After obtaining a search warrant for the phone, it was later confirmed that Nicholas' phone number, [redacted] is in fact associated with the SIM card contained within the phone.

Based on the investigation up to this point, a warrant for Nicholas arrest was obtained. At that time, IDOC has already obtained a fugitive warrant for Skyar's arrest.

While the incident scene was being processed by the Boise Police Department's Crime Lab, a cigar tip was recovered from within the parking lot located just north of St Alphonsus Hospital's ambulance parking bays. Based on St Alphonsus Hospital's video surveillance, it appeared that the cigar tip/butt was found in close proximity to where the suspect vehicle had once been parked at the time of the shooting and the escape. The cigar tip was collected as evidence and immediately submitted to Idaho State Police Forensic Services for expedited analysis. A search of the state DNA Index System identified a high stringency match between the DNA profile obtained from the cigar tip, and a known sample, which was said to have been collected by Nicholas. This match was reported to me on 3/21/2024 at approximately 0003 hours.

On 3/21/2024, it was learned that Tia's 2020 Honda Civic (ID - [redacted] was found abandoned on a farm access road within rural Nez Perce County, Idaho. The vehicle was seized as evidence by the Idaho State Police. On the same date, Idaho State Police advised that they were conducting two separate homicide investigations in northern Idaho. One homicide had occurred in Nez Perce County, and the other had occurred in Clearwater County, Idaho. It was believed that Nicholas and Skylar may be involved with both homicides. During investigation of the two homicides, it was believed that Skylar and Nicholas were now in possession of a silver colored 2019 Chrysler Pacifica van (ID - [redacted]).

With FBI Special Agent N Ballance and the FBI CAST Team's assistance, it was believed that during the evening hours of 3/20/2024, Skylar and Nicholas had fled northern Idaho and traveled into western Montana. As the investigation continued on 3/21/2024, and with the assistance of FBI Special Agent N Ballance, it was learned that Skylar and Nicholas likely traveled back into Idaho, and were now located within Twin Falls County. On 3/21/2024, at approximately 1403 hours, both Skylar and Nicholas were taken into custody in Twin Falls, Idaho. At the time of their arrest, Nicholas was driving the 2019 Chrysler Pacifica and Skylar was the passenger of gray colored 2001 Chevrolet Silverado (ID - [redacted]). A female by the name of Tonia D Huber was driving the Chevrolet Silverado. Both the Chrysler Pacifica and the Chevrolet Silverado were seized as evidence, as were several items that were observed being thrown from the vehicles.

After their arrests, Det Roath and I traveled to Twin Falls, Idaho. Det Roath and ISP Detective J Christensen interviewed both Skylar and Nicholas. See Det Roath and Det Christensen's supplements for further. While listening to Nicholas' interview, I learned that he was currently dating a female by the name of [redacted] Nicholas had provided [redacted] phone number, [redacted]. I called [redacted] from the Twin Falls County Sheriff's Office.

PERSON WITH KNOWLEDGE - [redacted]

[redacted] answered the phone and I identified myself. Without explaining why I was contacting her, [redacted] confirmed that she knew why I was contacting her and that she had seen the news. At the time of our conversation, [redacted] was traveling home to Palmdale, CA from San Diego, CA. She had been celebrating her birthday with her mother and son in San Diego since Tuesday, 3/19/2024. I told [redacted] that Nicholas was currently in custody and that he had provided us with her phone number. I learned that [redacted] and Nicholas had met "online" approximately 1 year ago. She explained that at the time, Nicholas had been incarcerated and she first contacted him through JPay. [redacted] told me that after Nicholas' release from prison, he had visited her in California on two separate occasions. Nicholas last visited her in California approximately 1 month ago. [redacted] has never been to Idaho to visit Nicholas.

[redacted] told me that she last spoke to [redacted] a "couple weeks ago," but then quickly explained that he "reached out" to her today when he was "apprehended." [redacted] was vague about this, but she told me

that when she answered the phone, Nicholas told her, "I love you" and "I'm getting arrested." Later in the interview, [redacted] told me that Nicholas apologized to her, because he knew that she had seen the news. [redacted] was adamant that Nicholas did not tell her anything specific about the incident. [redacted] then contacted Nicholas' mother, after he had instructed her to do so. She claimed to not know what phone number Nicholas had called her from. When I questioned her further about this, she told me that it she clears her call log and that it was probably a blocked number. By the time Nicholas had called her, [redacted] was already aware of what had occurred because she had learned about his involvement in the news. [redacted] claimed that Nicholas did not tell her anything about Skylar's escape or the shooting. She told me that Nicholas did not want to involve her. She also told me that she did not want to be involved in this incident. I asked [redacted] how she had heard about the incident. She told me that she had not heard from Nicholas and she began searching for anything online. She also heard from Nicholas' sister, who had asked [redacted] if she had seen the news. While speaking to Nicholas' mother and sister, it was suggested that Nicholas must have "owed these people something." They thought it was a "debt" that Nicholas had to pay. [redacted] knew that Nicholas was affiliated with the Aryan Knight prison gang, but she claimed to have no idea why Nicholas would do this.

When I clarified with [redacted] about when she had spoken to Nicholas prior to him being arrested, she told me that she had spoken to him "like" a week ago. At that time, Nicholas was in Florida. [redacted] confirmed that Nicholas is originally from Idaho, but he does have family in Florida. [redacted] claimed that she did not know where Nicholas was during the last few days and she assumed that he was still in Florida. [redacted] actually had flight reservations to fly to Orlando, FL on Wednesday (3/27/2024). [redacted] did not know that Nicholas had plans to travel to Idaho, nor did she know the specifics as to why he traveled there.

I asked [redacted] about Skylar. She told me that she has heard of Skylar through Nicholas. She claimed to not know much about Skylar, but she did know that Skylar was a friend of Nicholas and she recalled that the two were incarcerated together. [redacted] also claimed to not know why Nicholas would help Skylar escape from prison. [redacted] actually laughed when I inquired about this, and she claimed to be confused about why Nicholas would do this. I asked if Nicholas owed Skylar any favors and once again, [redacted] claimed to have no knowledge of what had happened, or any planning that had led up to the escape. She told me, "what the heck," as she was supposed to see Nicholas next week. I asked [redacted] if she has recently spoke to Skylar and she told me no. She told me that she has never spoken to Skylar, nor has she ever spoken to his family.

I asked [redacted] if Nicholas was seeing any other females, and she told me, "I hope not." However, she did tell me that she would have no idea if Nicholas was in fact dating other women. I asked [redacted] if the name "Tia" had ever surfaced. [redacted] told me no.

[redacted] informed me that Nicholas does have family in northern Idaho. She told me that Nicholas had once had a Face Time conversation with Nicholas, and he had introduced her to his grandparents.

[redacted] could not recall the names of Nicholas' grandparents. I asked about Gerald Henderson, who was one of the homicide victims being investigated by the Idaho State Police. [redacted] seemed confused when I asked about this person and claimed to have no idea who he was.

I asked [redacted] for the phone number she has in her phone for Nicholas. She told me that the only phone number she has for Nicholas is [redacted] This is the same phone number that investigators had identified as being associated with Nicholas.

SUSPECT INTERVIEW - Nicholas D Umphenour:

On 3/27/2024, I learned that Nicholas' mother, [redacted] had called Ada County Dispatch on 3/23/2024. [redacted] advised that Nicholas wanted to speak to investigators again. On 3/27/2024, before Nicholas had been arraigned on his Ada County criminal charges, ISP Det J Christensen and I visited Nicholas at the Ada County Jail. Nicholas confirmed that he did want to speak to investigators, but not until he first spoke with his soon to be assigned attorney. See ISP Det J Christensen's supplement for further.

POTENTIAL EVIDENCE LOCATED OUTSIDE OF ADA COUNTY:

Gray, 2020 Honda Civic (Idaho - [redacted] / Registered to Tia J Garcia:

On 3/26/2024, ISP Detective J Lake obtained a search warrant for Tia's gray colored 2020 Honda Civic (Idaho - [redacted] This is the vehicle that Tia had reported stolen just after the shooting and escape had occurred and the vehicle that is believed to have been used by Meade and Umphenour during the escape. The vehicle was found abandoned within rural Nez Perce County, ID. The vehicle was searched and processed on 3/27/2024 by ISP Forensic Services. For the specifics of the search and the evidence that was recovered, refer to Det J Lake's investigative reports. Det Lake provided me with a copy of the Evidence Collection Log and photographs of the evidence seized from within the vehicle. While reviewing the log and the photographs, I identified to following items to potentially be related to Meade's escape and the shooting of the IDOC officers.

- 9mm cartridge case, marked "S & B". This appears to match five of the six 9mm cartridge cases found at St Alphonsus Hospital.

- Law enforcement belly chain. At the time of Skylar's escape, Skylar was wearing a belly chain.

- Cigar wrapper and wooden butt. A wooden cigar butt was found at the scene of the shooting that contained a DNA profile matching Nicholas' DNA profile.

- A pair of white colored Nike shoes, size 10. At the time of Skylar's escape, he was wearing white

colored Nike shoes.

- Shredded Cabela's receipt for 110 grain, 30 caliber Armscor ammunition. On 3/17/2024, Nicholas signed for and picked up the ammunition on the receipt from Cabela's.

- Multiple receipts from Walmart and Target. At purchase times listed on each receipt, Nicholas is captured on video surveillance making a purchase at the stores.

- Chime Financial transaction card containing Nicholas' name - [redacted].

- Hand written note containing St Alphonsus Hospital's address, "1055 N Curtis Road".

- DL Evans Bank receipts from Boise.

- Dewalt Multi Saw. At the time of his escape, Skylar was wearing multiple restraints. These restraints were likely cut off with a saw or tool of some sort.

[redacted]

On 3/20/2024, a homicide was reported at [redacted] in Orofino, ID. A male by the name of Gerald "Don" Henderson was found deceased at the scene. Det J Lake advised that while the scene was being processed, investigators identified a set of cut restraints consistent with IDOC restraints. The restraints were contained within a small bucket that was found at the scene. At the time of his escape, Skylar was wearing restraints around his ankles, wrists, and waist. For any specifics related to this discovery, and how Skylar and Nicholas may be related to the homicide, refer to Det J Lake's investigative reports.

The photographs, which were provided by Detective J Lake, were uploaded to Evidence.com.

Silver, 2019 Chrysler Pacifica (Idaho - [redacted]) / Registered to James L Mauney:

On 3/21/2024, James L Mauney's deceased body was found approximately .76 miles from Tia's abandoned Honda Civic within Nez Perce County, ID. I learned from Det J Lake that James had suffered an apparent gunshot wound and that his body was covered in vegetation. On 3/21/2024, Nicholas was arrested in Twin Falls, ID. At the time of his arrest, Nicholas was the driver and sole occupant of James' silver colored 2019 Chrysler Pacifica (ID - [redacted]). The Chrysler was seized as evidence. On 3/29/2024, Det J Lake obtained a search warrant for the Chrysler. The vehicle was searched and processed on 4/1/2024 by ISP Forensic Services. For the specifics of the search and the evidence that was recovered, refer to Det J Lake's investigative reports. Det Lake provided me with a copy of the Evidence Collection Log and photographs of the evidence seized from within the vehicle. While reviewing the log and the

photographs, I identified to following items to potentially be related to Skylar's escape and the shooting of the IDOC officers.

- Multiple Black & Mild cigar wrappers and cigar tips. On 3/19/2024, just prior to the shooting, Nicholas purchased five Black and Mile cigars within Boise. A wooden cigar butt was found at the scene of the shooting that contained a DNA profile matching Nicholas' DNA profile.

- Green and black colored Tisas PX-9, 9mm pistol. All 6 of the cartridge cases recovered at St Alphonsus Hospital were 9mm.

- Vehicle title for 2002 Honda Accord, signed from Tia to Nicholas.

- Yellow and black flashlight with Garcia Tia written on it.

- Hospital band. The "Adm Date" is listed as 3/19/2024, the date Skylar was a patient at St Alphonsus Hospital. The name on the band is listed as "Doe, Conradina Aesculus". The "MRN" is listed as [redacted] and the "CSN" is listed as [redacted]. The information listed on the band matches the name, MRN, and the CSN on Skylar's medical records that have since been obtained by the Ada County Prosecutor's Office.

The photographs, which were provided by ISP Detective J Millar were uploaded to Evidence.com.

Gray, 2001 Chevrolet Silverado (Idaho - [redacted]) / Registered to [redacted]:

On 3/21/2024, Skylar was arrested within Twin Falls, ID. At the time of his arrest, Skylar was the passenger of a gray colored 2001 Chevrolet Silverado (ID - [redacted]). The Chevrolet was seized as evidence. On 4/4/2024, Det J Lake obtained a search warrant for the Chevrolet. The vehicle was searched and processed on 4/8/2024 by ISP Forensic Services. For the specifics of the search and the evidence that was recovered, refer to Det J Lake's investigative reports. Det Lake provided me with a copy of the Evidence Collection Log and photographs of the evidence seized from within the vehicle. While reviewing the log and the photographs, I identified to following items to potentially be related to Skylar's escape and the shooting of the IDOC officers.

- Armscor 30 Carbine ammunition. Nicholas picked up Armscor .30 Carbine ammunition from Cabela's on 3/17/2024.

- Black colored Nike shorts. At the time Skylar was transported to St Alphonsus Hospital and at the time of his escape, Skylar was wearing black colored Nike shorts.

Narrative

BOISE POLICE CRIME LAB PROCESSING:

Cartridge Cases - St Alphonsus Hospital:

On 3/27/2024 I completed a lab request through the Boise Police Department's Crime Lab. I requested that all of the recovered cartridge cases (Items SS28 through SS33) be processed for DNA and latents (see BPD Crime Lab supplements).

On 4/4/2024, after the requested processing had been completed, I requested that all of the recovered cartridge cases (Items SS28 through SS33) and the recovered projectiles/fragments (Items KS1, SS20, SS26, SS27, SS37) be sent to Idaho State Police Forensic Services for comparison and NIBIN entry. These items were shipped to ISP via FedEx by the Ada County Property Room technicians on 4/10/2024. ISP received the items on 4/12/2024.

Apple iPhone - Highway 55 / Dry Creek Rd:

On 4/1/2024, ISP Evidence Tech D Hendershot provided me with the black colored Apple iPhone found that had been recovered on Highway 55 and Dry Creek Rd. This is the Apple iPhone believed to have been in Nicholas Umphenour's possession prior to, during, and after the IDOC officers were shot and Meade had escaped from custody. The phone was severely damaged and inoperable. I sealed the phone within an evidence envelope and assigned Item# MC1 to it. The phone was secured within locker #9 at the BPD Crime Lab.

On the same date, I completed a lab request through the Boise Police Department's Crime Lab. I requested that the phone be processed for DNA and gunshot residue. (see BPD Crime Lab supplements).

After the phone was processed by the BPD Crime Lab, it was then transported to Detective R Durbin at IWRCFL to be forensically extracted (refer to my search warrant supplement).

Narrative

TARGET RECEIPTS:

On 4/29/2024, [redacted], Target's asset protection manager provided me with two receipts. The receipts are copies of transactions that Nicholas Umphenour had made at the Target located at 633 N Milwaukee St Boise, ID. Ofc B Bjornson has already documented and obtained video footage of Nicholas within Target making the purchases. It should be noted that copies of these very receipts were recovered from within Tia Garcia's abandoned Honda Civic.

3/19/2024 at 1538 hours:

- Nicholas purchased a TracFone, Nokia 2760 flip phone. Nicholas paid with cash, $21.19.

3/19/2024 at 1540 hours:

- Nicholas purchased 30 days of unlimited talk/text through TracFone. Nicholas paid with cash, $15.38.

The receipts were downloaded to Evidence.com and provided to FBI Special Agent M Douglass.

CONCLUSION:

Narrative

The below text is a summary of the events surrounding this investigation

On 3/26/2024 Detective M. Canfield asked that I review Nicholas Umphenour's communication, who is currently incarcerated at the Ada County Jail. The Ada County Jail utilizes ViaPath Command, Telmate for communication of inmates while incarcerated. Telmate captures and records all phone calls, snap "text style" messages, video/tablet visits, and email invites. I have been provided with a secure login to access the Telmate System. Using my secure login, I accessed Telmate and searched for all of Umphenour's communication during which the following was identified:

Phone Calls:

03/23/24 17:01 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts five minutes in duration and includes the following information of evidential value:

00:52 There is never enough words that can say how sorry I am and how bad I fucked up.

01:02 All I wanted was to make money to come be with you and take care of you.

02:21 I'm going to have to cut a deal, I have to tell them it wasn't me about the things up north.

02:28 I didn't kill nobody babe.

03/23/24 17:09 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts thirty-seven seconds in duration and includes the following information of evidential value:

Nothing Evidential.

03/23/24 17:22 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts thirty minutes and fifty-five seconds in duration and includes the following information of evidential value:

02:08 Nick: mom I didn't kill anybody.

02:11 [redacted] I also believe in my heart you didn't have a choice nick replies: I did, but I didn't mentally mom I don't know why. I couldn't stop I don't know why.

02:29 [redacted] you didn't kill anybody nick replies mom I did not kill those people up there I swear to god

02:40 Nick: mom I'm going to have to turn everything in [redacted] replies: I know

02:53 Nick: There's no way I can go down for those mom, I didn't do them

03:23 Nick: I cant believe I did this.

03:38 Nick: I didn't kill nobody mom.

04:24 [redacted] the only concern I have right now is because of the cars being reported stolen is whether or not this one here that you were buying actually if they reported it stolen now. Nick: no I got to talk to her, you got to get online… that's the other thing I was going to talk to you about, park it for now. I'm going to try and talk to my attorney and see if he can get the title out of my stuff. What about if its already in my name though, like my names already been signed on it is that ok? (Further conversation regarding purchasing the vehicle seller): Tia Garcia (has face tattoos) asked for number and message her on Facebook.

08:53 Nick begins to explain to [redacted] what he is willing to testify to the two murders, at which time [redacted] stops him and informs him he's being recorded. Nick continues by saying I know everything from in the prison, where the moneys coming from. [redacted] once again interjects and ultimately stops him from saying any further on the matter.

09:39 Nick informs [redacted] all he wanted was money and for his family not to be hurt.

10:12 [redacted] asks what happened in thirty-six hours, Nick replies by saying he had to get high to even do it and he began to walk away and he looked at me and I couldn't keep walking because I was so scared.

10:25 Nick: I wasn't supposed to do any of that, I wasn't I was so scared that I couldn't just walk away from him, I couldn't.

10:33 [redacted] asks did you shoot the officers Nick replies by saying yes, I did and begins to cry.

15:44 Nick asks why couldn't he walk away or stop. [redacted] replies by saying its due to the fact you knew the repercussions… I'm not stupid you were set up. [redacted] indicated this was a preplanned event and further said when they knew he was going to Idaho they began planning. Nick indicates it wasn't supposed to happen like this at all and elaborates by saying he wasn't supposed to have to do any of this.

16:18 [redacted] says this was planned from the inside without Nick's knowledge and was uncertain how to help him because if she or someone else made mention of it they would be in danger since they know how "they" operate.

19:49 [redacted] indicates she would be devastated if Nick were to get, and he were to be in contact with any of "them". Nick replies he wont talk to any of them ever again.

22:31 [redacted] asks Nick to promise on his life that he didn't "murder those two". Nick replies by saying he didn't. [redacted] proceeds to ask if he was present while they were murdered. Nick replies by saying yes and elaborated by saying he didn't know he was going to do it.

24:22 Nick says he has a lot more than what they know.

25:26 [redacted] informs Nick law enforcement found a Pacifica, a short period of time later Nick asks [redacted] if a Pacifica is a

Chrysler and indicates that's what they had been driving. [redacted] explains the Pacifica belonged to an elderly man walking a dog and Nick replies he wasn't walking a dog but ok. [redacted] continues by saying Meade's restraints had been located at the Orofino residence with the elderly man's dogs. Nick replies by saying yes.

26:35 Nick explains to [redacted] that the "same one" on the down here… he used that one on them.

29:10 Nick informs [redacted] that Meade's mother attempted to set up a video call with him and asked if he should listen to what she has to say. Which [redacted] initially denied that he should partake in it and later indicates that he could listen to her but not offer anything.

03/24/24 17:22 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts four minutes and twenty-nine seconds in duration and includes the following information of evidential value:

02:37 Nick says I cant believe I did this, I can't believe I fucked up, I can't believe I got on that airplane. Nick continues by saying he's heartbroken on himself and doesn't know what the fuck he was doing.

03/24/24 18:07 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts three minutes and thirty-seven seconds in duration and includes the following information of evidential value:

Nothing evidential.

03/23/24 18:24 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts eighteen minutes and twenty-one seconds in duration and includes the following information of evidential value:

05:19 Nick asks [redacted] if she had spoke to law enforcement, specifically Idaho State Police Detective Christianson about the car title. [redacted] explained that she hadn't and that she didn't want to "put a bug" in their ear.

05:38 Nick asks [redacted] if she had talked to Tia, which she denied. [redacted] continued by saying she attempted to find Tia's Facebook but was unable to locate it. [redacted] continued by saying she didn't believe Tia could be trusted, which Nick affirms and elaborates by saying she can be as it relates to the vehicle and vehicle title. [redacted] informs Nick she believes Tia will be facing repercussions and she is concerned if she asked Tia to retrieve a duplicate title, she would begin to ask questions. Nick proceeds to ask if Tia is going to get her other vehicle back at which time [redacted] indicated she believes it to be evidence.

06:38 Nick asks how [redacted] knows that Tia will be facing repercussions. [redacted] replies by saying I don't know, I don't know what all you know I don't know what all you can tell.

08:07 Nick asks [redacted] what Detective Christianson said about "the murder things" [redacted] replies by saying she didn't ask him

about them.

09:02 [redacted] informs Nick that she gathered multiple family members at [redacted] residence last night except [redacted] and asked them if Nick should cooperate with law enforcement. [redacted] explained everyone present agreed that he should.

09:52 [redacted] who identifies himself as Nick's brother gets on the phone and informs him, he intends to support him and has his back. While speaking to [redacted] Nick apologizes several times and informs him he's sorry he didn't listen. Nick continues by saying he was making adequate amount of money and that he shouldn't have went. [redacted] continues by saying he wont speak in depth about the matter but that he knows he's innocent. Nick replies by saying I'm not innocent, I'm just an idiot.

12:42 Nick addresses [redacted] by saying he didn't kill those people. [redacted] tells Nick he intends on making a joke and proceeds to say big brother wasn't so wrong was he. Nick replies no you weren't, I'm sorry.

13:31 [redacted] explains to Nick she doesn't believe he's big enough for them to come to Florida to try and hunt him down. Nick replies saying I'm not, that's the thing I'm not. Nick continues by saying they're not big enough.

14:02 Nick addresses [redacted] and proceeds to apologize for "the stuff in there" informing him he wasn't doing that. [redacted] begins to speak at which time Nick interjects and says he had brought the "one thing" down with him, further describing it as obviously been used but clean. [redacted] interjects and reminds them it's a recorded line. [redacted] concludes by saying its been taken care of.

14:53 Nick addresses [redacted] and proceeds to say "the one thing" is yours, you can have it. [redacted] once again explains to Nick things have been taken care of before [redacted] interjects and reminds them it is a recorded line.

03/23/24 18:45 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts eleven minutes and fifty-four seconds in duration and includes the following information of evidential value:

04:04 Nick tells [redacted] he has never been so scared in his life. [redacted] informs him maybe that's a good thing. Nick continues by saying he isn't scared that "they" are going to get him and elaborates by saying like what the fuck was I doing, what the fuck was I thinking, am I ever going to make it home.

04:32 [redacted] tells Nick you had the stuff (unintelligible) and they forced you to. [redacted] continues about speaking to Detective Christianson and that he (Nick) desired to speak with him about more than Meade.

05:38 Nick asks [redacted] about his listed charges, during which they discussed the criminal charges listed on the Ada County Jail website. Nick continues by saying that's good so far, that's good right now. I mean its not good but I mean its… (Nick doesn't finish his sentence).

09:56 Nick informs [redacted] that [redacted] Meade's mother added him as a contact. [redacted] asks about the visit [redacted] had scheduled, at which point Nick informed her that [redacted] hadn't accepted the visit. Nick proceeds to ask [redacted] if he should

ask [redacted] for the money that she had promised him. [redacted] tells him no and proceeds to say it was money to fund the commission of a crime.

03/25/24 19:12 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts four minutes and thirty-three seconds in duration and includes the following information of evidential value:

03:26 Nick tells [redacted] the "two things" in north Idaho are going to be a big deal. [redacted] begins to say how are you going to prove, but doesn't finish the sentence. Nick replies by explaining that he'll testify if he has to. Nick elaborates by saying the he had a conversation with law enforcement this date, during which he informed them he didn't kill those two people. Nick describes law enforcement asking how he could know that at which time he indicated he was present when they were murdered. Nick describes law enforcement asking if he was with Meade, which he confirmed.

03/25/24 19:18 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts eleven minutes and twenty-seven seconds in duration and includes the following information of evidential value:

02:41 Nick and [redacted] are having a discussion regarding his criminal charges and the possible outcomes. Nick proceeds to inform [redacted] "I really need this guy to be ok" and that'll it'll also depend on the up-north stuff.

03/25/24 19:30 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts twenty-eight minutes and twenty-nine seconds in duration and includes the following information of evidential value:

04:25 Nick mentions to [redacted] that he had spoke to his attorney, to include asking about personal property. Nick continues by saying "my little black book" which contains his passwords isn't going to be addressed at this time to "not ruffle feathers". [redacted] asks Nick if she needs to check the account, to see if it was deposited. Nick asks if she is referring to his fifty dollars, which [redacted] denies and informs him she was speaking of his little black book. Nick asks [redacted] for clarification at which time [redacted] informs him she was speaking of the money he was talking about and had just said to "not ruffle feathers" and concludes by saying she needs to know if she needs to check the account. Nick denies this and informs her there's wasn't any money that was going to be deposited. Nick continues by asking [redacted] to go to Chase Bank and close his account which currently has five dollars.

06:26 [redacted] and Nick have a conversation regarding his criminal charges at which time he indicates the corrections officer which was injured needs to recover. Nick continues by saying his attorney had informed him the correction officers was currently listed as critical but stable.

07:59 Nick informed [redacted] law enforcement (Christianson) attempted to speak with him this date, during which he informed them he would speak to them with his attorney present. Nick continues by saying he did express to law enforcement that he "did not kill those two people up there". Nick goes on to explain he had a brief conversation with

Narrative

On March 20, 2024 I was contacted by Det Sonnenberg to follow up with Albertson's near the intersection of Fairview Ave. and Cole Rd. in Boise to check for camera views of a grey sedan driving by in the time frame between 0215 and 0230.

I was able to contact [redacted] Asset Protection with Albertson's, to review video. During her review, [redacted] said at approximately 0221 a grey sedan was observed on Cole Rd. heading north. She said the vehicle most likely continued north through the intersection due to not appearing on the exterior camera that can view Fairview Ave. and that the grey sedan appeared to be driving in the outside lane, not close to the left turn lane. [redacted] was able to provide an image of the vehicle which was forwarded to Det. Sonnenberg.

On April 11, 2024, working with Det. Canfield, I forwarded a subpoena via email to [redacted] for video of the exterior camera observing Cole Rd on March 20 from 0216 to 0226. I then send a community request for [redacted] to upload the video to evidence.com.

On April 12, I received notification from [redacted] she had uploaded the video to evidence.com which included exterior video from 0216 to 0221. On April 15, I was able to review the cameras. Watching the video provided, there were very few cars seen driving on Cole Rd. As described by [redacted] at 0221 a silver sedan is observed by the parking lot cameras that can view Cole Rd. The vehicle comes from the left of the screen, driving north bound on Cole Rd. The vehicle is last seen driving north until the view is obstructed by the Starbucks building on the corner of Cole and Fairview.

Minutes prior at 0218 a dark grey sedan is seen driving north bound on Cole Rd in front of the Albertson's location. The break lights appear to come on right before the view is obstructed by the Starbucks building. At 0219 what appears to be the same dark sedan comes backs into view, passing the intersection at Cole and Fairview still heading north bound on Cole Rd.

The only other vehicles traveling on Cole were a white commercial box truck, a street sweeper truck, and a dark full-size truck.

Narrative

The below text is a summary of the events surrounding this investigation

On 03/27/2024 Detective M. Canfield asked that I identify and interview the Ada County Paramedics who responded to the Idaho Department of Corrections, located at 13400 S. Pleasant Valley Rd. Kuna, Idaho on 03/19/2024. I began reviewing emergency services incident detail reports, during which I located incident number 24-0011331. The incident detail report identified the incident location at 13400 S. Pleasant Value Rd. Idaho Department of Corrections Maximum Security and which identifies "phone pickup" on 03/19/2024 at 21:00 p.m. The incident detail report comments indicate a thirty-one year old male has a laceration and swallowed medication. Due to the date, time, location and age of the male in conjunction with the medical complaint, I believe this emergency services incident detail report is regarding the medical transport of Skylar Meade from Idaho Department of Corrections to Saint Alphonsus Emergency Department located at 1055 N. Curtis Rd. Boise, Idaho. Additional information of evidential value, listed on the incident detail report include the following:

Call Back Phone:

Arrived Complete: 21:53.40

On 03/27/2024 I e-mailed dispatchrequests@adacounty.id.gov and requested the audio file associated with this incident number. I later received the audio file and incident detail report. The audio file and incident detail report were later uploaded to www.evidence.com and the Boise Police Department's report writing database.

On 04/01/2024 I responded to 370 N. Benjamin Ln. Boise, Idaho which is the offices of the Ada County Paramedics. I met and spoke with the receptionist, [redacted] informing her I desired to interview [redacted] and [redacted] [redacted] informed me an Ada County Paramedic Battalion Chief would have to be present during any interview involving their employees. I provided [redacted] with my identifying information and phone number and asked she call me once she determines a date, time, location which would be suitable for the interviews, which she agreed to.

I later spoke to [redacted] at which time the interview with [redacted] and [redacted] would take place on 04/26/2024 at 09:00 a.m. at the previously identified address.

[redacted]:

During my interview with [redacted] we were accompanied by Battalion Chief [redacted] informed me she had been employed by the Ada County Paramedics for a period of a year, and was currently completing their field training program. [redacted] continued by saying the initial call for service to the Idaho Department of Corrections was regarding an inmate, Skylar Meade who was believed to have ingested

razor blades. [redacted] explained that while driving to the location, she was positioned within the passenger seat of the vehicle. Upon arriving at the location, [redacted] described entering into the prison and meeting with several medical staff members, who she believed to be nurses. [redacted] described one of the nurses as a white female with blonde hair, and the other she was unable to recall their physical appearance.

In addition to the medical staff, [redacted] informed me there were several correctional officers surrounding Skylar. [redacted] informed me she found Skylar's clothing to be odd and informed me he was wearing either a Jordan or Nike t-shirt, Jordan shoes and multiple pieces of jewelry to include a watch. [redacted] continued by saying she had previously treated/transported patients from the same location during which they had all been wearing inmate uniforms. [redacted] elaborated by saying ultimately she was told by one of the correctional officers that he was allowed to possess/wear those items. I asked [redacted] if she had any sort of conversation with the nurses regarding Skylar's injuries, at which time she said they could not provide any additional information.

[redacted] continued by describing observing a deep cut to the top of Skylar's left hand. Additionally, [redacted] informed me Skylar provided several explanations regarding the razor blades to include that he had swallowed them, that he had swallowed them but subsequently vomited, and that he didn't swallow them. Prior to escorting Skylar to the ambulance, and subsequently transporting him to Saint Alphonsus [redacted] also described Skylar as repeatedly demanding water from those around him. When asked how long she believed she had remained within the location, prior to taking Skylar to the ambulance, [redacted] estimated the amount of time to be on or around five minutes.

Upon entering into the ambulance, [redacted] explained she was accompanied by two correctional officers. [redacted] described Skylar as repeatedly indicating that he hadn't swallow any razor blades and asking for water while trying to get out of the seatbelt which was placed on him. During this period of time [redacted] described Skylar as becoming pale and alluded to the fact she believed it was due to the loss of blood from the wound to the top of his left hand. [redacted] continued by saying during the transport she attempted to administer an intravenous liquid to Skylar but was having difficulty placing the needle into his vein. Due to this, the ambulance stopped for a period of four to five minutes, during which correctional officers had to physically restrain Skylar's hands until she successfully placed the needle into his vein, at which time they began driving again.

[redacted] continued by saying she could provide me with the exact location the ambulance had stopped, and elaborated by saying she had already provided that information to another detective. Prior

to speaking with [redacted] Detective Canfield had informed me that he had already received the automatic vehicle locating system data for the ambulance which had transported Skylar and due to this I did not ask [redacted] to provide me with that information. I asked [redacted] to describe Skylar's demeanor during the transport, at which time she described him as sometimes flirtatious towards her. [redacted] elaborated by saying Skylar had provided her with several compliments, and ultimately offered her the watch he was wearing, which she declined. Additionally, [redacted] explained that Skylar's demeanor was erratic and described it as being "up and down".

Upon arriving at Saint Alphonsus, [redacted] described observing a noticeable change in Skylar's demeanor once he had been removed from the ambulance. [redacted] continued by saying once he had been removed from the ambulance, Skylar became relaxed. [redacted] said she remained within the emergency department while an x-ray was administered to Skylar, and was told he had not ingested any razor blades. No further information of evidential value was obtained at this time. I provided [redacted] with my identifying information and phone number and asked that she reach out to me if she were to recall anything else she believed I should be made aware of, which she agreed to.

[redacted]:

During my interview with [redacted] we were accompanied by Battalion Chief [redacted] informed me he had been employed by Ada County Paramedics for a period of ten years, and had been a trainer within their field training program for a period of a year. [redacted] continued by saying he and [redacted] responded to Idaho Department of Corrections and observed Skylar seated within in a wheelchair. [redacted] continued by saying in addition to Skylar, there was also three medical staff and either four or five correctional officers present. [redacted] described medical staff informing him that Skylar had swallowed razor blades, taken an unknown medication, and cut himself on the top of his hand. After this brief conversation, Skylar was taken to the ambulance and subsequently transported.

[redacted] informed me he was operating the ambulance, while [redacted] remained in the back providing Skylar with medical treatment. [redacted] elaborated by saying [redacted] was accompanied by a single correctional officer and the ambulance was also being followed by several correctional officers within an Idaho Department of Corrections vehicle. I asked [redacted] if there was anything noteworthy occurred during the transport, at which time he described [redacted] asking that he stop the vehicle with the first three or four minutes so she could place a needle into Skylar's vein to administer and intravenous liquid. [redacted] continued by saying he stopped the vehicle for less than a minute, and then proceeded with the

transport.

[redacted] informed me that he was uncertain if they had conducted the entire transport, with their lights and sirens activated or if they had initiated them during the course of the transport. [redacted] elaborated by saying he recalled at one point [redacted] had recorded a low bloode pressure reading on Skylar and due to this she ultimately asked that he upgrade the patient. Upon arriving at Saint Alphonsus, [redacted] described entering into the trauma bay and removing Skylar from the gurney and placing him onto the hospital bed during which the correctional officers accompanied them. I asked [redacted] after this point did he have any additional direct contact with Skylar, which he denied. [redacted] informed me after he had transferred Skylar onto the hospital bed he began preparing his equipment for the next call for service.

I asked [redacted] to described Skylar's demeanor, at which time he said he was "very unconcerned with his current issue". [redacted] informed me it appeared to him as though Skylar would cough and simultaneously flick the blood from his hand that had been cut, in what appeared to be an attempt to make it seem as though he was vomiting blood. [redacted] explained that typically Idaho Department of Corrections medical staff would have bandaged a wound of that nature, and was uncertain as to why they hadn't. [redacted] suggested they may not have had time to do so, but was uncertain of the exact reasoning. [redacted] explained to me that he and [redacted] had also assessed Skylar's mouth at one point, during which there was no indications of bleeding from the mouth or blood in the airway.

I asked [redacted] if he could recall during the transport if he could recall potentially be follow by another vehicle, which he denied. [redacted] indicated that he had not necessarily been attempting to identify they had been followed by another vehicle and explained to me the Idaho Department of Corrections vehicle remained with them the entire time. I asked [redacted] if there was anything that stood out to him specifically, at which time he referred to Skylar's demeanor. [redacted] explained he often responds for similar calls for service, regarding self harm. However, [redacted] described Skylar's comfortable appearance as abnormal. No further information of evidential value was obtained at this time. I provided [redacted] with my identifying information and phone number and asked that he reach out to me if he were to recall anything else she believed I should be made aware of, which he agreed to.

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/29/2024 at 16:02p.m. I received a phone call and spoke to [redacted], who informed me she is employed by Saint Alphonsus as an emergency room technician, assigned to the emergency department. [redacted] continued by saying her scheduled shift for the date of the incident was 19:00 p.m. on 03/19/2024 until 07:00 a.m. 03/20/2024. [redacted] said that the patient, Skylar Meade had been admitted to the emergency department as a priority one trauma patient due to the fact he had ingested razor blades. [redacted] explained to me she had no direct contact with Skylar, who had been placed within room twelve. However, she elaborated by saying that she had stopped by the room at one point just to check in out of curiosity to determine if Skylar had in fact ingested razor blades.

[redacted] said once she had stopped by, she described the situation as "a lot of acting going on". [redacted] continued by saying she had noticed Skylar was wearing civilian clothing which she found to be odd. [redacted] explained to me that she had previously treated maximum security patients, who were always wearing an inmate uniform. I asked [redacted] to described Skylar's demeanor at which time she described him to appear on edge and continually looking around. [redacted] elaborated by saying it appeared as though, knowing what she knows now that he was attempting to determine if those around him knew of his planned escape. Ultimately, it was determined Skylar had not ingested any razor blades. During this period of time, [redacted] described Skylar as repeatedly making statements similar to I need to leave, I need to get out of here, etc.

[redacted] said from her understanding, Skylar was ultimately discharged from the emergency department against medical advice. A short period of time later, [redacted] recalled hearing over the radio that an inmate was returning to the emergency department. Upon hearing this, [redacted] described herself beginning to walk towards the nurse's station and in the process of doing so, observed an Idaho Department of Corrections, correctional officer lying in the hallway. [redacted] later identified this correctional officer and Daniel Lopez. [redacted] described Daniel as being on his cell phone but was unable

to provide any details regarding the conversation. [redacted] continued by saying Daniel was ultimately brought into the trauma bay, at which time she began providing him medical care.

While within the trauma bay, [redacted] informed me she heard additional gunfire and what sounded like bullets ricocheting either within or against the emergency department building. Additionally, two other correctional officers were brought within the trauma bay who had also been injured. [redacted] continued by saying she continued to provide medical treatment until Daniel was ultimately transported to the operating room. No further information of evidential value was obtained at this time. I asked [redacted] to call me with any additional information, she believes would be relevant, which she agreed to.

Narrative

INITIAL RESPONSE/CONTACT:

On 04/25/2024 at approximately 1153 hours, I reached out to Twin Falls Police Det. S. Dalrymple via email to ask for the Flock Safety License Plate Reader (LPR) image of Tia' Garcia's Honda Civic leaving Twin Falls on 3/28/2024. I had previously been shown the image of the Honda on 3/20/2024 during the initial stages of our investigation. Det. Dalrymple provided an image of the Honda from the LPR dated 3/18/2024 at 12:29:58 MDT. The picture was taken on [redacted]. I uploaded the image to Evidence.com.

Det. Dalrymple also provided two Flock Safety Investigative Summary reports for the stolen Chrysler Minivan (Idaho License #[redacted]) that Umphenour and Meade were later located in. The first image of the Chrysler was captured on 3/21/2024 at approximately 0834 hours on [redacted] and the second image of the Chrysler was captured on 3/21/2024 at approximately 0913 hours on [redacted] (WB). These investigative summaries were attached to this report.

DISPOSITION OF PROPERTY/EVIDENCE/WEAPONS:

Flock Safety Investigative Summary for silver Chrysler Minivan (license plate [redacted]) Attached
Flock LPR Image of Honda Civic uploaded to Evidence.com

Narrative

DETENTION WARRANTS:

On 5/1/2024, I obtained three detention warrants for the purpose of collecting evidence that identifies the below listed physical characteristics associated with the following individuals:

- Skylar W Meade:

  - Buccal swabs.
  - Major case prints.
  - Photographs of tattoos.

- Nicholas D Umphenour:

  - Buccal swabs.
  - Major case prints.
  - Photographs of tattoos.

- Tia J Garcia:

  - Buccal swabs.
  - Major case prints.

The detention warrants were successfully executed on 5/6/2024 at the Ada County Jail. With the assistance of ISP Forensic Scientist K Hogan, ISP Forensic Scientist T Martinez, and Corporal B Holland, all of the above documented evidence was obtained from Skylar, Nicholas, and Tia (see supplements). Ada County Sheriff's Deputy C White was present during the majority of the evidence collection. Ada County Sheriff's Deputy G Cowles was present when evidence was being collected from Nicholas. Aside from Nicholas' photographs, all of the evidence collection took place within the CCU Conference Room. Nicholas' photographs were captured within a nearby medical room that was not outfitted with surveillance cameras.

- Skylar W Meade:

The physical evidence and photographs were collected from Skylar on 5/6/2024 between approximately 0925 hours and 1008 hours. Skylar's counsel, R Chastain was present when this occurred. R Chastain informed me that he did not need a copy of the detention warrant, as he had already been provided with one electronically.

On 5/6/2024, Skylar's buccal swabs (Item# MC4.a) and major case prints (Item# MC4) were booked into evidence at the Ada County Property Room. The photographs were retained as evidence by ISP (M2024-1153). However, on 5/6/2024, K Hogan id provide me with a working copy of the photographs (.JPG / .NEF). These photographs were uploaded to Evidence.com. I also shared a working copy with Cpl Holland.

It should be noted that when Skylar's tattoos were being photographed, he informed us that he does not have any tattoos on his genitals. However, he informed us that "Moose" (Nicholas) does.

- Tia J Garcia:

The physical evidence was collected from Tia on 5/6/2024 between approximately 1017 hours and 1042 hours. Tia's counsel, N Wollen was not present as he was ill. Tia was provided with a physical copy of the detention warrant.

On 5/6/2024, Tia's buccal swabs (Item# MC6.a) and major case prints (Item# MC6) were booked into evidence at the Ada County Property Room.

- Nicholas D Umphenour:

The physical evidence and photographs were collected from Nicholas on 5/6/2024 between approximately 1100 hours and 1150 hours. Nicholas' counsel, B Marx and B Hall were present when this occurred. I provided B Marx with a physical copy of the detention warrant.

On 5/6/2024, Nicholas' buccal swabs (Item# MC5.a) and major case prints (Item# MC5) were booked into evidence at the Ada County Property Room. The photographs were retained as evidence by ISP (M2024-1153). However, on 5/6/2024, K Hogan id provide me with a working copy of the photographs (.JPG / .NEF). These photographs were uploaded to Evidence.com. I also shared a working copy with Cpl Holland.

IDAHO STATE POLICE - PRELOG SUBMISSION:

On 5/7/2024, I completed the ISP Prelog Submission Form to have the major case prints and buccal swabs sent to Idaho State Police Forensic Services.

Narrative

I am currently assigned as a Detective with the Boise Police Department Special Victims Unit (SVU). The Special Victims Unit primarily investigates crimes against children and sexual assaults.

Detective M. Canfield requested I review the extraction of Tia Garcia's iPhone photo gallery for images which contains firearms. The original extraction was provided to me by M. Plane of Twin Falls Police Department, and saved locally on a removable USB flash drive.

On Thursday, 05/09/2024, I utilized a department computer and the [redacted] to review the extraction, and below is a summary of my findings:

Within the "Photo" section of the extraction, I located 20 photographs containing images of an tan colored handgun. One (1) image was located in the native iPhone photo gallery, while 19 images were located in a sub-folder of the native photo gallery labeled "SnapChat". Additionally, four (4) text messages of interest were located which has references to a handgun, and is included in the exported report PDF (see attached PDF).

The images of interest are numbered numerically in the PDF report, and will be referenced accordingly in this supplement. The following is a list of images located along with a short description of the image.

Images 1 - 4 are in a ".jpg" format, and appears to be a series of photographs taken on or about 03/06/2024, located in the "SnapChat" album. The images show Tia Garcia wearing a black hooded sweatshirt, black latex gloves, and a colored mask. An unknown male subject in a grey shirt can be seen in Image #1, while images 2 - 4 are of Garcia. Garcia can be seen holding an unknown handgun in all four (4) photos, and is seen pointing the barrel of the handgun toward the camera. Image #4 is the only image which shows Garcia's face uncovered, but the black hooded sweatshirt and mask can be seen on her person. There is no location data found in the EXIF data associated with the image.

Image 5 is in a ".jpg" format, and is a single photograph taken on or about 03/11/2024, located in the local photo library. The image shows a tan colored handgun resting on a black case, along with a loaded magazine and two shot gun shells. The background of the image shows what appears to be a red colored blanket. There is no location data found in the EXIF data associated with the image.

Images 6 - 8 are in a ".jpg" format, and appears to be a series of photographs taken on or about 03/17/2024, located in the "SnapChat" album. The images show a tan colored handgun with two loaded magazines, along with a black hard case. A pair of latex gloves can be seen in the lower right hand corner of image #6. The background of the images show a black colored sheet.There is no location data found in the EXIF data associated with the image.

Images 9 - 20 are in a ".jpg" format, and appears to be a series of photographs taken on or about

03/20/2024	02:16	County Prosecutor	SVU

03/17/2024, located in the "SnapChat" album. The images show Tia Garcia wearing a white colored shirt, black latex gloves, and dark colored pants. Images 9 -17 show Garcia lifting the left side of her white shirt exposing a tan colored handgun tucked into the waistband of the dark colored pants. Images 18 - 20 shows Garcia handling the tan pistol with her left hand. The background of the images show a tan wall and white countertop.

Item #21 is an incoming text message, dated 03/18/2024, 09:27:48 PM, received from phone number [redacted] which reads "hey I need that burner. I have to go Handel something...". Based on my training and experience, a "burner" is a slang term used to refer to a handgun or pistol.

Item #21 is an outgoing text message, dated 03/19/2024, 05:12:34 AM, sent to phone number [redacted] which reads "Saying you need that burner. I don't know what you talking about. & believe what you want".

Item #23 is an incoming text message, dated 03/19/2024, 06:33:21AM, received from phone number [redacted] which reads "The gun was not hot not burn and legit".

Item #24 is an outgoing text message, dated 03/19/2024, 06:40:21AM, sent to phone number [redacted] which is a "laugh" reaction reply to the text message described as Item #23.

In the extraction of Garcia's iPhone, the phone number [redacted] is saved in the contact list as "[redacted]

At the time of this supplement, I did not find any other items of interest associated with weapons or the mention of weapons.

Narrative

The below text is a summary of the events surrounding this investigation

On 3/26/2024 Detective M. Canfield asked that I review Nicholas Umphenour's communication, who is currently incarcerated at the Ada County Jail. The Ada County Jail utilizes ViaPath Command, Telmate for communication of inmates while incarcerated. Telmate captures and records all phone calls, snap "text style" messages, video/tablet visits, and email invites. I have been provided with a secure login to access the Telmate System. Using my secure login, I accessed Telmate and searched for all of Umphenour's communication during which the following was identified:

Phone Calls:

04/23/24 18:25 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts four minutes and twenty-three seconds in duration and includes the following information of evidential value:

identified as [redacted] and the call lasts fourteen minutes and fifty-six seconds in duration and includes the following information of evidential value:

02:07 Nick tells [redacted] "I'm gonna tell you straight up I'm just gonna… I'm not gonna take this to trial, that's stupid. I don't know whats going on with my lawyer, but that's fucking retarded. I don't even know what he's thinking". [redacted] replies by saying "I don't think he's necessarily thinking about going to trial but there might be a reason for it if he is". Nick replies "no, he says he wants to go to trial like uh there's no reason not to I mean you're already up to ninety years, you might as well, there's no reason not to. Well actually there is a freaking reason mom, because if I take it to trial I'm going to get way more time on top of it and a million dollars worth of restitution. Now that means they're going to take twenty dollars… twenty percent off of my books every time I get money and on average a trial costs a million dollars and it's a hundred percent guaranteed conviction. Why would I take this to trial and piss them off? He wants the publicity". [redacted] replies "I just didn't know if he had an angle". Nick replies "no he really doesn't and look, you look at the stuff and its one hundred percent… mom its a hundred percent guaranteed conviction. It is, I can tell you that, I know that umm it… it just is and that all the facts are there the witnesses, the DNA, everything is there mom it's a hundred percent. You know its not like I'm denying I… I broke somebody out of prison, I was caught. You know what I mean? Fighting it for… fighting it for the shit that he's trying to say it's retarded mom. In all reality I could say it on the phone but I'm not going to right now". [redacted] replies "yeah don't". Nick continues by saying "but uh, I don't actually think he's for me. I think there's certain things he, he'll help me do because he'd have to… I don't think he's dumb by no means but in all reality this is… the only benefit of going to trial… oh well maybe the judge does listen to it but I'm telling you I don't want that restitution. What so my family now has to pay too? I don't… mom I don't care, I already know whatever time I'm going to get, I'm going to get. What is meant to be is whats meant to be. But I can tell you this, anytime somebody's taken something to trial… over all the years out of everybody I've ever seen I've never seen them get a smaller amount by going to trial. When found guilty". [redacted] replies "no I figured I figured it would be pled out". Nick replies "they're not going to offer me nothing cause they have me with my pants down mom… otherwise I would, otherwise I would love to. But that's not what he wants to do, he wants to take it to trial and its great for him. It would be great for him, its not going to be good for me mom". [redacted] replies "it'd be greater for him if he won, but if there's not a winnable case why would he even want to take it". Nick replies "mom… there's not a winnable case, now it puts some… it helps in a sense that… and also he wants to wait, you know he trying to drag everything out. Well he just got done telling me he was going to try for two weeks for this court hearing. He immediately said three weeks on the court thing, like what the hell, you just got done telling me you were going to try for two weeks and you didn't even try".

05:32 Nick tells [redacted] "he wants to wait to see if the other counties charge me and try to pull them all in one. I'm telling you that's a bad idea mom… I'm telling you that's a bad freaking idea. If I get charged with all of those, I have no chance at anything., no deal or none, nothing… anywhere. I could tell you by some comments he made that I… I… I don't know". [redacted] asks "even with what you know"? Nick replies "mom… yeah, uh he already asked her and she's like well he can tell me and uh we'll see. So I know, there's no guarantee they don't want want them… they don't want nothing. I'm hit mom". [redacted] replies "yeah". Nick continues by saying "the only time that's going to come into play is I think uh if the feds hit me and I think the feds are going to hit me mom. So it means I'll be running a concurrent sentence with the feds and hopefully that time runs out before I get out of state prison, if I ever get out. Ummm…. I think Skylar's going to try and take the other ones". [redacted] replies "yeah". Nick continues "but I cant really speak on that". [redacted] replies "I know… I know you cant talk really, you've

probably said too much now".

06:45 Nick tells [redacted] "I'm absolutely going to fight those ones, cause I didn't do it. You know… its just not its not smart, I don't understand like ok yeah I could get potentially up to ninety years worth of charges right now ok. I get that… I'm not trying to test them mom, they know they got me. I know they got me, I'm not trying to test their freaking patience and get ninety years and the million dollar restitution you know what I mean. That's the bare minimum, that's the bare minimum for a trial… I'm not going to get stuck with that". [redacted] replies "yeah".

07:42 [redacted] asks Nick "have you voice this to him at all" Nick replies "na, I'm going to talk to him today when, if he gets here. He was supposed to be here yesterday but we were on lockdown so he's got to be here today and I'm going in there to talk to him and I'm telling him I don't care what he thinks as far as that. I'm going to… I'm gonna" [redacted] interjects and says "I would just tell him look I want to know what your thought process is because explain exactly what you just did… I mean no matter what they got me dead to rights". Nick replies "he kind of has told me the reasons they're not good enough mom, they're not good enough reasons. They're really just playing around fucking… basically I'm just getting screwed and all I'm trying to do is get… you know argue for some lube". [redacted] replies "yeah".

08:29 Nick tells [redacted] "I don't care mom, my life is over… I fucked up bad. I don't want to test them anymore than I already did".

09:10 Nick tells [redacted] "there was never a doubt in my mind that I would do less than that in all reality just because all the charges and uh" [redacted] interjects and asks "would it be, do you know if it would be fixed or if it would be indeterminant"? Nick replies "twenty years would be a fixed, I'm telling you I'm going to do twenty years fixed mom. I'm not going to make it but… I uh I guarantee you with all my charges I'm going to do at least twenty years even for these five and if they stick me for something else I can only hope they run everything concurrent".

09:51 Nick tells [redacted] "mom I just I'm done, I just uh I messed up".

10:28 Nick tells [redacted] "mom my life's over, you know. I fucked up and I feel so bad".

10:57 Nick tells [redacted] "I know that uh he's over there trying to do whatever he can to help me out, but uh its too late, he put me in a position I did it and uh… I'm screwed mom I just my life's over".

11:50 Nick tells [redacted] "there's no turning back, I'm just going to plead guilty whether he likes it or not like I'm going to tell him that like its not a choice it's… mom I cant take this to trial like I don't… I don't care what it looks like for other things there's no possible good to take this to trial, there's no good outcome. It costs the state so much money and make them mad, I'm telling you he's doing it for himself. I don't I got to really thinking about it and some of the comments he's made about the other two… he's not it's going to hurt me more I'm telling you I'm telling you mom. I've done seven years out here in prison I've not seen one person that's been found guilty in a trial that didn't get more excessive time".

13:01 Nick tells [redacted] "I was so convinced I was already caught which looking at certain things that he already told me, absolutely. There was an informant before I even left didn't even know it. Now I don't know how much they knew because I don't know how much somebody else told them but uh you know. I didn't even meet them but I know that they're an

informant and that they were saying something, so before I even got here there was heat didn't even know it. So by the time I'm up here and he convinced me that oh well you know you're hit might as well just go with me. I smoked two cigars right there at the car and threw them out the window you know, not even caring. They picked them up, tested them, that's how they ID'd me. I'm hit mom I'm telling you, I'm on camera yeah you cant see me very good they say on camera but… there's no denying it. So there's no point in taking this to trial. There's nobody to tell on, there's nobody to tell on mom. My charges are the worst of all of the, as of right now anyways we'll see about the other ones. I'm telling those the time comes that might be a possibility, I will I'll do whatever I have to do, I promise you that".

05/02/24 13:03 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts eighteen seconds in duration and includes the following information of evidential value:

Nothing evidential.

05/02/24 13:15 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts twenty-two seconds in duration and includes the following information of evidential value:

Nothing evidential.

05/02/24 13:17 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts eight minutes and forty-one seconds in duration and includes the following information of evidential value:

00:29 [redacted] tells Nick "mama… mama wants you to try… she's been trying to reach you she doesn't know if somethings wrong or if you haven't been able to call her" Nick replies "they blocked her on my shit".

00:39 Nick tells [redacted] "they removed you and [redacted] from my account and then they blocked her".

00:53 [redacted] asks Nick "ok so did you call [redacted]

02:43 Nick asks [redacted] "did you talk to D yet" [redacted] replies "yeah, he just told me…" Nick asks "just told you to tell me what" [redacted] replies "he said that uh I'm supposed to tell… ok two things too from I got to not forget this ok alright does should he go to trial, he's waiting he went to court yesterday and uh um he said he needs trial or no trial or no" Nick replies "the homie Sky" [redacted] replies "yep" Nick replies "no, no fucking trial on this I'm going to plead guilty".

03:19 [redacted] tells Nick "he was so emotional, ok" Nick replies "I'm hit one hundred percent like there's there's it's a hundred percent guaranteed conviction".

03:33 Nick tells [redacted] "we have to be careful with talking here because" [redacted] interjects and says "yeah I know" Nick replies by saying "or they'll block this number two".

03:54 Nick asks [redacted] "did you talk to [redacted] yet and get [redacted] number" [redacted] replies "yeah, whose number am I supposed to get" Nick replies "oh uh [redacted]

04:54 Nick tells [redacted] "we got be real careful talking about uh messages and shit and him talking to me and shit because uh

have to admit that I bought that, you know what I mean"? [redacted] replies "mmk". Nick continues "which isn't a big deal I've got to talk to my lawyer first but I want you to have it so you have one for the time being". [redacted] replies "oh I do anyway" Nick replies "ok" [redacted] continues "so I don't need that, if that's the reason I don't need that". Nick continues "ok, well I have another reason kind of that I don't want to talk to you about yet or say it really but I want it" [redacted] replies "ok".

10:11 Nick tells [redacted] "if we get through all this then you can give it back to him or whatever if you know whatever the case is but we'll discuss that long down the road" [redacted] replies "mmk" Nick continues "its not hot or nothing you know but" [redacted] replies "yeah" Nick continues "there's reasons, there's a reason" [redacted] interjects and says "ok stop".

10:55 Nick tells [redacted] "I do know that the feds still have a huge hold in this mom".

11:18 [redacted] asks Nick "are you opposed to me getting rid of all of that and your books" Nick replies "all what" [redacted] replies "any references" Nick replies " mmm what I don't… as far as in my addresses"? [redacted] replies "uh huh" Nick replies "yeah you can get rid of all the addresses and anything… you can get rid of all of the books I don't care". [redacted] replies "I don't necessarily have to get rid of that I just" Nick interjects and says "yeah I don't need any of the addresses or anything out of there, there's no more addresses or phone numbers I need umm… do please get uh I already told you, [redacted] [redacted] Please get her number out of there". [redacted] replies "yeah I got it, I haven't done it, I haven't even gone in that book since we talked about it the one time so yeah". Nick asks "and you went through the file and got rid of that one letter"? [redacted] replies "yes".

12:39 Nick tells [redacted] "I'm listening, I uh… couple of his people hit me up and I've talked to him a few times" [redacted] asks "oh really"? Nick continues "yeah and I'm I'm listening that it just now came out well and said some stuff that I forgot I said in an interview so and it just came available this week so if he hears it, I'm going to know by listening to them and I'm not talking about the case with him or nothing but at least then I know you know like where he's standing on stuff with me you know. Right now he's concerned about me whether that changes once or not once he hears it I'm going to know you know what I mean". [redacted] replies "yeah". Nick continues "and that's the only reason why I uh I have an ear out and make that call every now and again". [redacted] replies "mmk" Nick continues "and I've already kind of discussed that with uh you know the other person" [redacted] replies "ok" Nick continues "today so… and if I can get some money so be it you know, least they can do".

Narrative

ST ALPHONSUS HOSPITAL - ADDITIONAL FOOTAGE:

With the assistance of FBI Special Agent N Ballance, it was learned that Nicholas Umphenour's phone ([redacted] was in the area of St Alphonsus Hospital (1055 N Curtis Rd Boise, ID) on the listed dates and between the approximate times. On 3/21/2024, [redacted] the security supervisor at St Alphonsus Hospital, provided me with video footage that captured portions of the hospital campus during the below listed time periods. With the assistance of CSO K Boynton, I was provided with USB thumb drive containing three different video files. All three video files capture the main entrance of the hospital, the east parking lot, and the southeast parking lots.

3/18/2024:

5:30:29 PM: A dark gray colored passenger car, that appears to be consistent with Tia Garcia's 2020 Honda Civic, is captured driving north on N Curtis Rd from the area of W Emerald St.

5:30:59 PM: The dark gray colored passenger car pulls into the St Alphonsus Hospital campus through the main entrance located on N Curtis Rd.

5:30:59 PM: The dark gray colored passenger car drives around the roundabout, and travels south through the Emergency Department loading/unloading area.

5:31:49 PM: The dark colored passenger car exits the ED loading/unloading area and continues driving south through the campus.

5:32:05 PM: The dark colored passenger car travels east through the campus, and then exits the parking lot, traveling south on N Curtis Rd.

3/19/2024:

4:35:39 AM: A dark colored passenger car, that appears to be consistent with Tia Garcia's 2020 Honda Civic, is captured traveling south on N Curtis Rd. The vehicle pulls into the main entrance of the hospital, south through the parking lot, and then parks within the parking lot located on the east side of the campus.

4:37:35 AM: The vehicle pulls out of the parking stall and drives around the parking lot located on the east side of the campus.

4:38:32 AM: The vehicle pulls out of the parking lot and travels south through the campus.

Narrative

The below text is a summary of the events surrounding this investigation

On 3/26/2024 Detective M. Canfield asked that I review Tia Garcia's communication, who is currently incarcerated at the Ada County Jail. The Ada County Jail utilizes ViaPath Command, Telmate for communication of inmates while incarcerated. Telmate captures and records all phone calls, snap "text style" messages, video/tablet visits, and email invites. I have been provided with a secure login to access the Telmate System. Using my secure login, I accessed Telmate and searched for all of Garcia's communication during which the following was identified:

Phone Calls

- 03/27/24 19:30 p.m. 05:00 in duration/[redacted]
  - 03:36 Tia: I didn't know shit you know what I mean, I didn't aid and abet nothing.
- 03/27/24 19:39 p.m. 00:59 in duration/Unknown [redacted]
  - Nothing evidential
- 03/29/24 17:51 p.m. 07:51 in duration/[redacted]
  - 00:52 Tia: Listen I'm probably going to get five years.
  - 00:56 [redacted] What
  - 00:57 Tia: They're probably going to give me the full five years.
  - 01:06 Tia: I'm going to go away for five years I'm telling you.
  - 06:33 Tia: I think I'm just going to take this charge. I'm just going to take it and go.
  - 06:36 [redacted] No you're not.
  - 06:37 Tia: Yeah
  - 06:38 Tia: In my phone listen, in the phone it says that they see that there's messages that said something about when he tells me I need to report my car stolen or some shit.
  - 07:05 Tia: Yeah but the guys that escaped, my homeboy that escaped shot two fucking co's. Three co's got shot.
  - 07:58 Tia: The most they can fucking for real is like I filed a false report. I didn't know what was happening though, I didn't know what they were going to do, I didn't know that they… (Phone call ends)

- 03/29/24 18:00 p.m. 08:41 in duration/[redacted] [redacted]
  - 02:37 Tia: What do I tell her, that I'm going away for five years.
  - 03:55 Tia: Hell yeah front page, that's worth the five years.
  - 04:12 Tia: The most they can sentence me to is five years and they're going to give me the whole fucking thing, bet.
  - 04:24 Tia: I have court on (unintelligible) birthday. I'm going to tell them, sentence me right now lets go.
- 03/29/24 18:11 p.m. 03:37 in duration/Unknown [redacted]
  - 01:30 Tia: I know I'm probably going to get the full five years, but whatever.
  - 03:01 Tia: Yeah dude I'm probably going to get a good five years, its fucked up.
- 03/29/24 18:19 p.m. 06:18 in duration/[redacted].
  - 01:03 Tia: They said something about cause my car was used and on… The most they have me on is like I… I um I filed a false police report. That's it.
  - 01:18 Unknown: They got to provide that.
  - 01:21 Tia: There's text messages from my homeboy that say um call… call… call (unintelligible) or some shit and say car was stolen.
  - 01:35 Tia: I didn't know about no escape no nothing.
- 03/29/24 18:27 p.m. 07:31 in duration/[redacted] [redacted]
  - 02:36 Tia: I wasn't there, I didn't do nothing, I didn't fucking know you know what the fuck.
  - 03:04 Tia: I'm probably going to do five years.
  - 03:25 Tia: I'm probably just going to say fuck it and take it.
- 03/30/24 16:36 p.m. 01:04 in duration/[redacted] [redacted]
  - Voice Unverified
- 03/30/24 16:38 p.m. 18:57 in duration/[redacted] [redacted]
  - 04:36 Tia: I wasn't there I didn't know anything.

  - Nothing Evidential.
- 04/12/24 09:26 a.m. 09:33 in duration/unknown female [redacted]
  - 01:04 Tia asks the unknown female "did you talk to my homeboy"? The unknown female confirms that she had.
  - 01:22 Tia asks the unknown female "what did he say about the fed thing"? The unknown female replies "he said he hadn't heard anything yet".
  - 03:19 Tia and the unknown female had been speaking about "homeboys" sentencing. Tia asks "wait June twenty-seventh" the unknown female replies "yeah June twenty-seventh".
  - 03:43 Tia tells the unknown female "well I wonder if that's cause they're hitting… going to hit me and everybody else or whatever".
  - 04:01 Tia tells the unknown female "I guess I rather get in trouble for something I was doing than something I wasn't though so like I think its ok I'm trying to accept it. If the feds hit me alright well at least its for something I really was doing than the shit I'm in here for cause I didn't do that".
  - 09:09 Tia asks the unknown female "has [redacted] said anything about the money he owes me"? The unknown female replies he hadn't, but she would ask him about it. Tia continues "ok well if he does I want you to put some on [redacted] book k"?
- 04/12/24 09:48 a.m. 00:24 in duration/[redacted]

  - Nothing Evidential.

- 04/26/24 17:20 p.m. 20:56 in duration/unknown male [redacted].

  - 04:02 Tia tells the unknown male "well in my discovery it says he's like I highlighted a couple things I want to tell you about and when they the detective took me into that room and I was like I want a lawyer and the cop was like so you're going with that and I was like yeah I'm going with that I want a lawyer and he continued to question me and so they're going to he's going to ask for the rest of all that that was said after that to be denied or to be taken off there because that's you cant do that you know" the unknown male replies "right that's against your rights" Tia continues "yeah and then he said uh just the same thing like there's nothing in there that shows I had any knowledge or that there was any knowledge that I was that I knew anything".

  - 05:45 Tia tells the unknown male "also in ok in my discovery it says that they found a text on my phone that says um that is allegedly from um the dude said that it said two things um said two things if you get a message um in the morning report this and don't fucking question it don't hesitate don't fucking call me just do it and so they're saying that was my uh oh and I picked and because I they said that um an informant let them know that I picked him up from the airport that it was my task it was my task to pick him up from the airport like what like the way it was worded in my discovery is like it was um it was her task to go pick him up what".

  - 06:55 Tia tells the unknown male "like at least the federal shit is like there's evidence on me this fucking state shit like what".

  - 13:54 Tia tells the unknown male "that's what I said that's what I said ok so like the fed thing, that was going to eventually come you know what I mean and I was going to whatever still get like conspiracy for somebody else or whatever but like I came in on no new charges what".

Narrative

The below text is a summary of the events surrounding this investigation

On 3/26/2024 Detective M. Canfield asked that I review Nicholas Umphenour's communication, who is currently incarcerated at the Ada County Jail. The Ada County Jail utilizes ViaPath Command, Telmate for communication of inmates while incarcerated. Telmate captures and records all phone calls, snap "text style" messages, video/tablet visits, and email invites. I have been provided with a secure login to access the Telmate System. Using my secure login, I accessed Telmate and searched for all of Umphenour's communication during which the following was identified:

Phone Calls:

05/10/24 07:09 a.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts two minutes and six seconds in duration and includes the following information of evidential value:

Nothing evidential.

05/10/24 07:12 a.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts fourteen minutes and forty-five seconds in duration and includes the following information of evidential value:

08:20 Nick tells [redacted] "if they hit me with more charges next week which I think they will including uh a big one I'm going to fight have to fight that one all the way absolutely. So I'm going to have to go to trial on that one for sure because I mean I didn't even do it".

05/12/24 09:01 a.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts seven minutes and fifty-two seconds in duration and includes the following information of evidential value:

Nick and [redacted] have a brief conversation before she give the phone to [redacted]

05:34 Nick tells [redacted] "I'm sorry [redacted] replies "you don't got to be sorry brother" Nick continues "yeah I do, I asked for help I went down there and I just fucked it all up". [redacted] replies "(unintelligible) they, they set you up that's all I'm going to say".

06:20 Nick tells [redacted] "I'm looking at more charges this week two and probably one of the big ones as well". [redacted] replies "really" Nick continues "yeah, and they're probably going to hit me with it I think they're going to hit me with a gang enhancement and uh and uh couple others as well as the uh Nez Perce slash uh Lewis County shit".

05/12/24 09:10 a.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts twenty-three minutes and five seconds in duration and includes the following information of evidential value:

Narrative

The below text is a summary of the events surrounding this investigation

On 3/26/2024 Detective M. Canfield asked that I review Nicholas Umphenour's communication, who is currently incarcerated at the Ada County Jail. The Ada County Jail utilizes ViaPath Command, Telmate for communication of inmates while incarcerated. Telmate captures and records all phone calls, snap "text style" messages, video/tablet visits, and email invites. I have been provided with a secure login to access the Telmate System. Using my secure login, I accessed Telmate and searched for all of Umphenour's communication during which the following was identified:

Tablet Video Visits:

05/15/2024 12:27 p.m. 33:03 in duration with [redacted] [redacted]

05:24 Nick tells [redacted] "I'm like ninety-eight percent positive I'm getting hit by the feds now".

05/13/2024 09:59 a.m. 30:18 in duration with [redacted]:

05:16 Nick tells [redacted] "I don't know how its going to work out but fighting two charges, you know he's not going to… even if he takes them or admits to doing it it's still going to put me there and they're still going to charge me in some way with it".

05:46 Nick tells [redacted] "(unintelligible) messed up" [redacted] replies "you're paying for it so hopefully you learn this time" Nick replies "yeah I did, little too late but yeah".

20:03 Nick tells [redacted] "if I stay in state I'm going to put in to move out of state whether they will let me or not ummm but even if not to I'll be in ad-seg for a time and uh get away from the gang stuff I don't even I aint even I aint staying there".

05/12/2024 09:50 a.m. 11:28 in duration with [redacted] [redacted]

Nothing evidential.

05/11/2024 08:02 a.m. 27:35 in duration with [redacted] [redacted]

Nothing evidential.

05/08/2024 19:01 p.m. 28:46 in duration with [redacted] [redacted]

Nothing evidential.

05/06/2024 17:28 p.m. 31:40 in duration with [redacted]

04:01 Nick tells [redacted] "so I don't know, I'm fucked".

12:45 Nick tells [redacted] "so I suppose I'll probably get hit with a gang enhancement and some other shit too".

16:03 Nick tells [redacted] "just glad the co survived" [redacted] replies "yeah, that's good news I know that that's just not in you and that

was not ever an intentional thing I mean I'm sure even in your heart you really didn't want to hurt anybody" Nick replies "I wasn't suppose to it just I was so scared I couldn't I couldn't I couldn't speak or nothing" [redacted] replies "yeah, well don't talk about it son we got to stay off the phones and cameras with the case".

17:20 Nick tells [redacted] "just my whole first month my whole first month was just insane I mean they got me suckered in in ag-seg and then getting out and just being there and the stuff that… there's stuff that happened that or almost happened and I got sucked into it and then just…"

18:41 Nick tells [redacted] "I didn't even know that was being live recorded but uh that's more than enough to get me green lit and dusted". This comment was referring to an interview, in which Nick indicated he "knew certain things".

19:21 Nick tells [redacted] "when the cop asked me you know I told him I didn't kill those people and he asked me who you know if it was so and so and I said yeah that enough that alone was enough to you know get me green lit but uh I said other stuff I didn't even remember insinuating you know that I knew things".

05/02/2024 13:27 p.m. 26:40 in duration with [redacted] [redacted]

15:47 Nick tells [redacted] "that's the thing though you shouldn't have to do anything, I fucked up I fucked up bad. It's not your fault, it was never your fault you're so fucking perfect".

16:43 Nick tells [redacted] "what do you think twenty years is, I'm not going to do a day less than twenty years I guarantee you even if I get that little of a sentence. I fucked up".

St Alphonsus Hospital - 1055 N Curtis Rd Boise, ID:

2152 Hours: Ada County Paramedics arrive at the hospital with Skylar.

2200 Hours - 2217 Hours: A vehicle, consistent with that of Tia's 2020 Honda Civic arrives at the hospital and then leaves.

2240 Hours - The vehicle returns and remains at the hospital until the shooting occurs.

3/20/2024

0135 Hours - 0155 Hours: Ofc Scanlan and Ofc Sandoval's OBV capture the Honda parked within the parking lot during an unrelated call for service.

0213 Hours: Skylar is escorted out of the hospital and toward the IDOC prisoner transport van.

0214 Hours: A male, believed to be Nicholas, exits the Honda and approaches Skylar and the three IDOC officers.

0215 Hours: Nicholas shoots two of the three IDOC officers. Skylar and Nicholas then run to the Honda Civic and flee the west through the hospital's campus. The vehicle's taillights are not turned on.

0216 Hours: The Honda Civic is captured traveling south towards W Emerald St, on the west side of the campus. The vehicle's taillights are not turned on.

- Documented by Det M Canfield.

PEAK Alarm Company - 7373 W Emerald St Boise, ID:

0222 Hours (timestamp on footage is reported to be fast by approximately 7 - 8 minutes): A vehicle, consistent with the Honda Civic, is captured traveling north on N Cole Rd from W Emerald St. Within the footage, the vehicle's taillights are not turned on.

- Documented by Det S Sonnenberg.

Narrative

INITIAL RESPONSE/CONTACT:
On 3/20/2024 at approximately 0615 hrs, I was contacted by Sgt. J Terry who requested I respond to the station to assist with an Aggravated Battery on a LE Officer that occurred at St. Alphonsus Hospital earlier in the morning. When I arrived, I spoke to Det. B. Jones who assigned me to assist with canvassing the area for video of a grey Honda Accord/Civic leaving the area of the hospital, around 0216 hours on this same date.

My initial area to search was Emerald, East of Liberty. I stopped at several businesses from Liberty down to Orchard and from 0216-0230, I did not see a vehicle matching that description on any of the videos I reviewed. As I made my way back to Emerald and Liberty, I was asked to stop at PEAK Alarm Company at the corner of Emerald and Cole. I met with [redacted], the Branch Manager and we reviewed video from 0215-0230 hours. At around 0222 hours a grey 4 sedan can be seen coming up to the intersection at Emerald and Cole, slowing slightly as it approached the red light and then rolling through the red light. The vehicle was traveling Westbound on Emerald, as it approached the light, and then turned Northbound down Cole Rd. It should be noted, the vehicle's taillights did not appear to be on.

I asked [redacted] about how accurate the times on the videos were and he was able to look at the current time and what was being recorded while we were standing there and realized the timing was about 7-8 minutes ahead of the actual time. [redacted] was able to show me several angles from the cameras he had mounted on the outside of the building and provided the video to me via email. Those videos have been added to Evidence.com. After reviewing the videos, I believe the car matched the description given of the suspect vehicle.

I then drove down Cole Road and noticed Albertsons at Cole and Fairview may have video of the vehicle passing by. I contacted Crime Prevention Supervisor Ed Fritz and asked him to contact Albertsons Corporate Office and see if we could get video, so we could identify the path the vehicle went after it turned North onto Cole Rd. Fritz was able to get a photo of the vehicle matching the description approaching Fairview, traveling North on Cole Rd., from Albertsons, at approximately 0218.

I also contacted SRO Cabigon and he was able to get a photo of what appears to be the vehicle traveling northbound past Fairmont Jr High at approximately 0219.

After confirming the direction of travel, I responded to Maverik at Cole and Ustick and spoke to [redacted], the store manager, and [redacted], the district manager. I reviewed the store video with both managers present, and could see what appears to be the suspect vehicle enter into the frame at approximately 0220, still traveling northbound on Cole. It was difficult to see, but the vehicle still does not appear to have its taillights on and continues northbound, through the intersection at Cole and Ustick.

Narrative

On 3/26/2024 Detective M. Canfield asked that I review Nicholas Umphenour's communication, who is currently incarcerated at the Ada County Jail. The Ada County Jail utilizes ViaPath Command, Telmate for communication of inmates while incarcerated. Telmate captures and records all phone calls, snap "text style" messages, video/tablet visits, and email invites. I have been provided with a secure login to access the Telmate System. Using my secure login, I accessed Telmate and searched for all of Umphenour's communication during which the following was identified:

Phone Calls:

05/16/24 13:40 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts four minutes and ten seconds in duration and includes the following information of evidential value:

Nothing evidential.

05/17/24 14:40 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts seventeen minutes and six seconds in duration and includes the following information of evidential value:

12:16 Nick tells [redacted] "I see my lawyer on Thursday hopefully they came back with a deal" [redacted] asks "huh" Nick continues "I said I'll see my lawyer on Thursday hopefully they come back with a deal".

05/18/24 15:36 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts five minutes and twenty-eight seconds in duration and includes the following information of evidential value:

Nothing evidential.

05/18/24 15:42 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts twelve minutes and thirty-two seconds in duration and includes the following information of evidential value:

08:02 Nick tells [redacted] "so close to have a good life" [redacted] responds "yeah" Nick continues "I fucked up I should of instead of cutting everybody off I just…I don't know. I fucked up and I'm sorry and I want you to know I am sorry".

05/19/24 16:41 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts fifty seconds in duration and includes the following information of evidential value:

Nothing evidential.

05/19/24 16:52 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts six minutes and thirty-eight seconds in duration and includes the following

don't know".

08:02 Nick tells [redacted] "and its not even just that its just why fight something that's a guaranteed thing when my lifes already over. Every last one of my charges is provable it's a hundred percent guaranteed conviction".

09:26 Nick tells [redacted] "and how it was done up there… its all going to point to me and I didn't even do it. In fact the matter was I was there though mom so in all reality what does it even matter you know".

12:58 Nick tells [redacted] "I just messed up I just I don't know… what's messed up even more you know is crazy I don't even feel bad about the crimes or nothing like that. I feel bad for the ones I care about hurting the ones I care about that's it, what kind of monster is that you know. I don't give a shit about the cos I don't give a shit about the people up north. I don't care about them. That's whats messed up I try and I sit there and I look at I think back to the picture in my head of the guy you know one of them and all that I cant keep talking about it but you know what I mean and I sit there and I remember looking down… it doesn't bother me what kind of animal is that. How fucked up do I got to be that I it doesn't bother me one bit and I know it should".

15:00 Nick tells [redacted] "I fucked up mom like I didn't even hesitate I didn't even think when I got the call and I didn't even I don't know why I couldn't even just you know I was given the opportunity hey you don't have to blah blah blah but why did I still feel like oh I can do this". [redacted] replies "you felt obligated because what they put you through and the kind of mindset that they had you in believing that you don't have a choice. It's either kill or be killed remember".

15:48 Nick tells [redacted] "without being able to turn around and walk away I couldn't do it as scared as I was to do it I couldn't just get back in the car and just go I couldn't stop myself".

19:38 Nick tells [redacted] "I wasn't trying to kill them absolutely not".

19:51 Nick tells [redacted] "no I was just so fucking scared I didn't I wasn't I was just so scared I couldn't even think all I could do is just you know wasn't even supposed to even have to shoot nobody… I don't know…fear and drugs".

20:25 Nick tells [redacted] "I got high on purpose so I could do this that's whats lame".

05/22/24 19:07 p.m. Umphenour and [redacted] have a phone conversation. [redacted] listed phone number was identified as [redacted] and the call lasts five minutes and twenty-two seconds in duration and includes the following information of evidential value:

Narrative

IDAHO STATE POLICE - FORENSIC DNA REPORT NO. 4:

On 5/30/2024, I was provided with the Forensic DNA Report pertaining to cigar tip (Item# SS35) found within the St Alphonsus Hospital parking lot. This is the previously examined cigar tip that contained a DNA profile with a high stringency match of a Convicted Offender sample belonging to Nicholas D Umphenour. Due to Convicted Offender samples not being considered evidentiary, a reference sample was obtained from Nicholas. The report concluded that the previously obtained DNA profile from the cigar tip matches the DNA profile obtained from Nicholas' known reference sample.

The Forensic DNA Report also provided a conclusion regarding a cigarette butt (Item# SS36) found within the St Alphonsus Hospital parking lot. This is the previously examined cigarette butt that contained a DNA profile determined to be from an unknown female. The report concluded that the DNA profile from the cigarette butt did not match the DNA profile obtained from Tia J Garcia's known reference sample.

The Forensic Report / Notes will be uploaded to ITS. See the report and the notes for further specifics.

CONCLUSION:

IDOC - ADDITIONAL INFORMATION REPORTS:

Ofc J McGauley:

On 5/24/2024, IDOC Intelligence and Investigations/Gang Coordinator, Brian Adams provided me with IDOC Ofc Jacob McGauley's IDOC Information Report. Jacob had previously been interviewed by ACSO Detective N Daigle. Jacob's report has been uploaded to ITS, see for further.

Sgt Coburn:

On 6/4/2024, I was made aware of information that had been made to the IDOC staff regarding Nicholas Umphenour and Skylar Meade. The information was provided by IDOC inmate [redacted] [redacted] on 6/2/2024. Per the Information Report, [redacted] overheard other inmates claiming that there will be another attempt to free Skylar from custody when he is being transferred to court or prison.

This information was passed on to ACSO Deputy J Hansen, who was already aware of the report. The Information Report was uploaded to ITS, see for further.

On 6/4/2024, I learned that IDOC Sgt Coburn conducted a follow-up interview with [redacted] This interview took place on 6/3/2024. FBI Special Agent T Heap provided me with Sgt Coburn's Information Report detailing his interview with [redacted] This report has been uploaded to ITS, see for further.

On 6/5/2024, FBI Special Agent T Heap informed me that he, along with an Idaho State Police detective, would be conducting a follow-up interview with [redacted]

CONCLUSION:

Narrative

INITIAL RESPONSE/CONTACT:

On 5/14/2024 I started reviewing phone calls between Skylar Meade and several people. I listened to phone calls between the dates of 4/18/2024 and 5/17/2024. I saw and listened to video chats between Skylar Meade and [redacted] and Skylar Meade and [redacted] between the dates 4/23/2024 and 4/25/2024. I was re-assigned to a different position on 5/230/2024 and the review of phone calls, messages and video visits were turned over to Officer A. Richards.

The following is a summary of notable conversations I heard between Skylar and the various people.

PHONE CALLS:

4/18/2024 - 2 calls at 0826 and 0832 hours both to [redacted]

[redacted] tells Skylar they've sent him 4 packages and they've all been returned as well as letters to him. [redacted] said [redacted] tried to send him a "hygiene box". Skylar tells [redacted] to try sending them again since he's now "off prescription". [redacted] asks if he got in trouble again. Skylar says the Jail Staff said they "found a piece of metal in my sweatshirt. Dude, it was a fuckin' bread tie. It was a flimsy-ass wire that I found on the ground". Skylar said, "I peeled my fuckin' stitches out and shit" with it. Skylar tells [redacted] most of the time, "I'm trippin' on these motherfuckers, just tryin' to get even with them."

Skylar tells her he doesn't have her address. [redacted] says it's [redacted]. Skylar and [redacted] are being cryptic (secretive) in their conversation and talk about an unknown male who Skylar said he first met on Facetime while he (Skylar) was in "ad-seg" (administrative segregation or solitary confinement). It's hard to hear Skylar, but he says it's the brother of [redacted] (or something similar sounding). [redacted] says, "Oh really? Oh, ok, ok. Yeah, yeah, yeah." Skylar said he'd like to talk with him or have her tell this male something for him, but doesn't want to "get him in trouble".

Skylar tells [redacted] **"Hey, let me run all this shit down to ya, like uh... Like so... You got that five?"** [redacted] **hesitates, then abruptly says, "Yes.", then "You don't get nothin' else." Skylar asks [redacted] if she can "send 2 to [redacted] [redacted] says, "Yes."** Skylar asked [redacted] how she's "doin' on money right now?" [redacted] said not great, but ok. Skylar tells [redacted] "You can keep the rest and then put, kinda.. to get somebody, get somebody 50 bucks or a 100 bucks, somethin' like that, and put it on, put it on my books." Skylar is wanting to tell [redacted] something else, but knows it's being recorded, so says she knows what he's trying to say without saying it. **Skylar then said, "Just cause I left" and then, "not a God-damned, mother fuckin' thing changes. Like people need to be doin' what they're doin'." [redacted] said, "Got you, got you", and then, "I've been talkin' to him, so yeah." (unknown who). [redacted] then says, "[redacted] and the ex", Skylar asks, "Huh?" [redacted] says, "[redacted] and my ex"**.

Sklyar tells [redacted] "it's over" for him and that he's going to be doing a lot of time. Sklylar speculates the time line for his court appearances, saying it would be about 6 months before he goes on trial here (Ada County), then another 6 months for Twin Falls, and then **"if it's just the 2 up North things"**, it'll be another year. Therefore tells [redacted] he'll be "in County" (jail) for 2 years. [redacted] tells Skylar, "I want you to think about somethin' though. Um, what's goin' on, um out there is probably worse." Skylar asks, "In the prison?" [redacted] says, "Yeah." Skylar asks [redacted] about "[redacted] and if he's still in J block. [redacted] said [redacted] thinks they're putting something in his food. Skylar tells her they may not be above putting something in someone's food, but said "they ain't tryin' to take it to another level." [redacted] said [redacted] told

her "they want war".

Skylar tells [redacted] he'll figure out a way where he can talk to her, but then said, "There's a reason nobody fuckin' talks when this shit happens." Skylar said, **"They wanna make it seem like uh, we were tryin' to kill cops. Motherfucker I had a God-damned assault rifle in my hand before I took my fuckin' shackles off, like (chuckles) if we wanted to kill 'em, like they'd been dead. (chuckles again)"** Skylar said he's not taking a deal just to get out of County (Jail), but he'd take a deal to either have "the Feds pick us up and bring me out, or put me on death row in J2".

Skylar said if "these motherfuckers" (prison staff) want to mess with people's food, that "I'll take it there" too. Skylar said they do this "because they want a paycheck, and shit. Uh I do this shit, cause it's my motherfuckin' life." **Skylar then said he's not the type of person to make an "idle threat", and that "these motherfuckers know what time it is"**. Skylar then said he'd like to apologize to the three guards this happened to, saying "I'm sorry it was those three and not three different ones, honestly". Skylar also said that they "were the good ones", saying they were "cool and they were always respectful". **Skylar again talks about taking a deal to get it over with because, "if I fight it, more and more shit is gonna come up. More and more things are gonna happen. More and more people are gonna get, you know, fucked with"**.

Skylar asked [redacted] if she remembered when he "tracked your phone all the way to that house", [redacted] said, "Yeah." Skylar asked why she thinks her location would "bounce like that". Skylar said, "I feel like a idiot for it takin' me this long to figure it out", then said, "You don't remember us talkin' about somethin' about why your location would be not where it's supposed to be at?" [redacted] said, "Yeah." Skylar says, "The cloning thing." [redacted] again says, "Yeah." Skylar said, "I know you ain't got nothin' going on, but..." **Skylar then said he shouldn't have to ask, but that he "needs to know what's going on" and needs "one of these fuckin' chicks to, to keep tabs on that"**. Skylar again said he shouldn't have to ask, but that she needs to figure that out for him.

They start talking about some guy who [redacted] got a "sweatshirt" from and who later blocked [redacted] on Facebook. **Skylar said "they're not asking about him, but they're askin' about um, they don't, they, they don't know it's him, you know. But they're askin', they're askin' about his vehicle**. They're askin', they don't have a license plate. They don't have anything like that. But um... Um, I know he didn't do anything wrong, but, just fuckin'... You know. Can't do an, any more damage control. Like uh there's nothin', uh, there's a couple things that I could... uh, that I thought about get, you know usin' as leverage and just sayin'. But uh, I feel like uh, I don't know if I can even do that. I don't know like, could it just fuck somebody else, and I'm not tryin' uh, I'm not tryin' uh fuck myself when I get to the Feds, or get, get to somewhere else". Skylar tells [redacted] to "give him a heads up and tell him, you know, I apologize if, if anything comes back, but uh.... uh, they've seen... yeah. That's about as much as I can say right now."

Skylar then said he's going to tell his attorney when they talk to her ([redacted] to "relay verbatim

what's in there, if, how, and then just hope that it gets to the right place, you know." Skylar asked if that makes sense and [redacted] said, "Yeah." [redacted] said she's already tried to reach out to his attorney, but hasn't been able to yet. Skylar said people are assuming, but said the "freedom thing wasn't for me. Uh, it's unfortunate people got hurt, you know." Skylar went on to say, "I don't want no smoke, but the shit that's goin' on at the prison", and that "the cops don't think they fuckin', that they want problems like that, but... uh, blame something after [redacted] [redacted] tells Skylar "They come to him the other day and um, they told him that he had court, and he didn't really have court. And the Sgt. said that they shouldn't have lied to him, that it was SIU and it was uh, the FBI that was down there wantin' to talk to him. And he said, 'tell 'em to come to my cell door'. So they did come to his cell door and they said that they were gonna federally indict him and he'd spend the rest of his life in feds. And he told 'em 'fuckin' bring it'." [redacted] said they "need to leave him alone" because [redacted] "hasn't done shit". Skylar said he tried to tell [redacted] like he tried to tell [redacted] in a letter, that it's not that he doesn't trust them, but that when everything was going on, [redacted] probably thought he (Skylar) didn't trust him. [redacted] said she knew Skylar was "keeping us safe, we're not stupid. We knew you were keeping us safe. But I don't feel betrayed at all."

[redacted] said, "They're fuckin' with him hard-core." [redacted] said she found an attorney who may take the case, but won't get paid unless [redacted] gets paid. Skylar tells her to file, so that she can get a lot of money. [redacted] tells Skylar "[redacted] sittin' there, she's a mess right now." Skylar asks "Have they tired to talk to her?" [redacted] said, "No". **Skylar tells [redacted] to tell "[redacted] that if they do call her to tell them to, " 'eat a dick, hang up on 'em, and change her phone number. Um, tell her do not even, don't even wait for the questions they ask, because they're gonna try whatever. They're, they're gonna try whatever to uh, um'...". [redacted] tells him not to worry and that "[redacted] is "all over it"**. Skylar tells [redacted] to tell "[redacted] to say do they think "a fuckin' chick, a female is doing that shit" (chuckling) and says, "tell her, 'get out of here it's the guys doin' it'."

Skylar said, "I'm hopin' that they're not listenin' to somebody, or somebody's not sayin' some weird shit, cause like..." and trials off. Skylar asks [redacted] if [redacted] told her "which fuckin' FBI agent come to talk to him? Did he, did he get names or like descriptions of what they look like?" [redacted] tells him no, that there was just one and that he "flashed his badge real quick". [redacted] said he (FBI agent) was with Brian Adams, and some female guard told [redacted] that "investigations told them to bust his balls." Skylar asks, "So Brian Adams, huh?" [redacted] said, "Yeah. Yeah, that's who it is." Skylar again said he didn't want to say too much about what all did happened but, "no matter how much you talk about somethin', or plan somethin', when it starts hapenin', it's, probably gonna be totally different, you know."

They talked about having his property released to his mom, [redacted] Skylar said, "They could barely handle me in fuckin' ad-seg, you know and like, they're fuckin' with people's heads and shit. I understand to a certain degree they have to, uh... they have to go about their business, but... You know, fuck with people's family it, it's a 2 way street". Then, "The whole time I was out, you know, like I kept it on my mind like... you know, no women, no, no, no. I mean there's, there's a line, you know." [redacted] would say,

"Yeah" and "um hum." Skylar said, "I'm an idiot. Should of never come back to Idaho." Skylar said, "I didn't plan on somebody gettin' fuckin' shot and uh..." trails off.

Skylar said, "Hey the shit with, the shit with Tia, just let her know like, fuck I'm sorry. And uh, I would of never done, what I, you know do, you know, if it came down to it. But I'm sorry, fuckin' I put her in this situation, you know." Skylar said he thinks Tia's in the same jail as him (Ada County jail) and charged with "conspiracy and all kids of other shit". [redacted] said, "Yeah she is. She's raisin' hell in there" and, "Yeah, my dude told me that." They then talked about "[redacted] and Skylar asked if "[redacted] was in Twin (Falls) or if "[redacted] posted her bond. Skylar tells [redacted] he's "gettin' out of this box on the 18th". Skylar tells [redacted] to tell [redacted] he will talk to her tomorrow (4/19/24). Skylar tells [redacted] to tell [redacted] that he "can't send postage out of the Country, but like I'm just gonna send it to you and have you bounce it, alright?" [redacted] says, "That's fine, that's fine."

4/19/2024 - at 0856 hours to [redacted] (accent) [redacted]

Skylar asks her what time it is where she is. [redacted] says, "almost 1 in the morning." Skylar said he's sending a letter to her through his mom, because he can't send letters "out of the Country". [redacted] tells Skylar she's sent him "4 packages" and put money on his books and phone. Skylar tells her he will explain things to her when he can, but that "things will get a lot worse before they get better." Skylar tells [redacted] "I'll plead guilty to all this shit, and um.... uh try to get, get back to the prison". Skylar believes when he takes a plea that Ada County won't have custody of him anymore and that "they'll pretty much have to come pick me up". Skylar tells [redacted] "they're fuckin' with [redacted] [redacted] says, "[redacted] not helping his situation." Skylar said he knows [redacted] "needs to stop", then asks, "Hey, is [redacted] talkin' to him?"

[redacted] tells Skylar she's mad at [redacted] and deleted or blocked him because he was being a jerk to her. Skylar said [redacted] probably acting that way, because he ([redacted] feels like Skylar betrayed him, because [redacted] didn't know what he was going to do. [redacted] said an unknown female asked her if she's heard from Skylar (after his escape) and she said "maybe", then tells the person they should look at "Google". Skylar said "fuck her dude!", and says this unknown female has "asked some fuckin' weird shit", and tells [redacted] to "back away from her ass". [redacted] said she wondered why the female was asking her things, since she was already watching the news about what happened.

Skylar tells [redacted] "I mean, you already know like I knew a bunch of shit, like I shouldn't have known before I left. And like I already, fuckin' like, and then, come, somethin' was brought up about somebody meetin' with somebody and, and her bein' like uh... Yeah, just back away from her. She's asking about like time frames and shit. And I was like 'what the fuck?', and she was, 'I know', she's like 'I know it seems weird I'd ask about.. time frames', I said, 'very fuckin' weird!'." Skylar said he was

"paranoid" and didn't tell his brother or mother about what he was doing, because he thought his mom's "phone is fuckin' tapped".

Skylar tells [redacted] to call an unknown male and "be all professional" and tell that male that he or she's "not gonna fuck that up". Skylar says, "The motherfuckers at the prison... you know like, reap what you sow type thing". Skylar again tells [redacted] to "back away" from this unknown female who was asking questions. [redacted] asks, "Are you talkin' about [redacted] Skylar is talking over her and says, "she's done time. When you've done time, you know that you can't ask questions. Dude, especially not about somethin' like this, what the fuck!" [redacted] says "she's time-lining me about like stuff about [redacted] and some other stuff". [redacted] said she knows the female is trying to get her to say stuff, but she won't. [redacted] said, "Even when [redacted] pissed me off, I'm still not gettin' [redacted] in fuckin' trouble with his fuckin' 600 girlfriends."

Skylar asks [redacted] "Did you get that money from my mom?" [redacted] said [redacted] told her that he (Skylar) wanted [redacted] to send [redacted] $200 a month, but [redacted] told [redacted] to keep the money and use it to put it on Skylar's books. Skylar said he told [redacted] to keep some of it, then send $200 to [redacted] and tell her "I love ya, happy birthday, you already know what time it is." Skylar is apologizing to [redacted] for what happened saying, "I just fukin' feel like shit, like nothin', all this shit was not supposed to happen. Like people weren't like..." Skylar trails off.

Skylar asked [redacted] "Did you hear what I did?" [redacted] said, "No, I don't know what you did. All I know is that bitch fuckin' popped up. I thought, 'why the fuck is she there'?" Skylar laughs, then said "Basically I went over there and you know she... you already know she's owed me money for a long time, you know. Um... just cause like I went for money." Skylar said, "I was takin' her money and shit and she, whatever, whatever." Skylar said, "I told her like, 'Hey like uh, drive me over here. I'm gonna drop this fuckin' van off and um.... I can't say too much because, you know like.. I'm not gonna fight the case, but my boy is gonna fight the case. So, I don't want to uh... you know." Skylar tells [redacted] he told the female "I'm not askin' you, I'm like 'we're gonna go over here, we're gonna drop the fuckin', the van off to mom's house. We're gonna come back, and I'm gonna get some clothes, I'm gonna shower and get the fuck outta here'." Skylar goes on to say a "dude drive by" so he tells "Moose like 'hey we're hittin' it, like it's goin' down right now. So like we can either leave or we can, we can do it right here, you know and get the kids out of the house." Skylar said he was "worried about him". Skylar said they "got in the truck and we left... and uh they got behind us, and I, and she dro, like to pull over, and I you know... Put that thing in her face and pretty much told her 'hey, just, keep drivin'."

Skylar tells [redacted] he has to go, but to tell [redacted] to "try and be good".

4/20/2024 - at 0824 hours to [redacted] [redacted] [redacted] (copy of this call burned onto disc for FBI)

Skylar tells [redacted] to briefly tell him everything that's happened with [redacted] since he left, then he doesn't want to talk about it anymore. [redacted] tells him they extracted [redacted] from his cell, put him on the x-ray or "box chair" the morning Skylar escaped, then they put him "in a dry cell and kept him uh naked for like 2 or 3 days". [redacted] said it was after they extracted him, they told [redacted] he'd get back all his stuff on the 21st (possibly of March). However, they didn't so that's why [redacted] broke the porcelain toilet off the wall, using it to break a window, then tore the porcelain sink off the wall and started "chuckin' it a [redacted]

Skylar tells [redacted] "Tell him ([redacted] to kick back. ", and that "You're ([redacted] on a tier with a bunch of dudes you can fuckin' terrorize and, and, and manipulate and fuckin' do a bunch of fucked up shit. Tell him to kick back." Skylar then said, "the cops are fuckin' pussies. Like, they're not gonna put drugs in, uh they care about their jobs too much. These motherfuckers got child molesters; you got [redacted] over there that shot a State Trooper in his face." Then said, "They haven't done a fuckin' thing." Skylar told [redacted] to "relay all this to his stupid ass" and said "yeah, they're gonna play with his mind, cause [redacted] mind is fuckin' fragile. I love him, but uh, I'm not gonna put a bunch of shit on the phone right now so they can use it against, whatever, whatever."

[redacted] gets upset and tells Skylar, "I can't make a fuckin' move anyways. Any time I'm gettin' ready to make a phone call or anything, you guys got a chick that does that. So, I'm just gonna let you all do it." Skylar asked [redacted] "the first 6 years how did I do it? With nobody in the fuckin' picture! **You didn't even know I was in a gang for fuckin' like 4 years mom**. And I kept it that way, because it's easier on me." Skylar tells [redacted] "[redacted] and I are never coming home again." Skylar tells [redacted] "all this shit we're doin' in here, we're fuckin' doin' it to ourselves", and tells her she needs to focus on her own life.

Skylar said he wrote [redacted] a letter, but doesn't know if they'll give it to him. Skylar said, "You know I'm curious to see what they're askin', what they're askin' about. Why they went and tried to meet with him. And uh, I'm thinkin' about just hittin' him up and askin' him like 'what's up?' you know uh, before I just invoke my rights and tell the FBI dude and this Idaho State Police I can't, I got nothin' to say." [redacted] tells Skylar she was told the State Police put a "block or a hold on his phone calls or somethin', he can't use the phone because of them". Skylar tells [redacted] "Yeah probably cause they don't want (unintelligible) hearin' what the fuck is goin' on in there". **Skylar tells [redacted] to "tell him to his face", and "tell him to do what he's got to do and stick, stick to what I told him. You know, stick to what I told him to do**."

[redacted] said [redacted] said he wants to just live a good life in there (prison), be able to go "to the yard" and start his life over, but they won't let him, because they want him ([redacted] to tell them what he knows about Skylar. Skylar then said, "Tell him I said 'do it'." Skylar then said a time when a guy took [redacted] out and "said somethin' hella weird and cryptic, and he ([redacted] immediately hit me up when he got back in and said, 'hey why did, what uh, what… why did he just tell me that?', and I said, 'hey, it'll make sense one day', you know. Well uh, that one day is fuckin', I'm hopin' it already clicked in his mind. But if he's doin'

weird-ass shit and breakin' shit and fuckin', his pupils are dilated and whatever, like aaah I'm not sure it he's gonna get it you know. **But um, I put in a letter, that hey 'it's, it's him, you know. And it's been him the whole fuckin' time'. So… either he can use it and burn it… uh… Or I'm gonna, you know." I'm like, I don't give a fuck. My life is over**". Skylar also said, "More than likely I'm gonna be on death row. And if I'm not, I'm for sure, 100% gonna be in here for the rest of my life". Skylar said he's "fightin' it how they want us to fight it" by "assaulting staff" and doing "tit for tat shit."

Skylar said, "I know they gotta wonder how I did it. You know what I mean? I know they gotta wonder who gave me the fuckin' phone to do it." Skylar said he's thinking about telling the news about a **gmail account and said, "get in this email and pull all the fuckin' shit off the gmail. Cause as soon as I give it to somebody, the Feds are gonna immediately go after it, you know. And I'm, I don't think the Feds are gonna screw up somethin**' (gets garbled due to [redacted] talking)." Skylar says, "[redacted] is hella tight with that fuckin' FBI agent." [redacted] said [redacted] "told me he's got something on the cloud about DOR meetings and all that shit." Skylar asked, "DOR meetings?" [redacted] said, "DOR hearings and how they're corrupt in there."

Skylar said he has something documented about a "conversation I had with a Captain" and a "conversation that somebody else had with commands on the tier, I've gotten both of those and. I'm not really tryin' to do all that shit, but uh.... Like, that's kinda where I'm at, you know. I'm, I've never, I've never went against the code. I've never fuckin' told, I've never even, never even, my whole fuckin' life has been on the line before and I just (scoffs), uh, I don't even give a fuck. You know like, I'll never fold for anything, or anybody but.. uh, when it comes to these cops, like..." and trails off. Skylar tells [redacted] to find out what tier [redacted] is on and tell him to "be as bad as he wants to." Skylar tells [redacted] to give [redacted] the message to "hit up somebody on his tier, find out uh where he's at, blah, blah"

Skylar says, "tell him he can either burn it, and use it, um. Because if he don't give a fuck... He's been tryin' to get out of this life forever . He don't give, he don't like all this shit. He don't wanna do all this, um... But I'm not gonna force his hand to do it either, you know. I want him to say, 'Yeah, I don't care if you do that.' And I'm probably gonna do it." Skylar said "I'll never tell on anybody, I'll never fuckin' do any of that". Skylar said, "What they're doin' is like Cartel shit, you know. Cartel tactics. If you can't get to somebody, so get their family. It's a two way street." [redacted] says, "Yeah."

Skylar said, "I mean, we're in ad-seg (administrative segregation/solitary confinement). We don't get visits. Who the fuck think, (chuckles) who the fuck you think gave me the mother-fuckin' phone. You know what I mean?" Skylar said "all their bitch-ass staff members and all their fuckin' bitch-ass Correctional Officers can select on [redacted] but.... You know, they need to look at each other."

Skylar said, "You know, I'm fuckin' myself by talkin' to you right now, so..." [redacted] says, "Yeah." Skylar tells [redacted] "I want you to back away from all this and stay out of all this cause like, you'll be the next one

that, you know... they try to hit and uh... That's the last thing I need. The shit you say, who you're talkin' to and all that, it's, it'll fuck people. You know that, right?" [redacted] says "Yep." Skylar tells her not to tell him who she's talking to, what they're saying or anything, because he knows his phone calls are being listened to. Skylar said it's hard for him to not ask her "to help me, and to do this, and I need this, and, and I need this done", because it will look like she's involved and that there's "malice" or "intent" that's not there.

Sklyar said it's the "littlest thing" that they're (law enforcement) focusing on and connecting, and said, "For the most part, I can't give 'em everything they, uh they want. You know that, um the shit they wanted on me? Um, you know I'm gonna, I'm gonna give it to 'em. And, and uh, my attorney's tellin' me not to, and advising me against it and shit. But for the most part I need to get out in front of it. It's like they're, they're gonna get people that, that don't deserve it and they didn't have anything to do with it. But just cause I talked to them or just because I was around them". [redacted] talks over him again. [redacted] tells Skylar to "listen to your fucking lawyer, don't be givin' them shit they don't got. Knock it off." Skylar said he feels terrible for "Moose" (Nicholas Umphenour) saying he feels like he "set his ass up" for "Moose" trying to help him. [redacted] says, "Yeah, keep talkin', keep talkin', fry yourself." Skylar said he's going to "tell 'em my part" as much as he can without "implementing (implicating) anybody else".

Skylar claimed Tia had nothing to do with it, then said, **"I told Tia I was gonna shoot her fuckin' house up and shit". [redacted] said, "Nobody fuckin' helped you that didn't want to fuckin' help you**, because everybody loves you." Skylar said, "I'm gonna be selfish as fuck too once in my life... and like... I took it, I just went too far, you know. I just went too far with all this shit. And uh....", trails off. [redacted] tells Skylar when he "fuckin' take the bullet for people", he only makes things worse for himself and them. **Skylar says, "If I could give you details, like I can talk to my attorney and tell him to run this fuckin' whole thing down to you. Um, but he don't even, I don't even, um... I don't even know him well enough to, to run the whole thing down to him. But for the most part it's, I mean for the most part he knows, he knows what's up. And uh... I can tell him to run it down to you. And you're gonna feel different. I promise you**."

[redacted] tells Skylar he keeps taking the blame or punishment for others actions and references something that happened with "[redacted] when Skylar was 18 years old. Skylar said, "That was a fuckin' 5 year beef. This is forever!" [redacted] said, "And you're not gonna be able to fix it and take it away! All you're gonna do is fry yourself on the way out!" Skylar yells, "Mom, I'm fried!!" [redacted] said, "Yeah, and you're gonna make it worse." Skylar says, "It is no worse! It get's no worse! Like, do, do you want me to say it on a recorded fuckin' phone call? Jesus Christ, dude get a grip!"

Skylar tells [redacted] "Pretty sure I fuckin' pissed my attorney off." Skylar tells [redacted] that, "it's like tit for tat, you know". Skylar tells [redacted] to "I need you to get your aye, get, get on the Signal right now, and punch a number in. And see if it pops up." [redacted] starts to do it, but then Skylar tells her, "Ah fuck. Nah, don't do it like that because, yeah don't do it like that. Um... Just ask around and try to figure out... like it, there's only like, literally like one person and... maybe 2 if you ask the right person. **Try to figure out um... his Signal number, and hit him up on Signal. Only on Signal."** Skylar tells [redacted] to **"Tell him like hey, the next time he goes to work... um, like I love him. And, and like him and I got closer than a mother-fucker over a short period of time. And I care about his family and shit. And uh... But I care about my family more, you know. And, tell him next time he goes to work, he needs to fuckin' drop a subtle hint or drop some fuckin' message that people need to think about their families. Got all that? Like, verbatim! You got that?" [redacted] says, "Yes."** Skylar goes on to say, **"Tell him I don't give a fuck how he does it, or whatever he does**, but like it um, I'm surprised he hasn't said, 'hey, uh....'. I'm sorry to even ask you to do this. It's not anything bad or anything. Like it's not anything fucked up. It's not. But uh... If [redacted] makin' shit worse on himself, that's one thing. Fuck him, you know. Let him, hey you know, go in there and beat his ass and do whatever."

Skylar tells [redacted] **"Puts me in a really, really fucked up position. You know like, uh, uh... givin' up like... You know, givin' up fuckin' (chuckles), givin' up cops and shit (chuckles again). It's still givin' mother-fuckers up, you know what I mean? I'm not a fuckin' piece of shit. I'm not rat, you know what I mean? But uh... They got me fucked up."** Skylar tells [redacted] that in 2 weeks his attorney is going to "try to do some shit" to where "somebody has to come pick me up". Skylar said "If I head back that way like, I might be sittin' down and talkin' to Brian Adams' fuckin' bitch-ass! And fuckin', and just, and talk to him about some shit. But for the most part like, I'm not, I'm not gonna be able to give them everything they want." Skylar said he didn't want to implicate anyone else. Skylar said he's willing to talk a little bit with Brian Adams, but said some of it "is gonna make him look stupid". Skylar said, "it might make my shit worse".

Skylar starts talking about "Tia" saying that's she's being charged with "aiding and abetting". Skylar said, "I basically told her to do anything she's asked." Skylar said "her and I got like a little bit of a history and shit", and "she's a fuckin' gangster, she's a good girl". Skylar said he and Tia got into an argument then tells [redacted] "I said some hella' fucked up shit to her about shootin' her kids' house up and shit." Skylar said he should have not done that to make Tia do what he needed done. Skylar cryptically talks about a "phone" he talked to her about when he last talked with her then said, "Let's talk about something else so I can stop fuckin' incriminating myself right now". It's hard to hear what he says, as [redacted] is talking over him.

Skylar said he's been trying to be good, but when he was charged with another felony, it set him off. Skylar said "Alls I wanted to do was just Facetime and chill with you. You know like, chill, Facetime, look at Pornhub". Skylar talks about a "[redacted] and asks [redacted] if he can "break her heart" or says he can

"pass her to one of the Mexican's in here". [redacted] tells Skylar to "get her to put money on your books first", then they laugh. They start talking about females that may have been involved with Skylar such as, "Tia and then that you were with Tonia (spelling?)" and a "[redacted] [redacted] **said, "I didn't realize that the stuff with Shorty was actually more in, like involved than it was". Skylar tells [redacted] not to talk about it, because "Hey like, let's not really talk about the Shorty thing, cause she can get in trouble, you know."** Skylar tells [redacted] to talk "to the one I told you to back away from" about "Shorty". Skylar goes on to say he's afraid of saying something that will "get my homie killed" or himself.

Skylar tells [redacted] he wanted to call her when he was "up North", but he "didn't want to call you and have fuckin', God-damned Interpol pick your ass up,or whoever it is". [redacted] said for a couple of days, anytime she heard a car door, "my ass was puckerin' ", then said, "I realized, they don't have no jurisdiction over here. Bitch fuck off, suck my dick, fuck off, whatever." [redacted] said, "Unless I step foot in your Country, they can fuckin', they can't do shit to me." Skylar asks [redacted] if her passport is "all good right now", and she says yes. **Skylar again tells [redacted] to get a hold of some unknown female to see "if that dude is still workin' in the same area, just tell him like 'hey uh like you need to uh', hey do it with a different phone too. Do it with a different phone, and probably use like a wifi or somethin' like"**. Skylar asks [redacted] "You still got that other phone?" [redacted] tells him no, but that she can do something about that. Skylar tells [redacted] to, **"Tell him uh, I shouldn't have to ask, you know what I mean.", to tell him, "Y E F F, what up mother-fucker and I love him. And uh.... And he's treacherous (chuckles)". Skylar said to also say, "I got money on my books" and to tell the male "I need about $500 bucks." Skylar said, "Tell him like I need the CashApp. Send it to my mom."** Skylar tells [redacted] that if they put him on trial for all of this that "you should come down".

[redacted] asked Skylar, "When you said 'up North', what does that mean?" Skylar tells her that Idaho is "shaped like a gun, it'd be like the tip", and that his lawyer said, "Nez Perce County" and either "Clearwater or Clearsprings". Skylar said his lawyer said he'll probably have to go up there, but doesn't know if he'll be charged or have to go to court for what happened in Twin Falls. Skylar started to say "they found drugs in my uh", stopped then and claimed, "they planted drugs in my underwear when I wasn't lookin'. And uh, they found drugs in my underwear too." Skylar said, "they found like 2 little packages or whatever." Skylar then claimed, "Yeah, you know I don't fuckin' do drugs babe." Skylar said he'd plead guilty to most of his charges, so long as they drop the drug charge from the jail.

[redacted] asks what he's going to do "about this [redacted] thing". Skylar said "Well, if you're cool with me breakin' her heart, I'm gonna fuckin' terrorize her and break her ass, break her in half. Uh, fuck that bitch! All that shit she did to me."

Skylar tells her, "Alright listen... don't say anything, especially since...(chucles). For the most part it don't matter, but um, it matters for everybody else, you know." Skylar asks her if she got his "message the other day" and said, "you know I'm tellin' the truth, righ?" [redacted] tells him she didn't know. Skylar said he wants her to say 'Yes, I know you're tellin' the truth, you' would never do that'." **Skylar said maybe they'll talk one day, then asks, "Has anybody talked to you?" [redacted] tells him yes. Skylar says, "Fuck. Who was it?" [redacted] tells Skylar, "I had to give 'em my phone." Skylar replies, "Oh my God.", and asked it if got her in trouble and that, "There ain't gonna be, I mean you got nothin' on me, right?" [redacted] said she didn't know, but said "they didn't get anything from me"**.

Skylar asked her again who talked to her. [redacted] said, "A lot of people." Skylar said he wants to know about "the people that matter, I don't give a fuck about P&P or none of them fuckin' assholes." Skylar asks if the FBI talked to her and she said no. Skylar asked, "Idaho State Police?", and she said yes. Skylar asked, "Was it uh kinda an older dude, shorter, um a little bit like uh, like kinda chubby?" [redacted] tells Skylar she doesn't remember what the ISP person looked like, and can hardly remember what she ate for breakfast because she's pregnant. Skylar asks her, "What are we gonna name our baby?" Skylar said he likes "[redacted] and [redacted] said, "[redacted]" (spelling?)

[redacted] tells Skylar they read all her messages, and Skylar said, "My messages to you?" [redacted] said they read the ones on, "Signal, on my text messages". Skylar raised his voice and said, "What the fuck do you mean!? That's why you fuckin' uh... (then calmer) I don't really care." Skylar then said, "So what messages... So you kept all the messages on Signal?" [redacted] told him she doesn't know how to delete the messages off Signal. Skylar said, "The point of usin' Signal is to have a disappearin' messages on 'em". [redacted] said, "Your voice messages don't disappear.", and "Voice messages don't disappear. Your regular do." Skylar reacts and says, "Oh my God! Ah fuck."

[redacted] tells Skylar he was dumb for "coming back to Twin" and that it was "all for Tonia" (spelling?) Skylar asks [redacted] "Did you hear what I did to Tonia?" Skylar said he doesn't want to make anything worse for himself by talking about it. Skylar is laughing while telling [redacted] she needs to "hit her (Tonia) up and ask her how our conversation went and, and how the time went that I spent with her". Skylar said he hadn't talked to Tonia for almost 8 months, but that "the bitch owes me money". Skylar tells [redacted] he doesn't know why he's explaining himself, then said she needs to "get your fuckin' act straight, or your ass'll fuckin' end up in mother-fuckin' zip-ties".

Skylar says he "wouldn't of did anything to your girlfriend", and that, "I know you're pregnant with our baby right now. And uh... I would never endanger any of that shit." Skylar tells her he's not mad at her, then says, "turn your fuckin' disappearing messages on dude." [redacted] said she doesn't have Signal anymore. **Skylar asks, "Hey so is there anything like, is there anything like, what's like? If you can think of somethin'... what's the worst thing that they got on there?" Skylar said he meant like on**

him and said, "I probably said somethin' stupid."

4/21/2024 - at 0831 hours to [redacted] (accent) [redacted]

Skylar and [redacted] say how it's good to hear each other's voice. Skylar says he doesn't know what all she's heard, but claims, "they're sayin' all kinds of weird ass shit on the news". Skylar tells her he misses her. Skylar again tells her he wanted to hear her voice and that, "I didn't forget about you. Not even for a second. Like I still love you, I still miss you. I'm still thinkin' about you, like.. I just got a lot goin' on right now. And the past 6 months have been fuckin'…" and trails off. Skylar at one point tells [redacted] he got a janitor job. [redacted] tells Skylar she's "still here". Skylar tells her, "you hittin' me up means like, the world to me. Like when I see you on there, I just… I expected everybody to disappear you know."

4/21/2024 - at 0837 hours to [redacted] (accent) [redacted]

Skylar tells [redacted] he's missing her and just got out of the shower. (Skylar had called 2 other females, [redacted] and [redacted] back to back before calling [redacted] Skylar tells her, "I was just tellin fuckin', uh, I was just tellin' somebody ([redacted] that, that I got a fuckin' uh, a janitor job and shit. (laughs) Get the fuck outta here!"

Skylar asks [redacted] if anyone's called her. [redacted] said no. Skylar asked if [redacted] told her ([redacted] who they did call or talk to. Skylar then said, "I know they hit up [redacted] I know they hit up fuckin' uh, they hit up [redacted] And… uh they hit up [redacted] [redacted] said according to some paper someone "tried reaching out to your dad". Skylar said, "Whatchu talkin' bout, I don't have a dad." Skylar speculated if she meant "[redacted] then said, "God I hope they don't fuckin' talk to his ass." Skylar said, "I already went the (chuckles), the fugitive route with him ([redacted])," when Skylar was 16 years old and in South Carolina. Skylar indicated "[redacted] helped him do something, then threatened to call law enforcement on Skylar.

[redacted] asked Skylar if he knows someone with the last name of "[redacted] who's incarcerated with [redacted] Skylar said, "You talkin' bout [redacted] right?" [redacted] says yes and Skylar asked what about him. [redacted] said, "he wrote an 11 page thing about you." Skylar said, "Oh yeah, I would imagine like, fuck that dude. Like, eh he… he's the one that uh, he checked in and, and, then made up all kinds of, like I read some it, but most of it's all protected. It's under the, the Fed shit, you know." Skylar said people from GP (general population) were writing Skylar telling him about some "weird-ass shit" [redacted] was doing. Skylar told [redacted] "I was, 'dude… why are you guys fuckin' writin' me about his weird-ass shit? Handle it'. What the fuck?" Skylar said some of the stuff [redacted] was writing was "I'm talkin' bout hey, weird-ass shit. Like.. jus, embarrassing ass fuckin' like", then says [redacted] is a "psycho".

Skylar tells [redacted] "They took [redacted] phone and uh, uh basically we just, uh… You know, askin' her

1. Incident Topic	2. Subject/Victim's Name

if, just to fuckin', pick somebody up or whatever. And took her phone, and I'm just tryin' uh like. I mean I don't really care. It's not, uh, none of this shit was like planned. It was all, whatever, whatever so. Fuckin' God-damnit dude. What's the point of having Signal, uh if you ain't got your uh, uh disappearing messages on, and all your shit turned on?"

Skylar said he's going to try to figure "how to do international postage" so he can send [redacted] stuff directly. [redacted] asked Skylar what all [redacted] has said. Skylar said [redacted] was calling him out for setting up a visit, then now showing up for it, and telling him that he "fucked up". Skylar then claimed, "I made it very clear that uh, my only intention is to hurt her. So, stay away from me." [redacted] said she doesn't care that [redacted] in contact with Skylar to put money on his books, but doesn't want [redacted] really talking to Skylar and "thinking that it's a fucking in". Skylar then said, "Cause she's probably workin' a deal with the Feds to get her fuckin' God-damned green card and shit. Fuck, she's gonna give me up to fuckin' get in the US. I don't want her trash over here. I don't want her fuckin' infiltratin' uh, the American um, mother-fuckin' spirit dude. She's a savage." Skylar tells her he's out of time and has to go.

4/21/2024 - at 0858 hours to [redacted] (accent) [redacted]

Skylar asks [redacted] to figure out where he needs to send a "tort claim" to while he's in the Ada County Jail. Skylar also tells [redacted] to look up cases relating to "Pierce", "Spain", "Mendiola" and "Martinez" and gave her a "number on it" of: 836F.3d@1257 . Skylar told [redacted] to find cases where it shows they have to provide "adequate and meaningful recreation". Skylar said when he gets his recreation time, he's still in shackles, even when walking around.

[redacted] asked Skylar what happened when he talked to his mom. Skylar said he told [redacted] he was going to "cop to my part. Like there's some shit that my boy is gonna get hit for, and he don't deserve to get hit it. And I fucked him. Like at the last second, right before they hit us; I fuckin' bam, bam, bam and was like, 'here, fuck take this woo woo and get the, and get the fuck in the van and drive right now.' And it's just hella fucked up. I shouldn't uh done that to him. I just, I, I thought I was helpin' him at the time, and uh…. And I basically fucked him worse than like, I mean there, there's no possible more way I could have fucked him besides shoot him myself. You know what I mean?"

4/22/2024 - at 0849 hours to [redacted] (accent) [redacted]

Skylar tells [redacted] how much he loves and appreciates all she does for him; for being there for him and that he doesn't want to be with anyone else. Skylar asks [redacted] "It's gonnna be a bumpy road. You know that, right?" Skylar tells [redacted] "You've literally seen me at my worst. Like nobody's seen me at my worst. My fuckin' own family hasn't even seen me at my worst. But you literally got to see some shit that I wish like… Like I gotta kill this bitch so that, she'll never, ever tellin' anybody what the fuck just

happened." Skylar is laughing. Skylar said, "Don't let, not ever talk about anything like that on the phone, in messages or anything!" [redacted] said, "Is that why you don't want me mentionin' butt stuff?" Skylar said, "Stop playin'. Never, ever, not ever, no butt stuff happened. ([redacted] laughing) Skylar yells, "Fuck you!" Skylar tells [redacted] again to stop and says, "Mother-fucker, the FBI's listenin' to this shit."

4/22/2024 - at 0855 hours to [redacted] (accent) [redacted]

Skylar tells [redacted] he can't pick up a phone and that the receiver is in the wall when he talks to her. [redacted] asks Skylar if [redacted] has his IDOC number tattooed on herself. Skylar says yes, then said [redacted] has his and [redacted] IDOC number, and their last name tattooed on her. Skylar said [redacted] a "fuckin' gangster". Skylar then said, "I need to find out what her baby-daddy's name is. Cause she's pregnant right now." Skylar tells [redacted] to try and find out the name of [redacted] baby's dad is, find out if he lives in Twin Falls, and let him (Skylar) know.

Skylar and [redacted] talk about how people are "painting" him as "a piece of shit". [redacted] tells him people will see his "AK skin, they see your criminal record, they see all that stuff. That's how they pigeonhole" him. Skylar claims, "I'm not even a fuckin' gang-banger." (In a previous call with his mom, [redacted] on 4/20/24 at 0824 hours, Skylar said she didn't realize he "was in a gang" for 4 years.) Skylar said the rumor he's been hearing is that "they made it seem like I went crazy and shit. And, motherfucker like, I did not go crazy."

[redacted] tells Skylar, "That (inaudible name @ approx. 6 min:56 seconds into call) chick did a full time-line of everything you've done. Like she was like, 'at 2 o'clock he was here'." Skylar interrupted her and asked, "Who did?" [redacted] said, "You remember that chick from that Facebook page on f, um like that Idaho fuckin' one?" Skylar said, "Oh yeah, yeah.", then said, "Yeah, I know who you're talkin' bout." [redacted] went on to say that unknown female had a timeline of how he (Skylar) hurt himself, and that he swallowed something at a certain time. [redacted] wondered how this female knew that. Skylar said, "there's cops on there" that told what all happened for the female to know all of this. [redacted] said there's also rumor of how [redacted] and Skylar "use women" and that their mom [redacted] was "the ring leader". Skylar starts yelling to someone in the background, then tells [redacted] is was "[redacted] and that [redacted] "just got uh 10 to 15" years.

4/26/2024 - at 0840 hours to [redacted] [redacted] [redacted]

[redacted] and Skylar start talking cryptically right away. [redacted] said, "Listen I, I got your messages and I, I'm on that for ya. I'm, I'm in the process of, of doin' that right now, ok?" Skylar tells [redacted] she needs to

"pass a lot of that to [redacted] and just tell [redacted] to ha, handle it. Like I needed it handled uh, a day ago. 24 hours ago like." [redacted] said she's "already on it" and said she scheduled a visit with him.

Skylar said, "I need his name and shit too, cause… For the most part we can communicate through our attorneys and shit. And uh, I haven't even really tried hollerin' at him. Just send my love and just tell him 'hey, woo, woo, blah, blah, blah'." Skylar said she shouldn't have to ask people to make sure he's ok and taken care of.

Skylar said "I sent another letter for, for Bro too, um alright cool." [redacted] quickly said, "I know. I know.", then said, "I got you." Skylar asked "Have you heard from him? Has he called or anything?" [redacted] tells Skylar "he messaged me two days ago and I did him a favor, and, and he seems ok". [redacted] tells Skylar that "[redacted] coming here tomorrow, or the next day, the 29th." Skylar asks, "To Tennessee?" [redacted] says yes and that, "she's comin' to meet me." [redacted] said, "She's waitin' on my call." Skylar's laughing and says, "For reals?" [redacted] said, "She's ([redacted] like, 'I've been a part of this family for 5 years, it's time we meet.' I was like alright, 'well come on girl, bring it'." Skylar tells [redacted] about "[redacted] that he ([redacted] shot up, or "lit somebody's house up", but Skylar's been telling everyone that "[redacted] shot a pre-school up.

[redacted] tells Skylar, "I was talkin' to uh your sister's dude, and he was tellin' me that um, his uh, newest uh, person down and around there is a jug." Skylar said, "Oh g, really?", and then, "Uh like new shit?" [redacted] said, "he just showed up there. Had to go for medical or somethin', and he just showed up there." Skylar then said, "Oh no way.", and "Oh nice." Skylar mutters under his breath something about "there ain't nothin' to worry about". Skylar tells [redacted] to tell this unknown person, "Let that motherfucker I love him. And uh, a, a, anything new, to like hey so… I'm in here with uh… I guess there was like a huge ass indictment, where like 50 people involved in an indictment, all wrapped up in the same shit. And it's just…", trails off. Then said, "Like 10 or fif, 10 or 15 Southsiders like. I don't know, that's what, that's what I'm hearin'. Like you, you know how word is in here. Like can never really believe anything you hear."

Skylar asks [redacted] why "[redacted] don't uh accept my calls. She don't uh answer none of my messages. Uh, what's up? Did she do somethin' bad or did she do somethin' weird or what?" [redacted] tells Skylar, "She cries over you" and "she's been lyin' to court". Skylar tells [redacted] to tell [redacted] that "if she has somethin' to say, then fuckin' say it. Like if somethin' happened, then she needs to fuckin' say it. Because um, I need it like, just besides wantin' to talk to her, I need to con, I need to get in contact with her and find out exactly what the fuck's goin' on. Like dude, uh when the Feds come talk to you or somethin', go fuck your, tell 'em 'hey, eat a fuckin' dick, um let's go to jail, uh, uh or, or whatever, I want an attorney'." [redacted] tells Skylar that [redacted] "got a letter from someone" that was supposed to have a message for her ([redacted] but [redacted] told [redacted] ex, not her. Skylar asked if [redacted] got the message and she said no.

Skylar said [redacted] a "burn out", but that "she's not a flake". Skylar said, "Like anything I tell her, if she don't understand it, even if she does understand, **she still needs to pass it along. Pass that**

information along to other people." Skylar then said, "All is I basically said was just uh, to uh… tell fuckin' [redacted] (spelling? And unknown if male or female) that there was an M1 recovered at the scene. Like that's what somebody told me." Skylar said he was trying to get [redacted] to tell [redacted] that. **Skylar said if [redacted] gets on the phone and tells [redacted] that, "then obviously they're gonna fuckin' know who the fuck, you know what I mean? So um, obviously don't tell fuckin' [redacted] that on a recorded phone call.** Um… So I hope people are knowin' like hey, if you're gonna use a name uh, and, and like say like, hey you're callin' fuckin' Amber, Amber and, and you say 'hey Amber's birthday was yesterday', well you just fuckin' told 'em who Amber was."

Skylar said he's been told "little snip-its" of information, and said, "They said that they got video at a Taco Time of Moose meetin' up with an un, an unidentified white male. They've described his car a little bit, but I don't wanna say it, cause I don't like, I don't. I would rather just verbatim it. Just not fuck it up. And they, that he got a package. That he was handed a package. They didn't get no license plate. They didn't get, the description was bad. They didn't, weren't able to id him, but they said that… he met up with him." Skylar asked if it was somewhere here in Boise and they told him yes.

Skylar asked how "they id'd my boy". Skylar was told, "Well they said he was sittin' in a parkin' lot of the hospital for hours waitin'. And then he was flippin' um, he was smokin' black 'n mild, or whatever, and flippin' 'em out the window." Skylar claimed "they went and grabbed the black and mild, and then ran it to the FBI, and they id'd him, that's how they id'd him". [redacted] very garbled but says she's going "to get the names to (inaudible) for sure", then said that if someone told an inaudible name "to stick around for the ride, she might not of."

Skylar tells [redacted] to get a hold of [redacted] "chick, her name's [redacted] [redacted] tells Skylar that [redacted] has "out time" now. Skylar said he's going to call [redacted] attorney and said all they need is "permission to talk", then "ask about a round-table type thing". Skylar said he thinks the Feds would try to get them in a room together, have our attorney's talk and have an advocator there. Skylar said "they passed my shit to him because of, he's qualified for certain shit, you know." Skylar said, "So is Moose's attorney." Skylar then said he doesn't think it matters, because he thinks "the Feds are gonna get all this shit".

Skylar asks [redacted] if she's talked to "[redacted] or "[redacted] in South Carolina. [redacted] said yes and that, "she's my friend." Skylar says, "Hey so this dude eh, over here is from South Carolina too. And he's headin' back that way, you know. So, I'mma get at him and see how this shit works out there. And see if we can help him out." [redacted] tells Skylar that [redacted] or [redacted] has been "talkin' to G". Skylar tells [redacted] to tell [redacted] or [redacted] "absolutely not", talk to "G".

[redacted] tells Skylar she needs to get another number that only he will have. Then said, "Your brother's sayin' that everyone's got to get new numbers and all kinds of weird shit." Skylar says, "Oh yeah, he's

fuckin' right." As they hang up, Skylar tells [redacted] to tell [redacted] to answer her phone and that he was calling her right then.

4/26/2024 - at 0912 hours to [redacted]

Skylar tells [redacted] that [redacted] still didn't answer her phone. [redacted] said [redacted] planning on being at his court. Since [redacted] hadn't messaged [redacted] back yet or answered Skylar's calls, he wondered if [redacted] "fucked up". [redacted] said [redacted] said she's been "working her ass off, she's pullin' doubles". Skylar asked [redacted] "Who talked to her? Was it ISP, or was if FBI? Was it both?" [redacted] said she doesn't think [redacted] actually knows because, "they woke her up in the middle of the night, and bring her down, and she didn't know a fuckin' thing. Took her phone away from her and then gave it back to her, and let her go." Skylar exclaims, "They took her fucking phone!? Hey why? Why'd she give them their phone, like no fuckin' way dude. She should have said no." [redacted] then said [redacted] "factory reset her phone before she went down there." Skylar said they can still get stuff off of it, and [redacted] said, "they can put a bug in it". [redacted] said she immediately told [redacted] to get a knew phone, which she did, but [redacted] still using the old one.

Skylar said he just needs [redacted] to tell him if she did, or may have said something she shouldn't have so he knows. Skylar tells [redacted] that [redacted] told him that they got her phone and their (Skylar and [redacted] text messages. Skylar said [redacted] told him that if she'd gone to Boise that she would have "been fucked, you know. So I already know that they got in her head. Dude, it's not illegal to pick somebody up from the fuckin' airport. It's illegal to fuckin' do anything else with 'em."

Skylar tells [redacted] to reach out to the "jug" she mentioned through the app that he and [redacted] has (Signal). Skylar tells her to tell him "if he needs anything, let him know I love him and, and hey 'what's new'." Skylar said the stuff he was talking to [redacted] about the last time is "it's all connected together", and that's what he'd been told by his attorney. Skylar said the last time he talked to someone else's attorney (unknown who), that attorney told him, 'hey don't be surprised if there ain't like 16 of you sittin' in Sea-Tac here in a few month', you know."

Skylar tells [redacted] to tell [redacted] he's "sorry I did that to his, to his girl" and asked if [redacted] mad at him. [redacted] said no and that [redacted] said to tell Skylar and "Bro" that he loves them both. Skylar said if [redacted] talks about "the girl", tell him to not worry and that "there's a story" as to why.

4/27/2024 – at 0909 hours to [redacted] (accent) [redacted]

Skylar asks [redacted] "Is it completely off the table for me to reel [redacted] in and use her, or what?" [redacted] tells him she doesn't want him talking to her, then asks him why. **Skylar said, "I was just gonna like reel her in and pass her, get her on Moose's shit and have her doin' shit for him, you know."**

[redacted] again says no. Skylar said he has "3 other people" he can use to help him do what he wants.

Skylar tells [redacted] he met with his attorneys yesterday and they read him some information. Such as how Moose "lawyered up" when he was arrested. Skylar said he was told that they tried to get Tia to talk, but she refused as well. Skylar said he wants her and other people to get on Moose's books and talk to him, make sure he's doing ok, but claimed he didn't want any messages passed. Skylar said to a certain degree he and Moose can communicate through their attorneys.

It's hard to hear [redacted] but she said she'd been talking to a female who's associated with Skylar. That female told [redacted] she's not contacting people right now, to let things lay low. Skylar said that's why he's not calling all the numbers he has because, "I ain't tryin' to get their door kicked in". Skylar also said that in all of his calls, he's trying to not say anything "that can be passed along to the Prosecutor". Skylar said, "they already got enough".

Skylar then said he'd been wondering if "they" would subpoena the company (possibly Signal) to figure out his username and then see all of this messages with "all them chicks".

Skylar tells [redacted] there was a phone found at the prison and it said, "Meade's phone", and they sent it to the FBI. Skylar then said, "I don't know if that was mine or not." **Skylar tells [redacted] to find out all she can about the phone such as, "was it in his hand", and "Did he snap it in half? Did, was the sim card in it? Um, did he break the screen? Uh, did somebody, did somebody remotely hit it?**" [redacted] said, "Broke the phone, sim tab was in it." [redacted] said she "Googled" and found that the "sim tabs" may not hold phone numbers anymore. Skylar said maybe it's a good thing it wasn't broken because they won't know "his" email or anything else. [redacted] said she heard they found nothing useful. Skylar and [redacted] are talking about messages, videos and screen shots of things on Skylar's gmail account.

4/27/2024 – at 0943 hours to female [redacted]

Skylar asks [redacted] "Did Chicago call you?" [redacted] says no. Skylar tells her he was caught with a phone within the last year while he was in prison. Skylar asked if she saw the news about him, then said she can't trust the news. Skylar said, "I just figured it'd be like a simple escape type thing, whatever. Then I seen it on CNN a day or two later and I was like, 'fuck'. It's all bad, you know." [redacted] said, "You're like world-wide famous. Like it's crazy." Skylar said he was going to "plead out" and take a deal, but then said, "I don't think it's gonna be as easy as that".

Skylar said he's been wanting to **reach out to "my boy like uh that, that I came in with"**. Skylar asked [redacted] if she or anyone she knows can reach out to "Umphenhour" to write him, help him out with money on the books, and what-not. Skylar and [redacted] talk about [redacted] and the rumors of [redacted] being messed

with by prison guards and putting things in his food. Skylar said, "they're playin' with fire". Skylar told [redacted] how he wore a face mask when facetiming with his mom to hide his new face tattoos, until she told him to take off the mask, then his mom started crying. Skylar said, "She knows she raised a mother-fuckin' gangster. Better quit playin'."

Skylar tells [redacted] "I'm lucky they didn't shoot my ass. Like I'm glad like, you know I kept thinkin' like, 'Fuck I'm not tryin' go back to prison. Like I'm done with all that shit', you know, but… At the same time, freedom and prison and my life is…" trails off. Skylar again tells [redacted] that his friend is, "Nicholas Umphenour" and tells [redacted] to get someone to reach out to him. Skylar shortly thereafter said he had to go.

4/27/2024 – at 1001 hours to [redacted] [redacted] [redacted]

Skylar talks to his sister, [redacted] for just a few minutes, but talks with [redacted] most of the time. Skylar and [redacted] talk about [redacted] again. Skylar said if the reason [redacted] not talking to him is because she talked about him (Skylar), that he's fine with that. However, "if she fuckin' involved anybody else, like uh…" and trails off. [redacted] somberly says, "Yeah." Skylar then said [redacted] doesn't know anything and he's probably just paranoid.

Skylar then says, "Hey, so that number like. I'm the wrong person to ask for that. He needs to figure out a different way." [redacted] says, "Ok, I know. I got you. I got you. Any other ideas for it?" Skylar tells her, "Ask who he would think to ask. Like he knows who to ask." [redacted] says, "Ok."

Skylar tells [redacted] "So they said Meade's phone was given to, from IDOC to, uh the FBI. They handed it over to the FBI. I don't know if they're talkin' about my shit or not." [redacted] said, "No they're not, they're talkin' about his.", then said, "ISP has it. They put a hold on it." Skylar said knowing it was "his phone" (possibly [redacted] he wished he hadn't of broken it.

Skylar's trying to have [redacted] figure out what tier [redacted] is on to figure out if he can "thrive". Skylar stated certain tiers would be like, "puttin' one of us on the yard." Skylar started to say he was "talkin' to [redacted] but quickly changed and asked [redacted] if she'd been in contact or talking to "your old Mexican friend". Skylar said it was her friend "from back in the day, when he used to be cellies with uh, [redacted] Skylar tells [redacted] to get a hold of this person to ask, 'what's up with [redacted] Skylar said he was talking with "[redacted] until "classifications" came by and "moved him to the hallway behind me".

Skylar again starts talking about [redacted] Skylar tells [redacted] to message her on Signal and tell her that if something happened to "get out in front of it" and tell him. Skylar said, "If I get blindsided by some shit… she… she, she just might get, blindsided by some shit, you know." Skylar told [redacted] to tell the guy [redacted] "runnin' around with" that "you are who you associate" with, so "read between the lines". Skylar said he doesn't believe she factory reset her phone before she went to talk to them. [redacted] said [redacted] did

it "when it was happening". Skylar then said, "Alright, let's say nothin' else." [redacted] then said, "She did exactly what I told her to do." Skylar said, "Shouldn't be talkin' bout this. We need to stop talkin' bout this. Don't say that." Skylar then said, he just trying to do "damage control", because when he get's "where I'm goin'," he want to say he "track down this, or handled that".

[redacted] tells Skylar that [redacted] just messaged her and told her to have Skylar call her. Skylar tells [redacted] to get a hold of [redacted] and tell her to "get a fuckin' 208 number. I'm not callin' her fuckin' Aussie number and spendin' $30 to talk to her for 2 seconds just to cuss her ass out." [redacted] said she thinks she has one and will look for the number.

4/27/2024 – at 1017 hours to [redacted]

Skylar and [redacted] talk over each other quite a bit. Skylar and [redacted] say they love each other. Skylar asks [redacted] "Are you good, or no? Are we good? What's up?" [redacted] tells him, "Yeah baby I'm good." They call each other "baby". Skylar said one of his messages asked her if she needed money.

Skylar tells [redacted] "Don't say nothin' bout [redacted] 'n [redacted].,". This is garbled, but could also have been "[redacted]". Skylar also said, "Don't say nothin'. Don't say nothin' crazy. Gotta be really fuckin' careful."

Skylar starts talking about "them" getting her phone "and whoop, whoop", to which [redacted] said, "Yep, whoop, whoop". Skylar asked [redacted] who all she talked to. [redacted] said, "There was 3 Twin Falls Police uh, 2 Sheriffs and then they would not let me drive my car. They had to drive me down. I go, 'what is, I said if I'm not under arrest what are you doin'? Why, where am I goin'? What's, uh you gotta tell me what's goin' on, or I'm not gonna go.' And they're like, 'Uh, nah, nah', and then they wanted my phone. I said, 'Wait a minute, wait a minute. What the fuck is goin' on?' I said, 'Somebody better tell me or, or you guys better bring me a warrant or somethin'.' And then um the guy goes, 'It's nothin' like that. We just, we just need to ask you some ques'…".

[redacted] gets cut off by Skylar asking her, "Hey so, they didn't have a warrant for your phone?" [redacted] said, "No, they didn't have a warrant or nothin'." Skylar says, "So listen, listen, listen, listen. I'm not trippin', I'm not even trippin', I won't even care like I lo, like I. I care about your freedom is what I give a fuck about. So, did you hand it to 'em and say 'here'? Or did they say, 'hey we're takin' that'?" [redacted] said, "No, they fuckin' questioned me about it." [redacted] said they didn't even let her know, "that you were out".

Skylar asked [redacted] "Hey was it the FBI, ISP or was it just ISP?" [redacted] tells Skylar, "A lady. A lady from the FBI. A lady comes in from the FBI." [redacted] tells Skylar that she'd been "sittin' there forever" and they tell her that Skylar is hurt and was saying something else when Skylar talked over her and told her to listen. Skylar says, "Whenever you say, as soon as you walk into a thing like that, say 'hey I want an attorney. I want an attorney', cause they're still gonna, before they even say anything thing, cause

they're gonna say weird shit to throw you off."

[redacted] said she almost fainted when she walked out and saw his face on her phone with a "blue alert". Skyla said "I know, I got the blue alert too.", then chuckles. Skylar said, "The line of questioning. Like what all did they ask you?" [redacted] said they asked her about "all kinds of names". Skylar said, "What names?" [redacted] said, "If I knew this person, if I knew that person? What is the… I didn't know, I didn't know babe that you were in a ga, a, a, whatever you were in. I didn't know anything about that." Skylar tells [redacted] to "reel it in" and asked again, "What names?", then louder, "What names!?" Skylar said, "Hey, listen. Don't accidentally say certain names. Just list the ones that you can remember." [redacted] said, "You want me to say 'em?" Skylar said, "Yeah. If they said 'em, then say 'em, yes." [redacted] cautiously said, "They did ask about um… somebody that's in jail." Skylar talks over her again and said, "If they already said it", they [redacted] yell back, "Tonia. They asked about Tonia. They asked about Tonia." Skylar says, "Hey, fuck her. Who else?" [redacted] said they asked about a "girl that I didn't know. Ok, guess she's in there too." Skylar says, "Oh, Tia?", which [redacted] confirms. [redacted] said they asked her who else Skylar "knows out here." [redacted] said Skylar knows everyone, but she doesn't know who they are. They asked her if she knew where he would go out there. [redacted] said she told them that Skylar "loves me too much, he would never come to me". Skylar said, "Oh yeah. They was all over your fuckin' house. Like it's, I was like right down, yeah, yeah."

[redacted] said after all that she tried to see "your brother". [redacted] said "[redacted] told her 'I know you sincerely want to see him. And the soonest we can get you in here, I will. Cause I, I know you love them boys'." Skylar then tells [redacted] he wants her to "get on my boy, Moose's, shit and make sure he got everything he needs. Don't pass messages. Don't say anything, just say 'hey like, I'm a friend, of a friend, I love you, fuckin'.' And just if he needs some books, if he needs commissary, anything like that, please make it happen." [redacted] said, "That dude?", and Skylar said, "Umphenour." Skylar wanted to verify, "They didn't ask you about anything else?" [redacted] said, "No baby, I swear to God. I'm not gonn lie to you." Skylar said he wants to make sure people take care of Umphenour. [redacted] said he should know she will and said, "I even took care of [redacted] for ya. Hey listen, I, I even sent [redacted] some, you know. I got him a package." [redacted] said she told [redacted] it was from Skylar, as a respect, since she can't put it on Skylar's right now. Skylar again stresses that if there's anything else that they asked her, to let him know so he can "get out in front of it and let me know".

4/28/2024 – at 0853 hours to unknonwn female [redacted]

Skylar tells the female, "Fuck, sorry about any heat. You know, like. I didn't really think… all of this would turn out like this." The female said, "I think they're fine." Skylar asked, "So they, they slammed everybody down and shit, cause of all this or what?" The female said she thinks "the little man that got in here" and, "grandpa". Skylar said, "They hit him, or what?" The female said, "Yeah." Skylar tells this

female that when he and the other guy were in “C block”. Skylar said, “he was in C3, I was in C2”.

Skylar tells this female he broke a window out with a pipe while in there. Skylar then said, “Hey that’s the picture they used on the news.” The female told Skylar she thinks they’re used to that, so that’s why “they’re fine”, and that “they just moved him”, then “They literally just switched them cells.” Skylar said, “Oh they swapped him out?” The female said, “Now I[redacted] in… A/B block and [redacted]’s in over there, in J block.” Skylar said, “That’s a good place for [redacted] (or [redacted])”. The female said the male on B block doesn’t do well over there. Skylar said, “Yeah they gotta fuckin’ put everybody on (unintelligible – sounds like “diesel” or “d cell”) program. Start movin’ ‘em around and shit.”

The female said she found out about Skylar’s escape when “my dude’s like,’ have you seen the news’?” Skylar tells her he heard his escape was covered on CNN, to which the female said, “It was everywhere. It was even here.” Skylar tells this female to tell everyone that he’s “sorry for the heat”, then said, “I’m probably ain’t ever goin’ back to IMSI (Idaho Maximum Security Institution).”

04/28/2024 – at 0903 hours to [redacted]

Skylar tells [redacted] to tell [redacted] and [redacted] and her ([redacted] to get on “Moose’s shit”, message him and make sure he has what he needs. Skylar said as soon as they can all do that, he can, “see what’s doin’.”

04/28/2024 – at 0910 and 0913 hours to [redacted] (accent) [redacted]

Skylar tells her he doesn’t have very much time to talk. [redacted] says, “I’m not here for drama. That’s not, that’s not why I contact you Sky.” Skylar said it’s nice talking with her, but he doesn’t want any problems either, as “I’ve got enough problems in my life”.

Skylar asks [redacted] “So what did the FBI say, when you talked to the FBI?” [redacted] said, “Nothing much.”, then said, “We just had a coffee and a chat, you know.” Skylar said, “Hye, you do coffee with the FBI? Fuck. Hey you, hey you, you British motherfuckers never change.” Skylar again said it was good to talk to her, he doesn’t want drama, or for things to be weird. [redacted] said, “You are the drama.” Skylar said, “Oh, 100%, no lie.” Skylar then asks, “Did you see the dude I got arrested with?” [redacted] tells him yes, and Skylar tells her, “Hey get at him, and make sure he’s fuckin’ doin’ alright. Like, I don’t know if he’s got support.” Skylar then claims, “Don’t pass any messages or anything. Just but like, I love him and fuckin’, I hope he’s alright. You know, I just pretty much ruined his fuckin’ life so.” Skylar tells [redacted] they won’t let him see or talk to Nicholas, so he wants her to make sure Nicholas is ok. [redacted] tells Skylar, “I don’t want to get involved like that. I don’t want to hit him up. Is that ok?” Skylar tells [redacted] he “fucked his (Nicholas’) life up”, so tells her to have someone else write Nicholas and send him some books, etc. [redacted] said “he could have easily said no”, to which Skylar says, “Yeah.”

I can hear a baby babbling in the background. [redacted] giggles and said, "[redacted] [redacted] going. Can you hear [redacted] going 'yeah, yeah, yeah, yeah, yeah, yeah, yeah'?" Skylar then asks about [redacted] son and general stuff. Skylar asks if she was "going for the D" and asks if it was in "Washington or Oregon?" [redacted] says, "California" and that's why she has a California number.

4/29/2024 – at 0807 and 0811 hours to [redacted] [redacted]

Skylar tells [redacted] he can't make legal calls right now, because his attorney doesn't get in until an hour or so later than his release times. [redacted] tells Skylar, "I did Moose (Nicholas Umphenour) yesterday." [redacted] said she didn't know that when you add someone on "getting out" that it shows that person your phone number and email address so, Nicholas called her. Skylar asks [redacted] how Nicholas is doing, and [redacted] said he's good, has girls, and his mom sending him books and other stuff.

Skylar tells [redacted] to tell Nicholas is he needs something and if he must "reach out, or whatever, cool. But, for the most part, like let's keep traffic to like a minimal." Skylar tells [redacted] he was going to have someone "3 way call you" to tell her to put her picture up on the call system so he could see her picture.

Skylar then said "God, I keep think' like… about all the pictures on that fuckin', my memory card. Like I had wiped it, but I got, I'm pretty sure they can like pull that shit up. You know?" Skylar said he "had a bunch of shit on there anyway, like 200 meh uh, like 200 MB fuckin' (laughs) card."

Skylar tells [redacted] she needs to tell the guy (unknown who) who was hitting on her that "he better reel it in", and "chill out, uh tell the cops on his ass. I'mma start snitcin' on everybody". Skylar said, "I just met him in here". The guy told him, 'hey this is my girls number, when you get the number I need, give it to her', but said, "don't try to communicate or anything like that with me. They made it very clear that they don't want me fuckin' talkin' to people in here, so."

Skylar tells [redacted] that Nicholas' attorney's name is, "Ryan Marx, (spells out) m a r x. So, look give me his number please. Find me his number." Skylar said he was going to have [redacted] call Nicholas' attorney and tell him that Skylar "wanted to speak with you som, regarding something, you know. Not uh, uh, he not tryin' to communicate his shit uh, to your client or anything like that, but. Just basically tell him like…", Skylar trails off. [redacted] asks him, "You said Ryan Marx?", and Skylar said yes.

Skylar said he just wants a conversation with Nicholas' attorney. Skylar acknowledged that Nicholas' attorney's job is to help Nicholas, and Skylar's attorney is to help him then said, "For the most part they ain't gonna help me do what I wanna do, you know. I get it though. To a certain extent they, they will but they gotta, they just got their jobs, and you know. But um, you kinda get where I'm goin'?" [redacted] said she was having difficulty finding a phone number with what he gave it.

Skylar asks her to call IMSI and see if they can forward the money Skylar has on his books out there to

the Ada County Jail. [redacted] said she'll get [redacted] to do it. Skylar asked if [redacted] got, "your ([redacted]- letter, and then uh one for her ([redacted] **and then another one**?" Skylar says to tell [redacted] "I won't, I won't do it anymore, I just. I didn't know if she'd be cool with that or not." Skylar asked, "She got 3 letters?"

Skylar asked [redacted] what tier [redacted] on. [redacted] says, "J 47 tier 2". Skylar tells [redacted] to tell [redacted] to chill out there, it's a good spot to be. Skylar again asks [redacted] if she's going to contact Nicholas' attorney to tell him that Skylar wants to have "a quick conversation" with him. [redacted] asks Skylar to confirm the attorney's name and Skylar spells out "r y a n". [redacted] said there is no "Ryan", but there is a Brian Marx and said "Ada County Public Defender".

Skylar then tells [redacted] to look up "Brian Kohberger" and find out where Kohberger is at, and "Chad Daybell" to see if they're trying to give him the death penalty. Skylar tells [redacted] how he had changed his "VPN", and was able to have his signal location "bounce".

[redacted] then asked if Skylar blocked [redacted] and he said not yet. However, Skylar said since "she's not doin' what I want her to do" so he's going to block her.

04/29/2024 – 0857 hours to [redacted]

Skylar says something about "[redacted] fuckin' has to be back on the team within like 5 minutes. You know I hate that bitch." Skylar then asks [redacted] if she talked to [redacted] and she said no. Skylar said, "Should I have somebody else do it?" [redacted] asked if he wanted her to, to which he said he already told [redacted] to and said, "tell her I said, 'what's up? Why the fuckin'…', [redacted] starts talking over Skylar. [redacted] tells Skylar "your sister hit her up for me", and [redacted] said, "you pulled some shitty shady stuff on her, right before you did what you did. And no, she don't have no fuckin' money, cause she's helpin' everybody else out." Skylar tells [redacted] "Tell her ([redacted] fuckin' pay me my fuckin' money".

***Skylar didn't have any calls between his last call on 04/29/2024 with [redacted] until 05/07/2024, starting with [redacted] again. ***

05/07/2024- at 0809 and 0815 hours to [redacted]

Skylar tells [redacted] "Tell [redacted] uh change her number. They blocked her number, so that I can't call her no more and took her off my shit." [redacted] says, "Ok." Skylar asks if they blocked [redacted] too. [redacted] tells Skylar she "wrote 'em 4 emails and they wrote her back, and they're gonna give her a chance to um, follow the rules, and not pass no messages and they're lettin' her have one more chance". Skylar tells

[redacted] "I figured we were burnt", then claimed he didn't think they said anything that would seem like [redacted] was passing messages. [redacted] gives Skylar [redacted] number saying, "[redacted]", Skylar tells her, "that's the one that's blocked."

When they get back on the phone, Skylar asks for "[redacted] US number". [redacted] asks if he has [redacted] new number and they say "the [redacted]" number is [redacted] new phone number. [redacted] then tells Skylar that [redacted] number has a "[redacted]" as well, but says it's, "[redacted]". [redacted] said [redacted] also has a phone number of, "[redacted]".

Skylar tells [redacted] he was served a warrant, with his attorney present, where they, "mouth swab me, and finger print me", and "take pictures of all my tattoos. And then they did the same thing to Tia, and they went and got Moose (Nicholas Umphenour), did the same thing to Moose". Skylar said his attorney told him not to talk about it right then with him, but he would talk to him later. Skylar stated he told his attorney, "You know this changes shit, right?, and he goes, 'Yeah'. Skylar talks about his charges and says he's a "persistent". [redacted] said that there should be something in the Idaho code say that, "You have to go in and come out with the chance of rehabilitation three times on the same type of offenses." Skylar said he didn't know. Skylar says about him pleading guilty, "I'm doin' it for a reason."

Skylar again tells [redacted] to tell [redacted] to change her number because, "they blocked her because of the Moose (Nicholas Umphenour) shit, I would imagine". Skylar said he'll just talk to his attorney about it. [redacted] said, "Yeah, you know, that's what you guys need to do, is you need to go through your attorneys, because it's frying everybody's accounts if you don't." [redacted] then said, "I'm surprised that they're not fuckin' with me, honestly." Skylar claimed, "because they're probably tryin' to get your ass on some shit. Like, come on now." Skylar tells [redacted] to tell everyone that they need to get out of the habit of "talkin' about his shit, or my shit, or our shit, or whatever, you know."

Skylar tells [redacted] the next time [redacted] or anyone else sends [redacted] money for Skylar, he wants [redacted] to keep some, then put the rest on Nicholas Umphenour's and Tia Garcia's books.

Skylar tells [redacted] "they brought up some other shit too", but "didn't say what charges", then said, "The towns was Latah, uh Nez Perce um, Clearwater, and then uh a couple other ones." Skylar asks her to check into it and see what's going on. Skylar again tells [redacted] about the warrant that was served on him saying it was "for DNA, and, and more fingerprints, and to take pictures of my tattoos and shit". Skylar saw it said, "conspiracy um, agg battery uh, gang enhancement, murder, all kinds of shit like that. That's the first time they've used that word." [redacted] asks if his attorney or his investigator can call her and update her on what's going on. Skylar said the investigator tried calling [redacted] but can't get a hold of her. Skylar tells [redacted] the last time he talked to [redacted] she told him she "ate shrooms".

[redacted] said [redacted] got “hit tablet” taken away but may get it back soon. Skylar said he appreciates her being there for him.

05/07/2024 – at 0850 hours to [redacted] [redacted] (accent) new number [redacted]

Skylar and [redacted] talk about the jail blocking her account due to her passing messages for Skylar. Skylar said he didn’t thing they had. [redacted] said she thinks it was because “Moose (Nicholas Umphenour) added me”. Skylar asked if she knew who at the jail she talked to. [redacted] said, “Jeffrey something.” Skylar asked, “Was it uh Hanson (spelling?)?”, and [redacted] said, “Yeah.” Skylar then said, “It was Jeffrey Hanson?”, to which [redacted] confirmed by muttering, “Um hm.” Skylar then asked if the “Hanson” person was respectful to her. [redacted] said, “very respectful, yes.”

[redacted] tells Skylar, “A private investigator called me yesterday too. And explained everything to me, and how it works.” [redacted] said the private investigator told her that, “The letters that we write don’t get written out. They don’t get, they don’t even get read by the Judge, no one else sees them. Um, it’s actually um, no one else has access to them at all. So, it would just be something, a letter that we sent, I send to you (or Hugh). And then he will send it to her. To the Judge.” [redacted] said the investigator told her that 6 – 12 weeks before sentencing, he will “send me like a template of what I should and shouldn’t write. And I’ll send it to him, and he’ll actually go over it, and then like give me pointers of how to change it.” [redacted] was told that once the case is closed, the letters go directly to the Judge, so people can’t go back and see what was written. The investigator told [redacted] that Skylar gave them permission to ask questions, and they said they can answer “to a certain degree”. Skylar tells [redacted] about having the mouth swab, extensive fingerprints and pictures of his tattoos.

They go back to [redacted] getting blocked from contacting Skylar. [redacted] said she thinks they thought she was someone else, because it said something about “fake accounts, passing messages”. Skylar then said, “Oh yeah, yeah, yeah. Fuck. They’re probably thinkin’ uh. Yeah, they’re thinkin’ you’re somebody else.” Skylar then said, “But that’s not a fake account. That’s a real person.”, then laughs.

05/07/2024 – at 0918 hours to [redacted]

Skylar said he wanted to ask her what the “shady fucked up shit was you talkin’ bout.” [redacted] says, “Yeah.”, then skylar tells her, “Answer the fuckin’ phone tomorrow”, because he wants to hear about it. [redacted] said, “Dude, like seriously?”, then said, “I’m not gonna talk to you about it over this.” [redacted] then said, “My point is that, my point is that you know I’ve got a lot goin’ on out here. And, like to even, not even like prep me.” Skylar said he’d call tomorrow.

*** Skylar has no phone calls between his last call on 5/7/2024 with [redacted] until 05/17/2024, starting with [redacted] ***

05/17/2024- at 0847 hours to [redacted] (accent) [redacted] new number

Skylar tells [redacted] he was trying to call his mom but thinks "both her numbers" were blocked. Skylar asks if she has a "TextNow number", and [redacted] gives him this number, "[redacted]

05/17/2024 – at 0850 hours to [redacted]

Skylar tried to call [redacted] but it went to her voice mail and said her voice mail is full.

05/17/2024 – at 0852 hours to [redacted] (accent) [redacted]

Skylar asks how [redacted] doing. ([redacted] is very garbled.) However, she said he's doing ok, but seems depressed and "is acting like a twat". [redacted] said "The FBI had told his attorney what they wanted from him. They wanted him to snitch and tell fuckin' them who the bad CO is." [redacted] asked if he was going to do it, and [redacted] told her, "Well, they're everywhere." [redacted] said [redacted] got angry and wouldn't talk to her for a bit.

Skylar asked what the FBI offered [redacted] for the information. Skylar also asked if the FBI went and talked to [redacted] or his attorney. [redacted] said [redacted] talked to his attorney and that's what the attorney told [redacted] Skylar asked [redacted] "What did he say?", and asked if [redacted] said, 'hell nah', or what it sounded like [redacted] was going to do. [redacted] tells Skylar that [redacted] "fuckin lost it" and told her, 'Shouldn't fuckin' ask me that question.', and, 'You know the fuckin' answer', blah, blah, blah." Skylar laughs then said, "So, what'd they offer you?"

Skylar tells [redacted] to tell [redacted] "Let him know I love him, and he can do whatever the fuck he wants.", and that, "I don't care what he does. I, I got his back 100%." Skylar also told [redacted] to tell [redacted] "Just a, just be smart and be patient." [redacted] said, "he ([redacted] told me that they offered him two years off, off, out of his three… (stammers) that they, he will be getting for one of his new charges." [redacted] thinks the charges are "for the man that they beat up over at GP (general population)."

Skylar talks to [redacted] about getting a "birth certificate", saying he "need to have somebody look it up and find out who we write". Skylar said, "So, Ada County Prosec, the, they're not gonna let me write him, unless uh… And the, unless I show the birth certificate. So, we just gotta get it, I guess." Skylar said it would be nice to have that so he could write to him directly and not have to send it to someone else and

have them read it to him on the phone, or bouncing the letter through someone else.

Skylar tells [redacted] to tell [redacted] (his mom) that all 3 phone number he has for her are "blocked". Skylar tells [redacted] to have his mom call there and get the "[redacted] number". [redacted] tells Skylar that [redacted] phone was disconnected and she got a new one. Skylar and [redacted] say [redacted] has a Google voice and possibly a textPlus, or TextNow to communicate with.

Skylar again tells [redacted] to tell [redacted] to "be patient", and "don't shoot himself in the foot." Skylar also tells [redacted] "Once you go black, you never go back, you know. Tell him I said, 'If you fuck with the FBI like. Once you fuck with the FBI, you never go back, you know.' But um, that I got his back. 100%." [redacted] said she didn't think [redacted] would cooperate, due to how he reportedly cussed them out when they came to his cell door. Skylar said "Fuck! I shouldn't of said that, I shouldn't said that fuckin' shit in the letter", but [redacted] is talking over him and I can't hear it all. [redacted] said [redacted] told her that they told him they would send him "to the fuckin' yard and that, if you cooperate". Skylar said, "Damn they're hey, they're reachin'.", and then, "They buttered him up with the yard?" Skylar then said, "Tell him he can't be goin' to the yard, cause it's probably where they're gonna make me live at for a while until I fuckin' go somewheres else."

Skylar said if they would "set me and my brother up together, I'll fuckin' tell 'em". Skylar also claimed if they had put him and [redacted] in the same tier, they would have never gotten in trouble. However, Skylar said, "I'm glad we wasn't on the same tier when all this shit happened."

Skylar said [redacted] showed him a picture of him (Skylar) and "the KKK" together and said "So, I guess I'm just some crazy ass, fuckin' white supremist. I'm just… shit's crazy."

Skylar tells [redacted] "I'm not tryin' to shoot myself in the foot. Like, I might, dude, I fuckin' went through all this and if I (stammers) Like the irony of it is killin' me. Cause um, I escaped IMSI (Idaho Maximum Security Institution) and…. Well, I was *misplaced* from IMSI. Um, and now I might have to spend the rest of my life in."

[redacted] tells Skylar that [redacted] was talking to his (Skylar's) "[redacted] chick". Skylar said, "How all this shit happened… I literally was actin' funny with him for a week, and he knew somethin' was up. Like, but I think he just thought I was depressed. And like, I was like, I told him, 'I'm, I'mma sick of all this shit you know'." Skylar speculates that [redacted] thinks Skylar doesn't trust him, but said he, "was just tryin' to not get him hemmed up."

4/23/2024 to [redacted] at 0756 hours:

[redacted] has "[redacted] on the phone while [redacted] is first having the video visit with Skylar. [redacted] tells Skylar there's something going on with his mom ([redacted] that's dealing with "legal" stuff, but claimed it's not about Skylar. Skylar said "they're tryin' to find an angle" on him and are trying to get it by messing with his mom and [redacted]

Skylar then asked if [redacted] talked **"to uh that guy I was tellin', uh goin' to work, all that shit. Did you talk to him?" Skylar asked if she knew who he was talking about, which she said she did, but needed him to tell her again what he needed her to do. Skylar again tells [redacted] "Tell him hey, next time he goes to work, just maybe drop a subtle hint, people need to think about their families and shit.**" Skylar said he purposely didn't tell his brother what he was doing; but now the staff are going after [redacted] as if he knew, which is angering Skylar. Skylar tells [redacted] to "tell motherfuckers in J block" what's going on with [redacted] who may be able to do something about it, since he can't.

Skylar tells [redacted] he's trying to figure out if he's going to "go down like a good ass, solid ass motherfucker. Or like, I can (scoffs), you know, that let, let his friends go down for some shit, or, or, or you know. Fuckin' fuck myself and incriminate myself more, and possibly get myself fuckin'…" Skylar then tells [redacted] he's "not gonna talk to 'em"." Skylar said he wished he could tell her everything because, "The whole situation it's fucked up, how it all played out".

Skylar then asked [redacted] **"Hey can you get in any of those gmails? Could you uh, or can you get, do you have access to any of the gmails? They're, most of them are gone. I deleted 4 of 'em. But there's, one or two more that; if you can get into 'em, get into 'em and, and just wipe 'em and then just toss 'em**. Like they don't have anything bad in 'em, but… I'm not ever gonna use 'em again." Skylar said he almost blocked [redacted] on messaging applications of WhatsApp, Signal, Google Meet, and chat. (It appears Skylar's had numerous messaging apps while in prison, sending pictures, videos and texts.) They also talk about pictures and videos [redacted] has sent him.

Skylar and [redacted] talked about him doing drugs and that he was "mean" to her, so she convinced him to "throw my shit away". Skylar said, "and I threw shit away that wasn't mine", then said, "I owed like a thousand, you know, I mean like I owed money for it after that."

[redacted] shows Skylar a picture of him with [redacted]" (looks like a young girl), that [redacted] took off of "[redacted] Facebook". [redacted] said that [redacted] is "talkin' mad shit about you", saying Skylar was a "piece of shit for doing what you did". To which Skylar said, "[redacted] said that?" Skylar said he used to "bounce letters" with [redacted] [redacted]

Skylar asked [redacted] if she remembered a time he asked her if someone else could check out her tattoos, and asked if she knew who he was talking about. [redacted] indicated she did. Skylar then said, "figure out like, where like, uh just ask, start askin', askin', and just as soon as somebody's like, 'Oh yeah,

I know where he's at, or what he's doin'.' Tell 'em, I need somebody to just tap in with him and ask him like, 'hey…'. I mean, I know he's doing his thing and like I'll always love him, like I got him. Like I got his back, but just keep it personal. You know, if they talk to him and shit". [redacted] said this unknown male replied to her and told her that, "he's got you, he loves you, he loves your family, he's good, he's just like doesn't know why he shuts people out when he gets hurt." Skylar tells [redacted] to tell this unknown male that even if he thinks it's not a big deal, but that it "might be a really big fuckin' deal" to Skylar, so to not talk about "none of our, my business or anything" that's not personal to that male.

4/23/2024 to [redacted] and [redacted] at 0832 hours:

Skylar tells [redacted] he's not going to talk to the Feds. [redacted] tells Skylar the male she and [redacted] were living with kicked them out. Skylar talks about being on Facetime with "[redacted] until 2 o'clock in the morning, because [redacted] "popped a bunch of pills" and was talking about killing herself. Skylar said [redacted] mom (unknown name) ran off with someone named [redacted] was causing problems with [redacted] and wanting [redacted] to "buy heroin". Skylar said one time he was talking to [redacted] mom, she was trying to beat a drug test, "so she could go be a nurse at the fucking jail".

Skylar said he needs to get a hold of [redacted] because, "there is some things that I need figured out. Like she, tell her I said, 'Hey'." [redacted] stopped Skylar and said, "Yeah, 'what's up?', I got you." Skylar said, "We ain't gotta talk about it, just do your thing." Skylar said he thought [redacted] would have been on her, but that if "[redacted] talked to her to tell [redacted] 'absolutely, don't have nothing, not even a fucking, not even a shred. That's all just, they're, they're gonna blow smoke'." Skylar again tells [redacted] to tell [redacted] "Tell her 100%, so just tell her hey, 'I want an attorney, I want an attorney'."

Skylar tells [redacted] he needs [redacted] address and asked if she got his letter. [redacted] tells him yes, so he figured he has [redacted] address right. [redacted] tells Skylar that [redacted] and "[redacted] are going to be at his next court appearance. [redacted] tells Skylar that [redacted] doing well and that she's "been working for him the last couple of days, he's good to go." [redacted] also told Skylar that "[redacted] wished he could talk to him.

Skylar tells [redacted] how at the Ada County Jail, "this one cop, he's on top of shit". Skylar tells [redacted] how when he came in there, "I ended up loosin' my mind and I got hella lit". When staff took him to the shower, they patted him down and found "a bag, it's like couple things out (while indicating with his fingers), and packages of dope and shit. So, I got caught with dope and shit too, so." [redacted] said, "Just add it to the rest of it."

[redacted] asked if he's talk to his attorney, and Skylar said yes and his attorney's private investigator. Skylar said he's going to tell his attorney to "scratch everything I talked to you about" when he initially talked with him. Skylar said what his attorney is going to try and do may "push me back to the prison. They might, somebody has to come pick me up." [redacted] said it may not be good for him to go back, to which Skylar

said, “You want me to have [redacted] catch, my brother to catch my bullets? Them’s mine. Them’s mine.” Skylar tells [redacted] to tell [redacted] to “rewind the tapes” and says, “Taft, uh County Jail, Twin funkin’… they ain’t gonna top that. They, come on now. Mountain View.”

Skylar said, “99% of my whole life has reaction. You know like… The don’t, they look at ‘oh some cops got shot and some people are dead’, and blah, blah, blah. Rewind the motherfuckin’ tapes a week. My face was still fuckin’ busted up. You bitch ass motherfuckers slammed me on fuckin’ face in handcuffs. I’m not sayin’ that’s why that happened, but go back and…” [redacted] starts talking over Skylar saying that the picture of him the news showed with his face bleeding, is why he went to the hospital, and that “cause you hurt your face”. Skylar said when he was bleeding from the face is when “they hit me, [redacted] uh motherfuckin’ [redacted] uh [redacted] They hit like 5 or 6 of us. Took 2 to the yard, took 2 here, took 2 there, and then put me and [redacted] down in C block, and cut our fuckin’ clothes off, and slammed me on my motherfuckin’ face. At 3:30 in the morning.”

Skylar tells [redacted] he asked a guard how they knew something was going to be going down in their block and the guard indicated it was either in “jpeg messages, was it in fuckin’ phone calls”. Skylar said he talked to the “Eses” and told them to “get all your homies fuckin’ DOR’s, I said I’m gonna get all my homies DOR’s, let’s read ‘em all. Cause one of ‘em is gonna say” who leaked the information. Skylar then says, “whoever the fuck, you know, I mean like…”, but didn’t finish saying anything more about this.

Skylar says when they take him to court they put him in one of two identical vans, then have a Marshall in front and a Marshall in back. [redacted] said she saw that on the news somewhere, and Skylar called it a “motorcade”. Skylar said, “That’s crazy. They need to switch it up”. [redacted] said when she saw it on the news, that she saw cops “every so many miles” along the way. Skylar said he saw the same thing. Skylar then said, “You don’t take a shot like that, fuckin’ blow it, and then try to do it again, or to have anything to do with that like… Why, like… All the shit, look at what happened. You know, it’s like the, one of the biggest regrets of my whole fuckin’ life, you know.”

Skylar said when the prison staff raided his tier, he was “on Facetime, uh, uh, uh watching pornhub”. Skylar asked why he would cover his windows, fight with the cops, and get his stuff taken. Skylar mentioned he recorded some conversations he had with staff about complaints they had at the prison.

[redacted] asked Skylar if she should “reach out to your partner”. Skylar looks at her and nods his head up and down in a “yes” fashion. [redacted] indicates she understood and said, “I should. Ok, ok.” Skylar then cryptically said, “[redacted] ugh (grunt), all of them, tell ‘em, ‘hey, motherfucker back me up. Send motherfuckin’ money up’,” all while indicating with his fingers. [redacted] tells Skylar she needs a number, to which Skylar says, “I can’t, just ask”. [redacted] asks for “three”, and Skylar again said he can’t tell her, but tells her “just ask around, find somebody else”. Skylar asks if everything’s good. [redacted] said she thinks so, but says, “he needs that though”.

Skylar tells [redacted] “Find out if [redacted] wants me to stay here and, and fight it with him. Or, or and like,

cause I'll stay her and fight it. Whatever, we'll go to trial and shit. But if we go to trial, a lot of things are gonna happen that's gonna be fuckin' phew… It's… It might be bad, you know." Skylar tells [redacted] the Feds are "for sure are gonna pick it up". Skylar says, "If he's cool with me just boom, I'm gonna plead right now. I'm just gonna plead and get the fuck outta here. Or try to at least." Skylar tells [redacted] to "tell him I love him and I'm sorry. Tell him I'm sorry about the other thing."

4/24/2024 to [redacted] at 0811 hours:

Skylar tells [redacted] that he "should of just stayed gone", and not come back to Idaho when he escaped. Skylar said, "It went from, fr, freedom to you know like….", then [redacted] said, "Fucked." Skylar said, "Yeah. Freedom to fucked."

Skylar said "They probably got so much weird shit on them cell phones, it's not even fuckin' funny. I kept thinking, cause I was like tryin' to do damage control. And tell motherfuckers like, 'hey, straight up, my bad. This is on there, and that is on there, and that's on there. So, sorry'." Skylar said, "Homie was so paranoid he was del, yeah he's (motions with his hand, slicing by his neck in a stop or cut it out motion) he's out there. He wouldn't turn his shit on. So I was like, 'dude, that's the only thing that saved your ass bro'."

Skylar and [redacted] talk about it's [redacted] birthday on [redacted]. [redacted] said she's going to be 37 years old, and recently moved back in with her mom. [redacted] talks about when she and Skylar talk, that she's a day ahead of him in "[redacted]

Skylar and [redacted] start talking about [redacted] Skylar was making hand movements and making random sounds, to indicate how [redacted] was asking him and [redacted] to show her how to smoke drugs. Skylar said [redacted] is "real toxic". Therefore, he could see her ([redacted] "being like 'oh, fuck me huh? Ok.', yeah." [redacted] tells Skylar that [redacted] has been defending him with anyone that's talking bad about him.

Skylar then cryptically tells [redacted] "please have our homegirl's back". Skylar asked if she knew who he was talking about, then said, "that's here", which is clear he's indicating Tia Garcia. Skylar again tells [redacted] to "back her up. Please have her back" and said, "I did her fuckin' dirty. I know, tell her, 'let it go. Fuckin' let it go.' Let's, I don't give a fuck. That's what friends do. Like hey, it don't matter what they do, or just fuck it, right. Uh, people always say, 'Oh, I got your back, right or wrong.' And then somethin' happens and they bail. Motherfucker stop usin' that term if you don't mean that shit! Like that, stop, stop sayin' that. People will always say that and think it sounds cool, and then they fuckin' bail on your ass as soon as somethin', you do something' bad, or you fuck up, or you slip up. Tell her please, 'just have our back.' I fucked up. Like I did her dirty. Like, and then she didn't deserve that you know. And it shouldn't of happened like that. It's wrong, like it, it fucks with me. And I can't really reach out too much, cause they're like… Anything I do is like.. (gets garbled)." Their call ends a short time later.

4/25/2024 to [redacted] (her birthday on [redacted] in [redacted] at 0811 hours:

Skylar tells [redacted] "they found MDMA in my cell", when he was in prison. Skylar claimed he didn't know what it is, then said, "I thought it was baby powder. I've been puttin' that shit on my feet for like, pft, two months", then laughs. Skylar said, "They said, 'Oh (scoffs) whatever drugs in your tablet, and then there was drugs in this thing, this cap, and then there was drugs in that.' I said, 'there wasn't drugs all over my fuckin' cell!' He was like, 'There was drugs in your baby powder bottle.' I was like, 'Dude, that's why my feet itch so bad.' (laughs) He didn't think it was very funny, but… Do not put MDMA on your feet. Fuck! Nah, they wasn't gonna let that shit go."

Skylar said, "Hey listen, when you do like the crimes that I was, that I was doin' time for… You get flopped as soon as you go to, uh, it's parole anyways. They're not, sayin', 'oh you shot a cop', like 'oh we're gonna parole you the first time', nah. It's not happenin'. Um, so… even though I didn't shoot at a cop".

Skylar tells [redacted] how [redacted] daughter sent a threat to another girl from her brother's computer. Skylar said she should have, "You shoulda hit me up. Like, you gotta go on DuckDuckGo and change your VPN and so they can't track your IP address. And then you gotta check… And (laughs) she was like, 'Why you fuckin' tellin' her that?' I mean shit, if she's gonna threat, sendin' threats to people, she needs to do it right. Don't get caught."

Skylar said he's tried writing [redacted] letters. However, he received notes that they're just sitting in his (Skylar's) property, stating he needs to have some approval before writing [redacted]

Skylar then tells [redacted] they need to wait before she introduces him to her family, due to his tattoos and current charges. Skylar then talks about his prior charge of shooting at an Officer saying, "I didn't even shoot that fuckin' cop." Skylar said, "I was just shootin' out the fuckin' window to get him to stop chasin' me, because I had a bunch of shit in the car, I was tryin' to get rid of it. So… it sounds bad, but it's not bad." Skylar tells [redacted] "me, in my mind could explain to her ([redacted] mom) like, 'hey I shot out the window a couple times and just plead guilty just to get it over with, you know'. And the tattoos on my face like, pft, stupid. Fucking horrible mistake."

Skylar then tells [redacted] "We gotta be careful of what we say. Cause like, they're fuckin' actin' crazy right now. Like they, it's like a motorcade on the way to court babe. Skylar later tells [redacted] he was having a nervous breakdown, then said, "Well fuckin' look what happened. Between [redacted] and, and fuckin' (then mumbles without saying a name). Fuck!" Skylar then said, "I guess uh, the chick, [redacted] she came out and she like looked it over dude, and she like gave a thumbs up. Fuck you bitch! Put my shit back."

Skylar said there's a lot of people who say, "they don't give a fuck", but when he says it, "I mean it. I don't give a fuck, at all. They're plain' with fire is what they're doin'. Like, yeah they're, they can bury me somewhere's across the map, whatever. **Hey, [redacted] in South Carolina. Make sure my mom knows**

that. Does she already know that?" [redacted] tells Skylar that [redacted] does know that. Skylar says, **"Send me to the east coast motherfucker. Like send me to, hey like Florida, that's like tons of, that's where [redacted] all [redacted] people from**. Like that's where my mom's best friends from. Like, [redacted] stupid ass." Skylar also tells [redacted] that [redacted] mom was trying to beat a drug test to work at the jail.

[redacted] asks Skylar if he remembers, the stops and asks if he has a pen. When Skylar gets the pen, says the name "[redacted]". [redacted] spells the last name as, "[redacted] then says, "in Burley." Skylar asks, "County?" [redacted] tells him, "No, not in." Skylar says, "Oh, out?", and [redacted] says, "Yeah." Skylar says, "Alright, alright. Alright, I appreciate it. I was just right there." [redacted] said, "You know stalking is my favorite pasttime." (This may be the name of the father to [redacted] unborn child, that Skylar asked [redacted] to try and find in a prior phone call.)

Skylar tells [redacted] he's going to get his attorney to set up a call with her. Skylar said he's also going to give his attorney permission to have [redacted] be notified of all his legal and court proceedings. Skylar stated he's going to tell his attorney, "Cause like she's, you know she's, I want her to be a part of this. Like I mean, she is a part of this already." Skylar said, "This is some of the things that uuuhhh happened, and this is what the picture that's gonna be painted. It's gonna be bad. It's gonna be fucked up, yeah. Cause I mean, I sit back and look at it, pfh (blows out sharply), I'd paint, I'd paint a fucked up picture too."

Narrative

On Thursday, 05/30/2024, at 2:56pm, I was assigned to review phone calls, text messages, and video calls between Skyler Meade and other various individuals during Meade's incarceration at the Ada County Jail.

The following is a summary of notable conversations I heard between Meade and the various people.

Video calls:

04/27/2024, 8:31am MDT. Meade made a call to [redacted] [redacted] The call was answered by a blond female who appeared to be in her teens, possibly Meade's sister. She was in a vehicle.

Meade asked about the female's dog, whose name is "Felony".

Meade asked her when she last spoke with [redacted] she said she wasn't sure. [redacted] can be heard in the background speaking to someone named [redacted] telling her to be careful, and not to fall.

Meade mentions that he has court on Wednesday, then began asking about "[redacted] [redacted] responds from out of view, "She-The crazy bitch called me, I tell her call me on Signal, I don't want to talk to you on messenger. She said ok I'll call you right now. Never called me." Meade repeatedly said that was weird, emphasizing that when someone doesn't want to call you on signal its weird. [redacted] said [redacted] has been missing Meade's calls because she has been working, [redacted] said none of [redacted] excuses sounded legitimate. Meade told [redacted] to tell [redacted] "I said get on my boy's shit." [redacted] and the blond female began speaking over Meade, then the blond said she thinks [redacted] is "fucking with" and "running around with" her dad.

Meade then says to tell [redacted] "Let her know, I love her, I'm not mad at her, but she needs to get on my boy's shit and make sure he has everything he needs or get off my shit. I know that's fucked up, but I need help."

[redacted] said, "You're talking about [redacted], [redacted] in there?"

Meade said, "Yeah, right here. Yeah."

[redacted] said, "He never showed up."

Meade said, "Yeah because, mom, cause, listen, there's a whole day room of people that are out all day. One hour here."

[redacted] said, “I know. I know that. I’m just saying it didn’t work out. That’s all I’m saying.”

Meade said, “Oh so you scheduled it during his out time?”

[redacted] said, “Yeah.”

Meade said, “Oh shit then they probably just hid it, they probably just, because they think we’re trying to communicate. We can communicate through our attorneys. Like the other day like he was just saying like, he said “yeah go ahead and plead guilty”, he said “thanks for asking and shit” and he was cool with me pleading guilty, you know?”

[redacted] said, “So he is, ok. I should be able to show him love just like I show you love. He’s one of my boys, so that shouldn’t be a problem. You know what I mean” That’s not fair. He’s gotta have love. That’s not fair.”

The blond says she needs to hand the phone to [redacted] because she needs to get out of the vehicle. She said she was running late. Meade told her to run in there and tell them somebody died.

She passes the phone to [redacted] and Meade says, “I miss you, I love you. I don’t know what I’m doing. I’m gonna kinda just wing it.”

[redacted] told Meade to hang in there. [redacted] briefly points the camera at [redacted] They’re both still in the vehicle.

Meade said, “I know, I will. It sucks, it’s unfortunate, you know. I’ll be alight. I did it to myself, you know? Self-destructive personality. I can’t help it.”

[redacted] said, “You got [redacted] now.”

Meade said, “Do I? I appreciate that. I need good people in my corner to veer me away from all the bad shit that I like to do.”

Meade told [redacted] it was good to meet her. The he started talking about her accent, and [redacted] said [redacted] is from Georgia. Meade began talking about someone else he met from South Carolina.

Meade said, “He’s from South Carolina, he just left. He had that southern accent, I was like, “Damn.” I hit him up, told him where [redacted] was at and everything. He said he was gonna reach out, see what he can do.”

[redacted] said, “They’re on top of [redacted] medical right now. That’s good. You know he’s (unintelligible) attorney for a year.”

Meade said, “He’s been doing the lawsuits and all that shit, I’m been trying to file a tort claim, I’m file tort claim too, but I need help doing it. Just on the black box thing. It’s crazy.”

[redacted] talks about taking some words from a letter Meade wrote and putting them in a card for Meade's girl.

Meade said, "Yeah, [redacted] just, verbatim. Hey. I love you. I'm not mad at you. It sucks that we haven't been able to communicate, that's fucking weird. When you've ever needed something, I've fucking been there. I need her to get on Moose's shit. Hey. Whatever he needs. Send him books, money, all that shit. Tell her I can't order commissary right now. He can. He can have packages. He can't have no bottles though. Nothing that comes in bottles. Toothpaste, all that bullshit. Can't have bottles, but just find out what he can have. Message him and, he hasn't messaged back or not?"

Meade starts talking about "Reeling [redacted] in."

Meade said, "I'm gonna talk to [redacted] about reeling in fucking [redacted] She's been blowing me up, this, that, whatever, she's a fuckin. I already know why she's coming back, but, I'm gonna fuckin try to reel her in."

[redacted] said, "Its cause you're a celebrity. She's a weirdo."

Meade said, "I know but her network, it was crazy. You remember. You know when I got down with that shit. So, I'm gonna try to real her in and push her to him so he's got shit going on."

Meade said, "I knew that she lied about her whole life and that she basically catfished me for what, a year? Before I said something."

04/28/2024, 7:56am MDT. Meade made a call to [redacted]

6 minutes and 40 seconds into the call, Meade asked [redacted] if she was recording their conversation, and [redacted] said "Mmhmm" suggesting that she is recording. Meade then said, "Hey so, uh, the one that I told you to talk to, right? I was just saying, like, next time he goes to work out whatever blah blah blah, right? Did you talk to him?"

[redacted] said, "I haven't talked to him."

Meade asks if she got a message to him. [redacted] said she sent a message but hasn't received a response. She said when she messaged him before, he took over a month to respond.

Meade said, "Alright, no. So I'm talkin Signal."

[redacted] said, "I don't know how to do that."

Meade said, "No, you just, so you just, you gotta get, I mean you can find, the-theres a, you just hit up the right person. They're gonna give you a Signal number and you just hit em' up on Signal. And just tell em', its important. Um. Uh. I'm, yeah, we're talking about two different people. Two different things."

[redacted] said, “I think we are.”

Meade said, “Yeah yeah, no, for sure. Uh so like, you hit em’ on Signal. Its like, bah bah bah. Fucking. Yeah. Fuck. No its all good I’m not even trippin. But like, uh, it was like the last, like I sent uh, I sent you a song and shit? I was like, you know? You know what I’m talkin’ ‘bout?”

[redacted] said, “Mhmm.”

Meade said, “So just you figure it out. Get at em’ on Signal and just tell em’ exactly what I said. Oh damn, so you said what I said about the, next time he goes to work (unintelligible). (He laughs nervously) Oh shit!”

[redacted] said, “Don’t. Its not gonna make any sense.”

Meade said, “No it’s not. But I mean. It’s not like they’re they’re recording all this shit anyways. So it’s not like I’m not trying to be, I’m not trying to like get away with it or nothing. Its not anything its not like a big secret or anything.”

[redacted] said, “I know, you know how to (unintelligible).”

Meade said, “There thousands of people that work and hundreds of millions of people that have jobs and you know like it don’t matter.

[redacted] said, “You are not one of those people.”

Meade said, “Hell naw. Look at me I ain’t fuckin workin. Fuck that! Fuckers work for me.”

Meade said, “Hey so, its basically, cause its important, I need it done like as soon as possible. Like. Figure out his shit. Get at him on Signal and just tell him like, hey, tell him all that shit. And then tell him, he needs to tell **Bird Man** that they got Moose’s old phone. I don’t know if that matters or not, but they fucking found his phone. They tracked it from us leaving the hospital. They tracked it, bam, they found it on the side of the fuckin road.”

Richards said, “Ok.”

Meade said, “I mean, its already too late to do anything. They’ve probably had it for a long time. I don’t really know if that’s significant or anything. But, he needs to tell Bird Man that that’s what it is. And then when he says, “Well I don’t have his number.” Then fucking ask. Then ask somebody. Alls you gotta do is ask a couple people and he’ll hit the right one. And uh, tell him to tell him on Signal. I don’t even know if they ever talk, I don’t even know if. And just when he’s like, confused, tell him just shut the fuck up and think for two seconds. Just sit back and think, and it’ll all click click click. And then, handle it, please. I know because motherfuckers start being like, well I don’t know what you’re talking about. Well then sit and think about it for a few hours. And figure it the fuck out. When they’re figure out shit faster than

somebody that's in it that's figuring out some shit. Come on now. Fucking stupid ass motherfucker.

12 minutes and 50 seconds into the call, [redacted] asked, "Did you get my message about the [redacted] thing?

Meade said, "Uh, no, I got it, but its getting done here in just two seconds. I actually made a list. The first one on the list is "Block [redacted]

Meade holds a list up to the camera. Only some of the list is visible, but it appears to read,

"[redacted] Moose…Bock"
"- Ask M if he's been"
"package ect."
(unreadable line and its crossed out)
"-Block [redacted]"
(unreadable and partially obstructed by finger)
"if he's on my"
"the senirs 7"

Meade said, "Cause I forget, stupid, I know this is like important, cause I told (unintelligible) to do it. So like, I had to write it down. Um. And then just. Oh, my schedule. Hey so if [redacted] on (unintelligible). Uh, ask him if he wants to start the series. That book is dope. Its hella tight."

22 minutes and 55 seconds into the call, Meade said (referring to his list) "Most of this is like about him (Moose). Boom. Plugging him with uh, [redacted] Plugging him with [redacted] Plugging him with [redacted] So the [redacted] chick I worked from Pennsylvania for a long time. She said she seen me on the news and shit. She hit me up. I'm gonna try to plug them too."

04/30/2024, 8:26am MDT. Meade made a call to [redacted]

Most of this call was [redacted] being upset with Meade because she found out he had previously dated a Polish woman named [redacted] (pronounced "[redacted]"). [redacted] was upset because Meade hadn't told her about it. Meade explained that he, his brother, and [redacted] were a throuple.

Meade mentioned [redacted] has 1.5 million views on Tiktok.

05/01/2024, 8:31am MDT. Meade made a call to [redacted] [redacted]

13 minutes and 30 seconds into the call, Meade says, "I think I'm just gonna plead guilty. Cause look, so, he said, hey you're good to plead guilty. I appreciate you asking. Thank you. And they're trying to get

it down from a thirty fixed, thirty to life, or something like that for him. Which I get it, but, she ain't really offering no deals, you know? But, if we go in and they say she's gonna if he's talked to her, cause he said I don't know if you gave me permission to talk to her. I was like you gave permission to do whatever the fuck you want. Just do whatever you gotta think is best for me, you know, I'm not trippin. If she says she's gonna do the dope case, I'ma plead not guilty and I'll just fight it out and then trial in November or something like that. But he wants to push his trial out to the fall, like push it out farther. For what? For what? They're not offering no deals. Theres no deals. These motherfuckers are gonna try to make careers off of this shit."

[redacted] said, "Ok but so lemme ask so is the charge just the escape?"

Meade said, "Escape and persistent. Yeah they hit me with the bitch and did escape. So they-they charged me with escape, and then they hit me with three enhancements which was, um, persistent, uh, guh, guh, the gang shit, the gang enhancement and then, um, and then the, um, inflicting great bodily harm in the commission of a felony. Which, he explained it like this, cause that one carries 20, the escape carries 5, persistent carries 5 to life or 10 to life, and then the gang thing carries 5, right? Uh, so I was like, just tell her open sentencing like I'm good. (Unintelligible) don't do the dope case because the dope case gonna fuckin, its gonna, all he's still got Ada county charges. I'm tryin be done with this shit so I can either go somewheres else, or figure my shit out, right? And uh, long story short, um, he said if I plead guilty to the persistent and the- and the- and the escape, then the other two will just go away. Cause it's the higher one, you know? So. Yeah."

[redacted] said, "Can't fight the persistent?"

Meade said, "Oh no, I could fight it all. But its, I've got like, seven eight, nine, ten, felonies. I've got too many felonies. What would I fight it for? I'm not like the time-"

[redacted] said, "Well because you didn't mean for all that to happen."

Meade said, "It don't matter, none of the shit matters."

[redacted] said, "Yeah it does."

Meade said, "No it don't. It happened. Yeah, I didn't- I didn't mean for it to happen. It sucks. Like all that shits unfortunate. But my day in court, like it will never be-"

[redacted] said, "What about the fact that you were put in a box for twelve years and you're not thinking right?"

Meade said, "I love you, I love your heart and shit, but none of that shit matters. You care about that, you're my mama. But they- they- they don't give a fuck about that shit. Look at me. I don't have a trial face."

[redacted] said, “You’re my baby.”

Meade said, “I know, but I don’t have a trial face, mama. Like, like even if they put me on trial. I got a nice suit, whatever. They’re gonna be like “Fuck this motherfucker.” But like I thought- so I thought about just being petty and just fuck it I ain’t got nothing else better to do. I’m gonna, I’m in a cell. I’m ad seg (administration segregation) right now, with no electronics. And-and I would just fight it, bring it all the way up to trial. But, um, cause like, try to push for a change of venue. Cause they-they’re not gonna find a fuckin, a juror in Boise that hasn’t seen it on the news or hasn’t heard about it. So they have to push it to another county. I’ma just be hella petty and just push it all the way out and draggin this fuckin shit all the way out. But. I would never do, I’ma never waive-waivin that speedy trial. In six months I’m going to trial, regardless. You know what I mean? And he wants to do his in the fall. So if our trials ain’t gonna line up, then, that’s be the only reason I would go just to back him up and be petty. Honestly, know what I mean? But the time, its whatever. Like the time, so like say, best case scenario, they give me five to life. And then I go to this place, and then twin, and then wherever else. I’m not trippin on the time. Its over, like, they-they already told, like the phones at the prison, the drugs at the prison, uh-the-the-uh staff assault. It was all adding up anyway. That’s why I told you like a year ago, like, hey, they’re not gonna. Even if I didn’t get in no trouble. I shot at a cop. What I’m in there for. They’re flopping me for five years, for sure. Nobody gets parole on the first try. Especially not somebody like me. I mean I had to take the whole time. So that’s for sure five, and then all this stacks. Its all consecutive. The escapes consecutive, it happened while I was in custody. And then this dope case, probably consecutive. And everything else I did, probably consecutive. So, I’m not’ trippin’. I’m healthy, I’m alive, I’m in here, I’m good. Its whatever. Fucking, tell [redacted] I said the same thing.”

[redacted] said, “Yeah, I um, I don’t know where he’s at.”

Meade said, “He’s probably in the same spot. He just raising hell, fuckin, let him do his thing. That’s his, that’s when he’s in his element. And we’re at our best is when we’re fucking destructing shit. You know, I’m just tryin, I’m just chillin. Like. They haven’t really, they haven’t done anything to me, and things have just been chill. You know? I know IOYC is probably pissed cause like he hasn’t done nothin? Yeah why the fuck you think I did all that shit at the prison. Fuck that motherfucker. No I like, I-I just wanna get it over with, because, on (unintelligible) Moose was like, bro, PG13 or fucking rated R. Pick one. Because like. If I go to trial I’m gonna say a bunch of fucked up shit. And I’m gonna tell em’ like.”

[redacted] said, “Wish you would.”

Meade said, “Its gonna turn into like- You know I thought about it. But its, I don’t want, if, if he wasn’t in the picture, I would blow all the shit out the fuckin water.”

[redacted] said, “He would want it.”

Meade said, “I don’t know. Go fuck em’.”

Sgt. Loren Hilliard	674	06/14/2024 09:06

[redacted] said, “He would. Maybe I should talk to him before you make that decision.”

Meade said, “Well listen what he said. He told [redacted] he’s gonna get out when he’s like fifty. In his mind like, I don’t know maybe he does got a shot. You know like, if everybody does their job and does their homework and shit. I mean maybe he will have a shot. But uh, you know if he has if in his mind he was like, “I ain’t never getting out.” Oh yeah, it’d be on. I’d tell em’ exactly like, hey yeah I did this, and that’s what I was plannin’ and this and that. You know? Cause I’m fuckin pissed about a lot of shit. You know I’m not sayin like, any-this, you know, I mean like.”

[redacted] said, “Don’t put in your plea yet, can you hold off and let me talk to him?”

Meade said, “Yeah. Like, he, uh, yeah, they can put it out another two weeks. That’s what he said he said, “I can put it out another two weeks.” Cause look this is what he’s gonna do today. Is, go in there, say “Hey, he’s ready to plead guilty right now.” We gonna fuckin plead guilty. We already signed all this shit. We already did the guilty plea advisor form. We did all that shit, right? Cause they picked me to go to trial. But like, he was gonna ask for an OR, make the prison come pick me up or make somebody come pick me up, know what I mean? Um, and then if she files the whole case or whatever just fight it from the prison and just wait for these other counties to come pick me up or whoever to come pick me up. But uh, if the feds are going around knocking on everbody’s doors and all this shit I would imagine there’s no way they’re gonna let all this shit go.”

[redacted] said, “Who’s doors are they knockin on?”

Meade said, “Well I mean like, they’re hittin up [redacted] and then this person. Hey and [redacted]

[redacted] said, “Oh God.”

Meade said, “They asked [redacted] She talked to a female FBI agent, this person, that person. The line of questioning that I first heard. We don’t have to repeat it.”

[redacted] said, “I know, she already told me.”

Meade said, “She didn’t say none of that, they didn’t ask her none of that. They asked her about our relationship and who she knew in Twin, but they didn’t ask her anything about anything else outside of the escape. Told me like they asked her about this and they asked her about that and I was like-“

[redacted] said, “So I believe your brother blocked her, and um, [redacted] told him that I said she was running around with [redacted] So he made it about [redacted] So now [redacted] sent [redacted] a message, he read it to me yesterday that said, “Sorry friend, but um, [redacted] told [redacted] that I was running around with you. I thought she was my friend but I guess she’s not and so I guess I’ll be going to court alone.

Meade said, “Nah tell her to fuckin bring man fuck that shit.”

1. Incident Topic	2. Subject/Victim's Name

[redacted] said, “I told [redacted] he needs all the support he can get, go to court.”

Meade said, “Yeah that’s fucked up. Like, hey, uh, she shouldn’t be acting like that anyway. I got a message ten minutes ago. She said, “She’s not answering, I know she’s got her own stuff going on.” And, she and I said she said hit her up on Signal, pay attention. So, maybe you hit her up on Signal, put her (unintelligible).

05/02/2024, 8:30am MDT. Meade made a call to [redacted] [redacted]

They discussed that today is Moose’s birthday. [redacted] said she has an interview with Meade’s investigator, James, at 9:15am today.

Meade said, “Don’t say anything crazy. I don’t think he would put anything crazy in there, but-”

[redacted] said, “I don’t know anything crazy. I don’t know you in that life.”

Meade talked about wanting a speedy trial, but Moose still wants to push his trial out to the fall. Meade said, “I got a lot of negative ass shit to say and I got like. I’m not just, like, it sucks, its unfortunate for those officers it happened to. The CO’s. Uh, but, but, for the most part like, all the shit I got to say is bad. Besides those three, like, besides that, its gonna be all negative and I’m just not gonna have anything good to say. So, it’ll, its gonna negatively reflect on him.”

[redacted] discussed the possibility of Meade getting the death penalty, and said she will kill herself if Meade is executed.

13 minutes and 30 seconds into the call, Meade asked if she’s heard from the guy that did her tattoos recently.

[redacted] said, “[redacted] but not him.”

Meade said, “You don’t gotta say names. Don’t say names.”

[redacted] said, “Yeah, yeah, um, no.”

Meade said, “Him and the other one that he was kickin with up here, and tattoos and shit, all over. Uh, I need to get ahold of him. So try to hit up [redacted] tell [redacted] to hit up him. And then tell em’ I know its bad timing and, its not too important you know. But, figure out some way to get a number in here, to me.”

[redacted] “Ok.”

Meade said, “I appreciate it.”

[redacted] mentioned someone named **“BB”** and said he’s getting out in four years.

Meade talked about wanting to go to trial because he has things he wants to say, but it would make things worse for [redacted]

05/03/2024, 8:03am MDT. Meade made a call to [redacted]

They discussed Mother's Day, and some of [redacted] photos being blocked by the jail for being inappropriate.

05/03/2024, 8:31am MDT. Meade made a call to [redacted]

They talked about "Hairball", "[redacted] (spelling unknown, pronounced "[redacted]". Meade mentioned [redacted] is Mexican), and [redacted] being moved to B-Block. "[redacted] was moved to the hole. Meade told [redacted] to be careful what she says because their conversations are being monitored and he thinks that's why people were moved.

They talked about [redacted] being put in a corner cell, and someone trying to address how [redacted] has been being treated. Meade said, "They're thinkin- they're thinking that he had something to do with all this. They got to. I mean unless its just straight- unless its straight retaliatory and its straight revenge. Which, I get it, but."

[redacted] said, "I know there's a new CO out there, Anderson. He-he held [redacted] dinner last night, but, fucking [redacted] raised enough hell that they gave him a dinner last night. He got to eat."

[redacted] said Moose plans on pleading guilty and he wants Meade to be ok. Meade said if Moose pleads guilty, Meade will go to trial.

Meade said, "The last thing I'm gonna do is-is-is talk about certain shit. Its like. I just these charges and all this shit taken care of. Um, and, uh. Hey, um. Alright, so. Uh. Let D know like Hey I either need to, like, I don't necessary wanna do it or read or even talk about his shit or anything but, he needs to be careful about what his uh whenever he pleads. Be careful what it says. Tell him- tell him to go over it and if it looks like, tell him, it has to be solely focused on him, what he did. And it can't be like he knew what he was doing something with somebody else or anybody else or. Tell him to change it, tell him to make his attorney change it. Cause he's gonna take a deal right now. So. Said he's got like four years or some shit like that. So. That's not bad. I'll probably see him out there. Like. But like, tell him to make sure, when he says, when it says hey, I'm pleading guilty and I blah blah blah, blah blah blah blah blah blah. Tell em', either make em' change a bunch of shit or pass that to um. I mean if he can get it to somebody and then you guys get it to somebody, and figure out if he can. Cause I told right out the gate like hey, nah, if something happens, everybody goes like, t-take it all the way. It sucks. We fuckin, but. Cause it'll say like-

“

[redacted] said, “Listen, the big problem I have with you, you know, yous talkin about pleading in on this, like, is the enhancement part of it. And the fact that, did you read it? I read the back of [redacted] letter. I-you, you had to use her gut, that form to write her letter. I read that.”

Meade said, “Which (unintelligible) the persistent? There’s three of em’.”

[redacted] said, “No the-the enhancements. Well there’s enhancement that has affiliation, that has to do with affiliation.”

Meade said, “No no no, I’m not pleading guilty to that.”

[redacted] said, “Yeah, that’s not right.”

Meade said, “No, I’m gonna plea to the one that-that carries a potential life sentence and then there gonna, those other two will disappear.”

Meade said, “No I t- and I t- Like, he needs to know that too, like, I told em’. Any gang shit, anything like that. Don’t plead to any gang shit. Like, we’ll take it all the way and fight it. Cause like, this had nuttin to do with that. Yeah, whatever, we got tattoos and shit. So what? But this has nothing to do with any of that. Um.”

05/04/2024, 8:13am MDT. Meade made a call to [redacted]

They talked about how Meade hates following rules. Meade talked about videos he filmed in prison which he moved from a gmail account to a DropBox account.

05/05/2024, 7:59am MDT. Meade made a call to [redacted]

They talked about [redacted] and Meade sharing [redacted] She asked him about the tattoo on his chin and he said he doesn’t want to confirm what it is on camera but he will tell her later.

Meade asked about Tia, and [redacted] said she hasn’t talked to her but she heard she got in trouble for a 3-way call. [redacted] said Tia is with [redacted] Meade said she’s happy for them because she didn’t think they were together. [redacted] said Tia loves Meade, and Meade said he feels bad because he got in an argument with Tia and said, “How ‘bout when I get out I go shoot your fucking kid’s house up.” Meade said he feels bad for getting Tia arrested because she didn’t deserve it and didn’t know what she was getting herself into.

Meade said he plans on pleading guilty for the drugs charge.

05/05/2024, 8:31am MDT. Meade made a call to [redacted] [redacted]

12 minutes at 50 seconds into the call, Meade said, “I worked everything out in my mind, like uh, and I kept thinking, uh, they’re not gonna be able to hit him (Umphenous) for certain things. You know what I mean? Like, like for sure. I kept thinking like, uh, I mean they could make it look like this, they could make it look like that. No, I know for a fact that they can’t. There was times that we weren’t together, and I fuckin passed cops and the motherfucker leaned over and looked me right in my face, and was, for sure. And so like I kept thinking like, dude, that’ll prove right there that I was by myself some of these times like that, you know, I was out. We weren’t always together. You know there was times that we like, we had to fuckin-“

[redacted] said, “I didn’t think so.”

Meade said, “But it took-it took me a minute to remember that. Uh. Because my attorney was like, hey well, they gave me like a timeline. And just said, uh. I’m trying to think of exactly how, like, I don’t wanna say any more than what they said. Like they just, basically gave me this timeline-“

[redacted] said, “I wish your attorney would call me.”

They began discussing court and him pleading guilty.

15 minutes into the call, they began discussing surveillance footage from the hospital.

Meade said, “They’re playing games and saying there’s a protection order on it and they don’t want the media to get any of the videos or anything, so.”

[redacted] said, “But you did, you already talked to them about that one and they’re getting it, right? From-from the hospital? That one video that was missing.”

Meade said, “Oh the, the a-ambulance one? I don’t know, he-uh-they-the-they cops said that they had it when they, when they went up there and they did the prelim or whatever? And he said that they had it and they were-they were getting it. And they just figured out how to get the audio off of it. But. Um. It-it only shows me, it don’t show anybody else. That’s the only thing that was, was it facing, uh, the parking lot or was it facing me? And they said it was, it was facing me. Cause I remember like right when I walked out, the back doors were open and it was like a ramp like maybe they had a wheelchair, that got brought up in there or something like that. Um. And it was, there was a bubble, like it was looking right at me, you know? But, it uh, we walk passed it, and we get behind the transport van, and then that’s when pretty much everything started happening. And uh, that was the only thing that I wanted to see is if they could see the cop that was standing to my right. If there was a camera on him. And he said there is, and then

when I walk around the van, did I disappear? Like, you can't see anything that happens on the other side of the van, and you could see somebody from the parking lot, uh, draw, you know? But, uh, I just wanted to know if that cop on my right was uh-, if they-"

[redacted] said, "Yeah, did it, does it show?"

Meade said, "I don't know, I haven't seen it. Cause they're not looking for, like, I'm looking for something else. He was, he, they're not really."

[redacted] said, "I know what you're looking for."

Meade said, "They're looking at me. Yeah."

[redacted] said, "I know, but I know what you're looking for, so I'm just wondering. Yeah I-"

Meade said, "Uh, Maybe cause I was curious, cause like if they try to, if the Feds try to say that there was any more intent than just freedom, and there was any more agenda than just freedom. There's like some shit that like. With that, you know."

[redacted] said, "Yeah."

Meade said, "Cause they're allowed to, basically them motherfucking cops are allowed to do whatever they want. If they see something or they're-. They're allowed, I mean. They're allowed to do whatever, so that's not the, what I'm-I'm trying to like get at. But, it does helps the situation."

05/06/2024, 7:56am MDT. Meade made a call to [redacted]

[redacted] said she got a tattoo out of impulse that says, "Always and forever, bitch". Meade said his impulses are a felony at minimum. [redacted] asked Meade not to get any more tattoos on his face. Meade insisted that he needed more tattoos on his face.

Meade said the jail has restricted what types of writing utensils he can have, which helps prevent him from incriminating himself. He said, "Its gonna keep me from incriminating myself, cause I'm always like writing shit down, and then I'll go over there and like, I'll scribble it out and be like, you can't write that down. What are you stupid?"

[redacted] said, "There's a few, like, in my letters, there's like a few, like, two lines." And she gestured crossing something out.

Meade said, "Uh yeah. Its cause I'm like, whoa, you can't say that. You're not on Signal. You're not on WhatsApp. Hey that shit ain't gonna erase after five minutes."

03/20/2024	02:16	County Prosecutor	PATROL

Meade asked [redacted] to find out how he can file a Torp Claim.

Meade talked about possible sentencing for his current charges.

Meade said, (I believe he's referring to a prosecutor), "She seems all like straight forward, by the book, but I imagine when she's doing her sentencing she might be like, I know I been cool this whole time, but motherfucker… Eh, I don't know. But they're gonna, whatever they talk to you about, they're gonna read it during court. I don't know if you guys can read it during court or what, but."

[redacted] said, "What he talks to me about?"

Meade said, "Yeah, he's gonna interview you. I don't know how its gonna go, or what the deal is, or whatever. But maybe when he reaches out to you if he calls your or anything just be like, hey, this is a better time to call me and let's do this at this time, or whatever, and give him a time that's good for you. I don't really know how its gonna work. I just don't want them, like, uh. He thought [redacted] was my Aunt. He was like I tried to get ahold of your Aunt. I said, she's my friend, she's not my Aunt or anything. [redacted] uh, my step dad. But he's not my fuckin step dad, he's my homie and shit, he's my mom's baby-daddy. You know what I mean? So like, these motherfuckers ain't getting those titles and shit. He my friend, she my friend, and they here to support me."

05/09/2024, 7:56am MDT. Meade made a call to [redacted]

[redacted] said Meade's mom has been blocked from calling the jail for the same reason she was previously blocked. Meade asked if it was for passing messages to his brother [redacted] [redacted] said she didn't know.

[redacted] asked Meade to cancel his call with [redacted] and he said he would cancel it. [redacted] began crying because Meade speaks to other women, and it makes her feel like she's not enough. Meade insisted that the other women are just his friends.

Meade mentioned [redacted] and said he would talk to him all day even though he's "gay as shit". He told [redacted] to get ahold of [redacted] and tell him to "get on his shit". Meade told [redacted] email address. He didn't spell it out, but he pronounced it as "[redacted]" @gmail.com. They then began discussing butthole videos.

05/09/2024, 8:31am MDT. Meade made a call to [redacted].

They talked about his facial hair. She mentioned that [redacted] messaged her yesterday. He asked how [redacted] is, the video glitched and didn't record her response.

Meade said he was planning on pleading guilty on the 15th, but today they added several charges and now he's reconsidering.

05/10/2024, 8:17am MDT. Meade made a call to [redacted]

Meade asked [redacted] to message his mom and tell her they would try to talk tomorrow. Meade was trying to avoid saying who he was talking about and said, "I wasn't really trying to say who cause I already know what she, you know what I mean, she's trynna. I'm sure she's trynna get it to where like, we just don't talk on a different account and don't talk about whatever, you know? So. Just tell her let's try tomorrow."

They began discussing news headlines.

Meade said, "They were talking about Aryan Knights, blah blah blah, have compounds all across Idaho. Get the fuck out of here."

[redacted] said, "You know what's even funnier they had a photo of you and a KKK member with a little fuckin hood on." Laughing.

Meade said, "Shut the fuck up! Don't lie. Are you serious? What the fuck? Oh man that explains some shit. So I'm just hella racist and like."

[redacted] said, "Yeah so you're a big ol' racist. You're a big fuckin, like, there was the wildest things. So like there was a twitter one, and it was like, a photo of you, a photo of like, uhh, a rally of some white supremacist shit, and then a fucking KKK thing at the bottom. And I was like-"

Meade said, "Oh my god! Listen you know a lot of this, it stems, I'm not gonna say it stems from, but, a fucking newspaper article they put out that fuckin, like, was a lies. It started, I want to fuckin tell em'-"

[redacted] said, "It was really funny."

Meade said, "You guys put out some fuckin fake as shit about us IMSI, and then, look what transpired, you know?"

[redacted] said, "Some of them, like the headlines, are so funny."

Meade said, Laughing, "Fucking. Yeah. Kill niggers."

[redacted] said, "The fact that they just googled "racist" and they've just got the most fuckin wild photos, and then your photo of you in a towel." Laughs

Meade, "A towel? What towel?"

05/29/2024, 10:04am MDT. Meade made a call to [redacted] ([redacted])

Meade told [redacted] to write down a phone number his sister's phone number ([redacted]). Meade mentioned filing a Tort Claim.

05/29/2024, 10:11am MDT. Meade made a call to [redacted] ([redacted])

Meade talked about someone putting a 50 lb. weight on his leg and having him wash cars in the parking lot.

9 minutes and 40 seconds into the call, Meade asked [redacted] if anyone has called her yet, and she said no.

Meade said, "So this chicks gonna call you right. Um and make a Text Now number, with a different email. Like an email you haven't used before, right? And that you don't use with anything else. Just make a Text Now number on your phone. And then um, when she calls, give it to her. And just tell her "Hey, when you can safely pass it, um, go ahead and do that." You know? Its not anybody in here or, anybody like. Its not. I mean obviously if she's fuckin out there, but. And just, just. It'll- it'll be self-explanatory, once you talk to her. And just give her that, ok? And tell her like under no circumstances like pass it. Like. You know, don't. Make sure its done the right way."

[redacted] said, "Mhmm."

Meade said, "I appreciate it."

Narrative

IWRCFL - Broken Apple iPhone, Highway 55:

On 6/6/2024, Detective R Durbin with IWRCFL returned the broken Apple iPhone that had been found on Highway 55 (Item# MC1). The phone was successfully repaired and unlocked with a passcode/PIN identified during ISP's search of the seized silver colored 2019 Chrysler Pacific (Idaho - [redacted]). Within the Chrysler, ISP investigators located a black colored notebook containing hand written notes. The notes contained an email address/"Apple ID" known to be associated with Nicholas Umphenour [redacted] and other notes pertaining financial accounts, social media accounts, cellular phone accounts etc... Written underneath the "Apple ID" was the six digit number, "[redacted]". This number is consistent with an Apple iPhone passcode/PIN. This number was provided to Det Durbin and per his report, the number successfully unlocked the phone found on Highway 55.

Det Durbin provided me with the repaired Apple iPhone (Item# MC1), the Digital Archive (Item# MC1.a), and the Digital Results (Item# MC1.b). These items were all booked into evidence at the CID Property Room. I was also provided with Det Durbin's Report of Examination and a Checkout Evidence Receipt. These items were uploaded to ITS.

CONCLUSION:

CALL LOG:

I reviewed the phone's extracted call log. The extracted call log dates back to 1/23/2024, seven days after Nicholas is released from prison. I specifically reviewed the calls made/received just prior to and after Nicholas' arrival at the Boise Airport, the calls made/received just prior to and after the escape/shooting at St Alphonsus Hospital, and any calls he made/received with phone numbers believed to be, or known to be associated with Tia J Garcia, Skylar W Meade.

For the entire call log, which documents the dates/times, refer to the Cellebrite report uploaded to ITS

3/17/2024

Nicholas arrived at the Boise Airport on 3/17/2024 at approximately 1326 hours.

On this date, Nicholas' phone made/received calls to/from the following phone numbers:

- [redacted]
  - Associated with [redacted] Nicholas' [redacted]
  - Primarily contacted with the use of Facetime.

- "Tia Garcia" [redacted]
  - Associated with Tia J Garcia.
  - Contacted through the Signal application.

- "Bouty-MF-Bout It" [redacted]
  - Based on the Signal voice messages, this phone number is associated with Skylar W Meade.
  - Contacted through the Signal application.

- "Mom [redacted]

- "Tia Garcia" [redacted]
  - Associated with Tia J Garcia.
  - Contacted through the Signal application.

- [redacted]
  - Unknown who this phone number is associated with.

While reviewing the Call Log, I identified several calls that appeared relevant to the investigation:

After the shooting/escape at St Alphonsus Hospital, Nicholas' phone only called one person, Tia ([redacted] The call took place at approximately 0228 hours, approximately thirteen minutes after the shooting/escape. This call coincides with the Signal message that Nicholas' also sent Tia on 3/19/2024, stating "*Hey two things, for any reason something happens and I'm seen, if you get up tomorrow and I leave a message to report it stolen, u fucking do it. Don't call me, don't hesitate, don't wait, do it!!!*" Tia called the Twin Falls Police Department at approximately 0240 hours and reported her vehicle as stolen.

Nicholas' phone does not make/receive any calls to the [redacted] phone number that is known to have been associated with [redacted] until 3/19/2024. The calls take place at approximately 2049 hours, 2101 hours, 2108, and 2109 hours. These calls take place just before, during, and just after Skylar is wheeled out of his cell and transported to medical. Skylar is then loaded into at ambulance at 2124 hours. Based on the investigation, I believe that it's very likely that the purpose of these calls were to notify Nicholas that Skylar was likely about to be transported to a hospital.

While waiting within the hospital parking lot, based on the extracted call log, it appears that Nicholas did not make or receive any calls.

While reviewing the extracted call log, I observed the following:

- Nicholas' phone had been in communication with Tia's known phone number ([redacted] since 2/10/2024. From 3/6/2024 - 3/20/2024, Nicholas' phone and Tia's phone number made/received phone calls to one another on a daily basis.

- Nicholas' phone had been in communication with Skylar's known phone number ([redacted]) since 3/4/2024. From 3/12/2024 - 3/19/2024, Nicholas' phone and Skylar's phone number made/received phone calls to one another on a daily basis.

- Nicholas' phone had been in communication with [redacted] known phone number ([redacted]) since 3/1/2024.

03/20/2024	02:16	County Prosecutor	PERSONS

knew that Nicholas was in Boise between 3/17/2024 and 3/19/2024. This is different than what [redacted] had told me on 3/21/2024, when I interviewed her on the phone. [redacted] told me that she last spoke to Nicholas "like" a week ago and she assumed that he was in Florida. She was told me that she had no idea that Nicholas had plans to travel to Idaho, nor did she know the specifics as to why he had traveled there.

The messages also indicate that [redacted] may have had some knowledge of the planned escape. Nicholas tells her that he's shutting off the location and the phone. On 3/19/2024, the day Skylar is transported to St Alphonsus Hospital, Nicholas references a nap and food *"before big events"*. [redacted] never questions what the big events are, rather she writes *"Ok yes make sure u eat Drink water Rest"* and sends him several heart emojis.

Nicholas and [redacted] message Cellebrite report was uploaded to ITS.

Mom [redacted] ([redacted]) and Nicholas Umphenour ([redacted]):

The following string of messages were exchanged between [redacted] phone number and Nicholas' phone number. Nicholas and [redacted] correspondence began on 2/19/2024 and continued through 3/19/2024.

3/17/2024

Nicholas (2:26:38 PM):

"I'm in boi"

[redacted] (2:30:41 PM):

"Ok"

Nicholas (2:26:38 PM):

03/20/2024	02:16	County Prosecutor	PERSONS

The messages also confirm that Nicholas lands *"mid afternoon"* and that he's trying to keep the trip quiet. [redacted] appears to know that Nicholas and Skylar have been talking over the application "Discord."

Nicholas and [redacted] message Cellebrite report was uploaded to ITS.

Sky 111 ([redacted]) and Nicholas Umphenour ([redacted]):

The following string of messages were exchanged between a phone number that appears to be associated with Skylar Meade and Nicholas' phone number. Nicholas and Skylar's correspondence begins and ends on 3/4/2024.

Within the messages, Nicholas identifies himself as "moose" and sends Skylar a picture of himself. Skylar and Nicholas then agree to move their conversation over to Signal.

Nicholas and Skylar's message Cellebrite report was uploaded to ITS.

Signal**:**

Bouty-MF-Bout It ([redacted]) and Dude!! Fuck!! ([redacted]):

The following string of messages were exchanged between Bouty-MF-Bout It (Signal - associated with Skylar) and Dude!! Fuck!! (Signal - Nicholas).

3/4/2024

Dude!! Fuck!! (12:16:41 PM):

"Just make sure my flight leaves Orlando in the morning sometime. Same with the return trip from Boise if possible and that I can have a carry on"

Dude!! Fuck!! (12:16:57 PM):

"Monday 18th return Thursday 20th"

Admin	

Officer(s) Reporting	Ada No.

03/20/2024	02:16	County Prosecutor	PERSONS

Dude!! Fuck!! (12:17:21 PM):

"Nicholas Umphenour" [redacted]

Dude!! Fuck!! (12:18:02 PM):

"Make sure you release the .30carb and bird to me if ur wanting to take that with you"

Dude!! Fuck!! (12:18:16 PM):

"There's no changing my mind"

Dude!! Fuck!! (12:19:15 PM):

"Because I have to use a debit card on file send it to me via ca. and I'll take care of second night"

Dude!! Fuck!! (12:19:24 PM):

"And I'll Uber to the airport"

Within these messages, Nicholas appears to be instructing Skylar on what dates to book his flight to and from Boise. He also refers to the .30carb, which is significant because Nicholas purchased .30 carbine ammunition from Cabela's and picked it up in Boise on 3/17/2024. It's also significant because a .30 carbine rifle was recovered by law enforcement when Nicholas and Skylar were taken into custody on 3/21/2024.

3/7/2024

Dude!! Fuck!! (1:50:40 PM):

"Just Chilled, r we still on"

Dude!! Fuck!! (1:50:40 PM):

"The longer we wait to buy tickets the more they'll cost"

Bouty-MF-Bout It (1:59:09 PM):

In response to "Just Chilled, r we still on" - *"Of course! You are I am I want this so bad bro."*

Bouty-MF-Bout It (1:59:44 PM):

In response to "The longer we wait to buy tickets the more they'll cost" - *"I'll figure it out here in the next hour"*

Bouty-MF-Bout It (2:02:35 PM):

I might have someone that will do a drop between now and then. The extra money is needed.

Bouty-MF-Bout It (2:02:41 PM):

What you think

Dude!! Fuck!! (2:03:35 PM):

"Do they have any practice flying and how trustworthy worthy are they"

Dude!! Fuck!! (2:04:22 PM):

"Actually yes ur gonna need money homie"

Bouty-MF-Bout It (2:09:15 PM):

Skylar sends Nicholas an audio message. I recognized the male voice to be Skylar (113.736575812647 / 6F95E6C9-E137-47CD-A39D-D12A86E489FE.m4a). Within the message, Skylar states:

- *YG's dad and his homies "scope out pot fields and they hit them."*

- *He has a "DJI Maverick Pro" (likely DJI Mavic Pro drone) and he flies his all the "fucking time."*

- Skylar talks about passing out "phones" and "dope" to try and get as much money as he can.

- Skylar states that he will "*literally shoot a bunch of money out there, get a crotch rocket, maybe even two ya know, like, I mean it just depends." " Definitely the strizaps that we need."*

- Skylar asks Nicholas, *"How do you still feel about it? Like where is your mind at? Cause, I want it more*

*than anything bro I know it will work. I know it can be as simple as fucking 1-2-3 like. Yeah, it's complex and it takes balls. That's why mother fuckers don't ever do it. Cuz they don't have the wherewithal, they can't plan it, plot it, and they don't have the balls to carry it out. We do, **laugh** we do. How you feel?"*

Dude!! Fuck!! (2:04:22 PM):

Nicholas sends Skylar an audio message. I recognized the male voice to be Nicholas (63.0639455782313 / Voice_Message_3_7_24,_4_16_PM.m4a). Within the message, Nicholas states:

- "*Homie that's it, it just takes fucking balls homie. I got that, I'm fucking ready. Fuckin, there's no hesitation. I think that the plan that I told you on how to do it is the simplest, best, most easiest fucking way and that's what we stick to. Ummm, just need to get up there. You need as much fucking money as you can for just right off the bat, have contacts. Ya know, as soon as I get my shit paid off and I can get moved down there, you know I'm all about fucking driving wherever you are in that state. Don't tell a fucking soul what state you're in. As for as the bird goes homie, they just need to make sure the geofencing is good on it and uhhh yeah. You need the money. Absolutely. Anyways, yeah, I'll call you here in a second. I'm fucking draining my shit box, whatever it's fucking call, tank in my camper."*

Bouty-MF-Bout It (2:19:37 PM):

Skylar sends Nicholas an audio message. I recognized the male voice to be Skylar (82.4023713989468 / 4A1F61A3-5839-4E29-996D-9EA89C53E7E6.m4a). Within the message, Skylar states:

- "*No, they're probably good. I mean he can use his bird, how, like, preferably would bring his out cause he knows it, but he can use ours, it don't matter, like it don't fucking matter to me. But, my thing is, like I just want to buy a crotch rocket, a bug out bag, a pistol, and a bunch of ammo. Ummm, that's going to cost me I think three grand. I think I can do whatever with three grand. **screaming in background** But, who the fuck is yelling at me. YG's over here now. YG, me, JP all of us are over here. Umm, but uhh, yeah yeah I'll holla at you here in a little bit. I'm gonna try **inaudible**. I wanna push that money back toward you cause like I'll be able to get money like a mother fucker once I get out there just by hitting a lick here, hitting a lick there, and then creeping back in the shadows. But for the most part, like uhhh, I want to be able to hand you a few grand ya know. Three, four, five grand just to. I think five was my target, that's what it was, that what I had the number in my head. I want to hand you five grand, so I need to make eight grand. Which is not too bad, I was making ten grand for a fucking drop, ya know? So I'm gonna get out and find the prices and shit. Umm, I'll hit ya up here in a little bit."*

Dude!! Fuck!! (3:59:27 PM):

"Plan on making ten homie, shits more expensive out here then u think, yes absolutely use they're first"

Skylar sends Nicholas an audio message (20.3729688211805 / 7A32BA8A-E294-43F4-BC5F-23E1F9A9C6A3.m4a). At the end of the message, Skylar tells Nicholas that he misses him. He then states, "*hey, everythings looking like it's lining up and everythings going good*."

Dude!! Fuck!! (7:42:37 PM):

"*Alright that's good homie, keep me updated*"

Dude!! Fuck!! (7:42:45 PM):

"*I miss u too homie*"

Bouty-MF-Bout It (7:51:04 PM):

"Absolutely I got you brother please be safe out there"

Dude!! Fuck!! (7:58:19 PM):

"Of course"

Dude!! Fuck!! (9:31:56 PM):

"I was just thinking about it. I need to e there on the 18th so either the plane has to get there that night or ur gonna have to get it for Sunday the 17th"

Bouty-MF-Bout It (9:33:00 PM):

Skylar sends Nicholas a video (674B8700-A111-407F-9C55-E29C7320FF18.mp4) of himself in what appears to be his prison cell. Skylar is singing "they will never break me" and eating food.

The communication between Skylar and Nicholas on 3/7/2024 appears to show that the two of them have already planned or are in the midst of planning Skylar's escape. Both Skylar and Nicholas discuss his travel to Boise, and Skylar proceeds to send him a possible flight itinerary through Spirit Airlines. Within the messages, Skylar references how "complex" it will be, and that no one has tried it before because they don't plan it, can't plot it, and they don't have the "balls" to carry it out. He then states, "we do" and laughs." Within the messages, Skylar references obtaining a pistol, "strizaps" (slang for a gun), ammunition, and a crotch rocket (motorcycle) once he is out. Skylar knows that he's going to need money once he's out. Per the messages, it appears as though Skylar is planning on selling illegal drugs

and phones within the prison to obtain the money he needs. Both Skylar and Nicholas reference the use of drones and doing a "drop" to obtain money. Based on a conversation with IDOC Investigator B Adams and his supervisor N Fraser, I learned that they have previously been made aware of drones potentially dropping illegal drugs to inmates within the confines of the prison.

3/8/2024

Bouty-MF-Bout It (4:09:51 PM):

Skylar sends Nicholas a video (F5EF320F-B7EB-4292-8A82-0F09792D5D4A.mp4). Within the video, Skylar is lying down and wearing a make shift pair of glasses. Within the video he tells Nicholas that he told his "girl" that he would not be smoking "crack" anymore.

Dude!! Fuck!! (4:17:56 PM):

Nicholas sends Skylar an audio message (10.0063492063492 / Voice_Message_3_8_24,_6_17 _PM.m4a) laughing and telling him to get his "*shit together*" or else they will both be going to the "*nut house*."

Bouty-MF-Bout It (4:18:25 PM):

Skylar sends Nicholas an audio message (6.52494378434548 / 966444D1-3FA0-4DA2-8B7C-353A2F3AEE3E.m4a). He states, "*hey do you like immediately be like, oh my God, I can't go get this fool?"* Skylar then laughs.

Dude!! Fuck!! (4:42:29 PM):

Nicholas sends Skylar an audio message (7.56825396825397/ Voice_Message_3_8_24,_6_42 _PM.m4a) laughing and says "*fuck no*." He tells Skylar that he loves him.

Although Skylar and Nicholas do not speak much on this date, within one of his audio messages, Skylar does suggest that Nicholas is going to get him.

3/9/2024

I did not read or hear any messages between Skylar and Nicholas that appeared relevant to the escape.

Skylar appears to be sending Nicholas flight information. The link did not work when I inputted into a browser.

Bouty-MF-Bout It (11:27:57 PM):

Skylar sends Nicholas an audio message (58.6074562898688 / 6237A1AB-AB95-449C-B775-260546DF7C29.m4a). Within the message, Skylar tells Nicholas, *"hey that's from my girl. Umm, she said like, just check those links out and shit. She's going to send like four-something or whatever it cost that, the Cheap Flights or whatever. She's going to send that, I sent her all my money, two-something and then I'm going to fucking cut all the money off my books and send it. But hey, the number I gave you to my brother, like we're family bro. Ya know I sat there, talked to him for a while and I was like, bro like, this mother fucker almost killed me, about broke my fucking shit in half. Cuz I was like whoa whoa whoop and he was like, and then, after we do that, on to the next. I was like what do you mean? I was telling [redacted] this, like what do you mean? Your brother and I was like fuck. I started fucking... not crying, because I ain't no bitch, that's for damn sure. I love you brother. I see you and I appreciate you. And um, thank you."*

On this date, the communication between Skylar and Nicholas shows the steps made toward purchasing tickets for Nicholas to fly to Boise. When Skylar asks Nicholas where his mind is at, Nicholas tells Skylar to "buy the fucking ticket." Skylar explains how legendary this is going to be, and that win or lose, it's going to be a win. When asked, Nicholas provided Skylar with his PayPal information. Skylar then proceeds to pass on what appears to be flight information to Nicholas and explains that a female, likely [redacted] is going to send him the money for tickets. On this date, Skylar also provided Nicholas with [redacted] Signal phone number, [redacted] Based on Skylar's last audio message, Skylar has also been in communication with [redacted]

On this date, Nicholas confirmed that he received $500, and that he purchased flights to/from Boise and Orlando. Nicholas explains that he will be in Boise on Sunday, which is consistent with 3/17/2024, and

1. Incident Topic	2. Subject/Victim's Name

leave Wednesday, which is consistent with 3/20/2024, the day of the escape. He also writes that he obtained a hotel room through Priceline. This is consistent with what has been learned through the investigation. On 3/17/2024, Nicholas checked into the Ramada (3300 S Vista Ave Boise) with a reservation made via Priceline.

Throughout the conversation, Skylar suggests that they obtain a "scat pack" from a "guy" that his mother knows. He explains that the "scat pack" goes "literally 200 something miles an hour and outruns the cops". Skylar goes on to suggest "bank robberies." Both Skylar and Nicholas acknowledge that this will be national news, and that Skylar will be unable to talk to anyone for months. Interestingly enough, Skylar appears to make fun of other previous escapees being caught because people told on them, they kick it with their families, or they go back to their hometown.

3/12/2024

Bouty-MF-Bout It (4:16:18 PM):

Nicholas calls Skylar.

Bouty-MF-Bout It (4:34:12 PM):

Nicholas calls Skylar.

I did not read or hear any messages between Skylar and Nicholas that appeared relevant to the escape.

3/13/2024

Bouty-MF-Bout It (10:59:40 AM):

Missed a call from Nicholas

Bouty-MF-Bout It (6:54:16 PM):

Received a call from Nicholas

On this date, Nicholas asks Skylar specifics bout his clothing and shoe size, and he mentions that he is purchasing Skylar a suitcase. Skylar provided Nicholas with his size information. Nicholas then informs Skylar that he needs $45.00, because he just purchased a box of ammunition that will be picked up at Cabela's in Boise. Nicholas confirms the purchase by sending Skylar a screen shot of what appears to be the receipt. The receipt shows that a single box of Armscor .30 Carbine 110 Grain Full Metal Jacket Centerfire Rifle Ammunition was purchased for $39.99. The investigation confirmed that when Nicholas arrived in Boise on 3/17/2024, he did in fact pick up the ammunition from the Cabela's in Boise. After learning about the ammunition purchase, Skylar tells Nicholas that he should not have done this. He is concerned that "they" will link the ammunition back to him and that they are going to "get" him at the airport. Skylar suggests that instead of him flying back to Florida, the two of them should drive south to the Florida Keys. Skylar also is concerned that there will be check points after the escape.

Nicholas tells Skylar that he's been doing "homework for upcoming events" and that they will "do it" on Tuesday night so he can "scout and find u transport and what not." Skylar was in fact transported from hospital to St Alphonsus Hospital on a Tuesday. Based on the location of Nicholas' cellular device, it appears that Nicholas did scout the prison, and the hospital prior to the escape.

"I think we're going out there back here in a second. Yeah just keep in your mind seeing them reach for it cuz they might reach for it and stop but if even that's the case I don't know if I would be able to catch that before I squeeze you know"

Bouty-MF-Bout It (9:31:39 AM):

Skylar sends Nicholas an audio message (30.404807799163 / 924EEFFE-1AA3-447D-BEEA-EB436AD458F6.m4a). Skylar states, *"I meant to say I think we might be going out to rec here in a second, stupid ass auto-correct. I might make coffee right now. The music I've been bumpin is out of fucking line. This NLE Choppa, he just, alls he talks about is killin, murder, fuckin, just up like it's yeah. NLE Choppa, it's like straight thugged out shit, but. That's all he talks about is just murder, murder, murder."*

Bouty-MF-Bout It (9:33:01 AM):

"Yeah probably not a good idea to be listening to that shit but it makes me feel better LOL"

Dude!! Fuck!! (9:34:26 AM):

"lol, I don't really trip on it to much, we can make all the plans and ideas in the world but when it goes down it'll be all different and in fate"

Dude!! Fuck!! (9:34:39 AM):

"I'll talk to you tonight"

Bouty-MF-Bout It (9:36:37 AM):

Skylar sends Nicholas an audio message (74.0493972335232 / 04B6D035-A640-4E3A-AE9D-AE127A0F474A.m4a). Skylar states, *"**laughing** Oh my God, that's the realist, most stressful fuckin shit ever. Cause like, you're right **laugh**. Homie be planning, planning, planning, planning, and if things go completely different, but homie. Ya know how many peoples told me this and ya know like, I never like talked in--depth to people about it cause it's just, I'm not going to entertain them. Get the fuck out of here. But ain't nobody ran and do something like this, they ain't got the balls, the ingenuity-ness, anything, like nothing. There not there. I"ll be like, even the shit we did. You've seen how much planning, how much practice. How many times we've talked, we over it, and over it, and over it, and over it, and what happened? **laughing** Went off like a fuckin boss bitch, what you talking about **laughing**? Hey, legend status. Cut it, cut it, cut it, left, left, left, right, right, cut it, cut it, cut it, close the window, act like you're sleeping, like **laughing**. The maximum security in Idaho, we was bringing phones and drugs*

Bouty-MF-Bout It (4:14:58 PM):

"Nothing but love by problem"

Bouty-MF-Bout It (4:15:05 PM):

"Check that song out"

On this date Skylar and Nicholas appear to discuss more about the escape plans, specifically shooting and/or killing "cops," and which officers may or may not be armed with a holstered firearm on their hip. Based on my knowledge of the incident, it appears that when Skylar and Nicholas are speaking about the armed IDOC officers during Skylar's escort to/from the prison. At one point, Nicholas even writes, "*They try n draw anyways and their dead.*" Based on their messages, the two of them clearly have a hatred toward IMSI (IDOC), SIU (IDOC), and cops/police.

Skylar also sends the cryptic message, "*Murda on my mind help me sleep likes a baby*." He also mentions that he is listening to a song from *NLE Choppa* and all that he speaks about is murder and killing. Skylar then writes, "*Yeah probably not a good idea to be listening to that shit but it makes me feel better LOL"*

Also worth noting, Nicholas tells Skylar that [redacted] sent him $50.00 via PayPal on this date. This

Dude!! Fuck!! (9:12:11 AM):

Nicholas sends a photograph (signal-2024-03-16-111211.jpeg) of himself at the lake/beach/river.

Bouty-MF-Bout It (8:38:42 AM):

Missed voice call from Nicholas

On this date, Nicholas and Skylar continue to make plans for the escape. This includes Nicholas purchasing Skylar a "prepaid debit card" so that he will not be "using any old accounts". Nicholas tells Skylar to "funnel" money to his "ca" (Cash App) and PayPal accounts so that he can purchase the "prepaid" once he gets "up there". Based on my knowledge of the investigation, I know that once Nicholas arrives in Boise, he does in fact purchase a pre-paid financial transaction card at Walmart in Boise, and funds it with approximately $200.00.

On the date Nicholas confirms Skylar's shoe size and pant size. Skylar writes that he has "these Nikes" that look like "street shoes" and they are the ones that he'll "rock it out in and then switch out everything."

Skylar was in fact wearing white colored Nike shoes at the time of the escape. Skylar does write that he does want "tight running shoes lol".

Some of the messages exchanged between Nicholas and Skylar on this date are centered around killing people, specifically "baby cops," and "pussy cops." Nicholas also writes about how he use to watch movies about serial killers and how crazy he thought they were and they are "living it." At one point, Nicholas even writes "death to all."

Dude!! Fuck!! (10:42:58 AM):

Nicholas sends a photograph (signal-2024-03-17-104258.jpeg) of himself. Based on the communication at this point, Nicholas is likely at the Denver Airport. It appears that Nicholas is wearing the same shirt and hat as when he is captured on video surveillance arriving at the Boise Airport.

"Relax bro, I'm McFly"

Dude!! Fuck!! (10:43:21 AM):

"The tail in these airports is phenomenal"

Dude!! Fuck!! (10:47:06 AM):

"I'm feeling dangerous bitch!!!!"

Dude!! Fuck!! (10:47:31 AM):

"A lil rambunctious but secretly I'm ready to snatch a life"

Dude!! Fuck!! (10:47:48 AM):

"K I'm boarding love u brother"

Dude!! Fuck!! (10:48:19 AM):

"Just know touchdown is 1:20"

Bouty-MF-Bout It (10:49:47 AM):

Skylar sends Nicholas an audio message (7192989651116869 / D605AE43-5AF2-4C7F-A5EA-66E665D3E0EF.m4a). Skylar states, *"Alright I got you, I'm going to do it in a second. I'm going talk to* [redacted] *for a minute and then I'm going get right on, I love you. My timeline, I got you, it's done. Don't, I got you"*

Bouty-MF-Bout It (10:49:54 AM):

In response to, "*A lil rambunctious but secretly I'm ready to snatch a life*": "*Wordddd*"

Dude!! Fuck!! (10:50:22 AM):

"Hey no never sent them two bills"

Bouty-MF-Bout It (10:50:50 AM):

"I'mma smack that fuckin ho rn word"

Dude!! Fuck!! (10:51:12 AM):

"Fr cause rn I have very little for money for u"

Bouty-MF-Bout It (10:51:27 AM):

"Kk"

Bouty-MF-Bout It (12:14:32 PM):

Skylar sends Nicholas an audio message (73.6226899410533 / FA7F1270-6388-435B-AFD6-EA85A4D05574.m4a). Skylar states, *"Hey, uh, homie knows, like you're good. Make sure you wipe your phone bro. Wipe your phone and start all over. Wipe your phone, make everything new again, or something like that. That probably be a good idea, just to whatever, whatever. Ummm, especially while you're on the plane chillin. But look that, cop just walked by and said hey how are you doing, when I took my window cover off. Bro I don't know if he see, like, if he heard me or what. So I'm kind of sketched out right now. Umm, I might get this fucking thing out of my house, I don't know what I'm going do. If they turn the camera, or act funny, or anything, I'm going get this thing out of my house. I love you, and uhhh, if I don't have this, or anything like that, send one stamp to Panda's fucking God damn tablet. Worst case scenario, send one stamp to tablet, Panda's tablet and that's basically, hey I'm fucking ready, I'm right here, I'm ready. Like go, that means go, and I'll fucking do it right there homie. I love you brother. Be safe please. Please be safe and if something happens, immediately get a call out and just say it's all bad, ya know, fucking, it can't happen. Just something like that so I know, ya know what I meane? Uhh, I love you."*

Dude!! Fuck!! (8:27:16 PM):

"I got you a bunch of shit tonight"

Bouty-MF-Bout It (8:27:25 PM):

"And this gat is fucking sick brother"

Dude!! Fuck!! (8:29:34 PM):

Nicholas sends Skylar a photograph (signal-2024-03-17-202943.jpeg) of a gun. Based on the image alone, the pistol within the photograph appears to be the Tisas PX-9 recovered within James L Mauney's silver colored Chrysler Pacifica when Nicholas and Skylar were taken into custody. It also appears to be the same firearm that Tia took photographs of herself possessing.

Bouty-MF-Bout It (8:30:14 PM):

On this date, Nicholas travels from Orlando, to Denver, then Boise. This is corroborated by Nicholas' flight itinerary and video surveillance at the Boise Airport. While traveling, Nicholas sends the cryptic messages, "*I'm feeling dangerous bitch!!!!*" and "*A lil rambunctious but secretly I'm ready to snatch a life*".

Nicholas continues to tell Skylar that he does not have much money for him. Within an audio message sent by Skylar, he tells Nicholas to "wipe" his phone and start over. He also expresses concerns about a "*cop*," who is likely a correctional officer within the prison. Skylar tells Nicholas that he may get this "*thing*," likely his cell phone, out of his "house," presumably his prison cell. If that happens, Skylar instructs Nicholas to send a "*stamp"* to *"Panda's tablet"*. That will mean "*go*" and Skylar with *"do it right there"*. Based on my knowledge of the investigation, this likely means that when Nicholas sends the "*stamp"* to *"Panda's tablet"*, that will be the indicator to execute the plan for escape.

On this date, Nicholas references a "*gat*". Based on my training and experience, I know that the term gat is street slang for a firearm. Nicholas confirms this by sending a photograph of what appears to be the Tisas 9mm pistol. This appears to be the same pistol recovered within the Chrysler Pacifica, and the same pistol that Tia takes photographs with. Based on surveillance footage, we know that on this date that Tia and Nicholas were together, as the two of them are captured on video surveillance with one another.

Nicholas informs Skylar that he purchased him a knife. He also reiterates that he has gotten Skylar, pants, shirts, a long sleeve compression shirt, socks, boxers, shoes, a belt, a water bottle, paracord, a flashlight and zip ties. It should be noted that zip ties and the packaging for a long sleeve compression shirt were found within Tia's recovered Honda Civic.

Bouty-MF-Bout It (9:55:51 PM):

Skylar missed a voice call from Nicholas.

Bouty-MF-Bout It (9:57:33 PM):

Skylar received an incoming voice call from Nicholas.

On this date, Skylar and Nicholas do not communicate via message as previously seen. However, Nicholas does tell Skylar that it's going to be just the two of them. Based on my knowledge of the investigation, I believe Nicholas is referring to who will be present when the actual escape takes place. Based on the messages between Tia and Nicholas, it appears that at one point in time, there may have been plans for Tia to be present during Skylar's escape.

On this date, Skylar and Nicholas discuss Nicholas being a thief. At the time they discuss this, Nicholas is captured on video surveillance at the Walmart (8300 W Overland Rd Boise), stealing a canister of gun lubricant.

Nicholas also tells Skylar that he's in the car and he's on his way to see him. Shortly after these messages are sent, video surveillance shows a vehicle, believed to be Tia's Honda Civic, driving past the front entrance for the Idaho Department of Corrections.

"Want me to call??"

Dude!! Fuck!! (8:15:50 PM):

"Sure"

Bout-MF-Bout It (8:16:11 PM):

Skylar received a voice call from Nicholas.

Bout-MF-Bout It (8:35:25 PM):

Skylar sends an audio message (9.13063592283038 / 7D2D75A3-E218-4C04-9FE8-849CDBC5506B.m4a). Skylar states, *"Hey, a whole lot of mother fucking gang shit going on bro. You already know what the fuck time it is. I'll see you in a minute bro, I love you brother. I'm erasing all this shit, getting out ***unintelligible**"*

Dude!! Fuck!! (8:36:10 PM):

"I love u brother!!"

On this date, Nicholas and Skylar once again do not communicate as much via message. However, the two frequently call one another, and Skylar sends Nicholas an audio message. Within the message, it appears that Skylar is ready to execute the plan. He tells Nicholas that he's going to see him *"in a minute"* and that he's *"erasing all this shit"*. At the end of the message, it sounds as if Skylar tells Nicholas that he's *"getting out"*.

This is significant because approximately 16 minutes later (2051 hours) IDOC staff responds to Skylar's prison cell. 26 minutes later (2101 hours), Skylar is wheeled out of his prison cell by IDOC staff and taken to medical. At 2124 hours, Skylar is then transported away from the prison by Ada County Paramedics.

AGGRAVATED BATTERY BATTERY-AGGRAVATED BY USE OF A DEADLY WEAPON OR INSTRUMENT			
3. Address		4. Phone	
1055 N CURTIS RD , BOISE			
5. Date Occurred	6. Time Occured	7. Route To	8. Division
03/20/2024	02:16	County Prosecutor	PERSONS

Prior to 3/19/2024, there was no communication, at least none that was saved, between [redacted] and Nicholas. The calls made between [redacted] and Nicholas on this date are relevant because they occur when Skylar is being removed from his prison cell by IDOC staff and transported to medical. Based on the above documented communication between Skylar and Nicholas, it appears that [redacted] was aware of the escape plans. Based on the call times of [redacted] and Nicholas' communication, it's highly likely that [redacted] was notifying Nicholas of Skylar's transport to medical.

Nicholas and [redacted] Signal Cellebrite report was uploaded to ITS.

Tia Garcia ([redacted]) and Dude!! Fuck!! ([redacted]):

The following string of messages were exchanged between Tia Garcia (Signal - Tia) and Dude!! Fuck!! (Signal - Nicholas).

Tia and Nicholas appear to have communicated on Signal since 2/9/2024. On that date, Tia messaged Nicholas and wrote *"Hey it's T. I got another phone so none of this is on mine."* This is consistent with Tia being in possession of two phones when she was contacted and interviewed on 3/20/2024.

Within the messages, Nicholas and Tia send photographs of themselves back and forth to one another. Throughout the messages, Tia and Nicholas also discuss a vehicle, and getting a title changed. Based on my knowledge of the incident, the two appear to be discussing a 2002 Honda Accord (VIN: [redacted]) that is titled in Tia's name. The title, which was signed over to Nicholas on 3/18/2024, was found by investigator's while searching the seize Chrysler Pacifica.

On 2/19/2024, Nicholas appears to be venting to Tia about his family, he then writes:

Dude!! Fuck!! (1:15:49 PM):

"Fml I'm gonna get off here for now. Just got told but ur not allowed guns. Oh really cause I have them and I'm pretty sure I can do whatever I want"

On 3/8/2024, the two of them appear to message back and forth about Nicholas coming "*there*" and that he tellsTia to stay out of trouble, because he's going to "*need"* her. Based on the messages, it appears that Tia forgot to check in with her supervising officer.

Dude!! Fuck!! (9:15:26 AM):

"HMU when u get up"

Tia Garcia (9:24:49 AM):

"I'm up my phone shut off and I didn't even know, wtf lol. I was wondering why it wasn't blowing up."

Tia Garcia (9:25:54 AM):

Makes an outgoing voice call to Nicholas.

Dude!! Fuck!! (9:28:49 AM):

"U better be smiling tho"

Dude!! Fuck!! (9:37:55 AM):

"U ever stay in the Ramada"

Dude!! Fuck!! (10:36:30 AM):

"I just pissed on a cops fence while working at their house bahahaha"

Tia Garcia (10:46:04 AM):

"Never stayed in Ramada. Aye haha FTP!!"

Dude!! Fuck!! (11:45:51 AM):

"Doing their driveway"

Dude!! Fuck!! (11:46:05 AM):

"Well u gonna try it with me?"

Dude!! Fuck!! (11:46:19 AM):

"King size bed"

Dude!! Fuck!! (2:30:45 PM):

"What is what"

Dude!! Fuck!! (2:30:53 PM):

"The Ramada? It's a hotel"

On this date, Nicholas informs Tia that he has purchased his tickets, likely his airline tickets from Orlando to Boise. He also mentions the Ramada, the hotel that Nicholas checks into with Tia on 3/17/2024.

Nicholas and Tia also discuss him urinating on a "*cops"* fence. Tia responds with FTP (fuck the police).

On this same date, it shows that Nicholas deleted several of the messages he had sent to Tia.

3/12/2024

Tia and Nicholas make several voice and video calls with one another. There are no messages sent/received.

03/20/2024	02:16	County Prosecutor	PERSONS

"Don't do that. It's okay to not be good. I think about it too, like wtf is the point in life what do I want out of it what is the purpose for me even being alive. I've either died or should've died, at least 5 times. & every time it happens I just brush it off & don't give it a second thought. I suck at relationships, every time I have something good going for me I fuck it up, Im doing the same ass thing just different days. I know I want off paper, I know I want to make money but thats all I see. I don't know I look at the bigger picture for my life and can't figure out what I want either."

Dude!! Fuck!! (8:09:41 AM):

"I heard all of that. And half of me wants to do all the right shit but half of me just wants to run and I can't figure it out in my mind so I'm living aimlessly"

Tia Garcia (8:11:07 AM):

"What are you trying to run from"

Dude!! Fuck!! (8:11:58 AM):

"That's not what I meant by run I mean just do all I want and run the country and mountains and o dirt or whatever u know"

Dude!! Fuck!! (8:12:09 AM):

"But then u can't have no one cause they won't stay"

Dude!! Fuck!! (8:21:43 AM):

"I'm good thou I just have my moments"

Nicholas and Tia continue messaging throughout the day. They both explain how much they miss one another. Within the messages, Nicholas tells Tia that the hotel is trash, likely referring to the Ramada.

Nicholas mentions that he doesn't *"necessarily want to be doing this"* and that he's *"terrified of getting caught but I'm the only one with half enough balls. And I made a commitment."* Based on the investigation, it appears that Nicholas and Tia are discussing the escape plans. Based on Tia's response, it appears that she is aware of what Nicholas is about to do, *"I get it we do what we do cause nobody else will even if it puts us in a spot.."*

"There's a hotel at the bottom of the hill I'll be leaving it at"

5:46:52 PM:

Nicholas makes an outgoing video call to Tia.

5:55:55 PM:

Nicholas makes an outgoing video call to Tia.

5:56:23 PM:

Nicholas makes an outgoing video call to Tia.

On this date, Tia and Nicholas discuss Tia being left behind (Twin Falls). Even though Nicholas wishes that Tia was with him because he needs a *"bad bitch"*, based on the messages, it appears that Nicholas made Tia stay behind. Tia explains that if it wasn't for "*this monitor & the feds"* she would be with Nicholas, *"no doubt with no questions asked."* Based on my knowledge of the investigation, at the time of the escape, Tia was wearing an ankle monitor that tracked her location. Tia obviously has concerns about participating/being with Nicholas due to the monitor, and the *"feds"* (federal law enforcement). When Nicholas suggests that they *"could cut it"*, Tia writes, *"but how quick are they gonna grab me before after we do it?"* Based on the messages, it appears that Tia's ankle monitor was supposed to be taken off it April, and she writes that she feels like *"shit"* knowing that he's on his own, and that she knows *"it would be easier with the both of us.."* This message indicates to me that Tia is well aware of the planned escape, and she acknowledges that it would be easier if Nicholas was not alone, and she was

there.

At one point Nicholas writes, *"I'm wrecked rn! Ready for blood lol"*. Tia responds with *"I bet you are lol/"*. Based on my knowledge of the incident/investigation, and when these messages were sent (approximately 4 hours prior to Skylar being transported to St Alphonsus), it appears to me that Nicholas is acknowledging that he's about to hurt someone, likely the IDOC officers. Based on Tia's response, it appears that she is aware of the upcoming attack on the correctional officers.

Some of the last correspondence between Nicholas and Tia is crucial to this investigation. Nicholas instructs Tia on what to do if he's seen. He tells her that if she wakes up tomorrow (3/20/2024) and he has messaged her to report *"it"* stolen, she needs to *"fucking do it."* He tells her to not call him, don't hesitate, not to wait, and to do it. This is significant, because shortly after Skyler's escape and the shooting of the correctional officers takes place, Tia does in fact call the Twin Falls Police Department to report her Honda Civic as stolen.

It's unknown what Nicholas is referring to when he writes that he *"can't leave it at the airport, they can't see us go to airport on ankle"* and that he'll be leaving it at a hotel at the bottom of the hill.

3/20/2024

2:28:37 AM:

Nicholas makes an outgoing voice call to Tia.

The only communication on this date between Nicholas and Tia occurs approximately 13 minutes after the escape (approximately 0215 hours), and just prior to the phone being discarded on Highway 55. Based on the communication between Tia and Nicholas on the day prior, I believe that during this voice call, Tia is instructed to report the Honda Civic.

Nicholas and Tia's Signal Cellebrite report was uploaded to ITS.

[redacted] ([redacted]) and Dude!! Fuck!! ([redacted]):

Admin

The following string of messages were exchanged between [redacted] (Signal – Believed to be associated with [redacted] – Skylar and [redacted]) and Dude!! Fuck!! (Signal - Nicholas).

I was able to potentially associate the [redacted] signal account with [redacted] by some of the voice messages that were sent during the correspondence. I compared the female voice with known phone calls made by [redacted] on Telmate, and it appears that they are the same person.

Nicholas and [redacted] had been in communication with one another since 2/21/2024. Within the messages, [redacted] provided Nicholas with *"Sky"* (believed to be Skylar) and [redacted] living conditions at the prison.

It also appears that Nicholas is attempting to get some "clear" from [redacted] Based on my training and experience, I know that "clear" is street slang for methamphetamine.

Also, on 2/25/2024, [redacted] refers to Tia. She writes:

"Hey that Tia has a do not detaine so don't fuck with her ok"

The communication between Nicholas and [redacted] ceases on 2/28/2024, but begins again on 3/16/2024, four days before Skylar's escape.

3/16/2024

[redacted] (12:56:19 PM):

Dude!! Fuck!! (12:59:15 PM):

"No stop"

(12:59:17):

Nicholas makes an outgoing voice call to [redacted]

[redacted] (12:59:19 PM):

"No it's locked"

[redacted] (12:59:19 PM):

"It's fixed now"

Dude!! Fuck!! (1:53:30 PM):

"Yeah they got ahold of me"

[redacted] (1:53:39 PM):

*"Lol ok **thumbs up emoji**"*

On this date, Nicholas and [redacted] appear to be discussing financials, specifically concerns about a financial account that they are unable to access due to deleted emails. [redacted] appears concerned about the deleted emails and asks, *"Did I totally fuck you huys (guys)".* Nicholas does not appear too concerned but he does tell [redacted] that he needs to know if Skylar is having the *"big amount"* sent to "it." The messages end with [redacted] writing that it has been fixed, and Nicholas confirms that "*they*" got a hold of him.
I reviewed Nicholas' call log during the time of this conversation. On 3/19/2024 at 12:51:18 PM, Nicholas calls 800.969.1940, a customer support number for Cash App. It should be noted that [redacted] also offers to send *"25"* to Nicholas, but he tells her no.

Based on the previously documented messages between Skylar and Nicholas about acquiring money before the escape, I believe that Nicholas and [redacted] are likely attempting to obtain and/or transfer money to one another for the planned escape. This is even more apparent when [redacted] writes, *"Did I*

totally fuck you huys (guys)".

Also on this date, [redacted] asks Nicholas if *"Sky"* has a *"blammy"*. Nicholas responds by telling her *"Not rn" (not right now)*. The term "blammy" is unknown to me. However, after speaking with B Adams, an IDOC investigator, I learned that the term "blammy" is slang within the prison for a cell phone. He explained that this is specifically being used by Aryan Knights.

3/20/2024

No communication.

Nicholas and [redacted] Signal Cellebrite report was uploaded to ITS.

[redacted] 111 ([redacted]) and Dude!! Fuck!! ([redacted]):

The following string of messages were exchanged between [redacted] 111 (Signal – [redacted] – likely Skylar and [redacted] and Dude!! Fuck!! (Signal - Nicholas).

Nicholas' communication with [redacted] 111 only occurred on 2/26/2024. On that day, Nicholas writes that he's *"gonna have to fly up n run the bird probably"*. Based on my knowledge of the investigation, I believe that Nicholas is talking about flying a drone. In response, [redacted] warns Nicholas about Tia. *"Don't fuck with tia dude she's being followed"* and *"she has a do not detain"*. Nicholas writes that he *"ain't fucken"* with her, but he does acknowledge that he's buying a car from her. This corroborates the previously documented messages between Tia and Nicholas, and the signed over title found with the Chrysler Pacifica.

Nicholas and [redacted] Signal Cellebrite report was uploaded to ITS.

(5)

Nicholas received an email from Priceline. The email informed him that it was time for him to check in for his Alaska Airlines Flight 2366 from Boise to Orlanda on 3/20/2024.

The Email Cellebrite report was uploaded to ITS.

DEVICE CONNECTIVITY:

I reviewed the device's that Nicholas' phone was connected to during the time of the escape. From 3/17/2024 at approximately 6:48:45 PM through 3/20/2024 at 12:38:49 AM, the phone was primarily connected to the following device:

Name: HandsFreeLink
Type: Headset
Connectivity Methond: Bluetooth
MAC Address: [redacted]

I researched HandsFreeLink and learned that it is a Honda product that allows users access to their cellular phone via Bluetooth without handling it. This information is significant, as the vehicle used during the escape was Tia's 2020 Honda Civic.

As of 7/8/2024, I have been unable to confirm the MAC Address associated with Tia's 2020 Honda Civic.

The Device Connectivity Cellebrite report was uploaded to ITS.

SEARCHED ITEMS:

On 3/17/2024 at 6:24:31 PM, Nicholas' phone searched "Hospitals" within Apple Maps.

While reviewing Nicholas' limited web history, the only webpage that appeared relevant was accessed on 3/19/2024 between approximately 2:00 PM and 2:30 PM. During this time period, Nicholas accessed the Xoom website. I learned that Xoom is a service through PayPal that allows users to send money to friends and family in over 160 countries. Based on several messages, this was significant as Nicholas was attempting to acquire money at this time.

The Web History Cellebrite report was uploaded to ITS.

DEVICE LOCATIONS:

On 7/2/2024, I provided FBI Special Agent N Balance with an Excel file containing all of the location information associated with the device.

IMAGES:

This is an image of an Idaho vehicle registration for a silver 2002 Honda Accord (Idaho – [redacted] registered to Tia Garcia, [redacted]. This registration is associated with the same vehicle that Tia had sold to Nicholas on 3/18/2024.

5005.JPG:

Capture Time: 3/14/2024 at 2:50:56 PM

This is an image of what appears to be a screenshot from a cell phone. The image captures an email that reads, Cabela's Order Number: W219203836 / Order Date: March 14, 2024.

This image is significant as this order number is associated with the Armscor .30 Carbine ammunition that Nicholas and Tia picked up from the Cabela's in Boise on 3/17/2024.

5005.JPG:

Capture Time: 3/14/2024 at 6:06:32 PM

This is an image of what appears to be a screenshot from a cell phone. The image captures Walmart

TEMP-9DCEB2D7-DC79-4D2E-AAAE-120701CEFE6F.jpeg:

Created 3/19/2024 at 7:04:41 AM:

This is an image of an Idaho vehicle title from that sale of a 2002 Honda Accord from Tia to Nicholas for $4000.00. The title sale is dated 3/18/2024.

IMG_0945.HEIC:

Capture Time: 3/19/2024 at 8:07:50 PM
Lat/Lon: 43.488858 / -116.234864

This is an image of Tia's 2020 Honda Civic (Idaho [redacted] unoccupied and parked within a dirt lot. The image's metadata contained a location of where the image was captured. The coordinates associated with where the picture was captured puts the Honda within a dirt lot located northwest of S Pleasant Valley Rd and 10 Mile Creek Rd. Based on the terrain captured within the photograph, this location appears to be accurate.

This image is significant because it captures Tia's Honda Civic in Boise, in what appears to be Nicholas' possession, and approximately 2 hours before Skylar is transported to the hospital. The location of where the image was captured is also significant. Per the latitude and longitude, the Honda was parked approximately .5 miles north of the Idaho Department of Corrections.

The Cellebrite image report was uploaded to ITS. All of the above documented images were downloaded to Evidence.com.

Narrative

On Thursday, 05/30/2024, at 2:56pm, I was assigned to review phone calls, text messages, and video calls between Skyler Meade and other various individuals during Meade's incarceration at the Ada County Jail. I was reassigned and stopped reviewing calls on 07/03/2024.

The following is a summary of notable conversations I heard between Meade and the various people.

Video calls:

05/16/2024, 8:26am MDT. Meade made a call to [redacted]

Meade asked [redacted] about what the news has said about him. She said an article said his sentencing would be 07/19, and another article said there was a hearing on 06/20. Meade said he plead guilty to the escape. [redacted] said there was an article about how nice and polite Meade was with the judge. Meade said the judge was very thorough and respectful.

05/17/2024, 7:57am MDT. Meade made a call to [redacted]

They talked about the 5 love languages and their relationship. Meade asked for help getting his birth certificate. [redacted] showed Meade a post of Twitter that was a photo of Meade next to a photo of a KKK rally.

05/20/2024, 7:56am MDT. Meade made a call to [redacted]

[redacted] told Meade that his brother's attorney is Joshua Stolaroff, and Stolaroff is trying to set up communication between Meade and his brother.

Meade asked [redacted] to buy him a tablet when he gets to prison.

Meade talked about a book he's been reading called Sacrifice.

Meade talked about being accused of being racist, and said he never got any swastika tattoos because he "gets it" and "respects it" but he's not going to represent it. [redacted] said she's never heard Meade say anything racist.

54 minutes into the call, Meade began talking about phones that he hopes the prosecutors don't find.

1. Incident Topic	2. Subject/Victim's Name		
AGGRAVATED BATTERY BATTERY-AGGRAVATED BY USE OF A DEADLY WEAPON OR INSTRUMENT			
3. Address 1055 N CURTIS RD , BOISE		4. Phone	
5. Date Occurred 03/20/2024	6. Time Occured 02:16	7. Route To County Prosecutor	8. Division PATROL

Meade said, “At least th-at least these motherfucking prosecutors prolly won’t have access to like, the phones and shit. The ones I got caught with for sure, but, like, not the ones at the prison. I don’t think they’ll get those. God if they do, fuckin, ugh!”

[redacted] held up her hand and made a pinching gesture.

Meade said, “Who knows? I really don’t even-“

[redacted] said, “That’s not in it.”

Meade said, “Hey, hey, well if they get those, if they got those, then they got all the videos of me with the cert team, all the cert team videos. The whole time, when they were extracting, all the people. I got all that shit. Hey, I got em’ ch-, hey, on the other side of the kiosk I zoomed in, I got em’ choking, uh, [redacted] They were choking the shit out of his ass. I was like, hey, you guys cannot put your hands around his fuckin neck and choke him like that.”

[redacted] said, “What will they think of the shower one?”

Meade said, “Oh the, were, the, he peed- Oh, oh my god. Me? My-my shower one? Don’t say that. They can’t show that. I don’t think they can show that.”

05/21/2024, 7:56am MDT. Meade made a call to [redacted]

[redacted] spent a few minutes showing Meade her lingerie. They discussed the five love languages book. They talked about exchanging photos when he gets to prison.

05/22/2024, 7:59am MDT. Meade made a call to [redacted] [redacted]

[redacted] said she was about to leave for the airport to fly to Texas. [redacted] recorded a video of Meade to show to [redacted] Meade told [redacted] he loved him and to stop making things worse.

05/22/2024, 8:32am MDT. Meade made a call to [redacted]

[redacted] showed off her lingerie and her hair style. She asked Meade if he pissed off [redacted] and he said she was upset with her son.

They talked about [redacted] for a while. [redacted] was upset that [redacted] doesn’t respect her.

05/23/2024, 8:34am MDT. Meade made a call to [redacted]

Meade talked about sending [redacted] Weed Gummies. [redacted] reminded Meade that he forgot to send her the “stuff for her mom.” She seems to be eluding to Meade sending her drugs. Meade then said, “Its probably in the fuckin DA lockup. Oh my god. Son of a bitch. I can- I gotchu though. Hey-cause I can get, Hey-I can get that shit hella easy. Its like no problem over here.”

[redacted] started talking about her laser hair removal. Meade asked her what would happen if someone used that laser on someone’s eye.

Meade talked about some of his new books. “The House Maid”, “He had been with me”, and “It begins with us”.

05/24/2024, 7:56am MDT. Meade made a call to [redacted]

They talked about mayonnaise. They talked about different foods that are available in the USA vs [redacted]

05/25/2024, 8:26am MDT. Meade made a call to [redacted]

Meade joked about using recreational drugs to help with his restless leg syndrome. [redacted] complained about [redacted] not liking her.

22 minutes and 30 seconds into the video Meade asked [redacted] to open Signal on her phone and enter [redacted]. He asked her if it’s a Signal number, and [redacted] said it isn’t. Then Meade asked her to google “Phenylalanine”. She explained that its an amino acid. Meade said its an ingredient in tea.

05/27/2024, 8:31am MDT. Meade made a call to [redacted] [redacted]

They discussed issues with the jail blocking [redacted] account because she communicates with multiple gang members and sometimes unintentionally passes information between them.

They talked about police finding Umphenour’s phone. Meade said he doesn’t think there’s anything bad on the phone.

05/28/2024, 8:11am MDT. Meade made a call to [redacted]

Meade talked about his drug charges and said he hopes he isn’t being charged in Ada County. They

talked about the novels [redacted] has been buying for Meade.

05/30/2024, 7:57am MDT. Meade made a call to [redacted]

[redacted] showed off some lingerie. Meade talked about not keeping secrets from each other, referencing his friends or family members asking [redacted] to keep secrets from Meade.

05/31/2024, 8:01am MDT. Meade made a call to [redacted] [redacted]

Meade asked [redacted] about clothes he sent her, he asked if the clothes were “clean, for sure”. He asked her to check the clothes and make sure they are clean.

15 minutes into the call, Meade asked, “Hey, so did you talk to, uh, dude?”

[redacted] said, “I’m workin-I’m workin on it. I said I’m workin on it”

Meade said, “Alright. Hey did uh, did uh. Did asshole very get uh, that phone number?”

[redacted] said, “That’s what I’m workin on, that’s what I thought you was talkin about.”

Meade said, “No no no I was talkin about, fucking, the cop, up here. Uh, did he say why he hit our visits and why he blocked your account? Was it just like passing messages or did they say anything specific?”

[redacted] said, “He said, yeah, that’s what he said. He said I can have as many contacts as I want on my account, but I cannot convey messages.”

Meade asked [redacted] if she still has the login info for his Pacer account, and he asked her to give that information to [redacted] so she can do some things for him.

Meade reminded [redacted] not to use texting and to only use Signal.

19 minutes and 30 seconds into the call, Meade talked about a male he called “E”. Meade said, “I feel bad, I told him I always have his back cause I did some fucked up shit to him. The brass knuckle thing, all that weird shit. Kicked the door in. Blah blah blah. That thing? Chick lied. Stupid ass bitch lied and said he did something.”

[redacted] said, “Oh, yeah yeah yeah.”

Meade said, “and fuckin, I didn’t, like. So please, like, I need his number. Like ASAP. Like, today. If you can. Or tomorrow. Like as soon as possible. Just hit em’ up. The worst case scenario, give me her number. But I am not trying to fucking talk to her, uh, like this.”

Meade then told her not to get his number, but to have him get a Text Now, and to get that number to [redacted] to give to Meade. Meade then said to have him make a throwaway email account so Meade can email him.

05/31/2024, 8:31am MDT. Meade made a call to [redacted] [redacted]

They talked about commissary, and Meade's brother having $1300 in debt to commissary.

06/02/2024, 8:03am MDT. Meade made a call to [redacted].

This appeared to be their first time meeting. That talked about the 48 Laws of Power, which [redacted] bought for Meade. They discussed Meade being transferred to multiple jails/prisons throughout Idaho. She talked about when she had a warrant for over four years before she was finally arrested.

06/03/2024, 7:56am MDT. Meade made a call to [redacted]

They talked about her dog who passed away. They discussed incentive programs for good behavior at the prison.

06/04/2024, 8:04am MDT. Meade made a call to [redacted] [redacted]

Meade asked about a cop talking to his sister [redacted]. Then asked if the cop's name was Detective Canfield. [redacted] said she thinks that was his name. Meade said he was just curious. Meade talked about how difficult it is to review his discovery because his hands are put in a black box which makes it difficult to operate the computer. Meade said he isn't worried about the death penalty because they wouldn't execute him for another 25 years and he would probably be gone by then.

16 minutes into the call Meade said, "I'm not trippin on nothin no more. It sucks in here cause there's certain things that I wanna be able to get done and like, uh, all that shit. But for the most part I'll be done in July. You know? Unless they find other felonies to charge me with."

[redacted] said, "Did they come and talk to you? Did they come talk to you like they said they were going to? They said they were gonna come talk to you first and then they would get ahold of me?"

Meade said, "It-it. Nah, and I'm hoping, and, and. If they would of got ahold of you would you have talked to them?"

[redacted] said, “Absolutely!”

Meade, “I told you not to. No. Do not talk to them. Um, I’m tellin you, your phone is fuckin hit. Think about it.”

[redacted] said, “Not on this phone. I know dude! I- Listen, I wouldn’t of talked to em’ on this phone. That’s not what I would of done. I would- Just like I talk to my homeboy the other day.”

Meade said, “Shit can your phone.”

[redacted] said, “I got a call from him. I borrowed somebody’s phone that isn’t even involved in nothin’ and I called him back.”

Meade said, “Alright, keep doin that. Please. And switch it around.”

[redacted] talked about how the FBI gets information directly from your phone provider, then talked about jail breaking her phone.

Meade asked for a phone number for someone named “[redacted]”.

[redacted] talked about [redacted] being controlling.

06/04/2024, 8:31am MDT. Meade made a call to [redacted]

They argued about Meade’s relationships with other women.

06/05/2024, 7:56am MDT. Meade made a call to [redacted]

They talked about their relationship and how Meade talks to a lot of women and doesn’t set boundaries with them.

06/10/2024, 7:55am MDT. Meade made a call to [redacted]

They argued about whether or not [redacted] trusts Meade. Meade explained that he didn’t do visits for a few days because he wanted a break. They talked about their relationship. They talked about his Spotify account being banned.

06/11/2024, 7:56am MDT. Meade made a call to [redacted]

her look things up for him.

Meade asked [redacted] to delete his LinkedIn account.

06/14/2024, 8:32am MDT. Meade made a call to [redacted].

[redacted] talked about a date she went on a date with a doctor who works at St Lukes Hospital. She talked about her previous arrests, and interactions with her parole officer.

06/15/2024, 7:58am MDT. Meade made a call to [redacted] [redacted]

[redacted] talked about responding to his letters more regularly, and complained about not having enough visits with Meade. They talked about marijuana and meth, [redacted] said she's been smoking meth since she was 11 years old.

06/15/2024, 8:30am MDT. Meade made a call to [redacted] [redacted]

They talked about [redacted] behavior in prison. [redacted] said he hasn't been in trouble recently. They talked about someone named [redacted] who is not allowed to have any visits because he's "the element of multiple investigations". [redacted] said she thinks [redacted] is shady.

06/16/2024, 8:03am MDT. Meade made a call to [redacted]

They talked about [redacted] hair. [redacted] showed off her lingerie.

They talked about [redacted] again. [redacted] showed Meade her phone which had a photo of a male with the name [redacted]" and Meade said, "Yeah, that's him." Meade reiterated that he needs [redacted] phone number today.

Meade talked about playing into what the media has been saying him, and said he was going to shave his goatee but lip the hair just under his nose (like Hitler).

[redacted] talked about Paypal blocking her account. She submitted a ticket with Paypal but they will not tell her why her account was blocked. Meade said, "Hmm. Yeah, I don't know. I mean. (laughs) I fuckin know, but."

[redacted] said she messaged "[redacted] Meade told her that she needs to tell him to call her.

Narrative

IDAHO STATE POLICE FORENSIC SERVICES - FIREARM AND TOOLMARK REPORT:

On 7/15/2024, I was provided with the forensic services report (M2024-1153) pertaining to all of the firearm related evidence that was collected at St Alphonsus Hospital. This evidence had previously been sent to ISP to be analyzed and compared with any other firearm related evidence that was seized during the investigation. In summary, the report concluded the following:

All of the recovered cartridge cases (Item# SS28 through SS33) were identified as having been fired from the Tisas model PX-9 Gen 3, (S/N T0620 23DC12244). This is the pistol that was recovered from James Mauney's stolen Chrysler Pacifica. It is also the pistol that Nicholas Umphenour is believed to have obtained from Tia Garcia.

All of the recovered projectiles and the fragments (Item# KS1, SS20, SS26, SS27, SS37) were identified as having been, or could have been fired from the Tisas model PX-9 Gen 3, (S/N T0620 23DC12244). This includes the projectile (KS1) that was removed from Elijah Jackson's right arm. As noted above, the Tisas is the pistol that was recovered from James Mauney's stolen Chrysler Pacifica. It is also the pistol that Nicholas Umphenour is believed to have obtained from Tia Garcia.

The ISP report has been uploaded to ITS. Refer to the report for further detail.

CONCLUSION:

Route to Ada County Prosecutor's Office

03/20/2024	**Matthew Canfield**	**5**
Date Evidence Accepted:	Analyst:	
04/12/2024	**Britany Wylie**	
Case Name(s):		
Suspect - SKYLAR WADE MEADE		
Suspect - NICHOLAS DAVID UMPHENOUR		

EVIDENCE DESCRIPTION:

5 - Agency exhibit no. **KS1**. Evidence envelope containing one fired 38 nominal caliber, Full Metal Jacket (FMJ) bullet in plastic bottle.

6 - Agency exhibit no. **SS20**. Evidence envelope containing one fired deformed, Full Metal Jacket (FMJ) bullet in sealed coin envelope.

7 - Agency exhibit no. **SS26**. Evidence envelope containing large fragment of bullet jacketing and silver metal pieces in sealed coin envelope.

7.1 – Additional small fragment of bullet jacketing material (contained within coin envelope).

8 - Agency exhibit no. **SS27**. Evidence envelope containing one fired partial jacketing fragment and silver metal piece in sealed coin envelope.

9 - Agency exhibit no. **SS28**. Evidence envelope containing one fired Sellier and Bellot 9mm Luger cartridge case in sealed coin envelope.

10 - Agency exhibit no. **SS29**. Evidence envelope containing one fired Sellier and Bellot 9mm Luger cartridge case in sealed coin envelope.

11 - Agency exhibit no. **SS30**. Evidence envelope containing one fired Sellier and Bellot 9mm Luger cartridge case in sealed coin envelope.

12 - Agency exhibit no. **SS31**. Evidence envelope containing one fired Magtech (CBC) 9mm Luger cartridge case in sealed coin envelope.

13 - Agency exhibit no. **SS32**. Evidence envelope containing one fired Sellier and Bellot 9mm Luger cartridge case in sealed coin envelope.

Laboratory Case Number: **M2024-1153**	Report No.: **5**

14 - Agency exhibit no. **SS33**. Evidence envelope containing one fired Sellier and Bellot 9mm Luger cartridge case in sealed coin envelope.

15 - Agency exhibit no. **SS37**. Evidence envelope containing one fired bullet jacketing in sealed coin envelope.

CONCLUSIONS AND INTERPRETATIONS:

The expended bullets/jacketing material submitted in laboratory evidence items 5, 6, 7, 7.1, 8 and 15 were microscopically compared to test fired bullets from the firearm submitted in laboratory evidence item 12 of M2024-1476 (ISP Investigations D3 case number M2400053), Tisas model PX-9 Gen 3, serial number T0620 23DC12244 with the following results.

Laboratory evidence items 5, 6, 7.1, 8 and 15 were all identified as having been fired from the submitted Tisas pistol laboratory item 12 of M2024-1476.

The larger jacketing fragment contained in laboratory item 7 could have been fired in the submitted Tisas Pistol, laboratory item 12 of M2024-1476, based on class characteristics; however, a lack of detail, damage and lack areas available for comparison precludes a more conclusive determination.

The expended cartridge cases designated as laboratory evidence items 9, 10, 11, 12, 13 and 14 were microscopically compared to test fired cartridge cases from laboratory evidence item 12 of M2024-1476 (ISP Investigations D3 case number M24000053), (Tisas model PX-9 Gen 3, serial number T0620 23DC12244) with the following results. Additionally, the expended cartridge cases designated as laboratory evidence items 9, 10, 11 and 12 were compared to the expended cartridge case from laboratory evidence item 6 of M2024-1476.

Laboratory evidence items 9, 10, 11, 12, 13 and 14 were all identified as having been fired from the submitted Tisas pistol, laboratory item 12 of M2024-1476.

DISPOSITION OF EVIDENCE:

All items will be returned to the submitting agency.

REMARKS:

The descriptions, conclusions and interpretations stated above apply to the sample(s) as received.

I declare under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Report Conclusions

The expended bullets/bullet fragments submitted in laboratory evidence items 5, 6, 7, 7.1, 8 and 15 were microscopically compared to test fired bullets from the firearm submitted in laboratory evidence item 12 of M2024-1476 (ISP Investigations D3 case number M2400053), Tisas model PX-9 Gen 3, serial number T0620 23DC12244 with the following results.

Laboratory evidence items 5, 6, 7.1, 8 and 15 were all identified as having been fired from the submitted Tisas pistol laboratory item 12 of M2024-1476.

The larger jacketing fragment contained in laboratory item 7 could have been fired in the submitted Tisus Pistol, laboratory item 12 of M2024-1476, based on class characteristics; however, a lack of detail, damage and lack areas available for comparison precludes a more conclusive determination.

The expended cartridge cases designated as laboratory evidence items 9, 10, 11, 12, 13 and 14 were microscopically compared to test fired cartridge cases from laboratory evidence item 12 of M2024-1476 (ISP Investigations D3 case number M24000053), (Tisas model PX-9 Gen 3, serial number T0620 23DC12244) with the following results. Additionally, the expended cartridge cases designated as laboratory evidence items 9, 10, 11 and 12 were compared to the expended cartridge case from laboratory evidence item 6 of M2024-1476.

Laboratory evidence items 9, 10, 11, 12, 13 and 14 were all identified as having been fired from the submitted Tisas pistol, laboratory item 12 of M2024-1476.

Address: [redacted] **5' 7"** **136 lbs** Hair Color: Brown Eye Color: Hazel

Occupation: [redacted] Res Phone: ( ) - SSN: [redacted] Relationship: [redacted]

Bus or School: [redacted] Cell Phone: [redacted] OLN/St: [redacted] Injury Type: **None**

Bus Phone: ( ) - How Ident.: [redacted]

Narrative

[redacted] **- PRISON CELL PHONE:**

On 7/23/2024, I met with Idaho State Police Detective M Wernsing at his office. He provided me with the black/gold colored Palm cell phone recovered from [redacted] prison cell on 3/20/2024. When the phone was seized from [redacted] prison cell, the screen was smashed and it appeared that someone had attempted to break it in half. After seizing the phone, Det Wernsing turned the phone over to Meridian Police Detective, J Fuller. Det Fuller confirmed the SIM card removed from the phone was associated with the phone number, [redacted] (see Det Fuller and Det Wernsing's supplements). After taking custody of the phone, it was given Item# MC8. Based on the Cellebrite extraction of Nicholas Umphenour's phone, it is believed that this phone was in communication with Nicholas just prior to, during, and after Skylar Meade was removed from his prison cell and eventually transported to St Alphonsus Hospital.

On 8/6/2024, I obtained a Search Warrant to have the phone repaired and the data extracted. On 8/7/2024, I executed the warrant by submitting the phone to IWRCFL, specifically Detective R Durbin. After submitting the phone, I was provided with a copy of the Evidence Intake Receipt and the Risk Acceptance Form to repair the phone.

FBI INVESTIGATIVE REPORTS - 26A-SU-3898484:

On 8/29/2024, FBI Special Agent T Heape mailed me with a DVD that contained several investigative reports and/or documents related to this investigation. The DVD was labeled:

26A-SU-3898484
Meade / Umphenour Discovery

I delivered a copy of the DVD to Investigator I Seavey at the Ada County Prosecutor's Office on 9/5/2024

CONCLUSION:

Narrative

DIGITAL EVIDENCE PROVIDED TO NEZ PERCE COUNTY PROSECUTOR:

On 12/16/2024 I was contacted by the Nez Perce County Prosecutor's Office. I was asked to provide copies of the following pieces of digital evidence:

Item# TN1 - Tia Garcia cell phone reports completed by the Twin Falls Police Department.

Item# AH2.a - Digital Archive of Tia Garcia's Samsung SM-5134DL (GP).
Item# AH2.b - Digital Report of Tia Garcia's Samsung SM-5134DL (GP).

Item# MC1.a - Digital Archive of Nicholas Umphenour's Apple iPhone / Highway 55 Apple iPhone.
Item# MC1.b - Digital Results of Nicholas Umphenour's Apple iPhone / Highway 55 Apple iPhone.

Item# DE1 - Digital Report and Digital Archive of IDOC Ofc Jackson's phone.

Item# DE2 - Digital Report and Digital Archive of IDOC Ofc Lopez's phone.

Item# DE3 - Digital Report and Digital Archive of IDOC Ofc Wilskie's phone.

On 12/18/2024, I checked all of these items out of the Ada County Property Room and transported them to Detective R Durbin's office at the IWRCFL.

On 12/18/2024, a copy of Item# TN1 was complete and the original piece of evidence was placed back into evidence at the Ada County Property Room. The copy is now identified as Item# MC10.

On 12/24/2024, copies of Item#(s) AH2.a, AH2.b, MC1.a, MC1.b, DE1, DE2, DE3 were completed and the original pieces of evidence were placed back into evidence at the Ada County Property Room. The copy of this data is now identified as Item# MC9.

Detective R Durbin's IWRCFL Technical Report and the Checkout Evidence Receipts were uploaded to ITS.

On 12/24/2024, I met with Shelly L Damato, the supervisor of legal services at the Nez Perce County Prosecutor's Office. While see was in Boise, I provided her with the above listed copies (Item# MC9 and Item# MC10) and Det Durbin's IWRCFL Technical Report.

FORENSIC BIOLOGY REPORT

Case Agency(s) :	Agency Case No(s).:	Laboratory Case No.:
BOISE POLICE DEPARTMENT	**2024DR404133**	**M2024-1153**
Date(s) of Offense:	Investigating Officer(s):	Report No.:
03/20/2024	**Matthew Canfield**	**1**
Date Evidence Accepted:	Analyst:	
03/20/2024	**Katherine Dace**	
Case Name(s):		
Suspect - SKYLAR WADE MEADE		

EVIDENCE DESCRIPTION:

Item 1: Cigarette butt found in grass
Item 2: Cigar tip found in parking lot
Item 2.1: Swab of cigar tip found in parking lot
Item 3: Marlboro cigarette butt found in parking lot
Item 4: DNA Extracts from Items 1, 2.1, and 3

CONCLUSIONS AND INTERPRETATIONS:

Item 1: Cigarette butt found in grass
No DNA was detected on this item. No further testing was conducted.

Item 2: Cigar tip found in parking lot
This item was examined only for the purpose of sampling for DNA analysis.

Item 2.1: Swab of cigar tip found in parking lot
The DNA profile obtained from this item was determined to be from an unknown male (Male A).

Item 3: Marlboro cigarette butt found in parking lot
The DNA profile obtained from this item was determined to be from an unknown female (Female A).

NOTES:

1. Deoxyribonucleic Acid (DNA) Analysis, employing the Polymerase Chain Reaction (PCR), was used to generate a Short Tandem Repeat (STR) profile from a portion of Items 2.1 and 3.
2. Loci examined for items tested with STRs: Amelogenin, D3S1358, D1S1656, D2S441, D10S1248, D13S317, Penta E, D16S539, D18S51, D2S1338, CSF1PO, Penta D, TH01, vWA, D21S11, D7S820, D5S818, TPOX, D8S1179, D12S391, D19S433, SE33, D22S1045, DYS391, FGA, DYS576, and DYS570.
3. A differential extraction was performed on samples with results from Fractions 1 and/or 2, which is intended to separate sperm cells from non-sperm cells. However microscopic

confirmation of spermatozoa was not performed during this procedure. Fraction 2 should contain any sperm cells present in the sample. Results may not be listed in the report for non-probative fractions.

4. The level of support is based on SWGDAM recommendation 1.2 from the SWGDAM recommendations for Genotyping Results Reported as Likelihood Ratios. This recommendation states "…A qualitative statement that conveys the degree of support indicated by the likelihood ratio may be reported in addition to the numerical value for the likelihood ratio…". The scale of verbal qualifiers from the SWGDAM document are as follows:

***LR* for H_p Support and 1/*LR* for H_d Support**	**Verbal Qualifier**
1	Uninformative
2 – 99	Limited Support
100 – 9.999	Moderate Support
10.000 – 999.999	Strong Support
≥1.000.000	Very Strong Support

5. Assumptions for number of contributors are based on interpretation of the data.
6. Exclusions are based on the comparable portion of the profile. No comparisons are being made to any portion of the profile deemed not suitable for comparisons.
7. Statistical analyses resulting in a likelihood ratio (LR) of 1/1000 or less, including an LR of 0, will be reported as "N/A". LR values of 1/1000 (0.001) or less support reporting a direct exclusion. The exact statistic can be found in the case file and/or provided upon request (Supported by SWGDAM recommendation 2.1 in the recommendations for Genotyping Results Reported as Likelihood Ratios). "N/A" may also be used for direct exclusions made by the reporting analyst during interpretation with no additional statistical analyses necessary.
8. Deoxyribonucleic Acid (DNA) extraction and quantification, employing real-time Polymerase Chain Reaction (PCR), were performed on a portion of Item 1.

FURTHER ACTIONS:

1. For questions regarding the content of this report, please contact the analyst named below or the DNA section of the laboratory.
2. Further interpretation may be performed upon submission of a known reference sample from Skylar Mead and any additional developed suspect(s).

Laboratory Case Number: **M2024-1153**	Report No.: **1**

3. The unknown male DNA profile obtained from Item 2.1 was entered into the Combined DNA Index System (CODIS) to be routinely searched against the database. The case agency will be notified in the event of a profile match.
4. The DNA profile obtained from Item 3 is not eligible for entry into the Combined DNA Index System (CODIS).

DISPOSITION OF EVIDENCE:

All items have been returned to the main laboratory evidence vault for return to the submitting agency.

REMARKS:

The descriptions, conclusions and interpretations stated above apply to the sample(s) as received.

I declare under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Katherine Dace

Katherine Dace / Forensic Scientist

Issue Date: **03/20/2024**

Laboratory Case Number: **M2024-1153**	Report No.: **1**

Idaho State Police
DNA Restitution

THIS IS NOT AN INVOICE

This is a request for restitution that may be granted by the court. If you are the subject associated with this report, this is not a bill, we are merely requesting that the court assign restitution if they deem it is appropriate.

As provided in Idaho Code 19-5506(7), the Idaho State Police requests restitution from the defendant(s), **SKYLAR WADE MEADE** in the amount of **$1,500** in association with Laboratory Case No. **M2024-1153**. This amount is based upon the number of DNA analyses performed at a cost of $500 each, not to exceed $2,000. The amount requested reflects a portion of the costs incurred to the laboratory during the analysis.

Item	**Cost**
Item 1	$500
Item 2.1	$500
Item 3	$500

Please present this restitution request form and a copy of the laboratory report to the court at the time of sentencing.

I declare under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Katherine Dace

Katherine Dace / Forensic Scientist

Please make checks payable to: Idaho State Police
Forensic Services
700 South Stratford
Meridian, Idaho 83642-6202

*(**Notice to subject of this report** – restitution is paid through the court and they, in turn, will direct payment to Idaho State Police. Personal checks or money orders received by Idaho State Police will be returned.)*

Thank you for your cooperation in this matter.

If you have any questions about the restitution, please contact:
Rylene Nowlin (Meridian Laboratory Manager)

BIOLOGY ANALYSIS NOTES

Case: M2024-1153 **Examiner:** Katherine Dace **Dates of analysis:** 03/20/2024 to 03/20/2024

General Analysis

Item 1-Cigarette butt found in grass

Task/Test	Value
Date of Analysis	03/20/2024
Seal	evidence tape
Initialed	yes
Packaging	evidence envelope
Package Labeling	M2024-1153...1...cigarette butt in grass
Contents Description/Notes	One small ets coin env containing one orange cigarette butt w/ red stripe (appears faded). ~5mm2 cutting taken from paper and filter. Repack, ets. No brand noted

Item 2-Cigar tip found in parking lot

Task/Test	Value
Date of Analysis	03/20/2024
Seal	evidence tape
Initialed	Yes
Packaging	evidence envelope
Package Labeling	M2024-1153...2...Swisher sweet plastic cigar tip found in parking lot
Contents Description/Notes	Contains one cigar tip. Item appears wooden not plastic. Mouth area of item swabbed with one swab (=2.1). Repack, ets.

Item 2.1-Swab of cigar tip found in parking lot

Task/Test	Value
Date of Analysis	03/20/2024
Contents Description/Notes	~1/2 of swab cut for DNA. Remainder of swab packaged in coin env, ets, and packaged with Item 2.

Item 3-Marlboro cigarette butt found in parking lot

Task/Test	Value
Date of Analysis	03/20/2024
Seal	evidence tape
Initialed	yes
Packaging	evidence envelope
Package Labeling	M2024-1153...3...cigarette butt found in parking lot
Contents Description/Notes	One small ets coin env containing one Marlboro cigarette butt. ~5mm2 cutting taken from paper and filter. Repack, ets.

CODIS SEARCH REPORT

Case Agency(s) : **BOISE POLICE DEPARTMENT**	Agency Case No(s).: **2024DR404133**	Laboratory Case No.: **M2024-1153**
Date(s) of Offense: **03/20/2024**	Investigating Officer(s): **Matthew Canfield**	Report No.: **2**
Date Evidence Accepted:	Analyst: **Katherine Dace**	
Case Name(s): **Suspect - SKYLAR WADE MEADE**		

RESULTS OF DATABASE SEARCH:

A search of the State DNA Index System identified a high stringency match between the DNA profile previously obtained from Item 2.1 (See Report #1 dated 03/20/24) and a known sample, which is said to have been collected from Nicholas David Umphenour. Convicted Offender samples are not considered to be evidentiary; therefore, submission of a known reference sample from Nicholas David Umphenour is necessary for verification of this match.

REMARKS:
The descriptions, conclusions and interpretations stated above apply to the sample(s) as received.

I declare under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Katherine Dace

EVIDENCE PROCESSING REQUEST

Effective Date 11/26/21 | Revision 1 | Form QA-6
Boise Police Department Crime Laboratory

APPROVED
By Adeline Oldemeyer at 10:25 am, Apr 02, 2024

DR NUMBER	24-404133	SUBMIT REQUESTS TO BPDCRIMELAB@CITYOFBOISE.ORG	
DATE OF REQUEST	4/1/2024	DATE OF OFFENSE	3/20/2024
FILLED OUT BY & ADA #	M Canfield 844	CRIME	Agg Batt/Assault
LEAD DET./CONTACT & ADA #	M Canfield 844	COURT DATE	

PERSON TYPE *If additional people are involved and you want them included for our examination purposes, list in "Notes to analyst" section.	NAME LAST, FIRST	DOB
☐V ☒S ☐OTHER	Umphenour, Nicholas D	[redacted]
☐V ☒S ☐ OTHER	Meade, Skylar W	[redacted]
☐V ☐S ☐ OTHER		

USE THE FOLLOWING REQUEST CODES FOR THE TABLE BELOW.
*Crime Laboratory Staff will select the appropriate analytical method(s) to be utilized in analyzing evidence according to laboratory guidelines in accordance with ISO/IEC 17025 and A2LA accreditation.

CODE	REQUEST	DESCRIPTION
L	Latent print processing	Process item(s) for latent print impressions. Please note that items processed for latents may be permanently damaged or destroyed. Latents developed during processing by the lab will automatically be examined.
E	Examination of latent prints	Latent impression(s) will be examined to determine sufficiency for comparison and/or submission to MBIS (Multi-Modal Identification System).
N	IBIS/NIBIN Submission	**Evidence cartridge case(s)** *Test fires are automatically entered. They are not considered evidence and therefore no request needs to be generated.
B	Biological screening	CHOOSE ONE OR BOTH. SPECIFY SUBSTANCE(S) TO BE SCREENED FOR OR TESTED. *BIOLOGICAL SCREENING* Search for/collect biological fluids, such as blood, semen, and saliva. Samples collected during analysis for DNA may be outsourced to an approved laboratory. *PRESUMPTIVE/ CONFIRMATORY TESTING* Chemically test for the presence of blood, semen, and/or saliva.
T	Trace collection	SPECIFY TYPE IN REQUEST Examples include hairs, fibers, paint chips, GSR, soil, etc.
S	Special request	SPECIFY AND DESCRIBE IN DETAIL Examples include photographing an item, inventorying an item, searching for damage or defects such as tears or holes, etc.

ITEM#	ITEM DESCRIPTION Match description on Property Invoice	REQUEST Use above codes. If requesting B, T or S, you MUST specify what you're requesting as described in above table.
MC1	Black Apple iPhone	T, B

EVIDENCE PROCESSING REQUEST

Effective Date 11/26/21 | Revision 1 | Form QA-6
Boise Police Department Crime Laboratory

DR NUMBER	24-404133

NOTE TO ANALYST

T - GSR
B - Swab for touch DNA

Please concentrate on the exterior of the plastic case that once contained broken cell phone. After being processed, the actual phone will be sent to FBI for data extraction and possible rebuild. If plastic case can be processed for both GSR and touch DNA that would be preferred. However, if only one can be processed, DNA has priority - Analyst discretion.

ITEM#	ITEM DESCRIPTION Match description on Property Invoice	REQUEST Use above codes. If requesting B, T or S, you MUST specify what you're requesting as described in above table.

REVISED 7/30/2018

LATENT IMPRESSION PROCESSING REPORT

Boise Police Department Crime Laboratory
333 North Mark Stall Place, Boise, ID 83704

BPD CASE#: 24-404133
EXTERNAL AGENCY CASE#: N/A

Issue Date: May 28, 2024

Investigating Officer(s): Matthew Canfield
External Agency:

Analyst Assigned: Adeline Oldemeyer, Criminalist II

Victim(s):
Suspect(s): Skylar Meade, Nicholas Umphenour

EVIDENCE DESCRIPTION

The following item(s) of evidence was/were received in the laboratory for analysis.

BPD ITEM #	EXTERNAL AGENCY ITEM #	DATE RECEIVED	DESCRIPTION OF EVIDENCE
SS28	N/A	04/01/2024	S&B 9x19 cartridge case
SS29	N/A	04/01/2024	S&B 9x19 cartridge case
SS30	N/A	04/01/2024	S&B 9x19 cartridge case
SS31	N/A	04/01/2024	CBC 9mm LUGER cartridge case
SS32	N/A	04/01/2024	S&B 9x19 cartridge case
SS33	N/A	04/01/2024	S&B 9x19 cartridge case

ANALYSIS

The item(s) was/were analyzed for latent impressions utilizing physical, lighting and/or chemical processing techniques.

CONCLUSION

Based upon the testing methods used, the following was developed, tested, and/or preserved on the item(s) submitted for analysis:

BPD ITEM #	LATENT RESULTS	PRESUMPTIVE/CONFIRMATORY TESTING AND/OR EVIDENCE COLLECTED: SWAB(S), CUTTING(S), TRACE, LIQUID(S), OTHER
SS28	No ridge detail	Yes-see latent impression processing form(s)
SS29	No ridge detail	Yes-see latent impression processing form(s)
SS30	No ridge detail	Yes-see latent impression processing form(s)
SS31	No ridge detail	Yes-see latent impression processing form(s)
SS32	No ridge detail	Yes-see latent impression processing form(s)
SS33	No ridge detail	Yes-see latent impression processing form(s)

If the item(s) above indicate that latent impressions were developed and preserved, a fingerprint examination will be conducted by a latent print examiner. A latent impression analysis report will be issued upon completion. If the above item(s) indicates presumptive/confirmatory testing was conducted and/or that swab(s), cutting(s), trace, liquid(s) or other evidence was preserved, additional testing may be conducted. Please contact the Crime Lab if this is needed.

A swab sample was collected as Item #AO1, from the headstamps of Items #SS28, #SS29, #SS30, #SS31, #SS32, and #SS33, for possible touch DNA analysis.

LATENT IMPRESSION PROCESSING REPORT

Boise Police Department Crime Laboratory
333 North Mark Stall Place, Boise, ID 83704

BPD CASE#: 24-404133
EXTERNAL AGENCY CASE#: N/A

Issue Date: May 28, 2024

EVIDENCE DISPOSITION

The following item(s) will be returned to/booked into the Ada County Sheriff's Office Property and Evidence Unit: #SS28, #SS29, #SS30, #SS31, #SS32, #SS33, and #AO1

*See the forms packet for additional information relating to this request. Photo logs not included in the forms packet are retained in LIMS.

REMARKS
The descriptions, conclusions, interpretations and/or opinions stated above apply to the item(s) as received. I declare under penalty of perjury and pursuant to the law of the state of Idaho that the foregoing is true and correct.

A. Oldemeyer #7188

TECH & ADMIN REVIEW WORKSHEET

Effective Date 2/7/24 | Revision 10 | Form QA-4
Boise Police Department Crime Laboratory

DR#	24-404133	Original Analyst	Adeline Oldemeyer #7188

TECHNICAL REVIEW			
YES	NO	N/A	
☒	☐	☐	Appropriate tests and/or examinations have been performed?
☒	☐	☐	Evidence processing techniques have been conducted in the proper sequence?
☒	☐	☐	Sufficient supporting documentation (notes, images, worksheets, sketches, charts, annotated images, electronic records, etc.) is/are present and accurate?
☐	☐	☒	Verifications (comparison work) have been completely and properly documented?
☒	☐	☐	Results are clear, concise, accurate, and complete?
☒	☐	☐	Conclusions are consistent with the documented data and within acceptable practice?
☒	☐	☐	Requested examinations have been addressed?

M Leung #7113 Mandy Leung #7113 5/6/2024

ADMINISTRATIVE REVIEW			
YES	NO	N/A	
☒	☐	☐	Grammar and spelling in the case documentation and report is correct and verbiage consistent?
☒	☐	☐	All documentation records associated with the report are properly and uniquely identified?
☒	☐	☐	All examinations are reported on & results are properly transcribed and clearly communicated to the reader?
☐	☐	☒	Appropriate additional samples/standards/exemplars are being requested, if needed?
☒	☐	☐	Evidence disposition included in case documentation?
☒	☐	☐	Report is dated & signed, and all key information fields have been completed?
☒	☐	☐	Agency Policy & Procedure followed?

A. Wenetzky #7070 Amelia Wenetzky #7070 5/28/2024

NOTES AND REMARKS

Comments by the reviewers are maintained in the review documents. The examiner/reviewer must explain all "NO" responses that were not corrected. This may be done in LIMS.

USE THE FOLLOWING REQUEST CODES FOR THE TABLE BELOW.
*Crime Laboratory Staff will select the appropriate analytical method(s) to be utilized in analyzing evidence according to laboratory guidelines in accordance with ISO/IEC 17025 and A2LA accreditation.

CODE	REQUEST	DESCRIPTION
L	Latent print processing	Process item(s) for latent print impressions. Please note that items processed for latents may be permanently damaged or destroyed. Latents developed during processing by the lab will automatically be examined.
E	Examination of latent prints	Latent impression(s) will be examined to determine sufficiency for comparison and/or submission to MBIS (Multi-Modal Identification System).
N	IBIS/NIBIN Submission	**Evidence cartridge case(s)** *Test fires are automatically entered. They are not considered evidence and therefore no request needs to be generated.
B	Biological screening	CHOOSE ONE OR BOTH. SPECIFY SUBSTANCE(S) TO BE SCREENED FOR OR TESTED. *BIOLOGICAL SCREENING* Search for/collect biological fluids, such as blood, semen, and saliva. Samples collected during analysis for DNA may be outsourced to an approved laboratory. *PRESUMPTIVE/ CONFIRMATORY TESTING* Chemically test for the presence of blood, semen, and/or saliva.
T	Trace collection	SPECIFY TYPE IN REQUEST Examples include hairs, fibers, paint chips, GSR, soil, etc.
S	Special request	SPECIFY AND DESCRIBE IN DETAIL Examples include photographing an item, inventorying an item, searching for damage or defects such as tears or holes, etc.

FORENSIC DNA REPORT

Case Agency(s) : **BOISE POLICE DEPARTMENT**	Agency Case No(s).: **2024DR404133**	Laboratory Case No.: **M2024-1153 XREF M2024-1398 XREF M2024-1476**
Date(s) of Offense: **03/20/2024**	Investigating Officer(s): **Matthew Canfield**	Report No.: **4**
Date Evidence Accepted: **03/20/2024, 05/08/2024**	Analyst: **Katherine Dace**	
Case Name(s): **Suspect - SKYLAR WADE MEADE** **Suspect - NICHOLAS DAVID UMPHENOUR** **Suspect - TIA J GARCIA**		

EVIDENCE DESCRIPTION:

Item 2.1: Swab of cigar tip found in parking lot
Item 3: Cigarette butt found in parking lot
Item 17: Reference oral swabs from Skylar Meade
Item 19: Reference oral swabs from Nicholas Umphenour
Item 21: Reference oral swabs from Tia Garcia
Item 22: DNA Extracts from Items 17, 19, and 21

CONCLUSIONS AND INTERPRETATIONS:

Item 2.1: Swab of cigar tip found in parking lot
The DNA profile previously obtained from this item (See Report 1, dated 3/20/24) matches that obtained from the known reference sample from Nicholas Umphenour.

This DNA profile is at least (LR) times more likely to be seen if (NAME) is the source than if an unrelated individual randomly selected from the general population is the source.

Name	Likelihood Ratio (LR)	Level of Support
Nicholas Umphenour	89.5 octillion (8.95×10^{28})	Very Strong Support

Item 3: Cigarette butt found in parking lot
The DNA profile obtained from this item was previously determined to be from an unknown female (Female A) (See Report 1, dated 3/20/24).

(NAME) is not the source of DNA on this item.

Name	1/Likelihood Ratio (1/LR)	Level of Support
Tia Garcia	N/A	Exclusion

Laboratory Case Number: **M2024-1153**	Report No.: **4**

FURTHER ACTIONS:

1. For questions regarding the content of this report, please contact the analyst named below or the DNA section of the laboratory.
2. Further interpretation may be performed upon submission of a known reference sample from any additional relevant individuals.

NOTES:

1. Deoxyribonucleic Acid (DNA) Analysis, employing the Polymerase Chain Reaction (PCR), was used to generate a Short Tandem Repeat (STR) profile from a portion of Items 17, 19, 21.
2. Loci examined for items tested with STRs: Amelogenin, D3S1358, D1S1656, D2S441, D10S1248, D13S317, Penta E, D16S539, D18S51, D2S1338, CSF1PO, Penta D, TH01, vWA, D21S11, D7S820, D5S818, TPOX, D8S1179, D12S391, D19S433, SE33, D22S1045, DYS391, FGA, DYS576, and DYS570.
3. A differential extraction was performed on samples with results from Fractions 1 and/or 2, which is intended to separate sperm cells from non-sperm cells. However microscopic confirmation of spermatozoa was not performed during this procedure. Fraction 2 should contain any sperm cells present in the sample. Results may not be listed in the report for non-probative fractions.
4. The level of support is based on SWGDAM recommendation 1.2 from the SWGDAM recommendations for Genotyping Results Reported as Likelihood Ratios. This recommendation states "…A qualitative statement that conveys the degree of support indicated by the likelihood ratio may be reported in addition to the numerical value for the likelihood ratio…". The scale of verbal qualifiers from the SWGDAM document are as follows:

***LR* for H_p Support and 1/*LR* for H_d Support**	**Verbal Qualifier**
1	Uninformative
2 – 99	Limited Support
100 – 9,999	Moderate Support
10,000 – 999,999	Strong Support
≥1,000,000	Very Strong Support

5. Assumptions for number of contributors are based on interpretation of the data.
6. Exclusions are based on the comparable portion of the profile. No comparisons are being made to any portion of the profile deemed not suitable for comparisons.
7. Statistical analyses resulting in a likelihood ratio (LR) of 1/1000 or less, including an LR of 0, will be reported as "N/A". LR values of 1/1000 (0.001) or less support reporting a direct exclusion. The exact statistic can be found in the case file and/or provided upon request (Supported by SWGDAM

Laboratory Case Number: **M2024-1153**	Report No.: **4**

recommendation 2.1 in the recommendations for Genotyping Results Reported as Likelihood Ratios). "N/A" may also be used for direct exclusions made by the reporting analyst during interpretation with no additional statistical analyses necessary.

DISPOSITION OF EVIDENCE:

Items 2.1 and 3 were previously returned to the submitting agency. All remaining items have been returned to the main laboratory evidence vault for return to the submitting agency.

REMARKS:

The descriptions, conclusions and interpretations stated above apply to the sample(s) as received.

I declare under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Laboratory Case Number: **M2024-1153**	Report No.: **4**

Idaho State Police
DNA Restitution

THIS IS NOT AN INVOICE

This is a request for restitution that may be granted by the court. If you are the subject associated with this report, this is not a bill, we are merely requesting that the court assign restitution if they deem it is appropriate.

As provided in Idaho Code 19-5506(7), the Idaho State Police requests restitution from the defendant(s), **SKYLAR WADE MEADE, NICHOLAS DAVID UMPHENOUR and TIA J GARCIA** in the amount of **$2,000** in association with Laboratory Case No. **M2024-1153**. This amount is based upon the number of DNA analyses performed at a cost of $500 each, not to exceed $2,000. The amount requested reflects a portion of the costs incurred to the laboratory during the analysis.

Item	**Cost**
Item 2.1	$500
Item 3	$500
Item 17	$500
Item 19	$500
Item 21	-

Please present this restitution request form and a copy of the laboratory report to the court at the time of sentencing.

I declare under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Katherine Dace

Katherine Dace / Forensic Scientist

Please make checks payable to: Idaho State Police
Forensic Services
700 South Stratford
Meridian, Idaho 83642-6202

*(**Notice to subject of this report** – restitution is paid through the court and they, in turn, will direct payment to Idaho State Police. Personal checks or money orders received by Idaho State Police will be returned.)*

Thank you for your cooperation in this matter.

If you have any questions about the restitution, please contact:
Rylene Nowlin (Meridian Laboratory Manager)

BIOLOGY ANALYSIS NOTES

Case: M2024-1153 **Examiner:** Katherine Dace **Dates of analysis:** 05/17/2024 to 05/30/2024

General Analysis

Item 17-Reference oral swabs from Skylar Meade

Task/Test	Value
Date of Analysis	05/17/2024
Seal	evidence tape
Initialed	Yes
Packaging	evidence envelope
Package Labeling	24-404133, 2x buccal swabs, from Meade
Contents Description/Notes	Notes/cuttings performed by CJR. 1 coin envelope labeled "Buccal Swabs" "Skylar Meade". Cont'g 2 swabs w/ no visible staining. ~1/4 of one swab cut for DNA. Repack, ets. Note: Broke agency seal to access.

Item 19-Reference oral swabs from Nicholas Umphenour

Task/Test	Value
Date of Analysis	05/17/2024
Seal	evidence tape
Initialed	Yes
Packaging	evidence envelope
Package Labeling	24-404133, 2x buccal swabs
Contents Description/Notes	1 coin envelope labeled "Buccal Swabs" "Nicholas Umphenour". Cont'g 2 swabs w/ no visible staining. ~1/4 of one swab cut for DNA. Repack, ets.

Item 21-Reference oral swabs from Tia Garcia

Task/Test	Value
Date of Analysis	05/17/2024
Seal	evidence tape
Initialed	Yes
Packaging	evidence envelope
Package Labeling	24-404133, 2x buccal swabs
Contents Description/Notes	1 coin envelope labeled "Buccal Swabs" "Tia Garcia". Cont'g 2 swabs w/ no visible staining. ~1/4 of one swab cut for DNA. Repack, ets. Notes reviewed/accepted by KD 5/30/24

EVIDENCE PROCESSING REPORT

Boise Police Department Crime Laboratory
333 North Mark Stall Place, Boise, ID 83704

BPD CASE # 24-404133

External Agency Case #: N/A

Issue Date: 06/21/2024

Investigating Officer(s): Matthew Canfield

External Agency: N/A

Analyst Assigned: Adeline Oldemeyer, Criminalist II

Victim(s):

Suspect(s): Meade, Skylar | Umphenour, Nicholas D

EVIDENCE DESCRIPTION

The following item(s) of evidence was/were received in the laboratory for analysis.

BPD ITEM #	EXTERNAL AGENCY ITEM #	DATE RECEIVED	DESCRIPTION OF EVIDENCE
MC1	N/A	04/02/2024	Black iPhone with black bumper frame case

EVIDENCE ANALYSIS

BPD ITEM #	REQUEST	METHODS
MC1	Touch DNA collection, GSR collection	N/A

EVIDENCE CONCLUSION

BPD ITEM #	CONCLUSION
MC1	The item was photographed to document the damage. Swab samples were collected as Items #AO2 and #AO3 for possible touch DNA analysis. At analyst discretion, per evidence processing request, GSR was not collected.

Evidence collected during analysis may be submitted to an approved laboratory for analysis. See Property Invoice attached to the Evidence Processing Forms. If additional analysis is needed, please contact the Boise Police Crime Lab. Item(s) was/were photographed during analysis.

*See the forms packet for additional information relating to this request. Photo logs not included in the forms packet are retained in LIMS.

EVIDENCE DISPOSITION

The following item (s) will be returned to the Ada County Sheriff's Office Property and Evidence Unit:

N/A. Item was released back to Boise Police Department Violent Crimes Unit Detective M. Canfield #844

Digital images used during analysis and/or comparison will be retained in the laboratory information management system.

REMARKS

The descriptions, conclusions, interpretations and/or opinions stated above apply to the item(s) as received. I declare under penalty of perjury and pursuant to the law of the state of Idaho that the foregoing is true and correct.

☐V ☒S ☐ OTHER	Meade, Skylar W	[redacted]
☐V ☐S ☐ OTHER		

USE THE FOLLOWING REQUEST CODES FOR THE TABLE BELOW.
*Crime Laboratory Staff will select the appropriate analytical method(s) to be utilized in analyzing evidence according to laboratory guidelines in accordance with ISO/IEC 17025 and A2LA accreditation.

CODE	REQUEST	DESCRIPTION
L	Latent print processing	Process item(s) for latent print impressions. Please note that items processed for latents may be permanently damaged or destroyed. Latents developed during processing by the lab will automatically be examined.
E	Examination of latent prints	Latent impression(s) will be examined to determine sufficiency for comparison and/or submission to MBIS (Multi-Modal Identification System).
N	IBIS/NIBIN Submission	**Evidence cartridge case(s)** *Test fires are automatically entered. They are not considered evidence and therefore no request needs to be generated.
B	Biological screening	CHOOSE ONE OR BOTH. SPECIFY SUBSTANCE(S) TO BE SCREENED FOR OR TESTED. *BIOLOGICAL SCREENING* Search for/collect biological fluids, such as blood, semen, and saliva. Samples collected during analysis for DNA may be outsourced to an approved laboratory. *PRESUMPTIVE/ CONFIRMATORY TESTING* Chemically test for the presence of blood, semen, and/or saliva.
T	Trace collection	SPECIFY TYPE IN REQUEST Examples include hairs, fibers, paint chips, GSR, soil, etc.
S	Special request	SPECIFY AND DESCRIBE IN DETAIL Examples include photographing an item, inventorying an item, searching for damage or defects such as tears or holes, etc.

ITEM#	ITEM DESCRIPTION Match description on Property Invoice	REQUEST Use above codes. If requesting B, T or S, you MUST specify what you're requesting as described in above table.
MC1	Black Apple iPhone	T, B

A. Oldemeyer #7188

EVIDENCE PROCESSING REQUEST

Effective Date 11/26/21 | Revision 1 | Form QA-6
Boise Police Department Crime Laboratory

DR NUMBER	24-404133

NOTE TO ANALYST

T - GSR
B - Swab for touch DNA

Please concentrate on the exterior of the plastic case that once contained broken cell phone. After being processed, the actual phone will be sent to FBI for data extraction and possible rebuild. If plastic case can be processed for both GSR and touch DNA that would be preferred. However, if only one can be processed, DNA has priority - Analyst discretion.

ITEM#	ITEM DESCRIPTION Match description on Property Invoice	REQUEST Use above codes. If requesting B, T or S, you MUST specify what you're requesting as described in above table.

CRIME SCENE INVESTIGATION REPORT

Boise Police Department Crime Laboratory
333 North Mark Stall Place, Boise, ID 83704

BPD CASE#: 24-404133
EXTERNAL AGENCY CASE#: N/A
Issue Date: August 27, 2024

Investigating Officer(s): Matthew Canfield
External Agency:

Analyst Assigned: Adeline Oldemeyer, Lab Supervisor

On 3/20/24 at approximately 0315 hours I was contacted by Boise Police Department (BPD) Violent Crimes Unit (VCU) Detective M. Canfield #844 regarding a shooting incident at the St. Alphonsus Hospital on 1055 N. Curtis Road in Boise, Idaho. He informed me that an Idaho Department of Correction (IDOC) inmate had been transported to the hospital for treatment, and upon leaving, shots were fired upon the IDOC guards. The inmate escaped with the subject that fired. BPD officers responded and at least one officer fired their weapon, thus a Critical Incident Task Force (CITF) was initiated as well. Detective Canfield requested that I respond to the Crime Lab and stand by until the scene at the hospital was stabilized. He suggested I contact at least one other lab personnel. I contacted BPD Evidence Technician S. Shipe #7185 to assist and meet me at the Crime Lab. I arrived at the BPD Crime Lab at approximately 0350 hours. I gathered supplies and the FARO 3D scanner.

At approximately 0445 hours, Detective Canfield asked Evidence Tech Shipe and I to proceed to the St. Alphonsus Hospital Emergency Room (ER). We arrived at St. Alphonsus Hospital at approximately 0500 hours. The ambulance bay area of the ER entrance was secured with crime scene tape, patrol vehicles and officers. Per Detective Canfield we proceeded to the ER through the main front entrance. We contacted Detective Canfield, BPD VCU Sgt. J. Kendall #623, and Ada County Sheriff's Office Detective A. McCray #6150 once we arrived inside. Detective Canfield indicated that ACSO Detective McCray was leading the CITF portion of the investigation, and that BPD Special Victims Unit (SVU) Sgt. T. Del Rio #848 and Detective A. Matheus #803 would be our BPD investigators on scene. Sgt. Kendall requested FARO 3D scanning of the interior and exterior portions of the scene.

Detective McCray gave Evidence Tech Shipe and I a brief walk through of the scene. I observed that ER room #12, the ER entrance from ambulance bay, Trauma room and Resuscitation room (adjacent room to trauma) were secured with crime scene tape and officers. There was still foot traffic in and out of the main nurse's station that was adjacent to the areas taped off. Detective McCray pointed out ER room #12 as the room that the IDOC inmate had been treated in. I observed red substance on the floor near the ER entrance doors, the stretch of hallway to the Trauma room, and in the Trauma and Resuscitation rooms. Possible bullet defects were noted in the west wall of ER entrance. The ER doors had shattered glass and I was informed they were not currently functional. Plastic hospital bags were on the hallway floor near the Trauma room doors. Detective McCray mentioned that they contained clothing items removed from the injured IDOC

CRIME SCENE INVESTIGATION REPORT

Boise Police Department Crime Laboratory
333 North Mark Stall Place, Boise, ID 83704

BPD CASE#: 24-404133
EXTERNAL AGENCY CASE#: N/A
Issue Date: August 27, 2024

guards. In the Trauma room, I observed red substance on the floor in addition to a ballistic vest and a black shirt. Detective McCray pointed out the firearm and magazine on the computer stand in the southeast corner of the room. He mentioned that a nurse had cleared the gun. There were miscellaneous items noted on a medical tray in the Trauma room as well (keys, cards, and flashlight). Two of the monitors on the nurse's station outside of the Trauma room showed signs of damage from possible bullet fragments. A sanitizing wipes container on the counter in front of the damaged monitors had two holes that appeared to be possible bullet holes. Detective McCray also pointed out a white plastic hospital specimen collector pan on the floor near ER room #13. He mentioned that it was marking a projectile. The exterior portion of the scene included the ambulance bay and the Cancer Center parking lot. Both areas were secured with crime scene tape. Detective McCray pointed out the two IDOC vans parked along the railing separating the ambulance bay from the Cancer Center parking lot. The IDOC van (Idaho license plate X 4930), parked furthest west, was the involved van. There was a white Ford Acute Rescue van parked under the ambulance bay overhang. Its driver door window was broken, and a projectile had been noted on the ground. A BPD patrol vehicle was also parked under the overhang. Red substance was observed on the ground between the involved IDOC van and the ER entrance doors. Two rifle cartridge cases were marked on the ground near the Acute Rescue van, while six pistol cartridge cases were marked near the IDOC van. Various IDOC hats, duty belt and backpack were on the ground between the involved IDOC van and the ER entrance.

After our walk through, a plan was made to process the interior portion of the scene first and then move outside. As evidence was marked, it was determined whether it was being collected as part of the BPD investigation or as part of the CITF investigation being led by ACSO. I used the FARO Focus 3D Premium Laser Scanner to document the interior scene first then took overview photographs. Prior to the interior evidence being marked with evidence placards, I photographed the phones from the plastic hospital bags for BPD SVU Detective D. Ellis #903. She asked to collect the phones to start processing them. Once my initial overviews were completed, I observed as Detective McCray and Evidence Technician Shipe placed the evidence placards. I then photographed the marked evidence. While photographing the possible bullet holes in the sanitizing wipes container, I opened the container to check for possible projectile fragments. A projectile fragment was lodged in a sanitizing wipe. I photographed and then collected it. I also located an additional projectile fragment on the desk by the damaged monitors on the nurse's station (labeled as placard #13). One of the nurses noticed a hole/tear in a sticky note attached to the bottom of their monitor. This monitor was situated just behind (south) of the monitors with damage. I photographed the damaged sticky note. I collected placarded items #1-5, #10, and #12-13 as part of the BPD investigation. I collected placarded items #6-9 and #11 for Detective McCray for the CITF investigation (see his Property Invoice for additional details). Once I collected BPD evidence items, I gave them to Evidence Tech Shipe. I took close-up photographs of the possible bullet defects in the west wall of the ER entrance from the ambulance bay and then took exit photos of the interior before moving outside.

The exterior scene consisted of the ambulance bay and the parking lot of the Cancer Center. I took overview photographs and then observed as Evidence Tech Shipe and Detective McCray used evidence placards to mark evidence

CRIME SCENE INVESTIGATION REPORT

Boise Police Department Crime Laboratory
333 North Mark Stall Place, Boise, ID 83704

BPD CASE#: 24-404133
EXTERNAL AGENCY CASE#: N/A
Issue Date: August 27, 2024

of interest. I used the FARO Focus 3D Premium Laser Scanner to document the scene with placards in place. While scanning I located an additional piece of evidence (bullet jacket) that I marked with placard #37. Detective Matheus inquired about collecting three items from the Cancer Center parking lot to send directly to the Idaho State Police (ISP) Forensic Services for possible DNA analysis. I photographed those items (placards #34-#36) in detail and then collected for Evidence Tech Shipe to release to BPD Criminal Investigations Specialist (CIS) K. Boynton #7828. I finished photographing the remaining evidence with mid-range and close-ups. Once I had documented the possible bullet holes in the IDOC van, I asked ACSO Detective N. Daigle #5209, who replaced Detective McCray on scene for the CITF, and Detective Matheus to retrieve the projectiles from the IDOC van. I photographed the projectile fragments recovered. Once I had completed my close-up photographs, I collected the remaining marked items. Only two of the placarded items, #18 and #19, were being collected for the CITF investigation. I collected the two items for Detective Daigle (see his Property Invoice for additional details).

After I completed my exit photos, Evidence Tech Shipe and I cleared the scene at approximately 1318 hours. We transported the evidence to the BPD Crime Lab. Upon our arrival, at approximately 1330 hours we opened the packaging for Items #SS3 (placard #3), #SS4 (placard #4) and #SS5 (placard #5). I photographed the clothing and miscellaneous items in detail. We then re-packaged the items, separating them out into individual packaging (See Evidence Tech Shipe's Property Invoice for details). Clothing from Item #SS4 was wet, so after photographing I placed in a secured BPD Evidence Dryer. Evidence Tech Shipe kept custody of all evidence items. I cleared the lab at approximately 1630 hours.

On 3/25/24 I removed the dried clothing items from the secured BPD Evidence Dryer. I placed the items in new packaging and observed Evidence Tech Shipe seal the evidence. I transferred the FARO data to the BPD Crime Lab FARO computer's hard drive and Crime Lab's external hard drive. I then processed and registered the scans from the scene. Processed data will be provided upon request. Additional processing of the data may be completed at later date, with a separate report being issued.

*See forms packet for additional information relating to this request.

Checked onto log @ ~0512 hrs - (outside Log)

Clock 17
↳ 17 total cartridges

~6 CC near ID'd Idaho Department of Corrections van (2055) (bullet holes)

BPD Off. CC (Rifle) used

ID'd on ambulance bay License plate (X4930)

Ford white van (ID'd License Plate [redacted]) Acute Rescue transport van

↳ Driver Door window damage

↳ Projectile fragment by driver door (placard #20)

walk through observations

-Asked S. Shipe to sketch FARO scan plan of interior scene

3D FARO Scan, photos, mark, photos, collect Inside

Then process exterior (photos, mark, scan, photos, collect)

Game plan

BPD D. Ellis #903 -> Requested to collect phones from plastic hospital bags (I photographed as she collected)

Upon arrival checked in with Canfield on where to meet. Entered through front ER entrance.

BPD Det initially on scene: Canfield, Jagosh, Mathews, Del Rio & Kendall
ACSO -> McCray & Daigole for CITF
Mathews & Del Rio remained on scene

Hospital exterior (Ambulance bay) was secured w/ patrol vehicles, crime scene tape & officers. Interior scene was ER Rm 12, area around nurse's station closest to ER doors, and trauma Rm 1 & Resus station Rm

ACSO McCray Alex #6150 provided brief summary walkthrough of scene & evidence both inside & outside. observations: Ambulance Bay ER doors had glass shattered & doors were not functional. Apparent blood (Red substance) was

on floor & leading into trauma rooms. Possible bullet strikes were noted on west wall near doors. Plastic hospital bags (told they contained victim's clothing) were on hallway floor outside of trauma room 1. In trauma Rm there was a ballistic vest on floor, a cut blade shirt, misc. items (keys, cards, flashlight) on instrument tray, and a black IT near SE corner computer. Block had been cleared by a nurse. Red substance was noted on floor of trauma Rms. Near ER room #13 plastic hospital hat (specimen collection pan) marking projectile

Told that ER Rm 12 had been room where IDOC inmate had been treated. Told Nothing evidentiary located on these but to document Rm

Both monitors closest to ER doors were damaged by projectile fragments. A sanitize wipes box had possible bullet holes through & through. On countertop in front of monitors I located fragments in containers & near monitor. Nurse pointed out damage sticky note on other monitor

Per Sgt. Kendall - asked for FARO

After walk-through w/ AC80 McCray, discussed game plan for processing. Hospital asked for their space & trauma rooms back ASAP - so I used FARO to scan interior portion of scene, then overall photos. observed/assisted Shipe & AC80 McCray placed evid. markers, I took close-ups & then collected items. Shipe finished packaging & took charge of being evidence custodian.

A. Oldemeyer #7188

Time Cleared	~1318 hrs

Scene Notes
General Notes | Crime Scene Log? | Scene Security By? | Personnel on Scene | Weather/Temperature | Walkthrough Involved Persons (S/V/IP) | Team Assignments | Evidence Disposition

Once finished inside, everyone moved outside to process exterior portion: Ambulance Bay & parking lot in front of Cancer Center. Ambulance Bay area had 2 IDOC vans, one involved. (x4930) An ambulance transport van (Acute Rescue) (involved), a BPD patrol vehicle parked & a St. Al's sedan (not involved). The parking lot in front of the cancer center was involved - was informed by ACSO McCray during walkthrough that suspects were parked there & would wait to break out inmate. They fired from that side. Six 9mm cartridge cases located (#28-33). The involved IDOC vehicle had driver door open & Rt. passenger side doors. Possible bullet holes located on passenger side door (#26) and on passenger rear fender area (#27).

Once moved outside it was warm & sunny - shadows in some photos

I photographed exterior scene (overalls), then used FARO 3D scanner to scan (observed Shipley & ACSO McCray placed evidence markers prior to my scanning). I located additional piece of evidence while scanning (labeled w/ placard #37) bullet-jacket. After scanning I took my mid-range & close-ups of marked evidence. I collected Item #34-36 from parking lot area. In order for Shipley to release to Boynton for transport to ISP Lab. per BPD Det. Amber Mathews instructions

Once I finished all close-ups & photos of IDOC van exterior & Ambulance van interior, I collected the remaining marked items. Shupe finished the packaging. Asked ACSO Det. Neil Daigle and BPD Det. Mathews to retrieve the fired projectiles from the IDOC van (I photographed recovered fragments before collecting). See Shupe's PR for evidence details.

Once evidence was collected, took exit photos.

Shupe & I cleaned the scene at ~1318 hours

Transported evidence to BPD Crime Lab, arrived @ ~1330 hrs

Upon arrival opened Evidence packaging for #553 (Placards #3), #554 (#4), #555 (#5)

(clothing in plastic hospital bags - collected from ER hallway floor)

Photographed & detail contents from the plastic hospital bags

Assisted Shupe w/ re-packaged items separately for items on #553 and #555.

Items from #554 were photographed & placed on Evidence Dryer #2 as they were wet. S. Shupe keeping custody of evidence.) Cleaned Lab at ~1630 hrs

> Will repackage once dry.

Evidence Collection Interior Scene
↳ Items placarded as #1-5 ~~were~~ I collected as part of BPA's shooting/escapee investigation
↳ Items #6-9 & 11 I ~~placed~~ assisted AO ACSO Det McCray with collecting. He took custody of those items for the CITF portion. Had his own PI (see attached)
↳ I took close up photos of the gun & ammunition as he collected the gun
↳ Items placarded as #10 (medical tray on trauma floor)
↳ I collected as part of BPA investigation (part of placard #10)
↳ Per S. Shipe the keys (to involved IDOC van) were released back to IDOC guards at hospital
↳ Items #12 & 13 I collected as part of BPA's investigation
*Placards #14 & 15 were not used - per S. Shipe
Evidence Collection Exterior
↳ Items placarded as #16-17 were collected (I) as part of the BPD investigation
↳ Items #18 & 19 I assisted ACSO Det. Daigle #5209 with collecting - He took custody from there - had his own PI (see attached) for CITF portion
↳ Items #20-36, AO 37 I collected as part of BPA investigation
↳ Per Det. Mathews I observed S. Shipe release items #34-36 to Boynton for ISP testing.

FORENSIC LATENT PRINT EXAMINATION REPORT

Case Agency(s):	Agency Case No(s).:	Laboratory Case No.:
BOISE POLICE DEPARTMENT	**2024DR404133**	**M2024-1153**
Date(s) of Offense:	Investigating Officer(s):	Report No.:
03/20/2024	**Matthew Canfield**	**6**
Date Evidence Accepted:	Analyst:	
05/08/2024	**Logan Pacheco**	
Case Name(s):		
Suspect - SKYLAR WADE MEADE **Suspect - NICHOLAS DAVID UMPHENOUR** **Suspect - TIA J GARCIA**		

EVIDENCE DESCRIPTION:

Item 16 (Agency Exh. MC4): six exemplars bearing the name S. MEADE (16.1-16.6).
Item 18 (Agency Exh. MC5): eight exemplars bearing the name N. UMPHENOUR (18.1-18.8).
Item 20 (Agency Exh. MC6): six exemplars bearing the name T. GARCIA (20.1-20.6).

CONCLUSIONS AND INTERPRETATIONS:

No comparisons were conducted at this time.

Items 16, 18, and 20 are being forwarded for comparisons in related lab numbers M2024-1398 (submitted by Idaho State Police District 2 in their case D24000016) and M2024-1476 (submitted by Idaho State Police District 3 in their case D24000053) and will be reported out on those lab numbers.

DISPOSITION OF EVIDENCE:

Items 16, 18, and 20 are being retained in the laboratory pending the completion of comparison cases M2024-1398 and M2024-1476. Items 16, 18, and 20 will be returned upon the completion of all related comparison examinations.

REMARKS:

The descriptions, conclusions and interpretations stated above apply to the sample(s) as received.

I declare under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

↳I ~~PACKAGED~~ SEALED EVIDENCE FROM INSIDE THE HOSPITAL AFTER AO COLLECTED. MCCRAY COLLECTED FIREARM & MAGAZINE (S57, S58)
↳I DREW A SKETCH OF INSIDE THE HOSPITAL
↳ AFTER SEALING THE EVIDENCE FROM INSIDE THE HOSPITAL THAT I RETAINED CUSTODY OF, I PLACED IT INTO THE BPD (BOISE POLICE DEPT.) VEHICLE.
↳ DID ANOTHER WALKTHROUGH OF THE EXTERIOR SCENE W/ MCCRAY TO PLACE PLACARDS DOWN FOR EVIDENCE COLLECTION.
↳ AT THIS TIME HE REQUESTED I WALK THROUGH A SECTION OF THE GRASS IN THE NEIGHBORING PARKING LOT TO SEARCH FOR EVIDENCE. I FOUND A CIGARETTE BUTT THAT MCCRAY WANTED COLLECTED.
↳ LABELED PACKAGING FOR ALL EVIDENCE GOING TO BE COLLECTED
↳ ONCE IT CAME TIME FOR EVIDENCE COLLECTION OF EXTERIOR THE BELOW PARTICIPATED W/ THE FOLLOWING DUTIES:
  ↳ AO: COLLECTOR
  ↳ SHIPE: LABELING, ASSISTING AO, EVIDENCE CUSTODIAN
  ↳ DAIGOLE: HOLDING / TRANSFERRING EVIDENCE TO VAN (WHERE I SEALED) PICKED UP PLACARDS
  ↳ MATHEWS: SIMILAR TO DAIGOLE DUTIES
↳ AFTER COLLECTION, I SEALED THE EVIDENCE & PLACED IT IN THE BPD VEHICLE.

I CLEARED THE SCENE AT 1318 & WAS SIGNED OUT BY OFFICER BAUGHMAN #1606.

I ARRIVED BACK TO THE LAB A 1333 & SECURED THE EVIDENCE IN THE BPD CRIME LAB

ONCE BACK AT THE CRIME LAB I: SS 3/25/24 VIEWED ALL PHOTOS TAKEN BY AO ON 3/20/24

ASSISTED AO WI PHOTOS OF EVIDENCE FROM ITEMS #SS3, #SS4, & #SS5.

~~RELABELED EVIDENCE~~ SS LABELED ADDITIONAL PACKAGING FOR EVIDENCE IN ITEMS #SS3 → #SS5, & ASSISTED AO WI REPACKAGING.

ALL NEW EVIDENCE CREATED WAS STORED IN A SECURE AREA OF THE CRIME LAB.

EXCEPT FOR ITEMS #SS4, SS4.a → #SS4.d, PKG #SS5.d THEY WERE PLACED IN EVIDENCE DRYER #2 IN ORDER TO ALLOW THE RED SUBSTANCE (LOCKED) TO DRY BEFORE PACKAGING.

SS 3/21/24 OPENED ITEM #SS16 (DUTY BELT) TO TURN OFF RADIOS ITEM HAS BEEN RESEALED.

OK 3/21/24 SS: PLACARDS 14 & 15 WERE NOT USED ON SCENE 3/21/24 SS & THEREFORE NO ITEMS CORRESPOND TO THEM. NO EVIDENCE IS TIED TO ITEM #'S SS14 OR SS15.

CRIME SCENE INVESTIGATION REPORT

Boise Police Department Crime Laboratory
333 North Mark Stall Place, Boise, ID 83704

BPD CASE#: 24-404133
EXTERNAL AGENCY CASE#: N/A
Issue Date: August 31, 2024

Investigating Officer(s): Matthew Canfield
External Agency:

Analyst Assigned: Sarah Shipe, Criminalist I

On 3/20/2024 at approximately 0328 hours, I received a call from Boise Police Department (BPD) Criminalist A. Oldemeyer #7188. She asked that I respond to the BPD Crime Lab and stand by for a shooting that had occurred at a hospital. The shooting was related to an Officer Involved Shooting (OIS) and led to the Critical Incident Task Force (CITF) being initiated.

At approximately 0507 hours, Criminalist Oldemeyer and I arrived at St. Alphonsus Hospital, located at 1055 N Curtis Road in Boise, Idaho, and were signed into the Crime Scene Log. Upon arrival, I observed yellow crime scene tape on the outside perimeter and multiple police vehicles from BPD, Garden City, and Ada County Sheriff's Office (ACSO). I also observed a BPD vehicle next to the ambulance entrance of the hospital. The engine was running and had an Idaho license plate bearing BPD 158. I further observed two white vans (Idaho license plates X 4930 and X 4979) next to the ambulance bay. After initial exterior observations, I noted that the following personnel were present: Garden City Police Department (GCPD) Detective A. Rosen #1344, BPD's Special Victims Unit (SVU) Detectives A. Matheus #803 and D. Ellis #903, SVU Sergeant T. Del Rio #848, and ACSO Detectives N. Daigole #5209 and A. McCray #6150.

Once initial observations were made and I documented which personnel were present upon arrival, ACSO Detective McCray proceeded to provide initial information regarding the scene. I was advised that there were about five cartridge cases around one of the Idaho Department of Corrections (IDOC) vans located just outside the ambulance bay. There were also rifle cartridge cases in the ambulance bay and a handgun along with other possible evidence located in a trauma room within the hospital. Finally, ACSO Detective McCray relayed that most of the evidence was in the trauma room within the hospital, the entrance to the hospital from the ambulance bay, and in the outside area where the ambulance bay was located.

After initial information was given, ACSO Detective McCray gave an initial interior walkthrough of the emergency room. During the walkthrough, I observed that the glass doors of the emergency room entrance were shattered. Additionally, there was red substance in the following areas: on the ground of the ambulance bay, in the entry way of the emergency room just off the ambulance bay, in the hallway of the emergency room, and in trauma room one. I also observed defects on the wall near the entrance from the ambulance bay, a handgun with a magazine in trauma room one, and a possible

BPD CASE#: 24-404133
EXTERNAL AGENCY CASE#: N/A
Issue Date: August 31, 2024

bullet fragment outside emergency room 13. While giving the walkthrough, ACSO Detective McCray informed me that the handgun located in the trauma room was cleared by a nurse.

Following the initial interior walkthrough, ACSO Detective McCray gave an initial exterior walkthrough of the ambulance bay (located outside the emergency room) and the area surrounding it. During the walkthrough, I observed different caliber cartridge cases spread throughout the exterior scene. Among the cartridge cases, I also observed a badge, hat, and backpack located near the van with Idaho license plate X 4930. Additionally, the driver door and passenger side doors were open on the van with Idaho license plate X 4930. I also observed an Idaho Acute Rescue van with Idaho license plate ACUTE52 in the ambulance bay. The Acute van had a broken driver window, a back door that was open, and a ramp that was down.

After the initial walkthrough, my duties were to act as evidence custodian, sketch the interior scene, place placards, and assist BPD Criminalist Oldemeyer with any additional needs. Around this time, I was advised by BPD Detective D. Ellis #903 that she would collect and take custody of the phones located in the plastic bags in the hallway outside trauma room one.

Before collection began, BPD Sergeant Del Rio and I discussed which department was going to take which items. Therefore, the following evidence collection process was decided. ACSO Detective McCray was to act as evidence custodian for the CITF investigation portion and take all IDOC clothing/possessions from one of the individuals that was shot and the two rifle cartridge cases from BPD personnel (items #SS6-#SS9, and #SS11). See my Property Invoices (PI) dated on 3/20/24 for more information.

Based on the above conversation with BPD Sergeant Del Rio, I was to act as evidence custodian of all remaining evidence. See my PIs for a full list of what was collected.

After solidifying the evidence collection process, I drew a sketch of the interior scene. Once the sketch was completed, the interior evidence was then collected, packaged, and secured in the BPD Crime Lab vehicle on scene. After securing the interior evidence, I walked the exterior scene again to assist ACSO Detective McCray in placing placards. During this process, I observed one possible bullet hole on the side door and one possible bullet hole near the tailgate of the van with Idaho license plate X 4930. Directly north of St. Alphonsus Hospital, was the Cancer Care Center (CCC) where I observed a cigarette butt in the grass area of the parking lot and a cigarette butt and swisher tip in a parking spot.

While walking the exterior scene to place placards down, GCPD Detective Rosen informed me that he took the dashcam from the Acute vehicle (ID plate ACUTE52). Additionally, BPD Detective Matheus informed me that BPD Criminal Investigations Specialist (CIS) K. Boynton #7828 was arriving to take items #SS34 through #SS36 (cigarette butts and swisher tip) to Idaho State Police Forensic Services. Those items were eventually released to CIS Boynton on scene. The items were returned to me by CIS Boynton on 3/21/2024 and secured in the BPD Crime Lab.

CRIME SCENE INVESTIGATION REPORT

Boise Police Department Crime Laboratory
333 North Mark Stall Place, Boise, ID 83704

BPD CASE#: 24-404133
EXTERNAL AGENCY CASE#: N/A
Issue Date: August 31, 2024

After the collection of exterior items had been completed, ACSO Detective Daigole acted as evidence custodian of items #SS18 and #SS19 (rifle cartridge cases). I sealed all other evidence our lab was retaining custody over and secured it in the BPD Crime Lab vehicle on scene. Placards 14 and 15 were not used on scene and no items corresponded to them. Therefore, item numbers #SS14 and #SS15 were skipped on the property invoice.

Once all the evidence was secured, BPD Criminalist Oldemeyer and I cleared the scene at approximately 1318 hours, were signed out of the Crime Scene Log, and arrived back to the BPD Crime Lab at approximately 1333 hours. Upon arrival, I assisted Criminalist Oldemeyer with photographs of the evidence from items #SS3 through #SS5. I labeled additional packaging for evidence items #SS3 through #SS5 and assisted Criminalist Oldemeyer with repackaging. All evidence items that did not require drying were stored in a secure area of the BPD Crime Lab. The items that required further drying were secured in a BPD Crime Lab evidence dryer. Please see my PI dated on 3/25/24 for a list of items stored in the dryer.

On 3/21/2024, I opened item #SS16 (duty belt) to turn off the radio. I then placed the item back into its packaging and resealed the bag.

On 3/25/2024, BPD Criminalist Oldemeyer and I retrieved the items from the evidence dryer, repackaged, and secured them in the BPD Crime Lab. I also collected the trace evidence filter (#SS38) and trace paper (#SS39) from the evidence dryer and secured them in the BPD Crime Lab.

All items that were secured in the BPD Crime Lab were taken to ACSO Property Room for long term storage.

*See forms packet for additional information relating to this request.

Narrative:

On 03/20/2024, I was working as a Detective assigned to Major Crimes with the Ada County Sheriff's Office (ACSO). On the same date at approximately 0318 hours, I was contacted by ACSO Detective Sergeant Weires regarding an officer involved shooting involving the Boise Police Department (BPD). This resulted in an activation of the Critical Incident Task Force (CITF), with ACSO being the lead agency and I was tasked with being the lead detective.

INITIAL RESPONSE

This critical incident occurred at St Alphonsus Regional Medical Center (1055 N Curtis Road, Boise, ID 83706). I initially responded to the command post, which was located in the southeast corner of the St Alphonsus parking lot and was provided with a briefing on the incident. The briefing included the following information:

On 03/20/2024 at approximately 0215 hours, Idaho Department of Corrections (IDOC) personnel were escorting a high-risk inmate, Skylar Meade ([redacted] out of the St Alphonsus emergency room. During the escort an accomplice, Nicholas Umphenour ([redacted] shot multiple IDOC Correctional Officers as they were attempting to load Skylar into their transport van in the parking lot. Skylar and Nicholas fled the scene in a vehicle and the IDOC Officers retreated into the emergency room.

At approximately 0216 hours, ACSO dispatch received multiple 911 calls advising of a man with a gun and an officer down near the St Alphonsus emergency room ambulance bay entrance. There was initially no information relayed about IDOC being involved and a suspect description (WM 6'0", bald, dark beard, light skin) was provided. BPD patrol and assisting agencies arrived on scene at approximately 0219 hours and approached ambulance bay

entrance.

Shortly after, officers located a person matching the suspect description armed with a handgun just inside the emergency room entrance. At this time BPD Officer Wayne Anderson fired 2 shots from his rifle, striking the suspect with shrapnel in the face. The person initially perceived to be the suspect was later identified as IDOC Officer Christopher Wilske.

The following personnel were identified as parties to this incident:

INVOLVED OFFICER

Officer Wayne Anderson (BPD)

INVOLVED WITNESSES

Lt. Kevin Wittmuss (BPD)

Officer Jacob Lee (BPD)

Officer Ryan Pollard (BPD)

Deputy Colton McKone (ACSO)

OFFICER INTERVIEWS

On 03/22/2024 at approximately 1200 hours and 1400 hours, I completed interviews with involved Officer Wayne Anderson and involved witness Lieutenant Kevin Wittmuss. These interviews were conducted at the Mallet Law Offices (3363 N Lakeharbor Drive, Boise, ID 83703). Refer to my supplemental reports documenting the interview details.

911 CALL AUDIO, DISPATCH AUDIO, CAD CALL

On 03/20/2024, I obtained recordings from ACSO dispatch of three 911 calls received regarding this incident. I was additionally provided with a recording of the dispatch radio traffic from this incident. Copies of the recordings were uploaded to Evidence.com. The following are summaries of the information I obtained from reviewing the audio provided, refer to the recordings for specific details.

ST ALPHONSUS 911 AUDIO 1 ([redacted] UNKNOWN FEMALE)

A female caller notified dispatch that she was at the St Alphonsus emergency room entrance. She indicated there was a subject outside with a gun and that he shot an officer. The caller believed the man with the gun was in the ambulance bay and there was an officer running outside.

When asked to describe the gun man, the caller is heard talking with someone in the background. She then indicates “the officer” remembers him being is 6-foot, white, dark beard, light skin. The dispatcher asks the caller if they know where the gun man is and she does not know. The caller indicates security is working on checking the cameras for further.

The dispatcher advises the caller to lock down and get out of the main area and she indicates they are doing so. When asked if anyone else is injured, the caller indicates there might be another injured security guard or transport. The caller asks dispatch to notify any hospital transports not to come.

The dispatcher gets contact information from the caller and then requests she hand the phone to

someone who can provide further information if she has to go help. There is a brief lull in the conversation while the caller is trying to figure out if anyone is available. Then the primary radio traffic can be heard in the background of officers advising “Dispatch, shots fired. Shots fired. Suspect is right inside the door. He’s got a pistol in his hand.” The audio then stops a few seconds after the shots fired advisement.

ST ALPHONSUS 911 AUDIO 2 ([redacted]

This audio recording overlaps with the first and the call does not begin until approximately 00:01:49 into the recording. A female caller advised dispatch she was at the St Alphonsus Boise Emergency Department. After obtaining contact information from the caller, the dispatcher asks her what happened. The caller indicated that there was a prisoner being treated and she believed he “got one of the guard’s guns and shot one of the guards.” She could not see the suspect but believed he was in front of the emergency room. The caller did not witness the incident and advised she was locked in a room at this time.

While speaking with the dispatcher, the caller tells someone to lock the door and advises that there were additional gunshots heard. The dispatcher reassures the caller and tells her that there are several units on scene to help. When asked if anyone is injured, the caller advised that there was a third person shot but she did not know who or where they were.

The dispatcher asks the caller about the prisoner, who they are and if they’re from IDOC. The caller advises that she believes he’s from IDOC and identified him as Skylar Meade. She does not know where Skylar is currently and advised that people were being treated in the trauma bay. The dispatcher obtained further details on the caller’s location (bathroom of room #14) and continues to comfort her. The caller updates a description of Skylar as being bald with lots of tattoos. She does not provide any additional information at this time and the recording stops a short time later.

ST ALPHONSUS 911 AUDIO 3 ([redacted]

This female caller advised dispatch she was working the command center at St Alphonsus and had a "code silver." She advised hearing gunshots and stated security reported it happening in the ER bay and there was one subject down. The caller advised dispatch that they did not believe the subject down was a security guard but that one was shot and there were guns pointed outside towards the EMS bay. The dispatcher advised her that units were on their way and to follow their protocols. The caller did not provide any additional details other than notifying dispatch that they could hear the sirens coming before disconnecting.

DISPATCH RADIO BROADCAST

The audio recording received of the radio traffic is 00:21:33 in length. A copy of the audio was uploaded to Evidence.com. The following are a few key details obtained during my review of the recording, refer to the audio for further details.

The recording begins with the following information being broadcast to responding officers on channel 10.

> "*Dispatch on 10. We have a man in the bay. Man in the bay with a gun. Um, we have one officer shot. I'm unclear which jurisdiction it is. There's another officer there trying to get him into the ER at this time. He just left to go back into the bay to see if he could confront the man with a gun."*

An officer responds to the initial broadcast by asking, "Where's the gunman at right now." The dispatcher states,

> *"He is currently in the ER Bay. Man with the gun is 6-foot, dark beard, light skin."*

Officers are advised that security is attempting to locate the suspect on the cameras but that no

one has eyes him at this time. As Officers arrive on scene, the dispatcher provides an update indicating,

> *"There is an additional caller saying the man is pointing the gun at the ambulance bay at this time." (00:02:36)*

An officer copies the update and relays that they are approaching the ambulance bay doors. There is approximately 30 seconds of silence on the recording, before it is relayed to dispatch that shots were fired.

> *"Dispatch, shots fired. Shots fired. Suspect is right inside the door. He's got the pistol in his hand." (00:03:28)*

The recording continues for several minutes as officers enter the emergency room and receive information that the gunman left the area. The radio traffic indicates that they continue a search of the hospital and surrounding areas until it is confirmed that there are no outstanding suspects inside the hospital.

CAD CALL (INCIDENT #24-0085512)

I reviewed the CAD call from this incident and highlighted pertinent details in the above screen shots. Some of the details highlighted include confirmation of information that was relayed in the 911 calls and dispatch audio, to include the nature of the call (man with a gun / officer down) and suspect description (6'0" dark beard, light skin). I also noted that the CAD information shows the time elapsed between the first unit being assigned to the call and then arriving on scene to be less than 2 minutes (00:01:51.7).

ON BODY VIDEO (OBV)

As a part of this investigation, I was provided access to the involved officers OBV via Evidence.com. The video recordings begin 30 seconds prior to activation. The follow is a summary of the OBV's I reviewed from each involved officer. A screen capture of the officer's perspectives at the time of the shooting are included with the OBV summaries, with exception of Lt Wittmuss, who's OBV was not activated until afterwards.

ANDERSON OBV

I reviewed Officer Anderson's OBV, which was time stamped 2024-03-20 02:19:52 and is 8:51 in duration. The video begins with Officer Anderson driving his patrol vehicle and he parks in the roundabout area of St Alphonsus Medical Center at approximately 02:20:05. He then retrieves his rifle from the rear of the patrol car and approaches the ambulance bay emergency room entrance with additional responding officers.

As he approaches the entrance, Officer Anderson can be heard giving directions to subjects in the area. At the 02:20:39 mark, an unknown subject is heard stating "inside pointing it at the ambulance bay." Officer Anderson cautiously approaches the entrance, briefly pauses behind a large red concrete pillar and then takes a position of cover behind a private ambulance van parked in the middle of the parking lot. Officer Anderson is initially behind and alongside the ambulance but works his way up the driver's side of the vehicle in an apparent attempt to get a view inside the emergency room sliding doors.

While in this position, at approximately 02:21:09, Officer Pollard is heard asking Officer Anderson, "What do you got Wayne." Officer Anderson responds that he's, "got nothing." A

few seconds later at approximately 02:21:15, Officer Anderson says, “I’ve got movement at the counter. There he is. Don’t move.” Officer Pollard is then heard repeatedly stated, “He’s got the gun in his hand.”

At approximately 02:21:19 and then 02:21:21, Officer Anderson is observed firing 2 shots from his patrol rifle. He pauses for a few seconds, before approaching the doors with other officers. As he approaches, a black duty style belt is seen on the ground in the parking lot. The shots from Officer Anderson broke the glass on the emergency room sliding entry doors and officers struggle for a few moments to try and gain access.

As they wait to make entry, someone in the background is heard saying, “he went right.” The perspective of the OBV is obstructed by Officer Anderson’s rifle and body during this time, but he can be heard telling someone to “get down.” At approximately 02:22:40, Officer Anderson is the first person to enter the emergency room through the broken glass doors. They slowly enter and begin clearing the corner.

Officer Anderson and Lt Wittmuss are heard talking to someone off to the left, believed to be IDOC Officer Thomas Edwards. He is heard stating that he’s put his firearm away. Someone asks where the person who had the gun is and Edwards states that he left. Someone states that he was right here, and Edwards stated, “That was one of my officers.” Officer Anderson is heard saying, “Are you fucking kidding?” and appears upset as he realized the person, he shot at was from IDOC.

At approximately 02:24:00, Officer Anderson is speaking with an unknown female St Al’s staff member, who also confirms that the subject who was standing at the corner and was shot in the face is a correctional officer. Officer Anderson and Lt Wittmuss enter the trauma room from a side door and check on multiple IDOC correctional officers who are being treated by medical staff. As Officer Anderson exits the trauma room, and unknown male (possibly Edwards) is

heard saying, “supposedly the last guy that shot took the inmate and left.”

Officer Anderson walks through the emergency room and around the nurse’s station, while he appears to be pacing. He is approached by BPD Officer Gillam, who checks on him, and Officer Anderson is heard saying, “Dude popped around the corner with a gun.” Around this time, a St Al’s security member advises them that the suspect is possibly heading towards “pod 4.” Officer Anderson and other personnel again start clearing additional rooms in the emergency room and attempt to find “pod 4.” They clear several rooms, before the situation appears to stabilize and the video ends.

LEE OBV

I reviewed Officer Lee’s OBV, which was time stamped 2024-03-20 02:19:19 and is 39:04 in duration. The video begins with Officer Lee driving his patrol vehicle into the roundabout area of the parking lot at St Alphonsus Medical Center. He exits the patrol vehicle at approximately 02:20:07 and approaches the emergency room ambulance bay entrance with other officers.

At approximately 02:21:06, as Officer Lee approaches, he takes a position next to a large red concrete pillar. Officer Lee has his handgun drawn and points it towards the emergency room doors. While in this position, Officers Pollard and Anderson are to the right of Officer Lee and Lt Wittmuss is seen straight ahead and slightly to his left. Officer Lee then repositions and comes around the small private ambulance. Officer Lee has his handgun in a low ready position and is standing directly behind Officer Anderson at the time he (Anderson) fires 2 shots from his rifle.

Immediately following the shots being fired by Officer Anderson, Officer Lee and several others approach the sliding glass emergency room doors. Officer Lee attempts multiple times to enter the keypad code but the doors do not open. While in a position to the right (west) of the

doors, Officer Anderson is seen on his OBV telling subjects inside to get down and using arm motions.

At approximately 02:22:48, Officer Lee enters the emergency room through the broken glass doors with other officers. At 02:24:00 they encounter a closed and locked door to the trauma room. An unknown St Als staff member is heard telling them that the subject who was shot while standing at the corner was hit in the face and is a correctional officer. Officer Anderson is seen on the OBV reacting to this news and is visibly upset.

At 02:24:51, they speak with IDOC Officer Thomas Edwards, who was inside the emergency room on an unrelated matter at the time of the shooting. Officer Edwards is heard saying, “Supposedly the last guy that shot, he took the inmate and left.” Officer Lee and other assisting officers appear to understand that the threat has left the area but continue to clear rooms within the emergency room for several minutes.

Lt Wittmuss is heard directing someone to get into contact with security in the camera room to obtain further information at approximately 02:28:48. Officer Lee appears to take on this task, but then discovers someone else is already working on that assignment. At 02:30:00, Officer Lee exits the hospital and goes to a BPD patrol car in the parking lot and retrieves 2 ballistic shields. He then returns to the public emergency room entrance with the shields and meets up with other officers. They hold a position in the hallway for several minutes and there is discussion heard about an IDOC Officer that was shot.

At approximately 02:38:42 the emergency room is deemed clear. Officer Lee then works with St Als security to conduct a secondary search of the hospital. At 02:58:10, Officer Lee receives a phone call advising him that they can discontinue any further search of the hospital and to return to the parking lot roundabout. The video then ends a few seconds later.

MCKONE OBV

I reviewed Deputy McKone's OBV, which was time stamped 2024-03-20 02:20:18 and is 52:35 in duration. The video begins with Deputy McKone driving his patrol vehicle as he enters the parking lot of St Alphonsus Medical Center. Deputy McKone exits his vehicle with his patrol rife at approximately 02:20:40. He then approaches the ambulance bay emergency room entrance with additional responding officers.

At approximately 02:21:13, Deputy McKone takes a position of concealment behind a St Al's golf cart in the ambulance bay area and points his rifle towards the emergency room doors. From this position, Lt Wittmuss is seen straight ahead of him near the doors, and Officers Lee and Pollard are seen to his right next to the private ambulance.

Officer Anderson is out of view of Deputy McKone's OBV at the time he fired, but the 2 distinct shots can be heard. Deputy McKone and other BPD Officers then immediately start closing in on the ambulance bay doors. At approximately 02:21:53, as officers struggle to force open the doors, Deputy McKone breaks away with additional officers and goes around to the public front (eastern) emergency room entrance.

Deputy McKone enters the public emergency room entrance with additional responding BPD Officers, and they hold a position inside a hallway for several minutes. He then works with a team of BPD Officers to finish clearing that area. At approximately 02:38:42 the emergency room is deemed clear. Deputy McKone is seen regrouping with BPD Lt Wittmuss and several others. Deputy McKone then leaves the group with Deputy Faddis and proceed to clear other areas of the hospital for several minutes.

At approximately 03:00:00, Deputies McKone and Faddis return to the emergency room and speak with multiple St Al's staff members and other deputies that have now arrived on scene.

They continue checking several areas of the hospital and locate St Als staff members hiding in a room. The deputies regroup again for several minutes until the scene is deemed safe. The video is muted during this time and ends a short time later.

POLLARD OBV

I reviewed Officer Pollard's OBV, which was time stamped 2024-03-20 02:19:42 and is 1:00:42 in duration. The video begins with Officer Pollard riding in the passenger seat of his patrol vehicle, which enters the parking lot of St Alphonsus Medical Center. Officer Pollard approaches the ambulance bay emergency room entrance with several other responding officers.

On approach at approximately 02:20:38, Officer Pollard is heard relaying information to other officers that the suspect is possibly pointing the gun outward towards officer. Lt Wittmuss and Officer Anderson are seen in the camera view and Officer Pollard repeats this warning 3 times, with the 3rd being directed at Officer Anderson as follows, "Wayne, he might be pointing the gun outside towards us."

Officer Pollard approaches and takes a position opposite the ER bay doors on the front hood of a private ambulance in the parking lot, with Officer Anderson to his right. At approximately 02:21:09, Officer Pollard asked Officer Anderson, "What do you got Wayne?" and he responds, "I got nothing." At 02:21:16 Officer Pollard is heard saying, "There he is right there. He's got the gun in his hand." A few seconds later at 02:21:19, 2 gun shots are heard, before Officer Pollard relays to dispatch, "Shots fired, shots fired. Suspect is right inside the door. He's got the pistol in his hand." After this radio traffic, Officer Pollard, and several assisting officer approach the ER doors but have difficulty making entry.

Officer Pollard breaks away from the group and retrieves a ballistic shield from a patrol vehicle parked close by. He then passes off the shield to another officer as they make entry to the

emergency room. Officer Pollard reiterates that he saw the suspect going westbound through the ER after the shots were fired. He and another officer contact hospital staff at a separate side entrance just west of the ER ambulance bay doors. Officer Pollard and other officers hold a position on multiple hallways in that area for several minutes and eventually meet up with officers who had worked their way through the ER to where it met with the hallway, they were in.

At approximately 02:31:00, while continuing to hold a position in the hallway, Officer Pollard gives a description to the officers near him. He is heard relaying a suspect description of 6’0” to 6’2”, white male, dark beard, 25 to 32 years old. An unknown officer close by asks him for a clothing description and Officer Pollard stated, “I couldn’t tell you. I just saw the pistol in his hand. 100 percent.”

While continuing to hold their position, at approximately 02:35:08, Officer Pollard is heard using his radio to communicate with Lt Wittmuss. During that conversation, Officer Pollard and others on scene appear to be realizing that the person shot at was a correctional officer and there are no outstanding suspects. He is heard making multiple statements about the individual he observed including, “He had a pistol in his hand and matched the description of our shooter” and “That individual was not wearing any insignia, no body armor, nothing. Just plain clothes, white male, dark beard, 6’0” to 6’1.” Matched our description and was just wandering around in ER.” At approximately 02:36:20, Officer Pollard is heard saying, “I mean, Wayne fucking shot at that guy. So, I hope he’s not a correctional officer.”

A short time later at approximately 17:58 into the video, Officer Pollard mutes his body camera. The video remains muted for the duration and Officer Pollard maintains his position in the hallway for a few minutes before going outside. He then assists with putting up crime scene tape throughout the scene. Refer to the entirety of the OBV footage for further details.

WITTMUSS OBV

I reviewed Lt Wittmuss' OBV, which was time stamped 2024-03-20 02:22:01 and is 5min 10sec in duration. The video begins after the officer involved shooting occurred and starts with Lt Wittmuss holding his rifle in his left hand and breaking the glass on the emergency room entrance doors with his baton in his right hand. The video continues for several minutes as Lt Wittmuss and assisting officers secure the emergency room and interact with St Al's staff members.

ST AL'S SECURITY SURVEILLANCE

Detective McCray obtained video surveillance from the St Al's security team, which was on a USB drive. He later provided me with the drive, which was password protected ([redacted]) and utilized proprietary software. I was able to view multiple cameras that depicted different vantage points from both inside and outside the hospital at the time of the shooting. The original videos were time stamped; however, when copied to upload the timestamps did not appear. The original USB drive was booked into ACSO property as evidence (Item #KD-01) and copies of the 3 camera views depicted below were uploaded to Evidence.com.

Channel 6 – Interior ER Ambulance Bay Entrance

This video depicts the interior of the St Al's emergency room, looking outward towards the ambulance bay entrance doors. The video is 00:07:44 in length and captures IDOC Officers entering the emergency room after being ambushed in the parking lot. The video goes on for several minutes and multiple St Al's staff members can be seen treating the injured IDOC Officers.

03/20/2024	02:16	File	PERSON CRIMES

At approximately the 00:02:02 mark, IDOC Officer Wilske and Officer Edwards can be seen taking positions with handguns drawn facing outward towards the ambulance bay. Officer Wilske is on the west side (left) of the hallway and Officer Edwards is on the east side (right). Both Officers are wearing dark (black) colored shirts, black duty belts, tan pants, and tan boots. Their shirts appear to have a gray cloth IDOC badge on the top left corner; however, it is likely not visible due to their use of the hallway corners for concealment and only partially exposing their bodies. Officer Edwards has a black vest carrier on with white lettering on the back labeling it “corrections.”

Throughout the video, Officer Edwards remains mostly in the same position, while Officer Wilske is seen going in and out of view of the camera, while simultaneously holding a cell phone with his left hand and having his handgun in his right hand. At approximately 00:05:22, Officer Wilske re-enters camera view after having walked away briefly. He can be seen in a similar position, with his cell phone in the left hand and handgun pointed downward in his outstretched right hand. Officer Wilske partially exposes himself around the corner, with his head, portion of upper body and the handgun exposed.

At approximately 00:05:25 and 00:05:27, the 2 projectiles from Officer Anderson’s rifle can be seen entering the emergency room. The projectile breaks the windows to the emergency room doors and the first appears to strike Officer Wilske in the upper chest and head area, causing him to fall backwards and out of view. Officer Edwards remains in position for a few seconds, before backing out of view of the camera as officers begin forcing entry through the sliding glass doors.

Channel 5 – Exterior Ambulance Bay side view

This video depicts the exterior of the St Al’s emergency room ambulance bay side view, looking downward towards the ambulance bay entrance doors. The video is 00:04:22 in length and captures IDOC Officers entering the emergency room after being ambushed. At approximately

00:01:42, flashing lights are seen, then Lt Wittmuss and additional BPD Officers come into view of the camera.

At approximately 00:02:03, Lt Wittmuss is seen with his patrol rifle just outside the entrance doors and other officers are seen around the private ambulance. There is no audio to the video and Officer Anderson is out of view of the camera, due to being behind the ambulance. Based on Lt Wittmuss' reaction (backed up slightly) and debris seen coming from the window, this appeared to be the time the shots were fired. The video continues for a couple minutes as officers approach, break the windows and enter the emergency room. The video then cuts off after several officers had entered the building.

Channel 3 – Exterior Ambulance Bay outward

This video is 00:05:51 in length. The initial few minutes of the video do not show anything related to this investigation until approximately 00:02:08, when the private ambulance appears in view. IDOC Officers are then seen exiting with inmate Meade at approximately 00:02:24, before being ambushed at 00:03:18. A few seconds later IDOC Officers are seen retreating into the emergency room.

At approximately 00:04:12, BPD Officers and a marked BPD patrol vehicle with its emergency lights on are seen coming into view. Then at 00:04:46, Officer Anderson is briefly seen walking out from behind the ambulance holding his rifle. He then raises it up and backs out of view, likely firing at the same time but difficult to determine in video. Several officers approach and go out of view of the camera and then another group go eastbound around the building and out of view before the video stops.

On 04/04/2024, BPD Detective Shofner provided me with a USB drive containing video files. These files were specifically downloaded from onboard cameras inside the “Acute Rescue” private ambulance that was parked in the St Alphonsus ambulance bay parking area at the time of this incident. The USB drive was booked into ACSO property as evidence (Item #KD-02) and a copy of the rear ambulance camera view depicted below was uploaded to Evidence.com.

Channel 3 – ambulance rear view

A still image from the rear facing ambulance camera (Channel 3) can be seen above. The video quality is low; however, it depicts the most similar vantage point of the St Al’s ambulance bay emergency room entrance to that of Officer Anderson. Just prior to the time of the officer involved shooting, a dark figure appears in the camera view, which can be seen through the double sliding doors. The location of the figure is consistent with the position in which IDOC Officer Wilske was standing at the time of the shooting.

OBSERVATIONS

The following observations were made as a result of reviewing the CAD Call, dispatch / radio audio, multiple video surveillance sources, and the statements obtained from the involved officers and witnesses.

- No notification made to dispatch regarding prisoner transport
- No 911 calls or radio communication by IDOC personnel or St Al’s security after the initial shooting
- 911 calls received relayed 3rd hand information as only witnesses were IDOC

- Lack of markings on transport vans to help responding officers identify law enforcement presence
- Similarity in physical description of "man with gun" suspect relayed by calling parties (WM 6'0", bald, dark beard, light skin) and that of IDOC Officer Wilske
- Officers identified an active shooter call as being the "highest priority level" and potential serious crimes being investigated as homicide, aggravated battery, aggravated assault
- Both Officers Anderson and Pollard indicated seeing the suspect armed with a gun and Officer Pollard verbalized "he's got the gun in his hand" prior to use of lethal force
- Officer Anderson felt the suspect was attempting to "taunt" him and fired 2 shots at the suspect in order to prevent additional victims
- Officers continued their pursuit into the emergency room to stop a continuous perceived threat to civilian life and/or flight by the suspect
- No realization that the person they believed to be the suspect was actually an IDOC Officer by Officer Anderson or other responding officers until after entry was made and that information was relayed by medical staff.

Narrative

Initial Information/Contact:

On 3/20/24 at 3:48 am, I received a phone call from Sgt. Bill Weires regarding an officer involved shooting. Sgt. Weires asked me to respond to assist with a Critical Incident Task Force (CITF) investigation. The Ada County Sheriff's Office was the lead investigating agency for the CITF. I was assigned to assist with first contact duties. Officers with the Boise Police Department were involved in the incident.

At 4:18 am, I arrived at the Boise Police Department where I met with Boise Police Detective Tom Krueger and Detective Ryan Pacheco. Detective Krueger provided a list of the officers that were either a shooter, or an involved witness. One involved witness was a Deputy with the Ada County Sheriff's Office, and all others were with the Boise Police Department.

Deputy Colton McKone, Ada County Sheriff's Office:

At 4:55 am, we met with Deputy Colton McKone in a small meeting room at the Boise Police Department. Deputy Jakob Goold was present as Deputy McKone's escort officer. Deputy McKone told us he did not discharge a firearm. Deputy McKone verbally provided the number of rounds of ammunition he believed were in each weapon, and spare magazines. Deputy McKone's duty pistol was loaded with 21 rounds in the magazine, and 1 in the chamber, for a total of 22 rounds. The two spare pistol magazines were each loaded with 17 rounds. The spare rifle magazine was loaded with 20 rounds. Deputy McKone had a duty rifle that was in Deputy Goold's patrol vehicle. The rifle was loaded with 28 rounds. I took overall photographs of Deputy McKone and took possession of his On-Body-Video camera.

Detective Krueger took possession of Deputy McKone's duty pistol, a Sig Sauer P320, and all spare magazines. We took the items to a secondary room where we photographed the pistol and counted all rounds. We found that Deputy McKone's duty pistol was loaded with 22 rounds. The two spare pistol magazines were loaded with 17 rounds each. The spare rifle magazine was loaded with 20 rounds. We returned the pistol and magazines to Deputy McKone.

Detective Krueger and I went with Deputy Goold to his patrol vehicle, unit # 340, which was parked in front of the Boise Police Department. The rifle was in the backseat. I took a photo of the rifle while it was in place, and Detective Krueger took it inside the building. We counted 28 rounds in the rifle. The rifle was not seized.

Officer Jacob Lee, Boise Police Department:

At 5:25 am, we met with Officer Jacob Lee in a small conference room at the Boise Police Department. Officer Mike Ramsey was present as Officer Lee's escort officer. Officer Lee told us that he did not discharge a firearm. Officer Lee verbally provided the number of rounds of ammunition he believed were in his duty weapon and spare magazines. Officer Lee's duty pistol was loaded with 17 rounds in the magazine, and 1 in the chamber, for a total of 18 rounds. One spare magazine was loaded with 17 rounds, and the other was loaded with 16. Officer Lee said the reason for the shortage was because he recently fired his weapon at a range and lost 1 duty round. Officer Lee did not have a rifle during the incident. I took overall photographs of Officer Lee. Detective Krueger took possession of his On-Body-Video camera.

We took possession of Officer Lee's duty pistol, a Glock 17, and the two spare magazines. We took the items to a secondary room where we photographed the pistol and counted all rounds. We found that Officer Lee's duty pistol was loaded with 18 rounds. One spare pistol magazine was loaded with 17 rounds and the other had 16 rounds. We returned the pistol and magazines to Officer Lee.

Officer Ryan Pollard, Boise Police Department:

At 5:39 am, we met with Officer Ryan Pollard in a small meeting room at the Boise Police Department. Officer Craig Sousa was the escort officer, but not present when we arrived. Officer Pollard told us he did not discharge a firearm. Officer Pollard also did not deploy a rifle or taser during the incident. Officer Pollard verbally provided the number of rounds of ammunition he believed were in each weapon, and spare magazines. Officer Pollard's duty pistol was loaded with 17 rounds in the magazine, and 1 in the chamber, for a total of 18 rounds. The two spare pistol magazines were each loaded with 17 rounds. I took overall photographs of Officer Pollard. Detective Krueger took possession of his On-Body-Video camera.

We took possession of Officer Pollard's duty pistol, a Glock 17, and the two spare magazines. We took the items to a secondary room where we photographed the pistol and counted all rounds. We found that Officer Pollard's duty pistol was loaded with 18 rounds. One spare pistol magazine was loaded with 17 rounds and the other had 16 rounds. We returned the pistol and magazines to Officer Pollard. I advised Officer Pollard that one magazine was missing 1 round.

Lieutenant Kevin Wittmuss, Boise Police Department:

At 5:51 am, we met with Lieutenant Kevin Wittmuss in his office at the Boise Police Department. Lieutenant Wittmuss said that he did not discharge a firearm. Lieutenant Wittmuss deployed his rifle during the incident. He also deployed a baton to clear some glass. Lieutenant Wittmuss mentioned that he may have some broken glass on his back, but I did not observe any. Lieutenant Wittmuss verbally provided the number of rounds of ammunition he believed were in his duty weapons and spare magazines. Lieutenant Wittmuss' duty pistol was loaded with 17 rounds in the magazine, and 1 in the chamber, for a total of 18

rounds. The two spare pistol magazines were loaded with 17 rounds each. Lieutenant Wittmuss' rifle was loaded with 28 rounds total. The rifle was in his police vehicle, unit 185, which was in the parking lot of the Boise Police Department. I took overall photographs of Lieutenant Wittmuss. Detective Krueger took possession of his On-Body-Video camera.

We took possession of Lieutenant Wittmuss' duty pistol, a Glock 17, and the two spare magazines. We also removed Lieutenant Wittmuss' rifle from his vehicle. We took all the items to a secondary room where we photographed the firearms and counted all rounds. We found that Lieutenant Wittmuss' duty pistol was loaded with 18 rounds. The two spare pistol magazines were loaded with 17 rounds each. The rifle was loaded with 27 rounds in the magazine and 1 in the chamber, for a total of 28. We returned the firearms and magazines to Lieutenant Wittmuss.

Officer Wayne Anderson, Boise Police Department:

At 6:12 am, we met with Officer Wayne Anderson in a conference room at the Boise Police Department. Officer Anderson told us that he did discharge his rifle during the incident. He did not discharge his pistol or taser. Officer Anderson was not sure of the round count in his firearms but said he stuffed them until they were full. I took overall photographs of Officer Anderson. Detective Krueger took possession of his On-Body-Video camera.

We took possession of Officer Anderson's duty pistol, a Glock 17, with two spare magazines. We also seized his duty rifle. We took all the items to a secondary room where we photographed the firearms and counted all rounds. We found that Officer Anderson's duty pistol was loaded with 16 rounds in the magazine, and 1 in the chamber, for a total of 17 rounds. The two spare pistol magazines were loaded with 17 rounds each. The rifle was loaded with 27 rounds in the magazine, and there was not a round in the chamber. The rifle was an FN, model FN15, serial number FNCR000145. We returned the duty pistol and spare pistol magazines to Officer Anderson.

We invoiced the rifle as item WA1. The rifle was packaged and sealed. We invoiced the magazine with 27 rounds as item WA2. The magazine was packaged and sealed. I maintained custody of those two items.

On Body Camera:

Prior to leaving the Boise Police Department, I transferred custody of Deputy McKone's On-Body-Video camera to Detective Ryan Pacheco.

Evidence / Items WA1 & WA2:

Narrative

Detective Neumann Follow Up:

Security Footage Canvass, E State St to State Highway 55 / Horseshoe Bend Chevron, Boise County:

- *No security footage of evidentiary value was located in the area of E State St to State Highway 55, or at the Chevron in the City of Horseshoe Bend, Boise County jurisdiction.*
- *Possibly related stolen license plate: ACS24-002510: No Footage of suspect vehicle in area of stolen license plate.*

On March 20th, 2024, I contacted multiple businesses in the area of E State St/W State St and State Highway 55, Eagle, Idaho, to locate security footage of the suspect vehicle driving on the roadway. I was informed the suspect vehicle potentially drove west bound along E State St out of Garden City, and then drove north bound along State Highway 55.

I was unable to locate any security footage in this area which provided a view of the roadway clear enough to see a make or model of a vehicle and possibly identify it as the suspect vehicle. Due to the angles of the cameras, distance, from roadway, and dark lighting, I could not accurately make out any vehicles. Multiple vehicles of unknown make and model drove west bound on E State St during the time frame of when the suspects potentially would have been in the area.

The following businesses were contacted, and security footage was viewed which did not provide any evidentiary value to this case:

- BoiseBox Storage (8529 W State St, Garden City, ID 83714).
- Maverik Adventure's First Stop (8561 W State St, Boise, ID 83703).
- Sinclair Gas Station (10500 W State St, Boise, ID 83714).
- Sure Clean Car Wash (10592 W State St, Boise, ID 83714).
- The Home Depot and WinCo Foods in the area of E State St and State Highway 55 did not

have cameras with a view of the roadway.

Detective McCowan assisted by reviewing security footage along State Highway 55 north from E State St. See his report for information.

Boise County

(No Footage of suspect vehicle in area of Horseshoe Bend, Boise County).

I contacted the Boise County Sheriff's Office and had them complete follow up for security footage at the Valley View Chevron (459 ID-55, Horseshoe Bend, ID 83629) in Horseshoe Bend, ID. Boise County advised the security footage at the gas station was reviewed and no suspect vehicle was located in the time frame they would have likely been in the area (up to 0400 hours).

Possibly Related Stolen License Plate: ACS24-002510:

(No Footage of suspect vehicle in area of stolen license plate).

On March 20th, 2024, a stolen license plate was reported at [redacted] This address is just off State Highway 55 and potentially occurred during the same time frame of when the suspect vehicle traveled this direction. There is no direct evidence other than proximity and time frame which links the stolen license plate to the suspect vehicle. See report of stolen plate for further details.

I contacted the City of Eagle, which utilizes security cameras at the Ada/Eagle Bike Park located at Old Horseshoe Bend Rd, Garden City, ID 83714. This location is just south of the stolen license plate and has a direct line of sight with Horseshoe Bend Way, which is the roadway the suspect vehicle would have taken to steal the license plate. A camera records all vehicles traveling along Horseshoe Bend Way just north of Floating Feather and just south of where the license plate was stolen. The camera is motion activated and would likely record a vehicle traveling along this part of the roadway. The City of Eagle provided me a copy of the security footage to review. I reviewed the footage and observed between the hours of 0200 to 0400, only two vehicles were activated by the motion camera in the area and both vehicles did not match the suspect vehicle description.

It is possible the suspects could have missed being recorded by this motion activated camera if it did not activate correctly, or if the suspects turned in from a neighborhood street off N Eagle

Narrative

Narrative:

On 03/20/24, I was assigned to help find any possible video footage of a vehicle involved in an incident at the St. Alphonsus Regional Medical Center in Boise, Idaho from earlier that morning. Information given to me at the time was that the vehicle was a dark colored 2020 Honda Civic with Idaho plate [redacted], had likely traveled north on State Highway 55 from Boise, and was last known to be in the area of Glenwood near Captiol High School, possibly around 0223 hours. My involvement was locating video in the Highway 55 corridor.

Knowing that there were cameras in the Avimor subdivision, I started there. I found that the only cameras they had that pointed to Highway 55, which were on the northern end of the subdivision, were not operational during the timeframe in question and therefore did not record anything. The other cameras within the subdivision were checked but I was told nothing matching our suspect vehicle was seen in the timeframe indicated. I also checked with the Mobil gas station in Avimor, located at 18525 N. Streams Edge Way. While they did not have any cameras that pointed to Highway 55, they checked to see if any vehicles matching our suspect vehicle were seen during the timeframe in question. They did not find anything.

Next, I went to the Great Scott's Exxon station located at 2805 E. Hill Road in Eagle, Idaho, at the corner of Hill Road and Highway 55. I was familiar with the camera system here and knew they had a few that pointed to Highway 55. I spoke with management who let me use the system to find the video, as I was familiar with its operation from a previous incident I pulled video for. I ended up burning video from several cameras in the system that had views of both Highway 55 and Hill Road from 0220 hours to 0430 hours camera time. This resulted in 21 video files that were burned onto a flash drive that I could review on my computer in my office, as the computer tied to the camera system was slow and not conducive to loading and watching several hours of video on several different cameras. I also found that the camera time, when compared to my iPhone time, was 19 minutes fast.

I then went to the Chevron station located at 12795 N. Highway 55 in Eagle, Idaho, at the corner of Highway 55 and Beacon Light. I was told management was gone for the day, but I would be able to speak with them the next day, which I did. After letting them

know what I was looking for, I received a call back later in the day informing me that they did not have any cameras pointing to Highway 55 and no vehicles matching the suspect vehicle description pulled onto their property in the timeframe in question.

I began reviewing the Great Scott's video but found that most vehicles driving on Highway 55 were unidentifiable in the darkness of night due to no light and high speed (55 MPH zone). I later received information that the suspect vehicle was at the corner of Highway 44 and Highway 55 at 0226 hours and at the intersection of Highway 55 and Hill Road, where I had video from the Great Scott's Exxon station, at 0227 hours. I was able to corroborate this information as I did find a single vehicle traveling northbound on Highway 55 through the intersection of Hill Road at 02:46 hours camera time on multiple cameras, which would be 02:27 hours in real time given the 19-minute difference in camera time versus real time. The vehicle was unidentifiable on the videos. I took several still shots of the vehicle from the multiple cameras, which will be attached to this report. All video files burned from the Great Scott's DVR will be booked into evidence on the flash drive I burned them to. I was able to burn the video as .asf files, which can be played without having to use proprietary software from the camera system. I was able to view all of the video files using VLC media player. The following chart details the times and filenames that the vehicle was spotted on Great Scott's cameras:

Camera number	Camera desc.	Filename
ch2	[redacted]	NVR_ch2_mair
ch3		NVR_ch3_mair
ch5		NVR_ch5_mair
ch14		NVR_ch14_ma
ch16		NVR_ch16_ma

Narrative

Narrative:

On 03/21/2024 I was asked to conduct an interview with Boise Police Department Officer, Lee as a witness officer in this incident. The following is a summation stated to me during the interview. The information may not be listed in the order presented or exactly as stated but listed and documented for the ease and understanding of the reader. For specific details refer to the recording of the interview.

In the room during the interview was me, BPD Officer Lee, Boise Police Detective Krueger and Officer Lee's attorney, Chad Johnson. I informed everyone in the room that this conversation was being recorded.

I informed Officer Lee that this is a criminal investigation, and he was not required to provide a statement or answer any questions. Officer Lee stated that he understood and wished to proceed with the interview.

Officer Lee told me that he is 27 years old and is a patrol officer with the Boise Police Department. Prior two coming to work for the Boise Police, in 2018 he worked for the Twin Falls Police Department and in April of 2021 he was hired by Boise Police. His current assignment is as a Patrol Officer. [redacted]

On the night of the incident, he thought he arrived for work between 9 and 9:10pm. His designator was "39 tack 1." Although, his normal designator is 3916 (When he rides alone). That night he was operating a partner car, riding with Officer Breuninger. I asked if they were working his normal patrol area. He said he normally works "[redacted] but that night they were in "Bench 1" and said, "..But we kind of just float all over the Bench as a tack car."

This was not the first time he had worked that area. He said he was not on any medications that night and had not been on any medications in the last 24 hours. He had not consumed any alcohol that night. They were in vehicle unit #62. The only firearm he was carrying was his department issued Glock-17. His uniform of the day was his outer vest with a soft badge on the front and a police patch on the back and a shirt under the vest that had Boise Police patches on each sleeve.

I asked about his shift prior to the incident. He said they had taken routine calls, nothing out of the ordinary. The last call before the incident was a DUI arrest and they were at the jail when the call toned out. I asked Lee to recount what his involvement from beginning to end.

He said that he and Officer Breuninger were at the Jail on the DUI. Officers Pollard and Anderson were out with a subject, and they needed a No Contact Order picked up so they could serve it on that person. Breuninger had gone to records to get the paperwork but found out that it was being faxed from Twin Falls. He called Pollard and told him it might be a while they were waiting on the fax. A short time later the. "Man With a Gun call popped up."

Lee said he couldn't remember if it was toned out or if it just popped up on the MDT. He said, "The only thing I remember about looking at the call was that it said that there has been an officer shot or something to that effect, at St. Al's. It wasn't really clear to me, what had transcribed."

He said that they responded from the jail to the hospital. They were on a side radio channel. He said, "The report that we had was that the gunman was either in the ER or in the ambulance bay. Um, that was kind of the last information we had heard prior to going on scene from what I recall."

He said they arrived on scene at the same time as Pollard and Anderson. He said he exited his vehicle and drew his sidearm. He asked Anderson if he had a rifle. He remembered seeing Anderson opening his trunk and he saw Anderson grab his rifle. The four of them went toward the ER bay. He said that as they were walking up, he noticed that there was a van parked in the law enforcement parking area. He noticed that the doors were open, "..Just didn't look right. Looked like there was something had happened there." (This is not the same van in the ER bay).

He then said, "And there was something relayed about the gun was being pointed um, at the ER bay or something to that effect. I don't recall exactly what was said."

He said that as they got closer he saw, "..a private ambulance, like a smaller you know, transport type vehicle in one of the ambulance bays. And I can't remember if I saw it have broken glass or a gun shot in it but there was something about, I think it was broken glass that kind of drew my attention to, something had happened with that vehicle."

He couldn't remember if it was Pollard or Anderson, but they said that they saw what they thought was the gunman through the ER bay. He said Anderson was a couple of feet in front of him on the backside of the ambulance, "..and he fired his rifle twice from what I recall."

He said that after that a lot of other officers began arriving from varying agencies. He said that they tried to use the door code to get inside but the door was malfunctioning and wouldn't open. He said that since they couldn't get in they ended up breaking out one of the panes of glass in the doors and crawled through to gain entry into the ER.

He said once they got inside he noticed a "..kind of a smear of blood that was along the um, kind of the first entrance there, that was leading into that first trauma bay that was on the left."

Lee then said, "There's also a, what I believe was an IDOC employee um, that stated you know, I think that we had asked him, somebody asked him where the gunman went or whatever and he said that he had left. So, that was very confusing to me. Um, and then he said that that was one of his guys that was standing there. Which is what I presume, is what Officer Anderson shot at. ...I heard them have some sort of verbal communication with the people inside and realized that the person that was standing there, that had been shot at, had been taken into there."

From there they slowly cleared the remaining ER rooms for any further threats. Later they broke up into teams and continued clearing other areas of the hospital. Once they were done, he returned to his vehicle and he and Breuninger were tasked with holding the SW corner of the hospital until he got a call from Officer Gilliam who told him that he needed to come to the command post, he was being considered a witnessing officer. That was the extent of his involvement.

I asked if there were any commands or verbal communication between them and who they thought to be the suspect. He said, "I don't believe we provided any commands."

I told him that he said he and Breuninger arrived on scene around the same time as Pollard and Anderson, and he said he spoke with Gilliam by phone, who else did he remember being there? He said he remembered Lt. Wittmuss being there also. He thought it was just the five of them at the onset.

When asked what crimes he was aware of that had taken place he said, "Based on the comment of an officer being shot, the way that I perceived it, was more likely that a security officer was shot because that's, or there was an officer that had been transported that had been shot, something of that nature so, my mind was thinking aggravated battery type some, some sort of violent crime had occurred. Um, it, it was confusing. It wasn't super clear, um via dispatch what had actually transpired."

I asked if he was aware of anything like this happening at St. Al's before. He said no. I asked him to talk about how he was feeling and/or things that made him feel threatened as they entered the ambulance bay. He said, "Yeah, so my concern is, we were approaching that is, that, number one, we didn't know where the shooter exactly was. Um, my perception of this was that it was an active shooter in the ER. Um, so my concerns were, that's a very busy ER. We're in that ER a lot. There's a lot of staff. There's a lot of people in there getting treated. So, my concerns were, we have a lot of potential victims inside. Um, and then, I believe it was over the radio that there was information provided that somebody was pointing the gun out of the ER. Um, which was the direct line that we were coming up. So then my thought kind of shifted more to um, the safety of us, the officers outside, that we were at a disadvantage. We couldn't see where that gun was at or where that person was at. Um, and then that's when we located what was being called in. What I believe was being called in."

I asked if he was in fear for his life and/or the lives of others. He said yes. He confirmed that he heard two shots fired. He was right behind Anderson. He said, "..maybe three to six feet. So I saw Anderson shoot."

I asked what he was able to see from his vantage point in the ambulance bay to the ER. He said

prior to Anderson shooting, "..I never saw anything. I never had an angle into the ER. I was too far offset. Um, after the shooting, all I could really see was, well, the only person I actually saw was what I assumed was a staff member that came out probably like eighty yards, ninety yards down the hallway and I yelled at them to get out of the way."

He said he saw the broken glass and what he thought was blood "smeared" down the hallway. He remembered Pollard saying on the radio that the suspect had gone to the right, deeper into the hospital.

I confirmed by asking, you never saw that person with your own eyes? He said, "No."

He said he did not do anything deliberately or accidentally to alter the crime scene. On the topic of lighting, he said that once you're up in the ER bay there is plenty of good lighting. He said that he's looked out from inside of the ER before and you can clearly see out into the ER bay. He said, "So where we actually were when this event transpired, I believe is well lit."

He said from a weather standpoint, it was a clear night. He said he would call this a tense, rapid evolving event. He said his perception was that this was an active shooter situation at the hospital that had already shot a least one officer.

I asked if the person who they believed was the suspect could have given up or stopped the incident prior to force being used. (Anderson shooting). He said that it would be hard for him to answer this question because he never actually saw the person in question, so he didn't know what that person could see from their vantage point.

He recalled that when they arrived and he saw the glass on the ground and the doors open on the van, it validated to him that something bad had happened. He also explained that the van in the ambulance bay was parked at an angle facing away from the ER doors. So, the front of the van, (where he was), would be furthest from the ER doors and the back of the van, (where Anderson was), would be closest to the ER doors.

He said his radio designator that night was 39-T4. Prior to the holdover it was 23-23, (his normal designator). He wasn't on and had not consumed any medication in the last 24 hours. He said he was not under the influence of alcohol at the time of the incident and that night he was tacked up with Boise Police Officer Anderson. He thought they were in vehicle 404. Anderson was driving and he was riding in the front passenger seat.

He said on the night of the incident he was carrying his department issued Glock-17 side arm. His uniform of the day was the standard Boise Police patrol uniform. Blue cargo style pants with an external vest carrier that had a Boise Police badge on the right chest, his name on the left and Police on the back of the vest. The shirt underneath his vest also has Boise Police patches on each shoulder. He was wearing his Boise Police cap on his head and that has a Police badge on the front as well.

Officer Pollard said his shift that day, prior to the incident was "pretty normal." He had made one arrest and had already finished writing that report. Outside of that, the call load was "average."

His hold over was slightly outside of his normal patrol area. He normally works at "[redacted] and St. Al's is part of "Bench 3", but during his hold over time was in, "Bench 4."

I asked Pollard to tell me what happened, from the time the call started until the end. He said that he and Anderson had checked out on a "Bike Stop" at the intersection of Overland and Orchard Rd. with an individual who had a Protection Order that had not yet been served on him. they were waiting for other officers (Officer Lee and Officer Bruenger), to bring the order from records so he could be served. He said they had been waiting for about ten minutes when a tone alert came out.

He said he heard the tone come out. He checked his MDT to read the call. He saw that it read "Man With a Gun". He looked at the address (1055 N. Curtis). He knew this address to be the hospital. He said he told Anderson, "Hey if there's a man with a gun at the hospital, we probably should go to that. And we weren't very far away."

Pollard gave the man they were out with his I.D. back, got his current address and told the man that they would bring him the paperwork later. They got into their vehicle and "ran code" to the

hospital. They traveled north on Orchard to Emerald, west on Emerald to Curtis and turned north on Curtis to the hospital.

Pollard said while they were in route to the hospital, he was trying to read the updated call notes on his MDT. The first call notes her remembered reading was, "Man With A Gun at the hospital" and "Officers have been shot." He said, "..We're basically responding to what could be an active shooter at the hospital."

In route they continued to get updates via a side radio channel. As they arrived on scene and were getting out of the vehicle, they were told that, "..the man with the gun was inside the ER. Um, pointing his gun outside the doors towards the ambulance bay."

He said the information at the time was that officers had been shot, there was a man with a gun inside the ER and he was pointing the gun out the door toward where they were responding from. He said, "It was um, up until that point pretty, pretty clear that we were responding to some type of hostage slash, active shooter situation inside the hospital, inside the ER."

Pollard said he and Anderson arrived on scene first. Behind them was Officer Lee and Bruenger and Lt. Wittmuss. He said while they were rolling up, he asked Anderson if he had a rifle. Anderson did and retrieved it from the trunk of the car. Pollard said when they started approaching the ER bay, he noticed a white van in the bay in the law enforcement parking area that had all of its doors open. Pollard found this odd. He said he had never seen the van before. He remembered his first thought was that they needed to clear the van to make sure no one was in it. He said as soon as he had that thought, radio traffic came saying that the suspect was inside the ER with the gun pointed outside the ER doors. He relayed this information to the others to make sure everyone heard that.

His focus shifted from the van to the ER doors. Pollard was concerned that the suspect could be in the ER "..taking lives or taking hostages or whatever, we need to handle that situation first.."

They pushed up to the van in the ambulance bay, (his original memory was that it was a white truck with a camper shell but after reviewing his video he realized it was a small white van). He said they were using the van as cover to try and "get eyes through the doors" into the ER.

Pollard saw that Wittmuss had pushed up to the wall that the ER doors were on. Wittmuss was working his way along the wall up toward the doors. He and Anderson were working their way along the van toward the middle of the ER bay so they could see in the ER the doors. He thought he was too far away to take any shots with his side arm but Anderson, having a rifle was in play so he was communicating to Anderson what he was seeing and relaying information to other responding units. He was seeing movement inside the ER.

He said, "..The next thing that I witnessed was a subject matching the description which was given to us, was around a six foot tall male, light skin, um, dark beard, um, I witnessed him, if I'm looking at the doors, my right, um, he came around the corner um, clearly had the pistol in his hand. Um, that was obviously the first piece of information that I locked on to was, yep, he's got a gun in his hands um, he came around that corner and he appeared to be kind of just, it almost seemed like he was wondering. Um, it wasn't like a tactical response of movement. It was very nonchalant. Standing upright. The gun was pointed at, just in his hand. Kind of downward. And he came around that corner and looked outside the two glass doors towards the, towards the ambulance bays, from the interior of the hospital."

Pollard said when the subject looked out the doors, he could see the right side of his body. (The gun was in the subject's right hand). Pollard said he called out, "Hey, there he is. He's got the gun in his hand um, and very quickly after that I heard two, two rounds come from my right um, based on the percussion and, and all that stuff I, I had um, I didn't see Wayne shoot, but I believed that Wayne had fired those two rounds."

Pollard said that as soon as Anderson shot his rounds, he saw the subject "retreat" back into the hospital. He said the glass in the doors shattered from the gunshots. He said when the subject disappeared, multiple other officers from behind him began closing in on the doorway. They pushed up to the door and Wittmuss was breaking the glass the rest of the way out with his baton so they could make entry because the doors were not opening. Pollard said he was trying to cover Wittmuss while he was breaking the glass out. Pollard then went back to the car to get a shield. By the time he got back, a couple of officers had already gone through the lower portion of the door. He slid the shield through to them and he told them that he saw the subject go to the right.

Pollard then said, "..And I recall when Wayne made those two shots, it didn't seem like the

suspect was like, hit by a high powered rifle. It was like a, oh, I'm gonna get out of here type of, type of reaction. So, in my mind we absolutely still have an active threat now moving deeper into the hospital."

He said that after he passed the shield off, he and a Garden City officer ran through the ambulance bay to another doorway. He said his thinking was that if officers were making entry from the bay doors, he wanted to enter from another vantage point to attempt the contain the suspect to the ER area. He remembered seeing a hospital employee walking down the hallway through the doors, walking as if she didn't know what was going on. He waved her over and told her that there was an active shooter and asked for her door pass. She gave it to him, and he and the Garden City Officer decided to hold the hall way for now. He said he was hearing updates on the radio that officers were clearing the ER.

He remembered someone saying, "..he went into pod 4. So, I didn't know where Pod 4 is." Then he heard that "..the suspect was gone."

This didn't make sense to him because he knew when Anderson took the shots, the suspect retreated back into the hospital. He relayed on the radio that he saw the suspect retreat back into the ER area. "..Like, he matched the description. Six-foot, six-one. male, light skin, facial hair, he had a pistol. One-hundred percent. So, I gave that information out. At that time, I didn't know that the officers inside the ER were gathering information that the suspect that was holding the pistol, that retreated, was actually an IDOC officer. ...So, um, there was a lot of confusion going on with that.."

He said once they figured out it was an IDOC officer, he told the Garden City Officer and another unknown (to him, possibly Meridian PD) to hold the hallway and he was going to go clarify what was going on "in person" with the officers inside the ER. He went back through the Ambulance Bay, to the doors that the glass had been broken out of and he talked to Officer Gilliam and Gilliam told him that it sounded like the guy who was shot who was holding the gun was an IDOC officer. He thought if that was the case, then the suspects could be gone so for now they were in a holding pattern until they got more information.

From there he started taping off the crime scene until he got a call from Gilliam who asked him to come to incident command.

I asked if while they were at the van in the ER bay if they gave any verbal commands or had any communication with the person, they assumed was the suspect at the time. He said no. He said there are two sliding glass doors leading into the ER and they were both closed at the time.

Other officers he remembered being there were, Lee, Gilliam, Bruenger, Wittmuss, the Garden City officer and the other unknown to him, officer. Later, a lot of other officers arrived.

I asked him while in route to the hospital, what crimes had been committed by the suspects that he was aware of. He said, "Um, the information that someone had been shot um, at the minimum of, aggravated battery with a firearm. Um, as well as the possible information of an active shooting inside of the hospital."

I asked if anything like this had happened before that he was aware of. He said a few months ago they got an officer safety bulletin about a person who worked in St. Al's who had a mass shooting planned for St Al's. The subject had weapons and ammo stocked with a plan. He knew this subject had been placed on a mental hold at one point.

I asked if this came to his mind when they were responding. He said yes. I asked how he felt when he got on scene. He said, "Immediately my, my thought was um, the unknown of what was occurring inside that ER and the threat that that individual posed to nurses, doctors, others, patents, um all the innocents that exist inside an ER room. Um, that was the immediate threat that basically, he was in there with him, and we were not. We were excluded from that scene um, so he can, he has the ability to cause a lot of damage in a very short amount of time if he's in there with all those innocents. So, the immediate threat was for them and then of course, um with the update that he's pointing his gun outside the doors towards the ambulance bay, the next thought I had was, he's preparing for us to arrive um, in a preparation to shoot it out with us if he needs to. So, the next threat was not only the people inside but officers responding."

He was also concerned that the hospital was so massive that there were probably others inside that didn't even know what was happening. He knew going in that people had already been shot. I asked how many shots he hard officer Anderson fire. He said, "Two."

I asked if he did anything deliberately or accidentally to alter the crime scene. He said no.

I asked about lighting in the ambulance bay. He said it was "very well lit. ...Additionally, inside the ER is very well lit. So um, I would say in those two areas there's a lot of light."

He said there were no issues with being able to see what was going on. He agreed that it was rapidly evolving scene, tense with a lot of unknowns. He agreed that the person they saw holding the gun through the glass doors matched the description they were given in route to the call of the bad guy at the hospital who was shooting people.

He said that if the suspect saw them out in the bay, he could have maybe stopped it before officer Anderson shot but he (Pollard), couldn't speak to what he did or didn't see.

Detective Krueger asked if dispatch provided a clothing description of the suspect when they were in route. He said no but, he remembered it was six-foot, light skin, dark beard. He was asked how far it was from the van they were using for cover in the ambulance bay to the ER doors. He said about fifteen yards. He explained the ER bay has two sets of doors, exterior and exterior. They are about two or three paces apart. They are aluminum framed and the doors slide open and closed. The door frames are split into four transparent glass quadrants, two upper and two lower. The doors are approximately seven feet tall.

Detective Krueger asked if he saw any markings or patterns on the clothing of the individual holding the gun in the ER doorway. He said, "No. I just recall it being like a neutral color..."

Chad Johnson confirmed with Pollard that the IDOC van in the ambulance bay did not have any markings identifying it as a law enforcement vehicle.

We concluded our interview.

Narrative

SUPPLEMENTAL:

On Wednesday, March 20, 2024, at approximately 0338 hours, I was activated as an investigator for the Ada County Critical Incident Task Force (CITF). Per Detective Sergeant Weires, I was tasked with responding to the scene of an officer-involved shooting, which occurred at the St. Alphonsus Regional Medical Center (1055 N. Curtis Rd., in Boise).

My previous supplement explained the nature of the known information about the incident, Skylar Meade, and his escape, which was facilitated by his accomplice, Nicholas Umphenour. As such, I will not restate it here. Again, during the initial phase of my portion of this investigation, I was paired with BPD Detective Jagosh, to conduct interviews with witnesses and involved IDOC personnel.

This supplement will focus on the St. Al's staff and their accounts. It should be noted, these are synopses of our recorded conversations. They contain information, which is relevant to this investigation, but are neither intended nor put forth as complete transcriptions. See attached digital files for complete audio.

Please also note that, though none of the people interviewed knew Nicholas, he was later identified, by BPD, as the man who shot Elijah and Dan. As such, and for clarity, I will refer to him by name, as appropriate.

Also, the people interviewed for this supplement were spoken to in a family consultation room, which was located at the south side of the ED. No other parties were in the room, aside from Detective Jagosh and me, and the door was closed, for privacy.

Per St. Al's policy, ED patients' real names aren't used for their stay, for their safety. Rather, they're given false names, which can be anything from animal monikers, to alternate 'Doe' pseudonyms. As such, the locations of treatment given for Dan, Elijah, and Chris in this supplement have come from our interviews with ED staff – as they didn't know IDOC officers' real names.

[redacted]

At the outset of our conversation, Detective Jagosh collected [redacted] information and confirmed that she was the ED Charge Nurse on duty, at the time of the incident.

When he asked if she could explain what happened, [redacted] began by talking about how Skylar was an IDOC trauma patient, in Exam Room 12. She said he was brought in that night, and was in the process of being discharged, just before the incident. [redacted] said she was in the 'pit' area of the ED (front desk /

workstation area), talking to staff, during that time. Though she didn't see Skylar leave, [redacted] said she heard someone say something to the effect of, "The prisoner is coming back," apparently in an excited tone.

At that, [redacted] said she began to run to the front of the ED, towards the ambulance bay entrance. As she did, [redacted] saw Chris and Dan come in the door – Dan yelled that he'd been shot. Hearing that, [redacted] said she ordered her staff to get down, and she hid behind a desk, at the front (north side) of the 'pit' area. After making sure her staff had whatever cover/concealment they could find, [redacted] said she and some of the staff members moved from their positions, got an exam bed, and pulled Dan away from the entrance, putting him on the bed, taking him to Trauma Bay 2 after that.

It should be noted that Trauma Bay 1 and Trauma Bay 2 are two halves of a large room, which is used for trauma assessment and initial treatment. Trauma Bay 1 is on the eastern half of the space and is directly adjacent to the west side of the ED entrance. Trauma Bay 2 is at the west side of the room. Directly to the west of Trauma Bay 2 is a space called the Resuscitation Bay. It's a third patient treatment area, which is connected to Trauma Bay 2 by a door and short hallway. That space is often used as a third trauma treatment bay.

While working on Dan in the trauma bay, [redacted] said she and ED staff heard gunshots, shortly before Elijah was brought to Trauma Bay 1. [redacted] said she didn't see Elijah get shot, or any of the incident, because she was either inside the ED or the trauma bay. As ED staff worked on Dan and Elijah, [redacted] said they heard more gunshots, shortly before Chris entered the trauma bay, before being taken to the Resuscitation Bay. When she saw him, [redacted] said it looked as though Chris had been shot in the eye.

[redacted] said that she and ED staff continued to work on all three men, hearing more gunfire, until BPD officers arrived and took control of the area. [redacted] said that she and at least one other member of ED staff called 911, during that time – adding that she was still speaking with dispatch when officers entered the trauma bay.

When asked, [redacted] said the men who came into the trauma bay were (IDOC) corrections officers, so they were wearing khaki pants, black shirts, and she believed had soft body armor on. She explained that one of the men had a wound on his right arm and abdomen (Elijah), and that all of the men were still wearing their uniforms (as she described them) when they came to the trauma bay.

[redacted] gave the following names as people who were in the trauma / resuscitation bays with her, providing treatment to the wounded IDOC officers: [redacted] (unknown last), [redacted], and "essentially, the whole staff here." When Detective Jagosh asked if they also saw/heard what happened, [redacted] said that [redacted] would be a good witness, but the remaining personnel likely wouldn't know much, as they were in the trauma rooms, and couldn't see anything. See additional information for further on other witnesses.

After confirming that Skylar had been treated and discharged, Detective Jagosh asked about another IDOC inmate who was said to have arrived at the ED that night. [redacted] said there was another inmate in Exam Room 15 (later identified as [redacted] – IDOC number [redacted] but the two appeared to be unrelated. It should be noted that I later confirmed [redacted] arrival wasn't related to this incident, after I'd spoken to his transport officers Edwards and McGauley – see my previous supplement.

At that point, I confirmed that she and staff treated Dan, Elijah, and Chris. According to her, one of the men had injuries to his shoulder and knee (Dan), one had injuries to his right arm and abdomen (Elijah), and one had an injury to his eye (Chris). [redacted] added that she wasn't entirely sure about Dan's injuries, as she didn't help treat him.

When I asked, [redacted] said she didn't have the name of the other IDOC inmate ([redacted] who was brought to the ED. Again, I was able to later confirm his presence was unrelated to Skylar's escape. At that, [redacted] had no further information, so Detective Jagosh retrieved [redacted] and brought him into the room.

[redacted]

After collecting [redacted] information and confirming he was an ED Technician on duty at the time of the incident, Detective Jagosh asked if he could explain what happened.

[redacted] said he remembered seeing Skylar leave the Ed with Chris, Dan, and Elijah. As they left, [redacted] went into Exam Room 12 (where Skylar had been), to clean and prepare it for subsequent patients. A short time later, he heard gunshots. [redacted] explained that he initially doubted what he'd heard, saying to himself it wasn't possible and had to be something else.

As he walked out of Exam Room 12, [redacted] said he saw Chris and Dan at the ED entrance. Dan was lying on the ground outside the ED entrance (he said it looked like they were in the parking stall area of the ambulance bay) and Chris standing next to him, with his gun drawn. As he watched, Chris took Dan by his vest (soft body armor) and pulled him to the ED doors. [redacted] noted that he didn't see Chris fire his gun.

When they got to the ED entrance, Chris pounded on the glass door, so [redacted] opened it, allowing Chris to drag Dan into the ED. When he did that, [redacted] said that Chris told him something about someone "popping off rounds" (i.e., shooting) in the parking lot. [redacted] said, at that point, he thought perhaps Skylar had been killed by IDOC officers.

Once Dan was inside, ED staff cleared the entrance and took positions of cover/concealment. Though he didn't know exactly how Dan was taken to Trauma Bay 2, [redacted] knew he was taken there, and staff began tending to him. After ensuring that Dan was taken for treatment, Chris returned to the ED

entrance.

Speaking of Chris, [redacted] said he didn't see him get shot, as he was still in Trauma Bay 1; but did see him a short while later (after he'd been injured), as he was directed to the Resuscitation Bay.

When asked, [redacted] said he thought all three IDOC officers were wearing soft body armor (black), with tan pants, and tan boots. He noted that Dan's vest was difficult to remove, so he ended up cutting it, and Dan's clothes, prior to his treatment. [redacted] also noted he wasn't involved in Skylar's treatment, and only began to clean his exam room, just prior to the incident.

After Detective Jagosh paraphrased [redacted] statement and ensured his understanding was correct, I asked if [redacted] saw anything beyond or around Chris and Dan, when they were in the ambulance bay. [redacted] said all he remembered seeing was Chris holding his gun up, as he dragged Dan to the ED. [redacted] also said he didn't remember if Chris' face had been injured at the time he dragged Dan into the ED, or if that occurred after. He was fixated on Dan, as he appeared to be the more serious patient.

When asked, [redacted] said that Chris was ultimately taken to the Resuscitation Bay, and that Dan went to Trauma Bay 2 (west side of the larger trauma room). At that, as he had no further details to share, Detective Jagosh escorted [redacted] outside, and brought [redacted] into the room.

[redacted]

After Detective Jagosh came back into the room with [redacted] he collected her information and confirmed she was a nurse on duty at the time of the incident. As he received a case-related text message, which he needed to respond to, I asked [redacted] if she could describe the layout of the ED trauma rooms. She confirmed the two trauma rooms were directly to the west of the entrance, with the additional bay (resuscitation/trauma) adjoined them, directly to the west – as described above.

After he'd finished dealing with his message, Detective Jagosh asked [redacted] if she could explain what happened. She said that she was in Exam Room 15 (with inmate [redacted] when she heard a commotion in the central ED area, which she noted wasn't necessarily uncommon. However, a few moments later, one of the IDOC officers (presumably Jacob, as he stayed near the room) said there had been a shooting.

At that, [redacted] said she discarded what she had in her hands and went towards the ED entrance. When she got to the main hall, [redacted] said she was met by [redacted] who told her that someone was shooting outside. As she continued down the hallway, [redacted] saw several people by the front entrance, whom she said were huddled behind the wall, directly west of the ED entrance (in front of the trauma bay). Seeing that, [redacted] said she also got down low, hiding being the unit clerk's desk, near where

she'd put her cell phone. At that point, [redacted] said she used it to call 911, which she said another staff member was also doing.

A few moments later, [redacted] said she heard someone yelling "Get him in. Get him in." Taking that to mean that someone had been shot and needed help, [redacted] said she ran around the center 'pit' area, into the trauma bay, to help treat the patient (Dan). Describing that, [redacted] said Dan was taken to Trauma Bay 2. It should be noted that she drew a sketch of the area and her pathway on my notepad, which I've redrawn (for clarity) and attached to this supplement.

After confirming that she never saw outside, [redacted] explained to me the sketch she'd drawn. She continued and told me that, by the time she got to the trauma room, other ED staff was pulling Dan onto a bed, which they brought into Trauma Bay 2. With him in the bay, [redacted] said she stayed there, to help provide treatment. She also noted that it wasn't long before Elijah was brought into Trauma Bay 1 – saying it felt as though it was effectively "back-to-back." She confirmed that both patients were IDOC officers (with their associated uniforms), saying at least one (Dan) had soft body armor on, because she remembered having a difficult time getting it off.

At that point, [redacted] said it would likely benefit us to speak with ED staff members [redacted] [redacted] and [redacted] (unknown last). It should be noted I was later told that BPD Detective Shoffner had spoken with them – see additional information. [redacted] also said she believed another staff member, [redacted] (unknown last), had seen one of the IDOC officers get shot, and would be worth talking to.

Going back to her actions, [redacted] said she helped start an intravenous line for one of the wounded officers (Dan), when she saw the third (Chris) walk into the Resuscitation Bay, holding his duty pistol in his right hand. Worried for the safety of everyone in the bays, [redacted] said she told [redacted] to take Chris' gun. [redacted] did so, before escorting Chris to the adjoining Resuscitation Bay. [redacted] said that, before taking Chris to the other room, [redacted] unloaded his weapon and placed it on a counter in the trauma bay – adding that she didn't believe that anyone had touched since.

[redacted] noted that, after Elijah had been brought into the trauma bay, ED staff heard loud noises, which she thought might have been gunshots and someone trying to break the ED doors. Fearing the shooter had gotten inside the ED, [redacted] told her staff to barricade the trauma bay doors. She also noted that it appeared BPD responded very quickly.

When Detective Jagosh asked, [redacted] said she was doing okay, but was a bit shaken, at the totality of what had occurred. She also said that Skylar "was a kook, from the beginning," saying the story he told didn't make any sense. [redacted] specifically noted that Skylar said he swallowed razor blades and had a cut on the back of his hand, which in her experience wasn't consistent with someone engaging in self-harm. She also noted how Skylar ultimately said he hadn't swallowed razors, but instead had taken pills (which again, she thought was incongruous) and was antsy during his entire time in the ED. After piecing

together what she knew, [redacted] said she believed Skylar's escape was planned.

While she said she was assigned to the Pod 2 area of the ED, which Skylar was sent to when he was in Exam Room 12, but she wasn't assigned specifically to his room or his care. Rather, [redacted] assisted with him in the trauma bay before he was moved to the exam room. Again, [redacted] noted that Skylar changed his story from swallowing razors to pills, and when he was asked what kind of pills he ingested, said he didn't know, appearing to be unconcerned with the issue. [redacted] also confirmed that, even though ED staff wanted to run one more test on Skylar (regarding his toxicology), he refused and signed out against medical advice.

When asked, [redacted] said she wasn't sure when Skylar left the scene, but remembered Chris saying that Skylar escaped, after someone approached and began shooting at them. [redacted] also said that she didn't see Skylar make any phone calls, while at the ED, and noted that Dr. [redacted] was assigned to Skylar, while he was there.

After thanking [redacted] for her time, Detective Jagosh escorted her back to the main ED, and returned with [redacted] [redacted]

[redacted] -[redacted]

[redacted] said he was a little shaken up but was okay to speak with us. At that, he explained that when the incident unfolded, he was working as a nurse in the ED, in Exam Room 16, at the time of the incident.

Having heard a commotion and some yelling (he said he didn't hear any gunshots) that was unusual for the ED, [redacted] said that he and his fellow nurse looked at each other, quizzically, wondering what was happening. A short time later, [redacted] heard an ED radio transmission (he carries a small handheld device) that requested all available staff to the trauma bay.

When he got there, [redacted] said there were already two patients being treated (Dan and Elijah). [redacted] said he went to the patient on the right (Elijah). As he helped provide treatment, [redacted] said he saw Chris walk into the bay. He described Chris as having a head wound (actively bleeding from his head), seeming to be somewhat delusional, and being generally unfit to be carrying his sidearm. He also noted that Chris also said he'd been shot.

[redacted] recognized Chris from earlier in the night and seeing the gun in his right hand (pointed at the floor), became nervous for the safety of all parties. At that, he went to Chris, took the pistol, and unloaded it – saying he removed the magazine and locked the slide open, collecting the chambered round. [redacted] said he put the gun, magazine, and loose round on a countertop in the trauma bay, that he felt wouldn't be used, before returning to patient work. [redacted] said he believed it was a deputy sheriff that he ultimately told about the firearm (possibly Deputy McKone, who was on scene at that point,

assisting BPD).

When asked, [redacted] said he didn't see any of the incident as it occurred outside. He wasn't in the open ED area, where he could see, but was rather in the back (south) portion, where he was somewhat sheltered from the sound and sights – noting again that he didn't see anyone being dragged in and, by the time he went around the back of the ED to the trauma bays, both Dan and Elijah were already being treated.

[redacted] also noted that, while working in the trauma bay, he didn't hear Elijah or Dan say anything specifically about the incident as they were in a lot of pain. He said he heard loud noises from outside, but couldn't tell if it was police banging on doors or what specifically was going on, as the sounds were muffled.

After confirming that we had no further questions for [redacted] and that he didn't have anything else to add, Detective Jagosh escorted him from the room and returned with Dr. [redacted] an on-duty physician at the ED.

[redacted]

It should be noted that, after Detective Jagosh and I finished talking with Dr. [redacted] I noticed that my digital recorder didn't activate. As such, I don't have an audio recording of our conversation. However, as I also took notes, I will relay his general statement from the information contained therein.

Essentially, Dr. [redacted] spoke about how Skylar was brought to the ED, with complaints of having swallowed razor blades and/or medication, in an apparent attempt at self-harm. After his initial assessment, Skylar was taken to Exam Room 12, as medical imaging determined he hadn't swallowed any razor blades. Dr. [redacted] also conveyed that, at some point during his stay, Skylar became uncooperative and refused any further treatment, signing discharge forms against medical advice.

Dr. [redacted] said that, shortly after Skylar was discharged and was escorted to the IDOC van, he heard shouting as Chris dragged Dan back into the ED. As Dan had been shot, he was taken into Trauma Bay 2. He also said that either Chris or Dan said something about there having been a shooting in the parking lot.

From that point on, Dr. [redacted] assisted in care efforts for the wounded IDOC officers; ultimately treating Chris, in the Resuscitation Bay. Dr. [redacted] did note that, while Elijah was still outside, he heard what he thought sounded like three gunshots, in the ambulance bay area. He also spoke about how, when a BPD officer entered the Resuscitation Bay, he asked about where the shooter was – presumably because it was still thought that someone might be loose in the hospital, at that point.

When I asked, Dr. [redacted] said he believed one of the IDOC officers was shot in the left shoulder and left buttocks (with an exit point near his left knee – Dan); one was shot in the abdomen (Elijah), and said that Chris had small shrapnel wounds to his abdomen, and bullet injuries to his forehead and nasal bridge.

After confirming he didn't have any questions or additional details, Detective Jagosh escorted Dr. [redacted] from the room and returned with Dr. [redacted] the ED physician who treated Skylar.

[redacted]

As he was the person who oversaw Skylar's treatment, Detective Jagosh asked Dr. [redacted] if he could explain what happened, from the point at which Skylar arrived at the ED.

Dr. [redacted] said that Skylar was called in as a priority one trauma (high level), because of the report stating that he'd cut himself, swallowed razor blades, and had presented with low blood pressure and a high heart rate, to EMS (when they assessed him at 'Max'). Dr. [redacted] also noted that Skylar behaved in a manner which he described as "borderline psychotic" during his time at the ED.

During the initial assessment, x-rays were taken of Skylar's abdomen, which showed no foreign bodies in his digestive tract – ruling out that portion of his story. As he continued to complain of abdominal pain, Skylar was given a standard chest, abdominal, pelvis assessment, which didn't show any area of specific injury. Dr. [redacted] said the only issue that Skylar had was an apparently self-inflicted cut, on the top of his left hand.

As he treated Skylar, Dr. [redacted] noted that his story didn't make sense. He said it was essentially a back-and-forth between different versions of a single story, none of which appeared to be congruous with his injuries or reasons for them. Dr. [redacted] said that during Skylar's entire time at the ED, he appeared to want to leave. However, as Skylar said he'd taken another inmate's medication, a general toxicology test was run, which showed elevated levels of aspirin in Skylar's blood.

As such, the recommendation was for Skylar to stay longer, to run follow-up tests, which would determine if the aspirin levels in his system were trending up or down. That apparently upset Skylar, who still wanted to leave. After being able to talk him into staying for the second test, Dr. [redacted] said Skylar refused the third, ultimately signing himself out, against medical advice.

When he was discharged, Dr. [redacted] said that Skylar and his transport officers made their way out of the ED, to the ambulance bay. After being outside for what he guesstimated was perhaps 20 seconds or so, Chris came back into the ED entrance, yelling for help. Initially, Dr. [redacted] thought that perhaps IDOC officers had tased Skylar, and that was who Chris was dragging back inside. However, as he walked around to the entrance, Dr. [redacted] noticed it was actually Dan – and saw his blood on the floor.

At point, Dan began to yell that he'd been shot, so Dr. [redacted] and other ED staff put him on a gurney, and moved him to Trauma Bay 2, for treatment. Though Dr. [redacted] didn't see how he made it back into the ED, Elijah came into Trauma Bay 1 shortly thereafter, for treatment of his gunshot wounds.

At some point after that, Dr. [redacted] noted that Chris came into the trauma bay, saying he'd been shot in the head and had blood running down his forehead. Since he was busy with Dan and Elijah, Dr. [redacted] had Chris taken to the Resuscitation Bay, where Dr. [redacted] provided his treatment.

Asking again about Skylar's demeanor, Detective Jagosh wanted to confirm that he didn't seem to want to stay at the ED. Dr. [redacted] confirmed that, saying again that Skylar wanted to leave and didn't want treatment. Based on hindsight, Dr. [redacted] said he felt Skylar likely used his self-inflicted wounds as a pretext to be transported, having knowledge that something was going to happen (i.e., an escape attempt) when he was released. Essentially, Dr. [redacted] alluded to piecing together that Skylar likely planned his own escape, using Nicholas to facilitate it.

When asked, Dr. [redacted] said he didn't remember hearing any gunshots, when he was in the trauma bay. He also confirmed that the IDOC officers were wearing black collared shirts, tan tactical pants, and he believed they all had soft body armor, with one of them wearing a black IDOC hat. Dr. [redacted] said that he believed Chris was wearing the same uniform, though he wasn't sure if there were patches on the shoulders of officers' shirts.

Dr. [redacted] also said that he didn't remember any specific comments that the IDOC officers made about being ambushed but felt as though he'd heard something to that effect, at some point in the chaos. He did note that both Dan and Elijah asked if Skylar had escaped, and all three officers were concerned with each other's well-being. Recounting again, Dr. [redacted] said he believed that, when Chris dragged Dan into the ED, Chris may have said something to the effect of "They were waiting for us."

At that point, Detective Jagosh asked if Dr. [redacted] could think of anything, which would be important for us to know, that he hadn't been asked. Dr. [redacted] explained that, once Skylar escaped, he remained in the trauma bay, after Dan was taken there. As such, said he wasn't certain about anything that occurred after that.

Dr. [redacted] also confirmed the only injury/issue that could be proven with Skylar was the cut on his left hand. He said the aspirin levels were slightly elevated, but still within normal range, and it was only because of his statements about having swallowed medication that they ordered additional testing – to determine if the levels were trending up or down. Dr. [redacted] noted that the follow-up test showed the level was trending downward, indicated that Skylar hadn't taken a toxic dose.

While Dr. [redacted] couldn't remember any specifically odd comments Skylar made, he said it felt as

though his intent appeared to be making everyone around him uncomfortable. However, he added that Skylar's baseline behavior was also odd, so perhaps it wasn't intentional.

At that point, I asked Dr. [redacted] if he remembered when BPD officers showed up, in the sequence of events. He said it likely wasn't more than 10 minutes, after the incident began. Again, as he was in the trauma bay, he said he couldn't give an accurate answer as to exactly when they arrived, and what happened at that time. Though, he noted they came inside the ED very quickly after Chris had been injured. He said that, while the nurses were holding the doors closed, he saw a BPD officer come into the trauma bay, through the Resuscitation Bay.

After explaining the general layout of the trauma/resuscitation bay layout and explaining again where the BPD officer entered, Dr. [redacted] drew a quick sketch of the area. I redrew the sketch, for clarity, and have attached it to this supplement.

After showing him video of the attack, which he had on his phone, Detective Jagosh thanked Dr. [redacted] for his time and ended our conversation.

[redacted]:

After Detective Jagosh left the ED, to pursue other investigative action, I was approached by [redacted] the St. Al's Hospital Supervisor. Essentially, [redacted] position is to handle staffing issues and deal with all manner of other problems which arise during any given shift. [redacted] explained that he'd been told he needed to speak with police, as he witnessed part of the incident. As such, I escorted [redacted] to the family exam room (where Detective Jagosh and I spoke with other ED staff), so we could talk.

When I asked, [redacted] said he was in his office, on the fourth floor of the hospital, when the shooting occurred. As his office faces north and sits directly the ambulance bay (facing north), [redacted] heard a short series of loud noises, which he thought were odd, noting he'd never heard anything like that at the hospital before.

Shortly after that, [redacted] was contacted by ED staff, who said there'd been a shooting, in the ambulance bay. He was also told that patients had been taken into the trauma bay, so he responded to the ED. Once there, [redacted] said he helped with Dan's and Elijah's treatment, though he wasn't involved with Chris. After some time, [redacted] said they were able to get one of the IDOC officers off to surgery (likely Elijah, because of his wounds), and the other to medical imaging (presumably Dan).

At some point after that, when BPD officers entered the ED, they asked [redacted] to check in with other department charge nurses, to ensure their respective units were secure and no other issues were occurring. After confirming all was well in the other areas, [redacted] said he remained in the ED for some

time, supporting staff and their efforts.

Circling back, I confirmed the location of [redacted] office and asked about the noises he heard. He described them as being loud pops. When he thought about it, [redacted] said he believed he heard three or four from his office; and possibly another three or four more, when he was in the ED; though, he said those were guesstimates. He also described the popping sounds as coming in rapid succession and initially thinking to himself that it sounded like gunfire, but said he also thought that would be ridiculous.

At that point, I asked what [redacted] remembered when he was in the trauma bay. He said that one IDOC officer was shot in the abdomen (Elijah), and the other was hit in the shoulder and buttock (Dan). [redacted] also remembered hearing the neurosurgeon say that Chris was okay (i.e., didn't have serious or life-threatening injuries), when he came back to the ED later, to check on things. He also noted that Chris walked himself into the trauma bay, after being struck.

When I asked, [redacted] said he believed he heard a series of gunshots just before Chris walked into the trauma bay (he guessed about 30 seconds), but nothing afterwards. After Chris was placed in the Resuscitation Bay, [redacted] returned to the trauma bay, where a nurse handed him a phone; saying she'd called 911 and wanted him to talk to the dispatcher. [redacted] said he simply asked the dispatcher if anyone had reported and officer-involved shooting at their location. After dispatch confirmed they'd received calls about the incident, [redacted] hung up the phone – adding that BPD officers, with rifles, entered the ED almost immediately.

[redacted] said he wasn't sure what BPD officers did at that point because he was helping the trauma surgeon. However, he did note that, when (presumably Elijah) was ready to go surgery, BPD officers escorted him there. [redacted] said he also saw BPD officers posted at the ED access points, ensuring it was locked down and staff was safe.

When I asked, [redacted] said he didn't believe that Dan or Chris went to surgery, at that point. He spoke again about how the neurosurgeon said Chris was fine (not seriously injured), but didn't hear anything further about Dan, at that point. [redacted] also said that though he was initially confused about how Skylar could have gotten a gun, security staff cleared up his misconception, when they showed him surveillance footage of the shooting.

At the end of our conversation, [redacted] explained that hospital administration intended to reopen the ED at approximate 0730 or 0800 hours. After briefly explaining the two parallel investigations being undertaken, I told [redacted] that we'd release the scene as soon as we could properly complete our required investigative tasks. After a few moments of small talk, I thanked [redacted] for his time and ended our conversation.

ADDITIONAL INFORMATION:

Since interviewing the above St. Alphonsus staff members, I was contacted by Detective Jagosh, who explained that he'd since been made aware of several more persons with knowledge, who would need to be interviewed. On April 02, I requested the list from Detective Jagosh, to compare it against who had already been spoken with. When I received it, the list contained the names of 16 additional St. Alphonsus ED staff members, and 4 security personnel.

As such, and due to the initial timeline of this investigation, those interviews have not been completed at the time of this supplement. Coordination efforts are underway to speak with all persons on the list and when that is facilitated, I will supplement this report appropriately.

No further.

Narrative

SUPPLEMENTAL:

On Wednesday, March 20, 2024, at approximately 0338 hours, I was activated as an investigator for the Ada County Critical Incident Task Force (CITF). Per Detective Sergeant Weires, I was tasked with responding to the scene of an officer-involved shooting, which occurred at the St. Alphonsus Regional Medical Center (1055 N. Curtis Rd., in Boise).

Per initial information Detective Sergeant Weires conveyed, an inmate from the Idaho Department of Corrections (IDOC), later identified as Skylar Meade, was being treated at the St. Al's Emergency Department (ED), for an unknown reason. Upon his discharge, an unknown man, later identified as Nicholas Umphenour, approached Skylar and the three IDOC corrections officers who were escorting him, and opened fire. IDOC officers had be shot during the encounter and Skylar escaped – both men were still at large. It was also conveyed that an officer from the Boise Police Department (BPD) was believed to have shot one of the IDOC officers, in the confusion, following the escape.

Skylar Meade is an inmate at IDOC's Idaho Maximum Security Institution (IMSI), commonly referred to simply as "Max," and is located at 13400 S. Pleasant Valley Rd., in Kuna. Skylar was serving concurrent sentences for Possession of a Controlled Substance (IC 37-2732(c)(1)), Assault on a Correctional Officer (IC 18-901), and Unlawful Possession of a Firearm by a Convicted Felon (IC 18-3316(1)). The sentences for those convictions imposed a term of confinement of 20 years fixed, with 10 years indeterminate. As that cumulative sentence was imposed on February 01, 2017, Skylar would not be eligible for parole until early 2037. Skylar was also known to be a person of some rank in the Aryan Knights prison gang and was regarded as a notably dangerous person.

As such, I readied myself and joined Detective Sergeant Weires and other members of the CITF at St. Al's, to receive assignments for the investigation. Once there, Detective Sergeant Weires paired me with BPD Detective Jagosh, to conduct interviews with witnesses and involved IDOC personnel.

It should be noted that, aside from Officer Christopher Wilske (who was specifically involved in the CITF portion of this incident), Detective Jagosh was the lead interviewer, per his focus on the criminal investigation of Skylar's escape, and apprehension efforts. For my part, I recorded the interviews and asked and clarifying / follow-up questions, which might be pertinent to this investigation. As such, I led the interview with Officer Wilske.

This supplement will focus on the IDOC employees and their accounts. A subsequent supplement will deal with our interviews with statements from St. Al's staff members who witnessed the incident.

It should be noted, this is a synopsis of our recorded conversations. They contain information, which is relevant to this investigation, but are neither intended nor put forth as complete transcriptions. See attached digital files for complete audio.

Please also note that, though none of the people interviewed knew Nicholas, he was later identified, by BPD, as the man who shot them. As such, and for clarity, I will refer to him as such, in this supplement.

At the outset of our conversation, Detective Jagosh ensured that we could talk with Elijah alone and that he was comfortable speaking with us. It should be noted that Elijah is a corrections officer for IDOC, and works at their “Max” facility, where Skylar was incarcerated.

After that, Detective Jagosh introduced us, explained the focus of our respective investigations, and collected Elijah’s personal information. Elijah agreed to speak with us, so Detective Jagosh asked if he would walk us through the incident, as he remembered it.

Elijah began by explaining that around 2035 hours (March 19), while he was on duty, he heard radio traffic saying blood was visible on the window of Skylar’s cell, and that he may have been covered in his bunk. When officers responded, there was more blood found in the cell. When officers entered, Elijah said that he saw a sizeable cut on one of Skylar’s hands, and said Skylar also told officers that he’d swallowed two razor blades, and taken heart medication, which he’d possibly gotten from another inmate. His comments, his wound, and the blood in his cell appeared to suggest that Skylar had made an attempt at self-harm.

Continuing, Elijah said that, after ED staff had shown that he hadn’t swallowed any razor blades, Skylar’s demeanor changed, and he became focused on leaving the hospital. At his insistence, Skylar was ultimately provided with a discharge waiver, which he signed against medical advice. Elijah said Skylar was restrained (he later confirmed with belly and ankle chains; both double-locked) and walked out to the IDOC van. Elijah was accompanied by fellow IDOC officers Dan Lopez and Corporal Chris Wilske.

Elijah said that once at the van, as Skylar was being loaded inside, he saw a man, Nicholas, walk toward them, from the north. He said Nicholas appeared to be roughly 5’-10” tall and had curly brown hair but didn’t remember anything else. Elijah said that was because, before he could make out any more detail, he saw muzzle flash and was struck by at least two rounds. It was then that Elijah said he dropped like a “sack of taters” – falling to the ground, partially under the van, near the front passenger tire. Elijah also said he believed he was the first officer shot, in the encounter. After he dropped to the ground, Elijah said that was all he remembered seeing of the shooting. Later in our conversation, Elijah also said that, from what he could see, he didn’t recognize Nicholas.

At that point, Detective Jagosh asked if Elijah saw Skylar in his cell, at IDOC. Elijah confirmed he was the second person to respond to the cell, so he did. Elijah also confirmed that he was assigned to transport Skylar to the hospital, along with Corporal Chris Wilske and Officer Dan Lopez. When asked, Elijah said that Nicholas didn’t say anything that he remembered, but simply walked up to the group, produced a handgun, and opened fire.

In describing Nicholas’ clothing, Elijah believed he was wearing a ball cap of some sort, and a sweatshirt. He didn’t see what kind of car Nicholas drove. When Detective Jagosh asked, Elijah said that Skylar was almost in the van, when the shooting began. They’d pulled out a small step, which is kept inside the van,

that allows inmates to take smaller, safer steps into the vehicle, compensating for the restriction of ankle chains. Elijah also confirmed that he was standing near the front passenger side of the van, between it and the parking railing, and was opening the front double-door for Skylar.

Elijah said he believed he'd been shot two or three times, but that the first strike didn't register – adding that, by the time he saw the associated muzzle flashes, he'd already begun to fall to the ground. Elijah said he'd been shot in the lower left abdomen, the lower right abdomen, and through his right forearm – pointing to his wounds as he listed them. Again, Elijah said he didn't know if he was shot two or three times; seeming to imply that the wound on his right arm and low right abdomen may have been caused by the same round.

At that point, Detective Jagosh asked Elijah if he was armed. Elijah confirmed he wasn't, and also confirmed that it was standard IDOC protocol to only have one armed transport officer, as accompanying officers would act in a "hands on" capacity. Essentially, IDOC policy is to conduct inmate transports in such a fashion that, if a fight occurred, the "hands on" officer would be the primary officer to engage, and not introduce a lethal weapon that could be taken from him. However, because Skylar had a reputation as a higher-level safety risk, two "hands on" officers were sent for this transport, instead of the typical single officer.

According to Elijah, Skylar was friendly and somewhat chatty, for the first while he was in the ED – essentially, until he decided that he didn't want to stay any longer. Elijah said that ED staff wanted to keep Skylar longer, because he tested with an elevated Aspirin level, and they wanted to run more tests, to rule out any other substance in his system.

Going back to the shooting, Detective Jagosh asked if Elijah heard a car driving away, at a high rate of speed, or even losing traction and "peeling out." Elijah said he didn't; that he was too focused on being shot. Elijah also said he thought Chris dragged Dan into the ED, and said he later got up, under his own power, and walked himself to the ED. He told us that he believed both Chris and Dan had also been shot, during the incident.

When asked, Elijah said he rode in the ambulance with Skylar, during the transport to St. Al's. He said that Skylar appeared to be in pain during the ride, and noted that his story kept changing, between swallowing razor blades and swallowing another inmate's heart medication. Elijah also confirmed that Skylar hadn't made any phone calls or spoken to anyone (unattended), while at the ED. However, he did note that Skylar bragged about having cell phones, before being taken to St. Al's. Elijah said he believed the phones had been seized, by IDOC investigations, a month or two prior. He wasn't aware if Skylar had any phones in his cell at that time.

Talking about being shot again, Elijah said he laid partially under the van, near the front passenger tire.

Elijah explained that, before he got up and walked himself to the ED door, he remained still, because he didn't have a weapon.

At that point, Elijah asked if Skylar and his accomplice had taken their van; and also, if the IDOC service weapon had been taken. Detective Jagosh and I confirmed both items were still on scene and had not been taken. When Detective Jagosh asked if there was anything Elijah thought may be important, which he hadn't been asked, Elijah said he didn't think so.

At that, I asked if Elijah could perhaps remember what ethnicity the shooter might have been. Elijah said he thought the man might be Hispanic but wasn't sure. I also asked about Skylar's demeanor again, while at the ED. Elijah said that Skylar was a manipulative person and was talkative in that sense, but he didn't observe any inappropriate conversations – and didn't note Skylar seeming to talk with any particular staff member in anything other than normal manner. Elijah noted that Chris had a history with Skylar, having supervised him for several years, and that Skylar also confused Dan with another officer who'd had to use force against him, during a previous encounter. Apparently, after becoming angry about that and chastising Dan, Skylar ultimately realized he wasn't the officer he thought, and apologized for his mistake.

When I asked what made Elijah get up and walk himself to the ED; he said it was because was unaware of where his fellow officers were and didn't know how badly he'd been shot. However, as he realized that shock would soon set in, Elijah worked through his pain to get up and secure himself inside, ensuring he wouldn't be taken as a hostage or injured further / killed. I complimented him on his presence of mind and ability to act under pressure.

At that, Elijah asked what he could share with his family. I advised that he shouldn't share any information he had, which family didn't already know, as the investigation was fresh, and extremely sensitive. Elijah said he understood, then spoke about how Skylar's brother was still at IDOC; adding that he wasn't sure if Skylar would try to facilitate some manner of escape plan for him as well.

After wishing Elijah well, Detective Jagosh and I left the room and let his family member's return.

On March 28, I called Elijah, to check on him and inquire if he'd remembered anything additional. While he hadn't remembered any other major details of the event, Elijah did mention about a notable comment that Skylar made while at St. Al's. Elijah said that approximately 20 minutes before the shooting, as he was being discharged, Skylar asked if he received hazard pay, for working at "Max." When Elijah said he didn't, Skylar told him that IDOC officers should go on strike for it – adding that while they might not personally get caught up in some event, they could find themselves "in the wrong place at the wrong time." Elijah said, in hindsight, Skylar's comments were telling.

Aside from that, Elijah had no other details to share. Despite his injuries, Elijah was making progress in

his recovery, wasn't in a great deal of pain, and has a good prognosis.

CHRISTOPHER 'CHRIS' WILSKE:

After speaking with Elijah, Detective Jagosh and I visited with Corporal Christopher 'Chris' Wilske. As he was the officer who was wounded by BPD Officer Anderson, I was tasked with leading the interview – for the CITF investigation.

Chris appeared to be in good spirits, considering the situation. During our conversation, I observe him to be notably upbeat, that he smiled and joked often, and even laughed several times. All-in-all, he appeared to be taking the matter quite well.

After ensuring we had the room to ourselves, we confirmed Chris was comfortable in speaking with us. We also confirmed that Chris had been spoken to by other officers / detectives, before us. At that, I explained that we'd likely be talking about a lot of the same things, but also asked that Chris fill us in regarding anything we may miss.

At that point, I gathered Chris' contact information (his work phone was in evidence, so he gave his personal phone number). After that, I introduced Detective Jagosh and myself, and explained the nature of our parallel investigations (i.e., CITF and criminal).

Before I began, Chris asked how much of the story I wanted to hear – meaning whether I wanted him to begin at nis initial contact with Skylar and go through the critical incident portion, or anywhere in-between. I asked if Chris could give a simplified version of how they arrived at St. Al's, but requested a detailed statement from that point on.

As such, Chris began by explaining that Skylar was a ranking member of the Aryan Knights (an established and dangerous criminal / prison gang) who apparently took a bunch of medication, which didn't belong to him, and also supposedly swallowed several razor blades – all of which Chris said were notably out of character for Skylar, who didn't have a history of self-harming behavior. As the behavior was odd, when Skylar was transported to St. Al's, IDOC sent a third escort officer, instead of the standard two.

Chris said that, once at the ED, the transport group (him, Dan, and Elijah) were with Skylar, the entire time he was assessed. He noted that, at one point during their time together, Skylar, seemingly out of nowhere, looked at Chris and said something to the effect of, "Well, dude. All I gotta say is good luck." While the statement was odd, Chris dismissed it at the time, thinking it was likely just a result of Skylar being under the effects of medication. However, he noted that, in hindsight, the statement appeared to be more lucid – and perhaps an example of ominous foreshadowing.

Continuing, Chris said that Skylar ultimately became frustrated with how long the assessment process was taking and decided that he wanted to refuse care. Skylar signed a waiver of treatment and was discharged. At that, Chris said that he, Dan, and Elijah escorted Skylar to their IDOC van, to transport him back to Max. Chris also noted that Skylar was placed in full restraints – ankle and belly chains (with cuffs at the sides of the body).

Once at the van, they began the process of securing Skylar inside. Chris again noted an odd comment that Skylar made, during that process. He said that Skylar stopped, looked around, and said, “Oh, there it is.” When Chris asked Skylar to explain what he was referring to, Skylar said it wasn’t anything important, but was just something with his shackles. However, Chris noted that immediately after Skylar made the comment, he moved from where he’d been standing (to Chris’ right) to a point closer to the van. Chris described it as being almost directly between him and the van, essentially behind the rear double-door panel. It should be noted that I had Chris draw a sketch of the incident layout (with personnel locations) for clarity. As it was in the middle of a page of my notes, I’ve redrawn the sketch and attached it to this supplement, for clarity.

As Skylar moved closer to the van, Chris said he began to look around (essentially mirroring Skylar’s actions), just before he heard shots being fired. At that, Chris said he looked over his right shoulder, towards the sound of the gunfire, and saw a man (Nicholas) who was pointing a dark-colored pistol in their direction. Chris said he thought the pistol might be a Glock or something similar, but wasn’t certain, as it was dark and was at enough of a distance that he couldn’t be sure.

Continuing, Chris said he heard several shots being fired, and he began to move around the back of the van (toward the driver side). As he did, Chris said that Elijah and Dan were both struck by the gunfire, and that Dan fell on the ground, on the driver side of the van. As he made it around the back of the van and went to Dan’s position, Chris said he retrieved the duty pistol that Dan was carrying (which he’d drawn from its holster). At that point, Chris said he dragged Dan to the ED entrance, in order to get him to medical aid. Chris also admitted, at that point, based on his observations, he thought Elijah was dead.

Once inside, Chris notified medical staff, who took Dan to a trauma bay. At that point, he took position at the west (left) corner of the ED entrance. Another IDOC officer, Thomas Edwards, who was at the ED on an unrelated armed transport, heard what was happening and came to assist Chris, taking position at the east (right) corner of the entrance – with his duty weapon drawn. Chris said they secured the entrance, as he wasn’t sure whether the attack was over, or if they / the hospital was the target and the attack may still be underway.

Chris said, as he held position, he called his supervisor, Lt. Jamie Ayuso, to explain what had occurred, and give her a situational update. After a short time, Chris saw Elijah get up from his position, and walk to the ED door. After getting the door open and Elijah inside and helping get him to another trauma bay,

Chris said he went back to his position at the entrance, watching the ambulance bay. It was a short time later that Chris said he felt an incoming round strike him in the face – which he believed came through the glass in the door.

Continuing, Chris said he actually wasn't entirely sure what just happened (at that point), so he turned away, toward medical staff, and asked if he'd just been shot in the head. Chris said he felt somewhat silly having asked that, because as medical staff confirmed his suspicion, he felt blood begin to flow over his face. At that, Chris said he walked to the resuscitation bay (third trauma room), where he received treatment.

At that point, Chris said that was all he could share, and asked if there was anything he was missing. I asked if Chris could clarify a bit about his position, in relation to Skylar's, when they were at the IDOC van. Chris explained that on the passenger side of the van, there was a standard double-door by which inmates are loaded / unloaded. Chris said it might be easier if he drew it out, so I gave him my notepad, to sketch the layout. As noted above, I've redrawn Chris' sketch, for clarity, and attached it to this supplement.

Chris again explained that, prior to Skylar's comment, he was standing more toward his right side. He also noted again that when Skylar moved, it was toward the van, more behind the left passenger door leaf, which Chris said (in looking back) appeared to be indicative that he (Chris) was "about to get used as a shield." When I asked, Chris said he didn't remember if Skylar was looking in any particular direction. Chris also drew where he thought Elijah and Dan were positioned, but said he wasn't certain if he may have transposed their locations.

Moving on, I asked if Chris could explain what happened directly after he heard gunfire. As he began to explain about when he saw Nicholas, a physician came into the room, to check on Chris' eye, so we paused our conversation.

During the assessment, the physician told Chris that they weren't planning to take the foreign object out of his forehead, at that point, as they were more concerned with his eyelid and ensuring his eye wasn't secondarily injured. When I asked, the physician said they didn't believe what was in Chris' forehead likely wasn't an intact round, but based on the size and general configuration, was probably shrapnel (or a partial round).

It should be noted that, the object (round / shrapnel) entered Chris' head on the right side of his face, approximately where the nasal bone meets the frontal skull plate – on the right nasal bridge. From there, it traveled upward, along the outside of the frontal skull plate, before stopping essentially in the middle of his forehead. Based on the secondary wound, it also appeared that at least part of the round / shrapnel may have exited at that point.

After the physician left the room, Detective Jagosh asked Chris about whether he noticed any vehicle that may have followed them to St. Al's. Chris explained that he rode in the ambulance with Elijah and Skylar and, as such, couldn't see the roadway.

Continuing our conversation, I asked Chris again if he could walk through what he remembered, from directly after the shooting began, in as much detail as he could. Chris said he remembered hearing several shots, but wasn't sure exactly how many. After he ran around the back of the van, Chris said he went to Dan, who was lying on the ground, at the front driver side. Once there, Chris took Dan's weapon and dragged him to the ED door. He said he thought he saw Elijah fall to the ground, but couldn't remember clearly, at that point.

At that, I paraphrased a bit of Chris' original statement – essentially that once inside the ED, he summoned help for Dan, then took a defensive position on the east side of the ED door, as Thomas took position on the west side. Again, Chris said that, at some point after getting Dan to help, he and Thomas watched Elijah get up and walk himself to the ED doors, taking off his duty belt as he did so. After a few moments of trying to open the door using a code, a member of ED staff ran to the door and opened it, using their badge. Once Elijah was inside and handed off to medical staff, Chris returned to his defensive position, with Thomas. At that point, the ED doors weren't damaged.

With Dan and Elijah secured and receiving treatment, Chris said he called his supervisor (Lt. Jamie Ayuso), and explained the situation, and gave her an update on Elijah and Dan. He thought there might have been St. Al's security staff in the ED by that point, but wasn't sure. However, he said that, while on the phone with Lt. Ayuso, he heard a loud noise, then felt a sensation as though he'd just been punched in the face. At that, Chris again said he turned and asked a nurse if he'd been shot in the head, as he felt blood begin to rush down his face.

At that point, another nurse took Chris and guided him to the resuscitation bay (third trauma bay), at the northwest corner of the ED. Once there, Chris said a different nurse took his gun, after which medical staff began cutting off his clothes, placed an intravenous line in his arm, and began to treat his injuries.

Going back to the point at which he was injured, I asked Chris if he remembered seeing any lights, hearing voices, or hearing anything that was going on at that time. He said, other than hearing ED staff yelling, he didn't remember hearing anything. When I asked, Chris said he thought he may have held the phone against his right ear, but said he was certain that he held the duty pistol in his right hand, as he looked around the corner, through the glass ED doors, to the ambulance bay.

After clarifying that Chris was hearing shouting from ED staff, and the voice of Lt. Ayuso in his ear, I asked if he remembered anything that Thomas was saying or doing, as he assisted. Chris said they only thing he remembered was moving Thomas to what he felt was a better defensive position – apparently, Thomas had been standing in full view of the doorway, so Chris moved him to the corner, where he had more cover. At that, Chris said he was actually on the phone with Lt. Ayuso when he was struck. When

that happened, Chris apparently told Lt. Ayuso that he'd been shot and that she might lose him – before asking ED staff if he'd indeed been shot.

Chris said he needed to confirm who he gave the duty pistol to, because he was concerned about it. I explained the gun had been recovered (and was secured in the crime scene, at that point). When I asked if Chris knew whether Dan was able to return fire, he said he hadn't fired any rounds. At that, I asked him to explain the configuration in which they carry their duty pistols. Chris said they were loaded with 17 rounds in the magazine only. Upon issuance, the firearm is loaded by cycling the slide. So, as carried, the pistol would have 17 rounds in total with 16 in the magazine and one in the chamber. As such, the round count confirmed the gun hadn't been fired – as Dan also later confirmed (see below).

At that point, I asked Chris if there was anything I hadn't asked him, that he thought might be important for me to know. Chris gave a quick back story about how he'd worked at the Idaho Correction Institution, in Orofino, some time back. He said that, during his tenure at that facility, Skylar was transferred there, in an administrative segregation capacity – adding that time was particularly difficult, because of notable gang activity and consistent disruptions. Chris said that, while he was in the ambulance, with Elijah, and two paramedics (one of whom was driving), Skylar stopped, stared at Chris, and recognized him from that time. Chris said that Skylar apologized to him for being a very difficult inmate, which Chris thought to be an odd statement.

Chris also explained again about how Skylar wished him "good luck" earlier in their visit, when they were in the medical imaging suite, where Skylar was undergoing a CT scan. He said that Elijah heard Skylar as well, and they spoke about how it seemed to be an odd statement. At that, I asked if Skylar ever had issues with planned disruptions and/or escape attempts. Chris said he wasn't sure, but the warden or housing lieutenant would have a better answer to that. At that point, I turned the interview over to Detective Jagosh, for some further questions.

Detective Jagosh asked if Chris could give a description of the shooter (Nicholas), from what he remembered. Chris said he believed Nicholas was a white man, with a dark, short-cropped beard, and he thought a dark red / possibly maroon sweatshirt and black / dark grey ball cap. But Chris said he wasn't clear enough to be positive in the clothing description. When I asked, Chris estimated the Nicholas' height to be approximately 5'-10" – 6'-0" range, but said he was also moving away from the man, trying not to get shot. Chris also said that he didn't hear Skylar say anything, after the shooting started.

Regarding Chris' defensive position, in the ED, Chris again explained that he was on the west side of the ED doors – to the right, as one would look in from the ambulance bay. Chris also confirmed that, as he looked around the corner, he had his phone his left hand, the gun in his right, and that he had the gun raised and pointing out, towards the ambulance bay. Again, as he heard noise from ED medical staff

and the phone in his ear, Chris said he wasn't able to hear anything else. Chris also said he had a handheld radio on his person, but it wasn't strong enough to get signal to IDOC, so it wasn't useful.

When Detective Jagosh asked, Chris confirmed that IDOC officers do not notify Ada County Dispatch of their location, when they transport inmates. Instead, they coordinate that solely through their own facility and control center personnel – who also do not contact Ada County Dispatch. As such, no other law enforcement entity in the valley is informed whenever IDOC is outside of their facility or at any hospital, with an inmate. Further, it appears there is no way to confirm that, without contacting IDOC directly.

At that, Detective Jagosh asked Chris if he remembered hearing anything from outside, when he was posted at the west side of the ED door. Chris said he didn't remember having heard anything prior to being struck, and also didn't remember hearing anything after he'd been struck – as he went to the resuscitation bay.

After Chris spoke about having made some suggestions to policy / safety changes regarding hospital transports, Detective Jagosh asked why officers would be unarmed during transports. Chris explained that, based on their policy, transports are generally conducted with two officers. One officer will be armed with a duty pistol and soft body armor. The other will be armed with a Mark IV Oleoresin Capsicum canister and no body armor, who is designated as the "hands on" officer. He clarified that the "hands on" officer could fight with an inmate, without the chance of that inmate being able to wrest a lethal weapon from them.

At that, Detective Jagosh and I ensured that Chris had no questions for us and ended our conversation.

On March 28, I called Chris, to check on him and inquire if he'd remembered anything additional. He hadn't remembered any other details of the event, and explained that his injury turned out to be relatively minor, despite initial concerns. Chris was confident in his full recovery.

DANIEL 'DAN' LOPEZ:

Upon completing our interview with Chris, Detective Jagosh and I met with Daniel 'Dan' Lopez. Daniel was visiting with family and his doctor, but said he wanted to speak with us. As he'd already been treated and was done speaking with his physician, Detective Jagosh and I asked if we could have the room alone with Daniel.

As Detective Jagosh collected his contact information, Dan expressed worry for the safety of his family, in the event that Skylar or his accomplice may be targeting him, or them. After explaining the basic facts of the apprehension effort, as he knew them, Detective Jagosh asked if Dan could walk us through the incident, as he remembered it.

Dan began by explaining that one of his primary functions, at IDOC, is to escort inmates and provide off-

site transports. As such, he was called to assist in Skylar's transport. Dan also explained that when officers responded to Skylar's cell, they saw the blood on the window and/or walls, and that Skylar was vomiting.

After some small talk, after medical staff came in the room for a quick assessment, Dan continued. He described how Skylar was kneeling on the floor, coughing, and that blood was spread throughout the cell. In a somewhat incredulous tone, Dan said that Skylar was alleged to have swallowed razors – adding that two razors were found in the cell. At that, Incident Command System was initiated, and Dan was ordered to retrieve a duty weapon, soft body armor, and to follow the ambulance to St. Al's, when it arrived to transport Skylar.

Dan noted that, once they arrived at the hospital, Skylar was "incredibly uncompliant." He said that medical imaging found no razors in Skylar's gastrointestinal tract, and no internal bleeding was noted. Skylar apparently did have high levels of Aspirin in his system, though. As such, higher-level toxicology labs were ordered, to determine if those levels were rising or diminishing, to determine if any additional treatment was needed.

Dan said that, at approximately 0230 hours, Skylar became notably agitated, and demanded to be released from the hospital – adding that he'd been making the same demands nearly the entire time he was there. As such, Lt. Ayuso was called and advised of the situation. When she informed officers that Skylar was allowed to refuse treatment, the discharge process was begun.

At approximately 0245 hours, Skylar was finally discharged. After placing Skylar in belly and ankle restraints, Dan said that Chris and Elijah escorted Skylar to their van, in the law enforcement parking stall, directly across the ambulance bay, north of the ED entrance. Dan followed at a distance, noting that IDOC policy states the armed officer is not to have contact with the inmate, except in exigent circumstances.

When they got to the van, Dan (as the driver) said he walked around to the back passenger side, to unlock the double-door, so Skylar could be loaded inside. He noted that Elijah was standing near the front passenger door, so he walked around the back side of the van again, to unlock that door. After unlocking Elijah's door, Dan said that he immediately turned and began walking toward the driver door, to unlock it and start the vehicle – to drive them back to IDOC.

Dan said it was when he walked in front of the van that he was shot. Dan explained that, based on his perception, he felt the impact of the round first (in his left buttocks), before hearing the gunshot. He said felt as though it (the gun) was close, noting it also didn't sound like a pistol to him, but rather sounded more like a shotgun or perhaps a high-caliber pistol. At that point, Dan said he felt the impact of the second round, on his left shoulder (centered on his scapula). Dan said he began to turn, just before that impact, in an effort to move behind the engine block and avoid being shot again but was too late.

As he fell to the ground, Dan said he drew his firearm, with the intent to return fire. However, as he didn't know where Elijah was (he'd already fallen to the ground, on the passenger side of the van) and didn't know where the shooter (Nicholas) was, he couldn't return fire. Dan also said he didn't know where Skylar went, but he had the thought that he would likely shoot Skylar, if he saw him. At that, Dan took a moment to specifically explain that the only reason he would have been shot, while escorting a high-ranking gang member, was that a violent escape was in progress. That, and Skylar's substantial threat level to the public were what Dan factored into his decision to likely shoot Skylar, if the opportunity presented itself.

Continuing, Dan said, as he lay on the ground looking for the threat to return fire upon, Chris grabbed him, by his left shoulder, and dragged him to the ED entrance. Dan noted that Chris also took his firearm, at that point (a Glock 17, 9mm semi-automatic pistol). Dan said he believed that Chris went back for Elijah and was shot in the process. It should be noted that as Dan was taken into a trauma bay and, he didn't see what happened from that point on, so he wasn't sure. Dan also said that, while he was being dragged to the ED entrance, he called "patrol" (presumably 911).

At that point, Dan spoke again about his time with Skylar, in the ED. He said that, based on instinct, he had a bad feeling about the transport, from the beginning. Dan also noted it was odd that Skylar was upset with him, for some reason – adding that he has a reputation for being a respectful officer and had only had positive interactions with Skylar. Regardless, Skylar was upset with Dan, and said that he was part of an extraction team that he claimed used excessive force. Dan said he'd never been a part of an extraction team, and that responding to Skylar's cell was the first time he'd ever had to do so in an emergency capacity.

Continuing, Dan said that Skylar told the leader of the Surenos prison gang ([redacted]) about his misconception, effectively spreading false information about Dan. Apparently, [redacted] told Skylar that Dan wasn't the person he was thinking of, but Skylar maintained his belief.

At that, Dan said, while at the hospital (between midnight and 0130 hours), Skylar bragged to officers that he had a cellular telephone in his cell – adding something to the effect of "all of us have cell phones." Skylar went on to tell officers that he had $9,000 on his books and, for the right amount of money, could find out where any officer lived, who their family was, any car they'd ever owned, etc… Based on the large amount of money, Skylar was also apparently defiant about his behavior at IDOC and any fine he'd incurred, as he could easily pay them – and continue his behavior. Dan said he was likely dealing or collecting contraband, drugs, or other fees, as he's a high-ranking gang member.

Dan noted that he conveyed the above information to his shift commander, explaining that it appeared that Skylar may have been targeting him. He also said that he was against putting waist restraints on Skylar; believing that he should be handcuffed behind his back, for the entire ride. He also said he believed there should have been two chase vehicles, based on the situation.

When Detective Jagosh asked if he saw Nicholas or his vehicle, Dan said he didn't. Dan said he'd been beating himself up since the incident, because he didn't scan the area when they escorted Skylar back to the van, and as the armed officer, it was his job to be more aware. Seeming to explain why he didn't do so, Dan said he just wanted to get Skylar back to IDOC as quickly as they could.

He also said that he didn't know how someone could have shot at them, as he remembered seeing vegetation to the north of the vehicle and wasn't sure where the shots could have come from. At that, I described the layout of the area, explaining that there was open ground and parking stalls next to the van. However, I also reminded Dan that there were trees directly next to the van and at the time of day, it was dark, and visibility was likely hampered somewhat. Again, Dan said that it felt like the gunshots were very close to them, which we confirmed.

At that point, Detective Jagosh asked if Skylar stopped, stalled, or said anything when he was getting into the van. Dan said that he remembered what seemed to be an issue Skylar was having, getting into the van – adding that what he was saying was his recollection, and it may not be fully correct. At that point, x-ray staff came into the room, but Dan excused them, saying he wanted to finish his thoughts, as something was bothering him, that he needed to get off his chest.

When x-ray staff left, Dan continued and said it appeared that Skylar may have wanted to get into the van without the use of the small stool. He explained that Skylar knew better because he's unable to make that step with leg chains. As such, Dan said it felt to him as though Skylar was trying to stall or extend the process. At that, Dan said that he couldn't be convinced that the escape wasn't a planned event.

When asked if Skylar looked around or said anything on the way to the van, Dan said he didn't know, because of the distance he's required to maintain, as the armed officer. At that point, Dan confirmed that he was shot in the left shoulder and left buttocks – and that the round which struck his buttocks traveled through his upper leg (causing no major injuries) before it exited at his left knee. He also seemed to imply that medical staff believed he was shot with a rifle, and again spoke about how the gunshot report was definitely louder than a pistol.

As I'd seen the video footage and knew a pistol was the weapon used, I took a moment to explain how different the sound and volume level can be when we shoot a firearm (with the muzzle pointed away from us) and one is shot at us (with the muzzle pointed at us). Dan also wondered aloud at how he was shot in the back (though he'd previously explained it), so I reminded him that he was shot as he was walking toward the driver's door.

Dan said he didn't return fire but wasn't sure if Chris had or not. He also explained again that, any direction he fired, he felt Elijah would be in danger, as he was unaccounted for, at that time.

At that point, Detective Jagosh asked if there was anything that Dan thought might be important for us to know – such as hearing a vehicle driving away, losing tire traction (peeling out), etc… Dan said there wasn't anything he could think of. He said it all happened very quickly, and remembered screaming, "Of, fuck. I got shot. I got shot." He also remembered Chris running around the van and pulling him to the ED doors. Dan said he only heard the traffic on N. Curtis Rd. but didn't hear the escape vehicle fleeing.

In an effort to help put his mind a bit at ease, I explained about auditory exclusion, and that some memories / detail might come back later. Detective Jagosh also explained about how more detail might return, which might be aggravating, but is a normal phenomenon. He also spoke about different counseling / mental health options which might be available to Dan.

As he continued, Dan lamented about how he went into law enforcement, with aspirations of becoming a prosecutor. He noted that he was in the US Navy, and even protested police, after the George Floyd killing, in 2020. Dan said that when he began work with IDOC, it was to change things from within…but he wasn't prepared for the eye-opening experience of having to view things from the perspective of LE. He spoke about how police are hated and labeled the bad guys for no reason. Dan also said he took his oath seriously (to the Navy and IDOC) and was stern, with both inmates and officers, but was fair.

As he cried, Dan said this situation wasn't fair, because of the reasons above, and because he didn't get to defend himself, Elijah, or Chris, which is what hurts him most. He lamented that, because of his inability to act, the public was now in danger, from Skylar and Nicholas.

At that, Detective Jagosh explained that as he was ambushed, there was a lot of what occurred that was out of his control, and that LE would find Skylar and Nicholas. Dan continued to cry and lamented about having survived two overseas deployments, just to get shot in a hospital parking lot. He said he wished he would have been able to shoot the bad guys, so that three IDOC families wouldn't have to go through what they were now faced with. Sobbing at that point, Dan said his heart was broken and he was angry. I took a moment to try consoling him, though it didn't seem to help.

I also explained that I couldn't tell him what was best for his family's safety, but that all indications were Skylar and Nicholas simply wanted to successfully escape the situation – that no information we had suggested they were targeting any IDOC staff.

Dan said that Skylar and his associates openly boast about the connections they have, despite being constantly searched and separated by IDOC staff, in efforts to quell their activities. He also explained about how their Special Response Team (SRT) constantly works the unit, and routinely finds communications devices. Dan said officers have to tiptoe around the higher-up gang members, because of that. He recounted a time when one of those higher-up members threatened him and his family, and there wasn't anything he could do in response, because the inmate actually had the ability to (and likely would) have something done to his family, which I found to be notably concerning.

Dan said that when the [redacted] happened, attorneys were at their door, having easily found them (IDOC officers); and wondered aloud why they aren't better protected. Dan also lamented about how he has to worry about [redacted] with a father who'd just been shot. After trying to console him a bit again, Detective Jagosh and I explained that we wanted to get x-ray in there, to ensure we weren't delaying his treatment.

At that point, we thanked Dan for his time and ended our conversation.

It should be noted that during our conversation, it was clear that Dan was upset, and the situation had been traumatic for him. He cried several times throughout, spoke in an anxious tone, and expressed very real fear for his safety (and that of his family), and regret at not having been able to do more during the incident.

I also noted that Dan spoke in a similar manner, when I checked in on him again, on March 26. During that conversation, Dan expressed continuing difficulty, but also said he hadn't remembered anything that could add to his statement.

THOMAS EDWARDS:

At one point during the scene investigation, I was in the ED, speaking with Detective's McCray and Rosen (Garden City PD). They explained that another IDOC officer, Thomas Edwards, came up to them and spoke about how he helped Chris, during the incident. As he wasn't known to us before – wasn't one of the officers charged with transporting Skylar – I asked Thomas if I could speak with him. At that, he and I went to a family visitation room and spoke. It should be noted that Detective Jagosh was off site at that time, so Thomas and I spoke alone.

At the outset of our conversation, I could see that Thomas was notably nervous, and appeared to be somewhat shaken. His eyes were wide and moved quickly around the room, he often spoke in a muted tone with quicker pacing, and at times even appeared to be shaking (presumably at the effects of adrenaline, fatigue, and/or stress). As such, I tried to soften my demeanor, to lessen the impact of what had just occurred.

When I asked, Thomas said that he and Jacob McGauley were at the hospital, after transporting a different inmate ([redacted] from IDOC. [redacted] was an 88-year-old man, who'd been having chronic issues with his heart, which had apparently flared up that evening. During the course of time that Skylar was in the ED, Thomas said he would periodically go to the other officers and speak with Dan, as they were friends. Thomas also said he believed Skylar's escape was planned, because he felt that Skylar played along with medical staff, until a certain point; at which he said Skylar began to refuse medical treatment.

Continuing, Thomas said that, as Skylar was being escorted to the van, he was in one of the back ED exam rooms (#15), with [redacted] and his fellow officer, Jacob McGauley, and didn't hear the gunfire. He said the first he knew something was happening when Chris dragged Dan into the ED. Thomas said that, as they came inside, Dan was yelling that he'd been shot. At that, Thomas said he ran to Dan and Chris, drawing his duty weapon as he did.

When he got to the other officers, Thomas said he took position in front of the ED door, watching outside while Dan was taken to a trauma room. Thomas said that when Chris came back, he pulled him (Thomas) into a position to the east of the door, which provided better concealment, and some cover. At that, the two of them held the door, with Chris taking position at the east corner of the door.

Thomas said that Chris made phone calls for a time, before Thomas saw a white light being shown in the general direction (though not directly inside) of the ED door. He noted not being able to see any red or blue lights, but just the white light being directed at the door. It should be noted that, in looking at video footage, a BPD patrol vehicle arrived and parked to the east of the ED door, with its emergency lights activated. However, due to the extremely high lighting level in the ambulance bay, only the car's headlights were visible from inside.

Thomas said he also saw the figure of a man, with what he believed to be a gun. As the figure and (and he believed others) outside weren't saying anything, Thomas didn't say anything – not wanting to give away his position. Thomas said he was hoping to hear someone identify themselves as police, but that notification never came.

At that point, Thomas said he'd skipped a portion of his recollection and began to speak about Elijah. He said, prior to seeing the white light and figure with a gun in the ambulance bay, he noticed Elijah in front of his IDOC van. When it appeared that he saw Thomas, Elijah stood up and walked to the ED door, taking off his duty belt as he did. After a few moments of trying to get the door open via code, Thomas said a nurse used a key card to let Elijah inside, where he was taken to another trauma room (with Dan).

Going back to the point at which he and Chris were holding position on the ED door, Thomas said that, not long after he saw the white light being shone across the ambulance bay (later said it looked like car headlights), he heard what he thought was one gunshot, and saw breaking glass. Because it was so loud, Thomas said he wasn't sure if it may have been a quick pair of rounds or not. When he looked toward Chris, Thomas saw the wall directly in front of him (running perpendicular to the entrance door) had been damaged; presumably at having been struck by a round. As Chris stumbled away from the corner, Thomas said he said something to the effect of, "I think I just got shot in the face." When Chris looked at Thomas, blood was flowing down his face, and Thomas confirmed that Chris had indeed been struck in the face.

At that, Chris walked away from the ED entrance, and ultimately to the resuscitation bay. Thomas said

he maintained his position and remained quiet, listening for any sounds that were coming from outside. When he heard glass breaking (at officers making their way through the door), Thomas said he realized that the angle he had was less than ideal and he might be overrun. As such, Thomas said he ran to the east, back down the hallway, until he reached a corner desk, which had a large concrete column embedded in it. Thomas took position behind the column, with his gun pointed at the ED entrance, waiting for whomever was coming through the door to show themselves. He noted again that he didn't hear anyone announce themselves as, so he was expecting the worst.

However, as officers began to enter the ED, Thomas heard them talking about grabbing a shield and making plans to enter, as they believed they'd shot the suspect. It should be noted that BPD had been dispatched to an active shooter at the hospital (and had no knowledge that IDOC was there), so it appeared Chris was likely that person. At that, Thomas realized the men outside were indeed police, so he holstered his weapon, held out his open hands, and identified himself.

When officers asked where the suspect had gone, Thomas said he wasn't there any longer. That appeared to confuse officers, as they said the suspect was just at the ED doorway. At that, Thomas explained that Chris was an IDOC officer, not the suspect. Thomas noted that, at hearing the news, one of the officers (W. Anderson of BPD) became very upset and cursed loudly – presumably recognizing that he'd fired at a friendly agent. From that point, Thomas said he stayed to the side of the main ED area, until he could return to his inmate and Jacob.

When I asked, Thomas explained that [redacted] was old (he said 90-something) and had cardiac problems. The issue with [redacted] that night was that he'd been having chest pains and trouble breathing. When I asked, Thomas said he and Jacob arrived at St. Al's, with the inmate, at approximately 0004 hours (though Jacob later said it was actually around 2220 hours).

Thomas also said that he and Jacob would be leaving the ED very soon, as their relief officers had arrived. At that, I gave Thomas my business card, with my cell phone number, so he could send me any additional information he me find / remember.

At that point, I paraphrased Thomas' version of events, to ensure I understood correctly. After assuring that I had, with some minor clarifications (already noted in the body above), I asked Thomas to draw specifically where he was, in relation to the ED entry door. He drew his and Chris' positions (which corroborated Chris' account), and the general direction from where it appeared the headlights were shining. As noted above, I've recreated all sketches in this case, for clarity, as they were drawn on my notepad, amongst interview notes. See attached.

After I confirmed that Thomas wasn't generally aware of what was occurring behind him in the ED (he was front-focused), I asked if he could think of anything that he felt might be important for me to know. As he was still processing what happened, Thomas couldn't think of anything else. After explaining that

more detail may come to him, and that'd I'd reach out, Thomas again said that he believed the escape had been planned. He also believed that Jacob told him about having seen Skylar smile, as he left the ED.

After ensuring there was nothing further, I ended our conversation and Thomas returned to his station.

On March 26, I called Thomas, to check on him and inquire if he'd remembered anything additional. Though he hadn't remembered any other details of the event, it was clear that Thomas was still very shaken at what occurred. He questioned himself and his response, wondering what more he could have done and expressing guilt about having left Elijah outside, near the van.

Though I explained that, in the given situation, a tactical pause to determine what all was going on was appropriate, it was obvious that Thomas still held deep guilt and self-doubt about the quality of his response. After explaining more about the dynamics of these kinds of events and trying to console Thomas, I thanked him for his time, wished him well, and ended our conversation.

JACOB McGAULEY:

During my time on scene, I wasn't able to speak with Jacob, as he was relieved from duty, and I was required to oversee the completion of the exterior portion of the scene investigation, before I could do so. As such, I spoke with Jacob on March 26, while I was following up with the other IDOC officers.

After ensuring that I understood the basics of Jacob's and Thomas' transport, Jacob corrected the timeframe that Thomas previously gave me. He said they actually arrived at St. Al's, with [redacted] at approximately 2220 hours. He said it was initially a non-emergent transport, but was upgraded, apparently due to [redacted] worsening symptoms. Jacob also said that he and Thomas sat with [redacted] until approximately 0200 hours, without incident – adding it was only when Skylar and his transport deputies left that anything happened. Jacob also later noted that he and Thomas were in ED Exam Room 15, which was in a short hallway, directly behind the nurse's station (see attached).

Jacob said, a short time after he said goodbye to the group (he guessed approximately two minutes), he faintly heard Dan saying that he'd been shot. When he looked around the corner at the ED entrance, Jacob saw Dan crawling in the door. It was at that point when Thomas ran to the door, drawing his duty weapon as he did. Jacob noted that, per policy, he wasn't able to leave [redacted] so he stayed between the corner and the [redacted] exam room doorway, watching his fellow officers and [redacted] as best he could.

Jacob said that, after a few more minutes, he heard a gunshot and believed that he heard a round strike something at the back of the ED. He noted it was the round that broke the ED door glass, which he said struck Chris. Jacob said it alarmed everyone, and some nearby nurses ran into the bathroom (directly across from Exam 15) and locked themselves inside. At that, Jacob said he went back into Exam 15,

closed the door, and pulled the curtain closed. As he was unarmed and had no soft body armor, Jacob formulated a hasty plan to use the room's rolling stool as a weapon, should anyone try to come inside.

After what Jacob said felt like another couple of minutes, Thomas came back to the room and called IDOC, to let them know what happened. He said that after what felt like another five minutes, BPD officers entered the ED and cleared the area.

Circling back, Jacob said that, before Skylar's transport group left, he chatted with them, as he'd attended corrections academy with Dan, and was friendly with the group. He said he got a good look at Skylar, noting his facial and body tattoos, and noting his clothing.

At that, I asked if Jacob remembered hearing anything specific, or which might help explain what was occurring, after Dan came back into the ED. He said it was generally chaotic, and all he heard was Dan yelling about being shot, and someone call for St. Al's security to come help. Jacob also said he remembered seeing Dan's blood on the floor, in front of the ED entrance.

When I asked, Jacob said he didn't get to the ED entrance, because he'd have broken IDOC policy, and wasn't able to do so. Again, he explained that he kept watch down the north/south hallway, which aligned with the ED entrance. Jacob said he didn't see when Chris was struck, as he was turned away at that point, but heard the gunshot and, when he turned back to the entrance, saw Chris had fallen to the floor. He went to Exam 15 at that point, so he didn't see Chris bleeding. Jacob also noted that Thomas was on the east corner of the ED doorway.

At that point, I asked how BPD officers cleared the ED. Jacob said they cleared in a counterclockwise fashion, announcing themselves at what seemed like every door they opened. As he'd previously offered to send me a copy of his incident report, I gave Jacob my email address, so he could do so (see attached).

At that point, I asked if Jacob had any questions for me. He was curious as to any updates I could give. I explained the separation between the criminal investigation and the Critical Incident Task Force investigation and that, aside from what he already knew about the resolution, there really wasn't much I could share. After speaking a bit about the court process, as it related to Skylar and Nicholas, I thanked Jacob for his time and ended our conversation.

ADDITIONAL INFORMATION:

At approximately 1000 hours, Detective McCray, who was overseeing the CITF scene investigation, had to leave – he'd previously been subpoenaed for a criminal jury trial. As such, I assumed his role, to ensure investigative continuity.

For my part, I monitored and worked with Boise Police Crime Lab Evidence Techs, ensuring they were able to perform their duties unencumbered. I also extracted and photographed remnants of two bullets (fired by Nicholas), which struck the IDOC van. One round struck the front (right) passenger double-door leaf and deposited fragments inside the cavity between the metal panels. The other struck the rear passenger quarter panel, just forward of the brake light assembly, before travelling through the back of the van and lodging itself in the left rear door jamb. Those rounds were denoted by BPD placards 26 and 27, respectively (see attached photos). Both rounds and remnants were collected by BPD Crime Lab Evidence Techs, for their criminal investigation.

I also collected two rifle casings (.223 Remington), which were from BPD Officer Anderson's patrol rifle. As part of the CITF investigation, I booked those casings separately, under item numbers ND-1 and ND-2.

Prior to clearing the scene, I returned the ignition key for the IDOC transport van, to one of their officers, who was still on scene with [redacted] – as the vehicle was no longer needed. After that, I notified ED staff that the ambulance bay and parking lot to the north had been released and could be used as needed. I also contacted Garden City PD Detective Rosen, as he'd dealt with them earlier, and asked that he coordinate with Acute Rescue and Transport, regarding retrieval of their private ambulance, which was in the crime scene and had been struck by a round (which was recovered).

After ensuring all exterior evidence was collected and accounted for, and no investigational needs / duties were outstanding or otherwise unmet, all parties broke down the crime scene and cleared the area at 1313 hours.

No further.

Narrative

Narrative:

I am a Detective with the Ada County Sheriff's Office, Major Crimes Division. Additionally, I am a member of the Ada County Critical Incident Task Force (CITF).

On 3/20/24, at approximately 0320 hours, Detective Sergeant Weires (ACSO) contacted me regarding a CITF activation. He advised Boise Police responded to a shooting at St. Alphonsus Regional Medical Center (1055 N Curtis Rd, Boise). Upon arrival, an Officer Involved Shooting occurred involving one Officer from BPD.

During the preliminary investigation, it was discovered that prior to the Officer involved shooting, three Idaho Department of Corrections (IDOC) Officers were escorting an inmate, later identified as (S) Meade, Skylar, from the Emergency Department to an IDOC inmate transport van. Once, they reached the van in the parking lot, an unknown suspect, approached the IDOC Officers and immediately began firing at them in order to assist in the escape of inmate Meade.

Meade and the unknown suspect ran from the scene of the shooting to an awaiting vehicle, after which they fled the area. At least two of the IDOC Officers were struck by gunfire in the shooting and retreated to the Emergency Department. The incident prompted calls for service to Ada County Dispatch regarding the shooting as well as a multi-agency response. Upon arrival, one Boise Police Officer, Anderson, Wayne, fired his Department issued rifle upon a subject inside the Emergency Department at the Hospital. The subject was struck by Ofc. Anderson's gunfire. That subject was later identified as IDOC Officer Christopher Wilske.

Det. Sgt. Weires requested that I respond to the scene.

I arrived at St. Alphonsus were I met with Det. Sgt. Weires as well as Officers and Detectives from the Boise, Meridian and Garden City Police Departments. I was advised ACSO would be the lead investigative agency regarding the Officer Involved shooting, while BPD would be responsible for investigating the shooting of the IDOC Officers as well as the escape of inmate Meade. I was tasked with crime scene responsibilities and told that BPD CSI would process the scene.

I conducted a crime scene walk-through with other Detectives and CSI Personnel. The main areas of the crime scene (from north to south) consisted of an adjacent parking lot in front of the Cancer Treatment Building, the ambulance bay / entrance, the ER Entrance from the ambulance bay, ER hallway, ER Trauma bays and ER Room 14. It should be noted, I took preliminary photographs of the firearm and magazine believed to be from IDOC officers which was located on a desk in the Trauma Room in the ER. Additionally, I took a photograph of a ballistic vest, believed to be worn by one of the IDOC Officers which was located on the floor of the Trauma Room. (See attached Photos)

The crime scene was sufficiently marked with crime scene tape and manned by Law Enforcement personnel to prevent ingress from the public and Hospital Staff.

CSI personnel began scanning, photographing, and processing the scene. (Refer to BPD Crime Lab report for further details)

As Evidence items were identified and photographed, I worked with CSI to determine which were associated with the CITF portion of the investigation.

At the conclusion of the crime scene processing, I took custody of the following evidentiary items:

SS6: Hospital Bags of clothing and equipment believed to be worn by Christopher Wilske. The bags were located on the ER floor just outside of the Trauma room. The clothing and items were placed inside the bags by Hospital staff prior to my arrival.

SS7: Glock 17 Handgun – 9mm – Serial #: WSS874

SS8: Glock magazine, (17) rounds of live 9mm ammunition (SPEER)

SS9: IDOC Ballistic vest – Black – IDOC Embroidered badge on front left shoulder. The vest appeared to have been cut from the person who was originally wearing the vest. Additionally, the left shoulder strap appeared to have a single hole through all three layers of the strap with a significant amount of blood covering the inside and outside of the vest. A majority of the blood

was concentrated around the upper left side, indicating the hole in the vest to possibly be from a gunshot.

SS11: IDOC uniform shirt – black. The shirt appeared to have been cut off the person originally wearing the shirt. The shirt was also blood soaked.

The above items were temporarily placed in evidence bags which I later transported to the Ada County Sheriff's Office Crime lab.

It should also be noted, during the briefing of this incident, information obtained through the public safety statements of Officers/Deputies on scene, it was believed Ofc. Anderson used his rifle to fire (2) rounds into the ER.

In the ambulance bay, outside the ER entrance, (2) .223 caliber rifle shell casings were located in close proximity to one another. Because they were believed to be from Ofc. Anderson, they were marked as Sheriff's Evidence for the CITF Investigation. Due to an unrelated case, I had to leave the scene. Therefore, Det. Daigle remained on scene and later collected the Shell Casings. (See Det. Daigle's supplement for further details)

When I arrived at the Sheriff's Office Crime Lab, I was granted access to a secure room in which I laid the evidence items on paper-lined tables in order to sufficient drying before booking them into evidence. The room was tape sealed with evidence tape and signed.

On 3/21/24, I contacted St. Alphonsus Security and spoke with [redacted] to request video surveillance of the incident. Later, I met with [redacted] who provided me with a password protected USB drive with video surveillance of the incident. The USB drive was provided to Det. Day.

On 3/21/24, I photographed and processed evidence items SS6 – SS9, SS11. Because SS6 had several pieces of items in the bag, I repackaged them as follows:

SS6: IDOC Uniform Shirt (black), Pants (tan - 5.11), under shirt (black - T-shirt), underwear, socks, and boots (tan)

SS6A: Black Basket Weave Duty Belt, Black basketweave under belt, 7 black leather keepers, flashlight pouch, flashlight, radio holder, radio, (2) handcuff cases, (2) handcuffs, OC Spray, OC holder, (2) Key holders, (2) Sets of Keys, Black and orange (Gerber) pouch, silver buckle, ID Cards for Christopher Wilske.

SS6B: Brown leather wallet (numerous ID Cards, CC's, indicia showing Christopher Wilske as property owner), set of car (Mazda) / House Keys.

On 3/21/24, I spoke to Christopher Wilske via phone, who asked for his Wallet and Keys (Evidence Item SS6B) as he had no other way to get into his home or drive without those items. With the permission of Det. Sgt. Weires, I met with Christopher on 3/21/24 and returned the items from SS6B (Refer to Property Invoice for further).

I subsequently booked the remainder of the evidence items on 3/21/24 at approximately 1630 hours.

Narrative

Narrative:

Officer Wayne Anderson interview:

On Friday, March 22, 2024, at approximately 1448 hours, the CITF interview with Officer Wayne Anderson was conducted. The interview took place at 3363 N Lakeharbor Lane, Boise, ID 83703 (Mallet Law Offices). Present for the interview was me, BPD Detective Paul Jagosh, Joseph Mallet (Attorney) and Officer Wayne Anderson. Prior to the interview, Officer Anderson was allowed to review the dispatch audio, CAD call and his personal on body video (OBV) from this incident.

The audio from this interview was captured on my digital recorder and later uploaded to evidence.com. All parties were advised that the interview was being recorded. The following is a synopsis of the interview, refer to the audio for specific details.

I informed Officer Anderson that this is a criminal investigation and that he was not required to answer my questions. Officer Anderson indicated he understood and agreed to continue speaking with me.

Background Information:

Name: Wayne Anderson (50)
Rank: Senior Patrolman

Prior/related calls:

Officer Anderson had worked his entire shift and was holding over to assist the graveyard shift. He indicated that during the shift he handled several routine calls. Prior to this critical incident, he and his car partner, Officer Pollard were on a bicycle stop at Orchard Street and Overland Road. He indicated they had concluded the stop but were standing by to serve the subject a copy of a protection order when this incident was broadcast.

Incident Statement:

Officer Anderson (driver) stated that he and Officer Pollard (passenger) were seated in their vehicle, when the "tone alert" came out regarding a shooting. He stated Officer Pollard had the computer turned towards himself and stated, "We gotta go. A cop's been shot." He stated they handed off the subject's ID and began driving. He recalled driving at a "very good rate of speed." They travelled northbound on Orchard Street to Emerald Street and turned left. Officer Anderson remembered crossing the railroad tracks on Emerald Street. He stated that as they approached the entrance of the hospital, they turned off their lights and sirens.

Upon arrival, Officer Pollard provided him with cover, while he retrieved his rifle from the trunk of their vehicle. Officer Anderson remembered hearing information that there was an officer down and possibly a second was shot. He stated he recalled Officer Pollard saying, "a cop got shot." He did not think anything other than a police officer, such as IDOC or a security guard. Officer Anderson indicated he expected to see a police car out in the law enforcement parking area but did not see any marked units as they approached, so he was unsure what "cop" meant.

Officer Anderson stated that the information was that the suspect was in the ambulance bay area, and they were expecting a confrontation or gunfight at the location. He stated they "fanned out" as they approached the entrance, expecting "gunfire" but nothing happened. He

recalled looking for “downed” personnel and not seeing anyone.

During the approach, Officer Anderson noticed a small transport van in the bay. He stated it caught his attention because there was shattered glass in it, which he believed was from gunfire. He checked the interior of the van for any possible victim or suspect but did not see anyone. As he approached the rear of the van, the back was open, and he could see a duty belt on the ground. Officer Anderson stated he realized he was standing on the “X” where a battle had taken place.

Officer Anderson indicated that he originally believed he was standing directly in front of the glass doors, but after reviewing his video realized he was still next to the van. He felt he was standing next to Lt Wittmuss at the time, but in reality, he was in his peripheral across the bay. He stated Officer Pollard was also in close proximity but did not know his specific positioning.

Officer Anderson indicated that shortly prior to this there was information that someone with a gun was inside the ER and had it directed out towards the bay. He stated they were listening for any stimulus such as active shooting or screaming but it was quiet at the time. He advised that the description provided was a white male, 6’0”, and dark. Officer Anderson did not know what dark meant specifically but recalled thinking dark hair. He thought there was something about a gray sweatshirt but did not know where that came from.

Officer Anderson stated that as he was standing in the bay, he could see through the double sliding doors into the emergency room. He stated he observed an armed suspect whom he believed matched the suspect description. He stated this person was a white male wearing a dark hat and dark long-sleeved shirt. Officer Anderson stated the suspect popped out from around the corner with a gun in his right hand. He described the gun as being pointed outwards so he could see the entire side of it and not being pointed directly at officers. He believed this was the suspect showing them “I have a gun.” Officer Anderson indicated the suspect was poking around the corner for 3 or 4 seconds before jumping back and trying to hide.

Officer Anderson stated the suspect made no attempt to drop the gun and went out of sight. He believed this person matched the suspect description and was armed with a gun, so when he poked his head out again, Officer Anderson fired. Officer Anderson stated he shot at the head and then observed him pull back. He then took a second shot, attempting to punch through the wall where he was at. After not seeing any further activity at the corner again and not receiving any return fire, Officer Anderson believed he may have struck him. He indicated a belief that

the person was either wounded, dead, or waiting for another engagement.

Officer Anderson stated that himself along with a group of officers from BPD, Ada County and Garden City began to make entry to the hospital following the gun shots. He indicated the bullet shattered the glass and they were unable to get the door to open. He stated they were trying to smash the remaining glass out, use the code, or get someone to open the door but were having difficulty.

During this time Officer Anderson observed a nurse pop up from the nursing station and then another appeared in the hallway. He instructed them to get down and out of the way and they did so. He indicated that since they could not get the door open, they had to duck through the open section of broken window. As they entered, Officer Anderson recognized that they were in the "fatal funnel." He recalled having an "adrenaline rush" and being in an elevated state. Officer Anderson stated he felt they were having a difficult time moving out of their position and that the person he shot at had the advantage and was likely "within feet of us."

Officer Anderson described the hallway after the two sets of sliding glass doors as breaking 90° in each direction. He stated that for some reason he turned left, rather than in the direction of the suspect. He recalled Lt Wittmuss covering him in the other direction and trusted his ability. Despite this, Officer Anderson stated that as he poked his head past the edge, he had a distinct belief that, "I was gonna take one in the back of the head."

Officer Anderson stated that as he turned to the left, he encountered an IDOC officer. He described him as wearing a vest and hat, while being armed with a gun in his left hand. He stated this subject said, "blue, blue, blue" and got onto the ground. Officer Anderson asked him where he (the suspect) went and the IDOC officer told him that he was gone and that he went down the hallway. Officer Anderson stated he then heard discussion from what he thought was a nurse that he was in the operating room (OR). He stated that it was at this point he realized they were referring to it being an IDOC member that he just shot.

They then encountered a hospital security guard in the OR, who was on his knees with his hands up. He stated the guard was on the radio gathering further information but told them the suspect left. At this point they confirmed that there were 3 IDOC officers that were being worked on in the OR and that the subject Officer Anderson shot was in fact one of them. He stated they had some information that the suspect possibly ran to "Pod A," so they continued clearing rooms in the ER. Shortly after, it was confirmed that this was a custody breakout and

the suspects fled in a vehicle (gray Honda). He stated things then slowed down and he was escorted back to the station.

Verbal commands given:

Officer Anderson stated as they approached the ER, he heard who he believed was Officer Pollard saying, “that’s him” and “he has a gun.” He stated that as Officer Pollard said this, he was already processing in his head and acknowledged seeing the gun. He recalled saying something to the effect of “stop” or “don’t move” just prior to pulling the trigger. Officer Anderson could not recall if Officer Pollard or anyone else on scene gave additional verbal commands.

Identify officers on scene:

- Lt Kevin Wittmuss
- Officer Ryan Pollard
- Officer Jacob Lee
- Unknown Deputy

Crimes committed by suspect prior to deadly force:

Officer Anderson stated the information provided at the time led him to believe that an officer was shot and possibly a second. He stated they were assuming potentially two homicides had occurred. In addition to this, he indicated there was likely an aggravated assault, aggravated battery and possibly still an active shooter inside the hospital. Specifically, prior to the use of deadly force, Officer Anderson stated he saw whom he believed to be the suspect inside the hospital displaying a firearm.

Crimes of similar nature in the area:

Officer Anderson was unaware of any prior incidents of there being an active shooter inside the hospital. He recalled responding to the location on multiple occasions for events such as someone escaping from a mental hold. He additionally stated they sometimes get called to assist security or for a combative person in the hospital.

Suspect familiarity:

Officer Anderson had no knowledge of or interactions with the suspect prior to this encounter.

Threat concerns:

Officer Anderson stated that responding to a report of officers being shot and an active gunman in the ER is the "worst case scenario." He expressed belief that if a suspect is willing to shoot a police officer no one is safe and anyone could become a victim. He stated that the suspect engaged with officers by presenting himself with firearm in a way that made it feel like he was trying to "taunt" them in order to see how they'd respond.

Officer Anderson stated he could see a nurse pop up inside and was concerned that she would be the next victim. He stated the nurse appeared to be only about 5 yards away from the suspect. He recalled deciding to take a shot but wanted to make sure he could do so without getting the nurse as well because his "ultimate goal" was to protect her.

Shots fired:

Officer Anderson specifically recalled firing 2 shots. He indicated after firing the first shot, he observed the suspect dip back behind the wall. He then took a follow up shot into the wall trying to hit him a second time. Officer Anderson stated he was positioned on the rear driver's side of a small transport van that in the bay area at the time of this incident. He stated it felt like he was in the open directly in front of the glass doors. He recalled being to the right of Lt Wittmuss, who he stated was up against the wall. He thought they were in close proximity to each other but after reviewing his OBV, realized that was not the case.

Crime scene alteration:

Officer Anderson stated he did not do anything to alter the crime scene.

Lighting conditions:

Officer Anderson indicated that although it was nighttime, the lighting conditions were good. He stated the interior of the ER was very well lit and he could clearly see inside. He described being able to see two nurses inside along with the suspect. He stated the nurse responded to his verbal and hand gestures to get down.

Officer Anderson advised that the lighting conditions on the exterior were good as well. He recalled coming to the ER on multiple prior occasions during the night and would have to stand in front of the glass and wave at staff to open the door. Based on this personal experience and the conditions, he believed it was likely anyone inside would be able to easily identify who they were.

Weather conditions:

Officer Anderson stated the weather conditions were perfect and described it as being cool, with no wind or precipitation.

Suspect actions to prevent deadly force:

Officer Anderson questioned why the person he perceived to be the suspect had not taken any actions to prevent this incident. He believed he should have known law enforcement was there and stopped what he was doing. He indicated he should have dropped the gun, put his hands out, called 911 or done anything to make it known that he was not a threat.

Officer Anderson indicated he'd spoken with several people since this incident and asked them how they would respond if the police showed up and they had a gun. He stated each person he spoke with gave similar responses that they would drop the gun, lay down or do anything but look like a threat.

Additional information/statements:

After my initial line of questioning to Officer Anderson, Detective Jagosh and Joseph Mallet asked him some follow up questions and he provided the following information.

Officer Anderson advised that prior to this incident he was unaware that IDOC had transported

a violent criminal to the hospital. He stated that no information was received via dispatch or the watch commander, advising of such activity. He stated that there was no mention of IDOC during the initial response. Officer Anderson stated there were white vans in the parking lot, but they had no markings to indicate IDOC.

Officer Anderson stated that based on there not being anything on approach to indicate that police officers were on scene, he believed the “cop” was possibly a security guard. He stated the hospital had security guards, but they don’t have guns. He stated that the fact there was a gun involved and a person in black clothing led him to believe this person was a “bad guy.”

Officer Anderson stated when he looked in through the bay doors, he observed the suspect poke around the corner for about 3 seconds. He remembered seeing only a portion of the suspect’s body and described him being a “Caucasian” male with a black hat, black long-sleeve shirt and black pants. He stated that only 1 leg was sticking out before it was pulled back out of view. Officer Anderson stated he did not have time to get a good look at the subject but remembered the suspect description as being 6’0” tall and dark.

Officer Anderson recalled focusing on the suspect’s face and placing his red dot sight right next to the nose. He stated that he initially thought the description meant the suspect had dark hair, but stated he had a hat on and a weapon in his hand. He stated the display and actions told him that this is the “bad guy” and “This is who we’re looking for.” Officer Anderson stated that there were no patches or other indicators visible that would lead him to believe this was a cop. He stated there was “nothing whatsoever that made me think this could be a cop.”

Officer Anderson described that prior to the shooting, it was eerily quiet. The quiet along with a lack of activity seen inside the ER caused him to believe there was still an ongoing threat. He stated that normally the ER is very active and there are employees moving around. The nurse that he observed through the window appeared to be hiding and he believed others inside were also either hiding or fled. He described an interaction with the nurse, motioning for her to get down and she responded as if she could see him. This made Officer Anderson believe that the suspect likely would have been able to see him due to them having similar vantage points.

Officer Anderson stated that after the shooting, they made entry fearing that the suspect was either, wounded, fleeing, or preparing for another attack. They were unable to chase after the

suspect due to the door being locked by a keypad and the code not working. They ultimately made entry after breaking out the remaining glass windows.

Officer Anderson indicated that during this time there was no information relayed letting them know they were “shooting at the wrong guy.” He expected that if there was law enforcement inside the hospital, someone would have reached out to dispatch to let them know. He stated the continued lack of information led them to believe there was no law enforcement inside.

During his initial statement, Officer Anderson stated that he could see the side of gun the suspect was holding. He clarified that it was raised and pointed at a 90° down the hallway. Officer Anderson indicated the hallway the gun was pointed down contains several rooms and a nurse’s station. He stated that on a normal day there are around 6 people in that area.

Officer Anderson stated that at the moment he took the 2 shots, he was 100% that was the suspect. He stated that given the information provided, if the same situation occurred tonight, he would take the shot again. He stated, “I had no other reason to believe that it was anything other than the shooter.”

Prior/related calls:

Lt Wittmuss advised he was assisting with a pre-planned operation and was attending a briefing in downtown Boise starting around 0130 hours. He was leaving the location at the time the "tone alert" came out for a "man with a gun at St Als." He did not respond to any calls for service prior to this incident.

Incident Statement:

Lt Wittmuss stated he was leaving the DEA Office and Officer Berg and OfficerReando were in front of him getting ready to turn onto Whitewater. At this time, he heard the "tone alert" come out about a "man with a gun at St Al's ER." Officer Reando called him and asked if he wanted them to divert from their warrant service, but he advised them they were the only area 1 car and instructed them to stay on their assignment. Lt Wittmuss advised they moved out of his way as he turned out onto Whitewater with additional units.

Lt Wittmuss recalled dispatch sent responding units to Channel 10 for further information. As he approached Orchard and 84, he asked who the closest unit was. Officers Lee and Breuinger came on the air and indicated they were coming up on the Emerald overpass. Lt Wittmuss indicated he arrived simultaneously with Officers Anderson and Pollard. He stated they both drove through the roundabout and approached the ER bay.

Lt Wittmuss stated at this point they received information that the active shooter was last seen in the emergency room. He advised the description provided was a light skinned male with a beard and a handgun. He further indicated the information received was that there was a security officer or two that were down. He stated the shooting was believed to have happened in the ambulance bay parking lot or foyer, so they stopped shy of that area.

Lt Wittmuss indicated he got out of his vehicle, deployed his AR and chambered a round. He described himself, Officers Anderson, Lee and Pollard fanning out and aggressing the ER bay doors on a line. As they approached, the information was that the shooter was inside the hospital. Lt Wittmuss indicated he took an angle while approaching the ambulance bay doors from the left side, with multiple officers behind and next to him.

Lt Wittmuss described there being 2 sets of sliding doors at the entrance to the emergency room, with there only being enough room in between for a gurney. He indicated only being able to see approximately 4' inside the foyer and not past the second set of doors. Suddenly he saw Wayne (Officer Anderson) step out and heard him say, "There he is. There he is. Man with a gun." He indicated hearing Officer Pollard could be heard saying the same thing. He stated Wayne said it again and then heard 2 shots go off. Lt Wittmuss stated he knew Wayne was the shooter and looked over to make sure he was okay.

Lt Wittmuss advised that the shots caused the glass windows to "spider" and rendered him unable to see through them. He retrieved his ASP baton and utilized it to break the remaining portion of the top window so they could get a visual. He stated they needed to make entry because blood was visible through the second door to the right corner. He stated Officer Pollard said the shooter went to the right and that appeared consistent with what he observed inside.

Officers Anderson, Pollard and Deputy McKone went through the opening where the glass was broken out in the first door followed by Lt Wittmuss. He stated they got through the second door and set up inside, while working towards the right side. He stated that just prior to this there were 2 females intermittently coming in on the far south side of the ER. Lt Wittmuss advised he yelled at them to get back.

It was at this point that Lt Wittmuss noticed there was no one else in the emergency room. He stated this was unusual, as there are normally anywhere from 8 to 20 people working. He indicated that there is normally a constant hub of activity in the area, so it was odd and led him to believe people were hiding and had dispersed from the immediate area.

Lt Wittmuss stated that once inside they went right to follow the blood trail and determined it led to the trauma bay room. When they asked staff if the shooter came in there, they were informed that it was only correctional officers. He stated they were cutting clothing off of 3 people and he was informed that the correctional officer's gun was secured in the back. They then started getting information that the suspects left. He stated there was some confusion over there being 3 correctional officers there that they were unaware of previously. They then

figured out that everyone was accounted for at that there was no shooter there anymore.

At this point Lt Wittmuss heard Officer Anderson yell out, “Fuck.” He stated this was when he realized the subject, he shot was a correctional officer. Lt Wittmuss indicated that there were other people saying that a suspect ran to “Pod 4” and they still needed to clear the remainder of the ER. He stated they proceeded to clear the ER and during that time he ran into another correctional officer. He stated this officer explained the incident that happened outside with another inmate (Meade) and that the other people left. Lt Wittmuss described this correctional officer that he spoke with as being in a fully marked uniform with a raid vest.

After clearing the emergency room area, Lt Wittmuss went outside in order to resume his duties as watch commander. He indicated setting up a command post, sending out a command text and assigning resources. He stated Officer Anderson was getting emotional, so he had Officer Grover take him outside and once the situation stabilized.

Lt Wittmuss advised that he is aware typical protocol is to have involved personnel go to the hotel. He stated that since there was only one shooter and Garden City and Ada County were already on scene, he decided to have Officer Anderson go to MSP.

Verbal commands given:

Lt Wittmuss indicated he did not give any commands and did not hear any commands from others. He recalled hearing Officer Anderson and Officer Pollard say, “There he is” and “he’s got a gun” prior to shots being fired.

Identify officers on scene:

Lt Wittmuss recalled the following personnel being present with him at the scene at the time of the shooting

- Officer Wayne Anderson
- Officer Ryan Pollard
- Officer Travis Gilliam

- Officer Jacob Lee
- Officer Adam Breuninger
-

Crimes committed by suspect prior to deadly force:

Lt Wittmuss indicated that dispatch advised 2 officers were shot, so he believed the crimes being investigated were possibly a murder, aggravated battery or attempted murder. He indicated that at the time they believed there was an active shooter at the location, and it was "highly probable" that further crimes were going to be committed.

Crimes of similar nature in the area:

Lt Wittmuss advised they expect "weird things" can happen at the hospital. He stated that in the past they've responded to St Al's for gang members being shot or stabbed as well as similar domestic violence situations. Lt Wittmuss indicated he is aware St Al's has security officers on site, but they are not armed. He stated they had not received any information about there being IDOC staff or inmates at the hospital. He stated dispatch mentioned an officer, but it was until they were inside the hospital that they came into contact with an armed IDOC employee.

Suspect familiarity:

Lt Wittmuss advised he did not know the suspect prior to this incident.

Threat concerns:

Lt Wittmuss advised an active shooter call is the highest priority level. He stated that when responding to a serious call of that nature, they were expecting an encounter. He stated the mission was to protect themselves (law enforcement) and anybody else. Lt Wittmuss expressed being fearful based on receiving information that the shooter was inside the emergency room. He advised that there were likely going to be security officers, nurses, doctors, patients and other civilians in the area that were being threatened.

Shots fired:

Ada County Sheriff's Office

Lt Wittmuss advised there were 2 shots fired by Officer Anderson. He stated they were all standing outside the glass doors and that Officer Anderson is the only one that "engaged with the threat."

Crime scene alteration:

Lt Wittmuss advised that after the shots were fired, the glass in the windows were "spidered" and they were unable to see through it. He described using his ASP (Baton) to break the remaining glass out in order to make entry to the emergency room.

Lighting conditions:

Lt Wittmuss advised the lighting conditions outside in the ambulance port were "pretty good" and the interior hospital lights were "very good."

Weather conditions:

Lt Wittmuss indicated it was a "pretty nice night out." He estimated it to be 45 to 50 degrees with no rain or snow.

Suspect actions to prevent deadly force:

Lt Wittmuss advised the person they believed to be the "suspect" who is now known to be a correctional officer could have done many things differently to avoid this situation. He stated the person could have put their gun down and complied with seeing officers there. He stated the initial response had approximately 30 officers with sirens going to the front door. Lt Wittmuss advised the area is well lit and everyone was in "police uniform" and "clearly marked."

Lt Wittmuss advised he has taught many active shooter trainings. He stated the person should have called 911, identified themselves and put the gun down. He stated any information of this nature would have let them know that they were responding to a "potential blue on blue situation." He stated if the person still felt threatened, they could have isolated and communicated, "so that responding officers aren't gonna shoot you."

Additional information/statements:

After my initial line of questioning to Lt Wittmuss, Detective Jagosh and Joseph Mallet asked him some follow up questions and he provided the following information.

Lt Wittmuss stated that units were dispatched to a report of a “man with a gun, shots fired inside the ER bay or outside in the ambulance bay.” He further indicated that they believed there were two people shot in the bay. Lt Wittmuss indicated the area he referred to as the bay was the area where paramedics park and police enter the emergency room. He stated that this area was well lit, and you could see both into and out of the emergency room.

Lt Wittmuss advised they were expecting to encounter the suspect in the bay area, but the information provided seemed to indicate that the shooter had possibly gone inside during their response time. As they made their approach, he believed it was likely the person with the gun would be able to see them and had a heightened state of apprehension.

He stated that as they approached, he noted there was a lack of activity inside the emergency room. Lt Wittmuss noted this to be unusual, because in his experience there are normally 5 to 10 people visible looking through the emergency room entry doors. This led him to believe that there was a continued threat that caused people to hide or run away.

Lt Wittmuss indicated he never observed the subject with the gun they initially encountered and had no idea what he was wearing. He advised there are St Al’s security officers on site that wear a blue uniform but are unarmed. He described later seeing another correctional officer inside the hospital who was wearing a black vest, correctional baseball hat and tan pants.

Lt Wittmuss described seeing two vehicles outside of the ambulance bay. He indicated one was a passenger type van and the other was a cargo style white panel van like an IDOC van. He advised that he was unaware that the van belonged to IDOC when they initially arrived on scene. It wasn’t until later reviewing video surveillance from the hospital that they realized it was an IDOC van.

Lt Wittmuss indicated he was the watch commander on shift. He advised that one of his

Narrative

Narrative:

On 3/20/24, at approximately 0420 hours, Lt Ivie contacted me about an IDOC escape and CITF incident. Lt Ivie asked me to respond to the CITF activation to assist with Intel gathering on known prison gang members in the custody of the Ada County Jail. When I arrived at the CITF, Det Sgt Weires briefed me on the escape of Skylar Meade and asked me to gather any information on any Aryan Knights in the Ada County Jail and any communication they might have had with Meade at the prison.

The Ada County Jail uses Viapath as the telecommunications system that inmates use for phone, video visiting, electronic messages, and digital mail delivery. In a search of Viapath records I did not locate any reference to Meade in a search of electronic messages. I began reviewing phone calls and video visits made by known or suspected Aryan gang members in the Ada County Jail. I did not find any communications related to Meade, escape plans, or the identity of the suspect who aided in the escape prior to the incident happening. A Viapath System Activity log for my review history is attached to this Supplemental Report.

At 1033 hours, Sgt Weires sent me two photographs of hand tattoos. Using the Ada County Sheriff's Office tattoo database I reviewed hand tattoo's and found one possible match. I emailed the SMT Report for the possible match to Sgt Weires.

Narrative

SUPPLEMENTAL:

On Wednesday, March 20, 2024, at approximately 0338 hours, I was activated as an investigator for the Ada County Critical Incident Task Force (CITF). Per Detective Sergeant Weires, I was tasked with responding to the scene of an officer-involved shooting, which occurred at the St. Alphonsus Regional Medical Center (1055 N. Curtis Rd., in Boise).

My previous supplements explained the nature of the known information about the incident, Skylar Meade and his escape (which was facilitated by his accomplice, Nicholas Umphenour), and my

interviews with IDOC and St. Al's ED staff.

This supplement will focus on the St. Al's security staff and their accounts, in addition to a nursing student intern, who was also working at the time of the incident. It should be noted, these are synopses of our recorded conversations. They contain information, which is relevant to this investigation, but are neither intended nor put forth as complete transcriptions. See attached digital files for complete audio.

Please also note that, though none of the people interviewed knew Nicholas, he was later identified, by BPD, as the man who shot Elijah and Dan. As such, and for clarity, I will refer to him by name, as appropriate.

[redacted]

At the outset of our conversation, I asked if anyone from another agency had spoken with [redacted] – he said no one had. After collecting his information and explaining the reason for my call, I asked if [redacted] could walk me through his recollection of the incident.

[redacted] began by explaining that, at approximately 0210 hours, he was walking towards the S1 entrance security office (also known as the 'toll booth'), which is next to the main ED entrance. As he got to the office, [redacted] said he heard some popping sounds, which he thought might be gunshots – adding that he didn't immediately put together what may be occurring. After a few moments, [redacted] heard the ED clerk call for security staff to respond to the ambulance entrance, "stat." It should be noted that, in the medical field, the term 'stat' means urgently, as in an emergency.

As such, [redacted] went to the ED, and as soon as he entered, heard yelling. Thinking it might be an agitated / chaotic patient, he continued into the ED. However, when he rounded the corner (from the S1 staff entrance at the south end of the ED), [redacted] was lined up with the ambulance bay doors, at the other end of the hallway. [redacted] saw a person lying on the ground, near the doors and when he got closer, realized it was one of the IDOC officers (Dan Lopez). When [redacted] asked what was going on, Dan said he'd been shot. Caught in a state of disbelief, [redacted] asked again, and Dan confirmed he'd been shot. As he tried to process how that could have happened, [redacted] heard a voice behind him, which said something to the effect of, "The shooter is still out there."

At that, [redacted] realized he was standing directly in front of the ambulance bay doors. Though he couldn't see anything through them, [redacted] moved behind the clerk's desk, for his safety. He described the ED as being fairly chaotic at that point, and said there was a lot of traffic coming over his radio. [redacted] also noted that, at that point, Chris (IDOC Officer Wilske) pulled Dan away from the doorway, out of the line of fire.

Believing there was an active shooter in the ambulance bay (presumably trying to get in) and not knowing it was a coordinated escape, [redacted] said nobody was working the security cameras. He noted that someone ([redacted] broadcast that they needed to get to the cameras, to track where the shooter may be. It should be noted that [redacted] was the security staff member that took that responsibility (see below).

Trying to work through the issue, [redacted] said he was coordinating the camera search as he remained behind the ED clerk's desk. Shortly thereafter, [redacted] realized that the outside patrol security officer ([redacted] – see below) was driving towards the ED. Concerned for his safety, [redacted] radioed [redacted] and told him to divert to the S1 entrance, and come to the ED through that route.

After doing that, [redacted] said he immediately ran out of the ED, back to the triage area (at the S1 entrance) to the 'toll booth' security office, so he could also get on the camera system, to locate the shooter. While there, [redacted] said he heard more loud popping, followed by a radio transmission indicated shots had been fired, which made him believe the shooter was coming into the building.

It was at that point when [redacted] saw two BPD officers enter the security office. [redacted] took direction from the officers, who said they believed the shooter got into the ED and turned right. That would be down the west hallway, next to the trauma bays. He said the officers needed to get to the main security office (near the S2 entrance) where all facility cameras can be accessed, so he led the officers there. When they arrived, [redacted] was already working the cameras.

[redacted] said it was then that they realized the first volley of shots was when Nicholas shot IDOC officers, and freed Skylar. He said they (security staff and BPD officers) saw video that showed both men running to Nicholas' car and driving away. As they continued to watch, they heard another volley of shots (when a BPD officer fired at Chris, through the ambulance bay doors).

[redacted] also noted, based on what he knew, the information BPD units were given effectively described Chris as the shooter; and when they saw him peering around the ambulance bay corner with his weapon drawn (and pointed at them), believed as much – and fired upon him. He also spoke about how the picture law enforcement received was from another security staff member, working off-site, who captured it and sent it to [redacted] who passed it along, in turn. At that, he mentioned being thankful to have an uninvolved person looking at cameras and helping out.

After clarifying the location of the 'toll booth' security office was indeed off the S1 entrance, and the main security office was beyond the registration desk, when entering the S2 (South Tower) entrance, I paraphrased [redacted] account, to ensure I understood correctly. [redacted] confirmed he turned left, after entering the ED from the staff / triage area, which would put him on the south side of the ED proper.

From where he was standing (at the south end of the main ED hallway), [redacted] was lined up with the ambulance bay doors, which were at the north end of the same hallway. [redacted] also clarified that he didn't see Chris drag Dan into the ED, but later found out he did – adding that it was also Chris who was

later mistakenly identified as the shooter.

As he continued, [redacted] spoke about how he saw Thomas (IDOC Officer Edwards) at the ambulance bay entrance, helping Chris. He noted there was a second prisoner at the ED ([redacted]). [redacted] also noted that, when he was later working the cameras, he saw Elijah (IDOC Officer Jackson) walk through the ambulance bay, stopping in the middle of the parking area and removing his duty belt, prior to getting to the doorway, where he was let in and subsequently taken to a trauma room.

When I asked, [redacted] said it was an IDOC officer who pulled Dan away from the ambulance bay doors, but wasn't sure if it was Chris or Thomas. It should be noted that, when I'd previously spoken with them, I'd confirmed it was Chris. Seeking more clarification, I asked again about how he got to the cameras. [redacted] explained that he radioed for someone to get to cameras to help, and left the ED himself, as he was unsure (in the chaos) if anyone heard him and/or took the responsibility. Again, [redacted] said it was when he got to the 'toll booth' office and was waiting for his computer to boot up that he heard the second set of shots.

Continuing, [redacted] again said the BPD officers who were at his office told him where they thought the shooter had likely gone, after getting into the ED through the ambulance bay. [redacted] assumption was that Chris, who was hiding being the west bay entrance corner, likely ran away in that direction, which is what BPD saw – adding that he thought BPD officers probably thought Chris was the shooter.

At that point, I asked [redacted] how the incident wound down for him, after he worked the main security office cameras for a while and the scene had become somewhat stabilized. [redacted] said [redacted] also managed to get to the main security office, and was there with [redacted] and another detective (presumably with BPD). It was then that they were looking for footage to determine the path of travel Nicholas and Skylar took away from the hospital. When I asked, [redacted] said he believed the incident wasn't yet stabilized, presumably due to the continuing activity of BPD, Garden City Police, and ACSO units clearing more areas of the hospital.

Speaking of the overall incident, [redacted] said it took him probably 40 minutes after the shooting began to calm down – explaining it was then, after looking at security video, that he realized Nicholas hadn't intended to shoot people at the hospital, but was instead focused on aiding in Skylar's escape.

When I asked if there was anything [redacted] thought might be important, which I hadn't asked, he said he had a copy of his St. Al's incident report. [redacted] said I could contact one of the security supervisors who would likely be able to send it along. It should be noted that I was able to gather a copy of that report (see attached).

Continuing, [redacted] said he remembered getting a hold of the St. Al's security command center, prior to knowing the shooting was over, and remembered [redacted] called a 'Code Silver' (St. Al's hospital code for an active shooting / highest threat incident). [redacted] said he believed the shooter was in the building, so he advised security command to lock down the entire facility.

At that, I asked who was on exterior patrol that night. [redacted] said it was [redacted], whom I later spoke with (see below). When I again asked if there was anything else [redacted] thought might be important, he spoke about his incident report and noted that with all of the chaos of the event, it was difficult to write, but he hoped would be helpful.

After answering some questions [redacted] had about how the criminal and CITF investigations were run, and if he'd be called as a witness, I thanked him for his time and ended our conversation.

[redacted]:

After introducing myself, explaining my role in this investigation, and collecting his contact information, I asked if [redacted] would be able to walk me through his version of events from the incident.

[redacted] began by explaining his normal duty is that of security shift supervisor, for onsite staff. On March 20, he worked in that capacity from 1800-2300 hours, at which point he transitioned to a secondary role as a Patient Security Attendant (PSA). [redacted] said he takes that extra shift on most Tuesdays, from 2300-0700, for additional income.

At the time of the incident, [redacted] was working as a PSA, sitting with a patient in ED Exam Room #4, and as such, wasn't wearing soft body armor. [redacted] was walking back to the room, he thought at approximately 0215 hours, after getting the patient a cup of water. As he walked by the ambulance bay doors, [redacted] said he looked outside and saw what he recognized as an IDOC officer (Chris), near the outer bay door. When he looked more closely, [redacted] said it appeared that Chris was just standing there (presumably facing away from the door). [redacted] said he didn't see Chris pulling anybody or holding a gun, but noted it was difficult to see clearly through the tint that was on the glass of the doors.

After taking a few steps back toward his patient, [redacted] said he turned around, but didn't remember exactly why. When he did, [redacted] saw Chris dragging Dan into the ED, by his arm. At that point, [redacted] took a few steps away from the door, set the water cup down on a computer, turned around, and walked back to Chris and Dan. When he did, Chris said something to the effect of, "We've been shot at. We're being shot at."

At that point, two other security staff members ([redacted] and [redacted] arrived in the ED, as they'd been

summoned by radio, by the ED unit clerk. [redacted] and [redacted] went to help Dan, and [redacted] went to the clerk's desk. Noting he didn't have any of his security equipment (soft body armor, radio, etc…), [redacted] said he needed to get to a radio so he could advise the security command center about what was occurring – to call a 'Code Silver.'

After getting a radio, [redacted] said he went to ED Exam Room #10, which is directly east of the charge desk – the first exam room on a person's left, as they enter the ED. From there, standing behind a concrete column, [redacted] said he had a direct line of sight to Chris, Dan, [redacted] [redacted] and the ambulance bay doors.

Once in that position, [redacted] said he radioed the security command center, called for a 'Code Silver,' advised shots had been fired, and began the hospital lockdown protocol. A few moments after that, one of the nurses told [redacted] and [redacted] that they needed to get Dan out of the line of fire. As such, they pulled Dan toward the trauma bay area.

After doing that, [redacted] left the ED, to get to the camera control area (for information gathering), [redacted] took cover behind the ED clerk's desk, and [redacted] remained where he was. Chris set himself on the west corner of the ambulance bay entryway. When [redacted] asked him to give a suspect description, Chris said something to the effect of, "White male, tall, goatee or beard, and dark-colored hat or ball cap." [redacted] relayed that information to his command center, to forward to incoming police units.

Shortly after that, [redacted] said he saw another IDOC officer (Elijah) come to the ambulance bay door. Elijah was injured and Chris called for the door to be opened. [redacted] noted being concerned that doing so would let whoever shot Elijah and Dan into the ED, to shoot more people. However, the door was opened (by a nearby nurse), and Elijah, who essentially fell to the floor; and was quickly moved to another trauma bay.

[redacted] maintained his position at ED Exam Room #10, and Chris held his position at the west corner of the ambulance bay entryway. Just noted that, after a few moments, Chris got his cell phone out and made a call, which he ([redacted] thought was ill-advised, because as he was the only person with a gun, Chris was the last line of defense against a shooter being able to get into the ED. [redacted] believed that Chris called his IDOC chain of command, to advise of the situation. However, not having any ballistic protection, [redacted] stayed where he was. He also noted that he didn't see Thomas (IDOC Officer Edwards) come up to the ambulance bay doors and didn't know he was there, until the incident was effectively over.

[redacted] explained that, as he watched Chris make his phone call to IDOC, he (Chris) would intermittently extend and retract his firearm, pointing it towards the ambulance bay doors – while still talking on the phone. He also noted that Chris would walk around in a small area, taking his eyes and focus off the ambulance bay doors, and not facing the threat area.

At one point, a short while later, [redacted] said he saw Chris on the edge of the ambulance bay entryway (looking out the door), he heard what sounded like one round being fired, through the ambulance bay doors, from outside. At that, Chris took a step back, and [redacted] saw something on Chris' eye, which was red and gave the impression of having been struck in the face with great force. He remembered thinking, "Damn. He just got shot in the eye." [redacted] also heard Chris say something to the effect of, "I think I've been shot. I think I've been shot in the head."

Someone ([redacted] didn't know who) confirmed Chris had been shot, after which he said something to the effect of, "I'm gonna die. I'm gonna die right now." [redacted] remembered being concerned that the only man with a gun, who could effectively defend the ED, was going to die – not knowing that Thomas was still in the area and had his firearm. However, as he turned out not to be badly injured, Chris remained upright and alert, but went to the trauma bay doors and beat on them, demanding to be let in, which he was. At that point, [redacted] thought there was nobody to protect the ED – again, not noting Thomas was on the east side of the ambulance bay entrance.

Continuing, [redacted] said other ED staff had called 911, unbeknownst to him, and said there were more shots fired, giving information that the shooter was now inside the ED. Shortly after that, he heard the ambulance bay doors glass being broken. Thinking the shooter was determined to get into the ED and shoot them, [redacted] radioed to [redacted] looking for BPD. To his relief, [redacted] advised it was actually BPD that was breaking the glass, and not the shooter.

After they made entry and [redacted] identified himself, the officers asked about the suspect (not knowing it was Chris they were asking about). When they were advised the person who was shot was an IDOC officer, [redacted] said he remembered hearing one of the BPD officers swearing, likely because of the case of mistaken identification – though it should be noted the given suspect description largely matched that of Chris, and information was also given that the shooter was inside the ED.

At that point, [redacted] radioed St. Al's security staff, (mistakenly) saying the shooter actually was inside the ED, and was headed for Pod 4 – an area designator which was given to the back (south) side of the ED. Hearing that, [redacted] gave that information to BPD Lt. Witmuss. BPD officers move to the area, with [redacted] in tow, and cleared the area. After doing that, BPD officers began to formulate a plan to clear the larger area.

It should be noted that, when [redacted] later spoke with him, [redacted] said he radioed about the shooter being in the ED, because that's what he was told by the BPD officers who were with him, at the 'toll booth' security office. Again, [redacted] said that when [redacted] relayed that information to him, he told BPD officers in the ED, in turn, which prompted the follow-up clearing efforts.

After explaining how he followed BPD officers for a time, helping to open locked spaces and trying to relay any available information, [redacted] said he was able to break free and get a ballistic vest for himself, then went to the main security office, to help in the efforts to retrieve security video and scour it for any information about the incident. He said, after looking at the video, they were able to confirm that Nicholas and Skylar were shown leaving the ED area, and subsequently the St. Al's campus.

After confirming his position in the ED was just inside Exam Room #10 and that he didn't see Thomas run to the ambulance bay entry, I paraphrased [redacted] account, to ensure I understood it correctly. [redacted] said I had, and again explained that he stayed in Exam Room #10 for the entirety of his involvement (until he helped BPD clear the area), because he was unarmed and had no soft body armor. I also confirmed that [redacted] [redacted] and [redacted] were in the ED, and [redacted] [redacted] (see below) was the exterior patrol officer.

When I asked if there was anything I hadn't mentioned or asked about that he thought might be important, [redacted] said, based on his 10 years in law enforcement, he felt that St. Al's security staff should have found a way to relay to incoming BPD units that there was an armed IDOC officer who was covering the ambulance bay entrance. He said, "The description that (Chris) Wilske gave me, of the suspect, kind of matched him." Essentially, [redacted] relayed what Chris told him, which he felt directly contributed to Chris being (mistakenly) identified as the shooter and having been shot himself. [redacted] felt if St. Al's security staff could have helped prevent Chris being shot.

After ensuring that he had no questions for me, and explaining that I was fairly certain internal IDOC discussions would address that same point, I thanked [redacted] for his time and ended our conversation.

[redacted]-[redacted]

At the outset of our conversation, [redacted] said he hadn't spoken to any law enforcement investigators, and that he wasn't on scene for the first shooting (Skylar's escape), but was there for the second one (when Chris was shot).

When I asked if he could explain what he knew, [redacted] said he was across the street (N. Curtis Rd.) when he was radioed (by [redacted] and warned not to respond via the ambulance bay (which is their typical response point), but instead to go to the main ED entrance (S1), which he did. It should be noted that [redacted] later clarified that he was across the street, conducting a security check on some medical offices, which are located at 1000 N. Curtis Rd., that St. Al's owns and operates.

Once in the ED, [redacted] said he saw Chris and Thomas standing on either side of the ambulance bay entrance, with their guns pointed out the doorway, towards the bay itself. As [redacted] watched, he saw Chris talking on his phone for a few moments, before he heard a gunshot ring out, followed by Chris yelling that he'd been struck.

Thinking Chris had been shot by an assailant who was trying to do harm to hospital staff members (or IDOC officers) and not having the proper equipment (presumably a firearm) to respond, [redacted] said he moved toward ED Exam Room #9, where he saw some staff members congregating. He directed them into the exam room, closed the door, then ran back to the main ED entrance (S1), to get away from the shooting.

When he got to the main ED lobby, [redacted] said BPD officers made entry and asked him for about the ED layout, the incident, and any pertinent locations he could give (personnel, shooter, etc…). After that, BPD officers began their clearing efforts for the ED, sending staff members back to the ED entrance, as it was designated a clear area. When they did that, [redacted] said he escorted personnel to various rooms and told them to turn the lights out, sit on the floor, and lock the door.

[redacted] noted that, after the staff members had been secured, he stood by the door (on the ED side), and maintained security until BPD had cleared the ED. At that point, [redacted] notified staff it was safe to go back to the ED and resume any necessary duties, while he joined BPD officers to help clear other areas of the hospital.

At that point, I asked [redacted] to explain what he saw when he arrived at the ED. He said the area was largely cleared out, and as such, he told the patients / staff he found to stay where they were (closing the drapes and doors as he left them), as it wasn't fully known what had happened. He said the exam room he did that for (#9) was close to the front of the ED (near the ambulance bay door).

Continuing, [redacted] said he hadn't heard, at that time, that BPD had arrived – because St. Al's staff didn't have communication with them – and again said it was shortly after he secured the exam room that he heard the (rifle) shot come through the ambulance bay doors, striking Chris. After confirming that he saw Chris' face was bleeding as he was yelling about being shot, [redacted] said he went to the ED triage area, where he saw BPD officers.

[redacted] didn't help run the cameras, as other staff members ([redacted] and [redacted] were already doing that. After he confirmed that he didn't help clear any of the ED before helping other staff members shelter in place, [redacted] said he stayed where he was, so if any shooters came to the area, he could lead them away from the ED staff (i.e., entice them to chase him and pass them by). He noted that, when BPD officers arrived, that plan changed and he helped them clear the non-service areas, x-ray areas, etc… (after sending ED staff back to their posts).

When I asked, [redacted] said he didn't go into any of the exam rooms, aside from just far enough to direct the occupants to shelter in place. I also confirmed that [redacted] didn't see other security staff when he arrived – as he explained finding out later that [redacted] was hiding in the area (in exam room #10), and others had already moved out of the area. [redacted] also confirmed that he didn't call 911, as several other people already had, and he wanted to see if there was anything else he could.

When I asked if there was anything he thought might be important for me to know, [redacted] said he felt St. Al's security staff did a pretty good job in trying to get the area as secure as possible and getting information to BPD. After speaking a bit about camera systems, [redacted] said suggestions had been made about upgrading some of the cameras to a pan-tilt-zoom (PTZ) format, to be able to get license plates, face, and more detailed images.

After gathering [redacted] contact information and ensuring that he had no questions for me, I thanked him for his time and ended our conversation.

[redacted]

When I spoke with [redacted] I explained the purpose for my contact and confirmed she was still in nursing school and was interning at the ED, on the night of the incident. After explaining the generalities of my and BPD's investigation and collecting her contact information, I asked if [redacted] could walk me through what she remembered, from that night.

Though [redacted] said she didn't really have much to say, she explained that she was part of Skylar's care team, on the night of the incident. She said, when Skylar came in, he was rolling around in pain, complaining about having swallowed razor blades. When imaging showed he hadn't swallowed anything of the sort, [redacted] said the doctors became upset and left the exam room. Subsequently, Skylar was taken for a Computed Tomography (CT) scan, and she went back to and ED staff area, known as 'the pit.' She later clarified that 'the pit' was a room in the area of the ED lobby, which was used for triaging patients (near the S1 entrance and 'toll booth' security office). As such, it was outside the ED proper.

After a few hours of normal ED operations, [redacted] said a nurse came to where they were and told them that Skylar had gotten one of the IDOC officers' guns and was shooting, but didn't really know. At that, [redacted] said she and another nurse got up and ran towards the area, turning near Exam room #15 and the bathroom, into the main ED hallway, which leads to the ambulance bay door.

[redacted] said, as soon as they turned the corner, they saw Dan lying on the floor, with blood around him. At that, the nurse [redacted] was with looked to another nearby nurse ([redacted] [redacted] and directed her to take [redacted] into the bathroom and lock the door. [redacted] got a physician's assistant ([redacted] and the three of them went into the bathroom.

[redacted] said she and [redacted] were in the bathroom for probably 90 minutes total, and ended up calling 911; adding that [redacted] left the bathroom at some point, but she wasn't sure when. [redacted] also said she'd looked up Skylar's information (presumably previously in the shift), so she was able to pass along what she remembered to a dispatcher.

Though she said it was a blur, [redacted] said she and her nurse left the bathroom at one point, but quickly ran back inside and locked the door, after hearing more gunshots – likely when Chris was struck. She said that was when they told 911 dispatch that the shooter was inside the ED, because they didn't think officers would shoot inside the building. The other nurse stayed on the phone, talking to dispatch, which upset [redacted] because she thought being quiet was a better option for keeping them safe.

[redacted] said, after being in the bathroom for what felt like a very long time, officers opened the door and contacted them. She said the officers didn't announce themselves and yelled at them to put their hands up – which seemed to upset her, as she said it could have been the shooter who was opening the door. After being moved to another room in 'the pit' (the QLT room) by officers, along with other staff members, they locked the door and stayed there for some time. [redacted] also said that, while in the QLT room with other staff members, they barricaded the door. It should be noted this was the room that [redacted] stood watch on. [redacted] remembered hearing the hospital announcement of the facility being on lockdown and texting her husband that there was an active shooter in the hospital, while she was in that room.

After some time, [redacted] remembered being gathered with other nurses, and sent to back to the ED for a general operational huddle, while officers maintained security on the area. Shortly after that, [redacted] said doorways were opened up, and patients were walking around the halls, while officers were still there, with their guns visible, and said nobody was checking to make sure the people coming into the ED were not threats. [redacted] said she was confused and upset about that, noting it didn't help anyone to feel safe. It should be noted that, when the group was let out of the QLT room, [redacted] told them it was safe to go back to the ED, and the threat was no longer on site; though it appears she may not have heard.

Continuing, [redacted] said, when was off duty and was supposed to go to her vehicle, she asked police why she would go outside, if people were trying to kill them. At that, she was told (again) that the shooter was off site for a couple of hours. [redacted] said she was confused about being locked in a room for hours, after officers contacted them, knowing the suspects weren't on site any longer. Again, it appeared that she may not have heard the update given to the group, or may have been suffering from some mild auditory exclusion, as by her description of events, it seemed she was notably upset. It also appears that she may have some recollection confusion and/or temporal distortion, based on her estimation of time.

At that point, I shared some information with [redacted] about the generality of the incident and its response, to help clarify some of her confusion. While I couldn't share a great amount of detail, I suggested that she ask her supervisors about perhaps what to expect from police, during an emergent situation, for future reference.

Continuing, I confirmed [redacted] location at the outset of the incident, the path she took into and out of the ER, and that she hid with [redacted] and [redacted] in the bathroom. She clarified that she was in ED Exam Rm #14 for a short while, before moving to the bathroom, and that when the group stepped out of the bathroom, they heard the rounds fired by BPD officer Anderson, and immediately went back inside –

adding that was the point when [redacted] separated from them and, she believed, left the ED. [redacted] also said it was when she and [redacted] went back into the bathroom that they called 911 and said the shooter was inside the ED. [redacted] also noted that, after being released and sent back to the ED, she stayed for about an hour before being released to go home.

When I asked if there was anything [redacted] felt might be important, which I hadn't asked, she said there wasn't, other than not understanding police operations – adding (almost dismissively) something about the biggest threat to them (ED staff) may have been officers shooting in the hospital. Though saying she assumed officers did what they were supposed to do, [redacted] again complained that when the ED was opened for service and people were allowed back into the area, police were simply walking around, not guarding anything – again noting that she felt unsafe when that happened. Essentially, [redacted] wanted to have information broadcast to staff members, as she said they weren't aware it was safe, that Nicholas was gone, and said communication could have been better about that stuff.

After ensuring she didn't have anything else and had no questions for me, I thanked her for her time and ended our conversation.

[redacted]

After some difficulty getting a hold of [redacted] I was finally able to speak with him. At the outset of our conversation, I explained my purpose and asked if he could share what he witnessed.

He began by clarifying that he was working as an interior security officer, walking the facility, and responding to any area which needed assistance. A few moments before the incident began, [redacted] was returning to the main security office, from the South Tower. After hearing radio traffic summoning security staff to the ED, [redacted] responded.

When he got there (through the double doors which lead to the S2 entrance), [redacted] saw Chris pulling Dan into the ED from the ambulance bay, yelling that he'd been shot. At that, [redacted] said he went to [redacted] who was working as a PSA, and asked what he needed to do. [redacted] said they needed to broadcast a 'Code Silver' alert and advise there was a shooter on campus (as Chris relayed), which [redacted] did.

Noting that he didn't have the proper equipment (i.e., soft body armor), [redacted] said he noticed that nursing staff had begun to help Dan and moved him to a trauma bay – adding that Chris, who had a firearm, went with them. As he didn't feel he could do anything to help, [redacted] went to the main security office (at the S2 South Tower entrance), to help look for information on the camera system. [redacted] said he was more confident he could help in that capacity, and knew that BPD would want as much information as possible, at and prior to their arrival.

When he got there, [redacted] radioed his location, and began searching the surveillance system, looking for the

shooter. He also remembered radioing that BPD had arrived in the ambulance bay (before Chris was shot), and said he remained in the main security office for the rest of the incident, helping gather video footage and information. [redacted] said he was able to confirm and advise (between 5-10 minutes after the incident began) that Nicholas and Skylar left St. Al's campus by driving west on W. Curtisian Ave., then south on N. Liberty St. After that, [redacted] wasn't able to see if they drove east or west on W. Emerald St., though it was later confirmed that they drove west.

At that point, I paraphrased [redacted] account, to ensure I understood it correctly, [redacted] confirmed he entered the ED through the staff entrance, which was directly south of the ambulance bay doors, at the end of the main hallway. I also confirmed that it was [redacted] who was in Exam Room #10, who he asked for direction, and who called the 'Code Silver' alert. [redacted] again said he didn't help with moving Dan to the trauma bay, because he didn't want to cross in front of the ambulance bay doors, not having body armor.

After confirming that I understood his version of events correctly, [redacted] said he was also the person who was internally broadcasting information to St. Al's staff, as he gathered it from video footage and camera observation. [redacted] said he was the one who relayed that it was BPD officers in the ambulance bay and not a threatening shooter. [redacted] also explained that no BPD officers had St. Al's radios prior to entering the hospital – he said they only got one from a security officer, after they came inside. When I asked, [redacted] said he didn't believe BPD's radios were able to get the frequency to be able to speak with St. Al's staff.

At that point, I asked if there was anything [redacted] thought might be important, which I hadn't asked. He explained that, based on his opinion, it would be important for BPD to have access to St. Al's radio channels in the future; especially based on how frequently they respond to the hospital. [redacted] noted that would help avoid some confusion in the future, in addition to mitigating staff panic.

[redacted] also spoke about how St. Al's security staff conducted internal talks about listening more closely to their radio traffic, which would help with overall confusion and miscommunication. He believed there was bad information being given to BPD, because St. Al's security staff wasn't listening closely enough. When I asked, [redacted] said he believed that one of the St. Al's security staff (or perhaps an IDOC officer) told BPD that the shooter was inside the ED (as did [redacted] and [redacted] which wasn't true. He believed the aforementioned issues led to Chris being shot…and may possibly have been avoided.

[redacted] went on to say that he believed Chris was in shock, after dragging Dan into the ED, based on his physicality, lack of muzzle control, and overall demeanor. While he understood that people can't control being in shock, he felt Chris may not have been aware of what he was doing, to an extent, which apparently could also have contributed to the overall outcome.

When I asked, [redacted] didn't have anything else. He said he thought things were handled correctly, based on the information that was available during the incident. [redacted] believed BPD officers acted appropriately, and that IDOC officers and St. Al's security staff did the best they could, with the training they had. He also said that it was evident to him, after reviewing the video footage and seeing Nicholas waiting in the

parking lot for some time, that Skylar's escape was planned. [redacted] realized that confronting Nicholas would have likely ended up in security staff being shot themselves – as they are not armed and oftentimes don't wear ballistic armor.

After assuring him that was indeed likely, collecting his contact information, and ensuring he had no questions for me, I thanked [redacted] for his time and ended our conversation.

ADDITIONAL INFORMATION:

The above interviews were conducted in coordination with BPD detectives. Per our delegation of tasks, Detectives Jagosh and Hartje conducted interviews with 15 other St. Al's employees who were on scene at the time of this incident. When they complete and document those interviews, I will be given a digital copy of their supplement, which itself will be added to this report, via supplement.

No further.

Narrative

SUPPLEMENTAL:

On Wednesday, March 20, 2024, at approximately 0338 hours, I was activated as an investigator for the Ada County Critical Incident Task Force (CITF). Per Detective Sergeant Weires, I was tasked with responding to the scene of an officer-involved shooting, which occurred at the St. Alphonsus Regional Medical Center (1055 N. Curtis Rd., in Boise).

My previous supplements explained the nature of the known information about the incident, Skylar Meade and his escape (which was facilitated by his accomplice, Nicholas Umphenour), and my interviews with IDOC and St. Al's staff.

This supplement is simply to provide documentation of additional interviews, which were conducted by BPD detectives as previously mentioned in the delegation of tasks. As such, the associated BPD supplements have been attached to this supplement as Adobe PDF documents.

Please note that, as I didn't conduct the interviews, I have no recordings of the conversations. However, it is my understanding that they are synopses of recorded conversations and are neither intended nor put forth as complete transcriptions. See digital files (on related DR BPD2024-404133) for complete audio.

ADDITIONAL INFORMATION:

At the time of this supplement, there are still eight remaining staff members that BPD detectives are trying to speak with. If they are successful in doing so, I will be provided PDFs of those interviews and will attach them to a subsequent supplement.

No further.

ATTACHMENTS:

Copies of BPD supplemental interviews.

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/29/2024 at 16:02p.m. I received a phone call and spoke to [redacted], who informed me she is employed by Saint Alphonsus as an emergency room technician, assigned to the emergency department. [redacted] continued by saying her scheduled shift for the date of the incident was 19:00 p.m. on 03/19/2024 until 07:00 a.m. 03/20/2024. [redacted] said that the patient, Skylar Meade had been admitted to the emergency department as a priority one trauma patient due to the fact he had ingested razor blades. [redacted] explained to me she had no direct contact with Skylar, who had been placed within room twelve. However, she elaborated by saying that she had stopped by the room at one point just to check in out of curiosity to determine if Skylar had in fact ingested razor blades.

[redacted] said once she had stopped by, she described the situation as "a lot of acting going on". [redacted] continued by saying she had noticed Skylar was wearing civilian clothing which she found to be odd. [redacted] explained to me that she had previously treated maximum security patients, who were always wearing an inmate uniform. I asked [redacted] to described Skylar's demeanor at which time she described him to appear on edge and continually looking around. [redacted] elaborated by saying it appeared as though, knowing what she knows now that he was attempting to determine if those around him knew of his planned escape. Ultimately, it was determined Skylar had not ingested any razor blades. During this period of time, [redacted] described Skylar as repeatedly making statements similar to I need to leave, I need to get out of here, etc.

[redacted] said from her understanding, Skylar was ultimately discharged from the emergency department against medical advice. A short period of time later, [redacted] recalled hearing over the radio that an inmate was returning to the emergency department. Upon hearing this, [redacted] described herself beginning to walk towards the nurse's station and in the process of doing so, observed an Idaho Department of Corrections, correctional officer lying in the hallway. [redacted] later identified this correctional officer and Daniel Lopez. [redacted] described Daniel as being on his cell phone but was unable

to provide any details regarding the conversation. [redacted] continued by saying Daniel was ultimately brought into the trauma bay, at which time she began providing him medical care.

While within the trauma bay, [redacted] informed me she heard additional gunfire and what sounded like bullets ricocheting either within or against the emergency department building. Additionally, two other correctional officers were brought within the trauma bay who had also been injured. [redacted] continued by saying she continued to provide medical treatment until Daniel was ultimately transported to the operating room. No further information of evidential value was obtained at this time. I asked [redacted] to call me with any additional information, she believes would be relevant, which she agreed to.

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/02/2024 at 15:16 p.m. I called and spoke to [redacted] who informed me she is employed by Saint Alphonsus as a registered nurse, assigned to the emergency department. [redacted] continued by saying her scheduled shift for the date of the incident was 19:00 p.m. on 03/19/2024 until 07:00 a.m. 03/20/2024. [redacted] continued by saying she was present when Meade arrived and was under the impression he had been transported due to the fact he had ingested unknown medication and razor blades. [redacted] informed me upon arriving Meade was in some form of restraints, which were ultimately transferred to a hospital bed while he received medical treatment.

[redacted] described Meade as being an "asshole" and "smug" while medical staff attempted to provide him medical treatment. [redacted] continued by saying while receiving medical treatment Meade informed them that he hadn't swallowed razor blades and made several comments similar to "I need to go". [redacted] informed me she had been made aware of Meade's blood results indicated he had ingested several prescription medications to include Ibuprofen. During this period of time, Meade began to decline medical treatment and was ultimately discharged.

[redacted] continued by saying a short period of time later, she observed an Idaho Department of Corrections correctional officer laying near the northern emergency department entrance doors. These entrance doors are located within the ambulance bay and frequently used for emergency services, law enforcement, etc. to enter and exit Saint Alphonsus. I asked [redacted] if the correctional officer made any comment towards medical staff, at which time she informed me they had made a comment similar to "I've been shot". During this period of time [redacted] described another correctional officer who had remained within Saint Alphonsus inform medical staff there was an armed individual shooting at them.

[redacted] described herself, [redacted] [redacted] [redacted] and [redacted] approaching the correctional officer who had been shot and subsequently transporting them into the

trauma bay. Upon entering into the trauma bay, [redacted] informed me she along with additional medical staff began providing medical treatment to the correctional officer. While providing medical treatment, [redacted] described hearing rounds impacting the exterior of the building and additional gunfire. [redacted] continued by saying on or around a minute later a second correctional officer entered into the trauma bay and also began receiving medical treatment. [redacted] informed me a short period of time later a third correctional officer entered into the trauma bay and informed them they had been shot. [redacted] elaborated by saying she later learned the third correctional officer had been shot by law enforcement. [redacted] continued by saying ultimately the third correctional officer was transported to a separate trauma bay. No further information of evidential value was obtained at this time.

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/10/2024 at 160:06 p.m. I called and spoke to [redacted] who informed me she is employed by Saint Alphonsus as a registered nurse, assigned to the emergency department. [redacted] continued by saying her scheduled shift for the date of the incident was 19:00 p.m. on 03/19/2024 until 07:00 a.m. 03/20/2024. [redacted] informed me that she had entered into Meade's room on several occasions and described him as "strange". When asked to elaborated, [redacted] described Meade as being overly talkative and amped and at one point referring to her as a "pretty little thing". [redacted] informed me after this comment was made, she left the room and had no further direct interaction with Meade.

[redacted] continued by saying she later saw Meade being discharged and transported out of the emergency department, through the northern emergency department entrance doors. During this period of time, [redacted] described being positioned near room thirteen within the emergency department. A short period of time later, after Meade had departed the emergency department, [redacted] described hearing a "scuffle". I asked [redacted] clarify what she meant when she described hearing a scuffle. [redacted] informed me that she heard several loud noises, which were possibly gunshots. [redacted] continued by saying while hearing these several loud noises she ducked down and others within the emergency department began to panic. [redacted] explained to me the following sequence of events were a "blur" but she was aware several coworkers had called emergency services. I asked [redacted] if she was able to identify those coworkers who called emergency services, at which time she identified them as [redacted] and [redacted]

At some point, [redacted] explained to me that she had heard over the radio someone had been shot. Upon being notified over the radio that someone had been shot, [redacted] described herself as making her way to the trauma bay and entering into it. [redacted] continued by saying there were two patients within the trauma bay which she believed coworkers had dragged into the trauma bay, prior to her arrival. [redacted]

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/08/2024 at 17:11 p.m. I called and spoke to [redacted] who informed me she is employed by Saint Alphonsus as a registered nurse, assigned to the emergency department. [redacted] continued by saying her scheduled shift for the date of the incident was 15:00 p.m. on 03/19/2024 until 03:00 a.m. 03/20/2024. [redacted] informed me that due to the circumstances, she ultimately worked until 04:00 a.m. on 03/19/2024. [redacted] continued by saying she had no direct interaction with Meade, while he was receiving medical treatment. However, [redacted] described passing Meade's room on a single occasion at which time she believed he was waiting to be discharged. [redacted] indicated that during this period of time, she felt a "heavy energy" and at one point briefly made eye contact with Meade. After making eye contact with Meade, [redacted] said she turned away from him and ultimately departed the area intending on returning to pod four, which was her assigned area. [redacted] elaborated by saying pod four included several patients, some of who were in critical condition.

While providing medical treatment to her assigned patients, [redacted] said she became aware that a "guard" was laying on the floor within the emergency department near the northern emergency department entrance doors. [redacted] described the guard repeatedly informing medical staff that "I've been shot". [redacted] continued by saying she observed a streak of what she believed to be blood on the floor leading out towards the ambulance bay, which led her to believe they had been dragged inside the emergency department. [redacted] described several medical staff members approaching the guard, assisting them to their feet and proceeding to place them on a gurney. [redacted] informed me that she ultimately returned to her assigned area due to the fact several of her patients were in critical condition.

While providing medical treatment to the patients within her assigned area, [redacted] described hearing over the radio that more medical staff was needed within the trauma bay. [redacted] informed me this was due to the fact an additional guard had been injured. [redacted] continued by saying upon hearing this she made her way to the trauma bay, at which time she had a conversation with [redacted]

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/02/2024 at 16:09 p.m. I called and spoke to [redacted] who informed me she is employed by Saint Alphonsus as a registered nurse, assigned to the emergency department. [redacted] continued by saying her scheduled shift for the date of the incident was 19:00 p.m. on 03/19/2024 until 07:00 a.m. 03/20/2024. [redacted] began by informing me she had no interaction with Meade, while he was receiving medical treatment.

[redacted] continued by saying during her shift, she was assigned a nursing student who she identified as [redacted] described walking with [redacted] in the vicinity of room thirteen or fourteen after Meade had been discharged. [redacted] said over the radio she heard someone indicate Meade was returning to the emergency department and a short period of time later observed she observed an Idaho Department of Corrections correctional officer laying near the northern emergency department entrance doors. I asked [redacted] a clarifying question, whether the correctional officer was inside the emergency department when she observed them, which she confirmed. [redacted] continued by saying the correctional officer informed them they had been shot, at which time [redacted] placed [redacted] into either room thirteen or fourteen and instructed her to remain there, while accompanied by [redacted]

[redacted] explained to me she had little to no memory regarding her movement from room thirteen or fourteen to the charge desk but did recall an unknown individual repeatedly exclaim to get down. Additionally, [redacted] said while the unknown individual repeatedly exclaimed to get down, she also heard gunfire erupt. [redacted] continued by saying she along with several coworkers proceeded to approach and drag the correctional officer into the trauma bay at which time she began to provide them medical treatment. A short period of time later, a second correctional entered into the trauma bay at which time [redacted] informed me she ceased providing medical treatment to the first correctional officer and began providing medical treatment to the second correctional officer.

While providing medical treatment to the second correctional officer, [redacted] described hearing

gunfire and elaborated by saying she heard at least two gunshots. [redacted] explained to me she later learned that the entrance doors located within the ambulance bay and frequently used for emergency services, law enforcement, etc. to enter and exit Saint Alphonsus were malfunctioning and repeatedly opening and closing. [redacted] indicated at the time this was occurring she and her coworkers within the trauma believe the opening and closing of the doors to be gunfire. [redacted] continued by saying while medical treatment was being provided to the first and second correctional officer, she and her coworkers had a discussion regarding barricading the doors. Ultimately, the doors were barricaded with items contained within the trauma bay.

[redacted] described hearing over the radio that a third officer had been shot and a short period of time later an unknown individual knocked on the door. [redacted] informed me a coworker partially opened the door at which time they determined the unknown individual to be a third correctional officer. The door was briefly un barricaded and the third correctional officer entered into the trauma bay and said something similar to "I think I've been shot in the head". [redacted] described the third correctional officer as still being in possession of their firearm, which was ultimately removed from them. [redacted] continued by saying ultimately law enforcement entered into the trauma bay through the use of a recess bay. A short period of time later [redacted] described the three correctional officers being transported from the emergency department to receive additional medical treatment.

[redacted] wanted it to be know that she was previously employed by the Idaho Department of Corrections, as a registered nurse for a period of six years. [redacted] said during this six-year period she testified during a trial for an Aryan Knight member who was ultimately convicted. [redacted] didn't believe this incident was some form of retaliation but wanted law enforcement to be aware of her prior history. No further information of evidential value was obtained at this time.

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/03/2024 at 15:02 p.m. I called and spoke to [redacted] who informed me she is employed by Saint Alphonsus as a registered nurse, assigned to the emergency department. [redacted] continued by saying her scheduled shift for the date of the incident was 19:00 p.m. on 03/19/2024 until 07:00 a.m. 03/20/2024. [redacted] began by informing me she had no interaction with Meade, while he was receiving medical treatment. However, [redacted] described passing Meade's room on several occasions during which she had an uneasy feeling. [redacted] continued by saying she was aware there was a second Idaho Department of Corrections inmate within the emergency department, while Meade was present.

[redacted] informed me she, another nurse and a nursing student had been within the triage area of the emergency department, which is adjacent to the emergency department main entrance. [redacted] described walking with the nurse and nursing student, in the vicinity of room. fourteen after Meade had been discharged. [redacted] said over the radio she heard someone indicate the inmate is coming to the emergency department. [redacted] described observing observed an Idaho Department of Corrections correctional officer laying near the northern emergency department entrance doors. [redacted] described the correctional officer as saying something similar to I've been shot and observed another correctional officer positioned near the northern emergency department entrance doors. [redacted] informed me the correctional officer positioned near the northern emergency department entrance doors said something similar to he's got a gun.

[redacted] described the nurse who had accompanied her as beginning to move towards the correctional officer who had indicated they had been shot, as she entered into an adjacent bathroom with the nursing student. Upon entering into the adjacent bathroom, [redacted] said she proceeded to lock the door and a short period of time later she heard what she believed to be three gunshots from within the emergency department. [redacted] continued by saying she proceeded to call emergency services and notify

Narrative

The below text is a summary of the events surrounding this investigation

On 04/02/2024 Detective P. Jagosh asked that I interview medical staff who are employed by Saint Alphonsus and present during this incident. On 04/03/2024 at 15:53 p.m. I called and spoke to [redacted] who informed me he is employed by Saint Alphonsus as a registered nurse, assigned to the emergency department. [redacted] continued by saying his scheduled shift for the date of the incident was 19:00 p.m. on 03/19/2024 until 07:00 a.m. 03/20/2024. [redacted] began by informing me that from his understanding Meade had been transported to the emergency department as priority one or two trauma patient due to the fact he had ingested razors. [redacted] continued by saying x-rays later showed there were no razors present.

[redacted] informed me that [redacted] was assigned as Meade's primary registered nurse and elaborated by saying Meade was within room twelve. [redacted] continued by saying on 03/20/2024 between 01:00 a.m. and 01:30 a.m. he described Meade as becoming more agitated. [redacted] elaborated by saying additionally, Meade appeared to be speaking "aggressively" towards [redacted] but he was uncertain as to what was being said. [redacted] informed me he was within room twenty-two providing medical care to a patient when he heard yelling and ultimately exited the room. Upon exiting the room, he observed "Jackson" lying near the nurses station. [redacted] indicated it was later determined Jackson had suffered two penetrating injuries.

I asked [redacted] what occurred after he had observed Jackson lying on the floor, at which time he described himself as securing the rooms assigned to pod three by turning off the lights and closing the doors. [redacted] continued by saying after he had secured the rooms assigned to pod three, he entered into the trauma bay and began providing medical treatment to Jackson. [redacted] informed me he provided medical treatment to Jackson as several coworkers physically held the trauma bay doors closed to prevent anyone from entering. During this period of time [redacted] heard what he believed to be four gunshots from an unknown location. [redacted] said an additional Idaho Department of Corrections correctional officer was brought into the trauma bay at which point he relieved the coworkers who had physically been holding

the trauma bay doors closed, while place one of the correctional officers ballistic vests between him and the door.

[redacted] continued by saying while at the trauma bay doors a third correctional officer was brought into the trauma bay, through the recess bay. [redacted] described the third correctional officer as saying something similar to I've been shot in the head and still in possession of their firearm. [redacted] described his coworker, [redacted] as removing the firearm from the third correctional officer and proceeding to unload the magazine and remove the chambered round. [redacted] informed me he remained at the trauma bay doors until he felt pressure against them, as though someone was attempting to physically force the doors open. [redacted] continued by saying this pressure was ultimately determined to be law enforcement. Upon law enforcement entering into the trauma bay, [redacted] described being escorted to labs at which point he collected blood and returned to trauma bay. No further information of evidential value was obtained at this time.

Narrative

SUPPLEMENTAL:

On Wednesday, March 20, 2024, at approximately 0338 hours, I was activated as an investigator for the Ada County Critical Incident Task Force (CITF). Per Detective Sergeant Weires, I was tasked with responding to the scene of an officer-involved shooting, which occurred at the St. Alphonsus Regional Medical Center (1055 N. Curtis Rd., in Boise).

My previous supplements explained the nature of the known information about the incident, Skylar Meade and his escape (which was facilitated by his accomplice, Nicholas Umphenour), and my interviews with IDOC and St. Al's staff.

This supplement is simply to provide documentation of additional interviews, which were conducted by BPD detectives as previously mentioned in the delegation of tasks. As such, the associated BPD supplements have been attached to this supplement as Adobe PDF documents.

Please note that, as I didn't conduct the interviews, I have no recordings of the conversations. However, it is my understanding that they are synopses of recorded conversations and are neither intended nor put forth as complete transcriptions. See digital files (on related DR BPD2024-404133) for complete audio.

ADDITIONAL INFORMATION:

At the time of this supplement, there are still six remaining staff members that BPD detectives are trying to speak with. If they are successful in doing so, I will be provided PDFs of those interviews and will attach them to a subsequent supplement.

Please also note the support documents contain Detective Jagosh's supplement for IDOC officer interviews – Elijah Jackson, Christopher Wilske, and Daniel Lopez. My previous supplement (approved 4.11.24) contains my synopses of those interviews.

No further.

ATTACHMENTS:

Copies of BPD supplemental interviews.

Narrative

INITIAL RESPONSE/CONTACT: On 4/12/24 I spoke with [redacted] over the phone. He is a physician's assistant who was on the far side of the ER by the registration desk. Someone told him there was a shooting. He continued to work and heard two faint pop sounds. He walked to the ER and saw two guards posted on either side of the door. He believed the shooting was outside so he went back to work. A team of officers came in and told him there was an active shooter and told him to go outside. He assisted a woman who locked her keys and baby inside of her car. He was later able to get his car keys and leave.

He did not look into the outside bay when he saw the guards posted. He did not hear anything said at that time.

[redacted] had no further information.

CONCLUSION: Route with original report.

Narrative

INITIAL RESPONSE/CONTACT: On 3/20/24 at 3:00am I was called out to assist with this investigation. I responded to the initial command post located on the southeast corner of the St Alphonsus (St Als) parking lot of Cole and Emerald. Myself and Detective Canfield met with BPD patrol Sgt Miles to get an understanding of the incident. Miles gave us a quick brief as he understood at that time.

I walked to the outside crime scene area of the emergency room bay area. I did not enter the scene and stood outside the taped perimeter to observe. I then entered the emergency room via the front entrance doors and viewed the inside crime scene out side of the trapped area. I began interviewing hospital staff (see below tab of interviews)

I responded to the command post at ACSO and received an assignment to conduct a brief interview of the IDOC guards who had been injured in this incident. (see below tab of IDOC guard interviews)

I responded to the Emergency Operations Command (EOC) at the Boise Police department for additional briefing and assignments. I was subpoenaed into court on an unrelated jury trial so I left the incident for court. Once I was released from court I responded back to the EOC for updates and further assignments.

The following morning 3/21/24 I responded to the briefing. I was given assignments that had already been assigned to the FBI. I started taking priority leads from Sgt Martinez.

HOSPITAL STAFF INTERVIEWS:

ACSO Detective Dagle assisted with these first interviews. The interviews were audio recorded by Dagle.

[redacted]
The IDOC patient was in a room close by the front desk. The guards were walking the prisoner out. She heard co-workers ask "what's going on outside?" She saw what she thought was a scuffle and called for security. She saw the tall guard dragging someone inside trying to get in glass doors. She called 911 and a DR. opened the doors to let them in. The guard was on the phone and had a pistol peaking around the wall out to the bay. He was dressed in all black and possibly had a vest on.
She heard a loud pop and glass flying. The guard told the person on the phone he was shot in the face. They took him to a room. They had three guards in the emergency rooms being treated. She saw the police outside who told her to get down. The police broke the doors to get in. The police were told it was a guard that was shot. Someone said the shooter was in pod 4 and asked her where it was. She went into trauma room.

[redacted] is the charge nurse working at this time. She said the prisoner in 12 was discharged. She did not see him leave and heard a commotion. A guard came in who had been shot. They took him to the ER. She heard gun shots and one more patent came in. She heard more gunshots and officers showed up. [redacted] said she called 911. She said the guards were wearing their standard uniforms of tan pants and black shirts.
Since [redacted] was the charge nurse I asked her for the name of staff that was in the area of the incident.

[redacted]
Is an ED tech. The prisoner who was in room 12, left with 3 guards. He went into the room to clean and heard gun shots. He saw one guard fall to the ground and one guard with a gun drag one to the door pounding on the glass to get in. He opened the door and the guard drug the other one in saying someone was shooting in the parking lot. [redacted] did not see the tall guard get shot. He thought the guards had tan pants and vests on.

[redacted]
She was in room 15 and heard a commotion. A guard came in and said there was a shooting. 4-5 people were huddled behind a wall and she got behind a desk. She assisted with getting injured IDOC guards into the trauma bay. A third guard came into trauma room with a gun and was bleeding from the head. [redacted] took his gun from him so they could treat him. She heard several shots and someone yelled "barricade the doors."

The prisoner being treated was in room 12 and was a "kooky" guy who said he swallowed razors and pills. They found no razors in his stomach so he changed his story. [redacted] said he was "antsy" and "odd" and kept wanting to leave. Dr [redacted] wanted to do more testing on him and he refused the tests. He eventually signed out against medical advice (AMA). The guard told her someone shot at them. She did

not see him make any calls out of the room.

[redacted] was in room 16 and heard yelling and that all where needed in the ER. Two had been shot and were in the trauma bay. He saw a 3rd guy come in bleeding from his head who said he had been shot. [redacted] recognized him as a guard who had a gun in his right hand. He took the gun from him and rendered it safe by removing the magazine and live round from the chamber so he could be treated. [redacted] put the gun on the counter and advised responding officers.

Doctor [redacted]
DR [redacted] said the prisoner was in room 12 and was discharged. The patient did not want further treatment and signed out. He heard shooting and someone dragging a guard in saying "we had been shot." He took them onto the trauma bay and another guard came in who had been shot in the face. While in the trauma bay, he heard 3 shots. DR [redacted] treated all three guards.

Doctor [redacted]
DR [redacted] had a P1 trauma come in on a male who cut him self and swallowed razors. An X ray showed he had no razors in his stomach. His story did not make sense and went back and forth. He did not want any further tests or treatment and wanted to leave against medical advice. He was insistent he wanted to leave the hospital. He was discharged and left. 2 IDOC guards had been shot and were taken to the trauma bay. Another tall skinny guard came in who had been shot in the head. The IDOC guards were wearing black vests, black shirts and tan pants. While being treated, the guards asked if "he got away" and "i think they were waiting for us."

IDOC GUARD INTERVIEWS:
The interviews with the guards were treated more like a safety brief to get preliminary information on what happened. The intention was to get some basic information and conduct a more thorough interview after they had been released from the hospital. See ACSO and FBI reports for more detailed interviews.

ACSO Detective Dagle was part of these interviews and made audio recordings.

Elijah Jackson
Jackson works in Max at IDOC. He was an un armed guard for the prisoner transport to the hospital. Jackson was in ICU and not feeling well as he had been shot in the stomach and arm. I asked him if he was comfortable talking with us about the prisoner escaping and criminal aspect of the incident. He said he could speak with us.
Jackson responded to an incident in the cell in Max. Mead had some blood on him and claimed to have swallowed razors. He road in the ambulance with him and he changed his story several times about swallowing razors or medications. Mead was bragging about having cell phones and one had been

removed from him about a month ago. At the hospital, Mead wanted to leave and signed discharged papers. He was very chatty and wanted to get back to the prison to see his brother. He denied further care. He was retrained in belly chains and leg restraints. They (Wilskie and Lopez) walked him out to the van. He saw a guy walking in the lot and described him as 5'9 to 5'10 tall, curly brown hair and possibly Hispanic. He may have had a ball cap and sweatshirt, Jackson was not positive. They were pulling the step to get into the van. Jackson was by the front passenger side of the van opening the door. He saw a muzzle flash and was hit in both sides and the arm. Jackson and Wilskie were the "hands on" guards who were not armed. Lopez was armed and was also shot, Wilskie drug Lopez into the ER. Jackson did not see what happened after that.

Christopher Wilskie

I asked Wilskie if he was comfortable talking to us, he said he was. Detective Dagle conducted most of this interview.

Wilskie said Mead took meds and swallowed razors. He was "AK" and acting "odd" so they took a third guard. He and Jackson rode in the ambulance. While in the ER Mead made odd comments and told Wilskie "all I have to say is good luck." He said he was sorry about what happened while he was is Orifino. Mead was frustrated with how long it was taking and refused further medical care. He was retrained in belly chains and ankle chains and walked to the van. While walking out, Mead stopped and looked around and said "there it is." While at the passenger side, they were reaching for the stool to step in, several shots were fired by someone. Jackson was hit and fell. He thought Jackson was dead. Wilskie grabbed Lopez's gun and drug him into the ER. He and another IDOC guard who was already there took a position to secure the doors once inside the ER. Jackosn later walked in. He did not see any lights or hear sirens. He had his phone in his left hand and gun in his right hand guarding the door. They had not checked out with dispatch. He was on the right side of the hallway facing in the doors. There was yelling behind him, he did not hear anything from outside. Wilskie called his LT and told them what had happened. He was hit in the face and asked the nurse if he was shot. He went into the trauma bay.
Wilskie was not sure what the suspect looked like but said he was a white male with a small dark beard, ball cap and red or maroon sweatshirt. He did not see Mead after the shots.

Daniel Lopez

I started to gather his personal information and asked for an address for him. Lopez said if he went home he needed to know if he would be safe and if we had any leads on where these guys were. I asked him to run me thru what happened and let him know we would more than likely be doing follow up interviews with him.

They had a call in "B" block of a guy who had blood on him and was vomiting. He said he had swallowed razors. There were two razors in the cell and Lopez was the armed guard who followed the ambulance

in the van. When they got to the ER, they found out Mead had no razors in him and no internal bleeding. Mead demanded the entire time to be released. They called the commander and they agreed to let him be discharged. Mead was waist and ankle retrained. Lopez was the armed officer to follow them walking out. Lopez went to the rear of the van and unlocked the door. Jackson was by the passenger side.

Lopez was in the front of the van now and felt the first impact of the shot. It felt close and sounded and felt like a shot gun. The second shot was in his shoulder. He fell down and drew his weapon. He did not know where the offender went. Wilskie grabbed his gun and dragged him to the ER. Lopez called "patrol" as he was being drug in.

Lopez said he felt something was wrong since he has a reputation for being nice and Mead said he was upset with him because he said Lopez abused him during an abstraction. He was angry with Lopez. Mead told Lopez he had a cell phone in his cell and they all have cell phones. Mead told Lopez they can pay to find their information. They pay $50 and can find out where they live, their car, and family. Mead told him he has $9,000 on his books and that Mead's brother is housed in the same "B" block unit.

Lopez was against the waist restraints due to Meads high risk and felt he should have been retrained from the rear the entire ride. Lopez did not see the shooter or a car. Lopez felt bad because he did not scan the area and just wanted to get out of there. He saw something about Mead stalling with trying to get in the van without the stool to step in. Lopez felt like this was a set up. He did not shoot a round.

I asked Lopez if there was something we did not ask him. He said it happened very fast and Wilskie drug him in. Lopez was having some emotions on how to deal with what happened. Lopez said he had a guy threaten him and his family and there was nothing he could do because if he did something about it, then he (the guy) would do something to him.

LEADS:

Lead #149
Boise County Sheriff Deputy Pat Lee called in a lead that was reported to him. His report S24-1362 will be sent in and attached. A male came into the bar at Terrace lakes and had a beer. Another group of males were talking about this incident and the male at the bar interjected himself into their conversation correcting them a correctional officer was shot. The group of males later saw the news story and believed the male at the bar was one of the suspects. Deputy Lee collected the beer can the male was drinking and is going to collect video. Lee said he would try to track down the patrons and see if they would do a photo line up. See his report.

Narrative

Narrative:

On 06/04/2024, while reviewing reports from this case, it was determined that due to an ITS issue, after the supervisor approval stage, multiple images which were embedded into my initial report were no longer viewable. I subsequently uploaded copies of these images as well as a pdf copy of the initial report to this supplemental report for ease of viewing. ACSO Detective Sergeant Weires was made aware of this matter.

No further details.

Narrative:

On 03/20/2024, I was working as a Detective assigned to Major Crimes with the Ada County Sheriff's Office (ACSO). On the same date at approximately 0318 hours, I was contacted by ACSO Detective Sergeant Weires regarding an officer involved shooting involving the Boise Police Department (BPD). This resulted in an activation of the Critical Incident Task Force (CITF), with ACSO being the lead agency and I was tasked with being the lead detective.

INITIAL RESPONSE

This critical incident occurred at St Alphonsus Regional Medical Center (1055 N Curtis Road, Boise, ID 83706). I initially responded to the command post, which was located in the southeast corner of the St Alphonsus parking lot and was provided with a briefing on the incident. The briefing included the following information:

On 03/20/2024 at approximately 0215 hours, Idaho Department of Corrections (IDOC) personnel were escorting a high-risk inmate, Skylar Meade ([redacted]* out of the St Alphonsus emergency room. During the escort an accomplice, Nicholas Umphenour (*[redacted]* shot multiple IDOC Correctional Officers as they were attempting to load Skylar into their transport van in the parking lot. Skylar and Nicholas fled the scene in a vehicle and the IDOC Officers retreated into the emergency room.*

At approximately 0216 hours, ACSO dispatch received multiple 911 calls advising of a man with a gun and an officer down near the St Alphonsus emergency room ambulance bay entrance. There was initially no information relayed about IDOC being involved and a suspect description (WM 6'0", bald, dark beard, light skin) was provided. BPD patrol and assisting agencies arrived on scene at approximately 0219 hours and approached ambulance bay entrance.

Shortly after, officers located a person matching the suspect description armed with a handgun just inside the emergency room entrance. At this time BPD Officer Wayne Anderson fired 2 shots from his rifle, striking the suspect with shrapnel in the face. The person initially perceived to be the suspect was later identified as IDOC Officer Christopher Wilske.

The following personnel were identified as parties to this incident:

INVOLVED OFFICER

Officer Wayne Anderson (BPD)

INVOLVED WITNESSES

Lt. Kevin Wittmuss (BPD)

Officer Jacob Lee (BPD)

Officer Ryan Pollard (BPD)

Deputy Colton McKone (ACSO)

OFFICER INTERVIEWS

On 03/22/2024 at approximately 1200 hours and 1400 hours, I completed interviews with involved Officer Wayne Anderson and involved witness Lieutenant Kevin Wittmuss. These interviews were conducted at the Mallet Law Offices (3363 N Lakeharbor Drive, Boise, ID 83703). Refer to my supplemental reports documenting the interview details.

911 CALL AUDIO, DISPATCH AUDIO, CAD CALL

On 03/20/2024, I obtained recordings from ACSO dispatch of three 911 calls received regarding this incident. I was additionally provided with a recording of the dispatch radio traffic from this incident. Copies of the recordings were uploaded to Evidence.com. The following are summaries of the information I obtained from reviewing the audio provided, refer to the recordings for specific details.

ST ALPHONSUS 911 AUDIO 1 ([redacted] UNKNOWN FEMALE)

A female caller notified dispatch that she was at the St Alphonsus emergency room entrance. She indicated there was a subject outside with a gun and that he shot an officer. The caller believed the man with the gun was in the ambulance bay and there was an officer running outside.

When asked to describe the gun man, the caller is heard talking with someone in the background. She then indicates “the officer” remembers him being is 6-foot, white, dark beard, light skin. The dispatcher asks the caller if they know where the gun man is and she does not know. The caller indicates security is working on checking the cameras for further.

The dispatcher advises the caller to lock down and get out of the main area and she indicates they are doing so. When asked if anyone else is injured, the caller indicates there might be another injured security guard or transport. The caller asks dispatch to notify any hospital transports not to come.

The dispatcher gets contact information from the caller and then requests she hand the phone to someone who can provide further information if she has to go help. There is a brief lull in the conversation while the caller is trying to figure out if anyone is available. Then the primary radio traffic can be heard in the background of officers advising “Dispatch, shots fired. Shots fired. Suspect is right inside the door. He’s got a pistol in his hand.” The audio then stops a few seconds after the shots fired advisement.

ST ALPHONSUS 911 AUDIO 2 ([redacted]

This audio recording overlaps with the first and the call does not begin until approximately 00:01:49 into the recording. A female caller advised dispatch she was at the St Alphonsus Boise Emergency Department. After obtaining contact information from the caller, the dispatcher asks her what happened. The caller indicated that there was a prisoner being treated and she believed he "got one of the guard's guns and shot one of the guards." She could not see the suspect but believed he was in front of the emergency room. The caller did not witness the incident and advised she was locked in a room at this time.

While speaking with the dispatcher, the caller tells someone to lock the door and advises that there were additional gunshots heard. The dispatcher reassures the caller and tells her that there are several units on scene to help. When asked if anyone is injured, the caller advised that there was a third person shot but she did not know who or where they were.

The dispatcher asks the caller about the prisoner, who they are and if they're from IDOC. The caller advises that she believes he's from IDOC and identified him as Skylar Meade. She does not know where Skylar is currently and advised that people were being treated in the trauma bay. The dispatcher obtained further details on the caller's location (bathroom of room #14) and continues to comfort her. The caller updates a description of Skylar as being bald with lots of tattoos. She does not provide any additional information at this time and the recording stops a short time later.

ST ALPHONSUS 911 AUDIO 3 ([redacted]

This female caller advised dispatch she was working the command center at St Alphonsus and had a "code silver." She advised hearing gunshots and stated security reported it happening in the ER bay and there was one subject down.

The caller advised dispatch that they did not believe the subject down was a security guard but that one was shot and there were guns pointed outside towards the EMS bay. The dispatcher advised her that units were on their way and to follow their protocols. The caller did not provide any additional details other than notifying dispatch that they could hear the sirens coming before disconnecting.

DISPATCH RADIO BROADCAST

The audio recording received of the radio traffic is 00:21:33 in length. A copy of the audio was uploaded to Evidence.com. The following are a few key details obtained during my review of the recording, refer to the audio for further details.

The recording begins with the following information being broadcast to responding officers on channel 10.

> "*Dispatch on 10. We have a man in the bay. Man in the bay with a gun. Um, we have one officer shot. I'm unclear which jurisdiction it is. There's another officer there trying to get him into the ER at this time. He just left to go back into the bay to see if he could confront the man with a gun."*

An officer responds to the initial broadcast by asking, "Where's the gunman at right now." The dispatcher states

> *"He is currently in the ER Bay. Man with the gun is 6-foot, dark beard, light skin."*

Officers are advised that security is attempting to locate the suspect on the cameras but that no one has eyes him at this time. As Officers arrive on scene, the dispatcher provides an update indicating,

> *"There is an additional caller saying the man is pointing the gun at the ambulance bay at this time." (00:02:36)*

An officer copies the update and relays that they are approaching the ambulance bay doors. There is approximately 30 seconds of silence on the recording, before it is relayed to dispatch that shots were fired.

> *"Dispatch, shots fired. Shots fired. Suspect is right inside the door. He's got the pistol in his hand." (00:03:28)*

The recording continues for several minutes as officers enter the emergency room and receive information that the gunman left the area. The radio traffic indicates that they continue a search of the hospital and surrounding areas until it is confirmed that there are no outstanding suspects inside the hospital.

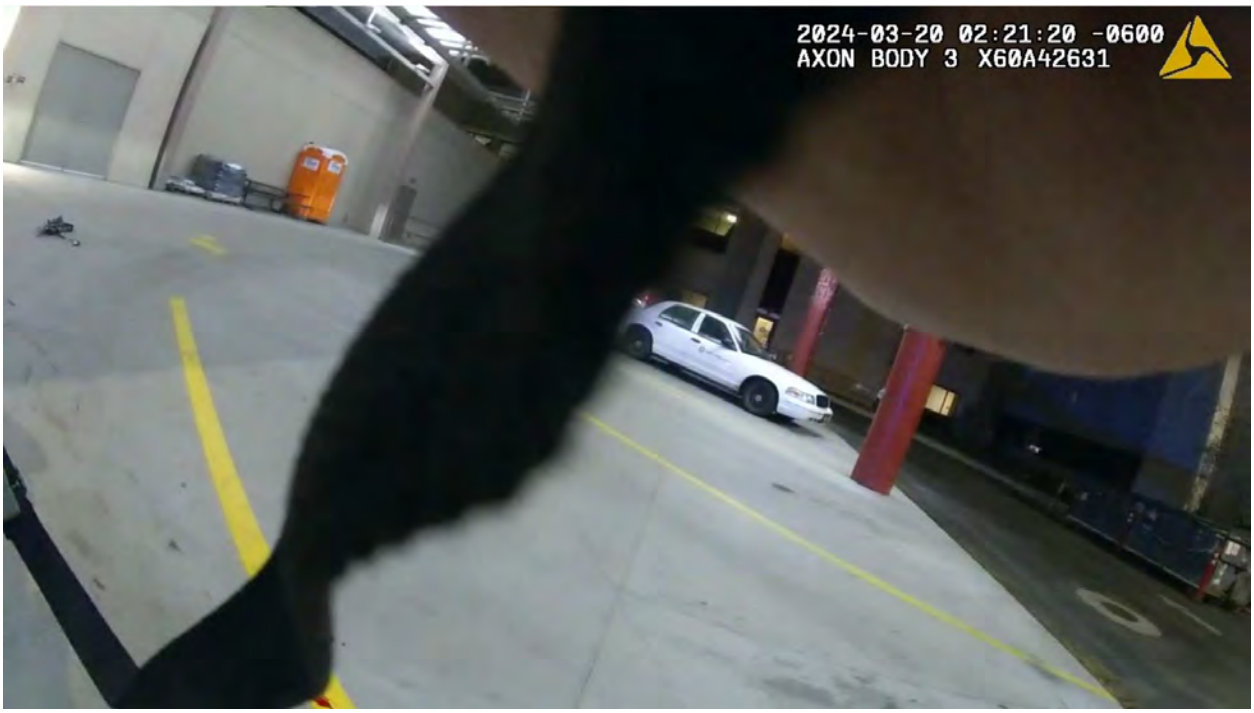
I reviewed the CAD call from this incident and highlighted pertinent details in the above screen shots. Some of the details highlighted include confirmation of information that was relayed in the 911 calls and dispatch audio, to include the nature of the call (man with a gun / officer down) and suspect description (6'0" dark beard, light skin). I also noted that the CAD information shows the time elapsed between the first unit being assigned to the call and then arriving on scene to be less than 2 minutes (00:01:51.7).

ON BODY VIDEO (OBV)

As a part of this investigation, I was provided access to the involved officers OBV via Evidence.com. The video recordings begin 30 seconds prior to activation. The follow is a summary of the OBV's I reviewed from each involved officer. A screen capture of the officer's perspectives at the time of the shooting are included with the OBV summaries, with exception of Lt Wittmuss, who's OBV was not activated until afterwards.

ANDERSON OBV



I reviewed Officer Anderson's OBV, which was time stamped 2024-03-20 02:19:52 and is 8:51 in duration. The video begins with Officer Anderson driving his patrol vehicle and he parks in the roundabout area of St Alphonsus Medical Center at approximately 02:20:05. He then retrieves his rifle from the rear of the patrol car and approaches the ambulance bay emergency room entrance with additional responding officers.

As he approaches the entrance, Officer Anderson can be heard giving directions to subjects in the area. At the 02:20:39 mark, an unknown subject is heard stating "inside pointing it at the ambulance bay." Officer Anderson cautiously approaches the entrance, briefly pauses behind a large red concrete pillar and then takes a position of cover behind a private ambulance van parked in the middle of the parking lot. Officer Anderson is initially behind and alongside the ambulance but works his way up the driver's side of the vehicle in an apparent attempt to get a view inside the emergency room sliding doors.

While in this position, at approximately 02:21:09, Officer Pollard is heard asking Officer Anderson, "What do you got Wayne." Officer Anderson responds that he's, "got nothing." A few seconds later at approximately 02:21:15, Officer

Anderson says, “I’ve got movement at the counter. There he is. Don’t move.” Officer Pollard is then heard repeatedly stated, “He’s got the gun in his hand.”

At approximately 02:21:19 and then 02:21:21, Officer Anderson is observed firing 2 shots from his patrol rifle. He pauses for a few seconds, before approaching the doors with other officers. As he approaches, a black duty style belt is seen on the ground in the parking lot. The shots from Officer Anderson broke the glass on the emergency room sliding entry doors and officers struggle for a few moments to try and gain access.

As they wait to make entry, someone in the background is heard saying, “he went right.” The perspective of the OBV is obstructed by Officer Anderson’s rifle and body during this time, but he can be heard telling someone to “get down.” At approximately 02:22:40, Officer Anderson is the first person to enter the emergency room through the broken glass doors. They slowly enter and begin clearing the corner.

Officer Anderson and Lt Wittmuss are heard talking to someone off to the left, believed to be IDOC Officer Thomas Edwards. He is heard stating that he’s put his firearm away. Someone asks where the person who had the gun is and Edwards states that he left. Someone states that he was right here, and Edwards stated, “That was one of my officers.” Officer Anderson is heard saying, “Are you fucking kidding?” and appears upset as he realized the person, he shot at was from IDOC.

At approximately 02:24:00, Officer Anderson is speaking with an unknown female St Al’s staff member, who also confirms that the subject who was standing at the corner and was shot in the face is a correctional officer. Officer Anderson and Lt Wittmuss enter the trauma room from a side door and check on multiple IDOC correctional officers who are being treated by medical staff. As Officer Anderson exits the trauma room, and unknown male (possibly Edwards) is heard saying, “supposedly the last guy that shot took the inmate and left.”

Officer Anderson walks through the emergency room and around the nurse's station, while he appears to be pacing. He is approached by BPD Officer Gillam, who checks on him, and Officer Anderson is heard saying, "Dude popped around the corner with a gun." Around this time, a St Al's security member advises them that the suspect is possibly heading towards "pod 4." Officer Anderson and other personnel again start clearing additional rooms in the emergency room and attempt to find "pod 4." They clear several rooms, before the situation appears to stabilize and the video ends.

LEE OBV

I reviewed Officer Lee's OBV, which was time stamped 2024-03-20 02:19:19 and is 39:04 in duration. The video begins with Officer Lee driving his patrol vehicle into the roundabout area of the parking lot at St Alphonsus Medical Center. He exits the patrol vehicle at approximately 02:20:07 and approaches the emergency room ambulance bay entrance with other officers.

At approximately 02:21:06, as Officer Lee approaches, he takes a position next to a large red concrete pillar. Officer Lee has his handgun drawn and points it

towards the emergency room doors. While in this position, Officers Pollard and Anderson are to the right of Officer Lee and Lt Wittmuss is seen straight ahead and slightly to his left. Officer Lee then repositions and comes around the small private ambulance. Officer Lee has his handgun in a low ready position and is standing directly behind Officer Anderson at the time he (Anderson) fires 2 shots from his rifle.

Immediately following the shots being fired by Officer Anderson, Officer Lee and several others approach the sliding glass emergency room doors. Officer Lee attempts multiple times to enter the keypad code but the doors do not open. While in a position to the right (west) of the doors, Officer Anderson is seen on his OBV telling subjects inside to get down and using arm motions.

At approximately 02:22:48, Officer Lee enters the emergency room through the broken glass doors with other officers. At 02:24:00 they encounter a closed and locked door to the trauma room. An unknown St Als staff member is heard telling them that the subject who was shot while standing at the corner was hit in the face and is a correctional officer. Officer Anderson is seen on the OBV reacting to this news and is visibly upset.

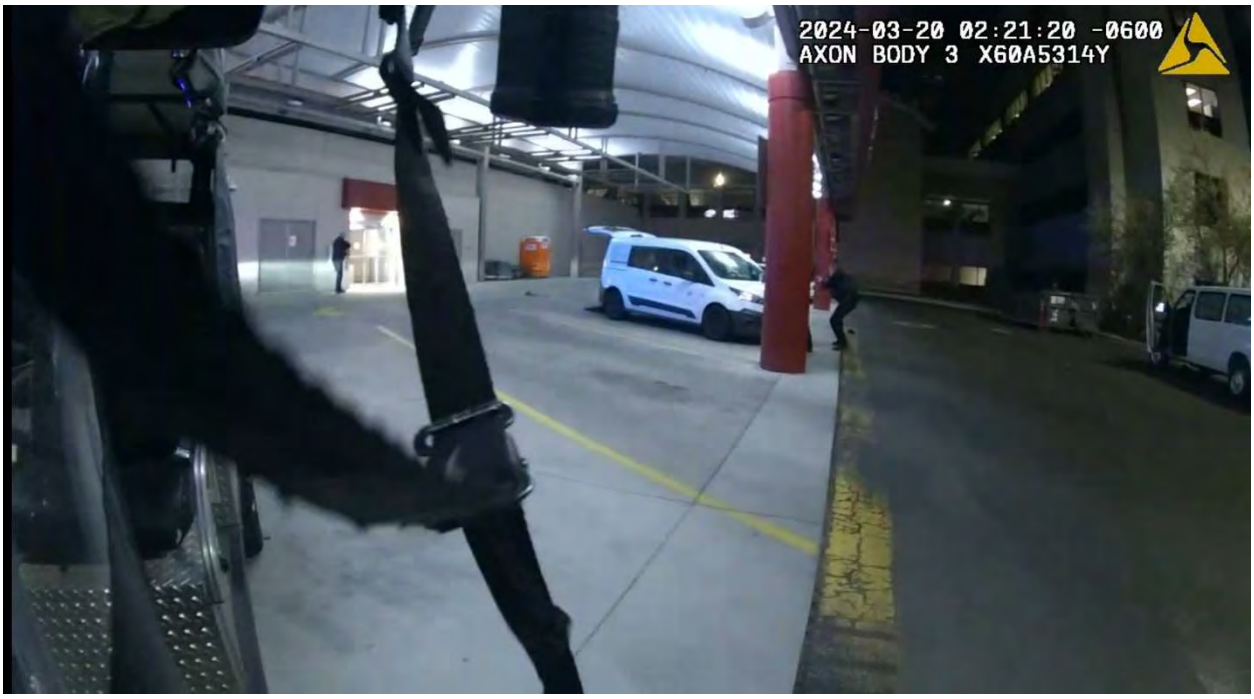
At 02:24:51, they speak with IDOC Officer Thomas Edwards, who was inside the emergency room on an unrelated matter at the time of the shooting. Officer Edwards is heard saying, “Supposedly the last guy that shot, he took the inmate and left.” Officer Lee and other assisting officers appear to understand that the threat has left the area but continue to clear rooms within the emergency room for several minutes.

Lt Wittmuss is heard directing someone to get into contact with security in the camera room to obtain further information at approximately 02:28:48. Officer Lee appears to take on this task, but then discovers someone else is already working on that assignment. At 02:30:00, Officer Lee exits the hospital and goes to a BPD patrol car in the parking lot and retrieves 2 ballistic shields. He then returns to the public emergency room entrance with the shields and meets up

with other officers. They hold a position in the hallway for several minutes and there is discussion heard about an IDOC Officer that was shot.

At approximately 02:38:42 the emergency room is deemed clear. Officer Lee then works with St Als security to conduct a secondary search of the hospital. At 02:58:10, Officer Lee receives a phone call advising him that they can discontinue any further search of the hospital and to return to the parking lot roundabout. The video then ends a few seconds later.

MCKONE OBV



I reviewed Deputy McKone's OBV, which was time stamped 2024-03-20 02:20:18 and is 52:35 in duration. The video begins with Deputy McKone driving his patrol vehicle as he enters the parking lot of St Alphonsus Medical Center. Deputy McKone exits his vehicle with his patrol rife at approximately 02:20:40. He then approaches the ambulance bay emergency room entrance with additional responding officers.

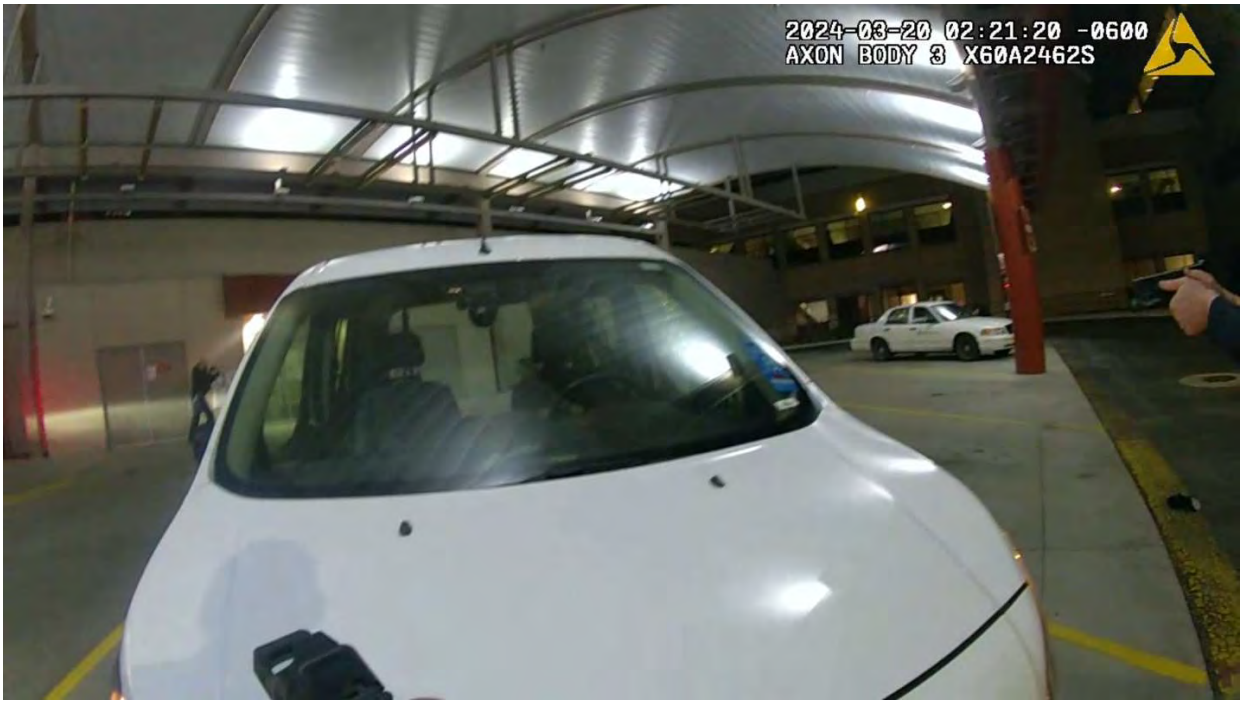
At approximately 02:21:13, Deputy McKone takes a position of concealment behind a St Al's golf cart in the ambulance bay area and points his rifle towards the emergency room doors. From this position, Lt Wittmuss is seen straight ahead of him near the doors, and Officers Lee and Pollard are seen to his right next to the private ambulance.

Officer Anderson is out of view of Deputy McKone's OBV at the time he fired, but the 2 distinct shots can be heard. Deputy McKone and other BPD Officers then immediately start closing in on the ambulance bay doors. At approximately 02:21:53, as officers struggle to force open the doors, Deputy McKone breaks away with additional officers and goes around to the public front (eastern) emergency room entrance.

Deputy McKone enters the public emergency room entrance with additional responding BPD Officers, and they hold a position inside a hallway for several minutes. He then works with a team of BPD Officers to finish clearing that area. At approximately 02:38:42 the emergency room is deemed clear. Deputy McKone is seen regrouping with BPD Lt Wittmuss and several others. Deputy McKone then leaves the group with Deputy Faddis and proceed to clear other areas of the hospital for several minutes.

At approximately 03:00:00, Deputies McKone and Faddis return to the emergency room and speak with multiple St Al's staff members and other deputies that have now arrived on scene. They continue checking several areas of the hospital and locate St Als staff members hiding in a room. The deputies regroup again for several minutes until the scene is deemed safe. The video is muted during this time and ends a short time later.

POLLARD OBV



I reviewed Officer Pollard's OBV, which was time stamped 2024-03-20 02:19:42 and is 1:00:42 in duration. The video begins with Officer Pollard riding in the passenger seat of his patrol vehicle, which enters the parking lot of St Alphonsus Medical Center. Officer Pollard approaches the ambulance bay emergency room entrance with several other responding officers.

On approach at approximately 02:20:38, Officer Pollard is heard relaying information to other officers that the suspect is possibly pointing the gun outward towards officer. Lt Wittmuss and Officer Anderson are seen in the camera view and Officer Pollard repeats this warning 3 times, with the 3rd being directed at Officer Anderson as follows, "Wayne, he might be pointing the gun outside towards us."

Officer Pollard approaches and takes a position opposite the ER bay doors on the front hood of a private ambulance in the parking lot, with Officer Anderson to his right. At approximately 02:21:09, Officer Pollard asked Officer Anderson, "What do you got Wayne?" and he responds, "I got nothing." At 02:21:16 Officer Pollard is heard saying, "There he is right there. He's got the gun in his hand." A few seconds later at 02:21:19, 2 gun shots are heard, before Officer

Pollard relays to dispatch, “Shots fired, shots fired. Suspect is right inside the door. He’s got the pistol in his hand.” After this radio traffic, Officer Pollard and several assisting officer approach the ER doors but have difficulty making entry.

Officer Pollard breaks away from the group and retrieves a ballistic shield from a patrol vehicle parked close by. He then passes off the shield to another officer as they make entry to the emergency room. Officer Pollard reiterates that he saw the suspect going westbound through the ER after the shots were fired. He and another officer contact hospital staff at a separate side entrance just west of the ER ambulance bay doors. Officer Pollard and other officers hold a position on multiple hallways in that area for several minutes and eventually meet up with officers who had worked their way through the ER to where it met with the hallway, they were in.

At approximately 02:31:00, while continuing to hold a position in the hallway, Officer Pollard gives a description to the officers near him. He is heard relaying a suspect description of 6’0” to 6’2”, white male, dark beard, 25 to 32 years old. An unknown officer close by asks him for a clothing description and Officer Pollard stated, “I couldn’t tell you. I just saw the pistol in his hand. 100 percent.”

While continuing to hold their position, at approximately 02:35:08, Officer Pollard is heard using his radio to communicate with Lt Wittmuss. During that conversation, Officer Pollard and others on scene appear to be realizing that the person shot at was a correctional officer and there are no outstanding suspects. He is heard making multiple statements about the individual he observed including, “He had a pistol in his hand and matched the description of our shooter” and “That individual was not wearing any insignia, no body armor, nothing. Just plain clothes, white male, dark beard, 6’0” to 6’1.” Matched our description and was just wandering around in ER.” At approximately 02:36:20, Officer Pollard is heard saying, “I mean, Wayne fucking shot at that guy. So, I hope he’s not a correctional officer.”

A short time later at approximately 17:58 into the video, Officer Pollard mutes his body camera. The video remains muted for the duration and Officer Pollard maintains his position in the hallway for a few minutes before going outside. He then assists with putting up crime scene tape throughout the scene. Refer to the entirety of the OBV footage for further details.

WITTMUSS OBV

I reviewed Lt Wittmuss' OBV, which was time stamped 2024-03-20 02:22:01 and is 5min 10sec in duration. The video begins after the officer involved shooting occurred and starts with Lt Wittmuss holding his rifle in his left hand and breaking the glass on the emergency room entrance doors with his baton in his right hand. The video continues for several minutes as Lt Wittmuss and assisting officers secure the emergency room and interact with St Al's staff members.

ST AL'S SECURITY SURVEILLANCE

Detective McCray obtained video surveillance from the St Al's security team, which was on a USB drive. He later provided me with the drive, which was password protected [redacted]) and utilized proprietary software. I was able to view multiple cameras that depicted different vantage points from both inside and outside the hospital at the time of the shooting. The original videos were time stamped; however, when copied to upload the timestamps did not appear. The original USB drive was booked into ACSO property as evidence (Item #KD-01) and copies of the 3 camera views depicted below were uploaded to Evidence.com.

Channel 6 – Interior ER Ambulance Bay Entrance

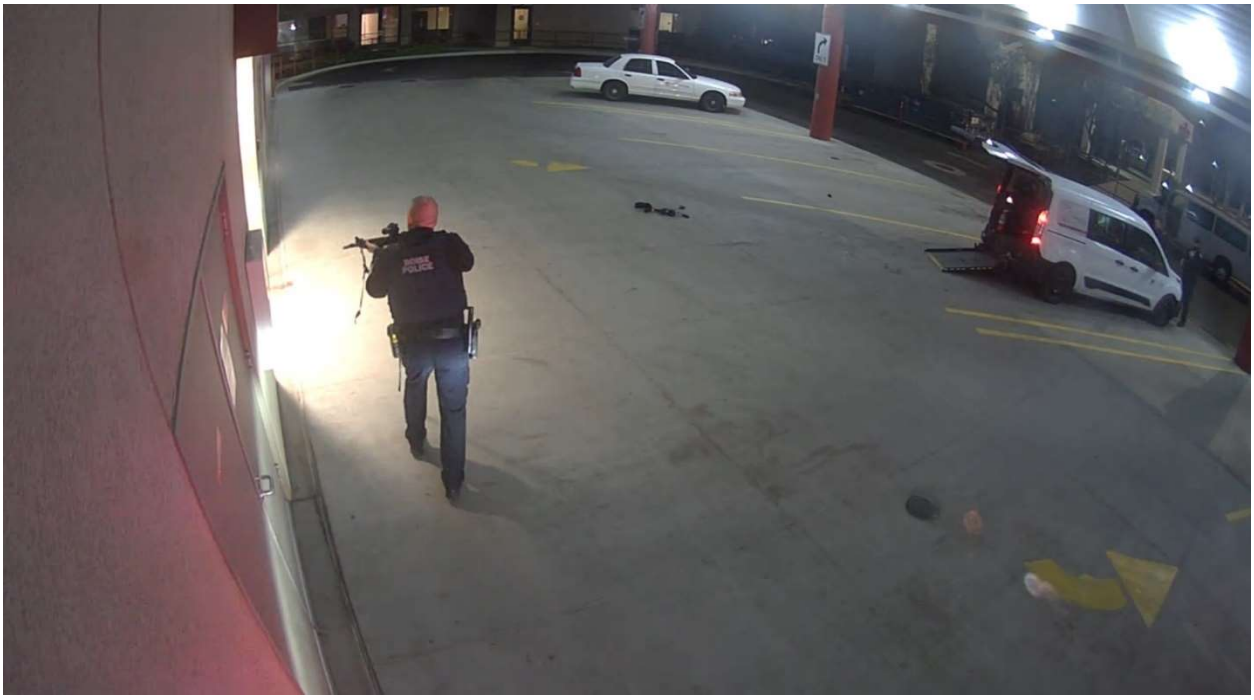
This video depicts the interior of the St Al's emergency room, looking outward towards the ambulance bay entrance doors. The video is 00:07:44 in length and captures IDOC Officers entering the emergency room after being ambushed in the parking lot. The video goes on for several minutes and multiple St Al's staff members can be seen treating the injured IDOC Officers.

At approximately the 00:02:02 mark, IDOC Officer Wilske and Officer Edwards can be seen taking positions with handguns drawn facing outward towards the ambulance bay. Officer Wilske is on the west side (left) of the hallway and Officer Edwards is on the east side (right). Both Officers are wearing dark (black) colored shirts, black duty belts, tan pants, and tan boots. Their shirts appear to have a gray cloth IDOC badge on the top left corner; however, it is likely not visible due to their use of the hallway corners for concealment and only partially exposing their bodies. Officer Edwards has a black vest carrier on with white lettering on the back labeling it "corrections."

Throughout the video, Officer Edwards remains mostly in the same position, while Officer Wilske is seen going in and out of view of the camera, while simultaneously holding a cell phone with his left hand and having his handgun in his right hand. At approximately 00:05:22, Officer Wilske re-enters camera view after having walked away briefly. He can be seen in a similar position, with his cell phone in the left hand and handgun pointed downward in his outstretched right hand. Officer Wilske partially exposes himself around the corner, with his head, portion of upper body and the handgun exposed.

At approximately 00:05:25 and 00:05:27, the 2 projectiles from Officer Anderson's rifle can be seen entering the emergency room. The projectile breaks the windows to the emergency room doors and the first appears to strike Officer Wilske in the upper chest and head area, causing him to fall backwards and out of view. Officer Edwards remains in position for a few seconds, before backing out of view of the camera as officers begin forcing entry through the sliding glass doors.

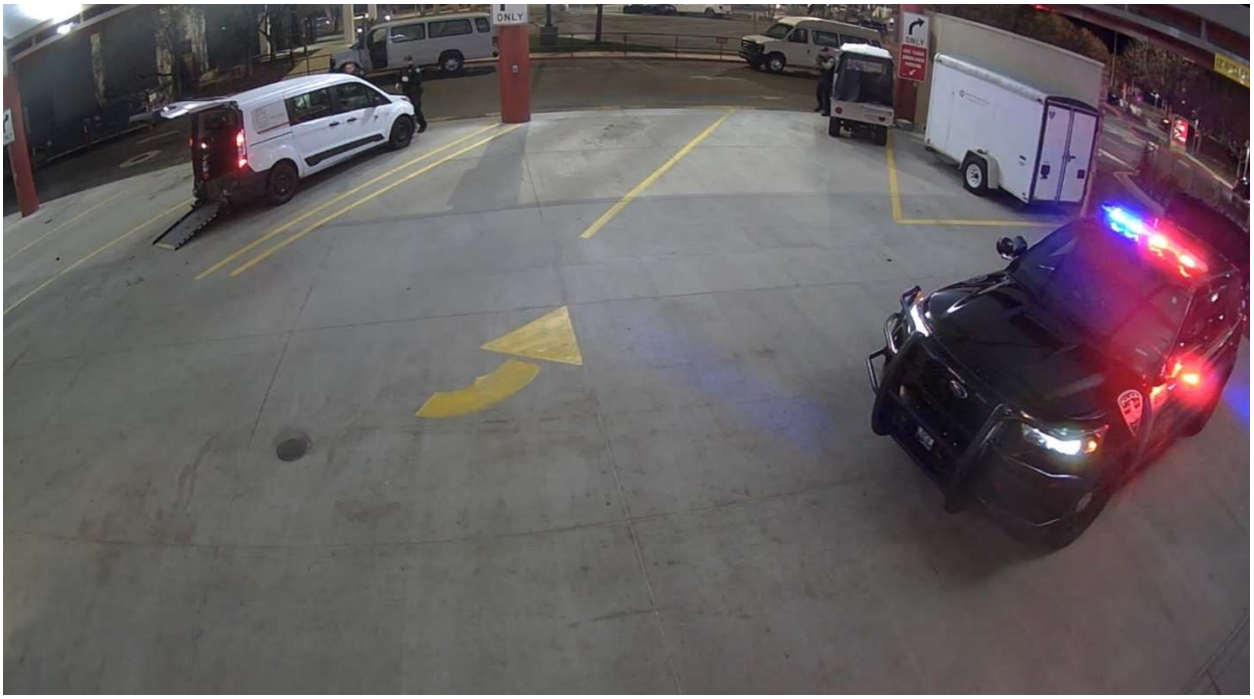
Channel 5 – Exterior Ambulance Bay side view



This video depicts the exterior of the St Al's emergency room ambulance bay side view, looking downward towards the ambulance bay entrance doors. The video is 00:04:22 in length and captures IDOC Officers entering the emergency room after being ambushed. At approximately 00:01:42, flashing lights are seen, then Lt Wittmuss and additional BPD Officers come into view of the camera.

At approximately 00:02:03, Lt Wittmuss is seen with his patrol rifle just outside the entrance doors and other officers are seen around the private ambulance. There is no audio to the video and Officer Anderson is out of view of the camera, due to being behind the ambulance. Based on Lt Wittmuss' reaction (backed up slightly) and debris seen coming from the window, this appeared to be the time the shots were fired. The video continues for a couple minutes as officers approach, break the windows and enter the emergency room. The video then cuts off after several officers had entered the building.

Channel 3 – Exterior Ambulance Bay outward



This video is 00:05:51 in length. The initial few minutes of the video do not show anything related to this investigation until approximately 00:02:08, when the private ambulance appears in view. IDOC Officers are then seen exiting with

inmate Meade at approximately 00:02:24, before being ambushed at 00:03:18. A few seconds later IDOC Officers are seen retreating into the emergency room.

At approximately 00:04:12, BPD Officers and a marked BPD patrol vehicle with its emergency lights on are seen coming into view. Then at 00:04:46, Officer Anderson is briefly seen walking out from behind the ambulance holding his rifle. He then raises it up and backs out of view, likely firing at the same time but difficult to determine in video. Several officers approach and go out of view of the camera and then another group go eastbound around the building and out of view before the video stops.

AMBULANCE DASH CAMERA

On 04/04/2024, BPD Detective Shofner provided me with a USB drive containing video files. These files were specifically downloaded from onboard cameras inside the “Acute Rescue” private ambulance that was parked in the St Alphonsus ambulance bay parking area at the time of this incident. The USB drive was booked into ACSO property as evidence (Item #KD-02) and a copy of the rear ambulance camera view depicted below was uploaded to Evidence.com.

Channel 3 – ambulance rear view

A still image from the rear facing ambulance camera (Channel 3) can be seen above. The video quality is low; however, it depicts the most similar vantage point of the St Al's ambulance bay emergency room entrance to that of Officer Anderson. Just prior to the time of the officer involved shooting, a dark figure appears in the camera view, which can be seen through the double sliding doors. The location of the figure is consistent with the position in which IDOC Officer Wilske was standing at the time of the shooting.

OBSERVATIONS

The following observations were made as a result of reviewing the CAD Call, dispatch / radio audio, multiple video surveillance sources, and the statements obtained from the involved officers and witnesses.

- No notification made to dispatch regarding prisoner transport
- No 911 calls or radio communication by IDOC personnel or St Al's security after the initial shooting

- 911 calls received relayed 3rd hand information as only witnesses were IDOC
- Lack of markings on transport vans to help responding officers identify law enforcement presence
- Similarity in physical description of "man with gun" suspect relayed by calling parties (WM 6'0", bald, dark beard, light skin) and that of IDOC Officer Wilske
- Officers identified an active shooter call as being the "highest priority level" and potential serious crimes being investigated as homicide, aggravated battery, aggravated assault
- Both Officers Anderson and Pollard indicated seeing the suspect armed with a gun and Officer Pollard verbalized "he's got the gun in his hand" prior to use of lethal force
- Officer Anderson felt the suspect was attempting to "taunt" him and fired 2 shots at the suspect in order to prevent additional victims
- Officers continued their pursuit into the emergency room to stop a continuous perceived threat to civilian life and/or flight by the suspect
- No realization that the person they believed to be the suspect was actually an IDOC Officer by Officer Anderson or other responding officers until after entry was made and that information was relayed by medical staff.

Narrative

Narrative:

On 09/17/2024, I was advised by Detective Sgt Weires that he received a letter from the Valley County Prosecutor's Office in reference to this CITF investigation, to which I am assigned as the lead investigator. I reviewed the letter and noted it was from Valley County Prosecuting Attorney Brian Naugle. A copy of the letter was scanned and is attached to this report.

The letter indicates that based upon PA Naugle's review of this CITF investigation, he determined that BPD Officer Anderson was "justified in using deadly force to address a reasonably perceived threat" and "should not be held criminally liable for his actions." The final disposition by the Valley County Prosecutor's Office was that they were declining criminal charges and their review of this incident was now closed.

Based up on these findings, this concludes my investigation into this matter. No further details.

RE: CITF Investigation into Officer-Involved Shooting - Meade/Umphenour Escape

Dear Scott:

After a careful review of the investigation conducted by the Critical Incident Task Force (CITF) in this case, my office has determined that the shooting investigated by the CITF was justifiable under the law in the State of Idaho and I have thus declined to file criminal charges. A brief explanation of the facts and circumstances, as well as the legal analysis that led to this decision follows.

An investigation conducted by the Critical Incident Task Force (CITF) led by the Ada County Sheriff's Office reveals that on March 20 of 2024 around 2:15 a.m., three officers from the Idaho Department of Corrections (IDOC) were escorting a prisoner named Skylar Meade out of the St. Alphonsus Regional Medical Center (St. Al's) and into a van for the purpose of transporting him back to the prison after he had received medical treatment at the hospital. As they attempted to load Mr. Meade into the van, an assailant later identified as Nicholas Umphenour opened fire on the officers from a short distance, striking two of the officers, before fleeing the scene with Mr. Meade in a Honda passenger car. The incident was captured on St. Al's security cameras located near the emergency room bay doors. Mr. Meade was able to successfully escape IDOC custody as a result of Mr. Umphenour's armed assault on the Corrections Officers.

The Corrections Officer that was not struck by Mr. Umphenour's fire dragged one of the injured officers back into the hospital, handed the injured officer off to medical personnel and, along with the third officer, took a position of cover near the emergency room entrance doors. He took this position in order to secure the emergency room entry in the event that the shooter returned

to the hospital. Unfortunately, he did not check out with or notify law enforcement dispatch, instead notifying his superiors at IDOC.

Shortly after Mr. Umphenour opened fire on the IDOC officers, multiple St. Al's medical personnel called 911 to report the emergency. None of those callers were aware that the officers escorting Mr. Meade were IDOC officers, nor did they appear to be aware that they were escorting a prisoner. The first of those callers reported that there was a shooting and that a gunman had shot an officer. The caller was unable to identify the specific type of officer shot, guessing that it was either a security guard or transport officer. When asked where the shooter was located, the caller said that the shooter was "in our bay right now." The caller provided dispatch with a description of the shooter as being a male about six feet tall with a dark beard and pale white skin. Unfortunately, this description matched the physical profile of one of the Department of Corrections Officers who had taken a position of cover just inside the emergency room bay doors with a semi-automatic pistol in his hand.

Thus, when officers with the Boise Police Department arrived to address what they believed to be an active shooter situation in the emergency bay of St. Al's Hospital, they were looking for a suspect in the emergency room bay near the doors with a gun who was six feet tall and had a dark beard and light skin. Upon arrival at the emergency room bay, multiple officers approached the doors using whatever cover was available in order to remain concealed. So concealed were they in fact, that the IDOC officers just inside the emergency room doors were unable to observe the officers approaching. For all they knew, the shooter (or shooters, at that point) were waiting outside the doors to ambush them so they remained behind cover as best they could.

As this unfortunate situation unfolded, two of the approaching Boise Police officers were able to briefly observe the IDOC officer with the gun and believed, based on the information provided, that he was the suspected shooter. The IDOC officers were wearing tan pants and black shirts but because of their position of cover, which prevented any view of the small insignia on their shirts and because they had not notified dispatch, the Boise Police Officers had little reason to believe that they were law enforcement. Thus, one of the officers who was carrying a tactical rifle, fired on the subject with the gun inside the emergency room twice, striking the wall near where the officer was standing. This resulted in one of the IDOC officers being struck with shrapnel and/or debris from the shots. After firing the two shots, officers with the Boise Police

Department breached the emergency room doors by breaking the glass out of one of the doors, entered the emergency room foyer, and began searching for the suspect. A short time later the officers learned that the person they thought was the suspected shooter was actually a Corrections Officer. The Corrections Officer who was struck by the shrapnel suffered minor cuts to his face but had no major injuries.

Under Idaho Code 18-401, the use of deadly force is "justifiable when committed by public officers… when reasonably necessary in preventing… escape or in retaking inmates who have been rescued or have escaped from any jail, or when reasonably necessary in order to prevent the escape of any person charged with or suspected of having committed a felony, provided the officer has probable cause to believe that the inmate or persons assisting his escape, or the person suspected of or charged with the commission of a felony poses a threat of death or serious physical injury to the officer or other persons." I.C. 18-4011(3). In addition, the use of deadly force by an officer is justifiable in overcoming actual resistance where "the officer has probable cause to believe that the resistance poses a threat of death or serious physical injury to the officer or to other persons." I.C. 18-4011(2).

When determining whether probable cause exists to believe that there is a threat to the officer or other persons or whether the amount of force used by police is reasonable, a review of cases in which the United States Supreme Court has examined a use of force under the Fourth Amendment's reasonableness standard provides valuable insight into what might be considered an excessive use of force or whether the probable cause standard outlined in I.C. 18-4011 has been met. In *Graham v. Conner*, the Supreme Court made it clear that determining whether Officers have exceeded the amount of force reasonably necessary in a given situation cannot be made from the perspective of a civilian nor can it be evaluated with the 20/20 vision afforded by hindsight. "The calculus of reasonableness must embody allowance for the fact that police officers are often forced to make split-second judgments—in circumstances that are tense, uncertain, and rapidly evolving—about the amount of force that is necessary in a particular situation." *Graham v. Connor*, 490 U.S. 386, 397 (1989).

Given the unique circumstances of this officer-involved shooting, it is important to note that while generally all people are capable of committing crimes, one cannot commit a crime when the act constituting the crime is committed under an ignorance or mistake of fact which disproves any criminal intent. I.C. 18-201(1).

The shooting in this case was justifiable because the Officer who fired his weapon did so under the reasonable belief that the person he saw in the hospital with a gun had just shot a security guard and remained an ongoing threat to law enforcement and hospital personnel. As they approached the hospital, officers were informed that the suspected shooter was inside the emergency bay near the doors with a gun and that he was about six feet tall with a dark beard and light skin – a description that matched one of the IDOC officers taking cover in the emergency room. Because of the information provided and the fact that his own observations corroborated that information, the officer who fired on the suspect did so under the reasonable belief that he was firing on a suspect who had just committed an Aggravated Battery on a Corrections Officer, was an active shooter, and posed an immediate threat.

The Boise Police Officers, as they approached the emergency room doors at St. Alphonsus Hospital on March 20 of this year, believed that they were addressing a threat from a suspect who had just opened fire on multiple law enforcement or security personnel, striking at least one of them. Based on the information they received at the time, that belief was reasonable. As Peace Officers charged with protecting the public and each other from such threats, they addressed that threat in the quickest, most effective way possible, going so far as to fire on the suspect and breach the door at great risk to themselves. The lack of specific information about the identities of the suspects and the IDOC officers made it impossible for them to know that they were firing on an IDOC officer rather than the suspect, who, unbeknownst to them, had already fled the scene. Based on this reasonable mistake of fact, and because the officers were justified in using deadly force to address a reasonably perceived threat, the Boise Police Officer who fired on the IDOC officer cannot and should not be held criminally liable for his actions.

The decision to decline criminal charges should serve as the final disposition in this matter and the Valley County Prosecutor's Office review of the incident is now closed. As always, please call any time if you have any questions at all.

Sincerely,

Brian Naugle
Valley County Prosecuting Attorney

Narrative

Narrative:

On 05/15/2025 at approximately 1400 hours, I met with IDOC Investigations Supervisor Brian Adams at ACSO Property and Evidence. During our contact we met with ACSO Evidence Technician Samantha Roller and multiple items of evidence were signed over to his custody. The following is a list of the specific items released:

1) Item #SS6A - Duty Belt, under belt, radio, cuffs, keys, OC spray

2) Item #SS7 - Glock 17, 9mm pistol, serial #WSS874

3) Item #SS8 - ammunition magazine for Glock 17 pistol and 17 rounds of 9mm ammunition

4) Item #SS9 - ballistic vest (black)

No further details at this time.

Narrative

Background:

On 3/20/24, the Ada County Critical Incident Task Force (CITF) was activated in response to an Officer Involved Shooting involving the Boise Police Department (BPD) which took place at St. Alphonsus Hospital (1055 N Curtis Rd, Boise, ID 83706). The Ada County Sheriff's Office (ACSO) was designated as the lead investigating agency regarding the Officer Involved Shooting. Numerous ACSO Deputies, Detectives and Supervisors, as well as those from other agencies from the CITF, responded to or assisted in this investigation.

An independent, but simultaneous, investigation was conducted by the BPD regarding the aggravated assault and escape by an Idaho Department of Corrections (IDOC) prisoner (S) Meade, Skylar, who was being medically evaluated at St. Alphonsus, which precipitated the Officer Involved Shooting (BPD 24-404133).

Due to the CITF activation, coupled with the criminal investigation of the Meade escape / aggravated assault, numerous Law Enforcement agencies from Ada County responded. The following is a list of each of the Agency report numbers:

ACSO: 24-2494 (CITF)
Garden City PD: 24-520 (CITF)
Meridian PD: 24-1796 (CITF)
Boise PD: 24-404185 (Escape / Agg. Assault)

The CITF investigation was completed and submitted to the Ada County Prosecutor's Office. As per the CITF investigation procedure, the case was also conflicted to another County Prosecuting Attorney for review, in this case Valley County Prosecutor Brian Naugle. Ultimately, the BPD Officer involved in the Officer Involved shooting was found to be justified and the CITF investigation is now closed.

Additionally, Meade was later arrested for multiple charges in BPD's criminal investigation.

It should be noted, on 3/20/24, I was a Detective assigned as an ACSO representative of the

CITF and responded to assist in the original Officer Involved Shooting investigation. I have since been promoted to Detective Sergeant and now lead the ACSO team of Detectives who are responsible for investigating Critical Incidents to include Officer Involved Shootings.

Current Investigation:

In January of 2026, IDOC requested a review of this case, as well as the corresponding BPD criminal investigation (24-404133) to clarify details or find any discrepancies regarding (1) the Idaho Department of Corrections (IDOC) facility at which the Officers transporting Meade worked versus what was documented in the reports. Additionally, (2) I was asked to investigate if a 911 call was made by Deputy Warden Collin Young during this incident.

As part of the request, I received (2) IDOC Incident Reports associated with the incident on 3/20/24. One was written by IDOC Officer Jacob Baker and the other by IDOC Deputy Warden Colin Young (See Incident Reports attached for further details). I noticed these Incident Reports had not been attached to any previous CITF reports or supplements.

Officer Baker's information report detailed the following in summary:

On 3/20/24, Officer Baker was assigned to IMSI and working Central Control. He described the medical transport of Inmate Meade from the Idaho Maximum Security Institute (IMSI) to St. Alphonsus to include the IDOC transport team (Officers Lopez and Jackson as well as Cpl. Wilske). At 0208 hours, Officer Lopez called Officer Baker to advise Meade was discharged from the St. Alphonsus and the transport team was preparing to return Meade to IMSI.

At 0217 hours, Officer Lopez called Officer Baker again reporting he had been shot. Officer Baker notified his chain of command and attempted to speak with Officer Lopez further but was unable. Lt. Ayuso then contacted Cpl. Wilske who said he had been shot in the face and that Meade had escaped.

Deputy Warden Young assumed incident command at IMSI and contacted both ACSO and ISP Dispatch to report the incident.

Deputy Warden Young's Incident report explained the following in summary:

On 3/20/24, Deputy Warden Young responded to IMSI at approximately 0110 hours for an unrelated incident. While at IMSI he was briefed as to the medical transport of Meade. At 0208 hours, Young was made aware that Meade was discharged from St. Alphonsus and would be transported back to IMSI.

Soon after, IMSI command was requested in central control. At 0217 hours, a member of the Meade Transport team contacted Lt. Ayuso that an unknown gunman was shooting at them while they attempted to load Meade into the transport van. They were notified that all three transport officers were struck by gunfire and Meade escaped.

Deputy Warden Young then contacted 911 from his cellphone to report the incident to dispatch (Unknown which "dispatch"). Young described Dispatch as being aware of the incident and officers were on scene [presumably referring to St. Alphonsus].

There is no timestamp for Young's call to dispatch; however, he indicated he activated the Incident Command System (ICS) at approximately 0220 hours.

Note: Both incident reports have redactions that indicate safety/security or medical information.

IDOC Facilities / IDOC Employee Involvement:

The Idaho Department of Corrections has numerous facilities in the South Boise (Ada County) area, commonly referred to as the IDOC South Boise Prison Complex. It consists of different prisons within the complex, two of which are the Idaho Maximum Security Institution (IMSI) and the Idaho State Correctional Institution (ISCI).

At the time of these incidents on 3/20/24, Meade was a prisoner from IMSI. The following is a list of the IDOC Officers on the Meade transport team, their prison assignment and involvement in the two investigations listed above:

- Wilske, Christopher (IMSI - Shot as a result of the Officer Involved Shooting)
- Lopez, Daniel (IMSI - Shot as a result of the Meade prisoner escape / Aggravated Assault)

- Jackson, Elijah (IMSI - Shot as a result of the Meade prisoner escape / Aggravated Assault)

Through the initial investigation on 3/20/24, it was learned that in addition to the Meade transport team from IDOC, a separate, unrelated prisoner transport team was also in the St. Alphonsus Emergency Department. This second Transport team consisted of the following two IDOC Officers from ISCI:

- Edwards, Thomas (assisted in holding the ED Entry doors AFTER the shootings took place)
- McGauley, Jacob (remained with the uninvolved prisoner)

I researched all reports associated with both the CITF as well as the escape/ aggravated assault. In so doing, I did not find any instances in which an IDOC Officer was incorrectly associated with the wrong facility (IMSI or ISCI and vice versa).

911 Calls:

Both IDOC Incident Reports referenced above, indicate Deputy Warden Young contacted "dispatch" to report the incident. However, none of the Agency reports for either investigation indicated the same.

I reviewed numerous reports that documented the 911 calls which Ada County Dispatch received for this incident. In addition, I reviewed the CAD log (Dispatch printout) of the incident, neither of which indicated Deputy Warden Young contacted Ada County Dispatch.

On 2/5/26, I contacted an Ada Couty Dispatch Supervisor to investigate the time surrounding the shootings at St. Alphonsus and ascertain if a call was received from an IDOC facility or calling party Colin Young. Through the investigation, I learned the following:

On 3/20/24, at 02:19:57 hours, Ada County Dispatch received a 911 hangup call from [redacted]. This means that a call was received by dispatch; however, the caller either hung up or the call disconnected. Therefore, the call-taker (Dispatcher) was unable to speak to anyone. The Dispatcher immediately contacted the number back at 02:20:01, which was

Ada County Sheriff's Office

5. Date Occurred	6. Time Occured	7. Route To	8. Division
03/20/2024	02:16	File	PATROL

answered. The following is a summary of the 911 call, which was recorded and attached to this report:

A dispatcher received the original 911 call and stated "911, this is Jeff," followed by a dial tone, indicating the call hung up. Next the phone rang once [Dispatcher calling the number back], after which a male voice answered, "Hello." The dispatcher explained the 911 hang up and asked if the male was ok. The male identified himself as Deputy Warden Collin Young from the Idaho Maximum Security prison and explained that two [IDOC] officers had been shot at St. Alphonsus. The dispatcher replied that the call had already been received and asked if Young was currently at St. Alphonsus. Young replied he was at the prison.

The dispatcher explained numerous units were enroute to St. Alphonsus and some were arriving on scene. The dispatcher asked if Young could provide any details regarding the shooter. Young replied they are getting the information right now. The Dispatcher explained that he would let the Warden continue doing his job. Soon after, the call ended.

End of recording.

The Dispatch supervisor advised me that because Deputy Warden Young was calling about an incident that was already reported, that the Deputy Warden was not on scene, and could not provide additional suspect information, the original Dispatcher likely did not enter the call with a separate incident number or attach it to the existing call, due to the numerous additional calls being received that had suspect or on-scene information.

On 2/18/26, I contacted Idaho State Police Dispatch and asked if they also received a call from Collin Young on 3/20/24. I was later notified by an ISP Dispatch supervisor they had not received a call from Collin Young or PH# [redacted] as indicated in the Officer Baker IDOC Incident report.

Nothing further.

Initial Call and Response

On 03/20/2024 at approximately 0217 hours, I responded to an emergency call of a man with a firearm at St. Alphonsus Regional Medical Center at 1055 N Curtis Rd, Boise, ID, 83706. Initial reports suggested that one individual had been shot, with subsequent reports indicating that multiple individuals had been shot.

Scene Arrival

I arrived on scene at approximately 0223 hours. Upon arriving on scene, I ran to the front emergency entrance with my patrol rifle. 2 officers where present, and where attempting to navigate their way through the shattered sliding glass door to enter the hospital via the emergency entrance. As I prepared to enter, I heard Officer Voth yell at me to my right, indicating where he was. Officer Voth and another Boise officer where preparing to enter the Western entrance, which is directly to the right if you are facing the emergency entrance.

Officer Voth, myself, and the Boise officer entered the hospital through this entrance. As we entered and cleared the initial section of the hospital, no gunshots or further indication was heard coming from any point in the hospital. As we passed by a set of double doors, we where met by the initial Boise and Ada County officers who had entered through the emergency entrance. It is worth noting that while myself and the other officers where clearing the hospital, our patrol rifles where clearly seen and actively displayed to the civilian medical personnel still in the hospital.

Ultimately, the shooter and other suspects where determined not to be on scene any further. Myself and Officer Voth spent the remainder of our time at the hospital escorting medical staff and patients throughout the hospital as well as to their personal vehicles in the parking lot.

Officer Actions

All bodycam footage has been uploaded to the case file. This report is for supplementary purposes only. Nothing further at this time.

Narrative

Initial Call:

On March 20th, 2024, at approximately 0220 hours I arrived on scene to St. Alphonsus Regional Medical Center located at 1055 N Curtis Rd, Boise, ID 83706 for a man with a gun call. Initial call notes stated it was a 6'0 white male with a dark beard with a gun. Several updates saying that a security guard had been shot.

Officer's Actions:

Once I arrived on scene there were several officers making entry to the locked ER doors. Information was being passed that the suspect moved west in the ER bay. I made entry into doors directly right or west of the ER doors. I held the hallway with my patrol rifle displayed for several hours until the hospital was cleared. I then acted as scene security until detectives arrived. This report is for informational purposes for a display of firearm and due to a critical incident. Nothing further at this time.///

Narrative

CRITICAL INCIDENT TASKFORCE
SUPPLEMENTAL REPORT

On the morning of March 20th, 2024, around 3:26AM, I received a call from Garden City Police Department Lt. Domeny alerting me of an activation of the Ada County Critical Incident Task Force and directing me to respond to the Saint Alphonsus Regional Medical Center Emergency Room to assist with the crime scene. I was told there was an escaped prisoner (S. Meade) and several corrections officers who'd been shot.

I arrived around 4:00 AM and was tasked with assisting Ada County Sheriff's Office Detective McCray managing the CITF portion of the crime scene both within the ambulance bay, ambulance entrance and emergency room.

Later in the morning I was assigned to search for evidence left behind by Meade in emergency room 12 where he was evaluated by ER staff prior to being released. Meade was brought to the hospital for medical treatment from the Idaho Department of Corrections where he resides as an inmate.

I conducted the search with Boise Police Department Detective Matheus and nothing of note was observed.

Around 9:30 AM, while observing the Boise Police Department crime scene team process the exterior area, including the ambulance bay, I observed what looked to be a window mounted dash camera inside the parked Acute Medical wheelchair van (ID plate [redacted]). The driver's side window was broken by gunfire. The front of the van was facing north towards the IDOC van where the shooting occurred.

I called the phone number on the van for Acute Medical: (866) 228-8311 and spoke with the owner of the company, [redacted], about the dashcam and learned that it stays on for an hour after the vehicle ignition is shut off and continually records video. The camera also records video when it senses a shock to the vehicle.

Mr. [redacted] met me outside the crime scene in front of the ambulance bay and provided me with a silver barrel key to unlock the camera from the mount so the camera and camera's SD card could be removed from the vehicle and the contents of the SD card examined for relevant video footage of the shooting.

I removed the camera and drove it to the Federal Bureau of Investigation's Intermountain West RCFL in downtown Boise so the camera and associated media could be examined for footage. The camera was turned over to T. Pascal of the FBI who provided me with evidence of intake receipt which has been uploaded to the Garden City Police Department Records Management System.

I received a letter authorizing consent to search the video camera and associated media card from Mr. [redacted] It has been uploaded to the Garden City Police Department Records Management System.

I was then cleared of the incident pending additional assignments.

Around noon on the same day, I was assigned to canvas the area of Cole and Mountain View in Boise for video footage. I contacted four homeowners at [redacted] and [redacted] Mountain Video whose doorbell cameras did not have usable footage. I was then cleared by Ada County Sheriff's Office Detective's who'd located the fleeing vehicle via video footage in a different area of the city, rendering our area canvas unnecessary.

>> Add to the case file.

ACUTE RESCUE

6055 W. CORPORAL LN.
BOISE, ID 83704

DISPATCH: 208.965.8072
FAX: 208.965.8074

March 20, 2024

To whom it may concern:

I, [redacted] [redacted] President and CEO of Acute Rescue, hereby provide consent for any and all persons, agencies, law enforcement, and their teams to access any footage related to my vehicle, a 2018 Ford Transit Connect with ID License Plate Number [redacted], and VIN [redacted] and any other vehicles or VINs requested, for the purpose of their investigation.

The vehicle in question is registered under my company's name, and I understand that providing access to the footage may aid in the investigation mentioned above. I hereby grant permission for all persons, agencies, law enforcement, and their teams to obtain, review, and analyze any relevant footage, audio, video, SD Card, digital, or any other footage captured by the vehicle's onboard cameras or any external surveillance systems associated with it, including but not limited to access to our Rosco Camera portal.

Furthermore, I acknowledge that the footage accessed by any and all persons, agencies, law enforcement, and their teams will be used solely for investigative purposes and will not be shared with any third parties without my explicit consent, except as required by law.

I understand that this consent is voluntary.

Please find attached a copy of my identification for verification purposes.

Should you require any further information or clarification, please do not hesitate to contact me at [redacted], or [redacted]

Narrative

Initial:

On March 20, 2024 at about 0300 hours, Lieutenant Domeny contacted me and advised there was an inmate escape at 1055 N. Curtis Road (Saint Alphonsus Regional Medical Center) where 3 Correction Officers were ultimately shot. The escaped inmate was Skyler W. Meade ([redacted]). There was an unknown person who shot at the corrections officers who was driving a dark colored Honda Civic.

Follow up:

I arrived on scene at Saint Alphonsus and met up with individuals who were on scene. I was able to see the image of the suspect vehicle and believed that it was between the years of 2018 and 2020 based on the body style and image available.

Intelligence Group:

I was tasked to work intelligence on the case to attempt to identify the suspect. Through the course investigation, a stolen vehicle report out of Twin Falls Idaho of a 2020 Honda Civic ([redacted]) registered to [redacted] and Tia Jean Garcia was reported around 0240 hours. I asked Detective Hanson with Meridian Police to contact the reporting agency to gather further information.

While reviewing the makeup of the known Aryan Knights members in the area and connections to Skyler Meade, I learned the following information:

Skyler Meade's brother, [redacted] is currently in custody at IMSI.

Tia Jean Garcia ([redacted]) is the girlfriend to Nicholas D. Umphenour ([redacted]) and registered owner and calling party to the stolen vehicle report in Twin Falls. IDOC Investigators confirmed through cell searches, they located a photograph of Nicholas that was signed "Moose." The photograph was provided to Detective Canfield with Boise Police to be added to the case file.

[redacted] is connected to Tia and was housed in the same facility as Skyler in January. [redacted] is a suspected Sureno.

[redacted] is connected to Tia and a suspected Sureno.

Nicholas communicates primarily with known Aryan Knight members and associates.

Nicholas has family in the Weippe, Idaho area

[redacted] is friends with Tia.

[redacted] is connected to [redacted] who is a documented Aryan Knight and lives in the Meridian, Idaho area.

Skyler Meade's [redacted] are [redacted] and Tonia Huber [redacted].

[redacted] is the mother to Skyler and [redacted]. [redacted] currently resides in [redacted].

Ties to Twin Falls:
Tonia Huber has an address of [redacted]
Tia Garcia has address of [redacted]
[redacted] has an associated address of [redacted]
Skyler Meade has an associated address of [redacted]
[redacted] has an address of [redacted]
[redacted] has an address of [redacted]

CRITICAL INCIDENT TASKFORCE
SUPPLEMENTAL REPORT

On March 21st, 2024, I was tasked by Garden City Police Department Detective Thorndyke to check surveillance camera footage along State Street from Glenwood west to the Garden City limit in any location which had footage.

More locations than not did not have exterior cameras, so I've listed the locations below which did have cameras and those locations which had footage facing State Street and captured the suspect vehicle:

- **British Italian German Motors** (10152 W. State Street, Boise): captured the suspect vehicle traveling west around 2:27 AM. The video will be exported and emailed to me by the business.

- **27th Street Automotive** (9998 W. State Street, Boise): the camera captured a white vehicle traveling west around the same time the suspect vehicle should have passed, however the suspect vehicle was not caught on camera.
- **The Harper** (9201 State Street, Garden City): the owner is checking the street facing camera and will respond if it captures the road.
- **PhysicalAddresses.com** (9169 W. State Street, Garden City): has a street-facing camera that only covers the parking lot. No video coverage of State Street.
- **Restoration Rods** (8633 W. State Street, Garden City): has three cameras facing State Street, two of which show the suspect vehicle headed westbound at 2:25 AM.
    - **The video needs to be downloaded to a USB drive provided by law enforcement.**
- **Boise Box** (8529 W. State Street, Garden City): has video of the suspect vehicle headed westbound on State Street. The employee working did not know how to download the video and was contacting the owner to do so. They will provide it if they can download the video.
- **Walmart** (7319 W. State Street, Garden City): has two cameras facing State Street that captured the suspect vehicle headed westbound. Walmart associates are in the process of downloading the video and will contact me when it is ready for pickup.
- **Washington Trust Bank** (7309 W. State Street, Garden City): has a street facing camera however it is unclear if it picks up State Street or just the immediate area in the drive-up teller window. They contacted their corporate physical security personnel who are off site to see of the camera has a view of the street and provide any footage if it does. I have not yet received a call from them.
- **Applebee's** (7025 W. State Street, Garden City): has a camera in front of the main entrance that only covers the walkway. None of the cameras have a view of the street.

Note: some surveillance systems had different times set so the timing listed on their system may slightly deviate from actual real-world time or other camera systems.

ADDITIONAL INFORMATION

On the afternoon of March 22nd, 2024, around 4:00 PM I went to Walmart and then Restoration Rods to collect the video evidence from their respective surveillance systems.

Walmart provided a DVD disc with the video and Restoration Rods allowed me to download the video onto a thumb drive I provided. Both items have been booked into evidence at the Garden City Police Department.

I received an email link to Dropbox for video from the Harper (9201 State) which I downloaded onto a thumb drive. I received a secondary link from British Italian German (BIG) Motors for video from their system which was

Narrative

On March 20, 2024, at approximately 0216 hours, I responded Code 3 to a man with a gun call at Saint Alphonsus located at 1055 N Curtis to assist Boise City Officers. It was initially dispatched that the man with a gun was still in the emergency room (ER) bay and that there was someone that had been shot, possibly a security guard.

I arrived on scene behind other Boise City units and Ada County Sheriff units. Due to other patrol vehicles, I parked in the round-about and ran up to the ER bay. Information from Ada County Dispatch was that there was a man with a gun pointing it at the ambulance bay. The bay area was quickly cleared and officers were stacked up to get into the ER to clear the scene. I was stacked behind another officer (with my department issued handgun), when an officer/deputy at the bay doors, yelled something and fired two shots into the ER from outside in the bay.

I moved in closer to the bay door in order to enter the ER. The glass door had been shattered but not enough to allow entry. The subject believed to be the shooter was seen moving to our right (west). Since we had a number of officers at this door, several of us moved to the main ER doors in case the subject went around to that door. We met up with a hospital security guard who allowed us access. We cleared the lobby and part of the east side of the ER. We found several people and had them leave through the front main doors. While clearing one of the rooms, we found two females hiding in one of the bathrooms. They were also escorted out of the ER to leave through the main doors.

After the scene was secure a Boise City Police unit put up police tape around the trauma room (where a gun was left), the bay door entry, and room 12 (where the IDOC prisoner was being treated). Nurses bagged up the IDOC officers' clothing.

I started a Crime Scene Log at the request of Incident Command. Room 10 was not part of the scene, but it was taped off due to being close to the trauma room and room 12. [redacted] grabbed his headset mic after I took two photographs of the scene. The trauma room was taped off due to the gun being left in the room. I accompanied nurses in grabbing equipment from the trauma room in order to set up another trauma room.

At 0520 hours, I was relieved by a Boise City Officer and I cleared the scene.

Narrative

INITIAL INFORMATION:

On March 20, 2024, at approximately 0305 hours I was contacted via telephone by Lt Domeny. He advised of an ongoing situation where a prisoner had escaped while being treated at St Alphonsus Hospital, 1055 N Curtis Rd Boise, ID 83709. During the escape all three prison guard were shot. At the time there was confusion regarding who shot the prison guard and details were scant. Lt Domeny requested two detectives in unmarked vehicles to respond out to begin conducting an area canvas. I advised Detectives Thorndyke and Rosen would be available. Lt Domeny proceeded to call them and provide them the details.

INVESTIGATIVE ACTIONS:

At 0318 hours Sgt Kendall, of the Boise Police Department, called me to inform me that an officer involved shooting had taken place during the incident. Therefore, the Critical Incident Task Force was being activated to investigate the incident. The initial command post would be located in the parking lot of 901 N Curtis Rd Boise, ID 83706.

Prior to my arrival I called Corporal Canfield and requested he meet me at the command post for further instructions. Upon arrival we were briefed on the situation and assignments were handed out:

- Detective Rosen was assigned to the crime scene in the parking lot of the emergency room at St Alphonsus. See his supplement for further.
- Detective Thorndyke was assigned as part of the intelligence team attempting to locate the suspect and the unknown (at that time) accomplice. See his report for further.
- Corporal Canfield and I were assigned to the command post and would be available to assist in any area if an assignment developed.

Both Corporal Canfield and I remained at the command post until approximately 1000 hours. At that time the command post was broken down. I took no further action in this case.

CONCLUSION:

This case will be routed to the Boise Police Department (crimes committed during the escape) and the Ada County Sheriff's Department (Critical Incident Task Force department lead) to add to their case.

Narrative

On March 20, 2024, at approximately 1800 hours, I was working uniformed patrol in a marked police vehicle for Garden City Police Department. I was assigned to do an area check for a gray Honda Civic in the area of [redacted], Garden City. Upon arrival I determined there were no vehicles matching the description at the location or in the area.

Nothing further.

Narrative: Intel Gathering

Initial Information:

On 03-20-2024, at approximately 0345 hours, I was contacted and requested to responded to the Ada County Sheriff's Office as a member of the Critical Incident Task Force. I was notified Skylar Meade (31YOA), who was currently an inmate with the Idaho Department of Corrections (IDOC) had been transported to the St. Al's located at 1055 N. Curtis in Boise, Idaho (by IDOC Officers) for a medical issue. Skylar was ultimately released from the hospital and as IDOC Officers were walking him to the transport vehicle, an unknown male shot two of the IDOC Officers, ultimately assisting Skylar escaping custody. Skylar and the unknown male ultimately fled in a gray passenger car. This occurred shortly after 0213 hours.

Intel Gathering/Follow-up:

Upon arrival at the Ada County Sheriff's Office, I began going through the CAD notes updating myself on the information reference to what had occurred. I came across a dispatch entry advising a "Cpl. Bratt" with the Twin Falls County Sheriff's Office reported a vehicle was recently stolen around 0200 hours this morning. It was noted the vehicle was a gray passenger car, however no other information was provided. I ultimately provided this information to Lieutenant Ransom of the Boise Police Department, which he requested I follow-up on this information.

Information from Twin Falls Police:

I later made contact with the Twin Falls County Sheriff's Office and was ultimately transferred tot he Twin Falls Police Department. I spoke with Officer Buff, who provided me the following information:

Officer Buff took a report from Tia Garcia, who advised her vehicle, a gray 2020 Honda Civic with Idaho license plate [redacted] had been stolen and last seen at approximately 1900 hours on 03-19-2024. Officer Buff stated the vehicle had black rims and the left taillight was cracked. Officer Buff noted Tia having a long history of drug use, assault, and battery. Officer Buff stated she is well known to the Police Department.

Officer Buff further explained when he was taking the report, Tia was very nervous and kept looking around as if she was looking for someone. Officer Buff stated Tia asked him if she would have to testify and told him she "didn't care" about finding the person who took her vehicle. Tia ultimately stated she, "shouldn't be reporting this." No further information was gathered.

I later provided this information to Lieutenant Ransom and was asked to request assistance from Twin Falls Detectives to complete a further detailed interview. I later spoke with Detective Ryan of the Twin

Falls Police Department, who advised he would get some resources in place and ultimately contact Tia for an interview. Lieutenant Ransom also assigned Detective Roath (BPD) and Detective Schofner (BPD) to go to Twin Falls to assist with the interview.

I maintained contact with Detective Ryan, who with the assistance of the Idaho State Police, had detained Tia and brought her back to the Twin Falls Police Department for an interview. I was later advised Tia was in a relationship or possibly in a previous relationship with Skylar at some point. Detective Ryan advised he had seized two phones off of Tia at the time of her detention. It was also noted Tia was currently on parole. Matthew Gamble (Supervisor with the Idaho Department of Corrections) who was on scene at the Ada County Sheriff's Office, was notified of this information and told me to let Detective Ryan know he was giving permission to forensically download both of the phones as part of Tia's parole 4th amendment wavier. I provided this information to Detective Ryan who advised they would start forensically downloading the phones.

Meridian Tips:

I later responded to the Boise Police Department where further intelligence gathering occurred reference to the above incident. Multiple tips were received by the public reference the possible locations of Skylar and the unknown male. An anonymous caller reported driving past Winco off Progress in Meridian, Idaho an noted a dark colored car with two males. The caller advised the description put out reference the incident matched Skylar, and she saw them working on their vehicle behind the Winco. I had Detective Washburn follow up with Winco staff, at which point he advised me this was unfounded. See his report for further.

I later received another tip called in by [redacted]. [redacted] reported a male matching Skylar's description entering the Starbucks near Meridian Road and Overland Road, buying food and drinks, and ultimately leaving. I had Detective Washburn follow up on this information and meet with [redacted] Detective Washburn advised me this was unfounded. See his report for further.

I later received a request from Lieutenant Ransom who had learned [redacted] lives in Meridian, Idaho and was possibly a current/former girlfriend of Skylar. I had Detective Churchfield respond and complete an interview. See his report for further.

I later received another tip called in by an unknown individual who advised they believe they saw Skylar and another male in a dark Nissan Altima located at the Walmart on Overland Road in Meridian, Idaho. I had Meridian Patrol Units respond to the location and they were unable to locate.

Video Footage from St. Al's:

Detective Canfield later handed me a thumb drive with the video footage from St. Al's reference to the incident and asked me to create a time line. Note: I noted while reviewing the video footage, there was no video from approximately 2311 hours on 03-19-2024 until 0213 hours on 03-20-2024. Detective Tara

Delrio (BPD) responded back to St. Al's and obtained video footage from the above time frame. I was later provided with another thumb drive at approximately 1520 hours. The following is documented in summary:

03-19-2024:

-At approximately 2200 hours, the above described vehicle is seen entering the east side parking lot of St. Al's (public entrance) and parks in a parking stall.

-At approximately 2210 hours, the above described vehicle is seen moving and parking towards/at the cancer treatment side of St. Al's near the ambulance bay.

-At approximately 2216 hours, the above described vehicle leaves St. Al's and turns northbound onto Curtis Road.

-At approximately 2245 hours, the above described vehicle returns to St. Al's and parks in the east side parking lot.

-At approximately 2305 hours, the above described vehicle is seen moving and parking towards/at the cancer treatment side of St. Al's near the ambulance bay.

-At approximately 2311 hours, the above described vehicle pulls out of a parking stall, however there is a slight glitch in the video footage. At the same documented time, the vehicle is backing up into the parking stall.

03-20-2024:

-From 2311 hours on 03-19-2024 until 0018 hours on 03-20-2024, the vehicle remains in the parking lot.

I was unable to locate any video footage from 0018 hours until 0213 hours. I later called and spoke with [redacted] (St. Al's Security), who advised all cameras on the ambulance bay are motion activated and there is no video during this time frame. [redacted] advised there is no other video of the above vehicle on any other cameras during this time frame. [redacted] also mentioned this was a slower time for hospital traffic and is not uncommon.

-At approximately 0213 hours, Skylar is walked out by IDOC Officers to the transport vehicle. The unknown male approaches and shoots two of the IDOC Officers. Skylar and the unknown male then run to the above described vehicle and flee from the area.

-At approximately 0216 hours, the vehicle is seen on a different camera traveling at a high rate of speed southbound on Liberty.

Narrative

On 3-20-2024 at approximately 0730 hours, Idaho State Police Detective Werhsing, met me at the Meridian Police Department lobby to turn custody of a cellular device that was in regards to an active investigation. I was requested to conduct a forensic extraction of the cellular device if possible.

Upon removal of the cellular device from its packaging, I observed that the device had extensive damage to the front and the back. the only legible markings on the device were the letters PALM located on the back of the phone. I also observed that there was what appeared to be a thread tied to the SIM card tray.

I attempted to conduct an extraction of the device, however the device could not be powered up. I attempted to charge the device, which resulted in the device getting hot. It appeared that the device had internal damage that was not permitting the device from being charged or powered on.

I removed the SIM card from the device and conducted an extraction of the data stored on the SIM card. Upon reviewing the data collected off of the SIM card, I observed there to be minimum data stored. The SIM card did however conatain what appeared to be a phone number, which is identified as [redacted].

Upon completion of the extraction and attempts, I contacted Det Werhsing, and met with him at approximately 0840 hours, at which time I turned custody of the cellular device over to him.

Photos were taken of cellular device as well as SIM card, all photos have been added to this supplement.

Narrative

3/20/24

On the morning of 3/20/24 I was advised Skylar Meade, who was an inmate of IDOC (Idaho Department of Corrections), had been transported to St Als Hospital in Boise for a medical issue; just prior to him being loaded into a van to be transported back to the correctional facility, an unknown subject shot two IDOC Officers, assisting Skylar in an escape. I responded to the Incident Command location which was at the Boise Police Department to assist with the investigation.

[redacted]

That afternoon I was tasked with interviewing [redacted] who was thought to possibly be an ex-girlfriend of Skylar. Detective Corporal Wear and I went to [redacted] residence at [redacted]. [redacted] was not home when we first arrived, I contacted her by phone, and she agreed to talk when she did arrive home which was a about 20 minutes later. We went inside [redacted] residence to conduct the interview. I asked [redacted] what she knew about what happened earlier in the day (regarding Skylar) and she said she knew nothing. [redacted] said she woke up and got the alert (phone alert), and said oh my god. [redacted] said out of everyone she knows in there (prison), she was not surprised it was Skylar. [redacted] said she hasn't heard anything and hasn't talked with him in months. I asked when she last talked with him and she thought October-November of last year. I asked who called who, and she said he probably called her. I asked [redacted] when she and Skylar dated, and she said never. [redacted] said Skylar was [redacted] neighbor, and she dated [redacted] for three years. [redacted] said [redacted] was also at Max (Maximum Security Prison), and will be there forever.

I asked [redacted] how well she knew Skylar and she said not super well, she knew he had a brother who was also in Max, his mom lived in [redacted] (or somewhere that starts with [redacted]), he has multiple girlfriends and one of them lived in Mountain home. [redacted] said she didn't know her name. [redacted] said she also thought Skylar was dating a CO (Correctional Officer) who lived off Meridian Rd (apartments just before Ustick). [redacted] said that was all she knew about

it, [redacted] didn't want her know any more about it, but there was someone who got called out on shift. [redacted] said it occurred recently, around October-November.

I confirmed with [redacted] she knew Skylar escaped, and I asked who would have helped him. [redacted] said she would have no idea; she knew his brother was in there, everyone she knows who his friends with him is in there, she didn't really know his friends outside prison. [redacted] said she thought [redacted] would try and keep her in the dark, just so she wouldn't know anything if a situation like this happened. [redacted] said as far as gangs go, she had thought Skylar was SVC (Severely Violent Criminals) and not AK (Aryan Knights), but apparently he was AK. [redacted] said she knew they were always trying to get stuff in (prison), set stuff up, but she never would have imagined he would do something like this. I asked if [redacted] was SVC or AK and she said SVC.

I asked [redacted] about anyone she or they would know who got out recently, and she said she didn't want to say anything that would get anyone in trouble. [redacted] gave the name [redacted] and said he was one of Skylar's really good friends who helped him with a lot of stuff. [redacted] said [redacted] lives in Twin Falls. [redacted] said she didn't know anything, only if Skylar was going to get help from someone it was always [redacted] [redacted] said [redacted] was AK and she didn't know his last name.

I asked [redacted] where she thought Skylar would go, and she said to his mom. [redacted] also said Skylar is close with his brother and she would be surprised if he didn't reach out to him. I asked [redacted] if she thought [redacted] would talk to me and she said absolutely not.

We finished our interview with [redacted] and left the residence.

Narrative

Supplemental: Interview with Deputy Colton McKone
03-22-2024

On 03-22-2024, at approximately 1057 hours, Detective Alex McCray of the Ada County Sheriff's Office and I interviewed Deputy Sheriff Colton McKone reference to the Officer involved shooting that occurred on 03-20-2024. The interview took place at Joseph Mallet's office located at 3363 N. Lake Harbor in Boise, Idaho. Deputy McKone's attorney was present during the interview. I advised the interview was being recorded, this was a criminal investigation, and Deputy McKone was not required to speak with us. Deputy McKone understood and wished to speak with us voluntarily. All times in this report were according to my wrist watch. The interview was recorded using my digital recorder and the audio was added into the case file. Note: Prior to the interview, Deputy McKone reviewed his body worn camera footage and listened to the dispatch audio.

Background information:

Deputy McKone's full legal name is Colton Wright McKone and he is 30 years old. Deputy McKone currently holds the rank of Deputy Sheriff with the Ada County Sheriff's Office and has a badge number of 5901. Deputy McKone currently works [redacted]. Deputy McKone's radio designator is Sheriff 46 (S46) and was assigned vehicle number [redacted] at the time of the incident.

Deputy McKone began his career with the Ada County Sheriff's Office in February of 2019, where he worked as a Detention Deputy. Deputy McKone completed an approximate 6 month detention academy and worked as a Detention Deputy until July of 2022, where he then transferred to the Ada County Sheriff's Office Patrol Division. Deputy McKone completed another approximate 6 month academy and currently holds a Basic Certificate through the Idaho Peace Officer Standards and Training.

Deputy McKone's Weapon and Clothing during the Incident:

Deputy McKone's weapon used during the incident was a department issued Daniel Defense AR-15 riffle, .223 caliber. The rifle has an Aimpoint optic with a tactical flashlight. Deputy McKone used department issued ammunition, consisting of a 28 round magazine. Deputy McKone had one round in the chamber, leaving 27 rounds left in the magazine during the incident.

Deputy McKone also had his department issued SIG P320 9mm handgun with a red dot sight and a tactical light. Deputy McKone carries two full 17 round magazines on his person and a 21 round magazine inserted into the handgun. Deputy McKone carries his Sig with one round in the chamber. The SIG was not utilized during the incident.

Deputy McKone was wearing his department issued tan long sleeve shirt with Ada County Sheriff patches on either shoulder. Deputy McKone had on his department issued outer vest, that depicts a Sheriff's Star Badge, name plate, Deputy Sheriff patch on the front of the vest with a Sheriff Patch on the back. Deputy McKone was wearing a hat with the Sheriff's Star Badge on the front along with department issued pants and duty belt. Deputy McKone was clearly identifiable as a police officer.

Prior Duties and Knowledge of the Incident area:

Deputy McKone previously responded to an elderly unattended death, which was his only call for the night.

Deputy McKone did not have any knowledge of incidents of similar nature at the incident location specifically, however remembered an active shooter incident that occurred at the Boise Mall a few years prior (a short distance away).

Deputy McKone's Statement of the Incident:

Deputy McKone was traveling northbound on Cole Road near Overland Road when he was looking through the pending calls on his MDT. Deputy McKone noticed a priority three (emergency) man with a gun call, that was ultimately toned out over the radio. Deputy McKone noted the location to be St. Al's Hospital located at 1055 N. Curtis in Boise, Idaho. Deputy McKone began driving towards St. Al's utilizing the connector towards City Center in Boise. A short time later, Deputy McKone was notified via the radio a security guard had been shot. Deputy McKone retrieved his rifle from his rifle rack, inserted a round into the chamber, activated his overhead emergency lights and siren, and continued driving to St. Al's.

As Deputy McKone approached St. Al's, updates via the radio advised there was a man with a gun in the ER bay, who was 6ft tall with dark clothing and a beard. Another update advised the man was pointing a gun in the ER bay area. Deputy McKone parked his patrol vehicle near the round-about near the ER Bay entrance. Deputy McKone exited his vehicle and started running towards the ER bay doors. Deputy McKone advised he left his overhead emergency lights were still activated upon exiting his vehicle and were clearly visible from the ER bay. Deputy McKone had to jump over a fence in order to continue towards the ER bay entrance. At the same time, two Boise Police Officers were on either side of him, also approaching the ER bay doors. Deputy McKone advised he didn't immediately approach the sliding two sets of sliding glass doors due to knowing a pin code was required to enter. As Deputy McKone approached the doors, he noticed some "gear" on the ground, determined to possibly duty belt he believed to be from one of the security guards at St. Al's. Deputy McKone stated after seeing this, and knowing a security guard had been shot, "it was pretty gut wrenching," meaning it heightened his awareness even more. Deputy McKone stated this made the situation more tense as he thought for sure there was an active shooter who had already shot someone.

As Deputy McKone approached further, he saw a black blur/movement inside of the ER to the left side as you enter the ER. Deputy McKone also stated either via the radio or other Officer's on scene, updates

were provided stating there was an active shooter/gunman inside of the ER at this time. Deputy McKone stated he remembered hearing from one of the Officers on scene something along the lines of, "I see him, he has a gun." At this point, Deputy McKone heard shots being fired, however Deputy McKone stated there was a loud echo due to being under the awning of the ER bay and did not know whether or not they were being shot at or an Officer was firing his weapon. Deputy McKone believed he heard two shots. Deputy McKone stated the glass to the ER entrance doors was "spider webbed", so he was unable to see inside any further.

Deputy McKone stated Lieutenant Witmess (BPD) began clearing the glass out of way so they were able to see inside of the ER. Another update was given saying the man with the gun was running around in the ER. Deputy McKone stated he, Lieutenant Witmess (BPD), Sergeant Miles (BPD), and other BPD Officers (unknown names) ran around to the main ER entrance (east side public entrance) and held that position should the man with the gun attempt to escape. Deputy McKone stated he ended up "stacking up" with the Boise Police Officers and ultimately "clearing" the ER. Deputy McKone stated he also heard an update the man with the gun was in "bay 4," which he kept his eyes on "bay 4" assuming the active shooter would come out of it at some point. Deputy McKone stated he and the Boise Police Officers held this position until an update was provided stating the gunman had fled in a vehicle. Deputy McKone and the other Boise Police Officers cleared the rest of the ER area ensuring no one else was injured and the active shooter had in fact left the area. As Deputy McKone was leaving he noted there was blood smeared all over the ground inside of the ER.

Deputy McKone clarified the security guards at the hospital were not typically armed as part of their duties. Deputy McKone stated there was no other indication any other law enforcement was on scene upon his arrival other than described above. In the ER bay, there were no other vehicles, with markings specifically identifying them as law enforcement, other than a near by Boise Police car who was responding to this incident. Deputy McKone advised you were able to see both inside and outside of the sliding glass doors without any obstructions. Deputy McKone stated he assumed the active shooter would easily be able to see there was law enforcement outside of the sliding glass doors. Deputy McKone stated if there was law enforcement inside of the ER, he would have expected them to use the radio and let responding units know, however no radio traffic of this nature ever happened. Deputy McKone stated the black figure he saw in the hospital was "no doubt" in his mind the active shooter of the incident, specifically due to an Officer advising he could see the male with the gun. Deputy McKone stated the "danger" of an active shooter call is the highest level of response to a call you could have.

Crimes Committed/Suspect Actions/Environment:

Deputy McKone advised the man with the gun committed attempted murder and aggravated battery with a weapon based on the information he was provided. Deputy McKone stated this was an extremely dangerous situation due to the report of the active shooter. Deputy McKone voice concerns for himself and the Officers around him, however even more for the citizens within the ER. Deputy McKone stated he has a sense of urgency to put himself in harms way in order to "stop" the active shooter. Deputy McKone also voice concern of not knowing whether or not he was being shot at in the ER bay, or if it was

Law Enforcement shooting at the active shooter.

Deputy McKone stated based on the situation rapidly evolving, and the report of an active shooter inside of the ER, he did not recall any commands given, especially since there were two sets of sliding glass doors in-between all Officers and the active shooter. Deputy McKone had no prior dealings with the male prior to the incident.

Deputy McKone again believed two-three shots were fired, however it was difficult to tell based on the loud echo under the awning of the ER bay. Deputy McKone did nothing to alter the crime scene. Deputy McKone stated it was just after 0200 hours, so it was dark outside. However, Deputy McKone described the ER bay and everything around it to be well lit. Neither the weather or lighting conditions played a factor during this incident.

Deputy McKone stated the man with the gun did not have to shoot anyone, run through the ER, or flee in a vehicle. Deputy McKone stated the male did not have to go to St. Al's in the first place and could have prevented anything from happening from the start.

Conclusion:

At approximately 1129 hours, I stopped the recording and concluded the interview.

Narrative

Initial Response:

On 3/20/24 I assisted in the investigation of an officer involved shooting. The Critical Incident Task Force was activated and as a member I was tasked with assisting with following up on leads regarding possible sightings of the escape suspect, Skylar Meade. A press release had previously been distributed to the news with a picture of Meade and a description of the vehicle he was last known to have.

A citizen called in stating they believe they saw a vehicle matching the description of the suspect vehicle behind the Winco in Meridian around 630 in the morning and believed to have seen someone working on the vehicle at that time. I responded to Winco and spoke with a manager who reviewed security camera footage, however, no vehicle matching the suspect vehicle was located on security cameras. There was also a lot of construction going on behind the winco and several of the cameras were blocked by storage containers and big equipment.

I was then asked to respond to the Starbucks on 1870 South Meridian Road, where [redacted] believed she may have had Meade in her store when it opened around 5 in the morning. [redacted] described a nervous male with tattoos came in the store right after they opened. [redacted] stated the subject had the same eyes as Meade and was acting very nervous. I showed [redacted] an updated photo of Meade with his facial tattoos and she stated he was not the same person who was in the store that morning.

Nothing further at this time.

Narrative

Supplemental: Signed Report from Deputy McKone

Signed Report:

On 04-15-2024, I received Deputy McKone's signed report via email from Attorney Joseph Mallet. I added the report into the case file.

Conclusion:

Case file complete. Route to Ada County Prosecutors and Ada County Sheriff.

"I certify (or declare) under penalty of perjury pursuant to the law of the State of Idaho that the foregoing be true and correct"

Incident Detail Report

Data Source: **Data Warehouse**
Incident Status: **Closed**
Incident number: **24-0085512**
Case Numbers: **BPD2024-404133, GPD24-000520, ACS24-002494, MPD24-001796, BPD2024-404185**
Incident Date: **3/20/2024 02:16:44**
Report Generated: **1/7/2026 14:45:20**

Incident Information

Incident Type:	Response 21	**Alarm Level:**	
Priority:	P3 - Emergency	**Problem:**	MANGUN-Man With A Gun
Determinant:		**Agency:**	Law Enforcement
Base Response#:	BEN324-0052296	**Jurisdiction:**	Boise PD
Confirmation#:	03202024-0075849	**Division:**	Boise PD Bench 3
Taken By:	Gibson, Jessie	**Battalion:**	Boise PD Bench 3
Response Area:	BPDB3	**Response Plan:**	2P3 Response - 21
Disposition:	ACT-Activity Complete	**Command Ch:**	
Cancel Reason:		**Primary TAC:**	
Incident Status:	Closed	**Secondary TAC:**	
Certification:		**Delay Reason (if any):**	
Longitude:	116255204	**Latitude:**	43613945

Incident Location

Location Name:	IC BARRISTER	**County:**	ADA COUNTY
Address:	1055 N Curtis Rd	**Location Type:**	Hospital
Apartment:		**Cross Street:**	N CURTIS RD/N HARTMAN ST
Building:		**Map Reference:**	N26
City, State, Zip:	BOISE ID 83706
