

**LIBERTY PARK**  
City of Boise

**SHADE**

Keep the little ones cool and stay longer with both hip and cantilever shades covering key play areas.

**INCLUSIVE WHIRL**

Practice proprioception and group fun with our ground-entry spinners, specifically designed to bring children of all ages and mobility levels together.

**MIRACLE® MUSEUM SPINATORIUM**

Tilt, spin, and wiggle this inclusive ground-level element to explore scientific concepts like momentum and gravity.

**INCLUSIVE SWING OPTIONS**

Toddler, ADA, belt, and bird's nest, there's an option for all abilities and mobility levels.

**MIRACLE® MUSEUM PUSH PIN PANEL**

Encourage side-by-side play and incorporate sensory and tactile engagement in ground-level components.

**BONDED RUBBER MULCH SURFACING**

Shredded rubber mulch blended with traditional polyurethane adhesive binder gives this entry surfacing character without sacrificing accessibility.

**RAMPED STRUCTURE**

Ease of entry and the thrill of elevated play help make this structure the anchor of an inclusive playground.

**POWER PEDALER**

Encourage side-by-side play and incorporate sensory and tactile engagement in ground-level components.

**MIRACLE MACHINES™ MY CUP OF TEA**

Part of Miracle's Rubie Goldberg® Miracle Machines™ series, this inclusive play element features levers, pulleys, slides, and switches.

**TRANSFER POINTS**

Many options for accessing elevated play elements.

**MORE THAN JUST ACCESSIBLE**

Playgrounds offer more than just a space to play outdoors.

If designed right, they offer visitors of all mobility levels the chance to experience something magic.

Whether it's social play, imaginative storytelling, or just a break for their caregivers, inclusive playgrounds unite us and build communities.

**PLAY FOR EVERY BODY!** garrett  
PLAYS-PLAY.
