703 - Erosion and Sediment Control (ESC) Plan Waiver Request Form

For projects required to submit an ESC plan that have a low risk of erosion and stormwater runoff pollution, the applicant may request to waive the ESC plan requirement by submitting this form. If approved, the waiver request fee is $78.75 in addition to the ESC permit fee.

NOTE: Erosion, sediment control and pollution prevention Best Management Practices (BMPs) must be implemented onsite as needed to comply with all ESC Permit requirements.

Associated permit #_____

Building Application Type:

- ☐ 404 New Hillside Residential
- ☐ 406 Residential Additions/Alterations (hillside zone)
- ☐ 416 Residential Rough Grading
- ☐ 426 Residential Swimming Pool (hillside zone)
- ☐ 502 New Commercial and Commercial Additions
- ☐ 518/520 Commercial Tenant Improvement
- ☐ 524/526 Commercial Grading
- ☐ 530 Commercial Demolition
- ☐ 538 Commercial Swimming Pool
- ☐ 701 ESC Permit (stand-alone/site improvements)
- ☐ Other _____

Reason for Waiver request (check all that apply):

- ☐ Limited exterior excavation and grading required
- ☐ Site has onsite stormwater retention (no stormwater runoff offsite); no change to existing storm drain facilities/post construction stormwater management
- ☐ Project does not require installation of perimeter or offsite sediment control BMPs based on location and topography.
- ☐ Project is within existing developed area
- ☐ Site has existing stabilized access to prevent track-out of mud/dirt to street and municipal storm drainage areas
- ☐ Other - please email further details to ajlong@cityofboise.org

An onsite certified ESC Responsible Person must be listed on the ESC permit prior to permit issuance, listing now will help expedite permit processing.

- ☐ Name _____   CON____ - _____
- ☐ Homeowner/Facility Manager RP
- ☐ Not yet determined
- ☐
