As of January 1, 2006, the Idaho State Statute 54-5209 requires that:

No building inspector or such other authority of any county, municipality or district charged with the duty of issuing building permits or other permits for construction of any type shall issue any type of permit without first requesting presentment of an Idaho contractor's registration number; provided however, a permit may be issued to a person otherwise exempt from the provisions of this chapter provided such permit shall conspicuously contain the phrase 'no contractor registration provided' on the face of such permit.

To comply with this state statute, Planning and Development Services requires a registration number be supplied with this permit application. A permit application is incomplete without this information, and cannot be processed until a registration number is provided, or the permit applicant declares themselves to be exempt per the exemptions listed in Idaho State 54-5205.

Dwelling Unit
This section deals with Dwelling Units - independent units with their own kitchen and bathroom facilities. These units can be attached to an existing home or garage, or built as detached structures. Adding or removing a unit through a duplex conversion, or constructing a guest cottage, mother-in-law quarters, basement apartment, or other independent residence on the property will affect the number of dwelling units.

Total Number of Dwelling Units: - This is the total number of dwelling units on the property after this project is completed.

This permit is for an Accessory Dwelling Unit (ADU) on a parcel with an existing residence: - Accessory Dwelling Units (ADUs) are secondary, smaller dwellings that can be built on a property already occupied by a single-family home. They can be a detached structure or be attached to the existing home or garage. ADUs must meet specific requirements under Planning and Building codes within the City of Boise. For additional information, visit the Planning Department's Accessory Dwelling Units page.

- [ ] No
Adding uses that are typically accessory to residential uses, such as tennis courts or clubhouses, unless it can be clearly demonstrated that the use creates a significant impact on the infrastructure capacity of the Parks and Recreation, Fire, and Police Departments.

Certificate of Value

Declared Value: - Declared Value is the total value of the proposed work, including value of foundation, site work, and other attached/detached structures. This value does not include the value of the pre-built (manufactured, modular, etc.) unit.

Additional Required Permits

- A separate erosion and sediment control permit is required with the building permit.
- Trade permits for mechanical, plumbing and electrical are obtained separately.
- Removing an existing structure requires a separate demolition permit. Call the PDS Building Department at 208-608-7070 for more information.
- Any fencing must meet City of Boise Zoning requirements. Fencing over 7’ in height requires a building permit.
