Project Information

Project Name (if applicable):

Scope of Work:

Project Details

As of January 1, 2006, the [Idaho State Statute 54-5209](#) requires that:

No building inspector or such other authority of any county, municipality or district charged with the duty of issuing building permits or other permits for construction of any type shall issue any type of permit without first requesting presentment of an Idaho contractor's registration number; provided however, a permit may be issued to a person otherwise exempt from the provisions of this chapter provided such permit shall conspicuously contain the phrase 'no contractor registration provided' on the face of such permit.

To comply with this state statute, Planning and Development Services requires a registration number be supplied with this permit application. A permit application is incomplete without this information, and cannot be processed until a registration number is provided, or the permit applicant declares themselves to be exempt per the exemptions listed in Idaho State 54-5205.

Agreements

Who is performing the work on this permit?:

Homeowner or Other Exempt Registered Contractor

I am not providing a Contractor Registration Number because I am exempt per Idaho State Code 54-5205:

By checking the box below, I agree that I have read and understand the requirements above:

If you have questions about any of the region or zone questions (Historic District, WUI Zone, etc.), please visit the [City of Boise GIS Maps](#) to view zoning and geographic information or contact our office.

For structures located within the WUI Zones, please review the [City of Boise Fire Prevention Code WUI requirements](#).

For structures located within the Hillside areas, please review the [City of Boise Fire Prevention Code Hillside requirements](#).

Property Information

Property in Historic District:

Yes No

Property In Design Review Zone:

Yes No

Property In Hillside:

Yes No

Property In Floodplain:

Yes No

Property In Wildland Urban Interface (WUI):

Yes No

General Information

Type of Residence:

Single Family Duplex Townhouse Other

Other Type of Residence:

Number of Units:

Roofing:

Siding:

Windows:

Type of Work:

- Alteration Repair

Type of Use:

- Commercial Daycare Education Hotel
 Industrial Medical Office/Hospital Motel
 Multiple Family Dwelling Office
 Public/Government Religious
 Single Family Dwelling Carport Garage
 Storage

Account Number: - This number is often provided to contractors and subcontractors by larger companies (i.e. Micron, St. Luke's Medical, etc.) to assist in tracking their construction projects. If you do not have an account number, please leave this field blank.

Roof

Tear off or Overlay: - City Code allows for a maximum of two layers of roofing material. Overlays are limited to roofs with a single layer.

- Overlay Existing Tear Off Existing

Designated Class of Roof Covering: - Class A is the highest rating, offering the highest resistance to fire. Class A roof covering is required for all structures within the WUI Zone & foothills.

- Class A Class B Class C Non-Rated

Other Roofing Material:

Replacement Roof Sheathing Material:

Existing Fire Rated Roof Assembly:

- Yes No

Roofing Assemblies: - If a combination of roofing assemblies will be used, or if further description of work is required, please list here.

Replacing more than half:

- Yes No

Windows

Average U-Value: - The rate of heat loss is indicated in terms of the U-value of a window assembly. The lower the U-value, the greater a window's resistance to heat flow and the better its insulating properties. Please enter the average U-value of all proposed windows

Window Frame Material:

- Aluminum Composite Fiberglass
 Metal Clad Vinyl Wood Other

Roof Covering Area: - Sq.Ft. - 1 Sq. = 100 Sq. Ft.

New Roofing Material:

- Asphalt Shingles Clay or Concrete Tile
 Metal Panels Metal Shingles
 Mineral Surfaced Roll Roofing Photovoltaic Shingles
 Slate Shingles Wood Shakes Wood Shingles
 Other

Roof Sheathing will be Replaced:

- Yes No

UL Roofing System to be Used:

Design Review Number:

Historic Preservation Number:

Zoning Certificate Number:

Other Case Number:

Certificate of Value

Declared Value: - Declared Value is the total value of all construction work for which the permit is issued (including overhead and profit).

Each application allows for the replacement, repair or installation of new materials. Structural modification are not allowed under this application and will require a separate permit ([#406 Residential Additions/Alteration](#) or [#520 Commercial Major Tenant Improvement](#)) and Plan Review approval. Structural modifications include but are not limited to the following, alteration of window openings, replacement of roof trusses, interior roof drains or mechanical installations.

Residential window replacements must comply with the [City of Boise Window Replacement Policy](#).

Roof coverings and siding materials installed in the hillside area or Wildland Urban Interface (WUI) area must be non-combustible as regulated by the [City of Boise Fire Prevention Code](#). Roofing materials are limited to a maximum of 2 layers.

Modifications to structures located within a Historic or Design Review overlay require a review prior to issuance and may require additional approval by the Planning Division. Please visit the [Planning Division](#) website for further details.
