

CITY of BOISE  
 Child Care Code Update  
**COST SAVINGS**

Boise City Code was recently updated to streamline obtaining a new child care license and reduce costs for child care providers.

Current Cost*	New Cost
<b>VOLUNTEER LICENSES</b>	
<b>\$81.75</b>	<b>\$44.75**</b>
<i>(including background check, license, processing, photo/ID card, etc.)</i>	
<b>IDAHO CHILD PROTECTION REGISTRY CHECK</b>	
<b>\$20 per year***</b>	<b>\$20 every 3 years</b> <i>(\$40 savings over 3 years)</i>
<b>2-YEAR CPR/FIRST AID CERTIFICATION</b> <i>(annual estimate)</i>	
<b>\$40 per year</b>	<b>\$40 every other year</b> <i>(\$40 savings over 2 years)</i>

\* Changes went into effect in January 2019.

\*\* Please note that while the update to volunteer licenses will reduce cost, it also means that volunteers will no longer be able to count toward the child: child care provider ratio.

\*\*\* Child Protection Registry Check is currently required for all states lived in within the past 5 years. Each state has their own methodology for processing and fees, so not every scenario can be captured. However, Idaho is required, and can be captured in this analysis.
